Litsenberger and Bloom Are Seeking Votes Here For Treasurer

Village voters will go to the polls March 9 to elect a president, clerk, treasurer, assessor and two commissioners. All of these officials are to serve two years, with the exception of the commissioners who are elected for four-year terms.

Dr. H. H. Burkart, village president, is seeking re-election. While in office he has used his influence to favor the construction of the reservoir with WPA aid and the community building project which is pending.

Commissioner Merrill S. Sweet, who has had a seat on the council for the past eight years, will not consider re-election. Commissioner John W. Perkins is asking for election. He has been a member of the council for two years. E. M. Bogart is seeking election to the council board.

Harold Bloom has circulated a petition for treasurer, running against John Litsenberger who has had the office for six years.

As yet the only petition for clerk has been filed by Mrs. Mary Alexander, who has been acting clerk for the past two years.

Charles L. Blackburn, who has had one term as assessor, has no competition running against him for the office at this time.

It is rumored that a number of petitions will be filed before the deadline, Feb. 29, for election to the council. It is not expected that the village presidency will be contested.

Voting will begin at 8 a.m. and continue through until 8 p.m. The first precinct will vote in the Village Hall. Residents of the second precinct will vote at 103 S Center under Gursell's Drug store.

TWO DAYS AFTER SAILING DEATH CLAIMS JOHNSON

Frank R. Johnson, brother-in-law of Phil H. Granahan, owner of Johnson's Rustic Tavern at Houghton Lake and president of the Michigan chapter of the Hotel Greeters of America, died Friday on board the Swedish-American liner Kungsholm, two days after he sailed from New York on a West Indies cruise. He was 54 years old.

According to word received here, burial services will be held March 10 in Detroit. He is to be buried in Grandlawn cemetery where Mrs. Granahan is buried.

With Mr. Johnson on the cruise were Phil H. Grennan, Mrs. Evelyn Granahan Gauger, Charles A. Bray and William D. McCullough, all of Detroit.

Johnson was well known in hotel circles. He was vice-president of the Michigan Hotel Association and a director of the East Michigan Tourist and Resort Association. He established his resort at Houghton Lake, consisting of the tavern and a large number of cottages on a 1,500-acre tract, nearly 10 years ago. Previously he was with the Granahan bakers.

He is survived by his widow, a son, Earl of Chicago, and his father, Royal Johnson of Detroit.

WAR PICTURES SHOW SCENES OF HORROR

Two World War veterans took part in an Americanism program held Friday afternoon for the high school students in the auditorium. Following a talk made by Lynn Allen, war pictures were shown.

The pictures were taken during active fighting in France. These scenes, showing the horrors and futility of war, have been shown to 100 groups of students throughout the country as a part of the American Legion education against war.

This program was obtained through the cooperation of Dick H. Alexander of Plymouth.

CIVIC GROUP VOTES FUNDS FOR FOUNTAIN

Village Leaders To Retain Officers Elected Last Fall

Repairs to the drinking fountain at the corner of Center and Main streets was authorized by the Northville Civic Association Monday night in a meeting at the Record office. The fountain has for some time been considered unsanitary. The village health officer, Dr. William H. Johnston, has felt that something should be done to make the fountain thoroughly sanitary. Dr. Johnston, who is a member of the association was authorized to proceed with the improvement and funds were voted from the association treasury.

Ex-service men may select articles of furniture from the Schrader stock rooms, have them delivered immediately and pay for them when the bonus checks arrive next summer.

They are as follows: Chairman, Dr. L. W. Snow; Vice chairman, Orton G. Owen; secretary, Jack Trabie, treasurer, M. C. Gursell.

Dr. H. H. Burkart was accepted into membership which totals 20.

DRESSES MODELED BY FRESHMEN GIRLS AT P.T.A. MEETING

Dr. H. S. Willis Reports On Tuberculin Test Results In Michigan

A fashion show given by the freshman high school sewing class was a feature of the Founders day program of the P. T. A. Thursday night, Feb. 20 in the high school gymnasium. Eighteen freshman girls modelled dresses they had made under the instruction of Mrs. Claude M. Zimmerman. The cost range of the garments was from \$6 to \$20.

Dr. H. S. Willis, superintendent of the William H. Maybury sanatorium, spoke briefly of the tuberculin tests that are being made generally in the public schools. The tuberculin test was first made by Koch in 1890. To many, Dr. Koch's test was hailed as a great discovery in the field of tuberculosis care and people flocked to Berlin by the hundreds.

Dr. Bruce H. Douglas, who is well known in Northville, is the president of the Michigan Tuberculosis Association, which is sponsoring and underwriting the tuberculin tests in the Michigan schools. It is stated that of the large number of school tests that were given last year only 17.9 per cent of the children reacted.

Dr. Willis commented that whereas tuberculosis had previously been responsible for great numbers of deaths it is now ranked seventh among causes of death. There was a 25 per cent decrease in the tuberculosis deaths during the year 1935 in Michigan.

The Beerless garden, a trio composed of Ralph Bogart, Charles Straat and Cecil Giles entertained with several vocal numbers. Nancy McLochlin gave readings in a creditable manner.

A birthday cake, baked by Mrs. Ray J. Casterline, further commemorated the thirty-ninth anniversary of the P. T. A. movement. Mrs. C. B. Washburne, president of the Northville P. T. A., presided.

WHAT TO DO?

A few days ago a tramp knocked at the kitchen door, a young fellow, sallow complexioned and dilapidated, asking for food.

In the front window hung a wreath of Christmas holly—emblem of the holiday spirit of "good will to man." Yet the "tramp" was informed that we had nothing for him to eat on that winter morning.

A few days before the family had given food to another "tramp," no less needy, perhaps, than the fellow who now stood at the door and asked for a hand-out.

No member of the family begrimed the young tramp some food. Food could have been found that would have satisfied a hungry young man—but we turned him down. Just why, when other tramps had been fed—and still other tramps had been turned down?

The reason was this. The family did not wish to encourage shiflessness—and "thumping and bumping" by making it easy for the lazy fellow to avoid honest effort and work. On other occasions the tramp had been given food—because he appeared to be hungry and the family felt he needed food.

All of which indicates that the tramp problem is unsolved in the average American home. We do not know whether we are encouraging vagrancy—or meeting in our natural desire to help those who may be in need. At times there have been public camps, cared for by public funds, where the unfortunate were cared for. If such institutions still exist it would seem to be ill-advised to root out "tramps" and thus encourage more general vagrancy. The writer plans to inquire of the best possible authority in Indiana to determine whether we should feed tramps or should not do so in the interest of his citizenship. We will let our readers know the opinion of the best informed so that the charity of the average family may be more intelligently extended.

HORSE AND BUGGY" SAFETY

The presidential warning to the Congress in his annual message, regarding the animosities of Europe, and above the bitter and long-seated hatreds that even now are surging throughout that continent, are sad—but not news to the members of Congress nor to the American people. These views were expressed in the United States Senate chamber by stalwart and thoughtful Americans at the time that former President Woodrow Wilson was urging that the United States join with Europe in the League of Nations. Time has now indicated how sound was the warning of those who opposed the admonition of the last Democratic president, when he urged this nation to forsake the "horse and buggy" hope of Washington that we remain out of foreign entanglements.

THE "MARCHERS"

This week we see in the paper a picture of a University of Kansas senior who is to lead a "hunger march" at the capital city of Topeka in the near future, in protest against unemployment. If this young senior would jerk off his spectacles and slip into some overalls and lead a "helping march" out into the Kansas farm section—offering to help the Kansas farmers milk the cows, "swill" the pigs, haul the manure and offering to help in the other thousand and one farm chores that keep the Kansas farmer busy and make it possible for the state to produce large crops—it is a pretty safe bet that the marchers would not be permitted to starve by the farmers of the Sunflower state whose fathers broke the "gumbo" soil a generation ago.

You have usually noticed that the "hunger marchers" and the "bonus marchers" and the like have been the individuals that have been shy and modest when the good old hard-working jobs were available for them in the days when jobs were pretty plentiful.

"SHAM" BUDGET BALANCING

The Federal debt will reach its greatest point in history at the close of this fiscal year on June 30, 1936.

Yet President Roosevelt smiles and attempts to justify the money-spending spree of Congress and his administration. His budget message of Monday so provoked the sense of public honesty of statement, that Congressman Taber, Republican ranking member of the House appropriations committee, called it "a fraud upon the people."

"It is absolutely impossible to tell anything about the expenditures proposed by the President for 1937," declared Taber, "because there has been no allowance made

for work relief. That the administration intends to make very large expenditures for relief and work has been shown by the statements of Secretary of the Interior Ickes and Works Progress Administrator Harry Hopkins.

"This budget has been made not with the idea of protecting the treasury of the United States but with the idea of providing jobs for the faithful."

The "presidential pretext" of producing a balanced budget, Taber asserted, was a "mere sham."

Homemaker's Corner

MRS. EDITOR

Life With Father

which our family enjoyed reading together.

Mrs. Lawrence Towe, wife of the editor of the Jonesville Independent, makes an interesting comment on the book "Life With Father."

These cold wintry days have been inductive to one thing. After the house gets good and warm, about the pleasantest thing that one can

do is curl up in a big chair, have an apple or two to munch on, and read a good book.

I just finished one of the outstanding non-fiction books of the year last Saturday. It is Clarence Day's "Life With Father," and incidentally it is the Jonesville Library, where I had the good fortune to get it. I would heartily recommend it to anyone who is down in the dumps because of this prolonged cold weather. It will make you forget the blues. It is a book that can be picked up and read at any time for it is a series of short sketches which present a profusion of human personality. Father's homely sayings and roaring will give you many a chuckle.

What a father!

He was hot-headed, stubborn, selfish, lovable, tyrannical, practical and even profane at times. He had absolutely no regard for people who did not share his point of view. He did not care how much he hurt a person at times, in fact, he felt that people should be grateful to him for teaching them to be better. Then the next minute he would be the kindest person one could wish for.

When people annoyed him, he snorted like a bull. Sometimes when he was on the street car, he would look over its occupants and if a man happened to have a necktie

he would glare at him as though he deserved to be hanged.

One chapter in particular was pathetic, but so characteristic of parents that it caused me to wish my children learn to play some instrument. Poor little Clarence was made to learn the violin, in spite of all the teacher and the neighbors had to say. It was an impossible task and only a summer vacation saved the situation.

Then, in another sketch, father attempted to make mother keep an accurate account of the household expenditures. He is frugal about some things, one minute; and in the next insists on mother going to Egypt for a vacation trip. Poor mother! How she bears up under it all, but you get a good laugh out of it, for she knows how to handle him in spite of the fact that he pounds the floor when his steaks are not right, insists upon opening his sons' love letters, and reading them aloud at the table. Mother never knew it.

Father serving on a button and getting a new cook when mother is ill would chase anyone's blues away.

The book ends with father, nearly 80, announcing that he does not intend to be buried with that infernal crowd, meaning the rest of the family, but that he is planning to buy a corner lot. When asked why he intended doing such a thing he replied, "I can get out if I want to." And mother believes that he could almost do it.

Anybody who overlooks this book is passing up a pleasant experience.

The FAMILY ROMANCE

BY MRS. J. E. WARNER

Social Consultant

Dear Sirs: Warner—Our problem seems a silly thing to write about but it means a great deal to us. My husband is 65 and I am 61 years old. We have a lovely old home in the country near a little community which has suddenly become popular. Several of the oldest houses have been sold for really good prices.

We have remained here because we were born here. My husband was born on the place though not in this house but he brought my mother here as a bride many, many years ago. It was his wish that the old home be kept in the family. I am the last one of my children. No

one of our young people is ever going to want to settle here. They have married and scattered.

They like this place to come here to during vacations and on holidays. The rest of the year we live here alone with very little income. If we accept the offer which has been made to us there is the possibility of our being able to get a model home which is being built in a neighboring community. These houses have everything right up to the minute. Houses keeping in one of these will be compared to this old six house which is inconveniently arranged and not fully equipped with new devices for saving labor, nor will understand how it is. Our good sense tells us to sell, take one of these new houses and live comfortably the rest of our days in annuities the money for this place will bring our hearts to stay. What would you do?

WAKE UP YOUR LIVER BILE—

Without Cabs—And You'll Jump Out of Bed in the Morning Ready to Go.

The liver should pour out two pounds of bile every day. If you take it off the liver will not function well. It just increases in the blood. Gas builds up your stomach. You get constipated. Your whole body is tired and you feel worn out all the time.

Tablets are only make-shifts. A mere bowel movement does not get at the cause. It takes a good old Cabs' little Liver Tonic to do that. It is the only liver tonic that has been recommended by the leading medical men in the country.

Take one tablet twice daily. It is the only liver tonic that has been recommended by the leading medical men in the country.

BEAUTY PARLOR AND HOME DESTROYED BY FIRE

A combined house and beauty parlor, valued at \$5,000, part of the contents, and \$300 in cash were destroyed by flames which started on the roof of the building on the Fourteen Mile road, two miles east of Walled Lake, at 9:30 a.m. Friday. The house belonged to Mr. and Mrs. Clyde Angel who had their daughter, Evelyn, and Mrs. Angel's parents, Mr. and Mrs. George Welfare, with them. Mrs. Angel discovered the fire.

The Walled Lake fire department responded to the call and later called the Novi department. The furniture and beauty parlor equipment from the downstairs rooms were saved but every thing upstairs, including \$300 in cash which was in a cedar chest, was lost. The loss was covered by insurance.

FROST NIPS FIREMEN'S FINGERS AND EARS

The Walled Lake department was called to a cottage fire on Sodus Lake in White Lake township, owned by E. J. Vigneau Saturday night.

Three of the Walled Lake firemen suffered frozen fingers and ears from the exposure while riding on the open truck. They were James Heilker, Julius Nelson and Melville Sundberg. The fire was caused by an overheated stove and was under control before the department arrived.

Capt. A. G. This will give additional protection to the two areas.

BEHIND THE SCENES Want Ads

I have seen the whole course of a family's life changed by a little want-ad.

It happens every day. A farmer, we'll say, is attracted by a FOR RENT Classified in the Northville Record. He rents the farm and the family moves to a new locality—new friends—new influences. Lives are changed.

There's a tremendous power in the WANT-ADS when you stop to think of it.

Are you reading this department every week? You should!

If a woman pays the price of her remorse and suffering has won the right to love and happiness again?

An actress' conflict between stern

morality and fornication becomes a living issue again in the dramatic conflict of "Way Down East," which comes Friday and Saturday to the Penniman-Alen

Adapted from the play which through years has grown to the

heights of American greatest melodrama, the picture stars Rock Hudson and Henry Fonda, with

Elspeth Haidar, Edward Trevor, Margaret Hamilton and Andy Devine in the chief supporting roles.

A statistically minded freshman from the University of California at Los Angeles crew estimated that fifteen colleagues with Warren Hill rowed two shells to Catalina Island and back for race scenes in the Warner Bros. picture "Freshman Love" which comes to the Penniman Theatre on Wednesday. This is approximately 100 miles.

Not that they actually made the trip. The distance was all covered in the scheduled waters of the Long Beach Marine Stadium. Two crews, one for "Billings" and the other for "Chase" with Hill straining at his car as struts for the former "school" rowed up and down the channel many times before Director Williams McGann was satisfied that he had packed every thrill possible into the race.

"This business of being an actor," one of the collegians said, turning to him, "is tiring. When we row a race, it's all done at the finish line. For movies, you have to do it all over time and again."

"Freshman Love" is a rollicking story of campus life and live with a talented cast which includes Bill Frank McHugh, Patricia Ellis, Joe Cawthon, George E. Stone, Mary Treen and Henry O'Neill. The screen play is by Earl Felton and George Bricker, based on a story idea by George Ade. Music is by M. K. Jerome with lyrics by Jack Scholl and Joan Jaslyn.

NOTICE!

The unprecedented cold weather prevailing throughout the northern part of the United States has created an unnatural situation in connection with normal ground freezing. This situation, entirely beyond the control of the Company, may affect some gas lines because of the record depth to which frost is penetrating the ground in certain localities.

We say "it may"—we don't know, because a happening of this sort is controlled entirely by the elements and cannot be foreseen. Because instances have arisen where frost has caused leaks in gas lines—we issue this word of warning as a precaution.

If you should have any suspicion of the odor of gas in your home or place of business, do two things:

1 VENTILATE THE PREMISES AT ONCE.
