'SUN-UP' TO BE REPEATED AT HIGH SCHOOL

Popularity Of Play Calls For Second Night's Presentation

Because of the popularity in its first appearance, demand is made for the repetition of the play "Sun-Up" tonight (Friday) at 8 o'clock in the high school auditorium.

"Sun-Up" is a charming story of simple mountaineers who speak a dialect all their own. To present these characters in their natural setting is far from easy and has been achieved by even college students with difficulty. That a cast of characters from Northville High school could carry this play off so very creditably as at their first performance Thursday evening, Nov. 12, reflects great credit both upon their ability and their excellent training.

Leslie G. Lee directed the play and feels justly proud. This is the first time a performance of this kind has shown to those who do not know the joys of wallowing through pathless forests weighed down by heavy gun.

The headquarters of the woodsmen were in the Heron cabin up in the Canadian Soo. Tibbles was the cook. Not satisfied with this episode Dr. Show has returned to the north, near Chetwygan, for further prey.

About The Principal

Paul Thompson, assistant principal, is in "dutch."

After visiting his wife in Grand Rapids the other day he asked her to get in her car and push his Thompson's car to get it started as she did and pushed him away out in the country before it started.

As the muffed explosions of his car rent the air Paul heard Mrs. Thompson blow the horn on her car. Thinking it a farewell signal he waved and headed speedily toward Northville.

A day or so later he got a letter from the Mrs. demanding to know why, when she had run out of gas after pushing him 10 miles, he had deserted her.

He's afraid to go back to Grand Rapids.

THREE HURT IN ACCIDENT NEAR SALEM

Two Women And A Child Are Injured In Car Smash-Up

Two women and a small child were seriously hurt when the car in which they were riding was crowded to the side of the road and struck by a truck driven by a nameless Baumgartner, who is said to live near Lapham's corners, last Sunday afternoon.

Miss Lucille Anzell, daughter of Marie Angel, Seven Mile road, was driving toward Salem on a cross road one mile from Salem, in company with her sister, Mrs. Kenneth Lucas and three-year-old son, Elmer, of Owosso, when she saw a truck approaching with a watermelon course.

Drawing out of the road at the right side, Miss Angel waited for the car to pass when it suddenly swerved to the left and struck her car with such force as to wrench it back.

All three occupants were injured. Mrs. Lyons having her jaw badly fractured on both sides. Her child suffered a fractured lip and scalp injuries. Miss Angel was less seriously hurt, escaping with minor lacerations and sprains.

Baumgartner received cuts on the head. He was taken to Plymouth hospital.

The Schrader ambulance was called and the injured had been picked up before it arrived on the scene. The woman and child were sent to St. Joseph's Hospital for first aid and later Mrs. Lyons and Elmer were removed to St. Joseph's Hospital, Ann Arbor.

It is charged that he came into the little girl's house Wednesday morning and took the child's clothes.

At the time of the accident, the parents were home alone.

A neighbor boy walked into the house and returned to his parents' where he reported the incident.

Wall was taken into custody, Thursday morning and placed under \$25,000 bond.

His examination will be held Tuesday.

Parents are urged by police officials not to leave their children alone at any time because of the large number of degenerates which have been picked up in the Detroit metropolitan area recently.

Appreciation SHOWN TO ROY G. CLARK

In appreciation for his gratis service in the decoration of the church parsons, the young women of the Service League of the Methodist church have presented Roy G. Clark with a beautiful shaving set.

Mr. Clark had, out of his generosity, helped this society to make attractive this very much needed room in the church.

The young women will be glad for any donations of used furnishings that will make the room more home-like for social gatherings.

DR. A. A. HOLCOMB GETS BEAR, MOOSE

Strong and sinewy, with their belts pulled in several notches after long marches through the deep snows of northern woods, the Northville hunters have returned home with their booty.

Dr. A. A. Holcomb is proudly showing his envious friends the fine deer, bear and moose which he brought down with his gun.

The others in the party were Dr. L. W. Snow, A. C. Balien, Vern Speer, Wiley Tibbits and Harold Hinck.

Moving pictures were caught of the hunters in action which will be a part of the program this Friday evening.

The scene of this drama is the cabin of Widow Cagle, situated in the mountains of North Carolina. Here, living in poverty and ignorance are Rubie Cagle (Henry Hoffmann), Emmy Todd (Carrie Turnbull), Sheriff Weeks (Maurice Giles), Pap Todd (Jack Stabenow), Bud (Cecil Giles), the preacher (John Hochman), and Bob (Eddie Bender). The stranger living in, Tom Carrington.

The desperate plight of these simple people, their lack of knowledge of the outside world, their joy, and their heartaches are portrayed with touching sincerity and real talent. "They make me forget they're high school students," was only one of the very favorable reviews passed after the premiere.

The artistry that Mrs. Chapman, Florence Johnson and Bob Sted displayed in painting the scenery does a great deal toward making this the most realistic production that Northville audience has ever had the pleasure of witnessing.

Surly every one wishing to encourage the continuance of truly worthwhile entertainment will make it a point to attend the play this evening. The prices for admission are exceptionally reasonable, being thirty-five cents for adults and twenty-five cents, for children.

NORTHVILLE DELEGATES VISIT DISTRICT MEET

As delegates from the local American Legion and Auxiliary, Mr. and Mrs. Leslie Alexander, Mrs. G. C. Alexander, Mr. and Mrs. Floyd Lansing, Mrs. Club Smith and Mr. and Mrs. Harry Bolton attended a district meeting held in the beautiful high school building in Clarkston.

After a chicken dinner the company listened to a fine talk by Samuel Frait, National vice-president of the National convention held in Miami, Florida. Outstanding among these was the plan to promote peace by taking the profit out of war.

DOGS NOT ON LEASH WILL BE SHOT ON SIGHT, SAYS SAFFORD

By order of Chief of Police Wm. Safford all Northville dogs not on a leash or tied up will be shot on sight.

The daughter of Edward Shoebridge was bitten on the leg Thursday afternoon by a mad dog, a mongrel which was subsequently found to be infected with rabies. The girl was taken to Ann Arbor where she is under observation.

The result of the incident was a standing order by Chief Safford to have all dogs running loose in the village captured and shot. The order is to be carried out without exception, says Chief Safford.

"GOOD LUCK" TO "AD" SCHWENGER

By R. T. Baldwin

It is with sincere regret that the entire staff of The Northville Record bids good-by this week to A. A. Schwenger, who has been the advertising manager of the paper since Feb. 1, 1931 when the present management took charge. Mr. Schwenger, whose home is in Detroit, has an excellent position in New York City, in which his many friends here feel that he will more than "make good."

Mr. Schwenger, one of the honor graduates of the journalism department of the University of Michigan, following two years of study at Albion college, came to Northville following the disastrous fire which wiped out the plant in December, 1930. In the nearly four years of historic happenings since, he has been an invaluable "right hand man" to the publisher of the paper. With true blue loyalty, unfailing industry and resourceful work, cheerful kindness and great determination, he helped keep this newspaper going in the dark days when the economic and business life of the United States was wobbling.

Those who have been at the helm of the newspaper ship during the past few years will not forget all that his many fine qualities have meant to The Record and to the community. Now that fairer days are here, we all wish "Ad" in his larger field all the good things in life he so richly deserves.

MAN ARRESTED FOR ASSOCIATION WITH 8-YEAR-OLD GIRL

NOV COMMITTEE PLANS TO HAVE COMMUNITY HALL

Peter Wall, who resides on the Novi road near the railroad track, was arraigned before Justice of the Peace Arthur Nelson Thursday morning, Nov. 14, at the Novi highway commission. A charge growing out of his association with an eight-year-old girl living on the west side of Northville.

It is charged that he came into the little girl's house Wednesday morning and took the child's clothes and returned to his parents' where he reported the incident. Wall was taken into custody, Thursday morning and placed under \$25,000 bond.

Although no definite course of action has been taken, the old public school is to be torn down and replaced by a modern school, says Dr. John Mitchell, superintendent, who is in charge of the proposed re-creation hall. The committee has located over \$10,000 for the project and a meeting was to be held Saturday evening at the high school.

The Lloyd H. Green Post of The American Legion will hold its annual Feather Party on Saturday evening, Nov. 24, right across the Novi-Center street border, at 110 Novi Center street, better known as the old post office.

STARTING THE NEW PAGE

We have just talked to two people who are still facing life with "chins up" in spite of reverses. We like their spirit.

One has lost all he had—thousands of dollars, due in part to a long series of ill health in his family. He is facing the sunset years of life and the doors of jobs seem closed against him. Yet he smiles and carries on.

Another sees his business at low ebb and wonders how can he revive it. With a fighting spirit, he tries to find new ways to turn the tide back and we have such faith in the man that we believe he will be able to do it.

The facts are that probably half of the people—even more, perhaps—are faced with the problem of starting life over. All the old foundations are gone and a new structure must be built? In the case of younger people, the opportunity to rebuild is splendid. This is still the greatest country in the world and in a few years at best we shall be on a new road to prosperity and content. Those who recognize that they must "start over" and who take off their coats and go to work with a new spirit and vision will win out, in the same way that those in other years have won against depressions.

The sad part of the picture is that the older people are going to find it hard to "get a toe-hold." The men in middle life are not wanted in the positions that are open.

There are too many young men who are in excellent health and who are trained for service. Most authorities seem to agree that we are in for a period of permanent unemployment for millions in our country. Yet, despite all this, those in middle life can by courage and ingenuity find some way of living a life of content and satisfaction. Loyal sons and daughters will, in many cases, be the buffer and will protect against old age.

The developments of the past five years which have broken the fortunes of millions will not be in vain. On every hand there are movements for providing social security for old age. President Roosevelt has a great heart and he is at work on plans that will help bring this social security nearer to all those who are left without work or wealth. A new day must come to this great class of our people.

VANDEBERG REBUKES FARLEY

Non-partisan disablers of our national life will find considerable sympathy with Senator Arthur H. Vandenberg in his demand that Postmaster General James A. Farley cease his purely political actions in the government's plan to bring about a business recovery.

We are called upon to give our loyal support to our government in this great crisis and as good citizens, we are glad to do that. But in the name of reason and fair play, why should Mr. Farley be allowed to play a gigantic game of politics in which he holds all the cards? Why should the tactics of Tammany Hall of New York be used in our political campaigns, as these tactics certainly were used in the present month? Senator Vandenberg is right. If common citizens are to be non-partisans, let our leaders be the same.

Let Mr. Farley give up his job as a member of the cabinet or his place as chairman of the democratic national committee.

If he refuses to do that he will face a rising tide of indignation that may be turned against the good men who are working with him.

CONGRATULATIONS TO EDITOR E. R. EATON

Elton R. Eaton of the Plymouth Mail, former publisher of the Northville Record, has given our neighboring city a splendid example of good citizenship and vision in his erection of a new newspaper plant. That will be good for Plymouth and for Plymouth's newspaper—one of the leading papers in the whole state.

Not only does Mr. Eaton's progressive and patriotic action give Plymouth an outstanding civic building, but it sets the pace for others to help bring back a new day in our national life. If the building industry of the nation can be set on a going basis we shall soon see things booming again. In staking everything on the future and in showing faith in the effort of our president to bring new hope to a discouraged people, Mr. Eaton has done his community and other communities a great good. We feel sure that the future will justify this hope. Let others do as the Plymouth Mail has done and we shall soon be building and re-building, not only buildings, but our morale and our faith.

GOOD NEWS FROM BABSON

David L. Babson of "Babson's Report" gives good cheer about the business future of the country. The Babson business letter tells of economic and business trends, and business men pay high prices to get this Babson report.

"Within a few years you are likely to see the greatest spending program and industrial activity in history," says the report. That checks pretty well with the action of Henry Ford in spending millions for new construction to make more Ford cars.

And some one said after going over bank reports from several cities, "that money won't stay dammed up that way indefinitely. Sooner or later, the dam will burst."

And when the dam bursts, get ready for a lot of spending.

WANDERING THOUGHTS

Twenty-seven more shopping days!

President Roosevelt and "Big Business" have gotten together and everyone now predicts a business boom by spring. Northville will do its part.

"When a mule is kicking, he can't pull and, when he is pulling he can't kick" is an old saying that applies to people and communities. We really think that Northville now has a smaller quota of "kickers" than for the past three or four years. Why shouldn't we all pull together all the time?

All Northville has been deeply touched by the sudden death of Sheriff W. Ambler, Jr. Our so-called troubles and griefs melt away in the presence of such an overwhelming blow. The mystery of life and death still baffles us all. In the presence of such a sorrow the Christian faith still sustains us and reverently can we say with the Psalmist: "Yea, though I walk through the valley of the shadow of death, I will fear no evil for thou art with me; thy rod and thy staff they comfort me."

Editor Emerson Q. Gildart, of the Utica Sentinel writes: "Should everyone be allowed to vote?" asks the Northville Record, contemplating the army of men and women who didn't. Listen, Bro' Baldwin, here's something we have advocated for years: Let it be decreed that the voter who persistently fails to exercise his franchise shall lose it! Wouldn't there be some scurvy? Remembering how our fathers shed their blood to give us the ballot, may we not assume that this minute their children see it in danger of slipping away. Would we not scratch around a considerable to save it? Nature penalizes the non-use of a function: why should not the state?"

back, his job is to prevent such a debacle. Now he turns his attention to preventing an upset, and in this he knows the cooperation of the business community can be of great assistance.

From everything that has come out of Washington recently, it seems apparent that the President wants business and big business especially, to go ahead and make some money. His aim, according to the best authorities, is to aid business to get back to normal. He has got to build up revenues in order to get the balancing of the budget within sight and importuning business will help accomplish that. Better business yields taxes and takes people off the welfare.

Big business has an opportunity to prove its leadership now by getting behind the President and helping him to stand up of all the radical moves a new congress will try to put across. If it continues to stand aloof and criticize it is just simple in the head.

THE GLORIES OF HUNTING

Written by Editor Merle H. DeFoer from a hunting camp near Lake

The depression will never last America.

Thousands of men every year step back to the living standards of the east and like it. In this sense, hunting is a national blessing and should never be encouraged. Out burners, radios, telephones and pay telephones are useful gadgets but real happiness lies where they are not.

Hunting makes for a type of social life which has almost entirely disappeared even in Main street towns.

There is no barometer quite so accurate as the way men react to the social and taste of camp life. There is no greater or discipline comparable to these little tests, even

NORTHVILLE BEATS RIVALS IN LAST GAME

Clawson Downed 20 to 0;
Marburger Scores 12 Points; Bender 7

Northville defeats Clawson, 20-0.

In her last grid contest of the season, the N. H. S. gridiron whetted the fighting Clawson eleven there Friday. Thirty seniors played in their last football game for the Orange and Black eleven they were as follows: Dayton Deal, Irvin Marburger, Nick Reckcho, Don Bray, Edward Angove, Francis Woodley, William Owen, Kenneth Porter, Adeline Boyd, Eddie Bender (Captain), David Martens, Clarence Meyers and Bill Duguid.

The game opened with Clawson kicking off to the N. H. S. gridiron. Creely kicked off for Clawson to the Orange and Black 20 yard line. Owen grabbed the pigskin and sent a beautiful lateral to Captain Eddie Bender who ran it to the Clawson 21-yard line. First down for Northville, Bender circled around left end for a fifteen yard gain giving the local lads the first first down of the game. Marburger stopped at the line of scrimmage for no gain; on the next play Bender plunged center for a five-yard gain. Bender again took the ball around left end for another N. H. S. first down. Owen plunged center for a five-yard gain. On the next play Bender was halted behind the line of scrimmage for a three-yard loss. Irvin Marburger took the next one through left tackle for the first score of the game. The conversion failed but Clawson was ruled offside by the referee. They declined the penalty gained, the Northville eleven the extra point. Score, Clawson 0, Northville 7.

The second quarter opened with Bender running three yards around left tackle, on the next play Marburger went around right end for another N. H. S. first down. Deal kicked the ball the next two times getting another first down. Owen around right tackle for three-yard gain. On the next play Northville was off sides and was penalized five yards. Deal completed a beautiful twenty yard pass to Nielder, giving Northville's fighting gridiron a first down. Deal plunged the center of the line for three yards, on the next play Marburger followed through the same opening for a four-yard gain. Nielder went around left end and netted two yards, Marburger earned the ball for two and a half yards, gaining a first down. The ball now rested on Clawson's three-yard line. Deal netted two and a half of these by plunging through center. On the next play Northville and Clawson were both off sides and the down remained the same. Bender crashed through right end for the Orange and Black's second touchdown. Bender tried for the conversion which was blocked.

Northville kicked off to the blue and yellow 20-yard line. Here Clawson tried a pass which Owen intercepted for Northville. Deal punted to the gun sounded ending the half. Score: Northville 12, Clawson, 0.

Northville opened the third quarter by kicking off to Clawson who returned the ball to the N. H. S. 27-yard line on a series of four plays. Northville took the ball back to the blue and yellow 28-yard line. Here Deal punted to Clawson's 38-yard line. Clawson kicked from their own 29 yard line to the N. H. S. 28-yard line. Northville kicked from their own 34 yard line to the blue and yellow 15 yard line. Here Creely kicked from his own 15 yard line to mid-field where the N. H. S. quarterback Marburger made the most sensational run of the game when he sprinted fifty yards to score the third touchdown for the Orange and Black. Bender's conversion for the point was good. The quarter ended with the score still in favor of the local gridiron 20-0.

The last quarter belongs to Clawson although they failed to score. They started a beautiful aerial attack as the last quarter opened, trying sixteen passes completing eight. Clawson put up a strong and clean game but the local boys were playing in their last game and really meant business. N. H. S. played her best game of the season as the score

ROUND THE SCHOOL

On behalf of the student body of Northville grade and high school we wish to express our deepest sympathies to Mr. and Mrs. Sherrill Amble and family in their recent bereavement.

We would like to remind several of the younger folks who attended the play Thursday evening that they showed very poor manners by the way they behaved. It is very hard for the audience to understand what the different people on the stage are saying, so this coming Friday let's try to improve over the past.

Carnival Coming Soon

The student council carnival or as some call it, community fair, will be held in the Northville high school on the evening of December 7th for the purpose of getting the school out of debt. It will also help different organizations such as the senior class, junior class, sophomore class, freshmen class, Boy Scouts, N. C. Club, and the student council.

You can kill two birds and even more with one stone by helping all these different organizations all in one. Edward Angove and Francis Woodley, Deal is noted for his great passing in every town in this vicinity and Marburger is noted for his ability to punt and carry the ball. Northville has suffered heavy losses houses, shooting galleries and other forms of entertainment for a very small cost.

THE INQUIRING REPORTER

(Do you think it would be better to have our school dances closed to outsiders unless approved by the principal, instead of having them public as they are now?)

Helen Christensen—"No, there are not enough students in school who go to dances and the outsiders do. Therefore we need their support to make our dances a success."

Lell Haystead—"Yes, I sincerely believe our dances should be private because, so far, all of the trouble that has been caused at the dances has been caused by the outsiders coming here from other towns."

Dorothy Richardson—"I don't see any reason why the school dances should be closed to the public. In fact they aid the classes in raising funds for the class trips."

Mrs. Vivid Cobb (teacher)—"Yes, I think it would be better to have the school dances closed to outsiders except those approved by the principal, if it would tend to bring a better class of people. It would not affect the finances as anyone desirable would still be permitted to come and who wants the other kind?"

Christmas Gift Party to be held at Forester's hall on Wednesday evening, Dec. 5.

On Thanksgiving day, Nov. 27, religious services will be held at 8 o'clock that morning. It will be a Memorial as well as a Thanksgiving Mass. We may be able to help the dead or we may not. Nothing imperfect immediately enters Heaven (Revel. 21-27) Scripture speaks of sins that can be forgiven in the next world. (Matthew 12, 32) The "communion of saints" of the Creed means nothing if it does not intend to procure helpful inter-communion. Hence it does not seem even human to refuse a harmless chance to help merely on the strength of a doubt. The entire month of November is such a memorial month in all Catholic churches.

The third corner of the present series will be delivered Sunday morning at 10:30. The subject is "The Home," an institution of strength in our material life, at least that is what it should be. How is it with your home? Parents can expect their children to be very different toward their children than what they themselves are? Come and bring your family to church on Sunday morning and hear the discussion.

Church school at 11 o'clock. The worship program will be conducted by the young people's class. The 5-H Club Sunday.

Comm. and piano service at the First Church on Wednesday evening.

First Presbyterian Church

Alfred G. Whittell, Minister

On Sunday afternoon the families were represented at our morning service. We have an unusually large, dried and fifty-fourth annual of the church. We are endeavoring to type a 20 cent representation Sunday, Nov. 25. Surely we ought to have 75 families in attendance.

The church school meets at 12 noon.

Do not forget the "Penny Supper" to be held Friday night (tonight) November 23—fuller announcement elsewhere in this issue.

Berends, the "compass"; Mrs. P. N. Miner, the "chaplain"; Mrs. Atchison, "first mate"; Mrs. E. J. Cobb, the "engineer"; Mrs. H. H. Mathison and Mrs. John Rogers of New York were also honored guests.

O thank the Lord,

For all His love.

A special Thanksgiving service is to be held in our church this Sunday morning at the usual time 10 o'clock.
