COUNCIL VOTES PARKING LIMIT IN NORTHVILLE

Elmer Perrin Takes Stand
Against Repealing
Ordinance

Making an effort to eliminate as many driving hazards as possible, councilmen decided Monday evening that parking should be abolished on South Center street on the east side of the street, from the corner of Main to the alley.

In order to assure shoppers of parking space in the business district, a motion was made by Commissioner Wm. T. Gregory to amend Ordinance No. 97, which would place a two-hour parking limit from 6 a. m. to 6 p. m. in the business district, from Wing to Hutton streets on Main and from Dunlap to Cady streets on Center. The parking ban is to be in force at all times, with the exception of Sundays and all holidays. This amendment passed the council with a 3-2 vote. Commissioners Floyd G. Snafer and George Hicks, opposing the measure.

Chief of Police, Wm. H. Safford, reported to members of the council that he was making every effort to enforce the double parking ordinance. "We're patrolling the streets and doing our best to regulate the fast driving," he said.

Resuming the ruckus resulting from the action taken last year which restricted local police officers from serving papers, other than those for the village, and which requested that all fees collected for such services should be turned into the village fund; and which prohibited the police and other officers from taking any persons to serve sentences outside the city limits, except village offenders, Mr. Gregory reopened the case by requesting that this ordinance be repealed.

The ordinance passed, Dec. 4, 1934, was introduced by Commissioner Elmer Perrin, who was backed by Gregory. Gregory, after witnessing the scene which took place here two weeks ago, following the Justice of Court sentence, reversed his decision in the manner in which affairs should be held. Gregory made a formal motion to disregard the Ordinance of Dec. 4, 1934, and to go according to the Village Charter requesting that all fees go to the village. Commissioner Perrin was the only commissioner to oppose the repeal.

Perrin upheld his stand in the matter saying that he was working for an efficient police force. "There have been fees collected in the police department for years and I'm trying to stop it," he said.

METHODISTS HEAR ADVOCATE EDITOR

While more than one hundred members of the Methodist church leaned back comfortably after a good dinner at the church house Thursday evening, Dr. Wm. H. Phelps of Detroit spoke to them of some of the problems facing them. Dr. Phelps was introduced by the pastor, the Rev. H. J. Lord.

"Like a family party," said Dr. Phelps, editor of the Michigan Christian Advocate, was the group which gathered to consider the essential of every organization, viz. money. With tact and touches of humor the speaker made his audience realize that "the best investment of money is in the church."

"Through all the depression, we have still been drawing dividends from the church," said Dr. Phelps. "These dividends have been realized in the lives of our children and in our neighbor's children. From some of our smallest churches have come great men who have proved that the investment was worth while."

As the result of Dr. Phelps' talk a generous amount of the coming year's budget was pledged.

Other interesting features on the evening's program were a song service led by Leslie G. Lee with Laura Marie Lord at the piano, several vocal numbers, by Charles Steele of Novi, who was accompanied by Mrs. Steele, and a playlet given by the Misses Doris Shepley, Ann Richards, Helen Leonardson, Grace Angell and Catherine Litsenberger. Miss Drucilla McIntosh read Rudyard Kipling's "If."

DESIGNS TABLE

George L. Hathaway, left Monday morning for Washington where a dedication service will be held, commemorating "The American Goodwill Table" which has been completed after 12 years of work.

Mr. Hathaway, the designer and builder of the table, is an employee at the Maybury sanatorium. The table is an unique article of beauty, having been made of 75,288 pieces of wood from all parts of the world, including "The Mount of Olives," "The Longfellow Chestnut Tree," "Old Ironsides," "Oliver Perry's Flagship," "The Washington Elm Tree," "The White House," "Helen Keller's Birthplace," and an English prisoner ship, "The Success."

The table as it now stands is six feet high, weighs 140 pounds and is more than three feet in diameter. Made of wood, a large star in the center of the table top, representing Washington, D. C., 48 stars around the edge, represent the states of the Union.

Enroute to Washington, Mr. Hathaway will stop at the Canadian home of the Dionne quintuplets. He hopes to get wood from their birthplace and add five more stars to his table.

When asked why he called his project "The American Goodwill Table," he replied that it was a memorial of his two years of service in the United States army stationed at Camp Kearney, San Diego, Calif. It was while Mr. Hathaway was convalescing in a California hospital that he started this remarkable piece of work.

Mr. Hathaway made a tour of some 30,000 miles between 1933-1935 with his table. His travels stimulated interest in the work and it was through this means that many of the famous pieces of wood were obtained. Each time he is given a valuable piece from some historic building, he takes out some of the wood he has gathered himself to make room for the one "with a story to it."

After the Washington dedication and a trip into New York, Mr. Hathaway expects to make an extended tour with the table. One-third of the proceeds will be given to the American Legion.

Traveling with Mr. Hathaway is Lyell Benjamin, a fellow employee, who plans to go from Washington to New York where he has placed an application for a Major Bowes audition.

SPEAKER URGES CARE IN CHOOSING LEADERS FOR PUBLIC OFFICES

George W. Schindick, circuit court commissioner for Wayne county, was the guest speaker at the meeting of the Northville Exchange club on Wednesday noon. He came at the request of Elmer W. Lester, who has been a member of the commission's staff for a number of years. The speaker told in an interesting manner the duties and the methods of operation of his office—how the minor cases of litigation as well as the more important cases of chancery practice are handled. Just this week Mr. Schindick said he was sitting on a case in which the validity of the charter of the city of Detroit is involved and which represents real estate values running into the millions.

In closing his remarks he urged his hearers to be vigilant in selecting men of character to public office and thus protect their rights as citizens.

MARJORIE LANE IS HONORED

Marjorie Lane, daughter of Mr. and Mrs. Roy A. Lane, North Center street, was honored by being chosen flower girl of the May Queen at Jennings seminary, Ill. The picture of the queen and her flower girl appears in the Sunday edition of the Aurora, Ill. Beacon-News.

Marjorie, who is 11 years old, attended the Northville school until a few months ago when she entered Jennings seminary.

KELLEY CITES FRIENDSHIP AS NEED IN U. S.

Memorial Day Speaker Hits
Hard at Black Legion
Atrocities

"The greatest problem of the United States is that of creating human friendship," said H. P. Kelley, Detroit attorney, as he addressed the audience at the annual Memorial service at 10:30 a. m. Saturday in the Pennington-Allen theater.

One of the good things that came out of the World war, declared the speaker, was the spirit of comradeship and cohesiveness that was shown by the soldiers who together endured the trials and horrors of war. Something of this is needed now among the hosts of our people. The men who saw service in the war "are the last to glorify war for they know too much what it means," continued the Detroit attorney.

Hitting hard at the appalling conditions that have been revealed in the Black Legion atrocities, Mr. Kelley fervently exclaimed: "There is no room for bigotry in our midst. It makes no difference what race a man takes to meet his God. We should be all brothers together; the flag for which our ancestors fought is ours as much as it is theirs."

To Marvin Bogart, 92-year-old survivor of the Civil War, who was sitting on the platform, Mr. Kelley paid a fine tribute for his long life of service and patriotism.

The musical setting of the meeting was exceptionally attractive. Guy Perkins was the pianist and his artistry added appeal to the program. The school band, directed by Leslie G. Lee, was heard both before and after the program. One of the finest bands I ever heard," was the comment made by Mr. Kelley, the speaker of the day. Vocal numbers were given by two of the students, Miss Evelyn Ancher was heard in "Recessional" and Robert Annot in "Homing." The latter also recited the classic without which no Memorial Day program is complete.

John G. Galsburg Address. "In Flanders Field," was given by Miss Doris Labatt.

The Rev. Kendall S. North, assisted by Ray A. Altenberg, commander of the Lloyd H. Green post of American Legion, was the chairman. The Rev. Harry J. Lord gave the opening prayer and the Rev. Harold G. Whitfield the closing one.

Following the service at the theatre, a parade—including the colors, school band, firing squad, Civil War veterans, Spanish-American War veterans, American Legion, Women's Relief Corps, Legion Auxiliary, Boy Scouts, Bugle corps, Camp Fire girls and school children—advanced to the Oakwood cemetery where salutes were fired commemorating the memory of the Civil War dead. Flowers were strewn on the water as a memorial to the men who had died in American wars at sea.

Clear skies and warm weather favored the villagers who left their places of business to attend the Memorial service and to enjoy a day's outing in the country and at sport events.

BANQUET COMMITTEE INCLUDES VILLAGERS

Plans are going forward for the banquet which is to be given honoring Congressman George A. Dondero to be held by Acorn Post No. 1689, Veterans of Foreign Wars, Royal Oak, June 30, in the VFW hall in Royal Oak.

Grant Maudlin, chairman of the committee in charge of arrangements, has announced the designation of the following persons in Northville as members of the committee: John A. Boyce, T. R. Carrington, Charles A. Dolph, William A. Elfr, Mrs. McElreath Lawrence, Mrs. E. Ward Lester, Dr. L. W. Sany and Joseph Bolton.

DAWSON TO JOIN YALE BOTANICAL EXPEDITION

Mr. and Mrs. Marion Bourne had as their guest during the past week a grandson, Ray Dawson, a student at Yale University graduate school. He was here before leaving for Central Africa where he expects to spend the summer as a member of the Yale Botanical Expedition.

Mr. Dawson is specialized in the physiological botany. His first assignment, Dawson, has been to study the life of the Bourne family.

American Legion Auxiliary Centers Activities Around "Fidac Month"— National Friendship Is Emphasized

Miss Staneyk of the juvenile court, Detroit, who spent the last year studying conditions of her native land, Poland, will be the speaker at the Fidac program to be held at 8:15 p. m. June 9, at the home of Mrs. W. H. Johnston. The W. R. C. and the D. A. R. will be guests of the American Legion auxiliary at this meeting.

Pageants, plays and garden parties will add color to American Legion Auxiliary activities in June as the auxiliary observes "Fidac Month," emphasizing its work for world peace, according to Mrs. W. H. Johnston, Fidac chairman. Of Lloyd H. Green Auxiliary Unit, Special programs will be held by Auxiliary Units in all parts of the country, presenting the "work of peace."

"Fidac is the great, inter-racial organization for development of international friendship and understanding as a foundation for permanent peace."

"Fidac is the great, inter-racial organization for development of international friendship and understanding as a foundation for permanent peace."

"Each year the American Legion Auxiliary studies one of the other countries associated in Fidac as part of its Fidac program. This year we are studying Poland, where the 1936 Fidac Congress will be held in September."

N. H. S. has two more league games with Redford Union and Van Dyke, and can win the championship by taking either one, which would be a fitting climax for such a good season.

Wag, the starting pitcher for Northville, served them up for five innings, being touched for five hits and five runs. He was relieved at the start of the sixth by Pitcher Stump Hochstetler, who finished the game, allowing but two hits in the two innings he worked.

The Northville team, as a whole, was very under par in the field, committing seven errors through three or four games. The fifth was the meaty inning for N. H. S., as they scored four runs on four hits and three bases on balls. One of the hits was a home run by D. H. Galsburg, the lanky first base man and one of the leading hitters.

The final score: N. H. S. 4 runs, 7 hits and 3 errors.

Melvindale 5 runs, 7 hits and 3 errors.

"American Goodwill Table" Completed

Dedication Service to Be Held in Washington

This is the table made of 75,288 pieces of wood, designed and built by George L. Hathaway. He worked on the table for over 12 years and has had the joy of adding to the project wood from many famous historic buildings and ships. Mr. Hathaway is a Maybury Sanatorium employee.

SHRINE BAND READY FOR DRILL STUNTS

The "Million Dollar Shrine band," under the direction of Harry Crummett, accompanied by Arab patrol, chanters and Al Smith's drum corps will give a colorful drill in the main streets of Plymouth, at 7 p. m. Friday, June 2.

A. Blake Gillies, deputy superintendent of the Detroit House of Correction and Moslem Temple's Ambassador to Plymouth, announced this week that arrangements for the appearance of the band had been made with DeWitt H. Merriam, illustrious Potentate of Moslem Temple, Detroit.

Mr. Merriam and his Dvahn, together with numerous Shrine celebrities will take part in the festivities.

Mr. Gillies has reported that all the various groups will be in full regalia. "To say the least, it will be a very interesting and attractive spectacle. Participating in this exhibition will be approximately 500 Shrines from Moslem Temple."

"This is really a colorful affair I would especially like to urge children to witness it," concluded Mr. Gillies.

The festivities are under the auspices of the Suburban Shrine Club of which Noble Fred Schaefer of Plymouth, is president and Harry Maringer of the village, is secretary-treasurer.

Major Harry Hondrop of Plymouth will welcome the pilgrimage of Dr. H. H. Burkhardt, village mayor, has been asked to attend.

Each Shriner is requested to wear his regalia.

The Rev. and Mrs. H. G. Whitfield are the parents of a son, born Monday, June 1. He has been named Harold Sanderson.

Rotarians Will Entertain
Wives at Harry Clark
Home on Baseline

The Northville Rotary club will convene its 10th annual picnic at the home of Mr. and Mrs. Harry B. Clark on the East Main road near the village hall. Dinner will be served at 6 o'clock and the evening will be spent with a neighborhood program.

At Tuesday's meeting of the club the practice of observing the birthday of its members was revived and M. C. Guncich was the first member to be remembered.

Paul Thompson of the local high school presented the program of the day and gave an interesting talk on the vocational subject of training. Telling briefly of the work being done in our own school, he extended his remarks by telling of a recent visit he had the privilege of making to the prison at Jackson, when he was shown throughout the vocational department under the guidance of the superintendent of that department, Mr. Francis. He told how the department was started from nothing and how the plant was developed and constructed from old worn-out and discarded machines and scraps of metal found about the prison. A large room which had not been in use for some

Halt Activities on PWA Water Reservoir Until Government Sends Funds

Contractor Presents Bill for Wages and
Material Used Totalling \$5,570;
Hamill Recommends Payment

"Because no funds have been received from the federal government, work on the PWA water reservoir project has been indefinitely halted as a result of a vote taken Monday evening by members of the village commission, meeting in regular session at the Village Hall.

H. B. Gilbertson of Detroit, contractor, was present at the meeting to present a bill of \$5,570.00 for wages and materials incurred in the expense of the construction so far. Upon the recommendation of Harold F. Hamill, civil engineer, the commissioners recognized that \$4,000.00 had been used according to contract and approved estimates.

Councilmen, in facing the problem of paying this sum, were informed by Harold Bloom, village treasurer, that the general fund at this time only contained a little over \$5,000.00 out of which the regular running expenses during the month of June must be met.

"Money should be coming in the latter part of June from the taxes. But we can't count on very much coming in judging from the way the taxpayers paid last year," said Mr. Bloom.

By a vote of the council 3-2, Gilbertson is to be paid \$2,500.00 from the general fund. Commissioners Floyd G. Snafer and J. W. Perdue voted against paying this bill until funds had been received from the government.

J. J. Cochran, attorney, who sat at the council table with the commissioners, advised them that he thought the grant would be rushed through at an early date upon a receipt of a brief prepared by him, showing that the Village of Northville is not in default financially.

Cochran stated that unless he could meet his creditors and pay for his material used in the reservoir he would not be able to accept the contract.

Commissioner Wm. T. Gregory, who introduced a motion to pay the \$2,500.00 immediately, said that the village was bound to pay the contractor. "Work on the reservoir began against my vote. Now that we're in this thing, I certainly think Mr. Gilbertson is entitled to the money. He is put in the project," he affirmed.

With the order by the council to stop construction on the reservoir, Gilbertson is released from his contract when set the completion deadline for Sept. 1.

HANDICAPPED GOLFER PLAYS AT BRAE BURN CLUB SUNDAY, JUNE 7

"Tommy" McAlliff will play in an exhibition open to the public with Frank Williams and L. Smith at 2:30 p. m. Sunday, June 7 at the Brae Burn course.

Deprived of the use of both arms in a railroad accident, Tommy chose caddyship as a hobby. Indomitable in his desire to succeed, he learned to play golf. Today he is considered one of the marvels of the golfing fraternity. Handicapped as he is, Tommy plays regulation golf courses in scores that average between 85 and 95.

O. B. Keeler, the "Boswell" of Bobby Jones," wrote of McAlliff after seeing him shoot the East Lake course at Atlanta, Ga. in 90, as follows:

"I wish I could collect a museum of Tommy McAlliff's attitude toward life and work. He's got it. He is the finest inspiration I have ever encountered for any man who is finding life on the rough side. Life makes friends with a man like that—because a man like that makes friends with life."

Following Sunday's exhibition match, McAlliff will put on his internationally known array of tricks and fancy golf shots—which feature driving balls from bottle necks, off a human forehead, three balls on top of each other, three ways of getting out of a sand trap and a nine ball symphony.

SURVEYING CREW BUSY

The surveying crew of the Wayne County Highway commission was in Northville Tuesday and Wednesday running "lines" on Main street for the purpose of preparing for the improvement of traffic conditions.

VACATION SCHOOL DATES ANNOUNCED

A community Vacation School is being again at Northville this summer. Plans are going forward for a union two weeks' school which will be sponsored between June 22-July 3, by the Presbyterian, Methodist and Baptist churches. The sessions will be held daily in the public school, meeting each afternoon from 9 to 11 o'clock.

Four departments of church school work will be conducted. The beginners and primary departments are scheduled to meet in the Presbyterian church. Junior sessions will be taught in the Methodist church. The Baptist church will be used by pupils enrolled in the intermediate department.

It has been announced that a competent staff of teachers is being provided for each group. The ministers of the three churches will actively cooperate in the enterprise.

According to the Rev. Harry J. Lord, minister of the Methodist church, the value of such a school to a community is great. "It is one of the finest services the church school can render. The average child will receive more benefit from two weeks of such intensive training than he will in half a year of Sunday School attendance," he commented.

It is Mr. Lord's opinion that the announcement of the school will meet with hearty response from the parents of the community. Their cooperation is urged.

All children of Sunday School age are invited to attend.

THOUSANDS ENJOY OUR OUTDOORS

Not every Northvillian appreciates what beautiful scenery and what marvelous parks we have right here at our side doors. The River Rouge parkway system is, without question, one of the finest in the whole United States. Attractive as it is, Cass Benton Park is only one unit of this system.

Walk or drive out to Cass Benton some pleasant Sunday afternoon and you will be amazed at the thousands who have come out from the big city to get a look at beautiful trees, green grass and flowing water.

The number of Northville people who have discovered the lure of our great outdoors is increasing but there is still room for more around the camp stoves to our south. See Northville first.

HEARD OVER THE TELEPHONE

Just as we complete a call to Detroit we overhear these words from the long distance operator: "On your call to Niagara Falls."

Is someone checking on a bride and groom?" was the thought that flashed into our mind (if any). What a wonderful thing is the telephone! You can sit in your home and talk to Detroit, Niagara Falls, California or even England. You can order your groceries, buy a new automobile or talk to your mother or son or daughter hundreds of miles away. And yet some people get impatient with telephone operators because they don't get a connection within three seconds! Personally we think our telephone girls do marvelous things.

AND NEITHER DOES MR. FARLEY

You wrote an editorial about Mr. Brucker not smoking, drinking; why don't you tell the people that Jim Farley, too, doesn't smoke or drink liquor," says a good Democrat friend to us.

Well, kind readers, see that was news to us, we will admit we are glad to hear this and we are also pleased to pass on the good word. Even though we disagree with him on a lot of counts—and expect to get critical of him later—we think that Jim Farley is a very intelligent and resourceful man. To hear that his personal habits are the same as Wilbur Brucker's raises him in our estimation. If all the smoking and drinking were taken out of politics our citizens would have more faith in their political leaders. Let us never yet vote for a man for office just because he didn't smoke or drink.

WHO CAN ANSWER THIS QUESTION?

"What is the country coming to?"

A life-long friend living on a fine Michigan farm wrote us a long letter and at the very close was the above sentence. This friend is not a college graduate and has never traveled far but she does read a lot and thinks considerably. Incidentally, while on the point of farmers thinking, we remember that when we were doing newspaper work in Indiana, that the late Senator Albert J. Bregg sat in our office and told us that in any average community there were farmers who were better informed than the average congressman. A farmer, said the senator, has more time to read and to deliberate than does the congressman whose time is taken up with a round of petty political affairs. We can name two or three Northville farmers who can talk as intelligently on national affairs as most of the politicians.

To what is our country coming?

Well, there is a question literally to jar you. In our humble opinion we believe our country friend, thinking out there on those broad acres, has pulled aside a lot of veneer and come to the real heart of our national problems.

We sincerely think that if the present New Deal keeps on with its European experiments that we may easily come to a few things like these:

(1) A national debt so staggering that its shadow will darken the home of every American citizen, no matter how high or how low his standing.

(2) Inflation, mild or strong, that will cheapen the dollar of every Ford worker here, of every farmer and of every boy who makes money mowing lawns.

(3) An army of government bureaucrats (there is already a host of them in Washington and even reaching onto Baltimore and other nearby places) who will dictate the lives of every one of us.

(4) A state socialism that will run or try to run, the business of every one, whether he has a peanut stand or a big factory employing hundreds or even thousands.

(5) A Fascist state that will make this United States of America something akin to Russia.

(6) Taxes so big that there will be little left for savings, insurance and home owning.

What is the country coming to? What do you say?

THIS WEEK'S SLOGAN

"Hush deep while slugs yards sleep."

PRESBYTERIAN EARNINGS ARE CUT

This news dispatch from the Associated Press wires appeared in the daily papers of last Friday:

Syracuse, N. Y., May 28—(A.P.)—C. N. Wonnacott, of New York City, treasurer of the Presbyterian Church Board of National Missions, told the 148th General Assembly today that "the New Deal dangers to the earnings of our invested funds have begun to reflect themselves in reduced income."

"Our average income is 3.91 per cent, as against 4.3 per cent last year, or nearly two-fifths of 1 per cent less than last year," he reported.

"With \$25,000,000 (more than 58 per cent of total assets) invested in the securities of American industries and with the wages of capital being reduced just as rapidly as the Administration can enact regulatory and tax laws to effect this changed economy, you can expect, in my opinion, further adjustments of income downward from these sources."

"Unless living gifts increase to take the place of this decrease our missionary structure may become jeopardized."

SOME WANDERING THOUGHTS

William J. Cameron, Spokesman for Henry Ford:

"The coming election presents fewer uncertainties than the last one did."

NORTHVILLE'S YESTERDAYS

1 YEAR AGO

The 59 members of the graduating class of Northville high school received their diplomas from Superintendent of Schools R. H. American Thursday evening in the Penniman-Allen theatre.

Two new traffic signal lights of the very latest type were installed here Thursday by men of the Wayne County road commission to replace the old ones on Center street at the corners of Main and Dunlap streets.

The return of the Rev. H. H. Mallon, for another year as pastor of the Northville Methodist church, was unanimously requested at the fourth quarterly conference held Sunday evening in the church house.

A romance began in school days was celebrated Wednesday evening, May 29, when Miss Marion Hendrick, daughter of Mr. and Mrs. C. H. Hamlin, and Lavonia Henry, daughter of Mr. and Mrs. L. E. Henry, were united in marriage at St. Paul's Lutheran church in the presence of over 100 relatives and friends.

Solving the construction of a new bridge over the River Rouge under the new \$150,000 federal works program, Superintendent R. H. American and Sheriff W. Ambler will go to Lansing in the next few days to submit their report to William Fisher, state welfare director.

5 YEARS AGO

With Malcolm Bungey, editor-in-chief of the Detroit Free Press, as the principal speaker, a splendid program awaits the business and professional people of Northville and outside newspaper folks, who will be the guests of the Northville Record at a complimentary dinner at the Methodist church house next Monday evening at 7 o'clock.

Courage and the spirit of adventure are no small part of the character of Mrs. Armenta Stewart, mother of Mrs. Gus Regula of 230 North Rogers street, of Northville. Mrs. Stewart starts for California this week for her fifth transcontinental motor trip, with none other than her own 73-year-old self at the wheel.

Cupid scored another triumph when it was learned that Marshall Herrick of Northville was married Sunday to Frances McIntosh of North Branch at North Branch. Mrs. Herrick, a student at the University of Michigan, and Mr. Herrick are at present enjoying a two weeks' trip through the east. They will make their home in Ann Arbor.

Northville's heavy hitting Blossoms went to Garden City Sunday and made good on runs out of 12 hits to beat the Garden City baseball team by the score of 9 to 4.

Wednesday morning the seniors came back to school. The week end they had spent in Washington was the only topic of conversation.

10 YEARS AGO

Northville was honored by the presence of only four members of the Old Guard on Memorial Day this year—George Goodell, Len Cornwell, E. P. Woodward and Marvin Bogart—but their deeds of valor, their sacrifices and devotion were not forgotten by the people of this section.

Thirty-one young people will graduate from the Northville high school on Wednesday evening, June 23. The commencement address will be delivered by Rev. Wm. Richards at the M. E. church on Sunday evening, June 22, and the class night will be held at the same place on Monday, June 23.

paper, formed a life-long partnership, in the presence of a large company of their friends.

The continued heavy rains are making the situation really serious for the farmers. Many have not yet been able to even finish plowing for their corn planting.

An unfortunate accident occurred in the school yard Tuesday morning when little Albert, the 8-year-old son of Mr. and Mrs. E. A. Kohler, suffered a fractured leg, the bone being broken between the knee and the hip by a fall from a rope with which the children were playing.

The work of closing the streets has been extended throughout the village.

E. M. Starkweather and Harry B. Clark were in Detroit this week to attend the annual meeting of the Holsten-Fridman association of America.

The recital given in the Methodist church Wednesday evening by the piano pupils of Guy C. Filkins received much favorable comment from the large audience present.

30 YEARS AGO

Mrs. M. Brock entertained a party of young ladies Wednesday afternoon in honor of the birthday of her daughter, Miss Edna Stirling.

The Methodist church people were certainly in luck. The Ladies Aid raised enough money to buy the paint and some unknown person or persons were kind enough to pay the painters for brushing it over the parsonage.

An electric light "famine" struck Northville Saturday night for the first time since the installment of the plant nearly six and a half years ago, but fortunately the trouble was remedied before Sunday night by the efficiency of Electrician Sam Wilkinson who knew just how to go to work to fix things.

Miss Hazel Perkins, who recited the beautiful poem "Sheridan's Ride," so nicely at the school exercises in the Methodist church Friday, won that honor in a contest participated in by the pupils in the seventh grade.

The mercury took a drop of thirty degrees in less than as many minutes Saturday.

HOT WEATHER DRINKS

DURING the summer, millions of soft iced drinks of no nutritive value are consumed. It is much more sensible and much easier to quench your thirst with cool, health-giving milk.

How many times a day do you need hot water in your home? How often do you need it for bathing and showering, for shaving and washing, for cooking, cleaning, laundering, dishwashing and countless other daily tasks? The chances are you do not use it nearly as often as you would if you had a constant, unlimited supply—available at a turn of the faucet. The liberal use of hot water can make housework easier and pleasanter, and automatic electric hot water assures you plenty of water when you want it. Day and night, summer and winter, year in and year out, this new service brings you the last word in water heating. All the hot water you wish is furnished automatically—without any attention whatever. Once you have installed an electric water heater, you can forget it: Your water heating problems are over.

This carefree service frees you forever from such bothersome details as running up and down stairs to light a manually operated heater, the annoyance of waiting for water to get hot, the inconvenience and delay caused by having only lukewarm water in the pipes. It saves time and labor and adds to the efficiency of home-making. Once you have enjoyed the luxury of this automatic hot water service, you will wonder how you ever did without it. Charles A. Sessions Hasn't Worn

Overcoat for 40 Years—Feature

Appears in City Paper Columns

A feature article giving a number of details on the habits of one of Northville's prominent citizens found its way into the columns of a recent issue of the Detroit Free Press. The writer has this to say of Charles A. Sessions:

He held public office for 45 out of 50 years until two years ago. He was the first supervisor of Northville Township and was mayor of the Village of Northville for 30 years. His first child, Charles A. Sessions, Jr., who was married on New Year's Day, was born when his father was 60 years old. He is popularly known as the "Uncle of Northville." And at 82, he is the oldest living native-born citizen of Northville.

"But probably nothing about him excites more comment in Northville than the fact that he has gone without an overcoat for 40 years and even the last winter failed to chase him to the clothes. At 4, in addition, in his earlier years, he worked with logging chains in the woods on coldest winter days without gloves. They are, he says, a nuisance."

NORTHVILLE HORSES ARE RACE WINNERS

(Continued from page one)

tion. Swift Direct, the winner, is owned in Northville by Dole Reed. The Sire of Swift Direct is owned by E. M. Starkweather. Miss Gratton Direct is also from Northville, owned by Archie Miles.

Rosemere, the winner of the 2:20 pace, is owned at Richmond by Walter Wilcox. This horse was the winner of the 2:22 pace at the fair here last year.

The Sire of Lady Prince, the winner of the free for all, and Unland Dillard is owned by Mr. Starkweather, whose farm is a leading nursery of harness horses in Michigan.

Attending the races from here were Ula Tibbitts, George Rattenburg, and son, Harry, Will Rattenburg, Fred Vanatta and Wallace Markham.

TEACH TRADES, SAYS PAUL B. THOMPSON

(Continued From Page One)

time was turned over to Mr. Francis and with the aid of some of the inmates who were interested in the development of the project, he has constructed many machines and devices with which the inmates do many things—blacksmithing, wood working, metal work, art works, post cards and many other articles. The inmates are given opportunities to develop any of their hobbies and are permitted to make anything they desire. As a result of the training thus received many of the inmates have become quite expert mechanics. One inmate developed a pair of making rings and from the sale of which he receives a handsome monthly income.

Mr. Thompson thought it more wise to teach our boys and young men these helpful vocations in our schools than to neglect this training to be given in our penal institutions later in life. Concluding the program, he showed a reel of film showing the process of making paper.

The freshman class is sponsoring a bake sale at 10 a. m., Saturday, at 112 Main street.

Mr. and Mrs. Arnold Teske are the parents of a daughter, born Sunday, May 30.

Mrs. James Heeneey is spending a few weeks at the home of her son, James Heeneey of Marlette.

Mrs. Belle Noble of Detroit is visiting her cousin, Mrs. Scott A. Lovewell, South Wing street.

Miss Fay Christ of Rochester spent the week end at the home of Mrs. Susan Eaton, Eaton drive.

The annual King's Daughters picnic will be held Tuesday afternoon, and evening, June 16, at the Grennan Ranch House, Six Mile road. Each member is requested to bring a passing dish and her own dishes and sandwiches.

Miss Ruth Mary Baldwin of Northville, a junior in Albion college, has been chosen as the delegate from the Albion chapter of the Delta Gamma sorority to the annual convention to be held at Lake Placid, N. Y., the latter part of June.

Mrs. Ida B. Cooke, who was unable to meet her school classes for several days because of illness, resumed her work Thursday afternoon, May 28. Although her pupils worked pleasantly for the substitute teacher, Mrs. Leslie G. Lee, they were happy to have Mrs. Cooke return. She is one of the most popular teachers in the school system with the pupils.

An advance of \$140,000 from next year's state relief appropriation was granted to cities, villages and townships in Wayne county, outside Detroit, by Gov. Frank D. Fitzgerald Tuesday on appeal from a special committee headed by Mrs. Ruth Huston Whipple of Plymouth. Supervisor W. A. Ely of Northville township was a member of this committee.

Double Feature Pictures Are Booked.

This Week at Penniman-Allen Theatre

What is heralded as one of the maddest, marriest comedy romances of the season, "Snows Under," a First National picture, opens at the Penniman-Allen theatre today. The picture is enacted by a brilliant all star cast which includes George Brent, Genevieve Tobin, Gladys Farrall, Patricia Ellis, Frank McHugh, John E. Hodge, Porter Hall and Helen Lowell. The action takes place in a New England farmhouse where a young playwright, who is madly trying to finish a new drama, is snowed out by two ex-wives, a new sweetheart, the lawyer for the second wife and a sheriff who is seeking to land the author in jail for failure to pay his alimony. "MY MARRIAGE" The stories behind the gripping headlines of today's newspapers; the joy haunts and mobbery of society's elite; the menace of the underworld—these things create the dramatic situations of the enthralling Fox picture, "My Marriage," which opens Wednesday, June 10, at the Penniman-Allen theatre. With Claire Trevor in the leading role—more lovely and effective than ever before—it tells of a girl who silently endured the ostracism and persecution of society because of the strange death of her father; but who uncovered secrets that were social dynamite, to win back the love of the man she loved. "The first dramatic impact of the story occurs when Miss Trevor's father is killed and police reveal that he, who was one of society's favorites, was actually a powerful racketeer. After thrilling encounters with underworld killers, the picture moves rapidly to its emotional climax as the girl is taken back by the society which had marked her as an outcast, restored to her position and the love of her husband."

"ROAD GANG" A picture of raw, stark realism, said to bare the terrors proscribed are subjected to in a penal institution run by grafting politicians, comes to the Penniman-Allen theatre today under the title of "Road Gang."

Mr. and Mrs. John Butler and family have moved from Farmington township into a house on Walpole Lake road recently vacated by William Holmes and family, who have moved near Milford. Harold Hadley was in town Thursday, greeting friends. He and Mrs. Hadley and small daughter are located at Litchfield. Nov 10 has free open air moving pictures every Tuesday evening, sponsored by the business men of the community. Mrs. Emma Yates of Detroit called on Mrs. Frances Davidson, Sunday. Mr. and Mrs. Jack Harden became grandparents when a daughter was born to their son, Alvin and daughter-in-law, at Detroit, Saturday, May 30. Mrs. Harden is staying at the home of her son this week. The Hicks families held a reunion Sunday at the old homestead on 11 mile road where Mr. and Mrs. Harry Shively live. A cooperative dinner served on the lawn was enjoyed. Mrs. Rose Hicks Waters from Harlowton, Mont., who has not been at her old home for 14 years, was present. Other guests were present from Muskegon, Detroit, Whitings Lake, Northville and Nov 10. The many friends of Ed. Seely are glad to learn that he is much improved. Mrs. Carpenter of Milford is staying at the home of Mr. and Mrs. Walter Tuck, while Mrs. Tuck is convalescing from an illness. John Markos, formerly of Romulus, is having an implement shop built on the corner of 11 mile and Grand River roads. He will handle a full line of farm machinery and repairs and also do blacksmithing. He and his family expect to live in Nov.

The health class will meet at the school building Monday afternoon. There will be a demonstration of the proper way to make a mustard poultice.

SALEM NEWS

BRUCE TURNBULL ELECTED PRESIDENT OF SENIOR CLASS

C. Arnold Is Vice President;
Mary Gregory, Secretary;
E. Hill, Treasurer

Elections for next year's class officers were held Thursday, May 22, at the high school. This year's juniors elected Bruce Turnbull over Scott Cole and Doris Lebbitt for their senior president. Carl Arnold was made vice president; Mary Jane Gregory, secretary; Eleanor Hill, treasurer, and James Hochkins, alternates to the student council.

Bruce has been on the champion basketball team, baseball team and is a Boy Scout. He also takes active part in class undertakings.

The sophomores made Cecil Giles president; Albert Roelens, vice president; Margaret Garden, secretary; Keene Bolton, treasurer, and Gwendolyn Jones, alternates.

The freshmen, unlike the eighth graders, gave a monopoly of the offices to boys with Billy Schoultz as president, and Alfred Cousins, Catherine Bieri, Donald Armstrong and Louise Alexander following as vice president, secretary, treasurer and alternates in the order named.

Mrs. Cooke's eighth graders, who next year enter the senior high as freshmen, threw three of their most prominent offices to girls. Rose Mary Rennie was elected president; Mary Potter, vice president; Purma Gotro, secretary; Donald Green, treasurer, and Roger Miller, alternates.

Seniors Who's Who

DOROTHY FREEMAN

Dorothy is a Northville girl, having been born here on July 7, 1918. She's been a pupil here for all 12 grades.

You probably remember her as the "ver" "ver", snooty mother in the junior play, and also as the society lady in the senior play. She is in the choir.

Her main ambition is slightly different from most students. Above all, she wants to finish a greater work, been knitting for the past year or so. Dorothy likes to fly (in an airplane) and to read and eat.

She wants to be a teacher in the primary grades and would like to go to Ypsilanti State Normal.

ISABEL TEWKSBURY

"Tewksy" was born, Nov. 26, 1918. She, too, like Dorothy, has been a Northville all her life.

Isabel was on the girls' basketball and baseball teams and is in the choir. Her operatic career began in "Lakshmi" and just this year was Poor Little Buttercup in "H. M. S. Pinafore."

"Tewksy" likes music and sports. She plans to be a secretary and will probably go to the Business Institute in Detroit.

ISABEL TIBBLE

Would you believe it? Isabel went to Plymouth for a year and a half of school, but decided Northville was best. Which reaction is quite natural, since she was born here on June 27, 1918.

She is secretary of the senior class, had the lead in "H. M. S. Pinafore," was in "Lakshmi," a couple of years back, and has been a member of both choir and glee club for her four high school years.

She likes all sports and singing. This is what she wants to take up—a course in beauty operating. She hasn't decided what school she will attend.

GERALD TROTTER

Gerald Fyfe Trotter, N. H. S.'s most ardent baseball fan, was born Jan. 11, 1917, in Detroit. He attended three different schools before moving to Northville to attend the fifth grade. Gerald went to Novi from here and then came back to school in Northville in the 10th grade. He has been active in athletics, basketball, golf, baseball and track. Golf and art work are his hobbies. Gerald took part in the senior play and was one of the commissaries which made the J-hop a success. He is going to Michigan State next year to school but hasn't decided on the course. Public speaking, sciences and history, are his favorite studies—Ginger Rogers, Claudette Colbert, Paul Muni and James Cagney, are his favorite movie stars. And so ends "Jerry's" life history.

'ROUND THE SCHOOL

Dr. Austin, a representative from Michigan State college spoke to several senior class members. He gave us advice that is well worth remembering. Dr. Austin stated that the first factor necessary to succeed in life is good health. Quoting from his talk, he said that boys and girls who drink and smoke are just ruining their chances for success, especially when in high school and college. Dr. Austin's speech was very helpful. He did not preach, it was all told in a way that pleased us all. He also said it was a good idea to not be too hasty about choosing your career in high school but to wait until you get in college so you may get a general idea about various phases of other fields of work you might be interested in. Dr. Austin warned young people against taking jobs that were merely for making money. He said you should choose a job that you like and will enjoy in future years. He also suggested taking a vocation that has a future in it.

Did you notice the stern face Mr. Lee had Wednesday. The Palladium must be published at least before school is out.

MARINE CORPS NOTICE SENT TO HIGH SCHOOL

The following notice was sent to the Northville high school authorities from the United States Marine Corps:

During the next few months the Marine Corps will accept young men for enlistment. The requirements for enlistment are in general, as follows:

Age, between 18 and 25 years, height, between 5 feet 4 inches and 6 feet 2 inches; education must have a high school education or the equivalent; character must be able to furnish references as to good character; physical must be free from physical defects.

Upon enlistment all applicants are immediately transferred to the Recruit Depot, Parris Island, S. C. for a training period of from six to ten weeks. When this training period is finished these men are transferred to various shore stations in the United States and in foreign countries or to duty on board the larger ships of the fleet. Marines are stationed in practically all the larger seacoast cities of the United States. There are marine also on duty in Hawaii, Guam, Shanghai and Peking, Cebu, the Philippines, Guantanamo Bay, Cuba, the Virgin Islands and the Canal Zone.

Enlistments are for four years and for general service only. Detailed information may be obtained by writing to the Officer in Charge, Marine Corps Recruiting Station, Room 224, New Post Office Building, Chicago, Ill.

SOCIETY

Another gal is one year older, or at least she had a birthday party and that usually means something along that line. After all this, may I tell you that June King had a birthday party last Wednesday night? She got some lovely things as the boys and girls each pitched in and bought her a present together. By the way, she blew out 16 candles and there were just two left, so that will give you a hint as to her age. Just two years to wait for your wish, June, but if it was any good, it will be worth it. A great many people too many to enumerate were there.

Betty Greer also gave a party. Thursday. This club has the "reveling" set of initials, S. D. C., and they are very particular about the "D," so it must mean something important. Of course, as at all club meetings, refreshments were served.

Ruth Gotro had a grand time on Belle Isle, Saturday and didn't even complain about the crowd, which couldn't have contained many of the Northville high-gang as they didn't seem to go much of anywhere. Frances Alexander did. She spent the whole week end in Traverse City and visited Interlochen, the music camp.

Our horse women, Nan McLoughlin, Betty Schrader and Barbara Phillips, went up over Memorial Day to the Lansing horse show. Kathryn Marburger, who seems to be really going somewhere with riding, rode and won a ribbon, too. Who'll be the next one to bring an honor to dear old Northville high?

BACCALAUREATE SERVICES JUNE 14

Baccalaureate for the class of '36 will be held at 8 p. m. Sunday, June 14, at the Presbyterian church house with the Rev. H. G. Whitfield delivering the address. The 60 members of the graduating class will attend.

Last year the service was held in the Methodist church and the Rev. Mathison officiated. The various members of the clergy take turns presiding at this ceremony. As in the past, a number of the juniors will usher and the public is invited to attend.

SEWING CLASSES ARE ON LAST PROJECT NOW

The senior girls are busily engaged finishing their last project in sewing—their graduation dresses. Mrs. Claude M. Zimmerman, home economics teacher, announced that the dresses must be completed by June 12. They will be judged June 15 by the Women's club and will be on display June 16 in the home economics room in the high school.

The seventh grade sewing pupils are finishing their cotton dresses, their last project of the year.

The ninth grade sewing girls are finishing their summer suits and sport dresses. They have been studying color harmony and in connection with this study, they have made booklets.

ALL SENIOR HOURS TO BE IN BY JUNE 9

All senior hours must be turned in and recorded and all money belonging to the class must be given to the treasurer by June 9. On June 10 there will be a class meeting in which the final figuring of hours will take place. Before that time students who cannot take the trip should turn over their hours to the whole group. Tell Isabel Tibble or one of the sponsors that you wish to give up your hours. Those going will then know exactly how much money they will need to give to Mr. Amerman for the trip. Do not forget to have all this done by June 9.

DID YOU NOTICE

The technique Paul Beard has of asking ladies to ride? If they refuse, he shoves them into his car, anyway. Ask your editor—she knows.

Rita Springer attempting to conceal her gum from the teachers? After all, Rita, your hair is not a place to hide this jaw lubricant.

The serious look upon Doc Hines' face? He has accepted the position of chief advisor to Ruth Reed. His word is law!

I. Young's face last week? He has discovered a hidden talent. Who knows perhaps some day he'll be signing autographs in Hollywood.

That politics has entered into the junior class? It is quite difficult when you are required to choose between H. Johnson and M. Gregory for secretary. To illustrate how difficult it was: The pupils voted three times and all three times a tie—somebody had to cut the gordian knot and so H. Balke was the hero, resulting in M. Gregory being the winner.

Mariane Nelson? She is seeing quite a lot of a former COC youth. His initials are J. S.

And while we're on the subject, have you noticed J. Grovener and C. Hinchman? They really are a charming couple.

The distraught faces of our physics students? Being assigned a year's work to be completed in a short time is definitely not an occasion to be celebrated. However, some of those students had a premonition of fear when they purchased those work books.

L. Young has a new girl? Maybe it's E. Rex. Wonder what Fred J. thinks?

Grade Notes

Miss Selma Jarvis' first graders are having reading tests this week. They are quite proud of their 20 new copies of "Peter's Family," a reading book.

Tommy Shoebridge has returned to their ranks after a long absence because of quarantine.

The second and third grade, under Mrs. Reng, were given achievement tests in which the majority showed gains over last year. The average score of one third grader was that of three months past the beginning of the fifth grade, meaning that this pupil's achievement was equal to that of a fifth grader, three months after the opening of school. A second grade pupil tested fourth grade and three months.

Mrs. Babbitt's class is busily making maps of Europe. They miss Donald Stevens, who has been ill the past week.

N. H. S. DEFEATED BY TRENTON HIGH

By EDWIN HILL

To avenge their defeat here at Northville, a short time ago, the Trenton team on their home lot, goose-eyed Northville into the zero end of a 5 to 0 count.

The Trenton pitcher had the stuff and had it most of the time. He allowed Northville to get one measly lone hit, and that, by Pitcher Stumpy Hochkins, when there was only one man to reach third. Avery gave a fine exhibition of hurling. His support also was nearly faultless for only one error was made.

As a matter of fact it was Trenton, Trenton, Trenton, most of the time. Because in the first frame they got away to a three-run lead on three hits which proved enough to win the contest.

However, in the fifth and sixth Trenton scored two more runs and the game ended.

The final score: Northville—No runs, one hit and errors.

Trenton—5 runs, 9 hits and one error.

CLASS NIGHT PROGRAM HELD IN GYM, JUNE 16

Finished material for class night must be handed in to Miss Dorcas Corrin by June 9. Miss Corrin announced that on June 12, the first practice for class night will be held, and each person on the program should select a member of the faculty committee to be responsible to. Miss Corrin stated that class night will be held in the gym this year in order to accommodate more people. A stage will be put up and the setting will be a music shop. According to Miss Corrin, plans are progressing rapidly and she expects class night to be a success.

THE OBSERVER

The regular observer is resting this week after observing many of our prominent and noteworthy students. She claims she is almost out of material, but yours truly has found a person she seems to have overlooked or underestimated. It's going to be a real riddle this week.

She is a senior girl with dark, curly hair and fair skin. She is rather tall and slim and is trying to gain weight. This person is seen scuttling around every second hour for a certain science teacher. Her pet (purr?) is bookkeeping. She is quiet and does not display everything she has or knows. She is the star editorial writer on our staff and has a keen sense of humor.

Westphall, C. A. Blauvelt
Hardesty, B. A. Runtz
Way, B. A. Robinson
Giles, L. F. Flaishans
Trotter, R. F. Reabe
Hanson, in right field, was the only substitution.

The only complete low-priced car is the most economical car to own

In all your investments—watch costs! In all your pleasures—watch costs! Keep them low and you will keep savings and satisfaction high!

Owners will tell you that the new Chevrolet for 1936 is the most economical of all motor cars.

It costs less to buy. It costs less to operate. It costs less to maintain over a period of months or years.

And, in addition to giving you economy without equal, this new Chevrolet will also give you enjoyment without equal, because it's the only complete low-priced car!

It alone brings you the safer, quicker, smoother stopping-power of New Perfected Hydraulic Brakes, and the maximum

overhead protection of a Solid Steel one-piece Turret Top. It alone brings you the unequalled gliding smoothness of the famous Knee-Action Ride. It alone brings you the more healthful comfort of Genuine Fisher No Draft Ventilation—the greater driving comfort of Shockproof Steering. And it alone brings you the combined performance and economy advantages of a High-Compression Valve-in-Head Engine—all at Chevrolet's remarkably low prices!

You'll thank your own good judgment for buying a Chevrolet, because it gives more for less, and that is the secret of all wise investment and all wise pleasure. See your Chevrolet dealer—today!
