MRS. WHITE DIES AT HOME AT AGE OF 95

Northville's Oldest Resident
Was Linked With Town's
Beginning

With the passing of Mrs. Jennie White, who died at her home on Randolph street Monday, January 14, the oldest link with the pioneer history of Northville is broken.

Mrs. White was known as Northville's "Grand Old Lady," having held the distinction of being its oldest citizen for years. She would have been 95 years old next April. Pneumonia, following flu was the immediate cause of her death, although the infirmities of age had been gradually creeping upon her so that she had been confined to her home for some months.

Like the story of pioneer days reads the life of this remarkable woman whose parents, Mr. and Mrs. Wm. Dunlap came to the present site of this village 104 years ago and established a home in a log cabin in the wilderness. Mr. Dunlap purchased a great mill and this came to be for many miles around.

Five years after their coming to Northville, on April 14, 1830, their daughter, Jennie, was born in the house on the site of the present Neal home.

Her girlhood was spent in freedom from the restraint of popular districts. In late years she loved to tell of romping over her father's broad acres which extended from what is now Main street to the base line and from Griswold street west to Rogers street.

Only recently she related to a visitor an incident of her girlhood when she stopped to rest under the trees over on Grace avenue after taking a jug of water to the laborers in a newly cleared field.

Mrs. White's keen sense of humor lent a charm to her simple tales and she chuckled good naturedly with her hearers in the telling.

No home nearer than Detroit, it played both modern and old-fashioned dance music, the program lent a charm to the simple tales and she chuckled good naturedly with her hearers in the telling.

No home nearer than Detroit, it played both modern and old-fashioned dance music, the program lent a charm to the simple tales and she chuckled good naturedly with her hearers in the telling.

At about 11 o'clock refreshments consisting of delicious home-made doughnuts and hot coffee, were served.

Small wonder then that a woman whose childhood was hardened by the rigors of pioneer life, was not startled by the radical changes which came with the passing of nearly a century. Viewed with the experience of years and having lived through the administrations of 25 presidents of the United States she could regard with tranquility the petty upheavals of economic unrest.

Her faith was strong that "God's in heaven, all right with the world." Mrs. White was a member of the Presbyterian church for 75 years and Mr. White was a member of the session for 35 years.

From the habit of her youth, Mrs. White was a staunch friend to each pastor in turn. More than one has left her door cheered by her faith.

In 1878 she was married to Henry White who died 26 years ago. Of nine children Mrs. White reported a decided pick-up in business. Dean Griswold, eight nieces, two of whom live in Northville. Mrs. Albert Stockman and Mrs. W. H. Yerkes.

DIES AT 95

Mrs. Jennie White, who died at her home here Monday morning at the age of nearly 95 years, was born here and saw Northville develop from a wilderness to its present situation as "Detroit's most picturesque suburb." She was a remarkable woman and will be greatly missed by many.

HUNTER'S BALL IS SUCCESSFUL EVENT

Nearly 150 couples braved the snow and rain to attend the Hunters' ball held Wednesday evening at the high school gymnasium under the auspices of the King's Daughters.

This marks the fourth consecutive year that this annual charity dance has been staged.

The gymnasium was appropriately decorated with evergreen trees and many lights of every color. The night was installed through the courtesy of the Detroit Edison Co.

Although the men did not enter the gymnasium wearing their hunting clothes, the atmosphere was there. The orchestra played both modern and old-fashioned dance music, the program lent a charm to the simple tales and she chuckled good naturedly with her hearers in the telling.

At about 11 o'clock refreshments consisting of delicious home-made doughnuts and hot coffee, were served.

Miss Ruth Gillis, treasurer of the King's Daughters, announced that the affair was a big success financially. The committee is gratified with the large number who attended the dance and feels that the crowd would have been still larger had the weather been more favorable.

Mrs. E. B. Carvell, general chairman of the dance, and the committee in charge, wish to express their sincere appreciation to all who contributed their time and their attendance to make the dance a success.

FLOYD LANNING IMPROVES

Encouraging word comes from Floyd R. Lanning, who is making good progress at the Highland Park General hospital after a seizure with pneumonia. His many friends have been watching his condition with interest.

SCHRADERS ARE HOME

Mr. and Mrs. N. C. Schrader have returned from attending the Furall her immediate family Mrs. White reported a decided pick-up in business. Dean Griswold, eight nieces, two of whom live in Northville. Mrs. Albert Stockman and Mrs. W. H. Yerkes.

DRIVE BEGUN TO REMODEL SCOUT HOUSE

Drive Gets Off To A Good Start; Building Will Be Redecked

The Boy Scout drive for \$800, most of which is to be used to refinish and redeck the Scout building, began this week under the united sponsorship of the Exchange and Rotary clubs and the American Legion.

Already some liberal donations have been received, several of \$25. The finance committee for the drive, which is composed of Edward J. Mills, chairman, L. C. Stewart, and Robert G. Yerkes, plans to contact everyone in the village.

Work will begin immediately on the building. It will be moved from its present position on the school grounds to the old American Legion lot at the corner of DuSap and Huron streets. There is a full basement of 20 by 40 feet which will be converted for it. The building will be completely brick-veneered, as well as being redecked inside.

Prepared to be built in both the basement, which is better planned as a recreation room, and the ground floor. Orville G. Owen, long a Scout leader here and former Scoutmaster of the local troop, stated that the building will be ready for occupancy sometime in the spring and that it will be opened not only for Scouts, but also for other community purposes.

The drive for the job will be provided by the FEPA workers here. It is one of the four projects approved last week.

The finance committee has found that everyone they talked to in regard to the drive has been enthusiastic in their praise of it.

Dr. A. A. Holcomb, after giving a liberal amount to the cause, stated: "The money I am planning is not in my mind a donation, but one of the best investments that I could ever make, that of investing in the young life of the community."

Robert G. Yerkes, when asked his opinion of the drive, said: "Scouting, as I have seen it in this and other communities, is the finest character building organization of its kind for boys."

Dr. L. W. Snow, in commenting on the drive, said: "We are building better citizenship by providing suitable recreation quarters for our boys."

The list of the contributors who had been reached Wednesday, soon after the drive began, is as follows:

Dr. A. A. Holcomb	\$25
Dr. L. W. Snow	\$25
Robert G. Yerkes	\$25
Detroit Edison Co.	\$10
E. M. Bogart	\$10
E. L. Mills	\$10
Consolidated Power Co.	\$5
Michigan Bell Telephone Co.	\$5
Ely Coal & Ice Co.	\$5

EXCHANGE HONORS

PAST PRESIDENTS

Robert G. Yerkes and Charles P. Murphy were presented with Past President pins at the noonday luncheon meeting of the Exchange club at the Methodist church house Wednesday to honor them in recognition of their services when they headed the club.

This comes as an annual custom each year. The committee had, through some misunderstanding, failed to present Mr. Murphy with a pin at the time he finished his term of office.

The club will join with the Rotary club next Tuesday, January 22, to enjoy the Edison lecture. No other meeting will be held that week.

TOWNSHIP BOARD TO BE LIBRARY HOSTS

Northville Township officers are to become library hosts. There will be a public reception in the Northville library Friday evening, January 19, when the people of this community will have an opportunity to become acquainted with the personnel in charge and as to the library functions for the day is just as sound mentally and physically today as his parents were at his age. A brief survey of boyhood experiences of Rotarians present made this opinion unanimous.

Edward L. Mills, secretary and Miss Leda Dawson, head of the Rotary club will give the Boy Scout present and give a talk. The reception will be from eight o'clock until ten. Refreshments will be served and an entertainment given.

King's Daughters Scatter Cheer

In its activities for the welfare of others, the King's Daughters may well be called the "Big Sister of the Community."

Of interest to our readers will be the achievements of this group who give their "cup of cold water" with their motto, "In His Name."

Fifteen little children have been outfitted with new shoes, six with outgrown shoes, a large quantity of used clothing has been handed out, and five babies have been furnished with layettes.

At Christmas time the 26 baskets, generously packed, and six baskets of fruit made many homes happy.

Mrs. E. M. Starkweather, chairman of the work committee, reported 57 nightgowns made for sanatorium children, four dozen nightgowns and other garments for children of the University hospital.

Other contributions were: for sanatorium patients, \$10; for summer camp, \$10; educational fund at Ann Arbor, \$5; and for the children's hospital, \$10.

Gifts received during the year for their work amounted to \$78.50.

The big hospitable home of Mrs. W. F. Chapman seemed just the very place for the gathering Tuesday evening of nearly 40 members who dined together sociably before the business meeting. The climax of the meal was the birthday cake lighted with candles which was carried to "Aunt Ida" Hendryx, who had reached her anniversary recently.

Newly elected officers were: Leader, Mrs. H. Borndt; vice-leader, Mrs. W. E. Forney; secretary, Mrs. John L. Schenberger. Miss Ruth Gillis was re-elected treasurer for the 4th term of office.

KEHL IS ELECTED NEW PRESIDENT OF BANK IN PLYMOUTH

Floyd A. Kehl, cashier of the First National Bank in Plymouth for a number of years, was elected its new president at the annual meeting of the bank held at the Plymouth Methodist church by the directors following the stockholders' meeting last week. He will assume his position at once.

The place has been vacant since the resignation of John A. Hubert last fall. Mr. Kehl has been handling the credit affairs since that time.

Other newly elected officers are Russell A. Kehl, vice-president; and Jack E. Taylor, cashier. Mr. Taylor has been assistant cashier of the institution.

The new directors are Russell A. Kehl, vice-president; and Jack E. Taylor, cashier. Mr. Taylor has been assistant cashier of the institution.

MARY DEAN-ROBINSON ROUNDS OUT CENTURY

With the remarkable record of having rounded out a complete century, Mrs. Mary Dean-Robinson observed her one hundredth anniversary Wednesday, Jan. 16, at the Thompson home, where she has lived 59 for many years.

In honor of this unusual event, the board of directors of the Home care a tea on Wednesday afternoon when friends of Mrs. Robinson came to pay their respects.

By strange coincidence it was on this same afternoon that her old friend, Mrs. Jennie White, was laid to rest after 95 years of life.

Mrs. Robinson is well known in this village, having lived here during the time that Mr. Robinson ran a lumber business in the 80's. In those years Mrs. Robinson was an active member of the Orient chapter of O. E. S.

Afflicted with failing sight and hearing, Mrs. Robinson is confined to her bed much of the time. With the real birthday party with a social gathering, time during the service of the birthday cake with other refreshments. A special program will be arranged.

February 1, 2 and 4 will be the dates on which subscribers of The Northville Record may save fifty cents on a year's subscription.

Those days will be Record Bargain Days and for one dollar only, any person can pay an old or a new subscription, and also can pay for a year ahead or a year ahead or both.

There are also reservations to the offer. Simply bring in a dollar and get a receipt for a full year's subscription. There is no easier way in the world to make fifty cents.

The dates are announced this week for the benefit of all subscribers, especially those living at a distance. The Record goes into many states and into several foreign countries.

SENIORS WILL PRESENT PLAY TONIGHT AT 8

Admission Price To Be Only 15 And 25 Cents; Crowd Is Expected

The Poor Rich is (are) coming to Northville.

This royalty play written by F. C. Wayne and Wayne Sprague and presented by permission of the Northwestern Press, is to be dramatized by the senior class on Thursday and Friday nights, January 17 and 18.

For the past five weeks under the direction of Miss Dorcas Corbin and Ted Watts, members of the senior class have been hard at work on the play. Nearly all of the parts are well-drawn characters which the cast is earnestly trying to portray.

Bob Carpenter, a young man in Northville, is playing the part of the poor rich man. He is in love with Bob's Phyllis Flaherty and Dorothy Richardson.

Sam Carpenter, a dairy farmer and proud of it, is Maurice Giles.

Sarah Carpenter, Sam's wife, who prefers to remember her "sister" rather than her husband's occupation, is played by Mrs. Maudie Boyden and Maudie Schreder.

Tom Carpenter, Bob's friend and brother, is played by Ronald Koppa. Louise, Tom's playmate, is played by Edna and Frances Cousins.

MRS. JUDD ALLEN FINDS PANIES IN HER OWN GARDEN

Mrs. Judd Allen, 324 South Center street, brought a bouquet of real panies into the Record office Friday afternoon that she had picked from her own garden.

The pansy bed had been covered by more than two feet of snow, piled up from the sidewalk. After that foggy and rainy weather of last week, the snow of course was melted away and when she happened out of her house Friday here they were in all their exquisite beauty.

Two men were badly injured Friday when the car in which they were riding was struck and turned over by a car driven by Carl Miller of Plymouth about 2:30 p.m. on Monday at the intersection of Popple and Novi roads just 120 miles south of Northville.

TWO INJURED IN AUTO CRASH HERE

One of the men, Vernon Miller, aged 30 years, who lives on Newburg road in Wayne, the scalp was nearly torn from his head and there was also a fracture of the skull.

He was taken to the Plymouth hospital and later transferred to the Detroit hospital for further treatment.

Although he was not given much chance to live by doctors, that his condition is improving now.

Charles Kemp, aged 23, received bad cuts about the head face and hip. He was allowed to return to his home in Wayne after being treated at the Plymouth hospital.

The accident occurred when Miller, driving his car north on Novi road, failed to stop at a crossroad where a truck was traveling south.

When the truck struck the car, it rolled over on its side, trapping Miller and Kemp.

Miller was taken to the hospital and Kemp was taken to the Detroit hospital.

A Wayne County deputy sheriff reached the scene of the accident soon after it occurred. There were no eye-witnesses to the tragedy.

Miller was held for further investigation and taken to Detroit.

When he was lodged in the county prison, he was taken to the hospital.

Miller escaped with no injuries, his car apparently undamaged by the collision.

There will be a meeting of the Young Republicans club on Friday, January 19, 1935 at 8 p.m. for the purpose of formulating plans for the 1934 election.

The village is now ready to issue 1935 chauffeur licenses.

No application blanks have been available heretofore on account of the controversy over the office of Secretary of State, which is now officially occupied by Orville E. Atwood.

Chief Wm. H. Safford received the question that all the license holders for 1934 licenses will no longer be on the list of valid licenses.

SCHRADER IS CHOSEN HEAD OF 1935 FAIR

All Directors But One Back In Office; Track May Be Leased Soon

All of the 1934 officers of the Northville Wayne County Fair Association were unanimously re-elected at the annual meeting of the board of directors Friday evening, January 11, at the village hall.

Those included Nelson C. Schrader, president; Luther L. Smith, vice-president; Floyd A. Norbrop, secretary; and Fred W. Lyke, treasurer. This will be the ninth year that Mr. Schrader has headed the fair.

Of the ten directors to be replaced, all but one were re-elected to the board except Russell H. Walker, who sent in his resignation. He had served on the board four years.

Those who replaced themselves to serve for the next two years are: Elmer B. a car driven by Carl Miller of Plymouth about 2:30 p.m. on Monday at the intersection of Popple and Novi roads just 120 miles south of Northville.

The board of directors has a total of 20 members, ten of whom are elected each year for a two year term.

At the stockholders meeting last Monday in the directors' meeting there was a discussion of the probability of leasing the track for summer races. These races, when and if they occur will be held from 30 to 60 days each year. The lease and option is at the hands of lawyers at the present time.

Many changes are planned for the 1935 fair by the board of directors. No definite action was taken, however. These plans will be made public in Wayne after being treated at the Plymouth hospital.

The date tentatively set for the fair are April 10 to 24 inclusive. The order board is invited to the annual meeting of the Michigan Association of Fairs which will convene at the Fair Shanty hotel in Detroit on January 23 and 24. All of the fair in Michigan, numbering 125 fairs, will be going about 25 miles per hour.

At the annual meeting a held on the fair board may select five acts, buy advertising and fireworks.

The New Deal in Education will be the theme of Supr. of Public Instruction Paul F. Vockler at the dinner meeting of the Northville Women's club to be held at the Presbyterian church this evening Friday.

Supr. R. H. Armerman will introduce the speaker and make a few remarks.

Mrs. Elberta Closs, wife of the noted traveler and writer, will sing.

NEW LICENSES FOR CHAUFFEURS CAN BE OBTAINED HERE NOW

The village is now ready to issue 1935 chauffeur licenses.

Russell H. Amerman Discusses Aims Of Michigan Public Schools At Rotary Club Meeting Tuesday

"The Goal of Public Education in this country cannot be the mere training of the mind," said Russell H. Amerman, superintendent of Northville, at a meeting of the Rotary club at the Presbyterian church house Tuesday.

Mr. Amerman, called upon as a "pinch hitter," less than an hour before the meeting to address the club, carried out his assignment in convincing style.

In discussing one of the aims, physically today as his parents were at his age. A brief survey of boyhood experiences of Rotarians present made this opinion unanimous.

Edward L. Mills, secretary and Miss Leda Dawson, head of the Rotary club will give the Boy Scout present and give a talk. The reception will be from eight o'clock until ten. Refreshments will be served and an entertainment given.

COMMENTS ON THE FRONT PAGE

The front page of last week's Northville Record should have brought good cheer to you. It probably did. If you looked for sensation it wasn't there. The best country weeklies the United States ever don't "play up" scandal or news of a nature that brings a hurt or sting.

There were 28 articles on the front page of Jan. 11, including a few paid ads. There was hardly a regret in the whole 28. There were optimism and inspiration in nearly all of these articles. Look at the Record.

Forty men added at the local Ford valve plant. Three hundred men now working there. "Pretty fine," we hear you say. Think what those jobs mean to 300 families. And of course you have often thought of how fine, and well kept up our Ford plant is. As spick and span as a good housewife's kitchen. And that flower bed and front lawn ought to be an inspiration to every home owner.

Depositor's State Bank has increased its savings from \$72,000 to \$440,000. Northville isn't heeled yet. "Not by a long shot." Of course the federal insurance helped pile up that nearly one-half million. But the fine loyalty of our people and the splendid foundation on which the bank was built had their part. Now if the state department will loosen up the credit strings a little, so that character and ability to repay will count as well as a financial statement or a government bond!

"Aunt" Ida Hendryx starts her 80th year. If you can do the good she has done and have the friends she has, you too can live to be one hundred years old.

And that cut of the "Plain Ordinary Folks"—The Governor Fitzgeralds, and the story of our good governor and his democratic wife and wide-awake boy—well there was a piece of good cheer no matter what your politics.

Baptists will have Centennial. One hundred years of right living—who can measure the influence of these churches—hypocrites and all. The Presbyterians and Methodists, who have had their 100th birthday, will have to move along for our Baptist brethren.

Northville high school wins six straight basketball games. Cheerio! Some wondered about the wisdom of putting a "home boy," Ted Watts, into that coaching job. Well, they aren't wondering about Ted anymore. He is a splendid leader of young men. We need more like him.

Fair board meets. Pasadena may have its Tournament of Roses, but Northville has its fair and horse show every August and where will you find anything better? See you at the fair grounds in a few short months.

Well, that's enough of the Record. A fine front page because it is good news about folks living in a good town. Let's keep on keeping the Record cheerful and helpful.

FREE SCHOOL BOOKS

Here's an idea. Why shouldn't it be a good idea for the state or even the local school board to provide free text books for all the pupils? Indiana right now is considering that very proposition, and what is wrong with the suggestion?

Our school budget pays for the buildings and their upkeep. It cares for the teachers' pay and the equipment of the various rooms.

Why not go a step farther and buy all the books for all the children? The buying of school books is a real burden on many families through many years when the care and bringing up of children brings many other burdens. Several of our states provide free text books and the only real "kickers" we have heard of so far are a few old bachelors and some penurious souls who never did want much for the school kids anyway.

What we spend for tobacco or maybe even for chewing gum—or a very small part of what we pay for liquor—will pay for all the school books our hundreds of Northville boys and girls will use.

OUR TOLL TO TOBACCO

We are indebted to one of those alluring cigarette advertisements in the daily papers for this bit of tax information:

In the fiscal year 1933-34 the Federal Government collected \$425,000,000 from the tax on tobacco. Most of this came from cigarettes—six cents tax on every package of twenty.

It is certainly none of our business, Mr. Smoker or Mrs. Smoker, but did you ever sit down and estimate just what part of the nearly half billion dollars you helped to contribute? Incidentally, we do feel that it is unfair for any boy or girl to ask his father or mother to pay their hard-earned money toward the toll of the tobacco trust.

THE MAN WITH A HOBBY

There is a man in Michigan who makes a hobby of collecting canes and we are told he has 400 of them—many from rotatable places and people. Some day we want to see those canes and hear the stories back of some of them.

We envy the man who has the time, the ambition and the vision to have a hobby and to ride it. We talked to such a man the morning of the day we are writing this

and the glow of his enthusiasm and the smile of satisfaction on his face still follow us.

And a boy has just come to the house to show his book of stamps! And after he had gone we felt little embarrassed that we had taken so little time to look them over. A boy with a hobby ought to turn out to be a pretty good asset to the community. Ever hear of many stamp collectors going to jail?

WANDERING THOUGHTS

Who is Northville's most contented person?

Where in Michigan is there a prettier spot than Northville?

A thought at midnight: What would it cost to take two folks to Florida for a two weeks' stay?

"Be not the first by whom the new is tried nor yet the last to lay the old aside." Dr. Samuel Dickie, one of the finest orators the United States ever produced, used to say that in Albion college chapel every once in a while during his term of 20 years.

Governor Fitzgerald recommends that two of the state's four normal colleges be closed. Why not? What sense in spending great sums to turn out more school teachers when thousands of them are in our state walking the streets and driving the country roads for jobs? The way to cut taxes is to cut costs. And yet, despite the fact that two normal colleges are enough for our state, we predict that not one of them will be closed.

We just can't laugh off this national debt of ours. Even though one Detroit daily paper keeps telling how much worse off the English are. By June 30, this debt of yours and mine and the rest of our 122 million people, will reach the staggering figure of over \$1 billion. Just to figure the interest on that will give you a headache. The share of every man, woman and child in Northville in that big debt is \$215.19. Every child born this year and for years to come will be in debt \$250 at the time of birth. Well, of course, we'll pay this debt in time, but certainly it will soon be time to start thinking about not adding to it any more.

THIS WEEK'S QUESTION

Who will sponsor a flower show for Northville this coming summer or fall?

NORTHVILLE'S YESTERDAYS

1 YEAR AGO

Orren Atchison, a graduate of Northville high school, and Miss Helen of Plymouth will be married Saturday evening, January 20 at the home of the bride's uncle in Birmingham.

Word comes from Duluth, Minnesota this week of the death of Mrs. L. J. Pinckerton, who passed away at the home of her daughter, at Ekor, Minn. She was a former resident of Northville.

A daughter, Cynthia Suzanne, was born to Mr. and Mrs. Sterling Eaton in the Plymouth hospital Sunday, January 11.

Philip Donon, Northville constable, is mistaken for a bandit by hitchhikers. They took his gun and he had a difficult time catching them to get it back.

Plans are progressing for the

President's Birthday Ball, which will be held here January 30. N. C. Schrader is general chairman.

5 YEARS AGO

Frank Pontney, old Indian fighter and a familiar figure in Northville, has been granted a pension by the federal government.

Mr. and Mrs. A. B. McCullough celebrated their 52nd wedding anniversary on January 18.

The Rev. Harold G. Whitfield is installed as minister of the Presbyterian church in impressive ceremony.

Miss Vivid Bainbridge, a Northville school teacher, was married to Harry C. Cobb last Christmas day at the home of the bride in Howell.

Dr. Lavina A. Kelchem, for many years a resident of Northville, is now living in Beverly Hills, California.

10 YEARS AGO

Northville's two banks have combined resources amounting to more than two million dollars.

C. A. Fox of Plymouth has sold his controlling interest in the Plymouth and Northville Gas Co. to the Gas Engineering Co.

George Grinnell of Northville married Miss Gladys Hock of New York in Florida. They will return to Northville in the spring.

The American Legion hall at Milford was destroyed by fire last week. James M. Dixon died at his home January 18 after a long illness.

The Auburn theatre will present the picture "Abraham Lincoln" next Sunday and Monday.

On January 24 there will be an eclipse of the sun.

15 YEARS AGO

Thomas B. Couch has rented the old Opera House building and will move his grocery store there sometime in February.

Our neighboring village of Holly had a large increase in population Sunday night and Monday, caused by the stalling of five passenger trains after a train was derailed.

The house of Wm. A. Matheson was ransacked sometime this week while he was away, by an intruder, thus far unknown.

Mrs. Fred Mitchell, who had been a Northville resident for 45 years, died at her home last Thursday at the age of 73. She had suffered from a long illness.

20 YEARS AGO

Will J. Thompson will open the new Auburn theatre here this week. Northville is proud of this fine new edifice.

Mrs. J. A. Cavell died at the home of her son, Dr. E. B. Cavell. She was 71 years old and had suffered an illness lasting three months.

Miss Dorothy Beckham of Toledo and well known to Northville people, was married in that city to Joseph Galamb of Detroit. Mr. and Mrs. Henry Ford were among those present.

A son was born to Mr. and Mrs. Will White at their home in Detroit. Mr. White is the son of Mr. and Mrs. Edson White of Northville and both he and his wife are well known here.

30 YEARS AGO

Henry Hubbard died Tuesday, January 17 after being stricken with apoplexy. He lived only a few hours after the blow came.

An epidemic of diphtheria has broken out in our neighboring town of Plymouth.

Northville's population shows a net gain of five for the year 1934, there having been 31 births and 26 deaths.

R. C. Yokes is elected general manager of the Globe Furniture Company.

George DeKay died Wednesday, January 18 at his home in the west section of Northville. He was 79 years old.

Charles Freydl, Jr. suffered a broken leg after being struck by a coasting sled coming down Walnut street hill.

If we had been owing some people as long as they have been owing us for subscriptions to The Press, we wonder what they would want us to do about it. Why certainly! Well, why don't they?

WHAT OTHER EDITORS ARE THINKING ABOUT

LUXURY AT JACKSON PRISON

(W. S. Kennedy in The Albion Evening Recorder)

A member of the Dearborn City Boy Scouts committee has announced that the Dearborn Boy Scouts will not make their annual visit to Jackson prison this year. The reason given is that the boys come home with the idea that prison life is pretty fine, much better than some of the things they see at home. The late Kennedy Porter, prominent Jackson banker, and an over-seas captain in the World War, used to express himself on this subject, very forcefully.

"These criminals in Jackson prison," he would start off, "live better than half the honest citizens of Michigan. They are pampered with good food, they are kept warm, they are entertained as few of our people on the outside can afford to be, they have radios, bedside lamps, shower baths, and some one to do all the dirty work for them, even washing their clothes. They are much better cared for than the soldiers. We had to do our own washings and rustle the soap to do it with. Take a look through Jackson prison and through any poorhouse, and see which you would rather be sent to."

Efforts to escape the poorhouse may be responsible for the crowding of our prisons. We take better care of our criminals than we do of our unfortunate old people.

NO PITY FOR JOB LOSERS

(Ed Nowack in State Digest)

There is wailing and gnashing of teeth, both in the state agricultural department and at the Michigan State College.

Governor-elect Frank Fitzgerald has wisely decided to try and do away with some of the costly duplication. He proposes to skeletonize the \$500,000 a year agricultural department and let the better equipped college take over part of the work now being done by both.

Employees of the agricultural department are quietly, but emphatically, protesting that they will lose their jobs. That is too bad. There isn't any doubt that anyone who loses a job these days is to be pitied—but a million taxpayers, after all, are more important than one job holder.

It is reported some of the boys and girls at the college, feeling secure in what many people view as soft collegiate jobs, are protesting that more work will be heaped upon them.

Tears course down our cheeks as we think of the plight of those in the agricultural department and at the college. It is a sad, sad picture. But with thousands of other taxpayers we think maybe we can survive our grief.

NEWSPAPER ADS GAIN

(Chas. S. Reed in Rochester Clarion)

The old saying "it pays to advertise" can be upheld by the fact that newspaper advertising showed a 57

per cent gain in November, 1934, over the same period of the previous year.

Stores scored the greatest gain in advertising while classified lineage was up 72 per cent and general advertising 26 per cent. The facts should convince many a merchant that it pays to advertise.

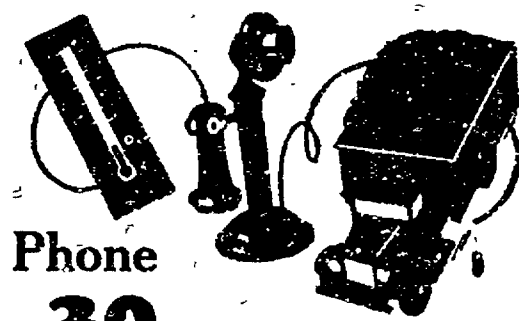

One thing that always seemed strange to us was that advertising should gain during the months of November and December. Of course, it is because of the holiday season, but if advertising pays a merchant during those months why shouldn't it pay him during the other ten months of the year? People buy during the other months of the year, why shouldn't advertising pay then? It would, if merchants would only give advertising a fair chance.

A "HILLBILLY" RUNS FOR OFFICE

(North Carolina Christian Advocate)

Here are the campaign pledges of one with a saving sense, of humor who recently ran for public office amid the Ozark mountains. "As for myself, I am an Arkansas hillbilly. I never saw a train until I was 15 years old and was almost grown before I learned that Republicans were human like other people. I have plowed a mule 16 years old in New ground without cussing. I came to Crawford five years ago and have been elected to the legislature twice and been operated on for appendicitis. Last year I married the finest girl in Oklahoma, and we are living together happily in Van Buren. I want the office because I think I can tracking a living out of it and I promise if elected to make things so warm for crooks and law violators of all kinds that they will think hell ain't 49 feet from the courthouse."

Center Poise Combines Three Comfort Features

New Spring Suspension

Front and rear springs of the 1935 Ford have been made softer and more flexible. By an improved suspension of the time-proved transverse springs, springbase and the length of the front springs have been greatly increased. This gives both longer and wider base for spring action and greatly increases smoothness of riding. Driving and braking forces are taken by torque tube and radius rods. Springs are used only to absorb road shocks. New X-type frame is lower, stronger, more rigid, adding further to stability and safety.

New Front Spring

The new long front spring is mounted in front of the axle. The forged ends of the radius rods form the supports. With the spring shackled closer to the wheels the front and stability of the car is increased. This front spring suspension permits location of engine 2 1/2 inches forward of the conventional position. This makes possible correct passenger location and weight distribution.

New Crankcase Ventilation

Directed-flow crankcase ventilation is a Ford development. Air from the fan enters a "scoop" at the rear of the engine. It is circulated through the crankcase and valve chamber and expelled at bottom of engine under car. Removes vapors, thus minimizing accumulation of water and sludge or dilution of engine oil. No water to freeze and impede oil circulation. The result is longer engine life and even greater dependability.

In special recognition of his spec-
ialization, Percy Angove is to address
an Educational Conference at the
Michigan State Normal College at
Ypsilanti on Saturday. His topic
will be "Special Educational Coun-
tribution to the Regular Classroom
Teachers in Public Schools." This
is a conference of specialists in the
education of the mental, emotional
and physical handicapped children.

At the time Mr. Angove inaugu-
rated the work of special education
for the State of Michigan, he was
responsible for the study and de-
velopment of methods, procedure
and education of the handicapped
children in the State of Michigan.

ICY STREETS AND STRONG GALES MAKE DRIVING DANGEROUS

The weather man played one of
his tricks Wednesday evening, bring-
ing snow which later turned to rain,
making the streets a sheet of ice.
This combined with a strong
southwest wind, made driving dan-
gerous here Thursday.

No reports of any accidents had
been received at the time The Rec-
ord went to press.

The temperature was up in the
high twenties Thursday and in sharp
contrast to that of Wednesday when
the mercury registered 13 above at
8 a. m.

Colder and drizzly weather was
predicted for Friday.

Wayne County highway depart-
ment men scattered several truck-
loads of fine gravel on the streets
during the day, and thus with a rise
in temperature, lessened the danger
of the ice.

Word Alphabet Derived

From Greek Alpha, Beta

The word alphabet is derived from
the Greek letters alpha and beta, cor-
responding to our a and b. The
Greek alphabet, says a writer in the
Indian of News, is one of the
oldest in the world, and all modern
alphabets are derived from, or
founded on it. The English alphabet
is particularly the same as the
Roman, which was derived from the
Greek.

The earliest Greek alphabet con-
tained only 26 letters, having no
f and ending with the letter, t.
The letter f and six letters follow-
ing (u, v, w, x, y, z) came by a
process of evolution at long inter-
vals. There was no u in the Greek
alphabet until the fourth century B.
C. and for more than 1000 years
larger d and v were different forms
of the same letter, one being used
at the beginning and the other in
the middle of the word. It was not
until the tenth century A. D. that
the two letters were completely
separated and u was a new
sound. There was no x until the
fourth century A. D. Prior to that time
it was less than an x and was
the two f's were linked together
making the letter, ff.

So other letters have gone
through the same process. The letter
z was added to the alphabet in the
fourth century B. C. and was
less than a z and was the two
f's were linked together making
the letter, ff.

Engraved Clock Weights of Days of Henry VIII

Whether Henry VIII fell in love
he did it very thoroughly. Many of
his love letters to Anne Boleyn still
exist, and they show that Henry
was suffering from a very bad at-
tack, writes a correspondent in the
Montreal Herald. Several have the
drawings of the Merry Men
arch's susceptible heart pierced
through and through with arrows.

Among the wonderful collections
of clocks at Windsor castle and
Buckingham palace—there are more
than 500 of them altogether—the
most prized is a tiny clock which
Bluff King Hal presented to Anne
Boleyn on their wedding day. The
weights are engraved with letters
which, when he was courted, Anne
knew when she adjusted that
clock how new were the days of
her life that it would tick and
Henry fell on his knees almost re-
verently to her feet. Whether or
not Anne lost her heart to Henry
who no one knows, but she cer-
tainly ended by losing her head.

"That Beats the Dogs"
"That beats the dogs" and "Who
did the paper"—both are claimed
with a group of cognitions in
rural America, and are thought to
be of English origin. They are
part of an ancient dog lore includ-
ing conflicting reflections of man's
attitude toward dogs, from the al-
lurence with which they are re-
garded in the Far East to the af-
fection in which they are held by
fanciers in western countries. The
first is regarded as a tribute to the
dog's prowess as a hunter, and the
second as an allusion to any inter-
ference with normal erections and is
heard, as a variant, the reference
sometimes being to other animals.
Some authorities believe that the
expression "Who did the paper" al-
ludes to a confusion brought about
by trying a number of pups together.

The Orange and Black

Edited by the Northville High School Journalism Class

J-HOP WILL BE GIVEN A WEEK FROM TONIGHT

J-Hop Scheduled for January 25 in Gym; Leroy Smith to Furnish Music.

On Friday evening, January 25, at nine o'clock, the tamping strains of Leroy Smith and his ten-piece band officially will open the J-Hop given at the Northville high school gymnasium.

The price of admission will be \$1.25 per couple. Spectators will be admitted to the balcony for 25 cents. Tickets will be sold at the door. The dance is semi-formal, both business suits and tuxedos being in order.

The decoration will transform the gymnasium into a ship deck looking out into the sea. Roland Morris is in charge of this phase of the preparation. Frances Alexander and her refreshment committee are planning to serve fruit punch at the ship's galley. Essie Nuffer, head of the advertising committee, has posted signs in nearby towns and some very attractive posters in town. Ida Altman reports the program is ready and the grand march, to be led by the junior president, Bob Angore, and his partner, Maryanna Condit, will take place after the fourth dance. The invitations have been mailed.

The J-Hop will be chaperoned by Superintendent Mrs. R. H. Amerman, Mr. and Mrs. P. Angore, Mr. and Mrs. S. W. Ambler, Mr. and Mrs. C. A. Altman, Mr. and Mrs. F. W. Ayke, Dr. and Mrs. L. Condit, Mr. and Mrs. J. N. McLoughlin, Mr. and Mrs. C. Zimmerman, Mr. and Mrs. J. Taylor, and Principal P. B. Thompson.

The junior class takes this opportunity to extend a cordial invitation to everyone.

Students Urged to Take Journalism

Beginning the next semester journalism will be given on either Monday and Friday the sixth period or on Thursday the fourth period. When signing up for your next semester studies remember that journalism will be given on two different periods.

The editor and the rest of the journalism staff urge every one who has these periods vacant to come out for journalism as more reporters are needed and the editor for next year will probably be picked out of some of the reporters who sign up for this subject during the next semester.

The Orange and Black will undoubtedly improve if the reporters come out, says the journalism class.

SENIOR WHO'S WHO

William James Duguid
Since the name William sounds so familiar, think of Mr. Duguid as Bill because Bill and Duguid are the names everyone calls him by.

Bill was born in Detroit, Michigan, July 27, 1917. About two years later the Duguids moved to Northville where they have lived since that time. Bill has had all his schooling in Northville.

Being fond of sports, he has taken an active part in them. Sports are probably both his pastime and hobby.

Bill has been a member of the football team in his junior and senior years, on the basketball squad for four years, on the baseball team in his junior year, on the track team in his junior and senior years, and on the golf team in his junior and senior year (in his senior year he was captain). Golf and basketball are his favorite sports.

When a junior, he was the class treasurer, and on the J-Hop committee. He has been a band member for four years. He has also been an "N-Club" member for two years.

After graduation he would like to attend Michigan State college.

Mary Elizabeth Elkington

Mary Elizabeth Elkington was born in Northville, Michigan, on May 31, 1917, and moved but twice, which was another home in the same town of Northville. A few years later the family moved back to the same house they moved away from.

Mary's middle name is Elizabeth, but everyone calls her Mary Elizabeth and therefore leaves her without a middle name. She is not very fond of the nickname "Maggie".

Mary Elizabeth loves the spelling bee in the fifth, sixth, seventh and eighth grades and was runner-up in the district spelling down. She was a band member for three and one-half years and was in the play, "Riding Down the Sky".

Both dancing and sewing are Mary Elizabeth's favorite hobbies and pastimes. She has no definite plans for the future.

ROUND THE SCHOOL

Behavior at Assembly Programs

Why is it that the student body acts up during the assembly programs this year?

The teachers are ashamed to invite an outside speaker to speak. They are afraid that the students will start some of their booling. Aren't high school students fainter better at home? We believe they are but we also believe that this booling matter is just someone trying to be a smarty.

Several students claim the assembly programs are too long. We don't believe that it will be necessary to enforce certain rules upon each student.

How can the students expect to be entertained when they respond the way they have during the past few weeks? Unless the behavior of the assembly as a whole is improved the teachers feel that they must enforce certain rules which will make the students show more attention to what is going on at the assembly programs.

Our Seniors

By I SEE ALL

Mary Harper is not the only person who has dreams about seniors in preceding years. I also have many of these dreams, but probably the most outstanding one I had was when I fell asleep in the assembly one quiet period. Authorities say that dreams seldom last more than a couple of minutes, but this was an exceptionally long dream. It is possible to have many dreams in five minutes, so the many dreams I had in 35 minutes I slept was very possible.

It seems that I was dreaming of the seniors in the year of 1929 (A. D.) and I remember I was walking in a big city, probably New York. The vision I remember was that of seeing a man singing at the top of his voice. Of course many people were gathered around and during a long time I should mention that they had their ears closed with cotton. You might have guessed by now yes, it was Maurice Giles. He looked very attractive with his Van Dyke whiskers. I heard people near me whispering that he claimed himself to be a second Canine.

Not being able to stand the singing much longer, I continued strolling down the avenue. As I glanced across the street I saw another large building the sun at the entrance reading, "Old Maid's Home." I was filled with curiosity but soon satisfied myself by finding out that Phyllis Flaherty, Salome Richardson and Isabelle Brinza were the proprietors. Across the street was a bachelors' quarters (competition best). This was managed by Eddie Bender and Guy Myers. Of course they had many rooms and a lot of money—maybe because they had a football team with Marburger coaching.

I purchased a paper and the headlines that glared at me were: "Angore President." Well, thought I, I'm going to Europe. I've heard about Mussolini and the Czar, but Angore—oh, no—never!

On another page of the paper was an article about the gold magnate, Lewis Bunnion. He had always said: "There's gold in them there mountains." He had become rich through farming. "I thought of buying a Spanish farm to become an iron and steel manufacturer."

Another article that attracted my attention was one concerning the prize being given to Dayton Deal for his generosity in willing his estate on Randolph street in Northville, to the Humane Society for a sanatorium for rheumatic spitters. This would go down in history, thought I.

There were articles about Mary Louise Borden, Winifred McCordle, Leila Raystead, and Marion Turnbull's travels in Paris. Of course they appeared at many prominent opera houses.

On the ladies' page were some new fashions as portrayed by Lenora Coo, president of the Ladies' Sewing Club. Just as I was about to turn to the funnies, a car honked at me and I was awakened. (You see it was the assembly bell). Maybe it's a good thing I didn't get to see the funnies. Some of our prominent seniors might have had their familiar faces on that page.

Now, Mary Harper, I'll bet if you eat a bushel of pickles and drink a gallon of milk before you go to bed, you can't beat this dream.

Caps and Gowns

The last article which appeared in the Orange and Black about caps and gowns evidently was not seen by anyone.

We would like to know how most of the Northville people feel about this. The seniors graduate in June and they would like to know if they can wear caps and gowns or dresses and suits. Many haven't the money to invest in a new suit and a new outfit, yet they are expected to at the present. We have the facts from the high schools in Detroit. Most of them graduate in caps and gowns.

Why not have them in Northville? The last class here that graduated in caps and gowns was the class of 1929.

Some students believe that this question is already settled, while others believe it isn't. We would like to know how the people feel about it.

Northville Tied For Lead

We wish the Northville basketball team the best of luck in capturing the Suburban league basketball championship.

Last Friday evening they overcame a lead held by Trenton all during the first half of the game. Although Deal and Hoffman scored the only points for the local eagles, every player deserves much credit for the way they played.

Northville meets Melvindale in a game at Melvindale on Thursday of this week. This is the team that Northville is tied with at the present time for the lead of the Suburban league.

Spring Sports

We wonder if there will be the continuation of this year between the baseball fans and the track addicts. Last year baseball and track both won out after much debating. It is likely to be the same this year.

Choir Concert to be Presented Jan. 31st

Quoral music, written by the world's master composers, Bach, Brahms, Mendelssohn, Palestrina, and others, will be presented by the Northville high school choir and Glass Chords Thursday evening, January 31, in the high school auditorium. The concert will begin at eight P. M.

The program will be varied so that it will be of interest to all. The first group of five numbers will be sung unaccompanied by the choir and will consist of a Bach chorale, a number by S. Beethoven, Palestrina's "Adagio Te" sung in Latin, and two Russian numbers including the famous "Hosanna" by L. V. L.ovsky. The second group will also be sung without accompaniment and will consist of familiar folk songs: "Drink to me Only With Thine Eyes" (English), "Come with Thy Love" (German), "Love's Old Sweet Song" (Irish), and "All Through the Night" (Welsh).

The final group by the choir will be sung with piano accompaniment and will include "Murmuring Zephyr," "Jensen," "In Old Madrid," "Trotter," "Gypsy Chorus," from "The Bohemian Girl," by Balfe. The senior girls' glee club will present three interesting numbers by Brahms, Faure and Jenkins. Thirty-five seventh grade girls will sing "Greeting" by Mendelssohn, "Flora Gently Sweet Afton" and "Charlindun" by Pestalozzi. No admission will be charged. A collection will be taken.

SENIOR CARD PARTY ON JANUARY 24TH

The fourth senior card party is to be held on the evening of January 24th, at eight o'clock in the high school gymnasium.

The senior mothers believe that the people of Northville should paralyze the card parties better than they have in the last three parties. They say that in order to make the necessary funds show the profits anticipated and after all the hard work that is connected with the parties, the gymnasium will have to be filled with players for the next two parties which will be held on January 24 and February 7.

The people who come for one night have their choice of playing any kind of card game they wish. The price of admission is the nominal sum of 25 cents per person.

Besides playing cards, entertainment is given those who attend, along with a very delicious lunch to be served by the senior mothers.

The new plan which some of the mothers have worked out says that each must sell two tickets and each senior mother must sell at least four tickets. This new plan is expected to work out better. Anyone wishing to come to these parties, may phone Mrs. George, 315, Mrs. Carrington, 285, Mrs. Turnbull, 184M and a senior will be at your service with a ticket. The central committee urges everyone to get their tickets as soon as possible as a large attendance is expected.

Poster Club Formed by NHS Art Class

The Poster club is a recent club organized under the direction of Paul B. Thompson. No school credit is offered as it is a voluntary work, but it is a valuable organization as it perfects the locations of sign painting and art.

There are but six members in the club at the present time but it is not too late for a few more to enter. The price for the material is not high, as it buys the paint, brushes and material necessary for the work. All work is done during the pupils' spare time. Many very attractive posters have been turned out.

Limerick Treaty

The Treaty stone, mounted on a pedestal at one end of Thomond bridge in Limerick, is supposed to be the flat stone on which the treaty of October 13, 1691, was signed, ending the siege of Limerick and the war between the forces of William III and James II. One of the clauses of the treaty was understood to grant the Roman Catholics of Ireland the free exercise of their religion and another clause gave them the right to keep their property on taking oath of allegiance. These and other provisions of the treaty were, violated by the victors, so that

as the City of the Violated Treaty.

Certified Public Accountants
The first formal recognition was

given to accuracy in the laws of New York state in April, 1896. Since that time all of the states have officially recognized the public accountant by creating the title, certified public accountant (C. P. A.), such title to be granted or awarded to applicants who satisfy the requirements regarding character, education and professional skill of the state in which recognition is sought. While there is still a lack of uniformity among the several states in the matter of requirements, there is a constant tendency toward greater strictness as laws are modified and new legislation enacted.

HOW HITLER TREATS THEM

(Al H. Weber in Cheboygan, O., serves)

An American girl of prominence, traveling in Germany, became peeved when a baggage inspector appeared a little too officious in looking over her bags, and said uncomplimentarily things to the officer and incidentally called his boss, the Honorable Hitler, names.

She was arrested and placed in jail and is having a difficult time to get out of her trouble. That may seem a little hostile in America, where people of other countries come here, not only to do business but to work and threaten our president and major officials, and that class of fault finders and malcontents meet receptive ears in our midst. Hitler policies, as regards foreign invasion and fault finders should be adopted here before it is too late.

OLD HOUSE - YOUNG TENANT

(Letter from a Correspondent to Dr. G. L. G. - Solving Life's Everyday Problems, Page 22)

"This is an old lady who is writing to you. Or at least the house I am living in is 82 years old. Considering its age, the house is in fairly good repair, though I don't think it looks as well as it did 50 years ago. I have neglected to keep it painted as so many women of this modern generation do. To tell the truth, I have been spending my time on interior decorating. The windows I look out of are fairly clear, and I am glad to tell you I have a reliable tenant in the upper story."

New Oldsmobile Announced

Adding to the proven features on previous models, Oldsmobile in 1935 adds new engineering developments which contribute to the comfort and safety of the passengers, and the performance and economy of the car. Pictured above is a 1935 Oldsmobile Six Five-Passenger Coupe.

Roominess has been added to the new Oldsmobiles for 1935 by widening the seats, lengthening the wheelbase and moving the motor forward so as to permit the seats likewise to be moved ahead. The 1935 Oldsmobiles seat six persons comfortably. Above are shown six persons in the new Oldsmobile Six, a low-priced car.

On both Six and Eight, Oldsmobile has retained Knee-Action wheels, super-hydraulic brakes, ride stabilizer, center-control steering, Synchro-Mesh all-silent gear shifting, and Fisher's No Draft Ventilation. On the 1935 models the solid-steel "turret-top" body by Fisher is added as are other engineering improvements to give increased economy at the same time that performance is being materially improved.

THE TALK OF THE TOWN

By HARRISON CHANDLER

The Woman's Way

Attended the morning service at the First Presbyterian church in Detroit Sunday and heard a fine sermon by Dr. Joseph A. Vance.

In describing the public attitude as a whole toward certain Biblical truths, he declared that we measure these profound facts like some people choose the beat on which they will sail by the design of its summing pool or the luxury of its cabins instead of judging it by the strength of its hull, the power of its engines or the captain who sails it.

Further, that we are like so many women who pick their motor cars by the color of their upholstery, by the array of gadgets on the instrument boards. "Ain't it the truth?"

At The Auto Show

It was a vivid illustration, and it also reminded us that the auto show was opening that day, so later we journeyed up to Convention Hall to see what it was all about.

There we found a host of shining new creations assembled against a beautiful background of lavish decorations that completely covered all of the walls, ceiling and pillars.

And as we moved from one impressive exhibit to another, we decided that the show was, as Barnum would say it, "Colossal!" Great crowds surged around the new cars in every direction.

Officials told us that there are buyers among the spectators this year.

But one unusual fact about it all reminded us of the sermon we had heard. No less than four salesmen remarked to us in a way that clearly showed that they had not yet recovered from the shock that they had talked to women during the day who actually asked what the horsepower was, what was the length of the piston stroke, or what the compression ratio of the car was. If these men had not talked to so many of the other kind of women, they said, their surprise would not have been so acute.

"Cheating Cheaters" is Attraction at Penniman-Allen January 19 and "A Lost Lady" Scheduled for January 23

If you were sworn to uphold the law, and you were faced with the problem of shielding the man you loved, what would you do?

Would you, if you were a woman, let him go free or give him up?

Pay Wray has this problem to solve in "Cheating Cheaters," Universal's latest crime drama which comes to the Penniman-Allen theatre on Jan. 19th.

Cesar Romero, handsome young screen newcomer, is the man with whom Miss Wray is in love, realizing that he is one of the most notorious jewel thieves in the world. They meet accidentally, on board a Paris to New York ship, and it is love at first sight. Humorous complications set in when Romero believes the charming Wray to possess a rare collection of gems, valued at many hundreds of thousands of dollars, which he is stage. The second is Frank Morgan, very desirous of getting his hands on Miss Wray on the other hand is lawyer, who marries her without involved with rival gang of crooks, who believe Mr. Romero is a young trust and friendship.

The young wife is immune to the ardent advances of the lawyer's youthful partner, a part played by Lyle Talbot, but becomes madly infatuated with Ricardo Cortez, in the between the opposing factions, with the double game of love and adventure, neither knowing the other's identity until the very end of the picture, when one of the most startling and unique climaxes is revealed.

An exceptional cast takes part in this clever screen play, which was directed by Richard Thorpe, one of Hollywood's master directors. Among the players, besides Miss Wray and Romero who trace the principal roles, are Merna O'Connell, Helen Agnew, Frances Sullivan, Wallis Clark, Anne Snieland, John T. Murray, George Barrard and Harold Huber.

"Lost Lady" is a glorified Bertha Starkey, a splendid in the latest costume drama. The picture was directed by Alfred Hitchcock, one of the great screen play by Gertrude and Kathryn Scola.

The picture opens with a dire tragedy in which the young girl's lover is shot down at her feet on the very eve of their wedding by the husband accidentally, on board a Paris to New York ship, and it is love at first sight. N. H. S. VARSITY IS TOO MUCH FOR PLYMOUTH

First Team Proves Twice As Good As Rival; Score Is 28 to 13

By STANLEY TAYLOR
Editor of The Orange and Black

The N. H. S. cagers won their eighth consecutive game of the season last Tuesday evening when they halloped Plymouth in a basketball game there by the score of 28 to 13.

After tripping Trenton last Friday evening at the local gymnasium, 21-14, and showing a smooth, efficient offense and an impenetrable defense in the last half Northville smothered the attack of the blue and gold and Tuesday conquered Plymouth.

Bray, center for the local team, sank the first basket of the game, putting Northville in the lead and Hoffman followed by chalking up the second marker for Northville. Marburger scored another point on a foul, putting N. H. S. in the lead, 5-0. Bray made another basket, giving the Orange and Black another two points. The Northville cagers acquired seven points while the Plymouth team was trying to find out where the ball was. Northville scored up very well on its passing during the first half. Wegenschütz made the only basket for Plymouth in the first stanza which ended with Northville leading, 9-0.

Hoffman opened the second quarter by sinking a foul shot for a Northville gain. Marburger and Trumble scored the remaining two baskets of this quarter, the score ending the half at Northville 12, Plymouth 4.

The improvement over last week's game shows that Coach Walke not only knows his business, but that he has been successful in the development of a smooth machine that is hard to beat.

The Orange and Black cagers had an eight point lead over its old rivals at the opening of the second half. The period started off the same this year as it did last with Kinsey scoring a basket for the blue and white. Deal next sank two fouls and Kinsey one for Plymouth. After that the scoring seemed to be even with each team scoring six points. The quarter ended with N. H. S. 21 to 11 for the Plymouth.

The last quarter showed Northville scoring seven points to two by Plymouth. Deal, Hoffman and Westphal sank baskets for the local lads and Marburger sank a foul shot. J. Williams scored a basket for Plymouth. The game ended with Northville defeating its oldest rival by the score of 28 to 13.

Reserves Win By One Point
In a fast and exciting battle N. H. S. reserves won its eighth consecutive game by defeating its rivals by the score of 10-9.

This game proved to be characterized by little scoring. Gregory was the high point man for Northville scoring four points, while Van Amburg scored five points for the white and blue.

BANKING EVOLUTION

By R. S. HECHT
President American Bankers Association

BANKING at one time was a private business, but more recently has developed into a profession—a

R. S. HECHT

Semipublic profession. This change has not come suddenly but is the result of an evolutionary process. Banking has grown and changed with the growth and change of our country.

The banker who has survived the trials and tribulations of the past few years has proven himself a man of courage and ability, and we may well expect him to meet the problems that lie before him with resolution and sound judgment.

Unfortunately it has become the fashion to blame our banking system all the troubles which the depression has brought. As a consequence we hear much of needed reform of banking by law. No one will deny that certain defects have developed in our existing banking laws which need correction, and that certain abuses were committed which no one wishes to defend or have remain possible in the future. Never before were bankers more determined than they are today to bring about whatever changes in our banking system are called for by the public welfare.

The Basis of Good Laws

The best results can and will be accomplished by normal processes and gradual adjustments of our present private banking structure—rather than by the passage of still more drastic laws, offering panaceas in the form of more government-controlled or government-aided organizations.

Looking back, looking to any phase of human need are formed and modified in the march of school of practical human experience and are usually the result of sound evolutionary processes rather than of sudden impulses to change fundamental principles.

If we analyze the new banking picture which has developed during the past eighteen months, we can help but arrive at the conclusion that evolutionary changes which have taken place in banking, and the economic life of the nation of which it is a part, have justified much of the banking legislation recently passed. As we look ahead and consider the new problems which are facing us, we must inevitably come to the conclusion that some further changes in our banking laws will become necessary.

Voluntary Reform

It is not enough that bankers merely acquiesce in banking imposed by law. Real for evolutionary banking reform must be more aggressive than that. Banking practice itself, without compulsion of law, can and should reflect the changes and lessons of the times and difficulties through which the nation has passed and, even to a greater extent than law, render banking more truly a good public servant by voluntary self-reform. In no small measure is this accomplished by the better training of the members of the banking fraternity and by instilling constantly higher ideals in those who are ultimately responsible for bank management.

As we march on into the world of tomorrow the banker has a greater opportunity for usefulness than ever before, and I hope that the service he will render to society will be so conscientious, so constructive and so satisfactory as to merit general approval and assure him his logical high place and leadership.

NATIONAL SAVINGS MARK INCREASES

NEW YORK—The annual savings compilation of the American Bankers Association for the year ending June 30, 1934, shows that for the first time since 1930 total savings in all American banks recorded an annual increase.

A statement by W. Espey Albig, Deputy Manager of the association in charge of its Savings Division, in the organization's monthly magazine "Banking," says that savings deposited in banks as of June 30, 1934, gained 3.5 per cent as compared with a year earlier.

"The aggregate is an increase over last year of \$742,132,000, the first since the year which closed June 30, 1930," he says. "This is a notable achievement, for the decline since 1930 had been precipitate and all-encompassing. In that year savings had reached the all-time high of \$28,475,521,000. A year ago the amount was \$21,125,544,000, a loss in three years of \$7,350,000,000. This year the figure stands at \$21,867,666,000."

"Depositors, too, have gained in number, going from 39,262,432 on June 30, 1933, to 39,562,174 on June 30 this year, a gain of 299,742. Four years ago there were 32,729,432 depositors, or one depositor for each 2.5 persons in the country. Now there is one account for each 3.2 persons."

Old French Theory

A French school of economists of the past preached the abolition of inheritance, thinking the nation the better for it.

LETTUCE FROM OWN GARDEN ENJOYED AT THE MERRITT HOME

In spite of the ice and snow, signs of spring continue to appear. The latest is from Mrs. William Merritt of Seven Mile road, who reports that her family at dinner on January 7 enjoyed a salad that was made from lettuce from their own garden. She noticed it when she was coming into the house. She could hardly believe her eyes because when she had picked it she saw that it was crisp and green, and everything else that people expect lettuce to be.

Citizen—I hear there's a movement on foot to weed out the unscrupulous lawyers in this town.

Lawyer—An investigation has already been made and it was found that there are no unscrupulous lawyers belonging to this bar here.

Citizen—Who did the investigating?

Lawyer—We lawyers.

Shaw—That was hard on Suthers.

Shaw—What was?

Shaw—He slipped down on a banana peel on the sidewalk in front of the movie theatre and was arrested for giving a public performance without a license.

Baseline School

We have four new scholars. They are Marie and Doris Fraser, Sydney Holmes, and David McDonald.

The primary grades made paper snowmen and put them on the wall. We are learning the "Sailor's Hornpipe." This is one of the dances we are learning for the Spring Festival. We are also learning a song, "Charming Marguerite."

The seventh and eighth grade girls are planning on giving a play. The eighth grade girls drew a calendar on the board.

For Art Friday we drew sunbonnet girls. We are going to put them on the bulletin board.

We have a sand table for the smaller children.

Irene Thomas and Helen Tombs, Helen Kreeger, Marie Fraser, and Julia Modes all had a perfect record in health last week.

"Did you tell the Lord about your being so bad and ask his forgiveness?" inquired the mother as she opened the closet door.

"No," responded the little girl with determination; "I didn't think you would want such a scandal, to be known outside the family."

MOTHERS' COMMITTEE ASKS FOR SUPPORT OF SENIOR CARD PARTY

What is wrong with our seniors? There must be something wrong somewhere or we think the people of Northville would be more ready to help them on their way to Washington.

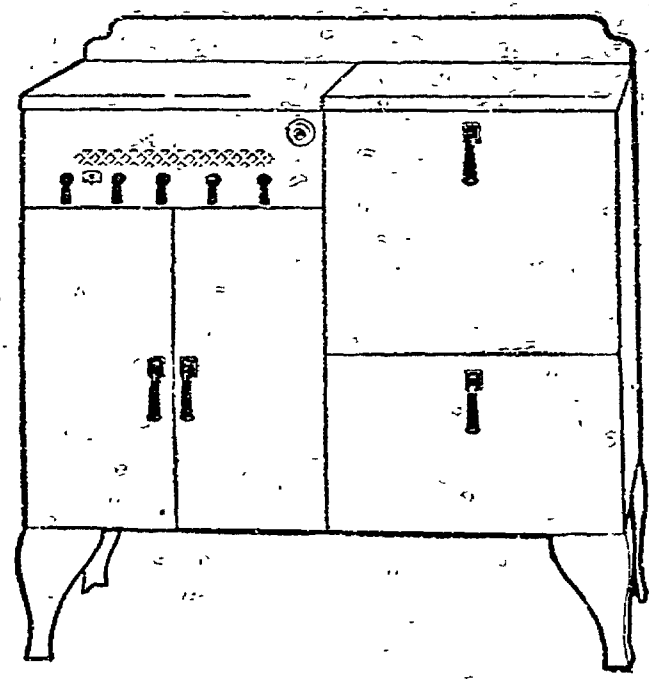

They seem to be a lovely group of boys and girls and just as worthy as the other groups of seniors that we all worked so hard for. So come on, now all you folks who worked so hard last year, all you business people, all you school teachers, fathers and mothers, join us in our card party, of January 24th at 8 p. m. in the high school building and show us that your heart is out for the seniors.

A Committee of Mothers.

Ginko—Are you making any progress in getting acquainted with those fashionable people who have just moved next door?

Jellybean—Their cat invited our cat over to a musical last night.

IT COSTS NO MORE—To buy the best. There is no other ice cream sold in Northville that will compare in richness and flavor with FRY'S DELICIOUS HOME-MADE ICE CREAM. Quarts 25c—Pints 15c.

WHY DON'T
YOU
TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles' Nervine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves,"
If you take sudden nights,
If start at a noise, tire
easily, are cranky, blue and
fidgety, your "nerves" are
probably out of order.

Quiet and relax them with the
same medicine that "did the
