NORTHVILLE LOSES SITE TO DEARBORN

Large Veterans' Hospital To Be Erected Near Ford Estate

With the announcement this week through Col. E. A. Tripp, who is in charge of the veterans hospital construction, that members of the veteran administration were in favor of having the hospital located on a 38-acre triangular site at Southfield road and Snow avenue, Northville was definitely eliminated as a possible site for the building.

Last November Northville submitted a price estimate on the Richardson farm on Center street which is held with an undivided ownership by the bank and a Detroit real estate company.

Until the selection of the site offered by the Ford estate, the village was in the running along with Detroit, Pontiac and Mt. Clemens.

If the necessary sewage facilities can be provided, the new \$1,500,000 hospital will be located just over the line in Dearborn township, outside of the city. The council investigating the cost of the sewage, has found that it would cost \$200,000 for a combination storm and regular sewer. City officials believe that such an institution would be an asset to the city and would not only provide jobs during its construction but employ hundreds of persons regularly. They state that sooner or later the city will have to construct the sewer in question to meet the needs of residents in that section which has been growing rapidly.

Fred Beard, village welfare director of the state, told council members that Dearborn was the logical place for the institution since it was within easy reach of Detroit and was traversed by highways leading from the principal sections of the district which the hospital is to serve. The district office of the administration and to be located in the proposed 350-bed hospital. It is expected that construction will be started this summer.

ROTARIANS HEAR OF CUSTOMS OF CLUBS VISITED BY CLARK

Rigged out in cowboy attire, Harry B. Clark, recently back from a trip with Mrs. Clark to the Pacific coast, told Northville Rotarians and guests Tuesday something of his visit to Rotary clubs in the West. The speaker's account of his experiences matched his picturesque dress.

Of the nine clubs that he attended, the one at Tia Juana, Mexico, proved to be most interesting, said Mr. Clark. In the group there, only two could speak English and Mr. Clark was greeted in Spanish fashion—the person being introduced would put each cheek up in succession, next to the visitor's cheek, and then would slap him on the hips, thus having been done in earlier times to determine whether guests were being carried on the hips. During the course of the meal, Mexican musicians stood back of Mr. Clark and gave him a romantic serenade. At the Rotary meeting at Los Angeles there were over 80 in attendance.

At the close of the meeting Gerald Trotter, a representative of the student council of the high school who has been a guest of the club for the meetings of the past month, expressed his appreciation of the friendship that the Rotarians have shown him. He introduced Charles Strautz, who will be the guest of the club for the coming month.

Dr. H. S. Willis presented details of the play, "Where the Tree Falls," which will be given here next Monday evening, May 18, for the benefit of the student loan fund. During the present school year the club has given aid to seven Northville young people who are away at college.

President E. H. Lapham was in charge of the meeting and guests were: A. B. Cook of Ionia, state supervisor of fish hatcheries, Floyd Exeles of Plymouth and E. Z. Brown of Ann Arbor.

EXECUTIVE BOARD NAMED TO GOVERN SCOUT ACTIVITIES

Work started Wednesday on the unfinished Scout building which has been at a stand still for several months, awaiting definite action from the WPA.

The executive group which will control the use of the building upon its completion is composed of the following:

- Village President—Dr. H. H. Burkart
- Councilman—Floyd A. Shafer
- Township Supervisor—W. A. Ely
- Superintendent of Schools—R. H. American
- American Legion Commander—Ray A. Altenberg
- Scout Executive—Orlow G. Owen
- Scout Committeeman—Harold White

METHODISTS PLAN ANNIVERSARY FOR EARLY FALL EVENT

Substantial Improvements to Be Made on Church in Summer Months

Next September will mark the fiftieth anniversary of the building of the present Methodist church and the congregation will celebrate the unusual event in a double fashion. There will be a formal program carried out, marking the historic occasion and prior to the days of observance, a number of substantial improvements will be made in the church and possibly in the church house.

At a meeting of the official board held Thursday evening, April 30, at the home of Mr. and Mrs. Richard T. Baldwin, unanimous approval was given to the project to observe the half-century anniversary. In January of 1935, the centennial of the founding of the church society was observed and the celebration of next fall will mark the fiftieth birthday of the brick structure in which the congregation worships. Rarely do two such important anniversaries follow each other so closely.

The pastor of the church, the Rev. Harry J. Lord, presided at last week's official meeting and after a general discussion it was authorized that such improvements be made to the church as will be provided through efforts of various organizations. Repairing of the roof, redecoration of the walls, providing of new carpet and enlargement of the choir loft, are among the possible items of improvement that will be considered.

YOUNG McLOUGHLIN ATTEND DERBY RACES AT CHURCHILL DOWNS

Jack and Nancy McLoughlin realized the dream of years Saturday when they saw the Kentucky derby in Louisville. Both are known for their skill in horsemanship, having taken many blue ribbons in the Northville Wayne County fair. They describe the scene as most thrilling with the most beautiful horses in the world racing, the colorful crowds and, most impressive of all, the spirited manner in which the throngs of southerners joined in "My Old Kentucky Home." Jack and Nancy were guests Friday and Saturday nights at the parish home of their uncle, the Rev. Fr. Amos McLoughlin in Washington, Ind. Fr. McLoughlin accompanied them to the races. A formal dinner at French Lick was a gala event of the trip.

Save on Your Subscription

For one week, beginning next Monday, we will make a special inducement to all our subscribers who will pay the amounts due on their subscription accounts. For each dollar paid on subscription, we will credit the account to the amount of \$1.50. This means that if you pay one dollar on account we will credit you with a full year's subscription, making a net saving to you of 50 cents for each year paid.

This special offer is open to all subscribers alike—new as well as old—and we trust many will avail themselves of the opportunity of bringing their accounts at least up-to-date.

We have said but little regarding subscription accounts for the past few years, because we felt that all were bearing a pretty heavy burden in trying to meet every day expenses. But we have reached a time when we must realize something from our subscription accounts and we ask all our subscribers to assist us in this matter. Your assistance will be greatly appreciated.

BEGIN ANNUAL CLEAN UP WEEK IN NORTHVILLE

Village Trucks Will Carry Off Rubbish Placed In Containers at Curbs

The slogan chosen for Northville's annual clean-up week this year, which begins May 11, is "Pick up, rake up, clean up, paint up." All residents of the village—property owners and renters—are urged to cooperate in this movement to make the town clean for the long summer months to follow. Beginning Monday everybody is requested to join in the task of making Northville clean. Rubbish must be placed in containers at the curb by Tuesday morning, when the village trucks will be used to cart away the winter's accumulation. No ashes will be hauled, but all other rubbish about the premises will be taken in placed at the curbs. It is the desire of those who are sponsoring the movement to have all yards and alleys given a thorough cleaning this year, so that there will be no unsightly or unhealthy spots about town.

This task can be done well and thoroughly if everyone will do his part. There will be no repeat calls for rubbish. Everyone is asked to have his containers at the curb on Tuesday when workmen will start carrying them away. It will require four or five days to do the job well and that is the kind of a job that is contemplated this year.

PORRITT IS GUEST AT EXCHANGE CLUB

The meeting of the Northville Exchange club on Wednesday noon was attended by upwards of 50 men, the special occasion being a visit by a representative of the State Highway Commission. The members of the Farmington Exchange club and the Northville Rotary club were invited. Commissioner Van Wagner was expected, but he could not come and Chas. S. Porritt, director of the land and local department of the commission, came instead. Other members of the commission, who were present at the meeting were E. M. Buckley, chief clerk and H. P. Zumbstein, district engineer of Plymouth.

Mr. Porritt was introduced by the club president, Dr. D. A. Brief. He gave an interesting talk reviewing the progress of the highway movement in Michigan. There are now about 9000 miles of state highway under the supervision of the commission, including hard surface and gravel roads. The gas tax produced \$20,000,000 during 1935, and of this amount \$20,000,000 is returned to the several counties of the state. Four million goes to widening projects in Wayne county, and care and upkeep of the whole system takes a considerable sum, leaving only about \$15,000,000 for new construction.

During the past two or three years the federal government has contributed liberally toward the highway program and other grants are expected. The speaker told of two or three contemplated trunk line highways connecting the southern portion of the state with the northern part and the east side with the west side.

JOHNSTON IS NAMED NEW HEALTH OFFICER BY TOWNSHIP BOARD

Dr. Wilbur H. Johnston was appointed health officer for the township of Northville at a regular monthly meeting of the board which was held Tuesday. Dr. Johnston's duties began immediately. He succeeds Dr. Paul N. Lovewell, who did not want to be re-appointed to the position. Dr. Johnston has just completed three successive terms as health officer for the village. Previous to his services for the village, he was health officer for the township for a three-year period, more than 12 years ago.

School Money Assured PWA Approves Project Vote New Bond Issue

Board Calls Special Meeting Next Monday Evening To Rescind Action Taken At Polls Last November

A wire received this week from the PWA office at Washington authorized the members of the school board to proceed with plans for the proposed new grade school building. Although the wire has not been formally affirmed, it approved a government grant of \$42,954 and a loan of \$27,000 on a bond issue.

This offer from the PWA office was based on a petition from the board of education for funds to build a \$95,000 structure. At the time the papers were filled out here, board members had estimated that the fire insurance would only total \$25,500. The fire insurance company has since settled for \$30,000.

At a special meeting of the voters of the district which is being called at 7:45 p. m. Monday, May 11, qualified voters will be asked to rescind the \$15,000 bond issue which was voted last November. According to Attorney George Stalker, these bonds have not been issued and there is no need for them now. Instead, the voters will be asked to authorize the board to issue general obligation bonds totaling \$77,000. These bonds are to be dated March 6, 1936, to be in denomination of \$500 and \$1,000 to bear interest at the rate of four percent per annum, payable semi-annually on March 1 and September 1 in each year until maturity and to mature on March 1 in years and amounts as follows:

1938 to 1944, both inclusive	\$ 500.00
1945 to 1957, both inclusive	1,000.00
1958 to 1964, both inclusive	1,500.00

This \$77,000 bond issue, together with the government grant of \$42,954, (Continued on page 8)

The ninety-second annual meeting of the American Psychiatric association is being held in St. Louis from May 4 to 8, inclusive. Dr. Haskell, as chairman of the section on Mental Deficiency which was created for the first time last year, presided at the sessions of this section yesterday and today.

Dr. Wilbur H. Johnston was appointed health officer for the township of Northville at a regular monthly meeting of the board which was held Tuesday. Dr. Johnston's duties began immediately. He succeeds Dr. Paul N. Lovewell, who did not want to be re-appointed to the position. Dr. Johnston has just completed three successive terms as health officer for the village. Previous to his services for the village, he was health officer for the township for a three-year period, more than 12 years ago.

OWEN EMMONS IS ASKED TO MAKE ADDRESS

Parents and Teachers Will Hear Speech By Detroit Youth Worker

Owen Emmons, principal of the Cooley high school in Detroit, will be the speaker at the Parent Teachers' association to be held May 14 in the high school gymnasium. Parents in Northville are especially fortunate to be able to hear Mr. Emmons who is an authority on youth problems. He is not only the father of boys and girls but is principal of a school of 3,000 students whose hero he is. Upon the throngs who have passed through Cooley high he has exercised a paternal interest and has left a lasting impression upon their lives.

For a number of years Mr. Emmons has had charge of a large boys' camp, Camp Algonquin, in northern Michigan. He is a lover of boys and will be remembered by many as having addressed a Father and Son banquet in Northville a few years ago.

The subject of Mr. Emmons' talk at the P. T. A. will be "The Social Life of the High School Student." Not only parents but the general public will be welcome to attend this meeting.

STARK RELEASES FEDERAL WARNING

At a meeting of the D. J. Stark reported from the west that people are constantly being misinformed concerning the civil service courses. Examination and the way these positions are obtained. The United States Civil Service Commission sent a letter this week, asking that the existing information be kept up to date by representatives of some of the correctional schools which will still have courses. Miss Mrs. Stark.

For a long time the commission has been receiving complaints from different parts of the country which indicate that opportunities for obtaining federal employment have been greatly curtailed. It was made clear that no school was an connecting link between the Civil Service Commission and any other branch of the government, and also that the commission has no agents who solicit applications for civil service positions or who sell "civil service" courses.

Robert Sedon Wrecks Car
Robert Sedon suffered slight head injuries resulting from a car accident early Sunday morning. Mr. Sedon, driving Harry Sedon's new Ford coach, attempted to pass a car a mile west of Salem and rammed into a tree at the side of the road. The car was completely wrecked.

C. A. McCullough and Mrs. James A. Huff have been appointed by members of the village council to act on the board of review.

Rotarians Bring Ann Arbor Theatre Players to Village to Raise Funds To Continue Student Aid Project

On Monday evening, May 18, the people of this section will be afforded an unusual dramatic treat, when the Civic Amateur theatre players of Ann Arbor will present "Where the Tree Falls." A folk tragedy in three scenes, at the high school auditorium. This company is coming to Northville under the auspices of the Northville Rotary club and the proceeds of the entertainment will be placed in the student loan fund, established some time ago for the purpose of assisting Northville students who are ambitious to attend college or university after graduating from the local high school. Since the establishment of the fund, seven very worthy students have been assisted and it is the desire of the sponsors of the fund to replenish their treasury so that others may be helped this fall.

VILLAGERS COME BEFORE COUNCIL TO MAKE REQUESTS

Two villagers appeared before members of the council Monday evening at the Village Hall—one to make a request, the other to voice a complaint.

John J. Norton asked councilmen to approve his permit for dancing in his tavern, 438 Plymouth avenue. The commissioners voted to grant the license, with Commissioner George A. Hicks being the only member voting against the request. William Matheson, asked councilmen why he was being "discriminated against." He claimed that gravel was put in the roadway in front of other homes in his section of the village, and that his place was overlooked.

After hearing Mr. Matheson's complaint, commissioners agreed that if more gravel was needed at his place, it would be put there.

CAR CRASH RESULTS IN SERIOUS INJURY TO MEDICAL SENIOR

Accident Occurred After Midnight Friday Near Rud's Inn

An accident which occurred shortly after midnight Friday on the Northville-Plymouth road near Rud's Inn, necessitated the amputation of Miss Jean E. Hoover's right foot. Miss Hoover, 21, is a University of Michigan senior medical student from Conneville, Pa. She was riding with three University hospital interns, Doctor G. W. Balyeat, 24, driver of the car, Charles J. Smith, 25, and Francis McCarty, 24.

At the time of the accident, they were driving south into Northville. According to Harry Leifer, Wayne county deputy sheriff, their car was side-swiped by a Ford sedan driven by Fred Fisher, 21, 365 South Main street, Plymouth. Leifer reports that the doctor's right arm had been broken. Pending Dr. Balyeat's decision of whether to operate, the doctor is being kept in the hospital. The car is being held by the Wayne county sheriff's office.

The car driven by the Ann Arbor doctor was taken to Roy Van Allen's garage. Examination of the wreck disclosed that the side of the chassis, knocked in place, evidence of being rammed from the side rather than straight ahead. It is believed that the car was not in the side as it pulled out from the drive of Rud's Inn. First aid was given to Dr. McCarty and Mrs. Hoover, a University hospital intern, after the accident and the injured were rushed from here to the University hospital where Mrs. Hoover's foot was amputated. The doctors with whom she was riding were not seriously injured. Dr. Balyeat suffered slight bruises, Dr. McCarty's scalp was lacerated while Dr. Stryke was unscathed.

COUNCIL VOTES TO END DOUBLE PARKING HERE

Chief Safford Is Instructed To Issue Tickets to All Offenders

In order to clear the streets of congestion and lessen the danger of serious accidents, members of the village council passed a traffic regulation Monday evening, making it a violation to double park in the village. This regulation becomes effective Saturday, May 9.

Chief of Police Wm. H. Safford was instructed by councilmen to give warnings to first offenders during the period ending May 23. After that date anyone violating the regulation will be given a ticket by the chief or his assistants on duty.

It was the opinion of Commissioner Wm. T. Gregory, that the council should make it as convenient as possible for people to stop here. "Waiting shoppers think nothing of waiting six blocks from a parking lot to stop. But here we can't get anyone to use the parking lot on Center street and leave the streets free for through traffic," he said.

Merchants themselves park their cars in front of their places of business all day long and thus use the parking space in the business district which should be left for the convenience of shoppers," commented Commissioner George A. Hicks.

Hicks further stated that it would undoubtedly aid Northville's traffic problem if two feet were cut off the sidewalks on both sides of Main street.

Dr. H. H. Burkart expressed himself as being in favor of referring the matter of widening the road to the Wayne County Road Commission. It may be possible for us to work together on this task," he stated.

Commissioner Floyd G. Shafer, who was the first one to voice an objection Monday evening to the way double parking was allowed in the village, was the only commissioner to vote against the regulation to end double parking. Commissioner Elmer Perrin, who left the meeting early, voted present absent.

MUSIC IS STRESSED THIS YEAR IN RURAL SCHOOLS OF COUNTY

Six music festivals have been announced to close the school year for the county. This year Wayne County offers to the rural schools a definite music program through the cooperation of the Department of Music at Wayne University.

Festivals were held in the northern division Monday and Thursday evening this week at the Wayne County Training school auditorium.

All of the festivals will start at 7:30 p. m. in the following districts:

GENERAL DIVISION
May 13—Forsyth high school auditorium, Forsyth

SOUTHERN DIVISION
May 11—Bellefonte high school and tortum, Bellefonte

May 14—Wyandotte high school auditorium Wyandotte.

FRIENDS OF CHARLES HILLS, son of Mr. and Mrs. Chas. Hills, who left Northville for their farm home near Howell, will be interested to know that he has continued to keep up his long record which he made in the local school.

Charles represented his school in the ninth grade declaration contest held in Rochester. In addition to his school work he plays the clarinet in the band and is active in school athletics.

Mrs. Charlotte Hargrave, mother of Mrs. Fred Green, died at the home of her daughter early Wednesday morning. Funeral services will be held Saturday at Caro.

The Northville Civic association is sponsoring a boxing match May 23, in the high school gymnasium. The proceeds will be given to the Athletic club.

RE-ELECT ROOSEVELT

Occasionally we run into a student of our national government who thinks that republicans should join with the democrats in the re-election of President Roosevelt.

Present indications point to the election of Mr. Roosevelt. He is not to be envied. It should not be so, but it is quite within the realm of possibilities that he will leave the White House—if he is re-elected—as disappointed and crushed a man as Herbert Hoover.

NOW WATCH THEM FIGHT

The Detroit Tigers' pennant possibilities are not so rosy. Hank Greenberg has a broken wrist and Mickey Cochrane has been out with injuries.

To win a third consecutive American League championship is very hard. Yet we do not join the doubters who think that Detroit's bad luck puts them out of the running.

THE LOST ART OF WALKING

Presumably there would be smaller doctor bills in many Northville homes if we should go back to the ancient art of walking. We have gotten so dependent upon our good friend, the automobile, that it is treason to walk more than a block or two.

The other evening a man put his wife in the family car and drove three blocks to the home of a friend. He got to talking about the days when everyone walked and no one rode.

Aside from the people on the sidewalks in the business section, how many people do you see walking on our streets or country roads? He who rides all the time is robbing himself of a great heritage in the association with the great outdoors.

HAPPINESS IN THE SIMPLE LIFE

"Some of them worked for only a dollar and a half a day yet these men were the best citizens of Northville. They lived simply and saved money; many of them started buying their own homes and put their roots down deep in the community life.

A Northville "old timer" said this to us as he told us of the men who worked here years ago for the furniture factory. It was refreshing to hear this story of the rugged but fine living of these men of half a century ago.

Some of the finest folks we know are those who can be happy with a good book, a pile of apples by the fireplace and a walk in the woods—you can almost count the "walkers" in Northville on the fingers of your hands.

THE CRUELTY OF THE TOWNSEND PLAN

Whenever we think of the Townsend pension plan to give everyone over 60 years of age, \$200 a month, we think of the cruelty that has been imposed upon thousands of trusting old people.

The action of the Townsend followers at the public hearings the past two weeks shows how bitter is the realization that now must be coming to them, that the dream of getting all this promised money cannot come true.

away, saying as she did so, "Don't make a fool of yourself."

An impartial reading of the hearings that have been going on shows that many of the organizers in the Townsend movement knew very well that the pension plan of \$200 a month could never be achieved.

It is a good thing for the country that the Townsend plan hysteria has about run its course. What next?

A CANDIDATE OF CHARACTER

It would be a great thing for the state of Michigan if all candidates for public office had the high character and ability possessed by Wilbur M. Brucker, former governor, who seeks the senatorial seat held by Senator James Couzens.

There would be little distrust of our public officials if all those seeking or holding office had the inherent righteousness that characterizes Wilbur M. Brucker.

The public is invited to avail itself of good reading material.

PEARL BETTY SMITH

Pearl Betty Smith, 13, died Thursday evening, April 30, in the University hospital, Ann Arbor, where she had been a patient for 10 days. Pearl had been ill for a month with a serious heart ailment which followed a severe case of influenza.

Pearl Betty was born Sept. 14, 1923, in Phoenix. She had been attending grade school there.

She is survived by her mother, Mrs. Minnie Smith; one sister, Lillian; three brothers, Walter, William and Earl; an aunt, Mrs. Charles Comb of Detroit. Her father predeceased her in death five years ago.

Funeral services were held at 3 p. m. Sunday in the Fred Schrader funeral parlors with the Rev. Lucia M. Stroh, pastor of the Salem Congregational church, officiating. Mrs. Emily Lewis and Mrs. Julia Foreman of Salem sang two hymns.

Four of Pearl's girl friends were honorary pallbearers, Gladys Meyers of Northville, Eleanor and Peggy Averill of Walled Lake, Marion Leonard of Pontiac. Six little boy classmates of Pearl's were pallbearers. Many beautiful floral pieces were given in tribute to this sweet, young life and a large gathering of friends attended the funeral.

Interment was made in the family lot at Riverside cemetery, Plymouth.

CERTIFICATE AS TO ADOPTION AMENDMENT TO SECTION 3 OF ORDINANCE NUMBER 104

STATE OF MICHIGAN, COUNTY OF WAYNE, VILLAGE OF NORTHVILLE

I, MARY ALEXANDER, Clerk of the Village of Northville, DO HEREBY CERTIFY as follows:

That the following is a true copy of the minutes of a regular meeting of the Commission of the Village of Northville, held at the Village Hall in the Council Chambers of said Village on the 4th day of May, 1936, at which the following amendment to Section 3 of Ordinance No. 104 was adopted:

Structure called the "Horn-Bark" present. Roll call by present. Pres. Barkart, Corn. Gregory, Eick, Schafer, Perry and Perrins.

Resolution of the amended Ordinance No. 104 was moved by Commissioner Perry and seconded by Commissioner Perrins that the said amendment be read as follows:

Section 3. That to pay the cost of erecting such improvement, the Village shall issue and sell bonds and there is hereby authorized and it is the duty of the Village to issue and sell bonds in accordance with Act No. 210, Public Acts of Michigan of 1933 and amend the same to issue bonds in the amount of \$50,000.

Section 4. That the said bonds shall be payable in 20 installments, dated April 1, 1936, and payable semi-annually on April 1st and October 1st in each year, both principal and interest to be payable to the City of Northville, Michigan, at the option of the holder, at National Bank of Detroit in the City of Detroit, Michigan.

Said bonds shall be signed by the President of the Village, Northville, and countersigned by the Clerk of the Village of Northville, and the corporate seal of the Village of Northville affixed thereto, and the interest coupons attached to said bonds shall be signed by the Treasurer of the Village, Northville, and countersigned by the Treasurer and said officers by the execution of said bonds shall advise as and for their own proper signatures on said coupons.

The vote on the foregoing amendment was as follows: Ayes, Shafer, Perry and Perrins; Nays, None.

Whereupon the said amendment to Section 3 of Ordinance No. 104 was declared by the President duly passed and enacted.

MARY ALEXANDER, Clerk.

MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by HARRY BESANT and MARY BESANT, his wife, of the City of Detroit, Michigan, mortgagers, to WILLIAM A. HAINES and CHRISTINA BODMAN HAINES, husband and wife, of the same place, mortgagees, dated the 28th day of February, A. D. 1927 and recorded in the office of the Register of Deeds for the County of Wayne and State of Michigan, on the 11th day of March, A. Electricity brings you a NEW SERVICE. HOT WATER that is COMPLETELY AUTOMATIC. Turn the faucet when you want hot water—and there is your hot water, on tap! No longer need you give any thought or attention to the problem of heating water. Day and night, summer and winter, year in and year out, electricity assumes this responsibility for you, and provides all the hot water you need, AUTOMATICALLY. One you have installed an electric water heater in your home, you can forget it. It provides an unlimited supply of hot water, and relieves you of all worry. Here is the last word in convenience... and one of the finest services that electricity brings to your household. Do you know the many ways in which plentiful hot water can help you with your household work? The following hints are but a few of the uses for hot water that add greatly to the efficiency of home-making: Rinsing dishes with very hot water, and letting them stand until dry, actually leaves them cleaner than wiping them with an ordinary dish towel. Certain fresh fruit stains can be effectively removed from table linen by stretching it in embroidery hoops and holding it under the running faucet. When you wash windows, mirrors or glassware, add a little starch to the hot water. Starch helps to remove the dirt, and gives the glass a brighter polish. Stop in at any Detroit Edison office today, for complete information on this new automatic electric water heating service. THE DETROIT EDISON COMPANY

FIRST BAPTIST CHURCH

North Wing and Randolph Streets
Kendall S. North, Minister
Sunday, May 10
10:30 a. m.—Unified Church and Church School Worship Service, for Mother's Day.
Dear Member—
You are invited to attend our unified Church and Church School Service next Sunday morning at 10:30 a. m.
Since this is Mother's Day, we would love to have every mother with us at this time, so won't you please make a special effort to attend?
A unified worship service, including music, memorials, dedication, and tributes suitable for the occasion has been arranged.
May we look forward toward seeing you with your children, at this time?
Rev. K. S. North and church workers.

7:30 p. m.—The evening service will commemorate the second anniversary of the installation of the East-lawn sanatorium. We are endeavoring to make this an outstanding service, and believe it will be well worth your time to attend. There will be special music, and an address by Dr. A. B. Wickham, on the subject of "The Folly With a Hope."
Wednesday, 7:30 p. m.—Instead of the usual mid-week prayer service, we are to have an opportunity to hear a sacred band concert by the Salvation Army Crusaders band. Plan to attend, and tell your friends. Let us have an audience in numbers, worthy of this splendid concert.

A Shining Example

CHRISTIAN SCIENCE CHURCH

Worship and Bible lessons in the Church Science churches throughout the world, Sunday May 10.
Bible citations are: 1st Peter 3:15-16. I believe in the Lord God who is the Father of our Lord Jesus Christ, the Son of God, who was born of a virgin, who was crucified for us, who rose again, who is seated at the right hand of the Father, who will come to judge the living and the dead. I believe in the Holy Spirit, the Lord and Giver of Life, who proceeds from the Father and the Son, who with the Father and the Son together worshiped and glorified, who speaks through the prophets. I believe in the resurrection of the dead, and the life of the world to come. Amen.

PRESBYTERIAN CHURCH

The Women's Union will hold its regular meeting, Wednesday, May 13, in the church. A cooperative luncheon will be served at 12:30 with Mrs. E. S. Beard as hostess. A hot dish will be prepared by the committee, but everyone is requested to bring one passing dish and her own dishes and silver. Presbyterian reports will be given. This is the last business meeting before the summer vacation and an urgent invitation is extended to everyone to be present.

COUNCILMEN ABOLISH DOUBLE PARKING HERE

(Continued from page 1) the resolution was brought to a vote.
Chief Safford has placed black and white signs on the electric lamp posts in the business district, notifying motorists of the new traffic regulation.
Commissioner Perkins announced Wednesday that permission had been granted by Phil H. Grennan to use his property on the corner of Main street for a parking lot. A new driveway is being made just east of the Pettit building, making a convenient approach.
"We urge business men to make use of this space and cooperate with the council. We're also going to use the bank property on the corner of Hutton and Main streets and have that ready for parking space within a short time," said Perkins.
He further stated that it might be necessary to condemn privately owned property in order to make alleyways possible for trucking service.

DR. WICKHAM SPEAKS TO U.S. HISTORY CLASS

Talk proves interesting On Dr. Wickham's Trip to Panama Canal

Dr. A. B. Wickham of the East-lawn sanatorium spoke to the United States history classes at 10 a. m. Tuesday on the Panama Canal. This talk was of special interest to the history students because they are now studying Theodore Roosevelt and his administration.

Dr. Wickham spoke briefly of the history of the canal, saying that the confidence of the French, when they began the construction, was so high that they brought one thousand trumps to blow in celebration, after they had done this work.

The doctor was greatly impressed by the size and efficiency of the canal, which the Americans had completed after the French failed. It is six miles from the city of Cristobal on the Atlantic side, to the three locks, which are 1,100 feet long and 75 feet deep. A ship passing through may be either raised or lowered by means of large electric engines.

Between the Pacific and Atlantic locks is the Gaillard pass, named after the American officer. On the Pacific side of the canal is one lock. Some idea of the immense amount of dirt moved in the canal's construction can be told by saying that the same amount would be moved if you were clearing a pass, say, through the earth.

A ship must pay toll, when going through, according to its tonnage. A moderately sized steamer's toll amounts to about seven thousand dollars.

The canal itself, cost the government \$375,000,000 and took two and a half years to build. By making it, however, 7,000 miles were saved as a ship would otherwise be forced to go clear around South America.

In the American city of Balboa sanitary conditions are exceedingly good, Dr. Wickham said. A great hospital for use of government employes only, has been erected and is named after the canal hero—the Gargas hospital.

Dr. Wickham spoke also of Valparaiso further down the coast where homes may be rented for only a \$125 in American money. Strangely enough, these homes are as nice as any Northville ones. Valparaiso is modern, has beautiful buildings and a high standard of living.

In all, Doctor Wickham had a fascinating trip and heartily endorses it.

THE OBSERVER

With all of this newspaper rubbish about certain persons in this column, we have overlooked one person. We hope you forgive us this time and we assure you this won't happen again.

This cute little number is a member of our elated freshman class. She is most likely to be found with a mob after her but says that she really doesn't try very hard. She is of medium height, good looking and carefree. You may call her the romantic impulse of Dick Ambler, who was thrilled to have her by his side at the J-hop. She is a good two feet taller than Dick, but says that it is not all in the size. Following the footsteps of her two charming sisters, she is sure to be a brilliant light in our Northville high school. She is quite a personality and one would be fascinated with an acquaintance with her.

Grade Notes

Miss Leonardson's second graders are having a spelling contest conducted as an airplane race. The class is divided into two sides with a pilot and mechanic for each side. The progress of the sides is recorded by the more of the planes on a graph chart.

The second graders are continually collecting pictures of trees for a tree booklet they will soon make.

Mrs. Reng's third graders are doing short division problems with remainders. The second graders have learned their 2's. The second and third graders were reading Indian stories and attended the exhibition given by Young Bear. They were very much interested in it as it coordinated with their study.

Barbara and Milton Handorf left for Germany, Monday. The third graders of Mrs. Congo's room are looking forward to receiving cards and letters from them.

Mrs. Clarke's fifth graders are writing essays for the safety contest. The pupils will dramatize the play "Mint Master's Daughter" for history.

The following pupils of Mrs. Babitt's fourth grade have been neither absent nor tardy this year: Madeline Graham, Jimmie Ritchie, Marjorie Sessions, Donald Stevens, Walter Wagner, Maxine Wick and Hazel Ruby Williams.

ROUND THE SCHOOL

If one would look around the assembly, one would find the students doing practically anything but what they are supposed to do. Our assembly periods are for studying books, not magazines and the distance a paper would have to travel to reach the desired destination.

It is unfortunate that not many of us have that power to study and take the matter for what it is worth and really get something out of it. One notes that a student rises energetically in the morning and goes to school. The first period, he isn't really awake yet, so that's one down. The next period, he's beginning to wake up, but can't realize his purpose in this world, so he industriously gets out a book and then shoots paper wads. With the third period coming up, he is having quite an amount of pleasure, and it all terminates with his going to class and, having aroused enough interest, he tries to find out just why the teacher must wear her glasses that way. The fourth period, after all of that mental torture, he comes to the conclusion that it is time for a little recreation to rest his tired mind.

Dean Fitzgerald from U. of D. is coming to our high school at 9:15 a. m. Monday, May 11, to confer with any senior interested in going to college. It will be well worth your time, seniors, to speak with the Dean.

SOCIETY

Thursday night and the dance started the vacation week end out with a bang. Tim Deolittle is quite a novelty around here and doesn't come every day or night so there was quite a crowd for the dance.

Dr. Wickham spoke also of Valparaiso further down the coast where homes may be rented for only a \$125 in American money. Strangely enough, these homes are as nice as any Northville ones. Valparaiso is modern, has beautiful buildings and a high standard of living.

Seniors Who's Who

GILBERTA OSBURN Gilberta is the "girl" with the droning southern voice and the rancid by rightfully. She was born in Shilfield, Ala., Oct. 23, 1914. She attended school in the seventh grade at Huston and then went to Gilbert county high for her eighth, ninth and tenth year. Gilberta then came northward and has spent her eleventh and twelfth years in Northville.

When she was at the Culbert school, she played soccer and baseball, and like in the north places was on the basketball team. You can probably tell by the above paragraph that Gilberta is fond of athletics.

She confesses that although she would like to be a secretary, she is undecided on her field. She may go to business school after graduation. At any rate, the percent of here will go far!

LESLIE PIERPONT This worthy gentleman's line history sounds like a travelogue. He was born in Palmer, Mass., June 11, 1919. From there, at a very tender age, he moved to South Willington, Conn., and attended school to the second grade. Wearing of that city—or that city wearing of him—he calmly moved to Derby which fortunately is in the same state, and managed to finish the fifth grade.

At this point our hero, growing tired of New England, came to Michigan and settled at West Point Park, where he finished through the eighth grade. Then Leslie, deciding Northville was a bit of heaven on earth, came here.

He is on the Palladium staff, likes movies, swimming and reading. He plans to be a photographer and hopes to go to some college.

SIXTH GRADERS DRAMATIZE PLAY

Miss Kreeger's sixth graders will dramatize a safety play, entitled, "The Safety Pirates of Laffalog Bay," at their citizenship club meeting Friday. They will elect boys for safety patrols.

The sixth graders printed a very entertaining and amusing newspaper entitled "Crackers." The paper contains short stories, society, sport news, weather reports, radio program schedules, classified ads, jokes, styles and amusing cartoons. Editor Robert McCusick and assistants Edith Amerman, Sidney Laney and Maxine Coe, printed the paper.

NANCY McLOUGHLIN WITNESSES DERBY IN KENTUCKY SAT.

By ROBERT ANGOVE In the land of Kentucky colts and mint juleps, we find two Northville horse lovers who realized their ambition of years. These two people, blessed with the privilege of seeing the sixty-second Kentucky Derby run, are Nancy McLoughlin and her brother, Jack McLoughlin. With the din of the happy crowd in their ears, with the breathless anticipation for the spring of the barrier over, with the viewing of one of the most sensational derbies ever run, Nancy and Jack will have something more than just an experience, but a lasting impression.

Nancy said that it was a beautiful day and a very fast track. There were over ninety-five thousand persons there and the infield was packed. After the band had marched down the track, it went to the infield flag pole where, with the raising of the flag, the people sang "Old Kentucky Home." The horses then marched around the paddock and down the track, after which they were put in their stalls at the barrier. Then, with thousands of people holding their breath, rang the cry of "They're off," and the tension and pent up emotions, were somewhat relaxed. After getting off to a bad start with lots of bumping, the horses took their positions with a bunched field. With "Grand Slam" making his bid with a second place for the first quarter (just crossing the wire last night) and "Brevity" overcoming his terrible handicap, steadily coming up to fight it out with "Indian Broom" and "Bold Venture," it was an exciting race, with Nan losing her two blacks on Detroit's "Grand Slam."

The race is over and with I Hausford up, an apprentice, there was a wreath of roses thrown around the horse's neck and a wreath of smiles thrown on the jockey's face. No amount of words can or will describe and give such justification to that beautiful panorama. You must live it yourself to really experience the tremendous thrill.

I have never experienced anything quite so breath-taking and beautiful, and shall try to see many more Kentucky derbies, state fairs.

And so, with city in our hearts and hoping to speak to Nancy's have give you a brief account of one of the most magnificent days of our times the sixty-second Kentucky derby.

DID YOU NOTICE

The blank expressions when the report cards were read—where did the seniors try to go, a job or—but oh! the extra, extra charges.

Have N. seems to be that about a certain girl with very, very dark eyes.

That Tom Mc has circles under her eyes? The council—yep—the student council.

I'm quitting the Orange and Black staff for the millionth time this year.

Marjorie H. and "CJ" seem to be stabbed by Cupid's bow. In the spring a young man's fancy turns to love.

Another couple rather lush this bee-oo-tee-ful weather—more often than "Dorie" L. and J. J.

That even the very old crones have a new light in their eyes—spring!

How swelled up the juniors are over their hop? Well, maybe they have a reason.

The 2nd crawling near—that's opera tune.

That we have a baseball team—from the enthusiasm shown no one would know it!

NEWSPAPERS WILL BE COLLECTED BY SENIORS

Members of the senior class will be collecting old newspapers and magazines Saturday and days to follow. The seniors, at a previous class meeting, voted to collect papers and sell them to some dealer to raise funds for their Washington trip. The class asks the townspeople to save their old newspapers for them. The boys who will collect the papers, will get them from the homes.

GOLF SCHEDULE

The revised golf schedule, released by P. B. Thompson is as follows: April 23—Plymouth (There) April 30—U-High (Here) May 7—Plymouth (Here) May 8—Redford (Here) May 11—Farmington, Glen Oaks (There) May 12—U-High (There) May 14—Farmington (Here) May 18—Redford (Here) May 22—Regional Tournament May 20—State Tournament at Kalamazoo

SENIOR GIRLS VOTE INFORMAL DRESSES FOR CLASS NIGHT

On Thursday, April 23, the senior girls had a meeting, called to order by Vice-President Ida Altman, to decide whether formal or informal attire would be worn class night. The girls all voted for "informal clothes for class night," and they also voted to wear suits for baccalaureate.

It was agreed that afternoon dresses, either silk or cotton, would be the type worn class night. The girls will keep in mind that these dresses may be chosen to be worn on the Washington trip. The dresses may be print materials, pastel shades, or plain colors. They may also be one piece or two piece ensembles.

For baccalaureate the girls voted on wearing suits, either colored or white. Coat dresses of ensemble types could also be worn.

In this wide range the girls chose, they think it will be easy for each one of them to outfit herself properly and inexpensively.

The seventh and eighth grades were entertained Wednesday, April 23, by three pianists—Loretta Nagel, Alice Bandy and Ruth Mary Mills. Loretta Hoover recited a poem, and the social entertainment was given by a quartet—Harold Martin, Douglas McKluska, Robert Ross and Jack Holcim. Jane Behn was the chairman of this committee.

N. N. S. BASEBALL SCHEDULE CHANGED

According to Paul B. Thompson, assistant principal, the baseball schedule has been changed. The revised baseball schedule is: May 7—Melvindale (There) May 12—Trenton (There) May 15—Farmington (There) May 19—Redford (There) May 20—Plymouth (Here) May 21—VanDyke (Here) May 26—Trenton (There) May 28—Melvindale (Here) June 2—Farmington (Here) June 4—Redford (Here) June 9—Van Dyke (Here) June 11—Plymouth (There)

MRS. RENG, MISS HUFF ATTEND CLUB MEETING

Mrs. Luetta Reng, second and third grade teacher, and Miss Geraldine Huff, high school teacher, are Northville delegates to the Michigan Federation of Teachers' clubs and attended the annual meeting at Ypsilanti on Saturday, May 2. At the meeting, Homer Davis of Kalamazoo, was elected president and A. B. Halst of Saginaw, was elected vice-president. Plans for the program of the year's work were discussed and made.

N. H. S. GOLF TEAM LOSES TWO GAMES

Paul B. Thompson, who coaches the Northville golf team, stated that two more games had been added to the golf team's schedule. They are with Redford and Farmington. The Northville golf team played with Plymouth high at Plymouth Country club, April 23, and lost the match. Plymouth had a total score of 340 and our team's score was 324. The four members from Northville who played were: Gerald Trotter, Robert Snow, Bill McGee and Leonard Young. Gerald was low man with an 87 and Robert Snow hit second with an 88.

SCHOOL BUILDING PLANS PROGRESS

(Continued From Page One)

\$54 and the \$30,000 insurance money will be used to construct a fire-proof grade school building on the present site of the office of the board of education. The building will include 12 classrooms, a kindergarten room, office, boiler and basement play room.

If the general bond issue is approved Monday evening by the voters of the district, the board will be authorized by the taxpayers to dispose of the school office and kindergarten building.

It is understood that local contractors will bid on the plans which have been drawn by the architects, Lyndon and Smith of Detroit. Mr. Salkler said that favorable estimates had been made by the Northville contractors.

MRS. MINIE BROWN DIES

A SPECIAL OFFERING

Schrader Brothers are offering special prices on any article purchased at their store today or Saturday which is to be presented as a Mother's Day gift. There are many articles in their store that will make most appropriate gifts.

NO CRITICISM INTENDED

There is a great deal of publicity given these days to plans being offered by the government for the financing of home building. Some complaint of too much red tape, while others declare it is easy to conform to the requirements of the FHA. Thus far no one has made an effort to secure government funds to build themselves a home here in Northville.

The above paragraph appeared in the article in The Record last week under the caption "Village Needs Houses to Meet Rent Demands," and since its publication we find the thought we desired to express was that no one had attempted to secure funds under the FHA for the erection of new, moderately priced homes. There has been a number of loans regulated by the Depositors State Bank acting for the FHA, the lands for which were used for one new home, repairs on others and for the payment of mortgages. It was not the intent of the article to discredit any of the efforts that have been put forth by the local bank to meet local needs. Our thought was that no loans had been asked for the erection of new homes, such as are now so demanded here, and that seems to be the great need right now.

TO GIVE ROAD TESTS

Elaborate in today's Record will be found a special announcement of the Standard Oil company regarding a road test in which 20,000 mid-west motorists have been invited to take part. Motorists are invited to make their cars research test cars and become eligible for big cash rewards.

The announcement will give all the details of the test and the prizes to be won.

To the Editor, Northville Record:

On April 10 your paper referred to 11 counts against me as health officer by the mayor of the village of Northville on April 7.

I am answering these accusations at this time due to the fact that it has come to my attention that my silence was an admission of their truth. Since the counts were listed I am answering those of importance that I can recall from memory.

1. The physicians want a change. Since April 10, I have personally interviewed each physician in Northville except one, who was seen by another physician, and in no case did a physician desire a change in the office of health officer.

2. "He charged for a call as health officer."

The mayor is misinformed. The health officer has no legal authority to place a house for a quarantine of scarlet fever, without a diagnosis of a physician. As health officer, I do not make free diagnoses.

3. "He antagonizes people; he twice took a police officer to put up a sign."

Only once in the six years as village health officer has it been necessary to resort to police authority to enforce quarantine.

4. "He promised to call and never arrived for three days."

No specific case was mentioned. Once, while sick in bed, I sent another person to place the house and make the report. I called three days later to check the case and found the quarantine properly enforced.

5. The mayor stated that I had denied to him at a conference Saturday morning, April 4; that I had heard of the result of a secret meeting of the commission on April 3 and that some member of the commission must have told me. This was denied by all members of the commission on April 7. When interviewed Saturday morning, April 4, the mayor would give no definite reasons for a change in health officer and did not give any of the above mentioned counts at the conference.

As the mayor and commission are the Board of Health of the village, it would have been pertinent for any inefficiency in this department to have been corrected at the time of occurrence. Wilbur H. Johnston, D. O.

STOCK REDUCTION SALE

Commencing this morning there will be an administrator's sale of the Preyil stock of clothing and furnishings. It is not intended as a closing out sale, but it is being held for the purpose of reducing the stock. Prices have been greatly reduced in all lines and the public is invited to attend.

Miss Frances McLoughlin, and Miss Geraldine Dunlop, valedictorian of Plymouth high school, are to be presented good citizenship medals at the May meeting of the Sarah Ann Cochran chapter of the Daughters of the American Revolution.

If the business people of the village will park their cars on the side streets instead of Main and North Center, there will be more room for our farmer friends to park their cars conveniently to the stores where they do their trading. Why not try this plan in the future?
