slightest evidence of drinking on the part of anyone there.
Maybe we are on the way back to the old-fashioned days when young men and women didn't think it clever to be drinking at so-called "swanky" affairs. A lot worse things might happen.

THE END OF A PERFECT DAY
A strenuous but pleasant day... Some knocks but some fine boosts... Come evening and home... Bitter cold outside... Cheery fire in the fireplace... An hour with the typewriter... Telephone rings: "What show is on tonight?"... Half an hour with the evening paper... mostly a perusal of the editorial and news pages... Cup of hot chocolate and salty crackers... Phone rings: "Dick, you are down to go with me to the hockey game next week"... Thus to bed and pleasant dreams.

WANDERING THOUGHTS
Gossiping parents are pretty apt to have gossiping children.
Fairy story: All Northville citizens clean their sidewalks after a snowfall.
Northville business leaders are feeling more optimistic, thank you. Better days are really here.

This week's pet peeve: The foolish idea of believing only one side of the story some one tells you.
People are still talking about the splendid lighted Christmas trees Northville had during the holiday season.
Pneumonia weather ahead for the next three months. Better get plenty of sleep and fresh air and watch your diet.

Governor Frank D. Fitzgerald starts his administration in serious fashion. He has a definite program. If the legislature does not give him fair backing, the people of the state of Michigan will hold some one to blame.

"Northville business people should plan definite merchandising events, like many other towns do," says a Record reader to us. Plymouth is fortunate in having a secretary of its Chamber of Commerce who provides for their "big" days. How would it be if Northville had "half a secretary" to take over such work here?

THIS WEEK'S QUESTION:
What does the average cigarette smoker (man) spend a week for smokes?

THINK OF SOMETHING PLEASANT
Every person in Northville who has had contact with the public could probably each day find some good reason to feel resentful or bitter. There are just enough selfish, shrewd or self-seeking folks around us to do little meanesses. We have just had one such experience brought to our attention. An injustice was done to a person and with good reason he could have struck back.

"Rich Yet Frugal"
Now that we can look at the whole matter calmly and clearly, it still remains the truth that there are as few safe places for your money as a good bank. Now what has been said out by the banks in Detroit that should never have been closed. If you had up to \$300 there, you will get every nickel of it. How does that compare with your real estate bond or stock transactions?

WHAT! NO DRINKING!
At the Naval Armory at Detroit one evening recently the Demolay young men staged a dance. There were 2,000 present, so it was hardly a "hick" affair.

Center-Poise for Ease of Riding
Center-Poise—a new feature of Ford V-8 cars—combines comfort with stability and safety as never before. It embodies three fundamental principles of design: First, Correct spring suspension. Second, Correct distribution of weight. Third, Correct location of passengers within the car. To employ one or two of these principles is not enough, nor can one of them predominate at the expense of the others. The new, easy riding springs of the Ford car would not by themselves provide the comfortable ride desired at all speeds. Therefore, Ford Center-Poise has combined all three principles and has achieved unusual riding comfort with maximum stability and safety.

WHAT OTHER EDITORS ARE THINKING ABOUT
THE RECOUNT FARCE IS BEST FORGOTTEN
(Schuyler L. Marshall in Clinton Co. Republican News)

The special session of the legislature called for recount purposes by Gov. Clegg, and the events growing out of it had better be forgotten. Certain Detroit politicians in the House and Senate made fools of themselves and discredited the state. As we see it, if any one person has been one an injustice, it is General G. M. Wilson. He asked for a recount. He was entitled to it in a regular and legal way. But Detroit politicians don't do things that way at home and they thought they could exercise their high-handed methods in state affairs.

MAGIC MONEY
(The Chicago Tribune)
A California citizen is out a hundred dollars, having bet it with a circus man to back his opinion that the public will fall for anything. As a Californian he had a right to believe it, but Lucky Smith, the circus man, was wiser. To win the bet he offered to sell five dollar bills for \$3.39, peddling them on downtown Broadway in Los Angeles. Only two buyers were in the crowd and Smith had to explain to the police that he was not really a faker. The loser made one mistake and that is where the wiser Smith caught him. The five dollar bills were good and consequently the public would have nothing to do with them. If Smith had offered a dollar for five dollars he would have sold out providing he used the genuine emerald as with it.

Northville Quintette Defeats Farmington Here 35 to 12 Last Friday; Remain Tied for Lead

"Most Crucial Game of Year" Easily Won by Local Cagers; Coach Watts Claims Team Has Excellent Chance for League Championship

Rolling up its sixth consecutive victory of the season, the Northville high school basketball squad, walloped Farmington to the tune of 35 to 12 here last Friday.

Northville is still tied with Melvindale for the Suburban league championship, neither team having lost a game.

The game, like the previous one with Berkley, was rough. Both teams had a considerable number of fouls. The Orange and Black squad turned in 5 fouls, Farmington 6.

The local lads got an early lead by making the score 10 to 0 in their favor. Deal started the scoring for N. H. S.

The second quarter opened with Deal opening the scoring attack. The Northville squad piled up the score to 20 while Hamilton, forward for Farmington, making the only basket for the Blue and White up until the third quarter.

The next period was the most exciting of all. Scoring in this quarter was almost even. Hoffman and Bray were the only ones on the Orange and Black able to score. At the end of this quarter Farmington trailed by the score of 29 to 7.

In the fourth quarter Coach Watts removed all the team with the exception of acting captain, Hoffman. Farmington tried to take advantage of this, but only succeeded in making five points during the period.

The final score of this exciting basketball game was 35 to 12 in favor of N. H. S.

Reserves Play Good Ball

The reserves continued their winning streak by overcoming the Farmington "B" team by a 23 to 9 victory.

James Hochkins led the Northville squad by scoring nine points, while Turner of Farmington scored five for his team.

SENIORS TO GIVE PLAY, "POOR-RICH."

The senior class presents the "Poor-Rich" on January 17 and 18 at the high school assembly under the direction of Miss Dorcas Cornin. The admission charge will be 15 and 25 cents. One case of boys and two cases of girls have been selected.

Bob Carpenter—Tom Carrington. Ila Briggs—Phyllis Fishery and Dorothy Richardson.

Sam Carpenter—Maurice Giles. Sarah Carpenter—Mary Louise Boyden and Marlon Schroeder.

Tom Carpenter—Ronald Keeping. Louise Carpenter—Lenna Coe, Frances Cousins.

Ole Larson—Eddie Bender. Nora Smithans—Helen Christensen and Ada Wheaton.

Lucinda Morgan—Betty Randall and Dorothy Schweizer. Jake—Melvin Stromeski.

If your son was engaged to a millionaire's daughter, can you imagine your reactions? More than that, if that millionaire's daughter and her father were coming to visit your humble farm home what would you do? Well, Sarah Carpenter tried every way she knew to impress them, but complications were nerve-racking, to say the least.

With a "crude" husband who refuses to wear his coat and a Swedish hired man to turn into an English butler, and the hired girl imitating a French maid, Sarah has her troubles.

The senior class promises everyone who attends a laugh in every action and a big lesson in the ways of all humans in this play. "The Poor-Rich."

This is a royalty play and the class has spent money, time and talent to make it the very best play of the year.

ROUND THE SCHOOL

FARMINGTON GAME

We, on behalf of the student body, wish to thank the students for the way they turned out and supported their team last Friday.

The Orange and Black quintette was successful in overcoming Farmington by the score of 35 to 12. The Northville basketball team has a fine record so far this season, winning its first six games. At the present time the local games are tied with Melvindale for first place. In winning this game the Orange and Black five accomplished one of the biggest feats yet of the season.

We wish to congratulate each member of the basketball squad for doing his part in defeating the visitors in both games.

Next week the home town cagers play another game which will mean much towards their present standing in the Suburban league. We, on behalf of the student body, urge everyone of you students to come and cheer your team on to victory.

Civics Class Visits the Detroit Courts

The Civics Class took a trip to Detroit to visit the County Courts Thursday. They all met on the main floor of the court house at nine A. M. Some students rode down on the bus, others rode with classmates.

We, the members of the senior class wish to thank Mr. Lester for his kindness in making this trip possible, for without his help the trip could not have been made.

THE INQUIRING REPORTER

Do you think we should continue having pep meetings?

Robert Angove—As the student body is not willing and as we have not the right type of cheer leaders, I would say no. With nothing against them, I believe that if they paid more attention to cheering than playing, it would be of more value to the school.

Altha Hagemaster—No, I do not think we should continue having pep meetings, namely because the student body hasn't enough of the so-called pep to support the cheer leaders so why waste the boy valuable time, when they could be practicing for the coming games, which would be more worth while.

Avis Perry—I do not think pep meetings are necessary. If they sell at the games I think that is sufficient.

Ida Altman—Yes, I think if the student body attempts to cooperate we should continue to have them.

Eleanor Booth—They should refrain from razzing the students and put more enthusiasm into their yells.

Dorothy Richardson—No, because the place to yell is at the game.

N.H.S. MEETS PLYMOUTH ON JANUARY 15

Northville Cagers Hope To Make It Seven Straight Victories

The Northville high school basketball team meets Plymouth next Tuesday, January 15 at Plymouth. The last game starts at seven o'clock.

Last year Northville defeated Plymouth twice in basketball although the game at Plymouth was very close. Northville ended as victor's a year ago while Plymouth is reported as somewhat weaker.

The players say this is going to be a close game. Northville is out for revenge for the football defeat and Plymouth is out for revenge for last year's basketball defeat.

SENIOR CARD PARTY ON JANUARY 24TH

The fourth senior card party is to be held on the evening of January 24th, at eight o'clock in the high school gymnasium.

The senior mothers believe that the people of Northville should patronize the card parties better than they have the last three years.

They say that in order to make these parties successful, the program should be of high quality and all the hard work that is connected with the parties, the program should have to be filled with players for the next two parties which fall on January 21 and February 7.

The people who come for one night have their choice of playing any kind of card which they wish. The price of admission is the nominal sum of only 25 cents per person.

Besides playing cards, entertainment is given there and attend with a very delicious lunch served by the senior mothers.

The new plan which some of the mothers have worked out says that each senior must sell 100 tickets and each senior mother must sell at least four tickets. This plan is expected to work a lot better.

Any one wishing to come to these card parties may phone Mr. Angove, 314, Mrs. Carrington, 124, Mrs. Turnbull, 124, and contact will be at your service with tickets. The Central Committee urges everyone to get their tickets as soon as possible as a large attendance is expected.

1935 PLYMOUTH IS INTRODUCED HERE THIS WEEK

The new Plymouth for 1935 was introduced to Northville's buying public last Saturday, January 5, at the showroom of Roy M. Van Atta.

One of the more strikingly attractive features is the unique radiator grille which is much narrower than the regular grille and has more of a slope.

The engine has been tested for 100,000 miles and has been found to be more reliable than ever. The steel spokes wheels are smaller and use larger ball bearings.

Regular meeting of the Village Commission was held Monday evening, Jan. 7th, 1935.

Present: Pres. H. H. Burkart, Comm. Gregory, S. Lee, Fern and Park.

Moved by Sweeney, supported by Perkins, that the following bills be allowed as read:

Table listing various bills and their amounts, such as 'All-Hy-Lake Supplies \$115', 'American-Lorraine Co. \$72.20', etc.

THIS WEEK
By H. B. WHITE

There is no doubt that one of the most difficult barriers to surmount with those we are most intimately associated with is that of shyness and constraint. Why should it be so difficult to express our feelings to those closest to us when on the other hand with strangers we do not hesitate to bare our most sacred confidences? Often it is much easier for a youth to discuss his problems and intimacies with outsiders of the family than with the members of his own household. The outside is not a whit more sympathetic or understanding for they are more affectionate or interested than those of the home. But there is that seemingly insurmountable barrier of shyness. How should we that should not want to share our intimate secrets with those whose lives, hopes and joys are indelibly entwined with ours by virtue of the same flesh and blood? No doubt the reason is that we daily meet those closest to us more on the same level and it is difficult to change quickly and easily from our own household.

Psychologists tell us that some emotional shock is necessary for the proper adjustment and we either shrink from such a thing or do not know how to go about it. It is difficult to get away from the province and sundrum contacts and levels. According to this our love and affection for those nearest and dearest too often falls into a rut and our love is robbed of its joy and joy. Consequently we are apt to grow unwillingly apart from those closest to us.

While it is true to be too ungenerous in giving is equally untrue to be so ungenerally ready to give one of the most precious things of life and we should not allow it to grow so depleted.

THE TALK OF THE TOWN

Hoop Skirts Again
The latest vogue in fashion for many a month, we have seen a revival of the hoop skirt and again, we hope to see all the well dressed women of our land arrayed in them by Easter.

We wonder if they will fit into the modern picture. It was a bewitching thing to see women in olden times, like Grandmother, when she was a girl. Wonder if they will be able to climb into "our" jeans with those things on. Maybe that's why the automobile manufacturers have all made their new cars much larger this year.

We wonder too if Dame Fashion will revive the custom of wearing a dozen petticoats. After all, that's what the way Grandmother did it, and what we politely ask as a compliment with many layers of petticoats.

A Tradition Saved
The achievement of science and engineering continue to amaze us. One of the last old churches in Detroit was recently faced with the prospect of the destruction of its architectural beauty by the Woodward Avenue widening. The new street-line will cut six feet into the front of the auditorium.

The church was fortunate in securing the services of the same firm of architects for the rebuilding of this wall that built the church some 50 years ago. The men were faced with a difficult problem, however, since they could get no more of the stone the church was built of, the quarry being long since closed.

They have overcome this obstacle, though, by planning to reconstruct the front wall of the church with the same stone that is in the wall now. Plans show that the beauty of the church will in no way be impaired. By revising a few pews, the seating capacity will be almost the same as it is now.

And thus one of our country's most

famous churches will retain all of its physical attraction to the many Detroiters who have come to make this their church home.

SALEM NEWS

Rev. and Mrs. Henry Boyson, missionaries from French Equatorial Africa, at present in Detroit were house guests for several days in the Congregational parsonage last week. Vern Kahler, and father, W. A. Kahler, motored to Ann Arbor on business Thursday afternoon.

A very pleasant family gathering occurred Friday evening in the Reewalt home on Seven Mile road when her brothers and sisters and their families came to celebrate Mrs. Reewalt's natal day and bring their hearty good wishes. The guests were Mr. and Mrs. George Miller and sons, Mr. and Mrs. E. Bauman and

family, the John Melows, the Fred Melows, the Will Melows and the Albert Schroeders of Six Mile road. Mr. and Mrs. Chas. Barrow and Lester Kehrl were guests of Mr. and Mrs. John Gerst in Newburg on New Year's day.

Mr. and Mrs. Ed Bauman entertained on New Year's day the hostess, brother and family, Mr. and Mrs. Will Melow and children of Northville.

Mr. and Mrs. Ralph Wilson and sons were New Year's day guests of their parents, Mr. and Mrs. Frank Gelpin at Whitmore Lake.

Mr. and Mrs. Fred Drews and sons of Plymouth County spent an evening with the R. W. Kehrl family.

Mr. and Mrs. C. W. Payne were dinner guests of Mr. and Mrs. C. W. Legas in Rushton Sunday.

Mr. and Mrs. Ivan Speers and small sons of Ypsilanti were dinner

guests of Detroit, Michigan, by Assignment dated April 25th, 1933, and recorded April 29th, 1933, in the office of the Register of Deeds for said County of Wayne, in Liber 254 of Assignments, on Page 1, which said mortgage was thereafter on the twenty-fifth day of November, 1933, assigned by the said National Bank of Detroit to First National Bank - Detroit, a National Banking Association, of Detroit, Michigan, by Assignment dated November 25th, 1933, and recorded December 1st, 1933, in the office of the Register of Deeds for said County of Wayne, in Liber 261 of Assignments, on Page 163. There is claimed to be due and unpaid on said mortgage at the date of this notice, for principal interest, and cost/expense of said mortgage, the sum of FOUR THOUSAND FIFTY-FOUR and 13/100 (\$4,654.13) Dollars. KISBY DESCRIBES HEAT IN LETTER-A most unique letter came this week to Willard D. Stark from Alfred Kisby in Clinton, Kansas, who writes of the record-breaking heat wave of last summer that literally burned up the farmers' crops and fruit trees, and that at times reached 117 degrees in the shade.

Mr. Kisby declares in his letter that the heat burned the leaves on the trees and killed many of both his shade and fruit trees. The farmers tried to save their trees by hauling water to them once a week, but many of the wells ran dry.

Many of the farmers had to dispose of their cattle as early as June and July because they had no feed for them and none could be bought and there was no pasture for them.

Mr. Kisby will be remembered as a pupil of Willard Stark's father, Daniel E. Stark, in Green Oaks township, west of South Lyon.

He also recalls the days when he worked on the elder Mr. Stark's farm. He says that to plow two and a half acres was an exceptionally good day's work then.

And now on his 740 acre farm, thanks to modern farming methods, one of his boys covers 35 acres a day.

"Walking Stewart" was the nickname of "H. Stewart," an English traveler who traveled on foot through Maine, Persia, Nubia, Tibet, in Asia, Egypt, etc., and was as tender as that of chicken or roose.

The Record wishes to correct the error of last week's issue in which we quoted Mrs. Cousins as saying that taxes would be received at the library. Taxes are collected only at the Depositors State Bank on Fridays and Saturdays from 9 a. m. to 3 p. m.

Also she did not make any reference regarding the delinquency on the part of the people paying their taxes. In fact she wishes to say that this is quite the contrary.

Mrs. Cousins wants it understood further that the township does not borrow money for schools, that being entirely their own problem.

In stating the hours of the local library service in the previous issue of the Record, it should have read "the library is open every afternoon with the exception of Friday," thus day being given over to the meetings of the Northville Woman's Club, according to a standing agreement between these two organizations.

Obituary

FRANK BAY
Frank Bay, well-known railroad man who had lived all his life in South Lyon and Pontiac, died at the home of his daughter, Mrs. Frank Williams, in Grand Rapids, Sunday morning, Jan. 6.

CHARLES M. VAN SICKLE
Charles M. Van Sickle, son of Don M. and Erin Wilcox Van Sickle, was born September 11, 1919 at South Lyon. After a ten day illness of pneumonia he passed away at his home in Farmville, January 2, 1935.

Charles began his education in the Thayer and Salem schools when he and his parents lived near Salem, afterwards moving to Farmville where he attended the Fleming and Grandwood schools.

Charles received Christian training from his devoted mother and in the Salem Congregational church. He is survived by his parents, and by his grandparents, Mr. and Mrs. Charles Wilcox of DeWitt, and his uncles and aunts, Mr. and Mrs. Fred Jicks of Northville, Mr. and Mrs. J. R. Potter of Plymouth, Mr. and Mrs. Mack Wheeler of Flint, Mr. and Mrs. Carl Wilcox of Williamsport, Mrs. Frank Green of Bedford, Mr. and Mrs. Clifton Wilcox of DeWitt, and many other relatives and friends.

On Saturday afternoon a memorial service was held in the Van Sickle home in Farmville in charge of Rev. Cora M. Pennell of Salem Congregational church. Even though the roads were very large number of friends drove to Thayer cemetery for the brief committal service.

Jesu, suffi unto them I and the resurrection and the life; he that believeth in me, though he were dead yet shall he live: John 11:25.

MRS. MARIE KREAGER
Mrs. Marie Kreager passed away Wednesday noon, Jan. 9, at the home of her daughter, Mrs. Ray Cassidine, after a declining health for the past year.

Mrs. Kreager had reached her 55th birthday, Dec. 23. She was born in Germany but she and her husband came to this country over 20 years ago, residing all of this time in this vicinity, first on the farm on South road and later at the home on Randolph street. Mr. Kreager died nearly nine years ago.

Five children survive: Herman, of Farmington, William of Salem, Mrs. Myrtle Kreager and Mrs. Catherine of Northville and Mrs. Marie Ashley of Dundee. Thirteen grandchildren and one sister, Mrs. Fredrika Schultz, also survive.

Mr. Kreager was the oldest member of the St. Paul's Lutheran church which was dear to her heart for years.

She was a devoted and loving mother and a kind friend to all who knew her.

The funeral will be held in St. Paul's Lutheran church at 2 p. m. Saturday with Rev. Leo Eickstaedt officiating. Interment will be made in the Clarksville cemetery, four old friends bearing her to her last resting place: Fred Foss, P. Kreager, Chas. Messner and Martin Schrader.

MRS. LEE'S MOTHER DIES
The many friends of Mrs. Lesbe G. Lee sympathize with her in the sudden death of her mother, Mrs. J. J. Link of Plant, which occurred New Year's day. Mrs. Link had spent Christmas in the Lee home here apparently in her normal health.

It is expected that Mrs. Lee's father, Rev. J. J. Link, will come to make his home with his daughter.

MR. AND MRS. TIBBITS MARRIED 50 YEARS

Fifty years of wedded life together will be quietly celebrated on Monday by Mr. and Mrs. Ube Tibbits at their home on West Main street.

Owing to the poor health of Mrs. Tibbits, who reaches her 70th birthday on the previous day, no special demonstration will be made but this worthy couple will take occasion to recall the old days when they were a couple of kids in school, back in the district school near Farmington where young Ube began to look with interest across the aisle at Alma Jones, the only child of Mr. and Mrs. Jas. Jones.

The marriage on Jan. 14, 1885, was performed by Rev. J. L. Stone, then pastor of the Nov. Baptist church, and of all the friends who were present then Mr. Tibbits recalls only three survivors, Mr. and Mrs. Frank Adams, now in California, and Mrs. Lee West of Ypsilanti.

The only child of Mr. and Mrs. Tibbits is J. Harold, who is occupying the E. A. Kohler farm, east of town.

Many friends extend congratulations and good wishes for continued contentment for both Mr. and Mrs. Tibbits.

LOCAL CLUBS WILL "SEE THE LIGHT"

On Tuesday noon, Jan. 22, the Exchange and Rotary clubs will unite in a luncheon meeting at the Presbyterian church when a lecture-demonstration and movie play will be given on "Better Light and Better Sight."

Mrs. Marquita Dwyer, a light engineer as well as an interior decorator and L. E. Taylor, who represents the commercial project, will be the speakers. They are sent out by the Detroit Edison company.

To extend this valuable information this program will be repeated at the meeting of the Parent-Teachers' association of the evening of March 14 in the high school gym.

SESSIONS, HOSPITAL

Mrs. J. Hines of Plymouth underwent a major operation Wednesday. Little Dobby Lee, year-old son of Mr. and Mrs. E. L. Lee, is a patient for medical care in the hospital.

Mrs. C. E. Morey of Detroit underwent a major operation Jan. 4. Mrs. Evelyn Boyce is able to sit up a part of each day.

Mrs. F. Laverder is making good recovery following an operation.

PETER WALL IS ON TRIAL IN DETROIT

Peter Wall was arraigned before Judge Richter in Recorder's court in Detroit Thursday on a charge growing out of his association with an eight-year-old girl who lives in the west section of Northville on the night of November 21.

It is charged that he entered the girl's home while her parents were out of the house and she was alone. He was taken into custody at that time by local policemen and placed under a \$25,000 bond by Justice of the Peace Arthur Nichols.

Several witnesses from Northville testified at the trial, which was expected to be finished by Thursday night.

The Family Budget
Whether or not we can make it "budget" or not we have solemnly sworn to start off the household on a budget system.

The great advantage, as we see it, is the peace of mind in feeling justified in spending a given amount because it is already allowed for in the budget. When the man of the house has no set income it is not so easy. Usually it is merely the spending of money for the food and clothing of the family that falls to the wife (and confidentially though do not tell Friend Husband, we women can make a dollar go much farther than any man can).

By actual experience we have found that the only way to really economize is to lay down the limit before the cash is spent. Our family has been fed best and at least cost of money and time when we sat down and planned out the whole week's meals at once (allowing of course for company or for such emergencies as Bud getting into the cupboard and making sandwiches of the cold meat saved for hash).

From the woman's page of our sister, Mrs. Florence Riddick-Bors, we quote the following advice on budgets:

It is impossible to make a standard budget which will do for all families or for all times. As family incomes and standards vary, it is necessary to spend different proportions for shelter, food, clothing and other needs. Whether one is in a city or the country makes a dif-

ference in the proportion of rent, food and clothing. Family needs vary with the age and requirements of the members.

One may often save on rent by living farther from the town center or in a less popular neighborhood or humbler house. One may save on foods by using less expensive varieties, seasonal foods, purchasing substitutes for high priced food and by preserving foods in season.

The clothing budget may be large or small according to the standard of one's dress, care and duration of clothing, and whether it is home-made or ready-made.

As to furnishings and furnishings, the ingenious person may make or adapt furniture from inexpensive materials, may recondition old furniture instead of buying new, or may get along with the old, as is to be labor-saving, machinery may be economy from time service and health considerations.

One cannot prosper without some educational and recreational outlays, and the good citizen owes to his community to help the church and charities. It is not economy to refrain from health care, as dentistry, eye-glasses, medical examinations and needed operations. Prevention saves money in the long run not to mention the comfort and possibly life itself.

In hard times, one feels justified in merely "getting by" without allowing for savings. It is wise, however, to be looking forward to old

age, the family days or necessary expenditures of the future, and to lay by something regularly with these in mind. Sacrifice is justified to save even a little each week. When you have saved it, be sure to invest it wisely.

An average guide for the normal budget might be: one-fifth for shelter, one-fourth for food, one-twelfth for clothing, one-fifth for operating expenses, one-twelfth for personal expenses, and one-tenth for saving.

Apples

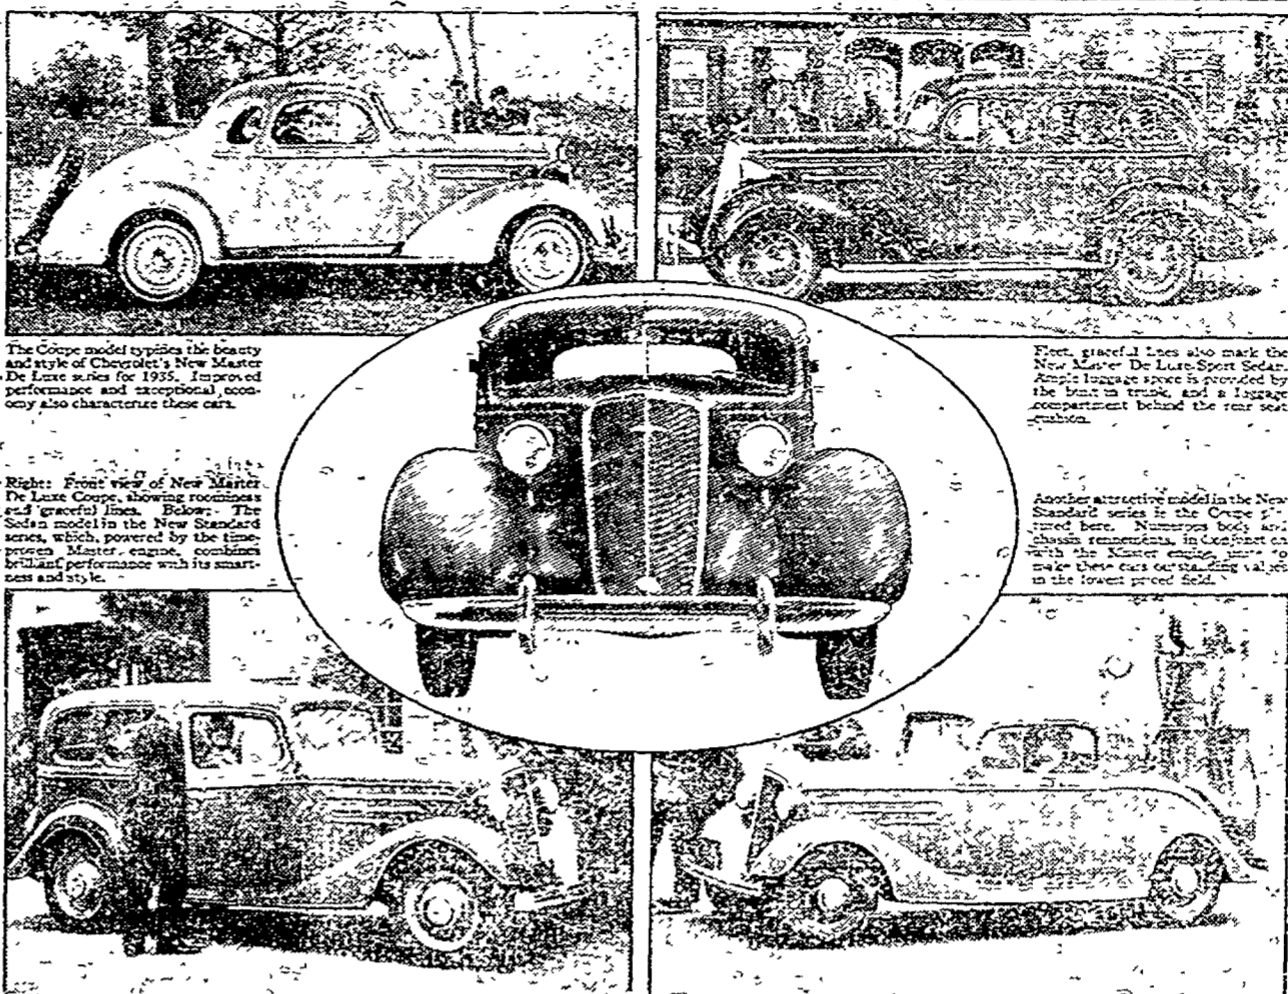

Make an apple upside-down cake by pouring a cake batter over thinly sliced apples which have been seasoned with sugar and cinnamon. Gingerbread is delicious with apples. Apple curls may be made by rolling about dough to a thickness of one-fourth inch, covering it with a layer of chopped apples, seasoned with sugar and cinnamon, and rolling it up like a jelly roll. Cut this roll into slices and bake them on a greased baking sheet.

Stuffed apples are good. Select six large apples, remove the center. Fill the shells with a mixture of bread crumbs, chopped apple, bits of bacon, boiled ham or other meat, and salt and pepper. Bake until tender.

For apple fritters, peeled and cored apples are dipped in fritter batter and fried in hot grease.

Apple sauce, baked apples and apples pie are hard to beat. Apple cobbler and Dutch apple cake are made by baking apples with short-

Chevrolet Announces Two New Lines for 1935

The Coupe model typifies the beauty and style of Chevrolet's New Master De Luxe series for 1935. Improved performance and exceptional economy also characterize these cars.

Front, graceful lines also mark the New Master De Luxe Sport Sedan. Ample luggage space is provided by the front trunk and a luggage compartment behind the rear seat.

Right: Front view of New Master De Luxe Sedan, showing roominess and graceful lines. Below: The Sedan model in the New Standard series, which, powered by the improved Master engine, combines brilliant performance with its smartness and style.

Another attractive model in the New Standard series is the Coupe. Its rugged body and slatted fenders make these cars outstanding values in the lowest priced field.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolets in the striking advance which has been made in body design and trim.

Colds A Penalty Of Modern Life

Colds Are Catchy, And Only Hermits May Be Free Of Them

By Dr. Wilson G. Smith, Professor of Public Health Administration, Harvard University School of Public Health

Are colds catching? Yes, certainly, they are. The virus of colds is abundant in the secretions of a person with a cold, and is spread to others by the victim through sneezing and coughing. This is particularly true when a person is just coming down with a cold. During the later stages of the disease after the fourth or fifth day—a person with a cold probably will not give it to others.

One Way to Escape Colds

If one could only live the life of a hermit, quite away from everyone else, he would never catch cold, even though the weather were as cold as Greenland. Studies have been made at Spitsbergen, a Norwegian coal mining camp of some 500 people living within the Arctic circle. These people are cut off from the world from October to late May by the ice. Their work is rigorous and full of exposure; yet they do not catch cold all winter long. When the ice goes out and the first ship arrives in Spitsbergen from Norway late in May, the whole community comes down at once with colds.

One of the penalties that we pay for our active life in a modern civilization is that we can have no isolation. In the course of a single day each of us comes in contact with a hundred or more people.

Thus it is almost impossible for a person in modern life to avoid contact with people who are suffering from colds. Infants can, and should be, protected from such contacts. Elderly people and invalids may be seriously affected by colds. They can and should protect themselves from contact with people who have colds. It is not possible, however, for the active boy or person in the office, shop or school to protect himself at all times from persons who are sneezing and coughing with a cold. Some degree of exposure is unavoidable.

Ancient Mirrors

Mirrors in their primitive form were known to the ancients. The Egyptians used them as did also the ancient Egyptians, Greeks and Romans. Fragments taught the use of polished silver for mirrors as early as 325 B. C. Mirrors of glass were first made at Venice in 1340, but were not introduced into England until 1678. The first step in its present use with the silver back was first introduced by England in 1830.

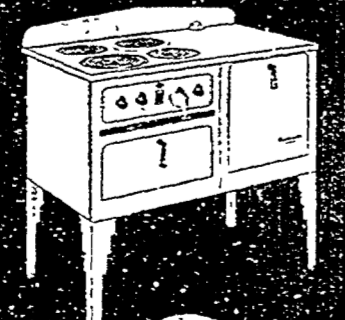

RESOLVED

for 1935:

"I will try an electric range in my own kitchen on this TRIAL PLAN!"

There is only one way to discover the superiority of electric cooking and that is actually to TRY an electric range for yourself. There is no better time to start using a range than NOW—at the beginning of the year. Why put off any longer enjoying electric cooking when you can install a range in your own kitchen on this Trial Plan and use it for six months without obligation? Cook all your favorite recipes on it... test it in every way... satisfy yourself concerning any questions you may have about it... then decide whether or not you want to keep it.

Here are the details of the Trial Plan: We will install an electric range in your kitchen without initial charge, and let you use it for six months. During this trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!

A study of one thousand families using an electric range showed a cooking cost of LESS THAN 1¢ PER POUND A PERSON

THE DETROIT EDISON CO.

Water Health

A committee made a study of thousands of school children, over a period of two years and found that twice as many colds occurred in rooms with a temperature above sixty-five as in rooms below that figure. The lesson is clear. If we would keep healthy, we must not live in overheated houses.

Winter is a great beautifier and health giver, if taken travel, and in the open. Skin, eyes, nose, lungs become weak, if constantly in warm air. Hot baths should be avoided. The cool bath—for normally healthy people, is invigorating, hardens the

Water Health

Whole system so that one is less likely to take cold. Begin with a rubbed with butter and gradually get used to having the water colder. They tell us that in time we will be able to use it (Burrill).

The same tone effect is in the cold air. The cold, pure, out door air holds red corpuscles and makes one vigorous, with a fine skin and a glow of health. To achieve this, do not wear a fur coat—except in extreme cold snaps—but wear the body with light weight, wool clothing and be forth to walk the like, deeply and you will not feel the cold as much as if you wore gingerly snuffs. The deep breaths send the blood coursing through the body, and the nose and finer tips warm up. Take a walk of two miles a day, if you would get the most out of winter. It is a pity to waste its advantages by living in hot-house rooms, dashing from room to room, and never facing the weather.

CHECK ON HEALTH IN THE NEW YEAR

While still in the spirit of New Year's resolutions it might be well to consider the following health resolutions by the Indiana Medical Association:

1. I will not eat too much nor will I exercise too little during the coming year; I will eat a variety of food, in order that my body may be able to handle it; I will not forget the importance of eating fruits, fruits and vegetables.
2. I will work during working hours and I will play when I play; I will seek to avoid late hours and I will not neglect to take my annual vacation.
3. I will learn all that I can about the care and preservation of my

health from reliable sources and will strive to apply the knowledge I gain faithfully and conscientiously.

4. I will go to my doctor for an annual health examination in order that he may help me to keep well.
5. I will have my children immunized against diphtheria and tetanus; I will be vaccinated against smallpox and typhoid fever, if these precautions have not already been taken.
6. I will consider the health and welfare of others.

Irish Councilmen Are "Mr."

Irish council members are addressed as plain "Mr." instead of "Esq." the latter form having an impermissible flavor not compatible with democracy.

1-MINUTE SAFETY TALKS

By Don Herold

You had to go out of your way to hit it. It didn't meet you half way.

The Silliest Killings

There may be some remote excuse for having an automobile collision with a horse and wagon. Horses—they haven't much sense—anybody is apt to hit a slow old horse.

Yet, of last year's automobile deaths, only 200 occurred in mix-ups with horses. And maybe there's some excuse for hitting bicycles. You can't always tell what anybody on a bicycle is going to do. Yet only 420 deaths occurred in automobile mix-ups with bicycles last year.

What strikes me as perfectly silly, however, are those 13,440 deaths in automobile collisions with pedestrians and those 3,140 deaths in automobile collisions with fixed objects.

A total of exactly no pedestrians ought to be killed in this country by automobiles per annum. In every such death that occurred last year there should have been a committee of two working to avoid the accident—the driver and the pedestrian. (Where children were hit, the driver should have been acting as both members of the committee of two.)

Every driver should be imagining places where goofy pedestrians may pop out asking to be hit—out from behind parked cars—or darting across the street in the middle of the block—or walking on the wrong side of a country road.

And every pedestrian ought to be imagining places where goofy or smart-alec drivers may pop out to kill him. About 35,000 of our pedestrian brothers stepped out from behind parked cars last year and got hit—1,500 killed, according to The Travelers Insurance Company. About 10,000 were hit while walking on rural highways—2,250 killed.

But here's what gets me most: Accidents resulting from banging into fixed objects (46,370 accidents of this kind last year, with 3,140 deaths) strike me as the most ridiculous of all methods of backing up a motor car. You know exactly what a fixed object is going to do. You can't put the blame on a fixed object. In order to run into a fixed object, you almost have to make deliberate plans.
