N. H. S. CAGERS AND TRENTON MEET TONIGHT

Victories Tonight, Tuesday Over Melvindale Needed For Championship

Tonight at Trenton Northville high school's undefeated basketball team will attempt to hurdle one of its last two obstacles between it and the Suburban league championship. The last and deciding game is with Melvindale and will be played here Thursday evening, Feb. 21, at the high school gymnasium.

Northville must win both of these games to clinch the championship. Melvindale is in second place in the league, having lost one game during the season that to Northville, 23-19, at Melvindale, January 18. A defeat at the hands of Trenton would leave Northville tied with Melvindale, and the game with the latter team would be played with both teams even in the standings.

Coach Ted Watts says that his team has an excellent chance to win these games but that they will both be tough. "Melvindale looks like a much better team than Trenton," Mr. Watts says, "but on the other hand, Trenton will be playing against us in its own gymnasium, which we are unused to. It is considerably larger than ours. So it is difficult to say which of the two games will be hardest.

"The boys are all working hard at practice," the coach says, "and there are no injuries or any sickness in the squad."

If Northville wins both of these games, the team will compete in the regional playoffs, which for this district will be held at Ypsilanti in March.

Trenton, as well as Melvindale, is pointing for Northville. Reports from that town are that the down-river team is out for revenge after the defeat at the hands of Northville here on January 31, when the Orange and Black quintets outclassed them to the tune of 21 to 14. They sacrificed their game with Van Dyke last week by using their second team, so that the regulars could be saved for the Northville game. This is a decidedly new situation for a Northville team to encounter.

The Orange and Black squad won its second game of the season from Farmington Friday, February 8, the score being 21 to 11. It was the first time in four years that Northville has been able to defeat the Farmington team on its own gym floor, which is much smaller than the Northville gym. It was done in a convincing style, however.

The probable line-up for Northville for both games will be Hoffman and Deal, forwards; Bray, center; Marburger and Myers, guards.

The reserves have also an enviable record this season, having lost only one game, which was to Plymouth Tuesday, February 5, the score being 22 to 9.

CLOWNS PERFORM FOR CHILDREN AT TRAINING SCHOOL

Fans From Shrine Circus Give Children Many Laughs

The clown troupe of the Detroit Shrine circus came to the Wayne County Training School Tuesday noon with their bag full of tricks to hilariously entertain some 600 youngsters who made the big gym rock with their laughter.

The funny folk had a great variety of comic antics, and judging from the number of stunts they went through, they did not cut their act for this performance. There were about ten in all, which included every kind of clown the children had ever heard of and more too.

One of the high lights of the show was a trained dog, who did a dance for the children on his hind legs, keeping perfect time with the clapping of his funny master's hands, and the odd song he trained.

A tramp clown, who was dressed in the most ragged clothes imaginable, did some stupid antics in a clever way, and made the children shout at the top of their voices for more.

There were many more stunts on the program, and when it was all over the clowns appeared with a great number of brightly colored balloons. These were too good to resist, and the floor was immediately a mass of children who proceeded to break them.

FALLING TREE KILLS EDW. CHINANSMITH

Edward Chinansmith, 31 years old, whose home is on the Curtis road, three and one-half miles southwest of Salem, was killed instantly early Monday afternoon when he was struck by a large limb of a falling tree on the grounds of the Plymouth golf course on Territorial road.

Chinansmith and I. D. Hank, also employed at the golf course, were engaged in cutting down the tree. They had placed a wedge in the tree because they did not like the way it was going to fall. They then continued to saw entirely through it. The wedge failed to hold, and according to Hunt, the tree bounded over six feet in the air.

Both men ran immediately but Chinansmith failed to get out of the path of the tree, which fell in the opposite direction from what the men expected. He was struck at the base of the skull, and death came instantly. Hunt escaped without any injuries.

Mr. Chinansmith was a resident of this vicinity for the last 15 years. He leaves to mourn his death his mother and father, Mr. and Mrs. M. J. Chinansmith; two sisters, Mabel and Florence; and four brothers: Arthur, Stanley, Walter and Kenneth.

The funeral service was held Thursday afternoon at 2 p. m. at the Worden Congregational church. The Rev. Cora M. Pennell officiated. Burial was at the Worden cemetery.

FATHER AND SON BANQUET PROGRAM TO BE SURPRISE

The annual community father and son banquet February 22 at the Methodist church will have a "surprise program," Orlow G. Owen, chairman of the affair, stated this week.

He further stated that the entire program is being arranged for the boys this year, rather than for their elders, and that those serious-minded people who might look for a serious lecture on that occasion will not find the evening to their liking.

"All details of what has been planned are being jealously guarded," Mr. Owen said. He revealed, however, that the evening will be a strictly informal one with a goodly supply of comedy to it, that it will be made to order for the boys but certain to please old and young alike.

Dinner will be served and the price per plate will be 50 cents with all the good things that boys especially like. It is expected that there will be 200 present.

"There are a great many boys in town who might not have a chance to enjoy this event and all those men who feel like 'borrowing' their son for this occasion will make not only the boys, but themselves happy. This event is for all decompressions and rotates each year among the churches.

STUDENT LOAN FUND STARTED BY ROTARIANS

Aid Of Northville Will Be Asked In Helping Young People

With the possible goal of one thousand dollars for use within the next year or two as a student loan fund, members of the Northville Rotary club at their luncheon Tuesday noon gave serious thought to the ways and means of getting this project under way.

A start toward the fund, which is being used modestly this year and will be used in a larger way later, has already been made by the contributions of individual members of the club. Three Northville students in college have been given slight aid already from the fund.

Plans for a community event to be staged by the Rotarians were discussed at length under the direction of Dr. H. S. Willis, chairman of the committee which has been working for some weeks on the project.

Suggestions for a Rotary fair, with vocational booths provided by all the members; for a minstrel show; for a dinner and concert; or possibly for moving pictures by some such distinguished man as Walter Hastings, were made by various speakers. It was voted by the Rotarians that after the entire community appreciates the great help that a student loan fund might be to worthy young people, all Northville people would rally to the support of some community event, such as those mentioned. The proceeds would make a substantial contribution to the fund.

The Rotarians unanimously voted to get back on the plan for the project. The following committee, which has done much hard work on the plans, involving study of the success of such funds in other places, was authorized to go ahead and make definite arrangements for some community event that will bring the fund to proportions where it can serve more young people. The members of the committee are Dr. Willis, E. L. Mills, Percy Angove, and Supt. Russell H. Amerman.

There will be no gifts made under the terms of the fund. Instead, loans will be made to worthy boys and girls and these will be repaid by the students as soon after graduation as possible. In this way, the fund will become a revolving one which, through the years, will render great help to many students.

"PHILLIPS" MEET DEFEAT

The "Phillips 66" basketball team met the Walled Lake Independents in a hard-fought battle in the high school gym at Walled Lake Friday evening. At the finish the score stood at 32-24 in favor of the Independents.

The "Phillips 66" team is made up of Alec Johnson, Ray Westphal, Wayne Thompson, Howard Myers, and Paul Baldwin.

CAR IS BURNED AT DETROIT H. OF C. SATURDAY MORNING

An automobile was burned so badly that the body is a complete wreck at the Detroit House of Correction farm at 6 a. m. Saturday. The cause of the blaze is unknown.

The car, owned by the institution, was taken out of the garage that morning by one of the guards, to get some gas into the tank. The motor ignited and the flames spread over the entire car before any effort could be made to extinguish them.

According to the guard, the motor of the car was running when he put the gas into the tank. When questioned he could not remember whether the motor had stalled when he drove the car up to the gas pump, or whether he had turned off the ignition.

Northville people, who were roused from their slumbers by the fire siren at the institution, were mostly of the opinion that at the time that another disastrous fire was raging there similar to the one that a little more than a year ago did several thousand dollars worth of damage and overcame some of the firemen.

The siren sounded its warning for more than ten minutes this being another reason why so many feared that the fire might be serious. Capt. Edward Dennison explained that the siren was not turned off immediately due to the fact that all available men headed for the scene of the fire at once.

Cause of Gas at Grade School Remains Mystery But Repairs Made This Week Lessen Danger

THE problem of finding the cause of the gas that has been escaping in the grade school building was still not solved yesterday, although classes began again Monday, Feb. 11, R. H. Amerman announced.

School was dismissed Monday, February 4, when the gas became so strong that two teachers were completely overcome by the fumes and had to be taken to their homes. "Attempts have been made ever since the gas was noticed ten days ago to discover the source, and all with no avail," Supt. Amerman stated.

The interior of the chimney was re-plastered Friday and Saturday in as many places as it was possible for workmen to reach in order to keep all possible fumes from escaping into the building. The mystery of the source of the gas is further intensified by the fact that the building is heated by steam, not hot air.

Wednesday evening workmen removed the top of the boiler in an attempt to discover any possible leaks between the sections, and at the time it was hoped that the cause of the disturbance would be found there.

Officials thought last week that the origin of the gas might be from sewers, but gas experts from the Consumers Powers Co. were called, and after examining the building they decided that the fumes could not possibly be sewer gas.

"Through great care, and through a natural decrease in the gas, it has been possible to keep the school open this week," Supt. Amerman says. Only a few children had to be sent home this week because of sickness. Several teachers, whose class rooms have been especially affected, have kept the windows open to insure proper ventilation.

Experiments this week showed that the chimney is perhaps the cause of the trouble. It is expected by school officials that a new chimney will be built next summer to replace it.

SCOUTS IN UNIFORM FILE INTO CHURCH SUNDAY MORNING

Youth, 125 in number, headed by the United States flag and Scout leaders filed into the Methodist church Sunday morning for their twenty-fifth anniversary service.

Scout leaders and sponsors were also in attendance and also a fine company of parents and friends.

Daniel, that sterling character of 3000 years ago, who dared to stand for his convictions, was the subject of the sermon by Rev. J. H. Mullinson.

Picturing this 14-year-old Jewish lad and his companions in the school of the King of Babylon for training in empire leadership, was vividly done and expertly arranged to convey the lesson for today.

The times when David and his companions grew up and met their tests were as varied and severe as any boy will meet. The speaker affirmed that they won the contest for clean living, religious devotion, and mental powers.

The speaker was very sure that there need be no fears for America when her million Scouts were holding to the Scout oath and laws and urged every boy to become acquainted with the fairest and best Scout of them all, Jesus, the Son of the carpenter.

The service opened and closed in the regular form of Boy Scouts.

REPUBLICAN CLUB PLANS TO EXPAND

Plans to secure a charter, many new members and to make its clubhouse in the Richardson building more comfortable and attractive were discussed at the regular monthly meeting of the Northville Young Republican club Thursday evening, February 7.

The club has decided to apply to the secretary of state's office in Lansing for the charter soon, and to obtain additional members so that the club will be strengthened and so that the expense for each member will be reduced to the minimum.

Claude M. Zimmerman was appointed as a committee of one by president, Dr. L. W. Snow, to make arrangements for securing the charter.

The club room will be equipped with a radio, and additional furniture to make it a more comfortable meeting place for the group.

A special meeting was to have been held Thursday evening, February 14, to decide many of the questions raised at the meeting of last week. All plans made at the last week's meeting were of a tentative nature, necessitating the extra meeting.

CALKINS WRITES OF HIS YOUTH HERE IN LETTER TO RECORD

The Record received a letter this week from Verle M. Calkins of Edgewood, Rhode Island, who was a former well known resident here, and who will still be remembered by some.

Mr. Calkins writes that it has been more than 30 years since he lived in Northville. "Having been born in Northville, there was a time when I knew every person by name," he says. "Frank Neal was a good friend of mine when he was editor of the Record. As a young artist, he gave me much encouragement, even going so far as to print some of my drawings in his paper."

Mr. Calkins continues to say that he is now a designer and modeler of silverware and bronze. He writes that he would like to visit Northville, and that he hopes that it will be soon.

He will be remembered as the bartender in a quarter that was very popular a few years before he left Northville. The other members of the quarter were Roy G. Clark, bass; Ray Van Valkenburg, first tenor; and Clarence Corwell, second tenor.

The quartet at one time sang regularly at the Baptist church, and also was in demand at social functions in Northville.

Mr. Clark, when asked about Verne M. Calkins, said that he remembered him as a very decent, capable, well intentioned man and as an exceptional baritone.

Ms. Calkins has a sister here, Miss Lucille Calkins, who is employed at the Wayne County Training school.

Unemployment Census Is Under Way Here; Nine Enumerators Are Engaged In Visiting Every Home In Northville

The Michigan Unemployment Census enumerators in Northville are busy this week in their task of visiting every home and obtaining the employment record of everyone.

The purpose of the census, which is being conducted by the state under the direction of the federal government, according to M. G. O'Neil, who is in charge of the work in Northville, is to arrive at an intelligent means of solving the unemployment problem. The nine enumerators who are working under Mr. O'Neil will cover Livonia and Northville townships, and the village of Northville.

The questionnaires ask for a considerable amount of detailed information about each individual. Mr. O'Neil stresses the point, however, that all information disclosed will be considered confidential and that no way will anyone be embarrassed.

"In addition to this," he said, "the census will not affect anyone's job, or his income tax. The purpose of it is to secure statistics about entire communities rather than about individuals."

All persons associated with gathering these statistics have taken an oath to give out absolutely no information regarding it, and it is doubtful even if any gross figures will be available for publication when the census is completed. The work in this district will be finished in about eight weeks, Mr. O'Neil said. He also emphasized the fact that this possible time.

JOHN L. CAMPBELL PASSES SUDDENLY

John L. Campbell, aged 54 years, a resident of this vicinity for the past 13 years, died suddenly early Wednesday morning, Feb. 13, from a heart attack in John Litschberger's gas station on North Center street.

He was stricken only a minute after he entered the service station. Dr. A. A. Holcomb, who was summoned, stated that death came instantly.

Mr. Campbell apparently had been enjoying excellent health, especially for the last two months. His wife says that he had never had any sickness of any consequence, and that he had never had such an attack previously.

He leaves to mourn his death besides his wife, his mother, Mrs. M. L. Campbell of Detroit, and the children, Mrs. Cleo Borgess of Wayne, Lewis Junior, Ruth, Norman, Fred of New Hudson, and Edwin at Plymouth. The latter two are children of a former marriage.

Until two years ago, Mr. Campbell was employed at the Ford Motor plant here, where he worked for 15 years. The family has lived in their present home on Grace street for the last ten years.

The men of the parish of Our Lady of Victory church will meet at the Campbell home at 9 p. m. on Friday evening for a prayer service.

The funeral service will be at the church Saturday morning at 10 a. m. Burial will be at the Holy Sepulchre cemetery.

NORTHVILLE ASKS FOR \$562,000

Village, School Board and Township Present Petitions For Public Works Program

Northville village, township, and school district are asking for a total of \$562,000 worth of projects in President Roosevelt's new \$4,880,000,000 public works relief program.

Of the more than half million dollars asked, \$387,000 is requested by the village, \$160,000 by the Northville school district, and \$15,000 by the township.

A new water reservoir, a community house, the completion of the water system, the construction of storm sewers, and a new village survey are included in the projects submitted by the village.

The \$160,000 that the school district hopes to receive would go to construct a new grade school building, which, according to Superintendent R. H. Amerman, would be erected about where the board of education building now stands. At present the facilities are three classrooms short, and space in the schools is at a premium.

The township, in its \$15,000 bid, is planning to re-decorate and remodel the library.

"The village is asking for quite a large appropriation," Dr. H. H. Burkart said, "with the hope that if congress votes in favor of the president's relief bill, and the federal government approves Northville's bid, that we shall have enough funds to take care of quite a number of projects, and that even if we get only a third of what we are asking we will still have enough to make a considerable number of improvements."

Chief among the projects that the village hopes to have approved by the planning commission is the construction of a new reservoir, which would include water-purifying equipment and a modern filtration plant.

Another important village project is the completion of the water system. At the present time, according to Dr. Burkart, there are many dead ends in the system.

"The paving of the gravel streets in the village is also needed," Dr. Burkart says, "and is badly needed, since there are four miles of gravel streets in the village at the present time."

A community house, costing \$50,000, which would include an auditorium and club rooms, was also listed on the questionnaire sent to the planning commission.

"The survey of the community, embracing the re-plotting of the water system, is also needed," Dr. Burkart said. "At the present time there is a large amount of property that is no longer a clear basis for property taxes."

The storm sewers are a real necessity, according to village officials. Approximately \$30,000 will be needed to complete this project.

The planning commission, appointed by Governor Fitzgerald and headed by A. R. Glancy, nationally known engineer and industrialist, will grade the projects submitted by the village, township, and other units of government throughout the state, in the order of their importance, legitimacy, and immediacy of employment or their long-term value. The commission will then make its recommendation to Governor Fitzgerald in time for him to submit them to the National Resources Board at Washington by March 1.

Dr. Burkart emphasized that Northville can't do any way count on any part of the appropriation because no one knows just what congress will do about the relief bill, and also that it cannot be predicted how the Michigan State Planning commission will grade the Northville projects.

GUNTZVILLER FINDS A VALUABLE RELIC OF HURON INDIANS

The discovery of an Indian relic believed to be the work of the famous Chief Pontiac, and considered as a small piece of slate with two words inscribed on it, has given Harry J. Guntzviller, who lives at the corner of Tenth and Eight Mile roads, a cause for elation.

The two words, on the stone are "Pontiac" printed in capital letters, and "Chief" is written below it. The stone was found with some other relics on the shores of the Huron river between Whitmore lake and Brighton one day last fall when Guntzviller was out on a relic searching expedition with his two brothers. The other objects found were a metal pounder and a drill of the kind the Indians used for punching holes in buckskin. Both of these were also made of stone.

Guntzviller has submitted the piece of slate to various archeologists and has received several different opinions concerning it. D. G. Grove of Chicago, the author of "Spears and Arrows" and president of the North American Indian Relic Collectors' Association, says that it is probably the work of Chief Pontiac. The chief was known as a most intelligent Indian, and according to one opinion this relic was probably one of his calling cards.

The metal pounder has also been called a remarkable specimen of Indian handiwork "by authorities who examined it. Guntzviller says that very few metal pounders have ever been found in Michigan, and that they are to be found mostly in the southern states.

SHRINE CLUB SPONSORS WASHINGTON FROLIC

Next Friday night, February 22, a Washington's Birthday dinner, dance, and bridge party will be held at the Mayflower hotel in Plymouth. The hosts will be the Suburban Shrine club which has sponsored several of these delightful events in the past. Dinner will be served at 7 p. m. with an interesting floor show provided by some of the best theatrical talent available in a Detroit.

The charge is nominal. One dollar per person serves for the entire evening program which will include dancing and bridge with door prizes for the ladies and prizes for bridge. The affair will be informal and the public is cordially invited to attend the affair.

H. R. RICHARDSON TO OPEN SHOWROOM FOR PACKARD CARS

A new showroom for Packard motor cars will be opened here about March 1, with H. R. Richardson as the proprietor, it was announced on Wednesday.

Mr. Richardson has been busy during the past week helping in the preparation of his building on West Main street.

The building will be entirely re-decorated within and without. Mr. Richardson says, "and when alterations are completed, we hope to have one of the finest showrooms in the county."

The first floor of the building, which formerly housed two storerooms, will be one large room, under the new plan. The partition and ceiling have been removed.

SALEM FATHER-SON BANQUET

Fathers and sons of Salem and vicinity will join in a banquet at the Federated church on the evening of March 3. After a fine dinner together a program will follow. Richard Van Valkenburg will be the speaker.

DAUGHTER IS WELCOMED

A daughter, Beverly Ellen, was born Feb. 5 to Mr. and Mrs. Cecil Perry.

COUNTIES PROMPT IN CLEANING SNOW OFF THE HIGHWAYS

The road commissions of Wayne, Oakland and Washtenaw counties are doing excellent jobs of cleaning the snow off the highways, Roy G. Clark, rural mail carrier, says.

Mr. Clark enthusiastically praises the road commission for the promptness with which that body got the roads cleared after the heavy snowfall of last week. He asserts that within 24 hours after the snow fell, the 45 miles of roads that he covers daily were all clear with the exception of one mile.

Mr. Clark has been handling this mail route for 29 years, and he says that the present excellent condition and maintenance of the highways is a far cry from the condition of the roads during the first ten years he covered them. For only the past 19 years has he been able to use an automobile for his delivery, he states, and before that the county road commission never cleaned the roads unless they were practically impassable.

FISH SUPPER SALEM TONIGHT

The Salem Federated church will serve one of their popular fish suppers this evening (Friday) at 6:30.

Dr. Geo. E. Carrothers of the University of Michigan will give an illustrated lecture on the Philippine Islands. The public is cordially invited.

SHALL WE INCREASE THE GASOLINE TAX?

Mr. and Mrs. or Miss Motorist, how would you like to pay another cent on your gasoline tax? You are now paying three cents per gallon state tax and a bill has just been introduced at Lansing that would make the tax four cents. Those who are backing the bill state that the extra cent will go to help our state schools.

Many will bitterly contest the proposition to put more load on the motorist. His share of the taxes now is high enough. How much more of a load should the automobile carry?

There may be quite a number—three will tell—who will look more or less judiciously at the plan to add the cent for every gallon to aid the schools and wonder if that may not be the way out of some of our tax troubles. Our state officials do not get very far in their plans to cut costs—see what happened when an effort was made to close a normal college. And if costs stay up, then more revenue must be found, in view of the fact that the tax on real estate has been cut.

The automobile is easily taxed. That extra cent would have to be paid whenever you stopped at the gasoline station. Some other things can wait, but the automobile must be kept going. On this basis, the proponents of the added tax will make a good case. We have to have the money. Why not take it out of the motorists? The tax is small and the people won't miss it! Something must be done to keep our schools going. Let the gasoline tax do it.

Our taxes have to come from somewhere and somebody. What do you, Mr. Average Citizen, say to another cent on gasoline tax?

A SERIOUS - MINDED GOVERNOR

Michigan people are finding out that in Governor Frank D. Fitzgerald they have an executive who is tackling the affairs of government in a serious and efficient way. His 22 years in public service at Lansing are beginning to bear fruit. Our state faces many serious problems and Governor Fitzgerald will find that many of them probably can't be solved at once. Yet he is facing these problems with the help of the legislature and the other state officers, and some of them will be answered before many months go by.

We can also be glad for the fact that partisanship is being kept in the background at Lansing. Those in charge of our government are not asking whether or not what they do will benefit republicans or democrats. The democratic associates of the governor are working for the public service in the same spirit as Governor Fitzgerald. That attitude is going to make for good government and the voters of the state are going to appreciate this kind of public service.

NO KIDNAPING VAUDEVILLE IN CANADA

It took just six days at Toronto, Canada, for a kidnaper to be tried, found guilty and sentenced. That is the Canadian way—no fooling with or coddling of criminals.

The American way has been seen the past few weeks at Flemington, N. J. where a fellow named Hauptmann, who is an admitted ex-convict, who lied on the stand repeatedly and who certainly was guilty of some wrong, was paraded like a hero in our great metropolitan papers. In this Jersey town we saw a trial with the defendant held on the charge of a truly terrible crime treated like a circus performer. Pictures of the man on trial would make him out a beau gallant, instead of a man charged with a hideous crime. Morbid crowds packed the court room and the show went on, day after day and week after week. What a travesty on justice!

No wonder the criminals leave Canada and do their best wretched work in the United States. Kidnaping across the Canadian border is not a vaudeville stunt.

HE HELPS NORTHVILLE

Northville people are grateful that Phil H. Grennan has purchased the former Gordon Baking Co.'s condenser. This splendid property can be made a great asset to the community and we feel sure that Mr. Grennan will make it such.

Mr. Grennan has been a progressive booster for Northville. We of this community appreciate his interest in us and will wish him well in this new enterprise. The Grennan business genius will put the new project on a successful basis.

MORE AND BETTER HOMES FOR NORTHVILLE

The sooner Northville starts re-modeling homes and building new homes, under the new federal plan, the sooner will we start more business coming toward all of us.

The demand for modernized homes is here. All we need is a start. The building season will be here in a few short weeks. What can you do to help?

Other communities are doing it. Let's go, Northville.

WANDERING THOUGHTS

The city folks don't quite know what good those snow storms do for the farmer.

Dr. Paul F. Voelker, superintendent of public instruction of the state of Michigan, does not smoke or drink.

Whoever puts his hand on the shoulder of a boy to help him may make history of which he never dreamed. Your chance right now to help boys in Northville is to help the Boy Scouts. They need your help.

What makes happiness anyway? Well, for the small boys in Northville right now here is one formula that works well: A stretch of ice out in the side yard, a pair of skates, a hockey stick and a few neighbor kids for competition. "This is the life."

"If you want to be kindly remembered through the years you must be kindly yourself," writes Wm. H. Berkey, of Cassopolis as he tells of meeting an old friend who was good to him years ago. If all folks could only learn what Mr. Berkey says!

We notice by an advertisement that you can now take a picture in your home with an ordinary camera, in one twenty-fifth of a second. The use of a certain kind of bulb turns the trick. Just another of the modern ways in which night is turned into day.

At the close of his public life, George Washington was glad to go back to the peaceful ways of his big farm at Mt. Vernon. The first President of our country found great joy in his touch with soil. At the close of our greatest depression, a lot of folks in the United States are going back to the soil, glad to stay there.

THIS WEEK'S QUESTION

Did you know that our federal government now spends nearly 900 millions of dollars per year in World War pensions?

NORTHVILLE'S YESTERDAYS

1 YEAR AGO. The Northville Republican club has just been formed. About 25 members of the home of Ray Richardson on West Main street, so elect officers Monday evening. Willard A. Ely township supervisor was elected president.

WHAT OTHER EDITORS ARE THINKING ABOUT

"SUICIDE'S BEST ALTERNATIVE"

(The Charlotte Republican Tribune). We have no fight with folks who are opposed to the World Court. It is a close question and it is an easy matter to make our entry look like a sad mistake. Stanley Hill, scientific editor of the Christian Herald, just home from a trip to Europe, says:

"I went abroad one afternoon to Geneva, to the great gate that stands at the entrance to the ground of the League of Nations. There is a stone plaque there, set in the wall, with this inscription: 'The League of Nations founded in 1919, by Woodrow Wilson, President of the United States of America.' I always visit that place when I am in Geneva. And I am always simultaneously thrilled and ashamed; thrilled that we produced the man; ashamed that we forsook the institution. Inside the wall which that gate guards is housed the best alternative to suicide that civilization has been able to create. Temporarily, it has been an adequate alternative—adequate enough, at least, to deserve American support to make its adequacy permanent.

The writer read this same plaque and had precisely the same state of mind as Mr. Hill describes as he walked away from the meaningless statement. It must be difficult to profess to be a new testament Christian and oppose "the best alternative to suicide that civilization has been able to create." Another war and all arguments will be settled forever. Civilization will be out."

DEMOCRATIC ILEGALITY

(The Detroit News).

"Irregular and illegal" are the labels the Michigan Supreme Court puts on the "no quorum" Legislature's joint convention which, at the close of last year attempted to upset the results of the Nov. 6 election in Wayne County. That ends a chapter of which the people of Michigan have reason to be ashamed.

These are some of the illegal and irregular phrases to which the court calls attention: "The Governor cannot call the Legislature to meet in joint convention. The Legislature did not take proper action to meet in joint convention. Accordingly there was no joint convention. No quorum was present in either House at any session. A minority group resolving that an attendance of 40 constituted a quorum was without warrant of law. Only one thing, the Legislature could have done under such conditions—it could have adjourned. Anything else done by that Legislature was a nullity."

The News at the time expressed the indignation felt by all good citizens and declared that the men were responsible for it and the men who took part in it never again should be entrusted with public office.

NO NEED FOR WORRY

(Fred D. Kessler of The Iola County News).

The United States is still a rich and resourceful country. In spite of depression years we are far from bankrupt, as a nation. If you have been concerned about the fast growing debt caused by the huge sums of money which the government is expected to spend for unemployment purposes, then listen to these words of encouragement from a veteran business man whose wisdom deserves confidence: "Don't let thoughts of that debt get you down. I have seen this country come through times fully as difficult as these, though the problems are not the same. We will come through this one. In proportion to our productive capacity, if not in proportion to our population, the present government appears to be no more of a burden than that which confronted a discouraged and crippled nation after the Civil War. There were plenty of people then who said that that debt could never be paid, that the nation was bankrupt. Our resources in men and materials have never been fully tested. It is still a good slogan to 'Never sell America short!'"

Repeatedly the News has maintained that there is need in Michigan for a strong opposition party. A great opportunity was offered the democratic party to accept that responsibility. But the leadership of that party adopted a course which the Supreme Court brands as "irregular and illegal." If Michigan Democracy can not develop wiser leadership, the duty of offering effective and legal political opposition will have to find other party sponsorship.

RECORD LINERS PAY!

Shirley Temple, most sensational screen discovery of the year, at last has "the perfect screen vehicle." That, at any rate, is the gist of the enthusiastic advance accounts which precede Fox Film's "Bright Eyes" to the Penniman Allen theatre Saturday, Feb. 16th.

The dramatic story of "Bright Eyes" was suggested to David Butler, director, by a real-life incident occurring at a commercial airport near Los Angeles. He told it to Sol M. Wurtzel, Fox Film producer, who at once grew enthusiastic about the idea as a vehicle for the remarkable child star, Butler and Edwin Burke, famous screen writer, collaborated on the story, which was then adapted to the screen by William Conselman.

Among the features of the new picture is Shirley Temple's newest song number, a rollicking number especially written for her by the noted team of Richard Whiting and Sidney Claire. Its title is "On the Good Ship, Lollipop."

Shirley is reported, was originated when she was informed that James Dunn would again be her god and leading man in "Bright Eyes." It was with Dunn, to whom she is devoted, that she appeared in "Baby Take a Bow" and "Stand Up and Cheer." Previous audiences have declared "Bright Eyes" to be their finest vehicle to date.

Other members of Shirley's supporting cast in her new starring film are Jane Darwell, who recently scored a sensational hit in "The White Parade," Lois Wilson, Judith Allen, Theodore von Eltz, Dorothy Christy, Charles Sellon, Jane Withers, Brandon Hurst, Walter Johnson and George Irving.

The story of "The White Parade" was written by Rian James and Jesse L. Lasky, Jr. The adaptation was made by Souya Levien and Ernest Pascal.

Only Two More Victories Needed To Clinch Suburban League Championship

The Orange and Black basketball quintet can win the Suburban league championship by defeating Trenton and Melvindale.

Up to the present, the N. H. S. eagles have won twelve consecutive games that were scheduled and trophies which were practice games. This is a splendid record and seeing that the team has done so well, they might as well win the last two games and make it an undefeated season.

Northville accomplished one of the most outstanding happenings of the season when it defeated Farmington last Friday evening by the score of 21 to 11. This was the first time in four years that Farmington had been beaten on its own floor. As a result of winning this game, the Orange and Black team continues to hold a one game lead over Melvindale who is in second place in the standings. The Trenton game will be held at Trenton tonight and the team needs your support. Help N. H. S. win the championship!

NORTHVILLE HIGH MEETS TRENTON THERE TONIGHT

The Orange and Black five will meet one of their hardest teams of the season tonight (Friday, February 15) at Trenton.

The Trenton team lost to Van Dyke last week, but only because they used their second team and sat in the game, saving their first team, regulars for the Northville game.

Trenton is out for its first victory over Northville this year and will be fighting hard.

Northville's line-up will be Hoffman, Deal, Bray, Myers, and Marburger.

Northville meets Melvindale in their final game of the season here next Thursday (February 21). This game will decide whether N. H. S. wins the championship of the Suburban league.

DEPARTMENT NOTES

Miss Huff's seventh grade geography class is making a scrap book of the world, dividing it into seven sections, each section representing one continent. Materials used in the scrap book are clippings and pictures which are obtained in newspapers, magazines, etc.

The seventh grade girls are organizing two basketball teams, Geraldine Johnson and Shirley Condit, acting as the captains. The girls are planning to play Plymouth at the annual Northville-Plymouth Play Day, held at Plymouth.

U. S. History

Last Monday a very interesting speech was given on General Grant receiving his commission from Abraham Lincoln, by James Letta. In his speech James brought out the fact that General Grant was a very poor speaker, and that President Lincoln had to prepare his acceptance of the commission for him.

Tuesday, (Lincoln's birthday) Tom McLoughlin gave Lincoln's second inaugural speech. Rita Sprenger read a short summary of Lincoln's biography written in his own hand writing, and then slides about the "Civil War" were shown to the class.

Latin I

Some of the more ambitious Latin I students have been making notebooks. These contain articles on the way the Romans lived, their marriage customs, banquets, schools, and home life. Clippings about English words derived from Latin have added interest to these books. Latin mottoes on coins, abbreviations, Latin songs, and poems are included. A series of spell-downs between the Romans and Americans is being held of which the losers will entertain the winners.

J. W. Erwin gave a talk on "Horatius at the Bridge" last week and Betty Boulton gave a well prepared report on the blackboard. This week the class saw colored lantern slides on "Ben Hur".

Abraham Lincoln

(By Altha Hagemaster)

On Tuesday, February 12, the nation celebrated the 126th anniversary of the birth of Abraham Lincoln, who has often been called the "Great Emancipator."

Lincoln's mother died when he was nine years old, but his step-mother encouraged him in his studies, which his father thought a form of idleness. He considered himself very fortunate in being allowed to attend a whole year at a small country school, about five miles from his home, and with this meager help he was able to learn to read, write and do simple arithmetic. He used to lie before the fire-place in the evening after the rest of the family had retired and work problems on the back of a shovel, and after he had worked them he would smooth off the surface and do more.

Luckily, there were a few good books available, which he very eagerly read and remembered. He thought much and diligently exercised the knowledge gained.

He was made to work on his neighboring farm, and clerk at a small country store. When he was 19, he went south on a Mississippi flat boat and here caught the first sight of how negroes were sold as slaves and vowed that if the opportunity ever came his way he would "hit that system and hit it hard."

Much has been written of the wonderful things that Lincoln did in his later life and during his presidency, but there is one thing that stands out in the memory of everyone and that is his bringing about the abolition of the slaves.

On the evening of April 9, 1963, Lincoln and his wife sought relaxation by witnessing a play at Ford's theatre in Washington. There he was shot by a crazed secessionist, J. Wilkes Booth. Lincoln fell unconscious into the arms of his wife and died at 7 a. m. the following morning.

The name of Abraham Lincoln, unchallenged will live through the centuries as long as men respect courage, devotion and honesty.

N. H. S. GIRLS LOSE TO BERKLEY SIX LAST THURSDAY 17-4

In an exciting basketball game here last Thursday, the Northville girls were defeated by the Berkley six 17 to 14.

Martin, captain of the Blue and White, was the highest scorer of the game, making 9 of the 17 points. McGlone was next with 6 points.

The Orange and Black got an early lead when Tom McLoughlin made the first point of the game. Leila Haystead followed with a basket. These were the only baskets of the first quarter. The score at the end of the first quarter was Northville 3, Berkley 0.

The next quarter started Captain Martin of Berkley, while Norton of Northville, made three points. Berkley lead this period by the score of 7-6.

Haystead started the scoring in the third quarter, but the Berkley six continued to hold their lead, making three more points. This exciting quarter ended with the score of 10-3 in favor of Berkley.

In the fourth quarter the teams pepped up, but the Orange and Black six were unable to overcome Berkley's lead. The final score of the game was 17 to 14 in Berkley's favor.

The lineup was:

Berkley	Northville
McGlone	Haystead
Dehenke	F
Martin (C)	F
Pry	F
Brown	G
Davidson	G
Substitutions: Berkley - Bell and Johnson; Northville - Tewksbury.	

Miss Gladys Ludwig, girls' coach, said "The girls were not in their usual form. Had they been playing their best, it would have been a very victory. We beat them once, we should have been able to beat them again."

FIFTH SENIOR CARD PARTY DRAWS LARGEST TOWNSHIP CROWD

The last of a series of five card parties, sponsored by the senior mothers, was held Thursday evening, Feb. 7.

Some played bridge, some five hundred, some buno, some buno, and last but not least, some played rum.

The card party ended at 9:30 and the prizes were given out. A grand prize was won by Mrs. Strautz. A floor show, donated by the Jones Floral shop, was also given. Then each table had a prize deck of cards for the ladies and a package of cigarettes for the men.

A very tasty luncheon of sandwiches and coffee was served at 9:45 in the gymnasium.

After lunch the orchestra (made up of students of N. H. S.) started playing and everyone danced until the lights were turned out and the people were compelled to leave.

N. H. S. BEATS FARMINGTON FRIDAY, 22-11

N. H. S. Defeats Farmington For First Victory In Four Years

The Northville five won its twelfth consecutive victory of the year in a highly exciting basketball game with Farmington there last Friday by the score of 21 to 11.

This was the first time that Northville has beaten Farmington on its own floor in four years.

Hoffman was the high point man, scoring eight points. Myers, guard of the Orange and Black, made the first basket of the game. Immediately after, Barron, guard of the Blue and White, made Farmington's basket. Deal followed with a foul shot, giving Northville the lead. Farmington called a time out, giving both teams time to solve their defense. Wolfe, center for Farmington, made one put of two foul shots trying the score.

Hoffman came through, making two foul shots, putting Northville in the lead, five to three, at the end of the first quarter.

Score Tied at Half

Hoffman started the scoring in the second quarter by scoring a basket and Lee of Farmington followed by sinking a basket. Barron then came through with two points by putting Farmington in the lead, 9-7. Deal scored the last basket of the quarter, tying the score at the half, 9-9.

Myers put Northville in the lead again in the third quarter by sinking a foul shot. Lee followed Myers with a foul shot, for Farmington, again. Then the score, Deal and Marburger scored the last three points of the first quarter, putting Northville in the lead by the score of 13-9.

Northville Outplays Farmington

Northville showed much improvement during the fourth quarter and the boys remained in perfect control. Their lead was in previous quarters. This season, Harvey Hamilton of Farmington scored Farmington's last point of the game by sinking a foul shot. Hoffman and Bray were the only players to score points during the rest of the quarter, each player making two baskets. As a result of this the Orange and Black led Farmington as the game ended by the score of 21 to 11.

RESERVES ALSO WIN

The second team also defeated its opponents by the score of 20-8. Bishop and Gregory were high point men of the game, each having scored six points. This was the second team's eleventh victory of the season.

The fourth meeting of this young club was held at the home of Mrs. K. C. Schrader Tuesday afternoon with the hosts flying pleasantly over needlework. There are at present 14 members of this sewing circle.

Mr. and Mrs. Blackburn Entertain Quality Club

Another pleasant evening was enjoyed by the members of the Quality club at the home of Mr. and Mrs. C. L. Blackburn Wednesday. A delicious cooperative supper was followed by an evening of bridge.

Mrs. Brian K. Hodges at Breakfast To Southern Friends

An innovation in social events was introduced recently to a large party of her friends at Bayview-Beach Florida, by Mrs. Wm. Hodges. The event was called a "brunch" breakfast and, as can well be guessed by Mrs. Hodges' friends in Northville, the affair was enjoyed by fellow housewives and women from far and near.

Christian Endeavor Group Enjoys Gay Time At Valentine Party

The Christian Endeavor group of the Presbyterian church, under the leadership of Mrs. C. B. Washburne, held its first social evening in the recreation room of the church basement Wednesday evening. The room was attractive with festoons of red hearts. Twenty-seven young folks joined heartily in the games with ice cream and Valentine cookies served at the conclusion of the evening. On Sunday afternoons this group meets for a devotional and study meeting.

Wm. Duguid Is Surprised By Friends On His Birthday

Last Saturday Wm. Duguid was all set for a nice quiet evening at home when the door bell rang at 9 o'clock. Upon answering the door there stood ten friends from Northville and Plymouth who had come to help him celebrate his birthday. After the usual happy birthday wishes, the company enjoyed some lovely music, both vocal and instrumental, from B. D. Stewart. The remainder of the evening was spent playing 500. Mrs. J. Denton winning high honors. A delicious lunch was served, a beautiful pink and white cake being the table centerpiece. Mr. Duguid was the recipient of many lovely gifts.

Methodist Parson and His Wife Are Kept Busy Receiving Guests Sunday

The Methodist parsonage was the scene of an unexpected "open house" Sunday when the family of their friend the late Frank Urch of Flint, were the dinner guests of Dr. and Mrs. H. H. Mallinson. Present were Mrs. Urch and her son, Fred, of Flint, Mr. and Mrs. Louis Wilson, Mr. and Mrs. Harold Judd and children of Jackson, Mr. and Mrs. Wallace Urch of Detroit. Later in the day Mr. and Mrs. Warner Hoeking of Lincoln Park dropped in to show Dr. Mallinson his namesake, young Horace Hoeking. Dr. and Mrs. D. D. Dimond of Flint and a number of other guests from Toledo, Ohio, Farmington and Detroit made up a large party of visitors. Altogether, at the close of the day 31 guests were counted.

Don Bray Is Reminded of Good Will Of Basketball Team

Don Bray, captain of the high school basketball team, and a member of the senior class in school, was pleasantly surprised at his home Saturday evening, Feb. 9. The members of the team, together with their popular coach, Ted Watus, made up a merry party which did full justice to a bountiful supper served by Mrs. Starr Bray, mother of the honoree.

As a token of their good will toward their captain, the boys presented Don with a lovely gift. Later in the evening the team enjoyed a show in Redford, as guests of their host.

Tobogganers Come Out From City To Coast on Cousins' Hill

Proving that Northville has attractions unequalled by the bright lights of the city, Miss Eunice Cousins welcomed a party of about 18 young folks who comprise the office force in the Fisher branch of the Y. M. C. A. of Detroit, at her home on North Auburn street, Tuesday evening. A large toboggan brought out from the city by one of the party, and a number of smaller ones gave the young folks many a thrilling ride down the hills near the Cousins' home.

With appetites whetted sharp by the exercise in the cold, the party arrived at the house in time to enjoy heartily a generous supper with plenty of hot coffee.

Mrs. Chapman's Birthday Celebrated By Party of Friends

Mrs. W. F. Chapman was happily reminded of the arrival of another birthday Saturday evening when a party of friends surprised her at her home on West Dunlap street. An evening of cards was enjoyed together and later the anxiety of hostesses to what she should serve her guests was relieved when a delicious lunch came forth mysteriously from the baskets brought in by them.

Even a large birthday cake with all the candles was a fitting climax to the pleasant evening.

With their host and hostess were present Mr. and Mrs. N. C. Schrader and Mr. and Mrs. J. R. Walker of Northville, and Mr. and Mrs. Fred Laxton, Mr. and Mrs. George Lawler, Miss M. R. Kuanard, Mrs. Annie Fitch, Miss J. W. Wilber, Mr. of Detroit, and Mrs. Florence Roberts of Broad South America, a house guest of Mrs. Chapman.

Mrs. Halsey Surprised by Company In Masquerade Friday

When Mrs. Helen Halsey, superintendent at home of the Maywood sanatorium, answered a knock on her door at her apartment in the Nurses' Home Friday evening, she was surprised to admit a company of masked guests.

Some appeared in flowing evening gowns of the "gay nineties," some in modern "sports" and one "gentleman" was impressive in formal tuxedo.

Each carried a basket, the contents of which were spread in lavish abundance upon the table in the drawing room and Miss Halsey and Miss Green, her assistant, and Mrs. Clara Sharp, superintendent of the Children's ward, were invited to join in the feast.

With laughter over the outlandish costumes and a series of games following, the evening was most informal and enjoyable.

Comprising the group with Miss Halsey, Miss Green and Mrs. Sharp were Mrs. H. S. Willis, and her sister, Mrs. William Davis, of North Carolina, Mrs. H. B. Clark, Mrs. J. N. McLoughlin, Mrs. H. H. Parkers, Mrs. E. S. Beard, Mrs. Wm. H. Yerkes, Mrs. C. C. Yerkes, and Mrs. R. T. Baldwin.

Woman's Union and Auxiliary Meet Together Tuesday Evening

Carrying out an annual custom, the Woman's Union and Nellie Yerkes auxiliary met in joint session at the Presbyterian church house on Tuesday evening. The Union ladies were hostesses to the younger women at dinner and the auxiliary returned the compliment by furnishing a most enjoyable program following. Hearts were matched to choose partners for dinner. The table was dainty with its centerpiece of forgotten-me-nots in low pink bowls, suggesting St. Valentine's day. In a play, "Ways and A Way" the point was carried out that though there are many ways to try to raise money for good causes the only real way is by systematic giving. The play was directed by Mrs. L. M. Eaton and the characters who took their parts unusually well were: Mrs. Percy Angove, the newly elected vice president; Mrs. Merrill Sweet, chairman of dinners and fund sale; Mrs. Robert Coolman, bazaars; Mrs. Vogelin, entertainment; Mrs. Julie Parrant, rummage sale; Mrs. Norman, teas; Mrs. H. G. Whitfield, Christian Stewardship; Mrs. H. B. Clark, finance.

Each organization retired for its own annual meeting when the Woman's Union elected for the coming year: president, Mrs. W. H. Yerkes; vice-president of Industrial work, Miss Jessie Clark; vice-president of Missionary work, Mrs. Ralph Ayres; corresponding secretary, Mrs. C. C. Yerkes; recording secretary,

Mrs. I. W. Linton, treasurer. Mrs. C. M. Chase, secretary of literature. Mrs. E. W. Lester.

The new officers elected by the Nellie Yerkes auxiliary are: president, Mrs. Howard Atwood; vice-president, Mrs. Percy Angove; secretary, Mrs. Cecil Wilcox; treasurer, Mrs. Eural Clark.

FAMILIES TO GATHER AT M. E. CHURCH FOR SOCIAL TIME

A general "family night" with old and young participating in a good time together will be enjoyed at the Methodist church house on Thursday evening, February 21. At this time it is hoped that each family will pack a basket of good things to eat and bring them to spread them in picnic style upon the table, and enjoy a time of pleasant fellowship. The occasion will be made auspicious by the celebration of the thirty-ninth anniversary of the church by the families of faithful service of Charles A. Dolph as teacher of a Sunday school class. Many of the members who were young when this class was started are now parents of young folks of their own. It will be interesting to see the class assembled in their present setting surrounded by their families.

A short and "peppy" program has been planned by the committee of which Mrs. H. A. Boyden, a former member of the class, is chairman. Three members of the class will in talks of three minutes each, review some of the events in "old lang syne." To these Mrs. Dolph will respond.

Rev. William Richards of Belleville, pastor of the church for nine years during Mr. Dolph's teaching, will be among the guests and will be heard in a brief talk.

Dinner will be served at six o'clock sharp and all are urged to be on time.

The committee is anxious that this be a real home-coming for the class members and will be glad for information about the location of the following:

- Hal Rimmel
- James Bartram
- Joe Clark

THOS. J. BRESNAHAN FILES AS CIRCUIT COURT CANDIDATE

Thomas J. Bresnahan, former mayor of River Rouge and a practicing lawyer in Michigan for 30 years, has announced his candidacy for circuit judge on the democratic ticket.

Simultaneously with the announcement of his candidacy, Mr. Bresnahan, prominent in democratic circles in Michigan for many years, received splendid responses of cooperation throughout the county.

His record as a trial lawyer and public official is a splendid one. He has tried law suits in several states besides Michigan and has personally appeared on several occasions in the Supreme Court of the United States. Most of his practice is confined in circuit and federal courts in Michigan.

He served four years as prosecutor of Cass county and in 1910 was the democratic nominee for attorney general of Michigan, but was defeated in the republican landslide of that year. In 1915 he was the democratic nominee of Wayne county for prosecutor, and ran thousands ahead in his field.

He also served six years as mayor of River Rouge and initiated many of the great improvements and developments of that city and the down-river area.

In 1922 he was nominated for governor of Michigan at the Saginaw convention, but later withdrew in favor of William A. Comstock.

Mr. Bresnahan is the first man in River Rouge to run for circuit judge. He asks his friends to remember him for one of the 18 nominations.

RADIO STARS GIVE BIG SHOW AT SAN VALENTINE PARTY

The Valentine party for the patients at the Wm. H. Maybury sanatorium Wednesday evening in the big auditorium was a gay affair with radio stars from stations WJR and WJBK providing the entertainment, and many bright costumes adding to the color of the occasion.

Bob Dennis, radio editor of the Detroit Times, was the master of ceremonies, and was responsible for the presence of the radio entertainers. These included Norman White, well known announcer, Ann Lorenzer, soprano soloist; Rufus and Mandy, comedy team; Andy and Virginia, who are known for their singing of popular ballads; the Silhouettes; John McKenzie; and Tim Daulton and his mountaineers, who provided old-fashioned music.

One of the highlights of the program was the singing of "Ann Lorenzer, who sang "Stay in Your Own Back Yard," in a manner that drew much applause.

A grand march of all, then in costume came later, and with it the awarding of the six prizes for the best girls.

THE DEATH RATE IN NORTHVILLE LOWER THAN IN THE PAST

Northville is becoming a more healthful place in which to live. There has been a substantial decrease in the death-rate in Northville ever since 1926. Charles A. Sessions, one of the town's oldest and most well known citizens, shows in a compiled death-rate of the township of Northville, which includes all the years from 1904 until now. He also displayed a list of seven names of men in the village, all of whom remain of the list of 222 friends that he had forty years ago.

According to his list, there have been 424 deaths in the village since 1904. The list also shows that the death-rate gradually increased from 21 in the period of 1904 to 1908, to 74 in the period from 1924 to 1928, and then took a sharp drop to only 57 in the year 1928 to 1932. The number from 1932 to the present date is 32. He figures his tabulations from the dates of the presidential elections.

Of the above number, 215 were friends of Mr. Sessions, and were included in a list of his friends here 40 years ago. The seven who remain out of that number are William Elliott, Dean P. Griswold, J. S. Kimball, E. N. Perrin, Alozo Sessions, Wilbur H. Stark and David Wilcox.

Why Not Elect an Out-County Lawyer Circuit Judge?

The cities, villages and townships outside of Detroit in Wayne County have a population of nearly half a million people. At present all of the 18 Circuit Judges of Wayne County are Detroiters. On the basis of fair representation, based on population, Detroit should have 12 places, and the rest of the county 6 places on the Circuit bench. There are many lawyers outside of Detroit in Wayne County eminently qualified to sit as Circuit Judges.

Then Why Not Get Representation?

Vote the Democratic ticket at the Primary, March 4th. There are no out-county candidates for Circuit Judge on the Republican ticket.

PANCAKE SUPPER DATE IS CHANGED TO FEBRUARY 27TH

The date for the pancake dinner at the Northville school teachers' union to offer to the public in the high school gym, has been changed from Tuesday, February 26, to Wednesday, February 27. It was announced this week by Mrs. Mildred Zimmerman, chairman of the affair.

She explained that the change had been made after it had been learned that the original date was the same one selected for the Rotary-Exchange dinner.

The pancake dinner is being sponsored by the teachers to secure funds for the P.T. A. free lunch fund for school children. The dinner will be served by the men of the faculty. The time will be from 5:30 to 7 p. m. and the price will be 25 cents.

JOINT MEETING OF LEGION, AUXILIARY IS HELD TUESDAY

The Lloyd H. Green post of the American Legion and the Ladies auxiliary held a joint meeting and pot-luck dinner Tuesday evening at the Legion home on Main street.

It was an informal affair, the entertainment after the meeting consisting of some simple games planned by the women of the auxiliary. A total of about 75 were present.

The regular meeting of the Legion will be held Tuesday evening, February 26, at the Legion home.

The Family Altar

What! A big "heartless" city daily recommending the return of the old custom of daily family devotions as the panacea for present conditions? It does not really sound possible, and yet this is the editorial of a city newspaper a long way from a Sunday school paper.

National Cherry Week

FEBRUARY is famous for many things. Among them are National Cherry Week. Cheer for cherries then, and serve these good dishes which an expert dietitian has devised for the nation's happiness.

Some Stew

If you have people with big appetites to cook for, and have much time to prepare things, don't get in a stew. Stay out of it. You can do better on the outside, just stirring it occasionally, for it is a simple matter if you have the proper canned ingredients. Here are some excellent stews for cold days.
