Today, Friday, Nov. 24, we have just gotten a health ful glow, out in the garden, covering a bunch of iris bulb's with leaves. Reason: So the bulbs—planted late—won't be heaved out of the ground next spring. The expert from whom we bought the bulbs was pessimistic and said we wouldn't get around to cover the bulbs and that, therefore, the flowers wouldn't be any good next spring. Well, he is going to be fooled and we are going to have a let of fun with those flowers next June.

ook your Thanks giving Dinner ELECTRICALLY.

on this new TRIAL PLAN

THIS year make your Thanksgiving dinner La real feast - cook your meal electrically on a new, modern range, and discover for yourself the deliciousness that makes electric cooking superior to any other kind!

We want you to use a range in your own we want you to find out how satisfactory it is by actually cooking with it for a period of time. To this end and for a limited period we will install an electric range unthout initial charge, and let you use it for six months, removing it without charge if you do not like it.

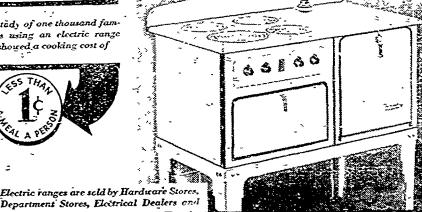

During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the Waldorf electric range (shown below) or \$125 for the Electrochef. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

Once your family has tasted electric cooking once you have enjoyed the delicious natural flavor it retains in foods, the melting tenderness of meats and vegetables cooked in their own juices, you will never again go back to any other cooking method.

Prove it to yourself with this year's Thanksgiving meal. Send in your application for a trial range today.

Thanksgiving Show To Be Held At Penniman-Allen Theatre: "Paddy" And "My Weakness" Coming Soon

A Thanksgiving treat!

The Northville Penniman Allen plays ever presented all hold Bureau of Missing Perwill hold "Bureau of Missing Perons over for Thankspiving evening.- The feature will be shown both Wednesday and Thursday evecents for children and fuft-en cents

Bureau of Missing Persons is thrilling story of police activities starring Lewis Stone. A colorful picture, it has received excellent reriews from movie cr.tres "in 542 nout the country.

Janet Gaynor and Warner Bax r are to be seen in their newest film on Saturday when Paddy, The Next Best Thing," the latest from the studios of Fox Film shows at the Penniman Allen theatre Dec.-2. Her thirteenth characterization for Fox, "Paddy," the madcap Irish ass, offers Janet Gaynor something absolutely new. Paddy's greatest as set is at the same time her wors hability. For she possesses the uncanny faculty of enslaving the affection of those with whom she comes into contact. It is an asset because it smooths the rough spots of hife-a liability because it makes her an utter stranger to discipline.
Miss Gaynor has what is reported

in addution to her well-known wistfulness she is here required to display her newly-found spirit. She is her down to earth and convinces her of his love. Warner Baxter is said to be in his most popular elenent. He is suave, handsome and the gentlest of lovers.

The cast that Fox Film has gathred around its two stars is one of the most notable ever seen on the lyncs screen. It has Walter Connolly, star of the Broadway stage, Haryey Stephens, Margaret Lindsay, Mary McCormic, Joseph M. Kerrigan, Fiske O Hara Clair McDowell, Merle Client: "Take the judge Doc.
