DEPENDENTS ON WELFARE GIVEN WORK

Merrill Sweet Is Chairman; Local Societies Keep Identities

Centralizing the different organizations of Northville and making it possible for those who are dependent on these organizations for aid to work for their food, clothing and shelter, the village council under the direction of Commissioner Merrill Sweet has continued a tentative summer and winter program which will go into effect immediately.

Two meetings were held, one on Monday evening and one Wednesday evening at the village hall, at which time representatives of the welfare organizations met to confer with the village commissioners.

The outcome of the meetings was a plan whereby every able-bodied member of each welfare family is to put in eight hours daily doing some work for the summer and winter fund, which has been donated for this purpose, and which is located just south of the Base Line road on the outskirts of Northville.

All applicants for aid will be sent to the Welfare Headquarters, located at the Babcock and McGuffey hardware, where they will be directed to spend a stipulated amount of time working on the farm. Arrangements have been made with farmers around Northville to allow these asking for aid to gather firewood and store it against next winter's needs. It is expected that this will reduce the coal bills by a considerable amount.

Those who insist on refusing to work, it is said, will be jailed as vagrants.

The situation next winter will in all probability be quite serious, welfare authorities state. At the present time, it was brought out at the meetings, there are 11 families in Northville today asking for aid; the township is "in the red" to the extent of \$1900, approximately \$1400 has been spent on welfare work by the township since April 1, and the King's Daughters alone have contributed \$800 for welfare since January.

ATCHISON HOSPITAL

Thos. Gardner of Dearborn has returned to his home in Dearborn after recovering from an operation. Mrs. Chas. Lindsay of Plymouth is a medical patient.

After three weeks recovery from a serious accident, Fremont Pinckney of Plymouth is able to sit up.

KING'S DAUGHTERS HOLD ANNUAL PICNIC

The King's Daughters held their annual picnic at the home of Mrs. F. P. Simmons on Main street, Tuesday. The pot luck luncheon was followed by a business meeting. After deciding a few other details, the meeting was adjourned until September.

Ford Gardens Beautify the Spot Which Was, Only a Few Years Ago, The Bottom of "Ambler's Pond"

On the spot where once lay "Ambler's pond," south of Fairbrook avenue, in years gone by where there could be seen floating here and there the boats of idle fishermen, now may be seen rows upon rows of green growing things. These are the gardens cultivated by the employees of the local Ford plant, who are glad to take advantage of the use of this fertile land at their free disposal.

About five years ago, it is estimated that when the Ford dam broke during a freshet, this pond was drained completely and lay idle until it was discovered to be well fitted for a garden spot. Last summer E. Williams planted a garden here which proved highly profitable. Folks never saw such string beans!

This success combined with their observation of the fine garden of Geo. Stamp nearby (of which they took a picture) might have suggested the idea to the Ford authorities that this would be an excellent place for company gardens.

Wishing to encourage agriculture among his employees and give them the security which the land gives its cultivators, Henry Ford urged all those with families to utilize the land which was made available. He maintained that tilling of the soil makes for more balanced lives.

Last fall this spot where the pond once lay and the low land at the rear of the Ford plant were ploughed and cleared of stumps. This spring large tractors harrowed

PRESENTS SENIORS

R. H. Amerman, Northville High School principal.

R. H. Amerman, for five years principal of the Northville High school, introduced members of the graduating class to the spectators at the exercises held last evening (Thursday) at the Wayne County Training school and to Superintendent T. J. Knapp who presented the diplomas.

LEGIONNAIRES OF 17th DISTRICT TO MEET AT BRAESIDE

Northville will sparkle Saturday with the enthusiasm and good cheer of a host of members of the American Legion.

The old town will resound with stirring music of drum corps. In the afternoon and evening the Legionnaires and members of the Legion Auxiliary from the 17th district will be here for their June meeting and they will be guests of Mr. and Mrs. Robert Yerkes at their Braeside farm.

This meeting will be the largest of the year and the attendance is expected to run into the hundreds. Commander Joe Blake of the Lloyd H. Green post of the Legion tells The Record that he expects drum corps from Oxford, Rochester, Birmingham and Pontiac.

The business meeting will open at three p. m. and a picnic in the woods and outdoor feed will bring the big event to a climax. There will be no formal program, but it is possible that a speaker from Detroit will be present to talk to the Legionnaires on some appropriate subject.

Braeside will furnish an ideal setting for the assembly and members of the local post are outdoing themselves in planning for the big gathering.

SCHOOL CHECKS ISSUED

Northville school employees received their May pay checks last week, announces Dr. P. R. Alexander, treasurer of the school board and the June checks will be forthcoming today (Friday).

Mrs. Harvey White and Mrs. Bert Wilkinson of Pontiac are caring for their father, Geo. Williams, of Northville who has been ill for the past two weeks.

WATER SUPPLY IMPROVEMENT NOW FINISHED

Health Officer Places Approval on Hill Springs Source

One of the shortest meetings of the year was held by the Northville village council Monday night.

It was noted that the bills be paid as read and it was also moved by Commissioner Ross B. Dusenbury that a sworn statement be received from G. E. Taft, contractor, that all bills have been paid for in the completion of the improvements on Bernhardt springs which is part of the village water supply. Following the passage of this resolution the council adjourned.

Herald F. Hamill, registered civil engineer of Plymouth, under whose direction the work has been carried out, has made a brief summary of the work completed. The report is as follows:

"When the completion of the Bernhardt Spring development by Gerald F. Taft, local contractor, Northville now has the most dependable as well as the most economical water supply system which it is possible to construct anywhere. This village is extremely fortunate in natural water resources.

"It is a most exceptional case where water in sufficient quantities for a municipal supply can be developed above the town in such a way that pumping can be entirely eliminated.

"It is quite a contrast with Royal Oak, Birmingham and other municipalities surrounding Detroit and who have to pay double the Detroit rate for it.

"The improvements made in the Bernhardt Spring were similar to those made last winter in the Hill department. The improvements consisted of excavating at the site of the spring to a depth of about 15 feet. These feet of coarse gravel were then placed in the excavation to form an infiltration bed. Sewer pipes with open joints were then laid in the gravel bed to collect the water and conduct it to the brick well.

"The water then raises in the brick well to a cast iron main which conducts it to the reservoir. A concrete mat was placed over the gravel bed, and the balance of the excavation filled with clay to prevent infiltration of the surface water into the spring, which might contaminate the supply.

"The quantities developed in the two springs check very closely the quantities estimated by the engineer prior to construction. The supply of the Hill Spring was increased from 30 to 130 gallons per minute while the Bernhardt Spring was developed from 60 to 220 gallons per minute. That the supply is ample for present needs is indicated by the fact that three days after the Bernhardt spring was turned into the reservoir the water level had reached the bottom of the V-notch through which water from the springs enters the reservoir. This means that there was about four feet more water in the reservoir than was used cars.

Northville Men Visit Three Towns To Learn How the Moratorium Plan For Opening Banks Is Progressing

By R. T. Baldwin

The editor of The Record, has found out at first hand how the moratorium plan for giving Northville a bank "works" in three places where it is being used.

We should like to present the evidence to our readers.

T. R. Carrington, E. M. Bogart and the writer, of this place, and John A. Boyce of Redford, chairman of the depositors' committee, visited Saline, Ypsilanti and Romulus Wednesday and at each place secured exact facts and figures as to the progress of the bank that was closed and re-opened under the same plan that has been worked out for Northville by the state banking department.

The Situation at Saline

Our first stop was at Saline, a town of 1200, nine miles west of Ypsilanti, where the Saline Savings bank opened Dec. 15, 1931, after having been closed seven weeks.

Before going into the bank we stopped at the office of the Saline Observer and asked the editor, Sam Wilson, how the moratorium plan was working.

"Beautifully," was the first thing he said. He went on: "They are also having fine success at Bridge Water and I hear that Tecumseh will soon be operating under the same plan. I don't see how you folks in Northville can keep on going without a bank. This re-opening here in Saline was one of the finest things that ever happened to the town."

"We are sitting on top of the world," said A. R. Burkhardt, cashier, at the bank after he pulled out ledgers to show exactly what was going on. And the figures seemed to justify his optimism. Here are some of them from the books:

Deposits have increased 24 per cent since the statement of December, 1931.

Eighty per cent of the depositors who had \$10 and less opened new accounts after being given their deposits, in accordance with the moratorium plan.

Loans have been made to help out those who needed money.

"There has been a good reduction of loans, about 15%."

"What is the feeling of your town now about banks?" one of our group asked.

"We have a fine spirit in the community," answered Mr. Burkhardt. "I challenge you to ask any business man in town as to how things are working out. We feel that the plan has been the best thing possible for all of us. Over 90% of our depositors signed the agreement which calls for 25% trust fund." (At Tecumseh the trust fund will be 50%.)

Ypsilanti's Experience

"The boys on the street did it," explained Mr. Hall at the Ypsilanti.

The Baffin Chevrolet sales has recently installed a new electric clock and a large electric sign for the convenience of its customers. Kenneth Raskin, although a newcomer to Northville, has won a large circle of friends and is making good headway with the sale of new and used cars.

VILLAGE TO HOLD DANCE TONIGHT

Friday night Northville will be the scene of another street dance which will be held on North Center street between Main and Dunlap streets.

The dances given so far have been exceedingly well attended and with public address system amplifiers sending out modern and old time dance music so clearly to the celebrants each affair has been more and more enjoyable.

The dances are given under the auspices of the village council and begin approximately at 8:15 in the evening.

'32 GRADUATES

Following are the 1932 June graduates from the Northville high school:

Howard Beach, George Beasley, Eldon Biery, Olan Brooks, Charles Carrington, Jewel Clark, Ruth Corey, Robert Cousins, Wendell Dickinson, Duncan Fry, Dorothy Healey, Arthur Hills, Charles Meininger, Helen Murdoch, Esther Parmenter, Shirley Preston, Donald Robinson, Violet Sheppard, Catherine Stalter, Inga Staman, Ruth Taylor, Wayne Thompson, Ella Tibble, secretary, Marvin Tibble, Helen Whitehead.

With Honors: Ruth Mary Baldwin, Treas., Luella Ash, Dens Leavenworth, Isadore Keeney, Gladys Eckberg, Demetria Mills, Ward Van Atta, Pres., Audrey Taylor, Thelma Nirdet, Helen Fleischman, Arlene Richardson, Herbert Berend.

With Highest Honors: Geraldine Ferguson, Elizabeth Miner, Jane Lawrence, Bernice Clark, Frances Bacon, Vice President, Summer Class.

LOUIS TIFFIN NOW AT CASTERLINE'S

Louis Tiffin, well known in Northville, is the new attendant in the Casterline One-Stop Service station.

Mr. Casterline was besieged by hundreds of applicants for the position vacated by Lee Herrick, but he chose Mr. Tiffin because the latter had a family to support, because he has the necessary experience and has the reputation for being an honest, reliable workman.

Too late to be run in his advertisement, Mr. Casterline wishes to inform his customers that the Firestone Tire company is absorbing the sales tax on their product and will not add the extra charge to tires purchased at Casterline's vice station.

OFFERS TO PAY TAXES

Dr. A. B. Wickham, one of the largest taxpayers in the township and head of the Eastland sanatorium, informed the school board recently that he is ready to pay his next December school tax immediately if the board desires it and the payment would help relieve the present financial crisis.

NORTHVILLE HIGH SCHOOL AWARDS DIPLOMAS TO 44 ON THURSDAY EVENING

Graduates Present a Unique Program in the Commencement Exercises Held in Training School Auditorium

The climax of the round of activities of the senior class of the Northville high school was reached last evening, (Thursday) when 44 young people were awarded their diplomas before a full audience of relatives and friends at the Wayne County Training school auditorium.

This was the largest class ever graduated from our local high school and, of course, one of the most promising.

Commencement Exercises

To the stirring march, "The Victors," the forty-four members of the class of '32 entered the auditorium and took their places in the reserved front rows. Opening devotional exercises were conducted by Ward Clark with the assembly joining in the Lord's Prayer in unison.

A subject of interest to parents, "Resolved, That remedial classes are advisable," was ably debated by Catherine Stalter and Robert Cousins. This subject was further emphasized later in the program in a little play illustrating this need.

In the play the principal of schools comes in as an irate parent demanding to know why his child should be compelled to attend such a foolish class. Ward Van Atta, as Principal Amerman, explains satisfactorily the reasons for these special helps and all ends well.

Other characters in this playlet were Wendell Dickinson, Elizabeth Miner, Dorothy Healey, Arthur Hills, Luella Ash and Ward Clark.

Very amusing and with a very pointed moral were the two representations of banquet scenes. In the first scene ten boisterous young folks are partaking of a banquet in the wrong way. All kinds of errors in etiquette are committed to emphasize how serious they appear to outsiders.

In direct contrast, the second banquet is conducted with all propriety and is a pleasure to witness. Two well-rendered musical numbers appeared on the after-dinner program, a vocal solo "The Hills of Home," by Bernice Clark, accompanied by Geraldine Ferguson, and a piano solo, "Impromptu in A Flat" by Elizabeth Miner.

A round table discussion of vocations was led by Duncan Fry, and Marvin Tibble spoke on the benefits of agriculture as a following. Audrey Taylor, business and Robert Cousins, law.

A contribution to the program from the department of English was the representation of works of literature in a large frame appeared in succession the living characters of Treasure Island, Don Robinson, Alvin in Wonderland, Isadore Keeney, Ivanhoe Chas. Carrington, Green Mansions, Bernice Clark.

During the display of these pictures Ruth Mary Baldwin played appropriate piano selections.

Another little play "Sham" concluded this part of the program with parts taken by Chas. Ruffen.

Northville Kindergarten Children Tell of Events of School Life

Northville has a new newspaper for the girls bring their "Christmas hatched for publication, edited and printed by the little folk of the kindergarten of our public schools. And it started on this wise. Last visit their beloved kindergarten and fall Mrs. Sterling Eaton brought her group of kindergartners to visit the Northville Record office where they were taken through the work room, shown the presses and other machinery that make a newspaper.

So interested did the children become that they wanted to have a newspaper of their own and their understanding teacher took up the idea, and with the suggestions made by these small would-be journalists, she wrote in their own simple language the small items of kindergarten life which loom large in their initial days of school.

Each month during the school year a page of "news" was edited with an original illustration appropriate to that particular season. No little originality has been shown in the "make up" of these papers and the items are a true reflection of the minds of these children.

In October they mention gathering leaves and waxing them. In November they made apple sauce on their little stove and ate it with their Thanksgiving party. In December they mention making gifts for father and mother and chains for the "lovely Christmas tree." They describe the process of making pop-

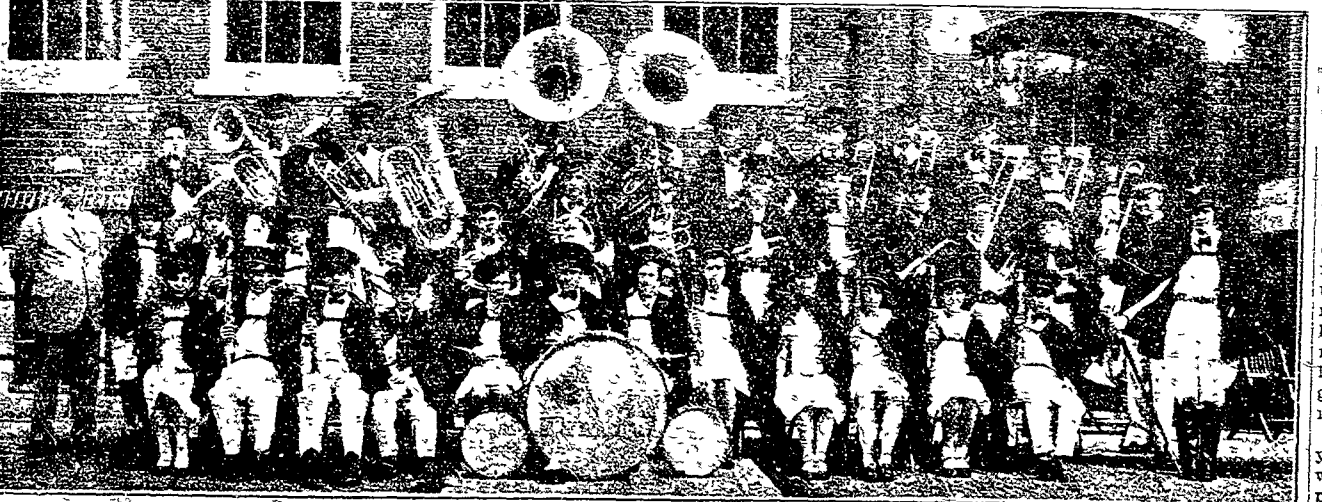

corn balls and say that certain little girls bring their "Christmas hatched for publication, edited and printed by the little folk of the kindergarten of our public schools. High School Band Begins Summer Concerts on Saturday, July 9

Northville high school and community band shown in the picture above, will show two veteran players by graduation, Herbert Berend, batitone horn player, and Charles Carrington, clarinet player.

Beginning July 9, the band with approximately 50 members will give a series of nine Saturday night concerts at the corner of Main and Center streets.

Completing a highly successful year in which they played engagements at Walled Lake, Plymouth, and Highland Park, beside giving two concerts in Northville, the band has enlarged its membership, its repertoire, and improved the quality of music to such a degree that it stands unexcelled as a high school band by any other like organization in southern Michigan.

Practicing faithfully two nights each week under the direction of Edwin Head, band director of the Cass Technical high school, the band members have received the equivalent of an excellent musical education besides contributing to the community the enjoyment of an organization whose worth cannot be measured in dollars and cents.

Future plans include, besides the July-August concerts, playing at the Fourth of July celebration, sponsored by the Fair association, and also at the Northville Wayne County fair which will take place in August.

A new addition to the band will be Miss Isabelle Tewksbury, who while not a new member, she having played for two years, will fill the role recently vacated by Miss Lillian Cassie, that of drum-major. Miss Cassie has been drum-major for the past two years and has capably filled the position.

Each child has a complete copy of the file of papers made by hatching and it is quite certain that as the years come and go this little bound volume will be among the treasured possessions of these children.

THE OLD ALGEBRA TEACHER

Along with the whole family we had the privilege the other evening of being out at the country home of Clarence Davis, near the Base line road. Without any thought of doing it, we are sure, he gave us a pretty impressive sermon. Without his permission, it is worth passing on.

We were talking about our personal problems when suddenly he said something like this:

"I used to have a fine, old algebra teacher. One day in the class he stopped and said: 'Now this is not in the lesson nor in the algebra book, but I should like to tell it to you. It is this: The good you put into life will be directly proportioned to the amount of good you take out of it.'"

That simple little bit of philosophy from the old algebra teacher has followed us for days. Was he right? And wouldn't it be fine if this kind of philosophy could be brought close home to all of us?

WANTS TO BE GOVERNOR

George W. Welsh of Grand Rapids, a smart, capable man who knows his politics, wants to be governor of Michigan. He has announced tentatively his candidacy and this statement is taken by the politicians to mean that former governor, Alex J. Grosbeck, will not be a candidate.

With an honest, sincere and able man of the calibre of Governor Wilbur M. Brucker in line for nomination for a second term, we fail right now to see why such men as Welsh should be supported. Just because a lot of politicians are out to "get the governor" is no reason to think that Brucker will lose at the September primaries. In fact, there is every indication, judging by the situation now, that Governor Wilbur M. Brucker will be re-named next fall by a fine vote.

Certainly, it would be fair to give the governor a second term. He has piloted the state through one of the most trying periods in its history and his success in cutting the budget by means of the special session of the legislature has made him many friends. His record will bear the light of honest investigation.

HOOVER AND CURTIS

The Republicans have named Hoover and Curtis as their candidates for president and vice president. A few months ago the critics gave Hoover little chance to be re-elected. Today the situation is vastly different. Many thoughtful observers note a very strong trend toward Hoover and his re-election is being predicted in many quarters noted for political intelligence.

Hoover has never been a popular president. Yet we think history will write him as a great president. He is a statesman and does not please the politicians. That should be in his favor. He has brought the country through a most distressing period with masterly leadership. We can all be glad that he has been in the White House during the time when most of the world faced ruin and bankruptcy. Now as conditions begin to "look up" there will be thousands upon thousands of people from coast to coast who are going to be very slow to turn from this internationally minded president of ours to an untried man. This talk of beer and the Eighteenth amendment, in our humble opinion, will not settle the election next fall. The average man, with children for whom he must buy shoes and school books, has too much at stake to be voting for the head of his country on the basis of "we want more beer." As people know more and more of what Hoover has done for the United States during the past three years of trial and anguish, there will be more and more voters who will decide that Hoover is the safest and best man for them and for their country. The Democrats will have to do some very able work of statesmanship to beat President Hoover next fall.

GOOD LUCK, SENIORS!

With our daughter Ruth Mary one of the 44 graduates from the Northville high school this week, we have more interest than usual in wishing "bon voyage" to the seniors as they go out from the home school to the college or university or (as the greatest number will do) to a place in active life. It gives one a thrill to realize a little of the meaning of this arrival at a new milestone on life's highway. Life can never be the same for these boys and girls. And who would want it to be?

To the 44 who go out we could give some good advice but maybe they have gotten too much of that already. An overflow of sermonizing rolls away without doing much good. For after all, the lessons of life that sink deepest are those that we learn as we battle our way along.

But we do like to tell young people a few of the conclusions that we have reached about this business of making a success of life. After having known hundreds of fine, upstanding young folks, we ought to have an idea or two worth passing on.

Young folks, nothing will equip you better for making good in life than good, old-fashioned character—a combination of honesty, industry, clean thinking, loyalty, and determination. Don't be fooled by a high pressure age into thinking that you can take the "short cut." There is no such thing. From President Herbert Hoover on down to the very folks here in Northville who are trusted with a little share of the world's work, you will find that character is the basis of real success. Flippancy and cynicism will poke fun at this conclusion, but what they say is veener and foolishness.

You seniors, do this. Find friends and keep them. It will take unselfishness and thought and sacrifice, but life will be rich and full, if you take time to be friendly and have true friends who will stick by you through all sorts of weathers.

And you 1932 Northville high school graduates, be true to the old home that made your education possible. It won't be many years before the "folks" will be gone and

you will have only memories of these wonderful days, the true value of which you may not appreciate fully right now. Some day you will. What wouldn't we folks without a father or mother give for the forever-gone privilege of sitting down with them for a little visit?

Good luck, graduates! You will have it, if you make it. The world will bring you nothing on a silver platter—and you wouldn't want it if it did. "You made the breaks" in your school life and you will do precisely the same thing out in life.

We have faith in you all. You will get out of life what you put into it. "Keep the faith" and when your kids get to graduating, you will be right there in the front row, the proudest folks in all the world.

WANDERING THOUGHTS

A school girl friend whom we had not seen since those Methodist parsonage days at Addison 35 years ago drives here with her husband from 60 miles away to "ask your advice." So we were sincerely glad to drop work for an hour and say: "Ethel, that is the cheapest thing in the world, and if we can help you in any way, we shall be glad to do it." Then we felt pleased when she said this: "We knew you would tell us straight" when she said that she remembered what fine fathers and mothers both of us had. Talking about time doing things to people, when we go back to Addison now we can find only three folks out of all that school crowd we knew in the five years we lived there. Nothing stands still.

"Did you say 'The Northville Wrecking Co.'?" asked the long distance operator the other day as The Record tried to place a call. So we told her that if we don't get these banks going soon we'll all need a wrecking crew here in Northville.

The dries don't like the Republican dry plank and the wets calling it an "evasion," are not even as well pleased. Any good newspaper man could have told the convention managers that when you try to please both sides you please no one. "Straddling" just puts you "in bad."

HELP FOR TEACHERS
(Orion Review)

If you have tears, prepare to shed them now; a Pontiac Loan Concern is advertising "10 Minute Service on Loans to School Teachers."

"PRETTY LAZY"
(Eaton Rapids Journal)

What do you think of the young fellow, healthy and robust, who is having off his mother who is on the welfare list, and when offered a job cutting wood at \$1.50 a cord says, "I'll be damned if I'll cut wood for \$1.50 a cord." Our idea is that breaking rock for nothing is what this fellow needs and should get.

THEY COULD HAVE BEEN
MORE THOUGHTFUL
(La Grange Ind.) Standard

A group of young people of La Grange recently had occasion to make a purchase of flowers amounting to quite a sum.

"Where did you get the flowers?" they were asked.

"Why we drove to—"

The thoughtless young folks of course did not reason out that their fathers earned their bread and butter through the kindness of the florists, butchers, bakers and farmers of this territory and that if everyone proceeded as these youngsters did the merchants (perhaps including their fathers) would have to close their doors and go into bankruptcy. They did not even take into account that the home florist is extremely efficient and diligent and that he supplies excellent flowers.

There is something for many to contemplate in this little story of the thoughtless young folks and their purchase of flowers.

BACK TO GOD
(Detroit Saturday Night)

Religion is obviously attracting more attention today than it did two or three years ago. In fact, it is commanding attention. When everything else fails him, there is something in the heart of man that drives him back to the Infinite for support and strength, unless he has gone completely atheistic. And if for some time he has been indifferent to spiritual affairs, his meditations under stress are likely to show him a new approach. It is peace he seeks—a reason, if you please, for being.

It was 12 years ago that a Cambridge athlete experienced a religious awakening, which he somehow imparted to his immediate friends. It was later felt in Oxford, where a small fellowship grew into the Oxford Group or Oxford Group Movement and has been further defined as "A First Century Christian Fellowship," because of its special interest in the Christianity of that period.

Leaders of this movement are now to be found in all parts of the world. A conspicuous company of them has been holding unusually large meetings in New York and Washington and Boston and Asheville, N. C., during the last few weeks, and held similar meetings at the Book-Cadillac in Detroit. All previous meetings have been characterized by both the numbers and the prominence of those attending.

As a revival of personal and individual religion, the Oxford movement has proved itself to be unique in the history of the twentieth century.

DEPRESSION AND DEMOCRACY
(Irishman County News, Mason)

Word from the campus at Ann Arbor is that fraternities are finding going rough. Depression has served to usher democracy to the campus.

Our golf "game" is coming up. Hit 76 last Friday (no, not eighteen holes, just nine.) Now, laugh.

Cheerful thought: Hard to rent a house in Northville. What will the old town be when things get going again (as they will in a few months)?

Had a birthday Monday and everyone of the family thought all about it and got us a little remembrance. Who said that Dick Baldwin was poor? Our little family makes us worth just as much as John D. Rockefeller.

THIS WEEK'S QUESTION

Have you the courage to admit that once in a while you might be wrong?

of the year. Now it is announced that within another two years all freshmen will be compelled to reside in dormitories. Such a rule will work a further hardship upon the fraternities seeking to increase membership and thereby lower individual costs.

University officials believe that fully one-third of the 52 fraternities will give up the ghost within two years.

The rapid growth of fraternities was a manifestation of the national illness during the years of prosperity. That rapid growth brought about the downfall of a system possessing some evil and not much merit.

The great rush of young men to become exclusive did away with that exclusiveness. No longer was it a badge of honor to "belong." So many fraternities clustered at the campus of every large college and university that every man could belong. Fraternities became common. Fraternity badges lost their meaning.

The depression has been blamed for a multiplicity of disasters. Perhaps it can be credited with bringing back democracy.

DO YOU REMEMBER
WHEN—

Frank A. Brown was bass profundo in the Methodist choir and made the rafters vibrate?

The big base ball games were played

ed on the field where the Edison substation now stands and who the players were?

John B. Timbain and his violin were to be seen and heard at the dances for twenty miles around?

There was a town pump—an old-fashioned bucket kind—at West and Dunlap streets?

Mrs. Leonard Charter Sr. and her husband had a fruit farm on the hill at the end of North Rogers St. and Mrs. Charter peddled cherries about town?

The anvils of three blacksmith shops were needed to care for wants of the farmers and owners of horses?

The Record was printed in the room now used by the Northville Feed Store fifty years ago?

The winter that a toboggan slide was placed on the east side of the hill now occupied by the East Lawn Sanatorium and what a swift ride it was to go down that icy slope?

Mr. and Mrs. Helmut Ringel announce the marriage of their son, Edward, to Thelma Henze of Plymouth on June 10 in Detroit. The many friends of the newly married couple wish them much joy and happiness.

Mrs. Don P. Yerkes Sr. and her sister, Mrs. W. L. Weaver of Petoskey, attended the commencement exercises of the Redford high school Wednesday morning when Mrs. Yerkes' granddaughter, Marjorie Louise Holden, received her diploma.

Bob Lee, the genial owner of the Den restaurant, states that he received a letter from Mrs. Lee, who is in Basal Heath, Birmingham, England, that the weather has been exceedingly fine there of late and that Mrs. Lee is enjoying her visit home very much.

The Record family along with a great many other Northville friends have been made happy with lovely gifts of blossoms from the choice rose garden of Mr. and Mrs. Fred Casterline. One of the joys of raising such flowers is in giving them away, say the Casterlines.

Miss Demetra Mills of West Point park, narrowly escaped serious injury, last Friday, when the car she was driving collided with one driven by George Ashley, Ruth Taylor, Lillian Ash, and Forest Lemmon, were also in the car. Nursing slight injuries, the occupants of both cars consider themselves fortunate in coming out so easily.

Only two changes will be made in the teaching staff of the Northville public schools for the coming year. Mrs. Olive Amrhein has resigned from her position as teacher of one division of the fifth grade. Miss Mable Van Vleet, teacher of English, history and gymnasium, will discontinue her work here and a substitute will be chosen.

Two new members have been added to the local staff of the Detroit Edison company. Ralph Ayers has moved here from Detroit with his family and is occupying the Lang house on North Rogers street. Mr. Ayers is in the office of the company. Wm. Brandt has come here from Ann Arbor and has taken a position as service man. With his family he has moved into the Ed Balko house on south Wing street.

Mr. and Mrs. Holden L. Woughter and children of Flint spent the week end at the Glenn E. Richardson home. On Monday the two families motored to Ann Arbor to witness the graduation of Dr. Harold W. Woughter from the medical school of the University of Michigan.

Miss Ellen Barbour has returned home from her year at Hillsdale college for a visit before going on to Cleveland where she will spend the summer with her grandmother. Miss Barbour has as her guest, Richard Jerome of Van Wert, Ohio, who recently graduated from Hillsdale college with the honor of salutatorian.

According to Village Health Officer Dr. W. W. Johnson, Northville has at present seven mumps cases, six of which are in children. The children are Miss Helen Leonardson, three little "whooping coughers" are still on the job though running around their yards. Two cases of measles are reported, Eleanor McKillip and Russell Merithew.

Seniors to leave for Niagara Falls.

Twenty-two members of the senior class of Northville high school will sail Monday on the D. & O. line from Detroit for Niagara Falls. They plan to be gone two nights and one day.

The seniors will leave Detroit at five p.m. and will arrive the next morning in Buffalo, N. Y., at eight o'clock.

There they will take a bus and journey to the Falls, including on the tour, all points of interest between Buffalo and Niagara.

Tuesday evening the group will return to the boat, leaving behind them the falls, the rapids, the Maid of the Mist, and other outstanding features of the trip.

After spending a second enjoyable evening on board the ship, they will arrive in Detroit at nine a.m. on Wednesday, June 29, and the final episode of their high school careers will be concluded.

The price of the entire trip will be \$14.75 per person. This includes boat trip, bus ride, meals on the boat, etc.

The seniors will probably be accompanied by one of the two class sponsors, Principal R. H. Amerman, or Mrs. Chapman.

Those who have earned enough hours of credit to be permitted to go are as follows:

Ella Tibble, Helen Fleishman, Violet Sheppard, Donald Robinson, Charles Ruffenburg, Isadore Keeney, Wayne Thompson, Howard Beach, Jane Lawrence, Ward Van Atta, Marvin Tibble, Herbert Berendt, Elden Ebery, Robert Cousins, Frances Bacon, Shirley Preston, Bernice Clark, Thelma Nindler, Wendell Dickinson, Ruth Mary Baldwin, Demetra Mills and Doris Leavenworth.

CHILDREN'S DAY AT THE W. C. T. S.

It was Children's day at the Wayne County Training school last Sunday when a large group of one hundred eighty-five children of the school gave a happy, bright performance at the auditorium in the afternoon.

The public was invited to enjoy this performance with the local auditors and many availed themselves of the opportunity.

The scene opened on a midsummer's day in a flower garden with little kiddies representing various flowers, faeries, bees, butterflies and rain drops over them all reigned the fairy queen. The story was sung heartily by a chorus of 48 voices, all children. Altogether the performance was most creditable.

VACATION SCHOOL TEACHERS' MEETING

The superintendents, teachers and officers of the Church Vacation school are requested to meet Saturday afternoon at 2:30 in the Presbyterian church house in order to arrange matters of organization and instruction preliminary to the sessions beginning next Monday at nine o'clock.

"The Golden Rule" Is the Finest In Relations of Men and Nations, Prof. Goddard Tells Rotarians

The most practical rule ever laid down for the relations of man to man or of nation to nation is the Golden Rule, Prof. Edwin C. Goddard of the law department of the University of Michigan told Rotarians at their weekly luncheon Tuesday noon at the Presbyterian church house.

The noted educator, however, went on to say that in both the field of business and in international relations the Golden Rule had never had a fair chance, although in the former field there have been several outstanding cases where it has been exemplified with amazing success. As opposed to this rule, stated the distinguished Michigan educator, the Rule of David Harum, (the old horse trader, "Do to the Other Fellow What He Would Do to You and Do It First," has been used too much but never brought satisfactory results.

Prof. Goddard made an interesting survey into international relations and pointed out that not the Golden Rule, but fear and selfishness have dominated the affairs of nations. Such was the case when diplomats, ruled by greed and jealousy, drew up the Treaty of Versailles which levied tribute that would extend for 62 oppressive years to come upon "Grandfather and son," the last two generations of which will be paying for a war in which they had not the slightest part. Much of the hatred of the United States by other nations, he pointed out, has come from the fact that we have loaned money to countries which have little chance to pay.

As long as the nations follow the plan they are now using," continued the law expert from Ann Arbor, "they are solving nothing except temporary security. Although men and women everywhere in the United States are learning to live together as neighbors and friends, we have no clear voice of leadership calling us to a settlement of national affairs."

Prof. Percy Angove, president-elect of the club, presided, and the speaker was presented by E. L. Mills.

The address of Prof. Goddard was one of the finest treats the club has had in months.

FRANK FERRIN IS NOW
FOUR SCORE YEARS OLD

Stalwart and strong as a man much younger, Frank Ferrin was receiving the congratulations of his many Northville friends Tuesday on the occasion of his eightieth birthday. He had expected to accompany E. C. Huskley and Lewis Salow to Petoskey to attend a reunion of the G. A. R. Drum corps of Michigan so the special celebration was planned here.

A "birthday cake," however, appeared on the supper table that was cut by his daughter-in-law, Mrs. Ed Ferrin.

Mr. Ferrin has been one of Northville's familiar figures for many years, having lived here for the past sixty-one years. Very interesting it is to listen to tales of the great changes that have taken place here in his memory.

For thirty-two years he has served as deputy sheriff and for fifty-four years as town constable.

As a relic of the years when Mr. Ferrin worked at his shop with Jervis Palmer, a wheelbarrow stood before the Perrin building Tuesday repainted and looking like new after a half century of hard usage.

The wheel on this barrow had outlived two sturdy frames and of strong wrought iron, welded by the young Perrin of years ago, it bids fair to outlive many more.

Northville friends extend best wishes for many more years of life.

BUDDE-ROSS HAS
NARROW ESCAPE

What might have been a serious accident, resulted in only a bad bump, when Buddy Ross, eight year old son of Mrs. Florence Ross of Northville, ran his bicycle into an automobile driven by Miss Laura M. Rimes, 18 years old of Detroit, in front of the Presbyterian church on Main street around four o'clock Tuesday afternoon.

Miss Rimes was driving east on Main street when Buddy drove into the side of her car. Fortunately, he was not seriously injured, receiving only a bad bump on his head as he was thrown off onto the pavement.

And Mother, what's good for the baby is good for adults, too.

NOVI COMMENCEMENT EXERCISES

Tuesday evening, June 14, the commencement exercises of the Novi public school were held in the auditorium of the building when seven graduates received their diplomas. They were Ernestine Grive, valedictorian; Andrew Sabados, John Shinn, Louise Fiedle, Mary Munro, Rex Smith and Robert Whitehead. The Rev. F. N. Miner of Northville gave the address, stressing the point that education includes something aside from books and that it was inclusive of the well-rounded development of the student in the physical, natural and social world. The class motto was "Onward is our aim; the colors were blue and gold, the class flower the rose."

The program is given below:
March Miss Brackenbury
Invocation Rev. F. N. Miner
Solemnity John Shinn
History Mary Munro
Will Louise Fiedle
Prophecy Andrew Sabados
Carroll Robert Whitehead
Farewell Rex Smith
Address Rev. Frank N. Miner
Valedictory Ernestine Grive
Presentation of Diplomas Mr. Culver

The officers of the graduating class include the following: President, Rex Smith; Secretary, Louise Fiedle; Treasurer, John Shinn.

Mrs. E. J. Van Duyn is at Northville helping to care for her granddaughter, Phyllis Lake, who is ill with scarlet fever.

Miss Rose Knight of Northville was a guest of Miss Marian Shinn Tuesday and Wednesday of last week.

The Rev. R. O. Thompson is ill with an infection on his face.

Mrs. Chas. Trickey and Mrs. L. T. Granzow entertained at 500 and 500 Tuesday afternoon of last week at the Trickey home in honor of a small group of friends.

Miss Belle Walker was present at the party given by Mrs. M. J. Mairs and wife, brother of Wm. Mairs.

The Rebekah and Odd Fellow lodge of this place will observe memorial day for departed members of the orders on Sunday evening, June 26, at the L.O.O.F. hall. The ladies are invited.

Mrs. L. L. Granzow entertained twelve ladies at a 500 party Wednesday of last week. A delicious duck dinner was served at noon.

Mrs. Grace Hammond won first prize, Mrs. Nellie Phelps second, Mrs. Edna Hamilton third, and Mrs. Florence King fourth prize.

Harold Dutton left by automobile for California on Monday, June 20, where he has employment.

Mr. and Mrs. Walter V. Johnson and three children of Detroit visited Mr. and Mrs. Milo Chapman and other Novi friends Sunday.

William Mairs and Fred Musolf went to Toledo, O., on a business trip Monday.

Mr. and Mrs. Gorman Culver were dinner guests Sunday of Mr. and Mrs. Clarence Welsh.

Mr. Elton Warner and Miss Betty Brackenbury of Cass City were visitors at the home of Mr. and Mrs. Clarence Welsh on Sunday afternoon.

FARM CREST TEAM MEETS CHIEFS HERE

Harry S. German Sr., familiar figure in base ball for the past forty years will be the starting pitcher here Sunday at the fair grounds.

Harry S. German Sr. will be the starting pitcher here Sunday at the fair grounds.

The Farm Crest team is one of the best in the metropolitan Triple League and is well supported by Phil Brennan, noted polo player, whose extensive farm is located a few miles east of Northville.

The Farm Crest team is under the management of Tony La Bond.

The Chiefs won at Dundee last Sunday and are now a well-organized club. They expect to give the visitors a real tussle for the day's honors.

Local players who will be in the game Sunday are Jack, Hammond, H. German, Woods, Clement, Hobbs, Jis, Moffit, L. German, Destefano, Johnson, and Kirober.

German Jr. and Reeves will relieve in the pitcher's box if advisable and "Bobber" Brown will call balls and strikes for the two clubs.

German states that he knows the Farm Crest team is a hard team to beat, but he would rather lose to a good team than win against a weak aggregation.

SALEM CHURCH HOLDS OLD-TIME SERVICE

On Sunday, June 26, at 10:30 o'clock the Salem Federated church will feature an old-fashioned service, one that will remind folks of the little church back home.

It is hoped that this hour will take the worshippers back to the memory of their childhood days when God seemed very near in the quiet and cool of the old village church.

The music on that day will be in charge of Mrs. Sarah Stanbro who will play the organ. Mrs. Stanbro, who is in her eighty-fifth year, plays the organ in a way that makes us sing in our hearts, "Faith or Our Fathers Living Still." At the time of the Centennial last winter, the story of Mrs. Stanbro's faithful service of more than sixty years as organist in the Salem church was copied in newspapers from New York to Texas.

The sermon theme will be "The God of Elijah."

Salem has many enthusiastic flower growers, and every Sunday rare flowers are brought to the church. Those who desire flowers for the sick and shut-in may have them on request.

Salem Federated Church

Morning worship, 10:30 o'clock on June 26: "The God of Elijah." Bible school at 11:45 a. m. Hugh Means, superintendent. Prayer meeting Wednesday evening at 7:30.

Harold Lester and Charles Leo, little sons of Mr. and Mrs. Leo Hemitz, were dedicated to the Lord in the Children's day service at the Federated church.

Salem Congregational Church

The services last Sunday were well attended with a marked increase in the enrollment in Sunday school. This coming Friday evening the young ladies of the "Crusader" class will give a "Mystery Party" to the young men.

Prayer meeting Wednesday evening in the church.

Next Sunday services will be held at 10:30 a. m. Sunday school at 11:45 a. m. Everybody come.

Next Wednesday afternoon Mrs. Irma and Mrs. Thelma Musolf will entertain the Silver Tea.

The Sunday school picnic will be given at Island Lake park next Thursday, June 30, at 10 a. m. All our friends and neighbors are invited. Everyone bring their own dishes and an extra dish.

There will be games and races for all. Mrs. LaVern Lewis is in charge of the refreshments and Herman Schroeder and Ed Bauman will superintend the games and races, awarding the prizes. A good time is planned for all.

They that dwell under His shadow shall return, they shall revive as the corn and grow as the vine. Hosea 14:7.

They that fear the Lord shall be strong and do exploits. In these hard times let us be joyful and hopeful in our God for He has promised "never" to leave us or to forsake us.

of education visited Northville schools and approved of the methods and management.

The senior class is composed of Susie Dandson, Paul Dubuar, Louise Joslyn, Elbridge Lapham, Harriet Skinner and Walter Sleator.

Mable Stark, Jessie Wilkinson, Leah Judson, Thomas Carrington and Mark Russer recently passed the eighth grade examination.

Three deaths occurred during the past week here: Mrs. Geo. Clark, Mrs. Augustus Dickerson and Ebenezer Hubbard.

LEGION AUXILIARY

The American Legion Auxiliary met at the home of Mrs. Anna Casteline on Tuesday, June 14.

After the business meeting, the members were served with tea and wafers. Mrs. Mabel Watkinson assisted Mrs. Casteline. Plans were discussed for furnishing for the Legion and Auxiliary and their families, with an invitation extended to the Beal's Post and Auxiliary at Plymouth. The picnic will be held at Cass Benton park at 6:30 o'clock.

Each girl is asked to bring own sandwiches, one passing dish and own serving dishes.

On Saturday, June 25, Mrs. Rob-

ert Yerkes has invited the Northville Auxiliary girls to attend the 17th District meeting, being held at their home on the Base Line road at 5:00 o'clock. Those having no transportation, meet at Anna Casteline's home between 4:30 and 5:00 o'clock.

FOURTH AMONG FRY TO GRADUATE HERE

Duncan Fry, a member of the class of '32 of Northville high school, has the distinction of following in line with three other members of his family who have proceeded him in receiving diplomas.

His mother, nee Anna N. Blair, now Mrs. Jas. Fry, graduated here in 1898 and followed this with a period with three years in teaching school here. At that time Don M. Fry, who was supposed to teach only the second grade also had classes in the fifth grade and two in high school. Two older sons, James and Cecil, finished high school some years ago, the former now a customs officer in Detroit and the latter in the service of the Detroit Edison company.

A MATTER OF TRAINING

With the conferring of diplomas on 44 young people, last evening, at the auditorium of the Wayne County Training School, the largest class in the history of the Northville high school went out into a new sphere of life. Twenty-eight girls and sixteen boys compose the group of graduates of 1932.

For the most excellent scholarship shown during the four years of the high school course Miss D. Geraldine Ferguson, daughter of Mr. and Mrs. George D. Ferguson, was chosen valedictorian of the class while Miss Jane Lawrence, daughter of Mr. and Mrs. Leo Lawrence, who attained second highest honors, was salutatorian. Miss Bernice Clark, daughter of Mr. and Mrs. Roy Clark, was alternate salutatorian.

Officers of the class are: president, Ward Van Atta; vice president, Miss Frances Bacon; secretary, Miss Ella Tibble; treasurer, Miss Ruth Mary Baldwin.

As the final event of their school life, a number of the class will leave next Monday, June 27, for a trip to Niagara Falls. This replaces the jaunt to Washington the national capital, plans for which were given up due to the economic conditions which have prevailed for some time.

A number of the class are planning on going to college or university, but a larger group will take their place in active life at once.

Every Monday Morning

By "AD" SCHWENGER

Came this morning a neat little epistle, no name attached, which declare that in truth my nose is too long.

It's been better than one can comfortably stand, but the thought of a day spent in the water at Curbis lake is indeed refreshing. H. L. Newman's "swan dive" is something with which to score babies. Arm akimbo, knees pointing in, opposite directions of the compass, the aerial trip of Herr Newman is reminiscent of a camel pushed out of a fifth floor window.

With my camera eye I spotted quite a group of Northville people sunning themselves in the lake which is the proper thing to do on any hot day.

The Misses Reva Schrader, Sally Richardson, and Barbara Nicholas were present, also Miss Celeste Dewey of Ann Arbor, and numerous others, including Don Ware and "Chuck" Le Ferve. Mr. and Mrs. Bob Coolman were there, but they didn't hang their clothes on any hickory limbs nor did they enter the water owing to the lamentable fact that Bob's shoulders were pretty near the fiery color of his hair.

Graduates are pouring out of the schools by the thousands and hungrily looking for jobs. It's a case of every man for himself and the bread line takes the hindmost.

The calendar says that summer begins on Tuesday, June 21. How nice to know just exactly when warm weather will start.

All of this balderdash and jingling is by way of letting you know that I'm getting ready to head for Alpena next week where R. T. B. and I will make big talk with other weekly newspapermen of the state.

Honestly, I'm more concerned, if I do say it as shouldn't, with swimming and golfing conditions up there than I am with the big talk.

That last sentence looks a trifle ewysey to the eye. I managed a sentence last week using the words "used to always never," but I didn't get away with it.

I were reprimanded, but however

West Point Park

Dr. M. C. Pearson, executive secretary of the Detroit Presbytery, met with the officers of the Presbyterian church in West Point Park to lay plans for a more economical budget of the expenses of the church according to the present financial crisis.

Mrs. Frank Bradley enjoyed the company of three friends from Farmington, Mrs. Day Dickerson, Mrs. Jennie Grace, Mrs. John Thayer, at a vanishing tea Tuesday.

The many friends of Archie G. Leonard, former teacher in Farmington of many from this locality, will be pleased to hear that he has received the degree of bachelor of law at the Masonic Temple auditorium. His friends here wish him success.

Northville and West Point junior boys played a game of base ball on the diamond here Thursday. Both teams played well and gave the fans some thrills with a close last inning.

Miss Catherine Harlan and brother, John, have returned from Ypsilanti, where they have attended college. Catherine will teach school in South Lyon during the coming year.

Gloria Hemmichman was a week end visitor with her grandmother, Beardslee of Redford.

Mr. and Mrs. Albert Owens and two boys attended children's day exercises held Sunday in the Rev. George Gullens church.

Children's Day was held Sunday, Rev. John Adams opening the service followed by a program of songs and recitations that was pleasing to all. A play portrayed missionaries and their efforts in commencing Sunday schools in different countries spreading Christianity throughout the world.

Mrs. C. Wolfe attended on Monday the graduation exercises of her granddaughter, Ethel Bond, at the University of Michigan in Ann Arbor.

A strawberry festival, including refreshments of delicious shortcake with whipped cream and a fine orchestra for dancing was enjoyed on Friday evening here by a goodly crowd.

Miss Esther Middlewood will spend so, I ain't promised never to say it again, once more.

Jumping back to that anonymous communication I received, maybe they're going to kidnap me and hold me for ransom.

Shucks, I know people who'd pay the kidnapers to keep me!

This Week

By H. H. White

When Newton announced his law of gravitation, which was an application of Kepler's three laws of motion, they were condemned by ecclesiastical authorities, in their ignorance of natural laws, because the church seemed to feel that the operation of such laws were in conflict with a limited divine providence. However, at that time the Protestant Reformation was occupying the Roman Catholic ecclesiastical and Newton did not suffer the fate of Galileo, who was condemned to prison, charged with heresy, and compelled to renounce his theory that the "earth does move."

Some sixteen years later when Galileo published his famous work,

the summer vacation as an instructor at Interlocken. She will motor through via Chicago.

Eight boys and girls attended a birthday party in honor of L. B. Gilbert Jr. on his fourth birthday. Mrs. L. B. Gilbert entertained them all with games and dainty food.

"The System of the World," he was brought before the Inquisition of Rome, accused of heresy again. He was compelled to abjure and curse his doctrine and since this was his second offense he was thrown into prison, treated with terrible severity. Even after he was dead he was refused space on consecrated ground. In the light of such past experiences, we should be careful how we congeal our theology around any scientific hypotheses which develop from the study and research of scientists. Such experiences as Galileo or Newton encountered happened at a time when ignorance of the laws of nature was more or less profound. But even today such ignorance still exists, for peoples are still inclined

to hang on to the husks of archaic theology. We should be very careful that we are not found wanting on the side of real knowledge and progress, and not let the wall of traditional ignorance blind us to the truths that science finds and works out for us. For rest assured that ignorance will never triumph in the light of truth and knowledge. For whatever is true is of God, and will prevail.

NEIL HAMILTON FEATURED IN "WOMAN IN ROOM 13"

Neil Hamilton's first appearance in a Fox production in nearly two years will be opposite Klusa Landi in "The Woman in Room 13" intense drama of an ex-husband's desire for revenge, opening here at the Pennman-Alton on Saturday, June 25.

Although he has been a popular leading man on the screen for the past ten years, such films as "A Free Soul," "The Sin of Madelon

Claudet" and "The Wet Parade" have created an entirely new interest in his work which is said to be climaxed by his current success with Miss Landi.

Henry King directed "The Woman in Room 13," which was adapted to the screen by Guy Bolton, whose "Transatlantic" and "Delicious" were outstanding among last season's productions.

Ralph Bellamy heads the large supporting cast which is made up of such players as Myrna Loy, Gilbert Roland, Walter Walker, Charles Grapewin, Berton Churchill, Lums Alberni and many others.

Seniors leave for Niagara Falls next Monday.

Foster Van Zile is building an addition to his apartment building on East Main street.

Invitations have been issued for a lawn party to be held at the home of Miss Barbara Nicholas and brother, Bob, June 30.

Rev. Wm. Des Antels of Kalamazoo visited the last of the week at the home of his brother, H. A. Des Antels, Dunlap street.

A little later in the summer R. H. Amerman, principal of the high school, plans to spend a couple of weeks with Coach Harold G. Ruggles at Crooked Lake, near Mr. Ruggles' home at Odin in the northern part of the state.

After Commencement, what?

"This is the time I've looked forward to for twelve years. Just think, I'm graduating! happily exclaims the young daughter of the home as she stands with a far-away look in her eyes. The filmy gown of white balloons almost to the floor. It is a picture ideal in the heart of a doting parent.

High-school commencement is an event, the most important event so far in the lives of these seniors. Even more than they realize it is an epoch, a turning point in their lives. For twelve years they have been going through a regular routine of school days, leaving home each morning and returning to parental care when the day is over. As we look at these expectant creatures we are reminded of two verses:

"Standing with reluctant feet
Where the brook and river meet—
And the song by Longfellow:
"The glad wild ways of your school
Are things of the long ago.
But life and love will soon come
By—
And toward this life and love
These youths eagerly hasten on. Well
named is this time 'Commencement.'
Childhood is over, real life is
supposed to begin.

Whether the graduate goes on further to college or whether he plans to begin directly in some line of work he must have in mind his future vocation. Some pointers on choosing a vocation by an authority might be timely.

In choosing a vocation, one should consider the following points about the industry he is thinking of entering:

Scope—What about the variety of the products or lines of work? What about its geographical distribution?

Importance—Are many people engaged in it? Has it much money value? Is much capital invested in it? Will it have a normal or abnormal growth—and is that likely to be steady? What is its value to society? Demand for product—Is it local, national or international? Temporal or permanent seasonal? Declining, stable, growing?

Requirements—What innate qualities would be demanded for success? What dispositional? What special gifts? What habits and standards? What preparation, knowledge, skill?

Conditions of Employment—What are the hours required? What risks or hazards would one meet in it? What rewards might one expect as to wages or salary? What competition would one meet in it?

Would the chance of promotion be good? Could one work at this vocation until old age? Does it give opportunity for education and intellectual and social advancement?

MORE ROSES

Another of Northville's remarkable rose bushes is at the home of Mr. and Mrs. J. M. Hall, who live on the brink of the "Grand Canyon" overlooking Hutton street.

Over their front porch hangs a climbing American Beauty vine fairly loaded with roses of remarkable size and beauty.

In a recent visit their daughter, Mrs. L. L. Lindsey of Detroit, who has spent much time in California, declares she never saw its equal even in that land of sunshine and roses. The Halls make their winter pilgrimage to Florida each year, but when spring comes they love to return to Michigan and their lovely little garden here.

Those Week End Trips

It has become quite customary, especially in these days of the automobile and good roads, for people to take what they call week end trips during the summer months.

This generally jobs them of the opportunity of spending the Lord's Day in worship and on hearing the saving Gospel. Whether or not this is a transgression of that solemn command, "Remember the Sabbath Day to keep it holy," we are not going to say.

Strictly speaking, we believe any one who does not engage in the worship of his or her God on the Lord's day, is transgressing that solemn command and is guilty of sin. God did not make any exceptions to that command when He gave it.

But, once people get into the habit of taking week end trips, we find that it is generally hard for them to give up doing it as long as nice weather lasts. The result is that some of them are not to be found in the House of God on the Lord's Day for several months in the year, but are to be found out at some cottage, on some golf course or speeding along some public highway.

Now, it certainly does not take much thinking or arguing to tell a person that this is wrong and that it is trifling with God's goodness and with our own salvation. When it comes to the point that automobile trips and golf and cottages are our allies of God and the things of His Church, and are preferred to the "one thing needful," then that person stands charged before Almighty God with the sin of idolatry.

If we are really in the Kingdom of God, we will be devoted to the things of God's Kingdom. Temptations of course will confront us to depart from these things and to seek after worldly pleasures and comforts.

The question then is: Are we strong enough to overcome these temptations and to follow the path of duty? My friend, what is your choice. God or pleasure, on the Lord's Day?

Service and Sunday school at the usual time, ten o'clock. The pastor will preach.

All church officers will meet on Thursday evening, July 7, at 7:30 in the church hall.

The regular quarterly meeting of the voters will take place on Monday evening, July 11, at 7:30.

The Ladies Aid will meet on the second Thursday of each month at two o'clock.

The half hour for faith and fellowship is broadcast every Sunday afternoon from 1:30 to 2 o'clock over station WXYZ.

St. Paul's Lutheran bids all a most hearty welcome.

Our Lady of Victory Church

The fourth Sunday of every month is set aside as Holy Communion day for all the ladies and girls of the congregation. Next Sunday is the fourth Sunday of June.

Altar boy meeting Saturday at 7:00 p.m.

The St. Vincent de Paul meets Sunday at 9:00 a.m.

The Sunday Masses at Northville are at 7:30 and 10 a.m. At Walled Lake they are 9 and 11 a.m.

The Ladies Bake Sale at the Palace meat market this Saturday morning, June 25, is in charge of Mrs. Jentgen, Mrs. De Conick, and Mrs. Ternil.

The pastor will make a house to house visitation of the congregation beginning next Monday. All personal, financial and parish problems will be adjusted.

Novi Baptist Church

Morning service at 10:30. Rev. J. W. Tolley of Wixom will preach. B. Y. P. U. service at 7:15 p.m.

Methodist Church

Rev. Frank N. Miner
On Sunday morning worship service at 10 o'clock and Sunday school at 11:15 a.m. No evening services.

The church vacation school opens next Monday morning, June 27, at nine o'clock at the Presbyterian church.

The school continues through Monday to Friday the first week and from Tuesday until Saturday the second week. These will be classes for all school grades and for adults. Forenoon only.

The W. H. M. S. meets Tuesday at 11:30 a.m. at the home of Mrs. Neal and goes to the home of the Rev. and Mrs. Richards in Belleville. It is to be not luck lunch, each to bring dishes also.

Baptist Church

The Advisory Board met last Tuesday evening and received favorably plans submitted to the board by the Baraca class to paint the church.

This move toward the improvement of the church property is apt to go beyond the painting of the church and a proposal to present this summer a historical pageant was considered.

The services next Sabbath will be held as usual morning and evening at 10:30 a.m. and 7:30 p.m.

The pastor, Rev. W. B. Barbour, will preach on the theme, "Choosing a Christian Character." At the evening hour the service will be on the subject, "The Story of Joseph."

Presbyterian Church

The sacrament of the Lord's supper will be dispensed at the close of the morning service on Sunday, June 26, at ten o'clock.

It is urged that all members endeavor to be present. Members of other communions are cordially invited to participate.

The church school meets at 11:30. Kindly note the change of hour, which is due to the fact that the communion rites lengthen the regular service somewhat.

Our church school attendance is keeping up remarkably. We expect everyone to cooperate.

The Vacation Church school commences on Monday, June 27, at 9 a.m. The morning Parents of this church plus an opportunity for your children, you should encourage. Please, put forth the necessary effort to have your children present during the two weeks of school.

NEW POSTAL RATES EFFECTIVE JULY 6

The Postal Bulletin received recently by Postmaster Carrington gives information concerning the new postal rates which go into effect July 6.

Starting with this date and continuing until July 1, 1934, the rate of postage on all first class mail will be 3 cents per ounce or fraction thereof. This does not affect the rate for drop letters mailed at offices where letter carrier service is not established and the addressees are not served by rural or star-route carrier.

The rate of postage on mail carried by airplane will be 8 cents for the first ounce or fraction thereof and 13 cents for each additional ounce or fraction thereof regardless of distance.

Practically this means that ordinary patrons of the postoffice need keep in mind only that on and after July 6 all letters mailed for all points in the United States must bear three cents postage.

The local office will begin selling the new three cent stamps soon. All letters not bearing the three cent postage must, if possible, be returned to the sender or to the dead letter office.

N. H. S. ALUMNI BANQUET TONIGHT
Tonight at the Northville high school the grads will gather around the festive board to renew acquaintances with classmates of their old high school days and to revive school memories.

The secretary reports that she has had an excellent response from those who expect to attend.

The Eastern Stars will have charge of the dinner and this is sufficient to tempt the most jaded appetite. The program will be marked for its unusualness and high calibre and later there will be music by an excellent orchestra when dancing will top off an affair that will go down in the history of the alumni association as a non-forgettable event.

The business meeting which will consume only a very short time will be at six o'clock and all are urged to be prompt in attending and the program will immediately follow. This affair will be an informal one.

A feature of the banquet will be the presence of Mrs. Emma Johnson, 79 years old, the oldest living graduate of the Northville high school. Mrs. Johnson was one of a class of three graduates in 1873.

Society Notes

Nellie Yerkes Auxiliary Holds June Picnic

The Nellie Yerkes Auxiliary treated their husbands and families to a fine picnic supper at Cass Benton park Tuesday evening.

After supper each enjoyed a good time as smelted his fancy, playing ball, pitching quoits or visiting. This was the annual June affair. About sixty were present.

Freshmen and Sophomores Enjoy Trip to Bob-Lo

A happy group of freshmen and sophomores of the high school took their annual outing at Bob-Lo Tuesday, leaving in the morning and returning in the evening.

A picnic dinner on the island was the big feature of interest with a good time in the round of amusements provided. Chaperons were Mrs. Ida B. Cooke, Mrs. C. B. Turabill and Mrs. Fred Hoffman.

Wedding Anniversary and Birthday Celebrated Together

The Record family had another good time together Monday evening when in an impromptu supper at Cass Benton park the wedding anniversary of Mr. and Mrs. Howard Sheller and the birthday of Richard T. Baldwin were jointly celebrated.

Eighteen altogether, including old and young, ate and played and talked. Representing the company Harry presented the Shellers with a facemask gift.

Mrs. Willis Entertains For Cleveland Guests

Mrs. H. S. Willis entertained two groups of Northville friends honoring her house guests of a week, her sister, Mrs. E. H. Cranmer of Cleveland, with her son, E. B. Cranmer, Jr., and his wife, her daughter, Miss Mary Cranmer.

On Tuesday evening the Willis home was the scene of a merry party of young people when four tables of bridge were played. On Wednesday afternoon an informal tea was given when a number of Northville women were invited to meet these guests from Cleveland.

The afternoon was delightfully spent in visiting and walking in the terraced garden bordering the woods. During the afternoon tea, served, Miss Cranmer who has just graduated from the Bush Conservatory, Chicago, favored the company with piano selections.

Steak Roast in Honor of Miss Yerkes and Mr. Burkman

Refreshingly informal and jolly was the pre-nuptial affair given by Mr. and Mrs. Harold Bloom in their characteristic way last Thursday evening when Miss Ruth Yerkes and her fiancé, John Burkman, of Birmingham, were guests of honor at a steak roast at Cass Benton park.

The supper, eaten in the glorious out-doors on a June evening was all that could be expected. When the sun had set and the embers had burned low in the grate, the party went to the Bloom home where the remainder of the evening was passed with bridge.

As a pleasant reminder of the evenings spent together during the past winter the company presented the honored guests with a card table.

Those present beside the hosts and guests of honor were Mr. and Mrs. E. A. Chapman, Mrs. Margaret Murdock, all of Northville, Mr. and Mrs. Sterling Eaton of Plymouth and Thos. Fitzgibbons of Detroit.

Mrs. Smith of Detroit Entertains in Honor of Her Sister

Very charming in all its appointments was the bridge-tes given in honor of Miss Ruth Yerkes, a June bride-to-be, by her sister, Mrs. Harold R. Smith of Grosse Pointe.

The club house was gay with baskets of flowers and the grounds surrounding were especially lovely at this time of the year. The guests enjoyed strolling on the green at intervals during the afternoon. Bridge was the diversion of the occasion for which appropriate prizes were awarded the winners.

Miss Yerkes received the guest prize from her sister.

A delectable tea was served late in the afternoon with the guests sociably seated at one long table in the center of which was a large bowl of faded June flowers. Covers were laid for sixteen. Those attending this pleasant occasion with the hostess and guest of honor were their mother, Mrs. Don P. Yerkes, Sr., Mrs. Robert Yerkes, Jr., Mrs. 1901 P. Yerkes, Jr., Mrs. E. A. Chapman, Mrs. Robert, Goodman, Mrs. Geo. Karri, Miss Elizabeth Beard, Mrs. Allen Buckley, Mrs. Harold Bloom, Miss Barbara Blackburn, Mrs. Vance Masters, Miss Margaret Murdock, all of Northville, and Mrs. Sterling Eaton of Plymouth.

Mrs. W. L. Holden of Detroit, another sister of Miss Yerkes, and Miss Irene Fields of Pontiac, a former roommate of the honored guest in the University of Michigan.

Mrs. Sterling Eaton of Plymouth and Thos. Fitzgibbons of Detroit.

Very charming in all its appointments was the bridge-tes given in honor of Miss Ruth Yerkes, a June bride-to-be, by her sister, Mrs. Harold R. Smith of Grosse Pointe.

The club house was gay with baskets of flowers and the grounds surrounding were especially lovely at this time of the year. The guests enjoyed strolling on the green at intervals during the afternoon. Bridge was the diversion of the occasion for which appropriate prizes were awarded the winners.

Miss Yerkes received the guest prize from her sister.

A delectable tea was served late in the afternoon with the guests sociably seated at one long table in the center of which was a large bowl of faded June flowers. Covers were laid for sixteen. Those attending this pleasant occasion with the hostess and guest of honor were their mother, Mrs. Don P. Yerkes, Sr., Mrs. Robert Yerkes, Jr., Mrs. 1901 P. Yerkes, Jr., Mrs. E. A. Chapman, Mrs. Robert, Goodman, Mrs. Geo. Karri, Miss Elizabeth Beard, Mrs. Allen Buckley, Mrs. Harold Bloom, Miss Barbara Blackburn, Mrs. Vance Masters, Miss Margaret Murdock, all of Northville, and Mrs. Sterling Eaton of Plymouth.

Mrs. W. L. Holden of Detroit, another sister of Miss Yerkes, and Miss Irene Fields of Pontiac, a former roommate of the honored guest in the University of Michigan.
