LOCAL KING'S DAUGHTERS BRING CHEER

Reports Given At Annual Meeting Show Much Good Done

The climax of the year of activities of the King's Daughters is their annual meeting.

At this event, held at the home of Mrs. Bertha Neal, Tuesday evening, a company of 40 members sat down to a delicious pot-luck dinner and followed this with the business meeting when the year's report was heard.

Of interest to the public will be the following facts showing the achievements of these women:

Total amount received \$453.28

Total amount spent \$380.65

Among the sources of income during the year were:

Hunters' Ball (1933) \$85.25

Card Parties 54.50

Quilt exhibit 16.75

Good Friday collection 19.05

Gifts 36.75

Among the expenditures for philanthropy were:

For shoes and other disbursements \$132.54

For groceries 52.56

It is of interest to compare this sum spent for groceries with that of the previous year, \$125. This shrinkage is due to increased jobs in this locality.

Mrs. W. H. Safford, chairman of the visiting committee, reported that they had been fewer calls for wood during the past year because the village had secured wood for the men to cut for their use and because our township supervisor, W. A. Ely, had given work on the roads to a large number of men. The Red Cross has helped in supplying clothings.

Many calls had come for shoes, Scouts, was in charge of the meet- rubbers and galoshes. Sixty-four, the Plymouth high school band new pairs were purchased, five pairs gave a splendid program.

A Boy Scout Court of Honor is being given out and ten pairs of out-grown shoes were passed on.

Thirteen pairs of new galoshes, three months and at that time the were given out and nine pairs of various Scouts who have completed second. Four good coats were given preparation and passed all, the re- bies, besides dresses, boys' clothing quired tests are given their awards and stockings. One complete lay-suitable to their advance in rank ente was provided and many baby Those receiving awards of rank from garments were given out.

Perhaps the happiest time for the King's Daughters was the sending of 29 generous baskets at Christ- mas time containing fruit and everything good for Christmas dinners. Four baskets of fruit were sent to the chums.

Mrs. Safford's report was received with special praise for this faithful ris; automobile safety, nautical chairman spends unmeasured hours study. Laurence Parmetier, automobile. Keen Bolton, physical de-

velopment, first aid, automobil-

ing, swimming, Northern Dickinson, fire- handcraft, conservation, Fred Van Valkenburg, woodwork, Harold White, cooking, Star award, Harold White, troop committee; Life award, Robert Lyke, Keene Bolton, Sidney Moose Eagle award, Laurence Par-

metier, Junior Cole, Martin Sommers, assistant scoutmaster.

This Court of Honor was the largest ever held in this district, and one of the largest ever held in this state.

PENNIMAN ALLEN THEATRE CHANGES WEDNESDAY PRICE

According to an announcement in this week's advertisement of the Penniman Allen theatre the Wednesday bargain prices have been changed from ten and fifteen cents to ten and twenty cents.

The raise of five cents is in the adult price only and will go into effect on Monday, Jan. 22, both in Plymouth and in Northville where the Penniman Allen theatres are operated.

The management of the theatres states the announcement makes the change in order to keep up the high quality of motion pictures that have made their appearance at the local theatre since its opening, this fall. The new prices for Wednesday, only are still bargain prices and lower than Saturday show prices which are ten cents for children and twenty-five cents for adults.

"The outcome is quite promising," stated Mr. Amerman, "and we expect to continue until June."

"We have retired most of our school script," said Mr. Ambler, "and within the near future should take care of the rest of it."

For some time during the fall and early winter months it was thought that the school year would have to be shortened because of the small amount of tax money being received. But this appropriation, made by the state, will go far toward assuring schools that are short of funds of a full school year.

The first semester is nearing completion with examinations beginning Wednesday, Jan. 24; they will continue through the twenty-fifth Friday there will be no school excepting for those who are registering for new courses or ar-

Students On Monday, Jan. 25, the second semester will begin.

According to Mr. Ambler, the school board has decided to postpone work on the new gymnasium

clear until after Jan. 30, the date of the President's Ball.

NORTHVILLE SCHOOLS TO RUN TO JUNE

Aid From State Will Make It Possible To Have Full Year

Northville schools are assured of nine months school this year.

Through the recent state appropriation, Northville schools will continue until June 22, result of their share apportioned under the Thatcher-Sias Act. R. H. Amerman, superintendent of schools, and Sheriff W. Ambler, secretary of the school board, were in Lansing Monday conferring with officials of the State Board of Education, and brought back word that the Northville schools will be open for nine months.

"The outcome is quite promising," stated Mr. Amerman, "and we expect to continue until June."

"We have retired most of our school script," said Mr. Ambler, "and within the near future should take care of the rest of it."

NORTHVILLE SCOUTS GIVEN EAGLE AWARD

The Boy Scouts of the Northville

Plymouth district held their tri-

annual court of honor at the Ply-

mouth high school Thursday even-

ing, Jan. 11, and three Northville

Scouts were made Eagle Scouts. The

Eagle award was given to Laurence

Parmetier, Junior Cole, and Martin

Sommers. Sommers is already an

assistant Scout master. This is the

highest honor before becoming an

assistant Scout master.

According to Mr. Ambler, the school board has decided to postpone work on the new gymnasium

clear until after Jan. 30, the date of the President's Ball.

BROADCASTING RADIO NEWS

Some people may have wondered at the philanthropy of the metropolitan newspapers broadcasting the daily news. One thing the public does not realize is that the great city papers never broadcast—perhaps with a few exceptions—any news until it has first appeared on the street in their various editions. One of the great news gathering associations forbids its news being broadcast until it first appears in the papers.

It is perfectly proper that the various press associations and the daily papers should protect themselves by first publishing the news. That is only fair and right. And yet it seems to be human nature that the people who have heard radio news want to check up on it when their daily paper comes.

Even though these news broadcasts seem to be a "rehash" they are not that at all to many people. To the sick people and those shut in for one reason or another, the radio news is a marvelous blessing. To the people in isolated places the daily news over one's favorite station is not a rehash but a dash of fresh life from the outside world. To farmers who are busy and unable to take time for much reading during the middle of the day, the news broadcasts are a wonderful help.

The biggest blot on radio reception now is the conglomeration of advertising that is pushed onto the air about every fifteen minutes. This advertising is getting offensive to an increasing number of people and in fact, many state that they are using the radio very little. The time will come when this huge pool of advertising will not be tolerated. It has even gotten to the point where Sunday broadcasts are not free from the commercialization of their advertising. The way out of this morass of advertising over the air may be that we shall have to pay a small sum, enough for the privilege of getting our programs. Most of us would be glad to do that, to get rid of the present advertising, demoralized programs.

THE PARENTS' RESPONSIBILITY

The scandal at Niles, Michigan, where a grand jury has been called to investigate the charges that over a hundred men and boys have been involved in immoral relations with girls, serves again to call attention to the fact that parents in this automobile-radio-airplane age cannot be too careful in the supervision of their children's habits.

We have just read an editorial in one of the state's best weeklies that it is an open secret in that town, that certain girls have been allowed too much liberty by their parents. By the result that serious conduct has been reported. We presume that it is an "open secret" in most towns that certain fathers and mothers are too lax with their children, with the result that the conduct of these young folks becomes the subject of go-sip—if not among the grown-ups, at least with the young set who sometimes know more of the true state of things than their parents.

Every reasonable parent wants his boy or girl to have "a good time" but some of these good times, when night is turned into day, result disastrously afterward. It is a wise father or mother who knows just about where his boy or girl is every hour of the day—and what he or she is doing.

LET IT GO TO WORK

Speaking of the federal insurance of bank deposits up to \$2,500, an exchange says there is "No use for the old safe now," as a hiding place for money.

Our government now stands back of our deposits and the man or woman who has as much as \$2,500 in the bank knows that no matter what may happen to the banks, that \$2,500 is absolutely safe. Uncle Sam is back of it 100 per cent. And when July 1 comes, accounts up to \$10,000 will be insured 100 per cent.

Money never was of any use hidden under a mattress or covered up in a hole in the ground. Now that these millions and millions of hidden money are coming out to see the daylight, money will go to work—as money should do. Credit will be loosened—and without credit it is hard to do business on a big scale.

Small depositors can be grateful for the new federal guarantee. And they can also be glad that it was our own Senator Arthur H. Vandenberg who made this law possible.

A BIG BOOST FOR NORTHLVILLE

It means much to the present and future prosperity of Northville that the Depositors State Bank, our community financial institution, is making the splendid success that it is. Its annual meeting last week was marked by the finest kind of harmony and all reports given showed that the bank is on a solid footing.

Deposits in our bank have risen to their highest point in the last few days. That is a most excellent sign and will enable the bank to be of assistance in local financial problems.

Nothing helps a community more than a united, solid

bank. We have this now and the people of Northville and surrounding area appreciate this great asset. The new bank has brought a higher morale to our community life and will be of invaluable aid in the days of rebuilding that are ahead.

SIGNS OF THE TIMES

Stock market is better.

Car loadings are up. Steel production is rising.

Northville automobile dealers report that they are selling cars.

Farmers can't find men to work—on account of competition with the CWA.

Just twice as many attended the New York automobile show as did a year ago.

Every traveling man who has been in The Record office the past two weeks reports that business is better and that there is a finer feeling of optimism everywhere. The price of paper is going skyward—so someone must be doing a lot of business.

Yes, it does look as though better days are at hand.

WANDERING THOUGHTS

We predict that Northville's "President's Ball" will be about the finest in this whole area.

Welcome to the new Methodist and Baptist ministers. Northville is fortunate in its high grade of pastors.

"I have always liked Northville," said a long-time friend of the Record editor, now in business not far from here, when he made his first call on us last week.

Some one points out that the Keeley Institute over at Dwight, Ill., has started advertising again. Write your own editorial.

Purely personal: Our new garden book has just come in. One of the joys of winter is planning for spring and watching it sneak up on us.

We really think that a lot of us Northville people could warm up a little bit more to the strangers who come to make their home with us. Every one hungers for friends and when you go to a new town it helps a lot if even a few folks go out of their way to be friendly to you. No one has to lose old friends when he makes new ones.

"Too much prosperity wrecked him" said a Detroit woman the other day in applying for a divorce. "When he got a lot of his father's money willed to him, he became a different man." The woman is right. Too much money never did bring happiness. And all of us have seen too much of it make that most menacing person—the selfish materialist. Some of them almost make your blood run cold.

THIS WEEK'S QUESTION

Are you willing to pay the price to have true-blue friends?

PLEASE GIVE US SUNSHINE

(Joe Haas in the Holly Herald)

Our community is suffering from a lack of something that costs nothing—just ordinary sunshine. With the exception of a few hours on Jan. 2, we have seen little of the sun since before Christmas. There's a great deal of sickness, and most of Dempsey, wartime slacker and three would end if Dr. Sun would pre-cede a little.

(W. J. Brown in Ingham County News)

According to the divorce suit filed by Mrs. Lucy Veele, the radio crooner, is not particular to whom he croons. This is another idol shattered. The wife charges Vallee with infidelity. She makes him out to be a vain Lothario. And his reply to the charges set him down as being something far removed from a man.

Now Vallee comes to the front.

AN EDITOR'S ADVICE ON LIQUOR

(M. H. DePoe in Charlotte Republican-Tribune)

Dale Baum, a gentlemanly young gas station attendant, was asking Monday noon if I knew of the condition of a Porter lad by the name of Kriger who had been taken to the Hayes-Green memorial hospital

with a fractured skull following a drunken row at a dance hall in West Windsor Saturday night. Baum closed the little chat with this: "I'm glad I've never touched it," meaning the liquor. You and me both, young man."

The longer you maintain your record the more satisfaction you will derive from your action. There is absolutely no justification for drunkenness, although we would go all the way and extend the suggestion to a single drink taken for any purpose and especially as a social gesture.

THE OLD FASHIONED SUNDAY

(Philip Curtis in Atlantic Monthly)

Out of the untidy welter of Sunday papers and cigarette smoke that constitutes the usual present-day Sabbath, out of the clutter of golf scores and the smell of poker rooms, the muffled, tawdry engagements, the rushed, undigested meals, and long nervous driving on crowded highways that make up a modern weekend, I find myself, with greater and greater longing, looking back to the peace and dignity of the old-fashioned Sunday as it was known to at least one small boy in a medium-sized New England city in the eighteen-nineties.

No short of a dictatorship, it will be impossible by law to establish the old-fashioned Sunday, but it is not at all improbable that social forces, as slowly working in a weird world, may at length force us to recognize and renew many of its features.

BOOZE AND AUTOMOBILES

(R. G. Jefferts in the Loach Leader)

Before prohibition there were only about 2,000,000 automobiles in the whole United States; now there are more than 25,000,000. High speed has encouraged; the fastest road speed allowed by law in 1920 was 35 miles an hour; now there is no limit on modern highways.

The automobile reached its present stage of development in a period during which sobriety was the rule.

It is "perfect nonsense to say," as the "boys" have contended, that there was more drinking under prohibition than before. Everybody who thinks straight knows that is not true. But there are a great number of motorists who have yet to learn that even legal booze and automobiles don't mix. States have had suspended more driving licenses for driving while intoxicated in the past month than in several years.

The only way a motor car can be driven with complete safety to the driver, the occupants of the car and any others who happen to be on the road, is by a driver who has not had a drop of liquor for the past twenty-four hours.

MILK STRIKE TIES UP GORDON CO.'S TRUCK

(From LaGrange, Ind., Standard)

The big milk strike in the Chicago area has had a connection with the Gordon Baking company.

In that connection with the Gordon Baking company condensate milk from LaGrange is used in the big Chicago bakery of that concern.

Trucks from LaGrange make daily runs to Chicago with big loads of condensed milk which is an important part of the Gordon product.

The first hitch in proceedings came the first of the week when a Gordon truck was stopped on the outskirts of Chicago by pickets.

The load was not dumped but was held

up for about three hours when a permit was secured to pass the truck through, no doubt because it was carrying condensed milk for a bakery rather than ordinary milk.

Considerable "war time" excitement has attended the handling of milk to the Chicago bakery throughout the week.

Those college students who hurried precipitately to Vallee a year ago or so had the right idea. With the present low price of grapefruit Rudy should be a frequent target.

GRADE NOTES

From Orange and Black Section:

In the second grade the following pupils have been neither absent nor tardy this semester: Medehine Graham, Margie Sessions, and Ivan Sheller. The second graders have commenced work in their new arithmetic books.

Bill Eckler, a former pupil in the fourth grade, has moved to Detroit where he is attending the Cranston school. This grade is making a study of cereals for their health class.

Each one is planning a little tray of wheat and studying the different food values of wheat.

The seventh grade entertained the eighth graders to a party this week. Glen Slack, formerly a member of the seventh grade, has moved to Oregon. William Rotz broke all records when he arrived at school on time Wednesday morning, this being the first time during the first semester.

The topic of the sermon, which Rev. Wig will deliver on Sunday morning is "Children of God."

There will be no evening services because of the district meeting of Sunday schools at Milford on Sunday afternoon and evening. Both of the Walled Lake Sunday schools are invited to attend.

Wednesday: Bean soup, macaroni and cheese, tomato, ice cream, milk.

Thursday: Vegetable soup, Spanish rice, fruit jell-o, cookies.

Friday: Cream of tomato soup, O'Brien potatoes, buttered cabbage, ice cream, milk.

Many parents of young children do not like to send much money to school with the children for fear they may lose it. To solve this problem some of the older brothers or sisters bring the money and buy the tickets on which the younger child's name is written in ink. This is then left in the lunch room. It is then left in the lunch room. This eliminates the likelihood of loss of either money or tickets.

Weird Picture, "The Invisible Man," And the Spectacular One, "Hooola," Coming To The Penniman-Allen Here

The strangest character ever created by the screen makes its appearance at the Penniman Allen theater tomorrow night, Saturday, when Universal's startling picturization of H. G. Wells' sensational novel, "The Invisible Man," opens its featured engagement there. Giving "Frankenstein" cards, and bodies, this uncanny, fascinating screen drama promises local theatergoers the most exciting evening in years.

Its unseen star is a scientist who has succeeded in conquering light and shadow to make himself invisible. How his frantic attempts to rule the world plunge a nation into a frenzy of suspense and fear, and how the invisible madman employs his invisibility to gain his ends, and how he manages a fervid love affair, surprises this amazing picture with a quick succession of high-spots.

James Whale distinguished British dramatist, known for his "Journey's End" and "Frankenstein" directed this weird picture, working from the screen scenario by P. C. Sherriff. Claude Rains, William Harrigan, Gloria Stuart, Dickie Diggs, Una O'Connor, Henry Travers and Preston Foster, one of the strongest personalities on the screen, are the leading masculine role opposite Mrs. Bow, and Richard Cromwell is seen as the youth who opens new vistas of love for her. Others in the splendid cast are Herbert Mundin, James Gleason, Minna Gombell, Roger Imhof and Florence Roberts, Francis Lloyd, who gave you "Carrie" and "Berkeley Square," is the director of "Hooola." It is based on the stage play, "The Barker," by John Kenyon Nicholson, adapted for the screen by Bradley King and Joseph Moncure March.

Moved by Gregory, supported by Sweet, that the Jacob Oil Corporation allowed to connect on storm sewer on Wing St near Main, the work to be done under the supervision of fire chief commission from the city out only.

The new year brings relief to motorists of 14 states, but Michigan continues to cling to its pre-depression program of automobile taxation, according to the Automobile Club of Michigan. Where "The Motor State" should lead a national campaign for automobile tax relief, the Motor Club stated, the following have reduced license plate fees for 1934: Arkansas, Delaware, Florida, Georgia, Idaho, Kansas, Maine, Montana, Nebraska, Nevada, Oregon, S. Carolina, Tennessee and Vermont.

Food Market Advice

By ANN PAGE

Brown the meat well in a little fat with sliced onions, cook slowly in a little water and then add salt, pepper and a variety of vegetables, more onions, carrots, turnips, potatoes, and celery or tomatoes if you wish, and cook until tender. Thicken the gravy slightly with flour and water paste. The root vegetables, celery and new pack tomatoes are all economical vegetable foods.

For the first time in history only Jersey sweet potatoes are being sold, in fact, exclusively. They are of even size and quality and very reasonable.

Although both Florida and California oranges are in market, it is the end of the season for one and it is beginning for the other so neither are at their best. Grapefruits, however, are plentiful and each specimen is of better eating quality than the other.

The melon season is practically over though some honeydews are still available. At least half a dozen varieties of apples will be found in most stores. The choicest variety for the use intended is therefore the one to buy.

There are plenty of grapes and pears and bananas are of better quality than recently. For color and variety cooked "early" green beans would add the final touch.

Fresh Herring are running and are absolutely ideal for pan frying, but as their flesh texture is delicate, they should be treated carefully. The frying pan should be filled with hot oil or melted fat to touch a depth that a herring would be fully covered. The fat should be smoking hot before the fish are dropped into it. The fish should be fried until the tails curl and the skin blisters, and served piping hot. Herring fillets will naturally cook quickly in butter. In the dressed fish with bones left in.

Oysters are of fine quality this season and they have many healthful features. They are sold in various sizes containers. It has been learned that oysters, unlike clams, have very little liquor of their own.

Poultry at this season usually means roasting chicken or fowl. The latter can be cooked and used in so many dishes that it is an excellent choice when moderate in price as at present.

DUSTY CORNER

Many signs point to recovery. More
people are going to the movies; more
new automobiles are seen every day;
some men are even starting to com-
plain because they have to work so
many days out of the week—the
other day we even heard of a man
quitting his job. Absolutely, things
are getting better.

The surest sign is the appearance
of that new song—"Jimmie's Got
a Nickel."

A recent editorial in a Michigan
paper was entitled "Too Many Filling
Stations" and it was actually
about gasoline.

And speaking of filling stations,
the establishment of these state li-
quor stores in old bank buildings
is just another attempt to change
those frozen assets into something
liquid.

A professor had just returned from
a seven years stay in a South Amer-
ican jungle. As he had been gone
so long his first thought was of his
bank account. He knew that as his
wife had been at home all those
seven years there was probably need
of a statement.

He walked into the bank. It was
noon and there was no other cus-
tomer in the building. Walking up
to one of the windows he noticed
a sign which read: "Get your orders
here." That he decided was a new
way of saying statement window.

A tall, burly, dark haired man
with a pug nose came to the win-
dow chewing vigorously. He spoke.
"Whauwant?"

Although the professor had re-

"Just a Boy"
He's just a boy. What does he
know about what he is doing?" asked
the Scout when of his own
volition a Northville youth joined
one of the churches of our village
the other day.

"Just a boy," Congressman George
Dodd told a surprising true story
of a casual hunter in the woods of
Illinois coming upon a lone, snow-
bound cabin where "just a boy" and
his helpless young mother lay
huddled under a deer skin. That
boy grew up and was Abraham
Lincoln.

Jacob Rus was once just a shabby
waf in the slums of New York. A
long list of men who were just boys,
noiseless, careless, have had the whole
trend of their lives turned by some
circumstance of chance that came
their way. Boyhood is the time of
choices that determine all life.

"Out as he jogs along the winding
way,
Occasion comes for every man to say
this way or that, and as he chooses
then,
So the journey ends."

Mother's responsibility is not lim-
ited to her own children. Often her
own are playing happily together
when another boy comes along and
joins them, tramping in more mud
and adding to the noise. It is not
always easy to be glad but it is
easier if we remember that this boy
will be a man some day who will
look back and remember.

A Northville physician paid the
most beautiful tribute to the de-
ceased mother of a chum when he
said: "I will never forget the good
times we had in her home. We were
always welcome. Many's the lunch
she has spread for us, on this kitchen
table—nothing was too much
trouble for us boys."

We heard a little Northville boy
say the other day "I like to go to
Mrs. _____'s house. She's just like
a mother to us."

Motherhood is not always a mat-
ter of blood ties. Let us say:

"Grant me a mother heart that I
May see the little wistful child loo-
ing at me."

From other eyes, wisdom to know
the way,
Of straying steps, and fear and faul-
t and doubt,
Hands strong to sooth and give fair
comfort to

All those who touch them, seeking
sight of me."

Caramel Pecan Pie

If you have company for dinner,
and want to have a delicious dessert,
try this pie which Mrs. E. L. Mills

is an expert in making. One cup
brown sugar, one cup Karo Syrup, 4
eggs, 1/2 cup chopped pecan meats.

Mix brown sugar, syrup and very
slightly beaten eggs. Place unbaked

pie crust in tin and brush with melt-
ed butter. Put nut meats in bottom

of crust and pour over the other
mixture. Bake in moderate oven un-
til firm. This makes a large pie. Add

whipped cream or ice cream.

Six-Layer Dinner

When Mrs. C. H. Young has an
especially busy day with a lot of folk
to feed she often prepares this

dinner in one dish which she puts
in the oven and forgets about until
time to ring the bell:

In the bottom of a large baking
pan slice a layer of potatoes and in
succession layers of onions, dry rice,

hamburg steak, canned tomatoes

and green peppers. Salt and pep-
per each layer. Bake slowly for

about three hours.

garden. The contention is that the
beer garden and restaurants, where
beer is sold are more of a menace
to youth than the old saloon. The
old fashioned saloon catered to men
only, did little or no entertaining and
had regular closing hours usually

midnight.

It is interesting to note that the
head of the woman's division sup-
ported this resolution, her argument
being the social problems of the old

saloon were simple in comparison to
the many complex problems which
have arisen with the birth of the
beer garden.

Hardly anyone cognizant with so-
cial problems of today will deny
the fact that the influence of the
beer has been greatly weakened.

Still no minded people do not feel
it is profitable to set the evil con-
sequences of a system when en-
couraging the drinking of alcoholic
beverages so freely in the home and
at the same time invite young per-
sons of all ages to places of amuse-
ment and of any temptation.

People could then speak truly of
a "killing cold."

Instead of blessing a person who
speezes by saying, "Gesundheit,"
which means "good health" we could
think up some curse connected with
violent death.

The whole thing opens a vista of
endless possibilities.

Hello, please!

Having gone a trifle stale on the
job of writing this column (we
heard ya), we took the liberty of
leaving off a couple of weeks.

Our newbodie was tickled by the
feature story in one of those great
big Detroit newspapers. The one
that gets such a big kick out of the
"country" newspapers.

In essence the Sunday feature re-
lated with great seriousness of how
an Ann Arbor son of a professor was
turned into an armed criminal as
the result of a cold in the head. If

this sort of gets popular, can't
you see the city headlines:

COLD SPELL TO HIT DETROIT
TODAY; POLICE PREPARE
FOR CRIME WAVE

Department of Health Asks Rein-
forcements As Criminals Plead
for Coryza Certificates

Or haberdashery stores could ad-
vertise "Free: One .45 Gun With
Every Dorse Handkerchief." Try
Our Armed Handkerchiefs! They
Satisfy. Try Our Cold Cure—One
Teaspoonful Will Cure You of Kill-
ing Colds.

People could then speak truly of
a "killing cold."

Instead of blessing a person who
speezes by saying, "Gesundheit,"
which means "good health" we could
think up some curse connected with
violent death.

The whole thing opens a vista of
endless possibilities.

method of salesmanship. Use it!

Wake Up Your Liver Bile
—Without Calomel!

And You'll Jump Out of Bed
in the Morning Rainin' to Go

If you feel sour and sick and the
world looks punk, don't swal-
low a lot of salts, mineral water,
laxative candy or chewing
gum and expect them to make you
suddenly sweet and buoyant and
full of sunshine.

For they can't do it. They only
move the bowels and a mere move-
ment doesn't get at the cause. The
reason for your down-and-out
feeling is your liver. It should
pour out two pounds of liquid
into your bowels daily.

If this bile is not flowing freely, your
food doesn't digest. It just decays in
the bowels. Gas bloats up your stomach. You
have a thick, bad taste and your breath
is foul. Skin often breaks out in blen-
ches. Your head aches and you feel down
and out. Your whole system is poison-
ed. That's why you feel sick.

Take one or two of our CARTER'S
LITTLE LIVER PILLS. Eat the two
pounds of bile flowing freely and make
you feel "up and up." They contain
a powerful, gentle, vegetable ex-
tract, amazing what it does to making
the bile flow freely.

Don't ask for liver pills, ask for
Carter's Little Liver Pill. Look for
the Carter's Little Liver Pill on the
red label. Present a substitue, 25¢ at drug stores.

THIS WEEK

Morality has become such a cut
and dried affair and too often en-
crusted with a pious fraud that the
generation of today has become
blinded to the fact that virtue is a
product of human experience and
not invented by the Sunday school.

Thus virtue it would seem derives
itself from a profound realization
of human conduct and life.
With this idea in view the findings
of a women's club recently in De-
troit are highly significant.

It recently favored a resolution
calling for the return of the old time
saloon in preference to the beer

P. T. A. Holds Interesting Session
Thursday Evening

Nearly 70 parents and teachers were present at the regular meeting of the P. T. A. held in the high school gym on Thursday evening.

Miss Maryanne Denne sang two solos very pleasantly with Miss Donna Ferguson accompanying.

The feature of the evening was a talk by Rev. Walter Niel of pastor of the Presbyterian church of Plymouth who spoke on the motives of the Parent-Teacher Association

saying that we are building for the coming generation and should be capital how we build.

In a report on the financial status of the school, Mr. John R. Baker said "I Love You Truly." The

Mr. Charles Zimmerman and his wife Mrs. Clara Zimmerman, the class leaders in Mr. Moore's class, presented her with a gift of their white silk crepe

Mr. L. J. Taylor, Mr. G. F. Baker, the chairman of the library, Mrs. Mabel Bryan, Mrs. Clara R. Scott, Mrs. E. C. Smith, Mrs. Anna S. Stiles, Mrs. A. H. Clement who were a very attractive group. Mrs. J. F. Malmberg and Mr. J. F. Malmberg were both the bride and her bridegroom.

After the business meeting a pleasant social hour was spent during which refreshments were served.

NEWS AROUND NORTHVILLE

President's Ball January 30.

A new basement is nearing completion under the village hall.

Mrs. Charles Freydl is still quite ill at her home on Eaton drive.

Miss M. Eleanor Peterson of Detroit visited at the home of Miss Tremper, Sunday.

Miss Dotte Card is spending the winter with her brother, Glenn and his family, near Baltimore, Md.

The woman's gym class meets every Monday evening from 7:45 to 8:45 in the high school gym.

Miss Ruth Dean, of Detroit visited at the home of Mrs. L. B. Charter for a few days this week.

Clerks in the Ponsford store are very busy taking inventory this week.

P. W. Rennie, of Detroit, is living at the home of his uncle, J. C. Gledford.

Next Tuesday, Jan. 23, the men's recreation basketball league will hold its second game.

The tree knot with the image of a bird in it mentioned in another part of this paper, is now on display in Healey's barber shop.

"Everything fine," writes J. M. Hall from Daytona Beach, Florida. He and Mrs. Hall are now located at 110 North Grand View avenue.

Miss Alice W. Barbour was here from Battle Creek, Sunday, visiting her parents, Rev. and Mrs. W. Roscoe Barbour.

Rev. and Mrs. W. Roscoe Barbour have moved from the Baptist parsonage into the home of Miss Ethel Lockwood.

Harry Lyke started working at the Ford plant last Tuesday and will no longer manage the Standard Oil station.

Mrs. Maude Bennett is spending several weeks with Mr. and Mrs. Harry A. Brown of Rosedale Gardens.

Mrs. C. F. Murphy is gradually recovering from her recent illness. She is being cared for by Mrs. Ed. Sessions.

P. Allen Peters, who had been confined to his home with an attack of pleurisy, is again able to look after his insurance business.

"In Detroit," says a recent city visitor, "all the CWA project have large signs stating the fact that they are being carried on that way."

Harold Feltz met with a painful accident one day last week while he was building the furnace fire. An explosion burned him seriously on the face and hands.

Miss Bertha Van Zile, a former resident of Northville, has been in Harper Hospital for the past six weeks convalescing from a back injury which she received when she fell while leaving the home of a friend. She is said to be making a fine recovery and last Saturday was removed to her own apartment.

Word was received this week from W. A. Cook of Duluth, Minn., telling of the death of Mrs. L. J. Pinkerton. Mrs. Pinkerton was a former resident of Northville and passed away at her daughter's home in St. Paul, Minn. One of the survivors is a brother, Nathan R. Powers, of Farmington.

COLLEGE BOY IS SUPERIOR TO DAD

Proven to Be a Better Man Physically.

Chicago. It may be a different story when the psychologists get around to checking up—but physically, the college man of today is a better man than his dad. Statistics prove that it is so, in the exhibit operated under the auspices of the Anthropology Department of Harvard University in the Hall of Science at "A Century of Progress." They're hot on the trail of such distinctions there, in the booth that is a focal point for constantly growing, interested crowds.

C. W. Dupertuis, research student at Harvard, and his staff spend their days setting down painstakingly detailed measurements and complex data on the subjects who offer themselves for the purpose. Practically everybody has an avid curiosity to learn all he can about his ancestry and racial strains, it seems, and to date, 1,000 of these extensive reports have been compiled for future analysis and report. The demand is so great now for such consultations that it has necessitated the making of appointments a day ahead.

Study of approximately thirty individuals per day has convinced the staff of the accuracy of its findings with respect to the present generation of boy and girl college students. Thus when the measurements taken a generation ago are compared with those acquired from these World War studies, the youngsters win hands down.

They're taller, broader of shoulder, thicker through the torso, slimmer of hip and longer of leg than their immediate ancestors, the charts reveal. The situation is the same in both feminine and masculine charts, except that thirty years ago or so they didn't, it appears, have the nerve to measure mother's knees—so that item of comparison with her athletic daughter's goes unsolved.

"What we are most interested in discovering," explains Mr. Dupertuis, "is whether any definite composite racial type of American is being evolved by the conditions of life in this country today—whether one outstanding type has emerged from the melting pot, as it were. But we think that there will be a number of illuminating things revealed as a result of this study."

Rare Mice Discovered by California Expert

Sepia National Park, Calif.—A rare species of mice, equipped with pocket, in which they carry food, was discovered here by Prof. Joseph D. Dixon, University of California entomologist.

Professor Dixon found the little animals on Liver Point at an altitude considerably above that normally sought by mice.

He describes them as part of one of the most interesting "strangals" in nature. Seeds of the yucca plant are scattered by white Yucca moths, picked up by the pocket mice and carried to their burrows, where forgotten, they take root and grow.

Hen Kill's Rattlesnake Headlessburg, Calif.—Attracted to the barnyard by a commotion, Mrs. John Rous found a rattlesnake with its body pierced in two places and its head nearly pecked off. A victorious Rhode Island Red hen strutted nearby.

49 Iowa Cities Ran Gardens Des Moines, Community thrift gardens were maintained by the unemployed in 49 Iowa cities this summer, a survey here showed. Land put to such use totaled nearly 2,500 acres and was worked by more than 15,000 persons.

MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by Edward J. Jocks, single man, of the City of Detroit, County of Wayne, and State of Michigan, to Detroit Housing Corporation, a Delaware Corporation, dated the 23rd day of February, A. D. 1927, and recorded in the office of the Register of Deeds for the County of Wayne and State of Michigan, on the 14th day of May, A. D. 1929, in Liber 101 of Mortgages, on page 524, and on which mortgage there is claimed to be due and unpaid at the date of this notice, for principal and interest, the sum of Two Thousand Four Hundred Eighty-four and 61/100 (\$2,184.41) Dollars.

Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan, in such case made and provided, notice hereby given that on Thursday, the 25th day of January, A. D. 1934, at 12:00 o'clock noon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction to the highest bidder, at the Southerly or Congress Street entrance to the County Building in the City of Detroit, Wayne County, Michigan (that being the building where the Circuit Court for the County of Wayne is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, at or before said sale, necessary to protect his interest in the premises, which premises are described as follows:

NORTHVILLE'S TEAMS BEAT MELVINDALE

STUDENTS SHOULD SET GOOD EXAMPLE IN SPORTSMANSHIP

Rules Are Issued To High Schools By Department of Instruction

Varsity Wins 27-12, Reserves Win 20-18; Their Margin Given By Foe

After taking two straight losses, the Northville five-time back strong last Friday night to win from Melvindale by a score of 27-12. The boys worked well together. The passes were swift and sure, and many good plays resulted. This game was characterized by more tea inwards on their part than any other game has been this year.

The Orange and Black men made the first score when Deal sank a nice shot. Several more field goals were made in the quarter to bring the total points to seven. Melvindale was held scoreless during these eight minutes.

It was well in the second quarter before the foe scored. The Northville cagers kept playing a steady game and brought their score up to 12 at half time. The Red and Whites had scored but two points in this period.

Both teams came back on the floor appearing refreshed and ready to take up the battle for supremacy. Never during the whole game was there a doubt as to the superiority of Northville. Her opponents did not even threaten to take the lead.

Hoffman injured his ankle in the third quarter and was removed early in the fourth period. Duguid replaced him. Nirlider then replaced Duguid. He was fouled while shooting and was given two shots. He sank both of them and two field goals to score a total of six points in the short time he was in the game. Hoffman was high scorer for N. H. S. with seven points to his credit.

The reserve team game was faster and more exciting than the varsity combat. The boys won this overtime game from the Melvindale team. The score was 20-18. The winning margin was provided by one of the opponents when he accidentally made a field goal through Northville's basket. Melvindale was leading the Orange and Black team at the half. The boys came back and with unexpected aid from Melvindale tied the score at 16 all. The game went into an overtime period, and Northville scored four points to Melvindale's two, winning the game.

The first team line-up for Northville was as follows:

Hoffman, Deal, forwards; Bray, center; Marburger and Westphall, guards. Substitutes: Duguid, Nirlider.

NEW BOOKS ARE ADDED TO STOCK IN LIBRARY

Several new books have been added to the already fine store in the school library. They are:

"The Forgotten Daughter," by Snedeker; "A Vagabond Journey Around the World," by Franck; "Digging in the Southwest," by Morris; "The Cruise of the Dazzler," by London; "Coronet," by Komroff; "New Land," by Schmidt; "The Silver Spoon," by Galsworthy; "Alec General Grant," by Woodward; "Animal Heroes," by Seton; "Thundering Herd," by Neal; "My Life and Work," by Ford; "Rhodes of the 44th," by Fifteen; "Across Mongolian Plains," by Andrews; "The Enchanted Jungle," by Lhevine; "Round about America," by Peck and Johnson; "Damaged Sons," by Bradford; "Jo Ann, Tomboy," by Butler and Kent; "The Casting Away of Mrs. Leeks and Mrs. Aleshine," by Stockton; "Glory of the Seas," by Hevesi and Danford; "Six Years in the Malay Jungle," by Wells; "Abraham Lincoln," by Sandburg; "Kurdy," by Lamb; "The Apprentice of Florence," by Kyle; "Jack's House," by Robinson; "The Big Canoe," by Mayol; "Jane Hope," by Gray.

Girls seem to be enjoying the story of the forgotten daughter. Those who care for biography will like Sandburg's "Abraham Lincoln." For rather improbable tales Six Years in the Malay Jungle" and "The Casting Away of Mrs. Leeks and Mrs. Aleshine" are recommended.

ASSEMBLY PROGRAM HELD WEDNESDAY

The junior and senior high school students were really entertained last Wednesday afternoon by Marjorie Denne and Maurice Giles.

Marijane, accompanying herself on the piano, sang "Moonlight Masquerade" and then played "You've Got Everything."

Maurice gave a humorous account of an exciting airplane ride.

The excellent reception given this program proved that the students appreciate efforts to please them.

THE INQUIRING REPORTER

What do you consider the most memorable incident that has happened to you during your school life up to this date?

Ray Westphall—I shall never forget the night before the Plymouth football game nor the way our team played the following day in order to win.

Mary Harper—My biggest thrill came when I realized I was really a senior. During my eleven years of learning in the same school, the time seemed to go slowly, but when I entered the twelfth grade I felt that I had really accomplished something. I felt that I had reached my first step toward a career.

Paul Baldwin—The night after the Plymouth vs. Northville football game.

Nelson Schrader—I believe the greatest thrill in my school career was when we beat Plymouth in the most spectacular football game in which I had ever played and the realization that I was captain of such a fine bunch of fighting fellows.

Jane Lester—The most memorable day in my high school career was the day I was elected president of my class. I couldn't talk enough about it—and I'm still thinking about it, but not so favorably.

Catherine Gibson—The one thing which stands out in my mind is the sore throat I suffered after the Northville-Plymouth football game.

Ernest Race—The most memorable incident that has ever happened to me during my school life was the time when I learned that I had won a scholarship to the National Music Camp at Interlochen.

WHAT THE D. A. R. DOES

"Contributor" Explains Ideals

The question is often asked—What are the aims of the D. A. R.? Do they actually accomplish anything worthwhile and for what ideals do they stand? These must be quite common questions, however, for the National Society prints and distributes a little six-page folder which states concisely the subject's or objects in which they are interested.

The following is part of the information contained in the folder. The National Society Daughters of the American Revolution was organized in 1890 with 18 members.

During the year 1928, 170,535 members of 2,941 chapters cooperated in these endeavors:

1. National defense—The support of adequate national defense. The counteracting of subversive influences. The aim of the National Defense Committee is to help members of the society to understand more definitely the principles which underlie Constitutional Government.

2. Manual for Immigrants and Foreigners—In 1928 the office of the Corresponding Secretary General sent out 283,705 manuals in 17 languages.

3. Ellis Island—Work among the thousands of aliens received there sending hospital supplies and handwork materials to be used while being detained there.

4. Angel Island—Work carried on by our western states among Orientals received there.

5. Student Loan Fund—A patriotic gift to American youth.

6. Americans—Work in educating foreigners in citizenship.

7. Patriotic Education—The effort to impress upon every American citizen his duty to vote and to be informed upon all governmental

questions.

8. Preservation of Historic Spots and Monuments.

TO ORGANIZE FOR GREATER BUYING POWER

THROUGH their county corn-hog control associations, American farmers can follow the pathway to increased purchasing power for corn and hogs. Under the corn-hog reduction plan, they can organize to control production and they will receive the full benefits for their efforts. Although the Agricultural Adjustment Administration is charged by

law with the responsibility of directing the corn-hog reduction program, the actual sign-up of contracts and the local administration will be in the hands of the corn-hog control associations which will be organized in major corn-producing counties by contract signers. Each farmer who signs a reduction contract becomes a member of the association and

is entitled to a voice in its affairs. The Board of Directors of the County Corn-Hog Control Association will be composed of representatives from the various committees within the county, elected by contracting producers, themselves. In each community a permanent committee of three to five members also will be elected by farmers.

TRUE WISDOM

"I thought on my ways, and turned my feet unto Thy testimonies. I made haste, and delayed not to keep Thy commandments."

Here is true wisdom for young people. The psalmist says, "I thought on my ways." He reflected upon his past life. He came to see how vain and fleeting his days here on earth are.

He says, "I thought on my ways. Many people are ever ready to perceive the mote in their brother's eye, but not the beam in their own eye. The psalmist, however, turns his eyes inward, he searches his own heart. Let us learn of him!"

David adds: "I turned my feet unto Thy testimonies." This great man of God did not merely reflect upon his past; he, then, not only made good resolutions for the future; but he at once set out to act upon the promptings of his heart. Resolutions made, but not acted upon, weaken will power to act on future resolutions. King David, upon his pentent reflections, "turned his feet unto the Lord's testimonies."

Let us learn of him!

The psalmist, furthermore, delayed not. He says: "I made haste and delayed not to keep Thy commandments." He did not follow the philosophy of so many young people of today: First give your life to the world and then to Christ; first to the devil, then to Christ.

"Many intend to become Christians at a later date; but that time may never come. When St. Paul, before Felix, reasoned, "of righteousness, temperance, and judgment to come," Felix trembled, and answered, "go thy way for this time; when I have a convenient season, I will call for thee." But that "convenient season" never came. Felix was lost.

The regular hour for worship and Sunday school is 10 o'clock. This Sunday morning the pastor will preach on the text, Ephesians 6, 1-4, choosing as the theme of his discourse, "When will a family be a truly Christian and happy one?"

and editor of the Michigan Club Bulletin.

After the death of his father, Mr.

Ward took over the Hillsdale Standard.

This was in the same year in which he graduated from college.

After a successful career in Hillsdale he sold out to D. W. Grandon,

who consolidated the two Hillsdale papers, starting the Hillsdale Daily.

Shortly after, Mr. Ward bought out

the Charlotte Tribune and developed it into one of the best and most prominent weekly newspaper properties in the state.

Again he sold out, this time to

what he had built into a valuable property, making possible a consolidation of the Republican Tribune in December 1928.

Roger Andrews, a close personal friend, then placed Mr. Ward in charge of the Travel and Resort and Educational departments of the Detroit Times, which position he held until he went to California.

There he bought an interest in the Los Angeles News-Journal. The call of Michigan proved too strong, however, and once again he finds himself back at the publisher's desk

of the Northville Record.

"And I will pray the Father and He shall give you another comforter, that he may abide with you forever."

"Even the spirit of truth whom the world cannot receive because it seeth him not, neither knoweth him; but ye know him; for ye dwelleth with you and shall be in you."

at River Rouge, bringing a wealth of experience and training to supplement the many years of sacrifice and hard work with which F. J. Boyd built up the River Rouge school.

Mr. Ward is happy in the association of his wife, a musician of ability, known extensively for her splendid violin work. It is sufficient to say that she is a graduate of the Greek Conservatory of Music and a private pupil of Hugo Kortschak of Chicago. She is a graduate of the University of Michigan, specializing in public school music. Since her graduation last year, she is doing post-graduate work in the same field.
