H. J. McCARDLE DIES AS CAR STRIKES TREE

Ward Riley Badly Injured In Fishery Road Accident Monday

Harold J. McCardle, 19 years old, was killed, and Ward Riley, 21, was seriously injured, when the car in which they were riding struck a tree just above the U. S. Fish Hatchery on the Fisher's road outside the home of A. E. Fuller, late Monday night. The car was driven by Donald Walters of Farmington, who escaped with bruises.

McCardle, who was graduated from the Northville High School in 1933, was the son of Mr. and Mrs. Thomas W. McCardle of 311 West Cady street, Riley, the son of Mr. and Mrs. Claude Riley of 229 Norton avenue, is married and is the father of a two-year-old daughter.

Walters, the driver of the car, lives at 3383 Grand River, in Farmington. He is fairly well known in Northville, having many friends here.

The three young men were coming home from the Maybury Sanatorium and according to Walters, "simply were going too fast" to make the sharp curve which they were trying to round. The car apparently left the pavement 63 feet from the tree, skidding with brakes locked tightly across the Fuller lawn. The collision, sounding to persons in homes nearby, like a clap of thunder, threw the vehicle clear around the tree to the left, so that, while it struck in a southeast position, it was found in a nearly north-south position. The tree ripped through the right fender, clear through the windshield and seat, where it pinned McCardle to the back of the car. The car was damaged beyond repair.

When the noise of the collision was heard, Merritt Misker, son-in-law of A. E. Fuller, ran out of the house and, seeing the wreck, hailed a passing car, requesting that aid be brought from the village. The car, driven by Gideon MacDonald, of Sault Ste. Marie, cousin of Miss Edie McDonald, Maybury nurse, round Nightwatchman Clarence Schwab, who, with Marshall Hyde of The Record who happened to be close by, went immediately to the scene of the accident.

With assistance they removed the occupants from the car with great difficulty, and carried them to Sessions hospital. McCardle died before reaching the hospital. His body was taken by Wayne county coroners to the morgue in Detroit early Tuesday morning, and brought back here later.

Riley was given immediate medical attention, and as late as Wednesday, his condition was termed "very dangerous." He did not regain consciousness until Tuesday afternoon. At first it was believed his skull was fractured, but X-rays proved otherwise. Contrary to a rumor, he will not lose his right eye.

Frequent Mass was sung at Our Lady of Victory Church Thursday morning, where Father Joseph Schuler spoke words of kindness and sympathy to the bereaved parents and relatives. Interment was made in Rural Hill cemetery.

This was not the first accident to occur on the dangerous Fisher's road. A. E. Fuller remembers 18 other accidents occurring here. Mr. Fuller termed the curve "unsafe."

"The boys were not driving any faster than a lot of people who come down that road," he said. "The place is dangerous and should be fixed by the county." Mr. Fuller stated his belief that it was just as much, if not more, the duty of the county to fix "such bad curves as to beautify parkways." When the road was originally built, he gave eight feet of his property on the north side to make it even as safe as it is.

MALLINSON TO SPEAK AT OAK PARK, FLINT

Rev. H. H. Mallinson has been invited to speak in Flint on the occasion of the celebration of the twenty-fifth anniversary of the founding of Oak Park church, Sunday evening, July 15.

For some time after its founding, this church society occupied a tent and later a basement was excavated and a chapel built until the pastorate of Mr. Mallinson, 18 years ago, when he built the present structure. Mr. Mallinson will accompany his pastor to Flint when they will be guests of old friends.

STANLEY TAYLOR,
TOM CARRINGTON
LEAVE FOR FAIR

Go Tuesday And Will Return
Tonight Or Saturday
Morning

Stanley Taylor and Tom Carrington, Jr., the only two boys who have so far secured the number of subscriptions to The Northville Record to win the trip to the World's Fair, left Tuesday morning for Chicago, Century of Progress Exposition.

Stanley, first secured his quota last Monday and Tom quickly followed him. Working together, the boys canvassed not only nearly all of Northville, but a majority of farms on the rural routes, even going somewhat into Salem, Novi, and West Point Park. In all their travels, they report only one discouraging reply, that coming from a man who believed them to be collectors.

Leaving on a Michigan Central train at eight a. m., they expected to arrive in Chicago early in the afternoon. They were transferred to the Palmer House, and then immediately to the fairgrounds. Three days were spent at the fair, the fourth being taken up with a sight-seeing tour of Chicago.

The trip included meals, lodging at the Palmer House, admission to the fair and side shows, and the sight-seeing trip. Stanley and Tom also went with a group of other boys, winners in similar contests held by the Detroit Times and The Birmingham Evening Post. Each team is being charged a fee of \$250 in order to defray the expense of running the league.

The rain, while it came too late to be of much help to grains, is expected to be great aid to the corn crop. In the meantime, it is still dry, and if rain does not come again soon, the condition will continue to be serious.

Nearly one-third of the entire village, including almost every home in Orchard Heights, was without electric lighting, wire after wire being pulled down by falling trees. The overhead lines department of the Detroit Edison company here was the busiest it has ever been, and had more than 35 men working throughout the district, headquartered in Northville. All wires were back in place by Saturday morning, the men working all night.

Not nearly so much damage was done to telephone wires, although several people in Northville, Plymouth and surrounding territory reported that their phones were out of order Friday.

They were taken to the Michigan Central station in Detroit Monday by Postmaster and Mrs. T. R. Carrington.

13 LOCAL SCOUTS GO TO TAWAS FOR A WEEK'S OUTING

Thirteen Northville Boy Scouts set early Sunday for a week's outing at the Lake Huron beach, near East Tawas, accompanied by Scoutmaster Orlow G. Owen and Assistant Scoutmasters Ward Van Alen and Martin Sommers.

Besides cars driven by Mr. Owen and Mr. Sommers, Harry Bolton, troop committee man, also drove, returning the same day. This is the fourth year that Northville Scouts have gone to East Tawas the first time being in 1930. It is through efforts of Scoutmaster Owen that the boys are enabled to go. Mr. Owen, whose home was formerly in East Tawas owns property along the beach where the Scouts stay.

There each year they pitch their tents, cook their own meals, go on hikes, swim in the cold clear Huron, and in general have "one grand time." Their plan is to return late Sunday afternoon.

The Scouts making the trip are Ralph and Warren Bogart, Eddie Lester, Robert Parmenter, Keene Bolton, Roland Morris, Jack Sorenson, Marvin Schultz, Gerald Preston, John and Cornelius Whittlehead, and Robert Taggart.

M. E. PENNY SUPPER SUCCESS WEDNESDAY; ANOTHER SCHEDULED

So large was the crowd that came to the Penny Supper Wednesday evening that several were turned away on account of the food giving out. Due to the warm day, everyone felt like going out for supper, and they were well pleased with the food that was served.

The committee next week is preparing for at least 50 more people so everyone may rest assured that they will not be too late to get in on the eats.

The menu next week will consist of swiss steak, chop suey, salmon salad, an assortment of individual salads, cabbage salad, scalloped corn, carrots and peas, white or wheat buttered pan rolls with a dessert of a large assortment of those home made pies, and cakes or cold watermelon. Iced tea, coffee or milk will be the drinks served.

Serving begins at 5:30 and continues until 8:30. All are invited to come out and enjoy these surprises.

Mr. Hammard has been with the Woodward Hardware Company in Detroit for the past nine years. He will carry a complete line of stock at the E. M. B. grocery Saturday morning beginning at 10 o'clock.

IT COSTS NO MORE—To buy the best. There is no other ice cream sold in Northville that will compare in richness and flavor, with FRED'S DELICIOUS HOME-MADE ICE-CREAM. Quality is guaranteed.

VILLAGE HIT BY BIG WIND LAST FRIDAY

Many Trees Uprooted; One Third of Town Without Electricity

Ending one of the severest droughts in this section in many years, and breaking an intense heat wave, a heavy wind and rain storm swept across the state Friday afternoon, leaving in its wake death and destruction.

As the torrents of rain poured down upon parched fields and baked streets, the atmosphere became noticeably cooler. In the village, people crowded to windows to see the longed-for rain strike the pavement. Nearly everyone rejoiced at the break of the drought and heat wave.

The rain, while it came too late to be of much help to grains, is expected to be great aid to the corn crop. In the meantime, it is still dry, and if rain does not come again soon, the condition will continue to be serious.

Nearly one-third of the entire village, including almost every home in Orchard Heights, was without electric lighting, wire after wire being pulled down by falling trees. The overhead lines department of the Detroit Edison company here was the busiest it has ever been, and had more than 35 men working throughout the district, headquartered in Northville. All wires were back in place by Saturday morning, the men working all night.

Not nearly so much damage was done to telephone wires, although several people in Northville, Plymouth and surrounding territory reported that their phones were out of order Friday.

The Parent-Teacher Association is sponsoring the movement for better playground facilities here, headed by a committee consisting of Mrs. E. W. Laster, P. T. A. president, Supt. R. H. Aune, Mrs. J. K. Nelson, Mrs. Gladys Lindberg, Mrs. K. H. Elliott, Mrs. W. H. Johnston, and Mr. Walter.

WOLVERINES NOW IN TRIPLE A

The Northville Wolverines, the team that through its continued victories, broke up the Michigan-Ontario League, was accepted as a member of the Triple A League in Detroit Wednesday, it was disclosed here yesterday.

Defeating Schmidt's Famous Giants, another new Triple A team here Sunday, 5-6, the Wolverines' application was made to the board of the Detroit Amateur Baseball Division Tuesday.

The Wolverines' next game, to be played here a week from Sunday, July 22, will be an official Triple A game.

Pitching in Sunday's shut out, Hartner, local hurler, allowed the Schmidt team only three hits. Northville scored 16 hits.

Wolverine officials regard their admission to Triple A as an indication of their real ability. In that league now there are such stars as the former Detroit Tigers, Bob Fothergill and Red Wingo.

INDOOR BASEBALL GAMES WILL BEGIN MONDAY AT SCHOOL

Five teams already have signed up to join the Northville Indoor League, and several more are expected to come in before the playing starts at the school playground Monday, coach Ted Watts announced yesterday.

The game Monday evening will begin at either 6:30 or 7:00. League officials were to have met at the school last night and worked out definite plans and rules. A competition will be taken from the crowd.

In addition to the polo game, there will be a golf and goat roping contest in which the Ponca City team will compete.

REDFONDO HERE TUESDAY AFTERNOON

TODD, STALKER ARE NAMED TO SCHOOL BOARD

Report Balance of \$10,068;
Vote Appreciation To Incumbents.

Dr. J. H. Todd and George H. Stalker were elected to the Northville school board for terms of three and two years respectively at the annual school meeting of the Northville School District Number Two. Fractional, in the high school auditorium Monday evening.

N. C. Schrader, sponsored for the board by friends at the last minute Monday, was nominated to run against Dr. Todd by R. T. Baldwin, the results of the voting being 92 for Todd and 50 for Schrader. The doctor was nominated by M. J. Murphy. After Mr. Stalker was nominated by Mrs. Grace Borden, Carmi Renton again placed in nomination the name of Mr. Schrader who arose and withdrew his nomination.

Then W. D. Sartor asked for the door and Jernett requested Mr. Schrader to remain in the race. Mr. Schrader reconsidered and said that since he "didn't propose to canvas for the office" he did not care whether or not his nomination stood. The result of the vote was 92 to 50.

The return of school of the Ponca City team will consist of the Ponca City polo players one of whom, Alfred House, has spent much of his time as a team-man of Civil Service. The other two are Arthur Dewey and Hank Evans.

This is the second year the Ponca City Cowboys have played Ponca City, and the team here in June. It was safe to be used for league competition.

HOPE FOR THE BUILDER

A short time ago it looked very much as though price fixing (we are "agin' it) by the NRA would put building materials so high in the sky of prices that building on a general scale, even under the government's fine new plan for financing, would be impossible.

Building costs a month ago, as a group, were only eight-and-one-half per cent lower than during the peak of 1929. Cement was only five per cent under the 1929 figure. How could men, with the incomes of 1934, build at the rate of 1929 when the sky was the limit for everything?

Price fixing under the code put these building material prices at the high point where they have been recently. But now comes the break for the potential builder. From Washington comes the word that prices will be dropped 15 per cent. That is good news. Some lumber may start coming from the top of those piles where they lay untouched for months. People want to build but they won't pay the inflated prices of 1929 and not even our government can expect them to do so.

If this 15 per cent drop news is true, you will before long hear the sound of the saw and hammer in Northville. And won't that be nice?

ANARCHY IN GERMANY

Murders and massacres in Germany by the Hitler government have not only lost the splendid German people in a grip of horror which must be unspeakable, but they have brought anxiety to all other civilized peoples. If such a land of culture, education and scientific attainment as Germany falls prey to a group of savages, what can happen to the rest of the world? Is any land safe?

What is the cause of this hideous situation?

In discussing the German situation, The Detroit Free Press says editorially: "The first symptom of the oppression and terrorism that has spread over the Reich was a lapse of national honesty and social decency." Then came the breakdown of law, the barbaric attack on the press, the destruction of the freedom of the press and the long vicious chain of decay and corruption among the ruling classes.

Whence came this ferocious series of bloodbaths of civilization? What brought the land that produced Goethe and Handel, Schiller and Schubert, to government officials openly murdering men, without the vestige of trial? What has made Germany the companion in horror and oppression of Russia where human life is as cheap as the weeds that grow in the field?

Our own idea is that the World war is to blame for all these murderous manifestations. For four years, legalized killing, lust of blood and the hatred-of-hell swayed the people of Europe and to a lesser extent, the people of the United States. The seeds of bloodshed were sown and now we are reaping the whirlwind of the harvest. We toppled in the dust the ideals of love, regard for one's fellows, of ordinary decency and of honor, of honesty, of religion, and then we wonder why the world does not move along in peace and quiet as it had for scores of years before the holocaust broke out. If we sow, shall we not reap?

Germany will not long be ruled by murderers. That band of marvelous background will again return into the control of high-minded leaders who respect the traditions and the faith that made Germany one of the most idealistic lands of the world. Little by little, we shall get away from the aftermath of the World war into the light and peace of a new day when war shall be outlawed by thinking sane people. God speed the day.

FARMERS FACE REAL TROUBLE

A cloudless sky looks down on Northville's fair community. Hot winds sweep over garden and hay field. Corn, bravely holding its head high, rolls its succulent leaves to escape the hot breath of nature. Oats, usually standing proudly erect, hug the ground, a few inches away from the baked earth and, robbed for weeks of moisture, send their energies into the shriveled heads of grain.

The worst drought of perhaps 25 years or even 50 is upon us. City folks who sprinkle their few square feet of lawn and see it stay green, can know nothing of far-reaching parched acres, from whence nearly every blade of a green thing has gone. The man who as a boy never took the cows to pasture, can never realize the pathos of cattle and horses, wandering here and there over the sunburnt earth, and, desperate for food, picking at thistle tops and eating branches of overhanging trees. There are often years when we get prolonged dry spells in the latter part of the summer but this drought of 1934 reminds you of the California—no rain of any consequence has come since April and the heavens are as brass, day after day, as we pray for rain.

We have always maintained that in Michigan there is no such thing as a complete failure of crops. And had the situation as now, we may well be hopelessly stricken for years with the temperature in 90 degrees with hot winds adding to the devastation of fields

and gardens. We have hope that by the time you read this, showers or even rains may have come to bring new hope to the discouraged farmers and gardeners. If the late potatoes and the corn are given rain, they will return some measure of harvest that will partly atone for the loss of other crops.

As we look at the whole picture and realize that our national government a few weeks and months ago was paying farmers to stop production—killing the little pigs and plowing under every third row—how futile seem the works and plans of men. We had better take down our Bibles and read the story of how Joseph met the problem of the seven fat and the seven lean years. There was no AAA then.

(P.S. Within four hours of the time the above was written, the most refreshing rain in months came to cheer Northville people. As a result, everyone has taken a new hold on life. The corn cribs will not be empty this fall.)

WANDERING THOUGHTS

"The smallest hair throws its shadow"—Goethe.

Wouldn't it be just as happy and just as fine a world if no automobile built could go faster than 60 miles an hour?

Try to find any time of the day or early night when there are not plenty of automobiles on Northville's business streets.

In a vote among eastern college men, they were almost unanimously opposed to the painted fingernails of the young ladies. Think that over, Misses.

Every one of us has to stand on his own feet, as he battle, the "world, the flesh and the devil." As a college president said one morning in his chapel talk: "The only place you will meet no temptation is in the cemetery—but who wants to lie lying there."

Residents of Whitmore Lake state that last Saturday night was the worst night of disorder—and some say debauchery—that the resort village ever had. There are eight big gardens there and conditions in them are reported to be far worse than in the old time saloon.

To spend a little money to help yourself and your town. Look what \$100,000 invested in Mickey Cochrane did for the Detroit Tigers. It has meant the difference between fifth place and first and the difference between a few thousands at games and a crowded grandstand.

Neurosis or Fleas—Which? The expression "neurotic telegraph" refers to the speedy exchange of news or information or the transmission of messages by word of mouth. It had its origin during the Civil war and received its name from comparing the way verbal news travels in the way a neurotic man or woman is quite likely to grow neurotic, too. He may be well cared for as far as food and shelter are concerned, and may even sleep on a satin pillow at night, but he would be a lot better off grubbing around outdoors, chasing fleas and other dogs than taking up his abode in a forest preserve.

EDITORS FOR VANDENBERG

(Michigan State Digest)

An unusual thing happened in Lansing the other day. Newspaper publishers, between twenty-five and thirty of them—voluntarily gathered to endorse United States Senator Alfond B. Vandenberg, file his petitions and boom a candidacy that hardly needs boomerang.

The publishers, representing weekly papers in many parts of the state, were a unique group. Some six扶助 supporters, some pro-Vandenberg. Several think too sun rises and sets in Fred W. Green, late arch enemy of Vandenberg. But all were there with one speech on their lips—Vandenberg has done things for Michigan, he deserves to be re-elected.

Holding over the group was Fred L. Woodward, former internal revenue collector and manager of Misses Mary Louise Bayden, Marion Turnbull and Marquette Nelson, Roy Clark and son Lloyd, all accompanying them leaving Monday and returning the following Saturday.

Consensus among editors and publishers, though, was that the election of a number from the entire lot at the fair, which will be held August 22-25, will decide who will get the year.

The make of automobile has not been decided on. Ernest E. Smith, member of the fair board, said, but it will be announced within two or three weeks.

Confidence among editors and publishers, though, was that the election of a number from the entire lot at the fair, which will be held August 22-25, will decide who will get the year.

CHURCH NEWS**Union Morning Worship**

The Methodists and the Presbyterians will worship together at the Presbyterian church on Sunday morning at 10 o'clock. This will be the closing sermon of Mr. Mathison for this series. Beginning next Sunday the Union services will be held at the Methodist church. Mr. Whitefield being the guest preacher.

Sunday school will be held at 11:15. Don't forget to come and bring your children. It is far better than merely sending them. Try it out.

Christian Science Churches

"God" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 15.

Among the Bible citations is this passage (John 7: 16, 17): "Jesus answered them, and said, My doctrine is not mine, but it is sent me. If any man will do his will, he shall know of the doctrine, whether it be of God, or whether I speak of myself."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (9:19):

"In Science, you can have no power opposed to God, and the physical senses must give up their false testimony. Your influence for good depends upon the weight you throw into the right scale. The good you do and embody gives you the only power obtainable. Evil as far as we are living in a machine age, we are far from surpassing life to present complete conditions. A majority of favored people live in luxury. While the great majority are uncertain as to how they may provide food and clothing for themselves and their dependents." The earth is full of God's riches—but man does not seem to know how to put these riches to good and useful uses. And so we have a multitude of unsolved problems to face in the abundance of the riches God has placed within man's reach. Need we wonder that many are living for conditions that will enable them to lead the quiet and peaceful life in all quietness and soberly?

The pastor will bring the gospel message. O Lord, of the abounding provision Thou hast made for me and all mankind. Enable me to put to use thy gifts. Thy gifts and blessings, and forbid that I should catch the spirit of selfish and uncharitable thoughts who crave worldly luxury and pleasure. AMEN.

The hour for worship this Sunday is set at 10 o'clock. The pastor will speak on the text, Mark 3: 1-9, choosing as his theme the hope and comfort of those who follow Christ for life.

A cordial welcome is extended to all to worship at St. Paul's Episcopal Church on High Street at East Grand Boulevard, Detroit. —Jeremiah 17: 7.
