

YERKES LEADS
IN RACE FOR
CONGRESSMANLocal Candidate Favored
To Win Republican
Nomination

Yerkes for Congress. Given a decided preference by prominent organizations in the newly formed 17th district, Robert G. Yerkes, one of Northville's "favorite sons" in the family contest for the office of congressman, is well known as a capable and progressive candidate.

His background as a successful farmer, lawyer, businessman, a land owner and taxpayer, as well as a veteran of the World War, his many friends say, provides him with the understanding and ability to meet the many problems incumbent upon the man who will have to represent the new 17th district in congress.

Robert G. Yerkes

That he will receive a large vote in every polling place in the new 17th Congressional district, which will not only win him the Republican nomination but prove him to be the unquestioned choice of the people in all walks of life and everywhere in the district is the anticipation of Mr. Yerkes' supporters as the race draws toward its conclusion next Tuesday.

Yerkes' view is logical, they point out, based on the broad appeal which Mr. Yerkes' candidacy makes to the people of every occupation and in every type of community. Farmers, workmen, business and professional men are among those actively interested in his candidacy and urging his election as a true representative of all the people.

Mr. Yerkes as a youth worked in one of Detroit's largest manufacturing plants and has since been engaged in business, in the practice of law and in farming at his home, Braeside Farms, Novi Township, Oakland County.

Thus, his friends declare, his understanding of the needs and desires of all classes of people comes through his own intimate experience with various phases of life rather than from theory.

Because of these factors and advantages, Mr. Yerkes' friends say, he is not in any sense a "sectional" candidate or one whose views speak for one class of people only, but is truly a representative American who can be sent to Washington with confidence in his ability to adequately and satisfactorily meet the needs of his constituents. This is especially important, say Mr. Yerkes' supporters, in a district like the Seventeenth, with the wide diversifications of occupations and interests among its people.

An unusual feature reported by those in charge of Mr. Yerkes' campaign is a number of "Yerkes for Congress" rallies, spontaneous meetings arranged in various parts of the Seventeenth District by enthusiastic supporters of Mr. Yerkes in their local communities. The gatherings are being arranged by citizens of those communities who have invited Mr. Yerkes to attend and outline the comprehensive platform which he has presented for serious consideration to the people of the district.

NORTHVILLE'S ART
EXHIBIT EQUAL TO
ONE AT STATE FAIR

The Woman's department of the Northville-Wayne County fair, under Mrs. P. S. Harmon, has a remarkable record. The entries in their art division last week, which includes only the fancy work, numbered 874. It was learned that the art department of the Michigan State Fair at Detroit had 575 entries—only one more!

This is very unusual for the state fair, the exhibits are spread over wide space, while here they were crammed into our small Woman's building. And according to the compliments paid Mrs. Harmon and her department, the Northville exhibit not only equaled the state display in number, but in quality as well.

The whole display in the Woman's building, in fact, was so large this year that it was impossible to publish the names of those receiving premiums.

E. L. PHILLIPS IS
EXPECTED TO WIN
IN OAKLAND CO.

Supporters and friends of E. L. Phillips are anticipating a comfortable majority for him when republican primary votes for circuit court commissioners are counted in Oakland county following the voting on September 13.

Mr. Phillips himself has conquered a comparatively quiet though energetic campaign, but in addition, a host of followers throughout the county whose friendship he has won during his 14 years' legal practice, have been active in his behalf in their various communities. They have found in all parts of the county an appreciation of the value of Mr. Phillips' broad experience in legal matters, and a realization that particularly under present conditions, it is imperative that the circuit court commissioners, who handle cases having to do with the ownership and possession of land, be men of thorough experience and ability.

"We find that although the office of circuit court commissioner is not foremost in the political limelight and does not usually develop the most spectacular contests, that people understand the great importance of experience in this office almost more than in any other," said one of Mr. Phillips' friends this week. "They are mindful, too, of Mr. Phillips' high unquestioned integrity and high legal standing. In his first public office in which he is now serving as circuit court commissioner, he has won the confidence of all of Oakland county."

Mr. Phillips is particularly fitted for this work, by experience in both legal and real property affairs.

He has been a practicing attorney in Oakland county for 14 years, having received his legal training at the University of Michigan. He is also not only a substantial taxpayer in the county but an active member of the real estate board, through which he has made himself conversant with tax matters. His first public office is that which he is now serving, as Circuit Court commissioner.

Jack Shrock who has been studying at the Art Students League in New York City this summer is a guest of Harry H. White this week.

ROTARIANS ATTEND
DISTRICT MEETING
AT HOTEL STATLER

The weekly meeting of the Northville Rotary club was taken up on Tuesday to allow members to attend a meeting of 52 clubs of the 23rd district at the Hotel Statler at Detroit. Nearly one thousand members heard an inspiring address by Clinton B. Anderson, of Albuquerque, New Mexico, president of the Rotary International.

Winners and a number of other Canadian clubs are represented in the 23rd district and one of the thrilling moments of the meeting came when the thousand men joined in singing "America" and "God Save the King." Those present from Northville were: Father, Jos. G. Schuler, E. L. Mills, Arthur Marz, John McCully, E. C. Langfield and Richard T. Baldwin.

GRENNAN REPLACES
NICHOLDS, INJURED
IN POLO CONTEST

In the polo game in Detroit Monday, during which the Michigan Freebooters were defeated by Billwood, 7 to 6, Bobby Nicholds of Northville, who is a member of the Freebooters, was slightly injured. Bobby was thrown when his horse slipped in the muddy field during the sixth chukker. Although not seriously hurt, he was unconscious for some time and was replaced by Phil Grennan, also of Northville. "Bob," however, was back in the game the next day, apparently none the worse for his spill.

SCHOOL BUSY IN
SPITE OF FACT IT
IS NOT OPEN YET

In spite of the fact that school in Northville does not start until October 3, the high school building is a scene of activity. In the history department, Mrs. Cobb, its head, has kindly consented to be present on Tuesdays from two to four in the afternoon, in order to allow students to make up back work and thus start the year with a clean slate. The music department also is busy, with those practicing under the energetic direction of Leslie G. Lee, on something to surprise pleasantly the people in the near future.

The janitors, as usual, were also on the job, and all in all, things look "ship shape" and ready for school to start.

BRAVES PLAY TWO
AND BREAK EVEN IN
WEEK-END CONTESTS

The Northville Braves played away from home on both Sunday and Monday, and managed to break even. On Sunday they defeated Wixom, 6-3 with Keller pitching. In this contest the support given him was very good.

On the following holiday, they were beaten by the South Lyon Cardinals, 6-2. This game, despite the score, was hotly contested. The batting star was Cavell Johnson occupied the mound for Northville. So far the Braves are credited with eleven victories and six defeats, giving them a percentage of about 54.

Sunday they will play a double-header with Salem and Roseville, respectively. The first game will start at one o'clock.

M. J. MURPHY
ENDORSED BY
LEADERS HERECivic League, Railway Men,
Give Local Democrat
Preference

That able campaigner, M. J. Murphy, running for congress from this district, is sweeping down the home stretch with a flood of endorsements from prominent organizations such as the Detroit Civic League, the Allied Brotherhood of Railway Trainmen; he is being backed in Northville by outstanding men—Dr. L. W. Snow, village president, Dr. P. R. Alexander, prominent dentist, Sherill W. Ambler, well-known manufacturer and a host of others.

Many of Northville's leading publicans have sworn their party allegiance and are throwing their votes to Murphy, who has been carrying on an intensive campaign.

Confident of victory in the primary election on Tuesday, Sept. 13, the Murphy forces are jubilant. Following are some of the endorsements given by the sincere backers of this likable candidate:

"M. J. Murphy is the type of man we need," states E. C. Langfield, head of the Northville Laboratories. "He is honest, sincere, and a fighting Irishman who will stand up for the rights of the working people he represents."

"I have known Mr. Murphy for many years. I have known him as a man of high intelligence, breadth of vision, sympathy and understanding. I am backing him to the hilt for my ability," declared Sherill W. Ambler.

"As a member of the Murphy for Congress club," says Dr. P. R. Alexander, "I am heart and soul for M. J. Murphy. He is extremely capable, possesses one of the chief requisites for a congressman, an excellent sense of humor, and I believe he is going to be elected."

"Why are you backing M. J. Murphy, a democratic candidate for congress, when you are a republican?" was the question put to Dr. L. W. Snow, Northville village president.

"Here is his answer: "As chairman of the Murphy for Congress Club, allow me to make an earnest appeal to the readers of the Northville Record and the voters in the 17th district, to be sure and go to the polls on September 13th and to cast your vote for M. J. Murphy, but more than that, each and every one make himself or herself responsible for at least five more votes. Please keep in mind that you are not only supporting one of your own citizens who has been vitally interested in the future of our village, but you are supporting a man endorsed by three million men in the Brotherhood of Railway Trainmen, Civic League, Women's Organization for Prohibition Reform, and Michigan Battalion of Crusaders for Congress. I say boost Murphy and boost Northville, by having a representative for Congress from the 17th District from this village."

"Do you appreciate the fact that he was the instigator for the appropriation for our library, indirectly responsible for the widening of Plymouth avenue, and assisted the committee of one in securing the school grounds. His whole life has been spent in the interest of the working man, and in civic improvement. The past year he has been doing welfare work (without pay) which better qualifies him to work out a solution for the economic crisis which confronts our nation. I have personally known M. J. as a neighbor, member of the Republican club and co-worker on the Central Welfare, and I am glad to state that he is well-qualified, capable, honest and sincere. Again I say M. J. Murphy merits your support. To vote for Murphy ask for a Democratic Ballot at the primaries."

KING'S DAUGHTERS
RENEW ACTIVITIES

The King's Daughters began their fall and winter season with their opening meeting at the home of Miss Inez Bryan, South Wing street, last Tuesday afternoon. The prospect points to an active season ahead with plenty to do. These women will appreciate the cooperation of the public in their endeavors to relieve suffering in the community. Those having outgrown clothing or shoes will please notify Mrs. Wm. Sanford. There are a great many calls for children's clothing at the beginning of the season.

Mrs. Carpenter Is 96

Yesterday Mrs. Marietta Carpenter achieved the record of being Northville's oldest citizen, having reached her ninety-sixth birthday in fairly good health. Mrs. Carpenter is spending these years at the home of Mr. and Mrs. B. C. Stark where she enjoys the quiet of her own room and good care. Her memory of early years turns back to the years spent in Chenango county, New York, where she spent her youth and married Laetus V. Carpenter. With one child they came to Northville, where her husband was engaged for years in upholstery.

FRIENDS BOOST FOR
ROY BURGESS HERE

Following is a complete statement of the qualifications and platform of Roy H. Burgess, of Redford, republican candidate for congress from the 17th district.

His Proposals:

1. Let the Federal Government lead the way to economy by getting back to a pre-war budgetary basis. We MUST curtail Federal, State and Municipal extravagance by drastic reductions all along the line.

2. Unless Congress can itself reduce Government operative costs to a pre-war basis the President should, by legislation, be given the power to veto or reduce any government appropriation, abolish or consolidate departments or functions of government to accomplish economy.

3. Pay the Soldier's Bonus to those veterans in immediate need of it.

4. Rescind the prohibition question to the people for their determination. If called upon to express my opinion in Congress I would favor repeal of 18th amendment, if the legislation then proposed, guarantees against the return of the saloon.

5. Strengthen the National Banking Laws to provide an absolute protection of all deposits.

6. Legislate to eliminate all tax exempt securities.

7. Through 18 years' experience and association in the automobile industry, I am thoroughly in sympathy with measures to safeguard and promote the motor car business whose prosperity means so much to our whole country and especially to this district. Hence I favor repeal of all federal taxes on motor cars and incidentals thereto and a substitute thereof of a general sales tax on all manufactures.

8. Correct and provide by legislation the application of sound methods in an industrial system that will guarantee more perfect continuous employment of all labor.

9. Assist the American Farmer by protecting them from all foreign agriculture, live stock, dairy, and poultry imports. I think farmers themselves are best able when assured of the entire American market to conquer present price difficulties. I see no reason for incurring expense for so-called Farm Relief which only results in political plundering.

10. Get Government out of all business and put the best business methods in government.

What He Has Done:

Roy H. Burgess was born on a farm in Redford township, Wayne County, in 1889. His forefathers settled there in 1839-30. He was educated in the Redford public schools and old Central high school, Detroit, and is a graduate of the school of hard knocks. In the years of 1909-1910 he played professional baseball. At the age of 21, Mr. Burgess entered the hardware business with his father, the firm name being George C. Burgess & Son. He organized Redford's first drug business, the Redford Pharmacy, Ltd., in 1913. Later this firm became the Meyer-Burgess Drug Co.

Mr. Burgess organized and was the first president of the Redford Exchange Club. He helped organize and was first vice president of the Peoples State Bank of Redford. He was president and founder of the Redford-Detroit Corporation which owns the Publix-Redford Theatre building. He was appointed a member of the Detroit City Plan Commission by Mayor John C. Lodge, and was later reappointed to the same position by Mayor Frank Murphy. He was president of that non-salaried commission for the years 1930 and 1931. Mr. Burgess is still serving as a member of that commission. He is president of Roy H. Burgess, Inc., and of the Burgess Motor Sales, having had 18 years experience in the automobile business in Detroit. Mr. Burgess was recently appointed a member of the Board of Trustees for the Ford Re-public School for Boys. He was president of the Redford Board of Commerce when that organization

BAPTISTS TO HOLD
TWO-DAY MEETING

The 92nd Annual meeting of the Wayne district of some twenty-three churches will be convened next Tuesday morning at 10 o'clock in the Northville Baptist church. There are twenty such associations over the state.

The Reverend Wm. R. Shaw of Ypsilanti is conductor of the period of prayer and meditation at the opening of each evening and morning session. Those acquainted with Mr. Shaw and his work will quickly understand the great value of this arrangement. Special mention is also made of the fact that the entire program is built around the idea of worship. Both Dr. Shurdevant and Dr. Andem are from the state force at Lansing and will bring messages of power and instruction.

The ladies of the Methodist church are serving the delegates meals both Tuesday and Wednesday, 40c at noon and 35c at the evening hour. If you belong to Northville it will give you an opportunity to escape meal preparation and you will greatly enjoy the fellowship of eating together with others of like mind and spirit.

The pastor of our local church and the delegates who accompanied him last year to the meeting at Dexter, not only wished when they extended the invitation to come to Northville, to do their share in providing for the entertainment of the association, but desired also to bring a fine tribute to Northville. The pastor and the church would therefore greatly appreciate a large local attendance. We can assure any who find time to listen to a part or all of the program that they will feel amply repaid.

NORTHVILLE WILL RALLY
TO SUPPORT OF YERKES,
MURPHY ON TUESDAYLocal Candidates in the 17th District Race
Will Get Big Vote at the
Primaries Sept. 13.

With two Northville men, Robert G. Yerkes, republican, and M. J. Murphy, democrat, running as 17th district congressional candidates, voters of this community, both in Wayne and Oakland counties, will go to the primaries next Tuesday, September 13, in large numbers in the hope of bringing new honors to our town.

Not only is there the keenest interest in the active campaigns which have been waged by both local men but there is also a great appeal to the voters to go to the polls next Tuesday to select the right candidates from the largest field of primary candidates that ever sought office in this section.

ST. WILLIAMS
CHAPEL IS NOW
FREE FROM DEBT

Through the unceasing efforts of Father, Jos. G. Schuler, and members of his parish at Walled Lake, the last dollar of indebtedness on St. Williams' chapel there has been paid.

Although many donations of labor were made for the building, a total of \$9,000 cash was put into the chapel. Clearing of the debt is a splendid showing in view of the conditions that have been prevailing.

LOCAL MECHANICS
SAY BRAKE TESTING
IS A HUGE SUCCESS

Brake testing in Northville is a big success. At the following garage, 125 cars were examined the first week: Rathbun, Chevrolet Sales.

Next to the congressional race, the contests for sheriff and governor are perhaps of most interest. Sheriff Henry Behrendt, on the republican ballot, contesting with three others, has many friends in Northville. Seven democrats seek the party nomination.

Brucker Runs Strong

Governor Wilbur M. Brucker apparently will run ahead of his four rivals in the race for the position of state executive. Mr. Geo. W. Welsh, former city manager of Grand Rapids, Wm. H. McKeighan, mayor of Flint, James Qumlan of Grand Rapids, (a bitter rival of Welsh) and Arto Boney a Shawassee county farmer, who calls himself the "hitch hiking" candidate.

GEORGE STAMP'S
FAMILIAR WHEEL
STOLEN BY THIEF

The familiar bicycle of George Stamp has been stolen. Barked during fair week near the fence surrounding the field in which he was working on Fairbrook avenue (among the Ford gardens), when he returned it had disappeared.

The bicycle was of "National" make and the frame was a dark blue in color. The front wheel was new, and both wheels had chinch rims. The "bike" had a two-speed Corbin coaster brake and had one handle-grip missing.

Mr. Stamp, who is slightly lame, needs his wheel very much and wishes that if anyone knows its whereabouts, they will please inform him concerning it. He will offer a reasonable reward for the return of his bicycle.

SCHOOL WANTS SIX
SECOND-HAND TEXT
BOOKS ON MONDAY

Making an exception to the rule of last spring that no second-hand books would be bought by the school this fall, Mrs. Martha Ray, in charge of the book department, finds herself in need of some books and wants to buy them. She wants six copies of Hughes' "Citizenship," a book that was used last year in the eighth grade and two years ago in the ninth. Mrs. Ray wishes that anyone having copies of this book would bring them to the offices of the board of education at 2:00 p. m., Monday, September 12, and she will buy the first six books presented.

CHURCH AND POLITICS
DISCUSSED IN PULPIT

"Should the church people take an active part in politics?" was the pertinent question discussed by Rev. W. Roscoe Barbour at the Baptist church last Sunday evening. "Politics" said the speaker, "should be understood as organized effort for social righteousness, not selfish grasping for remuneration office." For the welfare of others and our country the Baptist minister believes that it is the duty of citizens and home-makers to take an active part in politics.

The 17th district is a new one, composed of the 22nd ward of Detroit and Northville, Plymouth and Livonia townships and all of Oakland county.

Both Yerkes and Murphy have been given a very fine boost in the race in which they had already been counted as among the possible winners by being named as "preferred candidates" by the Detroit Citizens League whose non-partisan committee has made a study of the capabilities and characters of the candidates. The importance of this recommendation is seen when it is noted that of the 14 republican candidates Yerkes is one of the four who have been "preferred" and Murphy is one of the two democrats who have been called "preferred."

Friends of both Northville candidates are putting up a most active campaign and it is certainly hoped this community will turn out en masse next Tuesday to show its loyalty to our citizens.

Next to the congressional race, the contests for sheriff and governor are perhaps of most interest. Sheriff Henry Behrendt, on the republican ballot, contesting with three others, has many friends in Northville. Seven democrats seek the party nomination.

Governor Wilbur M. Brucker apparently will run ahead of his four rivals in the race for the position of state executive. Mr. Geo. W. Welsh, former city manager of Grand Rapids, Wm. H. McKeighan, mayor of Flint, James Qumlan of Grand Rapids, (a bitter rival of Welsh) and Arto Boney a Shawassee county farmer, who calls himself the "hitch hiking" candidate.

On the democratic side, of the house are three candidates for the nomination for governor. William C. Mumford, the veteran fighter of democracy is opposed by Claude Carney of Kalamazoo and Judge O'Brien of Detroit. The latter is known to have considerable Upper Peninsula strength where he lived for a great many years. Mumford's candidacy has the backing of many of his party leaders.

For lieutenant governor, Luren D. Dickinson of Charlotte is facing the hardest fight he ever had to retain the place frequently given to him by republicans without opposition. This year former state senator Charles A. Sisk of Ann Arbor has put up a battle royal for this place and it is predicted that he will win the nomination.

Mr. Sisk made many friends on the occasion of his recent visit to the Northville fair. He is further well known as having served this area as state senator. He is a man of outstanding ability and integrity. The fact that Mr. Dickinson is past 70 years of age will also undoubtedly swing many votes to Mr. Sisk.

Gutman Favored Here. Northville will give a big vote to Wm. Gutman, republican, for county auditor. He has been a very loyal friend of the Northville Wayne County fair. Furthermore, he is the only one of four republican candidates who has been endorsed as "preferred" by the Detroit Citizens League. His name should not be confused with that of another Wm. Gutman, who is running as one of the eight candidates on the democratic ticket.

Northville is in the 18th state senatorial district and here are found contesting eleven republicans and eight democrats.

Northville is in the fifth state representative district and Edward F. Fisher, republican who is now holding the office, has no opposition. There are three democrats contesting.

County Clerk Thos. F. Farrell and Register of Deeds Otto Stoll, both republicans, have no opposition. Five democrats seek the former office and six seek the latter.

For county treasurer, seven republicans are candidates and nine democrats. Lavina Gordon and her

ANOTHER MILEPOST IN LIFE

It will be just a few short days now before our daughter starts off for college. As we sit here at the house alone, writing this "crazy column", we just dropped a few tears all to ourself as we got to wondering just what we wouldn't give to "hang on" to Ruth Mary for another year or two so we could keep her in the home to which she has meant everything for eighteen happy years. Yet that wouldn't be fair to her. We want her to be her best and do her best in the years to come and in this age of ours we all know that the young people need all the preparation and help they can get to go out and meet life confidently and well. So when she goes it will be with dad's blessing and with his and "mother's" certainty that she will make the world just a little better for having made us a little more homesome for awhile. Maybe some day she'll come back and settle down to run The Northville Record—and she could do it.

EXIT THE "WISECRACKER"

Well, well, New York City's "wisecracking" mayor, the smooth-tongued, free-money-spending Jimmy Walker found the fire that Judge Seabury built under his feet too hot and now the mayor has resigned.

Out here in the "sticks" where there are some old time ideals of honesty and service in public office, it seems a strange and inconceivable thing that New York City would "stand for" his profligate use of money and for his weird ideas of public service. Yet part of New York thinks Jimmy a "great guy" and Tammany may decide to run him again and re-elect him by a big vote. New York is so much in the grip of the Tammany hall outfit that it took Judge Seabury and a lot of good citizens a year or two to oust a man who has made a terrible travesty of his high office. If you want to know one thing, the matter with American democracy is that it is not to sit together side by side in Tammany and New York and the answer.

A CONGRESSMAN FOR NORTHVILLE

Northville has a chance to have a congressman. As far as we know, this community has never had that high honor. With one candidate from each party in the primary race, our opportunity to have representation in the lower house at Washington is before us.

Robert G. Yerkes, republican candidate and M. J. Murphy, on the democratic ticket, represent Northville in the scrambled race—there are 27 candidates on both tickets—and they should be given a fine home vote that will express the loyalty of our community. Both have made many friends by their campaigns and both have given Northville some outstanding publicity. Other communities will "stand by" their candidates and inasmuch as our representatives are leaders in the race they are doubly entitled to our loyalty.

It would be a splendid thing for our community to have a congressman. Depending upon party affiliation, a vote for Mr. Yerkes or for Mr. Murphy will make it a real possibility to have Northville on the map at Washington.

THE LAST INTERURBAN

It seems only a few short years ago that the writer stood under a night sky at Imlay City and with other speakers stood on a platform and talked to several thousand people at the new D. U. R. depot and told them what a glorious thing it was that the interurban had come to Imlay City from Detroit, and what a happy day it would be when the tracks were laid to Marlette where we then ran the newspaper.

This all flashed through our minds today as we picked up a daily paper and learned that the last interurban operating out of Detroit, the one to Toledo, had been ordered discontinued. Gone are the interurbans from a good part of Michigan. Yet they came and went all in a comparatively short space of time. Their exodus is just another indication of the tremendous change that the automobile has brought to our generation. Buses, private cars and trucks have taken over the business that the street cars once had.

The giant trucks today are monopolizing our highways and taking away much business that ought to go to our railroads. Will the time ever come when their tracks too, like the interurbans, will be pulled up? If it does, billions of dollars will be lost to a lot of folks.

BIGOTED INJUSTICE

The attitude of the Crusaders in their refusal to support Governor Brucker, although they are boosting for Hoover, certainly has put this organization "in Dutch."

Let a "decided wet" tell the story.
When asked for a contribution toward the big campaign fund of the Crusaders—who have the strange notion that the issue of beer is more important than that of

bread and taxes and children's shoes—Calvin A. Miller of Detroit who calls the Eighteenth amendment a "monstrosity" certainly well explained the unfairness and bigotry of the Crusaders. He writes to the treasurer:

"Under ordinary circumstances I might feel like contributing a small amount to help defray expenses of your campaign, but as I follow affairs of your organization I have become convinced that people opposed to the Eighteenth Amendment and the Michigan Dry Law can be just as fanatical and narrow-minded as the Anti-Saloon League and the long-nosed 'snoots' backing that institution."

Could any "dry" have made out a better case against the unjust stand of the Crusaders?

And even such a liberal newspaper as The Detroit Free Press bitterly criticizes the unfair attitude of the Crusaders. Fortunately, Governor Brucker will gain votes by the stand of these unreasoning opponents of prohibition.

WANDERING THOUGHTS

Still looks like Brucker for governor.

Keep your eye on Maine September 12. They vote that day. It will give a line on the national election.

Does any well informed person think for a minute that if Michigan had the old convention system, instead of the present primaries, that Wm. H. McKeighan of Flint would have the slightest chance to be nominated for governor? Luckily he isn't going to be nominated.

A very good friend who has been in New York state recently says Roosevelt will not carry the state. The Detroit Free Press of September 3 carried a story which practically said the same thing. If the democratic candidate loses New York state, says Mark Sullivan, the noted correspondent, his chance to beat Hoover is hopeless.

For the second consecutive year the writer has been unable to get enough money together to take his annual vacation. And yet there is no business that we know of, that is more exacting and from which one should get

WHAT OTHER EDITORS ARE THINKING ABOUT

Editorial Decay

(W. H. Berkeley in Cassopolis Vigilant)

There is always a tinge of sadness when we view some fine old farm home that is going to run. We know the history of some of these, know how the original owners worked to make a fine farm and a good home and now the place is being sold. But now the old folks are gone the farms have changed hands, the soil has become worn, and the good buildings are showing as much wear as the soil—often more so, and there seems to be no means or no incentive to keep the place up to its former standards. Those who too much pride in some of the fine old homes would be shocked to see them now.

"FLY SPECKING" BRUCKER

(M. H. DePoe in Charlotte Republican Tribune)

"It is easy to fly speak any politically charged administration in these days of unrest and despair. It would be true from the smallest to the highest unit of operative government. True, some criticism is reliable but in most cases the charges are overdrawn for political purposes.

By and large Governor Brucker, in the most desperate period in the history of the commonwealth, has done a commendable job. It must be admitted that he did the best he could, and that he is honest, intelligent, decent and patriotic. It is just possible that some of his critics, in his position the past two years, would not have shown the superlative administrative qualities which they now claim for themselves.

Remember when you step up to vote that Governor Brucker has faced the greatest economic crisis in all modern history. Place yourself in his place and treat him as you would wish to be treated. Be fond this urge to consider him as a personality with the same attributes of right and wrong as you have on vote that Governor Brucker has deserves the support of republicans who have the welfare and the interest of the party at heart.

If Governor Brucker is defeated for a second term—after the type of public service that he has given the state—then every republican governor in the future must face this same test, and such action means a permanent and accumulative handicap to the republican party greater even than the present primary system.

Income vs. Outgo

Jones—"How do you spend your income?"

Smith—"About 30 per cent for shelter, 30 per cent for clothing, 40 per cent for food and 20 per cent for amusement."

Jones—"But that adds up to 120 per cent."

Smith—"That's right."

away for a while than the newspaper game. If you doubt it, come in and we'll let you be the editor for a week.

Salem township republicans will have the chance at the primaries next Tuesday, Sept. 13, to vote for one of the finest citizens of Washtenaw county, Edward E. Brown, for register of deeds. He is a former editor of The Northville Record and an unusually worthwhile and capable man. He would make an excellent county officer and from all that we can hear has a good chance to be nominated and elected.

THIS WEEK'S QUESTION

Do you get enough sleep?

THE LIQUOR QUESTION IN THIS CAMPAIGN

(Detroit News)

The democratic national platform favors the repeal of the Eighteenth Amendment. The repeal of the amendment can only be effected by the passage of an amendment by Congress and its submission to the states for ratification.

The republican national platform proposes an amendment which would allow the states to deal with the liquor question according to their will, subject to the proviso that the saloon be barred. Such an amendment must be passed by Congress and submitted to the states for ratification.

Ratification of either the democratic or the republican amendment would make liquor a matter for state control. A state could decide to permit liquor or do without it. The democratic amendment would permit the saloon, if the people of a state wanted it. The republican amendment would bar the saloon.

The liquor question in this campaign has been greatly overemphasized. No matter which party wins, the issue must be presented to the people of the several states. Both parties have promised to submit it. One would submit it unconditionally, the other would bar the saloon. If the people themselves are going

CASH FOR COAL!!

Much as we might wish to do otherwise we are compelled to go on a strictly cash basis. Freight, which makes up 40 per cent of the cost of fuel must be paid for within forty-eight hours. Delivery charges, which means pay for local employees, must be paid each week in cash, in order that they may pay their legal bills, to the merchants of the community.

Our credit experiences during the past two years have resulted in our having thousands of dollars remaining unpaid upon our books.

Therefore, effective SEPTEMBER 1st, coal and coke must be paid for on or before delivery.

PARTIES BOTH ALIKE SAYS MR. ROBERTS

To Record Readers.
Are you a democrat or a republican?

If you have inherited a political belief you need not worry. All you need to do next Tuesday is to ask for your party slate and use your pencil. It is of no use to ask you to use your head first, for no one with an inherited political creed ever does that.

If you are a young voter with no fixed political faith to guide you, or misled "you" as the case may be, you are up against it, for not even Aristotle with all his brains, could discover from the speeches of the candidates or their party platform any sharp difference in principle of policy. The most that can be safely assumed is that there are two groups contending for the privilege of holding some political job. Brains, or analytical ability, won't help you a particle on which party to select for there is no difference between them, except that one party is in and the other is out.

Since I am a Free Trader, I have no party and never had one. That is one penalty of study, it robs you of a party. No student can be a party enthusiast. Parties are composed of people who do not think and are controlled by those who do. Theoretically, the republican party stands for special privileges to favored groups. Theoretically, the democratic party is opposed to special privilege. Practically there is no difference between them. Take your choice.

When the new voter finds himself alone in the voting booth with his party list in one hand and a pencil in the other, prepared to exercise his God-given right of suffrage, and finds himself surrounded by a sea of Republicanism, he may recognize half a dozen names, but is totally unimpressed about their fitness for the job they are seeking. The average voter may know one or two whom he thinks fitted for the office, but they are as likely as not to be in the other party.

If the young voter is systematic in his ignorance, he may vote for the first candidate in the list for sheriff, the second candidate for treasurer and the third candidate for auditor and so on down the list. Or if he is of Irish descent, he may vote for all the O'Connors and O'Haras and fill in the gaps with Polish names. If the voter is an old timer he may vote against every name that he recognizes as an officeholder on the theory of giving the young man a chance, or pass the job around.

I strongly urge the voter to have some system of selection. The simpler the better. It is of no value to read the platforms and promises of each candidate for they are all alike. Any one with original ideas or real political convictions is not foolish enough to broadcast and kill any chances he may have of sticking to generalities. For example, to one is foolish enough to oppose the soldier bonus, no matter what his convictions may be about the wisdom of the affair.

Amid this welter of ignorance what must I do with my pencil? The probabilities are a hundred to one that whatever selection I may make will be wrong. Few of those candidates are one whit better qualified for the office than I and I know nothing whatever about the job.

If I were a local democrat, I would select Mr. J. Murphy, first because I know him, but mainly because I know that he is unusually well qualified for the office. If I were a republican, I would vote for Owen Rippey for the same reasons. I have known Mr. Rippey for thirty years and found him to be an earnest, able and conscientious man. Beyond the selection of these two men the remainder of my time in the booth would be occupied with guessing.

"REPEAL UNEMPLOYMENT" SAYS NORMAN THOMAS

At Pontiac Labor day evening, Norman Thomas, socialist candidate for president, gave a keen and penetrating exposition of the present economic debacle, and of his socialist solution, before a responsive audience.

To those who see little hope for improved government or for food for the starving in the platform of either of the old parties, the program of the socialist party apparently offers "America's only way out." The party's motto, apropos of the moment, is "Repeal Unemployment!"

Briefly Norman Thomas proposes a ten-billion-dollar federal appropriation for immediate food, shelter and work for those in need; six-hour day, five-day week and no reduction in wages; unemployment insurance and old-age pensions; public ownership and socialization

of mines, public utilities and big basic industries, which rightfully belong to the people; government-owned banks incorporated with an extended postal savings system; steeply increased inheritance and income taxes upon the inordinately rich; drastic reduction in armaments; entrance of the United States in the League of Nations and the World Court, and prohibition of sale of munitions of war to foreign powers.

And that one of your fine residence streets is named for the settlers who came to this section by ox team?

Obituary

Jay Bennett

Jay Bennett, a prominent farmer of Novi, passed away early Friday morning at the age of 63 years, after an illness of three months' duration.

Mr. Bennett has always lived in this vicinity, and died in the same home into which he was born. The deceased was well and favorably known, having a wide circle of friends and was successful as a farmer.

The funeral services were held in the home Monday afternoon and the burial was in the Novi cemetery.

Surviving Mr. Bennett are the wife and a sister, Mrs. Mary Harmon.

Mrs. James E. Furlong

Emma A. Chilson, daughter of S. J. and Julia A. Chilson, was born October 14, 1845, at Plymouth, Michigan. She was united in marriage October 17, 1866, to James E. Furlong, by the Rev. S. E. Vaughn, of Plymouth.

A few years later she moved to this community, and in 1880 joined the First Congregational church of Salem. She spent most of her life in this vicinity, where she made many friends.

About five years ago she moved to the home of her son at Washington, D. C., where she resided at the time of her death, September 2, 1932.

She is survived by two children, Mrs. Gilbert Thompson, of Salem, Michigan, and Arthur D. Furlong, Washington, six grandchildren and two great grandchildren, also survive.

Funeral services were held in the First Congregational church of Salem, located at Worden Rev. Lucia M. Stroh, pastor of the Congregational church at Salem, officiated. She took as her text the 23d

man R. Lau, on the republican ticket, are best known here.

The electors will vote for two candidates for coronator from nine republicans and thirteen democrats. Three republicans and five democrats seek to be county drain commissioner.

In picking a candidate for county road commissioner, the voter should not confuse the name of W. F. Butler, seeking re-election, with Howard W. Butler, on the republican ticket. Of the ten democrats, Charles A. Handeyside, of Wayne village, is the only candidate for this office who lives outside of Detroit.

Three republicans and thirteen democrats are out for the two nominations for judge of probate on each ticket.

Earl E. Guillen, of Detroit, is favored in Northville in the race for the office of probate judge.

It has been an interesting campaign, with less money spent than for many years past, even though there has been a small army of candidates tramping up and down the streets from early morn till late at night.

Because of the tremendous task facing the election boards due to the large number of candidates, as well as the large number of voters, the election boards are expected to be in session for several days.

Psalm, the comforting message of the Shepherd Psalm "Christ, our Shepherd."

Mrs. Ivan Speers and Mrs. Geo. Foreman sang the two beautiful hymns, "Rock of Ages" and "Jesus, Lover of My Soul," accompanied at the piano by Mrs. C. W. Lewis.

Services took place Monday, September 5, at 11 a. m. There were present relatives from Salem, Worden, Ann Arbor, Pontiac, South Lyon, Detroit, Northville, Plymouth and Washington, D. C.

A large audience of devoted friends and bowers of gorgeous floral pieces, evidenced the high esteem and love with which Mrs. Furlong was held. Interment was in Worden cemetery.

Science, it is said, cannot explain this mystery except on the theory that some living creature is hidden within them but even yet, it does not explain upon what it subsists.

Preceding the ceremony "I Love You Truly" was sung by a quartet of the groom and at four o'clock the bridal party entered the living room to the strains of the "Wedding March" from Lohengrin and took their places at an improvised altar of palms and garden flowers.

On the arm of her father, the bride, lovely in a gown of white silk organza and carrying Johanna Hill roses, orange, blossoms and baby breath, approached the altar where she was met by Mr. Staman. Their attendants were her bridesmaid, Miss Beatrice Douglas, of Wayne, whose pale yellow organza dress and carried Pernet roses, and Howard Staman of Lansing, brother of the groom.

The impressive ring ceremony was performed by Rev. H. G. Whitfield, pastor of the Presbyterian church of Northville. HERMAN R. LAU
CANDIDATE FOR
County Treasurer

Herman R. Lau, Wayne County Treasurer and a candidate in the primary election of Sept. 13, is a man of many qualifications. He has been successful in his business and in his public life. He has been successful in his business and in his public life. He has been successful in his business and in his public life.

Herman R. Lau by a life time of living and dealing with his fellow men has demonstrated his complete trustworthiness.

To conduct the county treasurer's office successfully and acceptably calls upon a man of high personal character and a high degree of integrity.

Herman R. Lau has effected numerous improvements in the service of the office since he has been county treasurer. He has brought about a marked orderliness, a strict discipline, a high degree of efficiency and a courtesy to all that is widely remarked upon.

County Treasurer Lau's administration of his office has reflected the sincerity, the earnestness and the conscientiousness of his personality, and he has proved most deserving of the trust to which he has been entrusted.

His entire lifetime since the age of three, has been spent in Detroit. Ambitious as a boy, he never was afraid of work, no matter how humble its calling. He prepared himself for the shoe business by learning the trade of a cobbler in the factory of Hazen S. Pilgreen, which he first served in the capacity of office boy. This thoroughness, of preparation was signal of success to come to Herman R. Lau later as a business man and as a public servant.

The duties of the county treasurer's office are numerous and varied.

DR. ALBERT L. FRENCH
CANDIDATE FOR
CORONER

DR. ALBERT L. FRENCH

Qualifications and character backed by actual experience should be the prime factors in determining the capability of a candidate for public office.

The office of County Coroner has been an important one since its inception by King Richard in the Eleventh Century. It is primarily concerned in protecting the interests of the people as well as the state at a time when emotional stress and tragedy exist. It entails a thorough knowledge of medicine and surgery, pathology, law, executive ability and judicial temperament. It takes on added importance in these days of organized crime and calls for complete cooperation between the prosecuting attorney, sheriff's office and other law enforcement agencies to insure the successful prosecution of criminals.

Dr. Albert L. French, present coroner, was born in Detroit and after graduating from Detroit College of Medicine and Surgery, he was appointed County Physician in 1914 and served for six years in that capacity when he was promoted to supervise the County Health Department as Chief Medical Examiner for four years. He was also an instructor in pathology on the teachers' staff of the Detroit College of Medicine and Surgery from 1916 to 1920.

During those ten years with the county medical department, Dr. French conducted personally thousands of autopsies and testified in hundreds of civil and criminal cases in the various courts and not in one single instance has his testimony been successfully contradicted or set aside by the State Supreme Court.

This diversified experience completely fitted him for the office of County Coroner and the people elected him by a large majority six years ago. He has held this office of public trust for four terms and expects to enter upon his fifth term with the deserved and merited support of the electorate in the coming primary and election.

and they have been discharged by Mr. Lau most satisfactorily, and he is privileged to point with much pride to a record of accomplishment that promises to be generally endorsed by the voters of his party in the coming primaries and by the general vote in the election in November.

Dr. French conducted personally thousands of autopsies and testified in hundreds of civil and criminal cases in the various courts and not in one single instance has his testimony been successfully contradicted or set aside by the State Supreme Court.

HARRY G. JACKSON
CANDIDATE FOR
STATE SENATOR

HARRY G. JACKSON

Harry G. Jackson, a lawyer with offices in Highland Park, is a Republican candidate for State Senator from this district, which comprises the townships of Northville, Plymouth, Redford, and Livonia, City of Highland Park, the 16th and 22nd wards in Detroit, and the north end of the 8th and 12th wards in Detroit, enlisted in the United States Army in 1918, and received an honorable discharge from the Army after the Armistice was signed. He is a graduate of the Business Institute, Detroit College of Law, enrolled in the University of Michigan 1923-1924, conducted a private business, and now is practicing law. His qualifications, such as to merit the nomination in the primaries.

Through Mr. Jackson's contact with individuals from various walks of life, he has become familiar with the economic and social questions of this day which should be solved in the coming sessions of our State Legislature.

The principles which he advocates in his platform can be summarized as follows: Creation of employment for our people instead of charity; further economy in State government, thereby resulting in a reduction of tax burden so that the cost of operating our government will be within the ability of our people to pay for such; a more rigid regulation by the State over all banks and investment institutions, so as to guarantee to our people the safety of their money; Elimination of a state tax on real estate in order to foster and encourage private ownership of property; reformation of the workingman's compensation law so as to effectuate a more liberal interpretation of such law in protection of our people in industrial employment, an old age pension act which will aid our citizens who can no longer find employment and have no one to support them, such is humanitarian legislation which is needed and will not add any additional taxation to the public; a State movement to encourage agriculture and cultivation of land owned by the State; thereby returning land to the tax roll which at the present time is of no profitable gain to our people.

State control over the sale of alcoholic beverages when the 18th amendment is repealed as advocated in the republican platform.

Mr. Jackson is particularly interested in reducing taxation and believes by so doing, a new spirit will be injected in our people, more prosperous conditions will be enjoyed, and additional employment will be created. He believes burdensome taxation to be depressing and demoralizing to our people.

We need a man of Mr. Jackson's caliber in our State Senate, one who understands the problems of the various individuals who make up our State government. He is 32 years of age and is sufficiently aggressive and represents the intelligent progressive movement of the state.

Mr. Jackson when elected assures the public that every person will have just representation as far as he can carry such out.

DR. McBRIDE IS SEEKING SENATORIAL NOMINATION

A more general representation of vocations among members of the state legislature is suggested in the candidacy of Dr. Walter C. McBride of 12676 Washburn Avenue, whose name will go to the voters at the coming primary for State Senator in the Eighteenth district, embracing Highland Park and Northwestern Detroit on the Republican ticket. Dr. McBride's many friends in the city call attention to the fact that his academic training and business activity especially equip him for the consideration of legislative questions, particularly those pertaining to public health, state institutions and the institutional care of children.

Dr. McBride conducts his practice of dentistry at 680 Fisher Building, and has a national reputation in his profession. He edits a local dental publication, is Associate Editor of the Michigan State Dental Journal and is the author of a book on juvenile dentistry.

DR. McBRIDE IS SEEKING SENATORIAL NOMINATION

FRANK BRINKWORTH
CANDIDATE FOR
Congress

FRANK BRINKWORTH

As a candidate for Congress I make economy the keynote of my platform and pledge myself to do everything humanly possible to help balance the budget by reducing expenses and not by an increase of taxes.

Repeal of 18th Amendment: The repeal of this amendment will save the taxpayers of this country hundreds of millions of dollars, now spent in ineffectual enforcement.

Repeal of Volstead and Jones Laws: The repeal of these laws will restore beer and wines and change what is now a source of expense into needed revenue.

Repeal of Sales Tax on Automobiles and Accessories: This industry has always been singled out for unfair taxation. The removal of this tax will help in a way to reduce prices on these products which will be reflected by some increase of business in this territory.

Anti-Trust Laws: A strict application of same to prevent monopoly in all lines of business.

Stabilization of Prices: To prevent "cut throat" competition would urge the passage of Capper Kelly Bill.

Banking: In view of the numerous bank failures, would urge revision of the banking laws to provide for stricter supervision. Also the passage of a Bank Deposit Guarantee Law.

Reduction of Expense: Would urge abolition of needless commissions and the consolidation of departments to prevent duplication of work.

Payment of Veterans Bonus: I feel that we owe this to the men who gave up everything to go to our defense and pledge myself to work for same.

Tariff Revision: Downward revision of the Hawley-Smoot Tariff Act. Will do much toward restoring our foreign trade.

Experience: (In conclusion) For a number of years served as chairman of committee on Laws and Legislation, Oklahoma State Federation of Labor. Served as member of Oklahoma State Legislature and was active in all measures for the benefit of labor, the farmer, and small business men. Joint author of amendments to Workmen's Compensation Act. Worked for passage of Boiler Inspection Law, Safe Scaffolding Law, additional factory inspectors and Pure Seed Law.

Not interested in legislation for the selected few but will work at all times for that which will do the greatest good for the greatest number.

GEO. T. CARTWRIGHT
CANDIDATE FOR
Congress

GEO. T. CARTWRIGHT

To the electorate of Northville and Plymouth and the surrounding territory of these cities I make this brief statement. There is no doubt but that you have honest and capable candidates for Congress residing in your community in justice to yourself and the territory that this district includes, you should feel the responsibility of acquainting yourself with other candidates and their convictions, and attitudes toward the major problems and issues that are involved in this Congressional campaign.

The importance of selecting a man who will be representative, not only of the people, but of the problems of the district he represents and the issues before all the people of the nation as of most vital significance in nominating a candidate who has the ability to fulfill his convictions or at least make a determined effort to have them fulfilled.

"Any man who offers himself for public office as important as that of Representative in Congress should have as a background a thorough knowledge of the needs of all the people, such knowledge can only be acquired after a study of years, not months or weeks. Mere casual observations or conclusions formed from such observations cannot reflect the true status of affairs."

It is because he has devoted many years in the acquiring of facts and information about the people in his district and their needs and demands that Mr. Cartwright submits his name to the electorate in this Congressional primary.

There must be an entire readjustment of hours of labor for at least sixty per cent of the people in this country before we can be assured of a return to conditions as favorable as the five year period prior to the year 1929. Men and women must have employment which they must be reasonably sure of for years, not months, and the only possible way of accomplishing this is by reduction of the hours of labor and in increasing wages to a slightly higher scale than that prevailing in 1925 and 1926. This method will offer employment to at least twenty per cent more people.

Unemployment insurance will be as ordinary as compensation insurance within the next ten years. Properly controlled, and intelligently administered, this reform can prove a real benefit to both employer and employee. It is going to receive considerable recognition by this government within the next four years.

Re-establishment of the confidence of the people in our banking system will only be effected through a uniform banking law with strict government supervision and either guarantee of deposits by the government or a government owned finance corporation which will assure banks of immediate assistance during panic periods.

It will be necessary within the next four years for this government to submit a plan to our foreign debtors by which they will be able to pay their indebtedness to us.

The ratification of the Great Lakes-St. Lawrence waterway Treaty is of great importance to this district.

Fundamental changes in the Prohibition laws and constitutional provisions will be adopted within the next four years and sensible, sane regulatory laws for the control of the liquor industry and the revenue to be received therefrom are problems that must be faced.

The payment of the soldiers' bonus will receive attention from this new Congress; and it will be necessary to formulate legislation for this purpose which will not be injurious to the country's general financial condition.

These and other important problems demand that you as a voter use that same care and caution in casting your ballot for your Congressman as you use in your personal affairs.

DAVID GORDON
CANDIDATE FOR
County Treasurer

DAVID GORDON

David Gordon, candidate for the Republican nomination for County Treasurer, is making his campaign on 1932 lines, stressing the need of better and less costly administration of this vitally important office in the county's business affairs.

While any candidate for public support can make promises, force is given to Mr. Gordon's campaign by the fact that he has had seven years' experience as chief deputy to the County Treasurer and is intimately acquainted with the duties and business details of the office than any other man in Wayne County.

Gordon was the first outstanding public official to attack the evil of nepotism in the employment of office assistance, starting his attack four years ago. Recently much publicity has been given to the widespread employment in county offices of family members and "in-laws" of officeholders. That the County Treasurer's office will not be a "family affair" under the administration is the definite promise made by Gordon.

Courtesy as well as efficiency in the conduct of the treasurer's office is the aim of Mr. Gordon. He declares that the office being a chief cog in Wayne's business administration, should be conducted on strict business lines, including every possible economy in operation and as close a control of all overhead expense as a well-managed private business handling millions of dollars annually would insist upon.

Gordon's years of experience in public life not only has made him thoroughly acquainted with the county's business affairs, but also has made him widely known among the citizenry of the city of Detroit and of all parts of Wayne County. From literally thousands of these, he has received personal assurances of their support in his campaign.

WILLIAM E. KIRBY CANDIDATE FOR STATE SENATOR

WILLIAM E. KIRBY

The Republican party placed a plank in its platform relative to the St. Lawrence deep water way and signed a treaty on the subject. Let us keep the party in power until this treaty has been ratified. Why? When it is through and we can ship our wheat, oats, corn and barley to the nations of the earth at a freight rate so we can compete with other grain growing countries they the farmer will be able to sell and at a far better price. The farmer will then be able to buy the things he needs and the city worker will be put to work.

We should also place and keep in our legislative halls at Lansing men that will keep our State going right up until the next election. Let us elect WILLIAM E. KIRBY candidate for State Senator in the eighteenth district has made a study of this subject.

Mr. Kirby is acquainted with the practice of the large manufacturers, having served in their offices for thirteen years.

He taught school in his younger days and will keep the matter of education well in mind.

He has been a lawyer for nineteen years.

Mr. Kirby advocates the St. Lawrence deep water way, strict economy everywhere, bond approval by taxpayers ONLY, no grade schools to guarantee at least an eighth grade education to all children.

Your vote will be appreciated.

WADE VAN VALKENBURG CANDIDATE FOR CIRCUIT JUDGE

WADE VAN VALKENBURG

Wade Van Valkenburg, candidate for the Democratic nomination for Circuit Judge, to fill vacancy in Wayne County, secured to answer questions asked in the article in this paper of September 2nd in regard to what attitude a judge should take when he encounters faulty and improper laws and what protection should be given the public in dealings with dishonest and unscrupulous lawyers.

For over one hundred years the governments in America have existed on the theory that the departments, namely legislative, judicial, and executive should remain separate, but act as a check on one another.

Mr. Van Valkenburg feels that when faulty legislation comes to attention of judges that it is their duty to report their observations to the legislature and allow the latter to use their own good judgment in the matter.

For illustration: A factory worker saved his money for several months for the purpose of installing a new furnace in his home. After the job was completed, he paid the contractor in full, but very unfortunately the latter failed to pay the dealer from whom he had purchased the furnace and a lien was placed on the home. Therefore there was nothing for the poor factory worker to do but save the money all over again in order to save his home.

Of course a judge must apply the law as it stands, but he should inform the legislature of such unjust results of their laws and furnish them with some idea as to how the law can be amended so as to protect the dealer, but at the same time prevent frauds of the type explained above.

In regard to lawyers, 95% are honest and dependable, but the public must be protected against the other 5%. Perhaps an example is needed.

About six years ago an elderly lady was walking down the sidewalk when she was struck from behind by a truck driven by an intoxicated man. She was severely injured and an attorney was engaged to prosecute her case against the company owning the truck. The lawyer took \$750.00 every day and the agreement was made that in addition to the above named amount he was to have one-half of the amount collected. The attorney never started the suit at all, left the State, and the poor lady was not informed of this until her child and grandchild were born.

The judges and the bar associations cannot afford to allow such things to happen. If nothing else can be done, the latter would be wise to take out insurance as a protection against such obvious frauds. Furthermore, it is the duty of every judge to assist the bar associations in every way possible to keep the legal profession on a high plain in order that all may have confidence and respect for it.

Wade Van Valkenburg is a liberal minded individual and ready to carry out a program he outlined above. A vote for him on the 13th of September will be greatly appreciated both by his many friends and the committee in charge of his campaign.

RIPPEY A CANDIDATE FOR STATE SENATOR

Owen Rippey of the 18th Senatorial District is a candidate for the Republican nomination for State Senatorship to succeed Claude H. Stevens, who declined to stand for reelection.

Mr. Rippey is a practicing attorney and has a branch office, open evenings, at 21240 Penick Avenue. He has represented several members of the United Northwestern Realty Association on important matters.

While the late Edwin Denby was Secretary of the Navy, Mr. Rippey was his private secretary and for four years he was Secretary of the Board of Wayne County Road Commissioners. His platform is very simple and it seems to us entirely appropriate in these times. It is: Pay as you go, if you can't pay, don't go.

He has never before been a candidate for public office and entered this race only at the earnest solicitation of a delegation of his friends who requested an opportunity to vote and work for him.

CANDIDATE FOR REGISTER OF DEEDS

DR. WALTER MCBRIDE CANDIDATE FOR State Senator

DR. WALTER C. MCBRIDE

Dr. Walter C. McBride, candidate for the Republican nomination for senator from the 15th district, which includes wards 16, 22, Highland Park, Plymouth and Northville, strikes a new note in the solicitation of young voters for the primary election September 13th.

He says, "I have no great spell-binding issues to proclaim or sponsor. I make my appeal for your vote and the nomination on the basis of equalized, vocational representation and on that of the judgment and business acumen that accompanies the self acquisition of academic training and the building of a successful professional practice. I have learned well the value of money, I know the value and the usefulness of the good sportsmanship of teamwork and I have, by virtue of a rural birth and adolescence, learned the value of work."

With reference to equalized vocational representation, it might be interesting to know that 65% of the members of the present senate are of the legal and banking professions, the balance representing miscellaneous vocations. This is not unusual. It has "always" been so.

These legal and banking minds have therefore created the legislation, the conduct and management of every interest of state. While they may have done admirably well, it would seem that a more general representation could more advantageously understand and direct legislation in behalf of each component interest.

Year of dentistry and medicine, appreciate the new departures in legislative bodies. But, as the attorney serves and sponsors legal interests, the banker banking interests, the farmer rural interests, the manufacturer, manufacturing interests, so in turn could a dental or medical representative serve effectively the interests of dentistry and medicine, state hospitals and in situations and public health.

Dr. McBride conducts a practice of children's dentistry at 600 Fisher Bldg., Detroit and enjoys a national reputation within his profession. He is a member in good standing in the local, state and national dental organizations. He edits a local dental publication on is associated with the Michigan State Dental Journal and is the author of a book on Tonsillectomy.

A vote for him will be a vote for unbiased and liberal legislation.

DR. A. C. HAMBURGER CANDIDATE FOR Coroner

DR. ALBERT C. HAMBURGER

Dr. Albert C. Hamburger, practicing physician in Detroit for a number of years, filed the maximum number of petitions allowed by law with the County Clerk for the Coroner's office of Wayne County on the Democratic ticket. His candidacy was the result of the earnest solicitation on the part of hundreds of his friends, who felt that his training and ability particularly fitted him to the office to which he aspires. Those who have been privileged to know him know that he is capable, honest, efficient and courteous and a man who is worthy and well qualified for the responsibilities of an official position.

Dr. Hamburger believes the office of Coroner is an unusually important one because of the responsibility the Coroner often faces in determining the cause of death in accidental or violent cases. The basis of his platform, he further declared, will be to humanize the office and to extend the courtesy and consideration due citizens who by sorrow are of necessity compelled to come in close contact with officials of that office.

Dr. Albert C. Hamburger is a product of the Detroit Public Schools, College of the City of Detroit and a graduate of the Detroit College of Medicine and Surgery. He is a member of the Wayne County Medical Society, the American Medical Association.

The Primaries are to be conducted, as you no doubt know, on September 13th and his friends urge that the citizens of Plymouth and Northville go to the polls on that date and cast a Democratic Ballot and give one of their two votes to Dr. Hamburger for Coroner of Wayne.

PATRICK J. O'GRADY CANDIDATE FOR Sheriff

PATRICK J. O'GRADY

In the plugging of Patrick J. O'Grady's name on the ballot for Sheriff, the people of Wayne County will have the opportunity of voting for the greatest law-enforcing officer that the Middle West has ever had.

Patrick J. O'Grady's rugged honesty, and colorful record of twenty-six years of meritorious service in the Detroit Police Department rising from the rank of patrolman to that of Superintendent, is eloquent evidence of his fitness for the office of Sheriff of Wayne County.

He won a national reputation as an ace detective in his numerous and daring captures of notorious hold-up men and bank robbers. His police pension, honestly earned, he will turn over to the Relief Fund for Unemployed during his term as Sheriff, if elected. He also intends divorcing politics from the Sheriff's office, and advocates an efficient and economical administration.

O'Grady seeks the support of all law-abiding citizens of Wayne County, and will assume active co-operation and far-reaching respect for all other law-enforcing departments in the County. He has an untarnished record to be proud of, and asks his supporters to conduct a clean-cut campaign and refrain from any political "mud-slinging" whatsoever.

If elected to the office of Sheriff, O'Grady promises to see that all laws are enforced and also pledges that no special favors are granted to the few. He believes many changes can be made in the Sheriff's office that will save the people of Wayne County considerable money.

He intends building up the Sheriff's office to a high state of efficiency, and his personnel, which would comprise men of good character and ability will be chosen with a due regard for equitable representation from the various sections of the country. He personally would instruct his deputies in the matter of police work, and thru a member of the Prosecutor's Office they would be thoroughly coached in the manner in which to present and follow their cases thru the Courts.

The People of Wayne County, as lovers of clean, honest and efficient government, should support O'Grady to a voter.

If the voters, before going to the polls on September 13th, will give serious consideration to the qualifications of the candidates, they cannot help but vote for Patrick J. O'Grady for Sheriff, regardless of party.

**As the One CANDIDATE Best Equipped to serve
the varied needs of this great new District with
its many diverse elements**

He has the Ability, the Character, the Experience

No Congressional district in the United States contains a greater diversity of population and interests than our new 17th District of Michigan. We have farms and factories, small towns and large cities, large residential areas and business centers, in two different counties. To properly and adequately represent such a district in Congress, its representative must be a man of unusual INTELLIGENCE, CAPACITY AND COURAGE, a man with a high sense of duty who has the welfare of the people at heart. In ROBERT G. YERKES we have such a man, one who has gone into every corner of the District to meet and talk with people. He knows what is in their minds and hearts. He has the ability, the steadfastness, the devotion to public duty to achieve for the people of our District. He will devote his entire time to its welfare.

As Important As The Presidency!

A wise choice for no other office, not even the presidency, is more important than selecting the right man to represent you in Congress. Remember that all legislation begins in the Congress. For better government you must select the best type of man, such as Robert G. Yerkes of this District.

Collier's Weekly in a recent issue, says, under the heading "Congress Is What You Make It":

If the next Congress "is to be an improvement over its predecessor, we shall have to do some shrewd picking between now and November" . . . The "President is entitled to the support of an intelligent Congress." Consequently, . . . Look sharply at your senatorial and congressional candidates . . . be sure that the man or woman you support has courage, intelligence and character.

ROBERT G. YERKES has every one of these qualities
