## SIGNERS SEEK TO REGULATE LIQUOR LAW

Circulate Petition Sunday  
at Methodist Church,  
Baptists to Sign.

Some twenty-four members of the Methodist congregation Sunday morning signed a petition to regulate the sale of liquor in Michigan. This petition will be circulated in other village churches during the next few weeks.

The petition asks that no licenses be granted for the retail of liquor to be consumed on the premises in any village or city in the State in excess of one license for each thousand persons or major fraction according to the last federal census.

It further restricts the sale of liquor by making it unlawful to sell, give away, or furnish any alcoholic liquor on the following days: Sunday, Christmas, Thanksgiving, primary, general or municipal election.

In addition it seeks to prohibit a license from being granted to a person to open or conduct a place for the sale of liquor to be consumed on the premises located outside the limits of an incorporated village or city, except in areas where the police or constable are on full time duty.

Such places in the village may not be operated within 400 feet from a church entrance, located outside an exclusive business zone, or within 400 feet of a public or parochial schoolhouse, or in an exclusively residential section.

Minors, under the provisions of the petition, not 21 years of age, will not be sold liquor. Anyone under this age limit cannot legally visit or remain in any room where liquor is sold, unless accompanied by his father or legal guardian.

Likewise it is unlawful to sell or give away liquor in any concert hall, theater, dance hall or other place of amusement, or in any room adjoining and opening into any such entertainment room.

Liquor can be sold only from 7 a. m. to 11 p. m., or by special legislation from 6 a. m. to 12 p. m.

Women are to be barred from employment in such places. This does not apply to women employed in other parts of the building attached to and opening into such room. Any woman so employed would not be permitted to enter the room where liquor was sold for any purpose whatsoever.

Persons violating this act would be punishable with a six months sentence in a county jail or a fine not exceeding \$500. A second offense would bring a prison term or a maximum fine. Third offenders would receive the maximum fine and prison term.

## FIRST HEAVY SNOW BLANKETS VILLAGE

Hunters' Return from North  
Country Outings with  
Moose and Deer

Returning to the village Monday evening from Algonquin county about Saint-Sauveur, where the temperature was as low as 17 below, Dr. A. A. Holcomb and Butch Balden found Northville's first heavy snowfall and thermometer register of 19 degrees much warmer than the cold north where they had hunted for three weeks.

"We had a good time and got into quite a bit of snow," said Dr. Holcomb Tuesday morning. His game bag holds a moose and a deer, evidence of his good shooting.

Dr. and Mrs. L. W. Snow, who have been hunting since Thursday at Macmillan, returned home Monday morning with a deer. No reports have come from Orlov G. Owen, Victor J. Lumley and Maurice J. Lapham who left late Saturday night for the Owen camp at East Tawas. They are expected home Wednesday afternoon.

"We don't really expect to get a deer, but we'll have a good time," said Mr. Owen as he and Mr. Lapham completed plans Saturday for their outing.

With weather reports forecasting continued low thermometer readings, the village has a possibility of wearing a white blanket over Thanksgiving.

Sault Ste. Marie held the low temperature record for Michigan Monday morning when the thermometer registered 4 degrees.

## WRITER DIES

Final expressions of tribute were paid Friday afternoon to Mrs. L. W. Linton, a writer of some note who won her way into the hearts of neighbors and club women here in a short time.

## T. EDMONDSON BUYS LOCAL FORD AGENCY, COMES FROM DETROIT

A. M. Rennie, C. L. Mahrie  
Continue Car Business at  
Five Points

Tom Edmondson is the new authorized Ford dealer in the village, having purchased last week the stock owned by Rennie-Mahrie, Inc.

Alec M. Rennie and Carl L. Mahrie, who came to the village more than a year ago to manage the Ford sales here, will continue in the car business at the present time at their used car lot at Five Points.

Mr. Edmondson comes to Northville from Detroit where he has been in the automobile business for the past seven years. Previous to his work in Detroit, he was in the same line of business in Farmington.

With Mrs. Edmondson and two daughters, Dorothy, 6, and Marjorie, 11, Mr. Edmondson plans to make his home in the village.

Commenting upon his first few days in Northville, Mr. Edmondson said, "I am more than enthused with the reaction the new Ford is treating. During the first week, more than 25 models have been sold here. The reception has been wonderful and I expect big things during the next year," he affirmed.

"I extend to everyone a welcome to our sales room and for a ride in the new car. I am anxious to get acquainted in Northville," he concluded.

## SENIOR PROM DRAWS PATRONAGE TONIGHT FROM LOCAL GROUPS

Courtesy Orange and Black Bruce Turnbull, president of the senior class will lead the Grand March with Doris Laibitt, when the seniors give their Prom, Nov. 27, Fergie's orchestra will play and there will be special music during the intermission.

The orchestra committee which selected this orchestra is composed of Harry Richardson, Betty Van Hore and Jane Grosvenor.

The decoration committee headed by Scott Cole, assisted by Helen Johnson, Mary Jane Gregory, Betty Van Hore and Fred Casteline, promises something different.

The chapter committee of Dorothy Niles and Ira Davis has chosen the following parents and teachers: Miss Geraldine Huff, Mrs. Ida B. Cooke, Mr. and Mrs. E. L. Johnson, Mr. and Mrs. C. B. Turnbull, Mr. and Mrs. Ray Casteline, Mr. and Mrs. Sherrill W. Ambler, Mr. and Mrs. Myers, Mr. and Mrs. George Simmons, and Mrs. J. A. Cole.

Lucille Simmons, George Westphal and James Hochkins, the invitation committee, have sent a great many invitations. The programs are also ready.

The advertising has been in the hands of June Denne and Leonard Young.

During the evening, punch will be served with Lillian Fritz, Theda Fritz, Mary Chesbro and Marjorie Chase in charge.

Russell Sears, August Card and Frances Huff will manage the coat room. The seniors hope everyone will patronize the prom, Nov. 27.

## FRIENDS PAY TRIBUTE TO MRS. LINTON

Final Rites Are Held Friday  
in Presbyterian Church  
for Village Writer

Impressive funeral services were held for the late Mrs. L. W. Linton in the Presbyterian church Friday afternoon. Her pastor, the Rev. Harold G. Whitfield, who was a close friend of the family officiated, carrying out the requests made previously by Mrs. Linton.

Her favorite chapter, the eighth chapter of Romans, was read and the story of her own life, written by herself. Mr. Whitfield spoke feelingly of the wide influence of this quiet woman who had made more friends in her short stay in Northville than anyone knew.

Mrs. M. J. Koidyke sang beautifully, "No Tears in Paradise."

The King's Daughters, to which Mrs. Linton belonged, attended the service in a body and acted as honorary escort. Pallbearers were Masonic brothers of Mr. Linton: E. H. Lapham, E. M. Bogart, John Litsenberger, H. D. Dean, Chas. L. DuQuar and W. P. Lyons.

Interment was made in Grand Lawn cemetery, near Redford.

## EMPLOYEES RECEIVE SECURITY BLANKS

Post Office Sends Out 350  
Forms Tuesday; Deadline  
Is Dec. 5

One hundred twenty-five Northville employers met the Nov. 21 deadline for the return of the social security blanks issued from the local post office last week. Only 25 blanks have not been returned and of this number several will be sent to Detroit offices where the employers' payrolls are paid, affirmed Postmaster Fred E. VanAlta.

Tuesday, Nov. 24, 359 blanks were issued here to employers, exclusive of the Ford and Edison personnel. These forms are to be in the post office by Dec. 5. They may be sent through the employers, or should the employers wish, they may be taken or mailed directly to the office. The information on the cards is confidential, said Mr. VanAlta.

The forms ask: The name and address of the employer, the name and address of employee's employer, age and place of birth, father's and mother's name, sex and color.

Beginning with Jan. 1, 1937, the employee will pay to the government one per cent of his wages and the employer will pay one per cent of his payroll. The taxes will gradually increase, until in 1949, the employer and employee will each be paying a three per cent tax.

With the filing of the cards signed by millions of men and women throughout the country, America's first government old age benefit pension becomes a reality. Payment begins upon retirement from business anytime after 1936.

If any employee should die before the age of 65, his family will get a payment in cash, amounting to 3 1/2 cents on every dollar of wages he had earned after 1936.

All taxes will be collected from the employers. The employees' taxes will be taken out of their pay checks. Wages earned in employment as farm workers, domestic workers in private homes, government workers, and on a few other kinds of jobs are not subject to this tax.

## W. H. YERKES HOME SOLD TO DETROITER

One of Northville's historical homesites will change hands for the first time in 30 years when the residence of Mr. and Mrs. W. H. Yerkes, East Cady street, will be taken over by Mr. and Mrs. Walter Ceuse of Detroit, Dec. 10.

This place was known as the "Used home" up until the time of the marriage of Mrs. Yerkes. A spacious lot slopes off at the rear where a flowing spring makes a picturesque pool surrounded by great oak trees. Mr. Ceuse, an engineer in Detroit, will commute to the city daily. There are two young children in the family.

After spending the winter months in Florida, Mr. and Mrs. Yerkes will make their home in the house owned by Mr. Yerkes on Griswold street.

## THANKSGIVING MESSAGE

By The Rev. Kendal S. North, Baptist Minister

"Be glad in the Lord ye righteous, and give thanks to His Holy Memorial Name," Psalms 97:12.

Thanksgiving day has come again. The people will observe it in many ways. For some it will be a day of feasting, others will gather for a time of fun and fellowship with relatives and friends and many will take to the highways and enjoy the beauty of God's wooded temples. But in the joy and glamour of our fun-making and feasting there will be hundreds who will forget the origin and the historical significance of the day. It is a day set aside in which to give our hearty and grateful thanks to God. A day when we should bow in silent and reverent thankfulness to The Heavenly Father, thanking Him for His kindness and mercy.

We thank God for the freedom He has given us. We dare not think of Thanksgiving apart from this. For was it not religious oppression that drove the Pilgrims from Europe and resulted in the setting up of their colony on the bleak shores of New England where they might worship God according to the dictates of their own conscience? And was it not in that same colony that these men met and gave thanks to God for bringing them safely through the hard cruel winter? Freedom is a God given right, but it has always taken suffering to purchase it. Let us thank God for our freedom of thought and soul.

Oh, there is so much to be thankful for on this day. We have but to look at the headlines of any newspaper to see the awful suffering brought on by war. Let us thank God that the time is yet in this beloved country of ours that we can settle our political differences with the ballot, and need not resort to the bullet. Let us thank God for the hundreds of good men and women, the scores of friends, the great institutions and all the comforts of modern life that sometime become so commonplace that we fail to appreciate them.

We thank thee Lord for all thy eye,  
For countless blessings from above;  
From north to south, from east to west,  
Thy glories shine and man is blessed.

In every zone, in every clime  
We hear thy praise; its happy chime  
For sun and moon and radiant stars,  
And all the glory night unbars.

For every flower that decks the way,  
For all the birds with song so gay,  
For smiles upon each human face,  
For all thy wondrous love and grace.

Lift up your heart, lift up your voice.  
Give thanks to God, rejoice, rejoice,  
Into His courts we'll make our way  
And praise Him on Thanksgiving day.

## E. L. SMITH MOVES OFFICE NEXT MONTH

After occupying the present location for over ten years, the real estate office of Elmer L. Smith will be moved almost directly across the street to the east side of the Richardson building. The move is expected to be made about Dec. 1.

It is an interesting fact that the present office was purchased by Conrad E. Langfield and Mr. Smith when it was the old fire hall of the village. It was remodeled into its attractive style and was occupied by the firm, Lorewell and Smith, realtors, for eight years. The new office will be much more spacious and modern with a private office at the rear.

## HOLD INSTALLATION

The installation of the officers of Orient chapter No. 77, O. E. S., will be held at 8 p. m., Friday, Dec. 4, at the Masonic Temple. All O. E. S. members are urged to attend. Each member may invite one guest.

## CHURCHES HOLD THANKSGIVING SERVICES HERE

Catholics Observe Day of  
Praise Thursday with  
Special Mass

With the exception of a 9 a. m. service Thursday, Nov. 26, in the Our Lady of Victory church, Thanksgiving was observed Sunday morning in Northville's churches, thus for the first time in many years, eliminating the union observance of the protestants on Thanksgiving day proper.

Baptists who worshipped together Sunday morning heard their pastor, the Rev. Kendal S. North, bring to completion the series of sermons on "Deal Living." Working the theme of thankfulness and praise into his topic, Mr. North enumerated the things for which one should give thanks.

At the Methodist church the congregation listened to a Thanksgiving sermon by the Rev. Harry J. Lord, who explained how the Thanksgiving of today is a far cry from the first national Thanksgiving in 1779. "Our giving has become too much institutionalized. We give through so many sources that we can't realize the good that is being done," said Mr. Lord. He spoke of the hardship of having praise in the heart during times of sorrow and adversity.

Two anthems were sung at the morning service or the vested choir under the direction of Leslie G. Lee. "Praise to the Lord, the Almighty" by Bach and "The Lord's Prayer" by Malotte were the selections.

The Rev. Harold G. Whitfield, minister of the Presbyterian church, developed the theme of the season of praise by showing the value of gratitude to the individual and the need for cultivating a spirit of gratitude and thankfulness. He said Mr. Lord, "deploring that fact, the Thanksgiving day has been somewhat neglected in the past."

## SCHOOL CHILDREN BEGIN STAMP SALE

Mrs. R. Coolman Completes  
Distribution Monday; Closes  
Campaign Dec. 10.

Monday saw the beginning of the annual "fight against the white plague" through the sale of Christmas tuberculosis seals headed by Mrs. Robert Coolman, chairman of the campaign for Northville township.

Appropriately the sale is waged primarily through school children, a fight of youth to save youth—for it is children and the adult children who make up for the most part the army of victims of the dreaded disease, which is combated here, to marvellous extent, by the Maybury and Eastlawn sanatoriums.

"Approximately 10,000 seals were distributed Monday to school pupils in the first eight grades for the local door to door canvass. Joining forces with the Northville schools in the sale are four schools in the rural districts including Thayer, McKay, Base Line and Seven Mile," explained Mrs. Coolman.

"As I understand it, no prizes will be awarded this year for the rooms and schools which sell the largest number of stamps," she affirmed.

According to last year's tabulation, the total sale for Northville township was \$124.33, slightly lower than that of the previous year. Mrs. James A. Congo's third graders were top salesmen, turning in \$16.92 for their efforts.

In the rural division, the Base Line school was high with a sales total of \$9.82.

The official date for ending the campaign is Dec. 10. However, we can extend the sale beyond that time if we wish," affirmed Mrs. Coolman.

In taking over the Christmas seal campaign, Mrs. Coolman succeeds Mrs. H. H. Birkart.

## LEAVES VILLAGE

The Rev. Harold G. Whitfield, pastor of the First Presbyterian church, will leave Northville early in December to accept a pastorate at Hibbing, Minn., a city of 17,000 population. Coming to the village will be Hibbing's minister, the Rev. Thomas W. Smith, who has spoken in the Presbyterian pulpit here on a number of occasions during the past few months.

## DR. SLADEN FINDS RELIGIOUS CURES THAT ARE WORKABLE

Detroit Physician Speaks  
to Methodists Sunday  
Evening in Village

Dr. Frank Sladen, physician-in-chief of the Ford hospital, talked informally Sunday evening in the Methodist church on some of the amazing experiences physicians face daily in their professional field.

"These amazing experiences are often amazing miracles that are beyond a scientific explanation. They are things that are supernatural. But the most amazing thing in this amazing world that is constantly before physicians is the human mechanism—a most perfect order. This alone is evidence enough for me that there is a power above that of humans—a God," said Dr. Sladen.

Sounding a warning note for America's future, Dr. Sladen referred to communism as an anti-church movement. "The Fascist government makes the State the God," affirmed the speaker.

"The ills of the social order can't be cured without first healing the ailments. It is impossible to be physically well and unhappy. We're too much concerned with non-essentials and little attention is given to the big things—the wheels that move us," continued Dr. Sladen.

In diagnosing the ills of the spiritual ailments, Dr. Sladen made four issues: Lack of expression; gap between belief and action; lack of experiencing God's power; and lack of conviction.

## BAPTISTS FASHION NEW DOLL STYLES FOR BAZAAR SALE

By MRS. D. R. MILLER

The "Roll Shoppe," one of the outstanding features of the Baptist bazaar last year, will again be an attraction at the bazaar when it is held Dec. 4-5, this year.

Work is already being "done" to prepare the latest styles for 1937 in the famous "Patsy" and "Shirley Temple" line that will come in a variety of styles in sizes 16, 18, and 22 inches, also an assortment of "baby" garments for the baby dolls in sizes 3, 11 and 13 inches. Doll quilts, washable and quilted like mother's, may also be purchased for baby's comfort. They will be available in miniature Dresden plate pattern, patchwork and applique. Wise mothers are already planning to purchase these novelties.

There will also be novelties of various kinds from the Eastlawn sanatorium.

A new feature this year will be children's clothing ranging in sizes from 2-10 years. Aprons, pillow cases, knitting bags, handkerchiefs and other items will be on display.

Mrs. Roy Matheson will have charge of the baked goods and potato plants.

## H. G. WHITFIELD ACCEPTS CALL TO HIBBING

Dr. Thomas W. Smith Comes  
to Northville to Serve  
Presbyterians

After completing a seven-year pastorate at the Northville Presbyterian church, the Rev. Harold G. Whitfield announced this week that he had accepted a call to the Hibbing, Minn., church, with the Rev. Thomas W. Smith of that city, accepting the charge here.

It is likely that the move will be made the week of Dec. 13, commented Mr. Whitfield as he spoke of leaving the village.

Since coming to Northville exactly seven years ago in December, Mr. Whitfield has witnessed the completion of the church's most outstanding achievement in many years, the building of the \$22,000 church house. It was for this building project that Mr. Whitfield devoted a great deal of time, doing much of the canvassing himself. This plan was given substantial financial support by the late Mr. and Mrs. Paul H. Greenan.

Much of Mr. Whitfield's time while here has been centered on the work of the church school which has become highly departmentalized through his influence. The church membership books carry 103 more names than they did when Mr. Whitfield first came here.

## WILLIS COMMENDS DISEASE EDUCATION

Newspapers and Radio Back  
Programs Telling Stories  
of Tuberculosis

In a press conference with members of the Maybury sanatorium staff, Dr. H. S. Willis, superintendent, commented upon the cooperation tuberculosis fighters are receiving through the newspapers and the radio in an effort to educate the public in this field.

Dr. Willis is quoted in the Occident issue of the Fluoroscope, which has just come off the press, in the following manner:

A good many questions have come in regarding the radio broadcasts and the newspaper articles which have brought tuberculosis to the attention of the public in recent days. These messages are the result of concerted effort on the part of the Health Department, Wayne County Medical Society, the management of the Detroit Hops and radio station WJW, and numerous public spirited citizens of Detroit. It is the thought by those who know the tuberculosis situation that many early cases can be detected by modern case finding methods at a time before they would spread infection to others.

To wipe out tuberculosis has long been a hope. Conventions indicate that it is now more than a mere hope; that a frontal attack, if aggressive and of sufficient duration, will go toward removing the disease from our midst—certainly as a major cause of death. There should no longer be an "irreducible minimum" beyond which we cannot go in this disease. All of us—patients, relatives, friends, and the entire community—can help by thinking intelligently, by seeing our physicians for at least an annual health survey and for professional attention whenever we have a cold or symptoms that make us anxious to know that we do not have tuberculosis.

## LIGHT FLYMOUTH ROAD

Commissioner Elmer Berris plan for improving the approach to Northville on the Plymouth road includes the installation of boulevard lights down the center of the park way from the springs to the Seven Mile road.

Investigation as to the best and practicality of the proposal is underway with the public utilities and finance committees of the village council considering the plan. It is believed that six additional lights will make the drive into Northville attractive and be an aid to motorists.

## JUST STEP IN AND SEE THEM

We never saw the Northville stores look more ready for the Christmas shoppers. In fact, did Northville ever have as many and as good stores as it has now? No question of it; our retail section has brightened up a lot. The same kind of goods that go into the city stores come into the Northville business places and they often go out of these home stores at a lower price than in the city stores where overhead is higher. For example, the identical Grand Rapids furniture is cheaper here than in Detroit.

The dollar spent in Northville doesn't always come back to you directly but certainly it always comes back indirectly. The money spent in the home business places sooner or later finds its way into making better schools, more attractive homes and streets, better fire protection, better churches and more substantial business places.

Your Christmas shopping in Northville will bless you and a whole roll call of other folks. Try it this week and next.

## SCHUMANN HEINK'S GREATNESS

The one and only "Mother" Schumann-Heink is dead. The metropolitan papers from coast to coast carried her picture on the front pages of their papers and literally millions who had heard the golden voice, mourned her death.

What made her great? Not alone her incomparable singing, for great singers come and go. Just as big as her singing was her love for the folks around her, for people everywhere. Just as glorious was her marvelous courage. As The Detroit News well said: "If ever a head was bloodied but unbowed, it was hers. . . . She fought on, unconquered, unconquerable."

"Greater love hath no man than this, that he lay down his life for his friend." Ernestine Schumann Heink laid down her life over and over for those she loved. We should need only a few like her, scattered around the countries of the globe, to make this literally a warless world.

## WHAT MEANS THANKSGIVING IN 1936?

A lot of us get fooled in this business of living. That is something worth thinking about at Thanksgiving time.

We become obsessed with the idea that things are going to make us happy. We get the notion that if we buy a new car that a new brand of happiness will replace our present anxieties. We plan to do away with work and will put in an oil burner or a stoker to get away from the task of taking care of the furnace. The more THINGS we pile up around us, the happier we think we shall be.

THINGS are fine and grand—we all want them and rightly so. But things alone do not bring the supreme happiness which we all are chasing. Greed for things and more things can burn out the best in us and leave us morose and despondent. Covetousness has killed many a man.

Here at this Thanksgiving time, in Northville and in Michigan, if things mean everything, we should be supremely happy. Business is on the boom, the young men in our town are getting their big pay—it is big pay—at the factories; the farmers have had a good year; wages are going up in some places; a lot of folks are buying new automobiles; stocks are going up—and so are rents. If mere materialism means happiness, this Thanksgiving of 1936 ought to be the best for many years. The "depression" is back of us and the sun shines again. The "abundant life" should be ours, in good measure, if mere possession of material goods brings the abundant life.

The tragedy is that the abundant life comes not from a big Thanksgiving dinner or from the new automobile or from a large bank account—fine as all these things are.

The carpenter of Nazareth told us 1900 years ago how to attain the abundant life, at Thanksgiving time and every other time of the year. The greatest Teacher of all time wrote a Thanksgiving editorial that will, if you will live it out, give you the "abundant life" in a way that will literally astonish you. Read:

"And one of the company said unto him, Master, speak to my brother that he divide the inheritance with me. And He said unto him: 'Man, who made me a judge or a divider over you?' . . . And He said unto them, 'Take heed and beware of covetousness: for a man's life consisteth not in the abundance of the things which he possesseth. . . . The life is more than meat and the body is more than raiment. . . . If ye then be not able to do that which is least, why take ye thought for the rest? . . . For all these things do the nations of the world seek after; and your Father knoweth that ye have need of these things. But seek ye first the kingdom of heaven and all these things shall be added unto you.'"

## SOME FIGURES ABOUT ELECTION

The ten-million majority that President Roosevelt was given in the November 3 election was the largest, numerically speaking, ever polled in the United States. According to the United States News, published

at the nation's capital, both Harding and Coolidge had a bigger percentage of the vote in their landslides. Here are the figures: Roosevelt, in 1936, 62 per cent; Harding in 1920, 63.8 per cent; Coolidge, in 1924, 65.2 per cent.

In other words, six voters out of ten cast their ballot for Roosevelt this year. If, in four years, one of out every ten voters should turn against the president or his party, the election would be a tie. So there is every reason to think that we shall continue to have a republican party. It will be a good thing for the country if we do.

## BACK AT WORK—THANK YOU

After getting, accidentally, shot the evening of Armistice Day, in the Record office, and having a cheerful hospital experience and a good rest at home for a few days, The Record editor went back to his desk the last of the week. We feel fine, of course, a little chastened after such a weird experience. It was one of those things of chance that happens once every 50 or 100 years. Before it happened, we would have picked this little shooting as the last thing that would ever happen to us. You just never can tell! Any way you figure it, life is one big adventure.

We thank all those many folks, from all walks of life, who showed interest in our trouble. You submerged us with your kindly interest—and in some cases, with your prayers. Your sympathy and friendship should mellow our heart for many months to come. We thank you sincerely and deeply—every man, woman and child of you. (The most serious minded visitor we think we had in those days of being in bed was our 12-year-old niece from Detroit. Usually a very active and cheerful child, she came grimly up to our bed and quietly took our hand. "Well, Jane," the writer smilingly said, "what do you think of your Uncle Dick getting shot?" With sober face, as her tense lips opened, she replied: "I don't like it." This thought struck us like a flash: "That child realizes, better than I do, what might have happened.")

A quarter of an inch either way had that bullet plowed its course and we wouldn't be writing so optimistically this Friday morning. So grateful are we for being alive and well—even with a spent bullet in one rib—that we are going to leave the moralizing on what might or might not have happened, to wiser philosophers. "Watch your step,"—or as a doctor friend writes: "Keep your helmet on."

## NORTHVILLE'S YESTERDAYS

### 1 YEAR AGO

Charles Christensen, 57 years old, died at his home on Novi road, of heart trouble Friday evening, Nov. 22.

Attempting to close the door while her car was in motion, caused Mrs. Fred Wendt to suffer several broken bones and bad bruises Monday morning. The wind caught the door, hugging the driver to the road.

Edward George Gurl, 36, died suddenly from a heart attack in his home at 324 Plymouth, Sunday evening. Mr. Gurl had been a resident of Northville for the past eight years, coming here from Albion in 1927, to be a mechanic in the Al Zimmer garage.

Northville's oldest church, the Presbyterian, will celebrate its one hundredth and sixth anniversary this Sunday.

Herbert F. Whipple of 261 Fairbrook had what seemed to eye-witnesses a miraculous escape from death when his auto was turned over five times in a collision at Six Mile and Sheldon roads at 5:45 p. m. Saturday. Mr. Whipple was on his way to Detroit House of Correction to bring his father from work when he was home down upon at the intersection by a car driven by A. D. DeGarmo of Milford. The impact of the two cars wrecked both of them.

### 20 YEARS AGO

The last brick of our new school building was slipped into place last week. Thursday afternoon. Work is now going on rapidly in the inside of the building, with fine prospects of finishing on schedule time.

Miss Ruth Ellis is the new assistant in the post office.

The junior program last Monday morning consisted of a piano solo by Helen Hammond, a reading by Donald Durfee and a solo by June Filkins.

Work is progressing on the new house Ray Bogart is building on the lot just north of the Sam McLean residence on Grace avenue.

Mrs. S. F. Neal and little son left for Chicago yesterday for a week's visit.

It is not admitted that Northville's present shortage in water supply has any connection with the dry majority piled up here on election day.

Harry Clark is to have a big sale of 50 Holstein cattle, 65 registered, also horse, hogs, farm tools, milking machine, gasoline engine and other articles on his farm three miles west of town on the East Line road, Tuesday, Nov. 28.

### 30 YEARS AGO

Miss Emma Howland and Milton Burrow all of this place were married Tuesday at the home of Miss Howland's parents at Hudson. They will continue to make Northville their home.

Harry Corbett, who lived with his parents, Mr. and Mrs. Irving Corbett in the McKay house, Northville, died Friday night of last week after a short illness of typhoid fever.

A letter received this week by J. A. Dubnar from Fred Evans, better known to Northville people as "Chic" Evans, states that he has struck it rich in the West. He has a position with the Federal Mining and Smelting company at Burke, Idaho, at \$125 a month and will soon receive the appointment of postmaster at that place.

Governor Warner and Lieut. Gov.

P. H. Kelly were in town briefly Tuesday. Mr. Kelly wore as usual that broad irresistible smile as that broad irresistible smile as seemed also pleased that he had though the cares of a lieutenant-governor were not heavy upon his broad shoulders. Governor Warner was also pleased that he had though the cares of a lieutenant-governor were not heavy upon his broad shoulders. ## "THANKS A MILLION" FOR MORE THAN A MILLION

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of buyer preference it has ever enjoyed.

**CHEVROLET** The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people.

And so again at this Thanksgiving season we say, "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry. Consider, for a moment, all that you have done to inspire Chevrolet's appreciation during the past twelve months.

You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh time in the past ten years; you have given Chevrolet strong preference in

every section of the country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 205,000 commercial units; you have made 1936 the most successful year in all Chevrolet history.

And now, to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937.

It is difficult to express adequate appreciation for gifts so great and so generous as these.

All we can say is, "Thanks a million" for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer.

## Homemaker's Corner

**THANKFUL FOR FRIENDS**  
At Thanksgiving time when we were children our father used to lean back in his chair after the big dinner and say "And now, children, tell me what you are thankful for."

Our home, our food, even our toys were enumerated in the long list we made. Most of them were material things we were grateful for and we took them as our right, full due.

With the passing of years material things seem so unimportant and next to the safety of our dear ones we are thankful this year for our friends—friends whose wealth of

love has never been poured out more lavishly than during the past year. A little poem, written by Lulu Linton, will be prized by her many friends here who will recognize in the sentiment the kind of friend she was to us. It seems especially appropriate to be printed now.

**"God's Gifts to Me"**  
"God gives me friends!  
Although I don't deserve them—  
So oft I'm just a thoughtless,  
careless soul—  
But still he sends,  
I wish my love could serve them  
The while they help us onward  
toward my goal."

God gives me friends  
In place of fame and money.  
True friends, whose love lights  
up the pathways dim.  
The kind he sends  
Make all my days sunny  
And help me stumble up the path  
toward Him.

God gives me friends!  
And when my life is ended  
If in the gracious presence I shall be  
Of One who sends  
Life's joys and sorrows blended,  
I'll thank Him for the friends He  
gave to me.

## FOOD MARKET

## Advice

**TURKEY** will be served to most households this Thanksgiving for there is an unusually large crop of fine young birds being raised. They are relatively cheap, and a Thanksgiving turkey is a fine thing to have. The average turkey will weigh about 12 to 14 pounds. The best time to buy is in the morning, when the birds are fresh.

**CELERY**, white boiling onions, turnips, white and sweet potatoes, pumpkins, Brussels sprouts, are plentiful and either cheap or very reasonable. The more modern custom of serving a vegetable soup is being followed with artichokes, green beans, broccolis, peas and spinach at moderate cost.

**Cranberries** Moderate. For the third season in succession cranberries are relatively scarce, but nevertheless there will be plenty of them moderately priced for the holiday. CRANBERRIES, GRAPEFRUIT and TANGERINES are cheap. APPLES, PEARS and GRAPES are moderate.

moderate. There are CHESTNUTS for stuffing or making "dressing." WALNUTS and ALMONDS for salting or the fruit and nut centerpiece. MUSHROOMS are a favorite ingredient of soups, as are celery, onions and sausage meat.

**Fish** Scarce. Oysters Plentiful. Continued heavy weather has made fish scarce but OYSTERS are plentiful. Use them as an appetizer, or in stuffing or in a stew for Thanksgiving supper.

**EGG** prices have continued to rise. A drop which brought the retail price of BUTTER down since signs of being only temporary thanks to cold weather and increased consumption. Meat prices in general are steady to higher.

the ladies of the Methodist church and held at the school Monday night, was a pronounced success, both from the standpoint of attendance and proceeds. Over 200 were served, and gross receipts amounted to well over \$100. The object of the event was the raising of money to be applied on the church debt. The "money" momentary in the church now stands at the half-way mark.

The next supper with the same objective will be staged by the men, Dec. 16.

## MARSHAM WILL GIVEN RULING

**Court Prohibits Efforts to Change Will of Former Plymouth Resident.**

Efforts to declare the will of the late William F. Marsham null and void failed last week in California courts. According to a ruling of the court, the will drafted by Mr. Marsham, former Plymouth manufacturer, will stand.

The Hollywood Citizen-News carried the following account of the case:

"In complete vindication of the management of the estate of the late William F. Marsham by his widow, Mrs. Blanche C. Marsham, as executrix, the Marian G. Palmer, Citizen-News publisher, as attorney, Superior Judge J. T. B. Warner today denied the petition of Marsham's daughter which originally sought their removal as officials of the estate and the nullification of the will."

"The sole issue on which the petition had gone to hearing was whether there had been any unnecessary delay in closing the estate. Judge Warner, in his decision, said:

"The petition is denied on the ground that the 'allegations' contained in the petition, which were not previously stricken, are not true. This should not preclude the petitioner from renewing his action within a reasonable time if the estate is not closed."

"Attorney for both sides waived arguments after both Palmer and Mrs. Marsham had testified as the only witnesses at the hearing. Judge Warner then gave his immediate decision in the case.

"Prior to the hearing, Judge Warner had thrown out of the petition, on the ground they were not supported by any specific facts, numerous charges which had been included in the twice-amended petition. The hearing then was limited to the sole issue of whether proper effort had been made to close the estate and distribute it."

"William H. Neblett, attorney for Mrs. O'Brien, following Judge Warner's decision, said he intended to carry the case further but did not explain what legal steps he would take.

"The questioning of Palmer at the hearing had brought out that at the time of Marsham's death six years ago, his estate, appraised at \$1,815,000, had consisted almost entirely of real estate and that there was little cash on hand. During the depression years there was no market for these valuable properties but at present \$400,000 is expected from a judgment, which sum would permit the payment of administration fees and expenses and then permit closing of the estate.

"Mrs. Marsham testified briefly today, declaring her confidence in Palmer and revealing a detailed knowledge of the handling of the large estate.

"I certainly am satisfied with Judge Palmer's management of the estate," she said in answer to one of Neblett's questions. "I have the utmost confidence in Judge Palmer."

"A letter injected by Neblett into the questioning, reacted to Palmer's favor in court.

Neblett asked Mrs. Marsham regarding a letter, which Palmer had written to Mrs. O'Brien, in which he explained there was not much cash available in the estate, which was tied up almost entirely in real estate, and Palmer offered to pay the \$250 a month annuity left the daughter by Marsham, out of Palmer's own attorney fees.

"There were defense objections that the letter was not an issue in the case."

## A TOWN'S REPUTATION

(By Editor Vernon J. Brown of Mason)

What makes a town? Is it the water system, the disposal plant, paved streets or the school system? Perhaps. But more than these it is the calibre of business men. Stores operated by wide-awake merchants, by fair-dealers, draw the trade and make possible the disposal plants, the paved streets, the good schools and the water system.

Proof was available Saturday night. A farmer who lives 10 miles from Mason came into the office of The Ingham County News to renew his subscription. We knew that he lived several miles nearer to another town than he does to Mason. We asked him why he did his trading here.

The farmer said, "I buy in Mason because I have always had fair dealing here. Two years ago I needed 20 rods of fencing. I drove to my nearest town. I couldn't find just the kind of fence I wanted. However, I took what they had. The merchant didn't have the fence in 20-rod rolls but he agreed to cut 20 rods out of a bigger roll. I took the fencing home and started to put it up. I needed exactly 20 rods. What I bought proved to be 16 rods. I went back to town and got four more rods. But that was about the last time I have ever been in that town. I don't say that the merchant was crooked. Perhaps he was just careless. No matter what the reason was for the shortage, that fence deal cured me. From now on, Mason is my town and will be as long as I get my money's worth here."

Every Mason merchant, every clerk in a Mason store, has the reputation of Mason in his hands. He can help make or he can help break the town. And if a buyer believes he is cheated on a stretch of fence, a suit of clothes or a sack of flour the town has a knocker instead of a booster. All the pavement in the world, the finest school system, a disposal plant that turns sewage into nectar, won't bring back that customer. A town's good will, is the good will a customer receives along with the goods he buys.

## WE ARE A TOLERANT PEOPLE

(Pontiac Press)  
It is an interesting fact that no American railway will continue men in its employment who are steady drinkers.

And yet in spite of a mounting death toll on the highways the American people are not so critical nor so careful as the railroads. There is no such thing as a booze-befuddled locomotive engineer. It just does not happen. But a middle-headed sot can raise all sorts of mischief on the highways and get away with it. When a railroad engineer, fireman, conductor, brakeman or yardman is arrested for drunkenness he loses his job. The time may come when drunkenness will be a sufficient reason for taking away a man's license to drive. Benzine and booze properly mixed are a great form of dynamite. Trouble is potential and frequently it is realized. We killed 37,000 persons and seriously injured several hundred thousand last year in traffic accidents last year. Drunkenness had an important part in the story.

A mild jag back of the wheel can certainly help careful men and women to get into an ambulance quicker than anything else. We may someday outlaw this particular hazard.

## MORTGAGE SALE

Notice is hereby given that default has occurred in the conditions of a second mortgage made by John W. Warren and Winifred E. Warren, his wife, to The Mortgage and Contract Company, of Detroit, Michigan, a Michigan corporation, dated the 3rd day of November, 1935, and recorded on the 14th day of April, 1936, in the Office of the Register of Deeds for Wayne County, Michigan, in Liber 2002 of Mortgages, page 331; that the amount claimed to be due on said mortgage and secured thereby at the date of this notice for principal and interest is Three Thousand Six Hundred Seventy and 00/100 (\$3,670.00). Dollars, that no suit or proceeding at law or in equity has been instituted to recover said debt or any part thereof, that by virtue of the power of sale contained in said mortgage and the Michigan statute in such case made and provided on Wednesday, the 3rd day of February, A. D. 1937, at 11 o'clock noon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public vendue to the highest bidder at the Congress Street entrance to the Wayne County Building, Detroit, Wayne County, Michigan, (that being the building where the Circuit Court for the County of Wayne is held) of the lands and premises described in said mortgage, viz: Premises situated in the City of Detroit, Wayne County, Michigan, and described as follows:

Lot No. 888, Joy Farm Subdivision of Section 34, and the northerly part of Section 47, Township 4 North, Range 1 East, according to the plat thereof as recorded in Liber 32, pages 30 and 40, of Plat, Wayne County, Michigan.

## WHAT OTHER EDITORS ARE THINKING ABOUT

The Invisible Guest.  
(Lapeer County Press)

"Today there is an invisible guest who sits at the table of every family in the country," said Lewis H. Brown, president of Johns-Manville recently. "He is the invisible tax-eater, who collects the hidden taxes. When the payee purchases three pork chops, the butcher weighs them out, but only wraps up two. The third he gives to this invisible guest."

Every family in America is supporting this "invisible guest." Something like twenty per cent of all the money we earn goes to his support, directly or indirectly. And he will take still more in the future, when the days of reckoning come and we must pay our staggering governmental debts—federal, state and local!

Taxation is a great issue—but it should not be regarded as a partisan political issue. Men, high in both major parties have paid lip service to tax reduction and then, through their acts, brought about higher taxes. Politics, left to its own devices expands its operations and grows constantly more expensive.

Whether you are a Republican, a Democrat, or a Socialist, taxation is one of the largest items in your budget. Irrespective of the political party in power, only the strong force of concentrated public opinion can bring about tax reduction and remove a menace to industrial development, savings, unemployment and economic prosperity.

## SUNDAY DINNER Suggestions

by ANN PAGE

**HEARTY** soups help to make nourishing and inexpensive meals. Soups, vegetables and meats are attractive in price at present including potatoes, onions, carrots, cabbage, celery and turnips. Fortunately the supply of canned tomatoes this year is plentiful so they may be used freely.

Beef, pork and eggs are somewhat higher but fish, veal and poultry are comparatively cheap.

Oranges are again plentiful and cheap along with grapefruit and apples. The cranberry season is on and there is no need to wait until Thanksgiving to enjoy cranberry sauce and pie.

Here are three menus planned for different budget levels:

**Low Cost Dinner**  
Boiled Spiced Pork Shoulder  
Creamed Potatoes  
Cabbage  
Bread and Butter  
Apple Crisp  
Tea or Coffee

**Medium Cost Dinner**  
Roast Beef  
Browned Potatoes  
Green Beans  
Bread and Butter  
Pumpkin Pie  
Tea or Coffee

**Very Special Dinner**  
Grapefruit  
Roast Beef  
Yorkshire Pudding  
Mashed Potatoes  
Mixed Green Salad  
Bread and Butter  
Vanilla Ice Cream  
Butterscotch Sauce

**BAPTIST CHURCH HOLDS WORKERS' CONFERENCE**

A meeting of the Children's Workers' conference of the Wayne association of the Baptist church was held at the Walled Lake Baptist church last Sunday afternoon and evening.

It was well attended by people locally, as well as from surrounding towns. The conference started with a worship service, which was followed with discussion, led by Mrs. A. C. McDonald, chairman of the State Children's Work committee. Her subject was "Guiding Children in Worship." Next on the afternoon program was the presentation of State and association plans for children's workers. This was followed by group discussions of departmental problems, led by Mrs. Lorraine Hummel of the Dexter boulevard Baptist church, Detroit; Mrs. Frank Baptist church, Detroit; and Mrs. Bowman of the Grand River avenue McDonald.

After a social hour, the evening portion of the meeting took place. This included a brief worship service, led by the Rev. Victor Wik of the local Baptist church; an address, entitled "Founded Upon A Rock," by Miss Della C. Green, State director of children's work for the association; a discussion led by Miss Green, and the "Question Box," led by those in charge of the day's events.

## CHEVROLET SALES REACH NEW HIGH

by ANN PAGE

The average daily deliveries of Chevrolet's new 1937 cars since the announcement of the new models Nov. 7, have been more than double those of a year ago, according to reports reaching the Detroit offices of the company.

During the first several days after the announcement, deliveries reached approximately 11,000 a day, company officials revealed, as compared to around 4,000 a day following last year's announcement.

More than 85,000 cars had been placed in the hands of buyers within a few days after the public first saw the new models, and an additional 100,000 orders had been placed with the 10,000 Chevrolet dealers in the field, officials said.

Production is being stepped up to 6,000 cars a day in an effort to satisfy the sweeping public demand for the new Chevrolet. Deliveries are being made as soon as the cars can be made available.

"The great success of the automobile shows being held throughout the United States, and the consequent success of the new cars is ample evidence that the entire automobile industry can look forward with confidence to another of the greatest years in its history," W. E. Holler, vice president and general sales manager of Chevrolet, commented.

## NOVI NEWS

**GRAND RIVER FRONTAGE IN DEMAND AT NOVI**

R. J. Gillett, real estate broker at Novi, reports the sales last week of 14 acres adjoining the Trailer Park, sold to John R. Warner of Detroit. Mr. Warner, a well known breeder of Doberman-pinscher and Belgian police dogs, will move his kennels to this property and will also erect a modern poultry plant and residence.

The Bloomer property was sold to Mr. and Mrs. Arthur Trotter of Novi. This property is in the business district, with 200 feet frontage on Grand River and extends to the 11 mile road. The two large houses will be modernized and the double house will be remodeled into a barber shop, beauty parlor and space for the manufacturing of Mr. Trotter's hair restorer products.

The Holmes property on Walled Lake road was sold to Mr. and Mrs.

## SELL LICENSE PLATES DAILY

Sale of motor vehicle license plates for 1937 is proceeding at the rate of slightly more than 1,000 plates a day, Department of State figures show.

These figures include plates for all classes of motor vehicles, including passenger cars, dealers' cars, commercial vehicles and motorcycles.

Plates for 1937 went on sale Oct. 21, so ordered by Secretary E. A. Wood, as an aid to car manufacturers who bring new models out in the fall now, rather than during midwinter. Plates for which renewal was actually checked into the Department of State for the first 19 days of sale, including Nov. 12, showed that 21,288 pairs of plates had been sold throughout the state.

Any disposition on the part of the public to defer purchase of plates for cars they now own, is seen as a reflection of uncertainty as to what changes the 1937 legislature might make in the motor vehicle law as it pertains to the deadline for annual plate purchases.

Atwood has publicly recommended a March 31 deadline; and on request of Leon D. Case, Secretary of State, Atwood has announced a 30 day extension from Jan. 1, making the prospective deadline, Jan. 31. In the meantime the 1937 legislature may take action on this matter.

## Woman's Club Members Hear Miss Estella Downing Trace Women's Rise to Places of Importance

The Northville Woman's club welcomed the sister clubs of Wayne, Farmington, Redford and Plymouth at the Presbyterian church house Friday afternoon. A large number of club women enjoyed the afternoon together.

Mrs. H. S. Willis, president of the local club, greeted the guests and turned the program over to Mrs. C. E. Woodruff who introduced the speaker of the day, Miss Estella Downing of the English department of Michigan State Normal college.

With characteristic enthusiasm and touches of humor, Miss Downing traced the progress of woman in the affairs of state since the old days

when woman was ignored as an individual as shown by the Scotch tombstone which registered the loss of "17 souls and three women."

Miss Downing enumerated the public positions occupied by women, in the House of Representatives, the United States Senate, in governor's chairs, in federal courts and one as a minister to a foreign court. The only reason, said Miss Downing, that women have not continued the course of their progress but have "stumped" since 1920, is that there has been a rift in their ranks, they have split on important issues. Lack of leadership among women who have the interests of their country at heart is the cause of the failure.

Proceeding to the talk, Miss Downing, of the University of Michigan School of Music sang two solos with Mrs. Michael O'Connor of Plymouth accompanying her.

Tea was served at the close of the program, the guests seated at nine small tables which were attractive with lighted tapers. Pouring at the tables were: Mesdames W. H. Verkes, C. C. Verkes, E. H. Laplan, Chas. L. Blackburn, C. C. Chasman, H. P. Wassenschultz, Leroy Stewart, J. N. McLoughlin and H. G. Marburger.

The committee in charge of this successful afternoon included Mesdames N. G. Schrader, C. B. Washburne, K. E. Miller, W. P. Chapman, L. B. Dunn, Chas. A. Dolph, H. B. Clark and Robt. P. Coolman.

Two projects of interest which have been enthusiastically supported by the club are gifts of fruit to the Fair Commonwealth at Albion and sewing for the Maybury sanatorium.

Under the direction of Mrs. Chas. H. Brown and her committee, Mrs. John C. Ryckman and Mr. H. H. Hurd, more than 100 can of fruit and vegetables have been collected for the boys of the Maybury sanatorium.

Mrs. Ida Hendry said the students have cut out many patterns from material donated by the local Red Cross and are directing sewing for patients in the Maybury sanatorium.

Word has been received from Mr. and Mrs. Chas. E. Rogers from Oklahoma. At Dallas, Texas, they were met by their son, Russell, who accompanied them toward Denver expected to have Thanksgiving dinner with Mr. and Mrs. Ralph Jenkins in Utah.

Miss Ludwig, Bride-Elect, Feted During Week at Parties—

Two recent showers in Northville were courtesies to Miss Violet Ann Ludwig whose marriage to William H. Forsyth, Detroit, will be an event of Saturday, Nov. 28.

Saturday evening Miss Esther Lockman was hostess at one such occasion honoring the bride-elect at a kitchen shower. The guests presented Miss Ludwig with an occasional chair and small gifts for her kitchen.

Miss Lockman used yellow and white appointments and candles at her large table where covers were laid for her friends. Her guest list included the Mesdames Geraldine Huff, Ruth Sessions, Marie Schoof, Gladys Ludwig and Edna Kreeger, all of the village, Mrs. John Burns, Miss Rose Mary Soper and Miss Iva Murdoch, all of Detroit, Miss Kathryn Hindelang of Jackson and Miss Dorcas Cornin of Rochester.

Another party complementing Miss Ludwig was given Tuesday evening when Miss Geraldine Huff entertained at a pantry shower. Monopoly was played during the social hour by the Mesdames Sessions, Lockman, Schoof, Ludwig, Kreeger, Mrs. Roy Vanatta and Mrs. Margaret Moore, all of Northville, Mrs. Francis Pierce and Mrs. Madeline Powell, both of Detroit, Mrs. Dick Parmlander of Wayne and Mrs. Jack Lusenbury of Novi.

John Wilse Shares Birthday Fun with Playmates—

Mrs. C. C. Wilse will entertain a group of John's playmates Wednesday afternoon, Nov. 25 in honor of her son's fifth birthday anniversary. A novel toy band and games will please the guests, including Corinne Clark, Dickie Wilse, Jackie Doren, Harold Atwood, David Revitzer, John T. Thompson, Jr., Ellen Brandt, Jean Freydl, Dorothy Helen Smith, Dickie Coolman and Ann Bravagar of Detroit.

Late in the afternoon John and his small friends will be seated at a large table, centered with a candle light birthday cake. Yellow appointments will be used in keeping with the Thanksgiving theme.

Mrs. Clark Is Monday Evening Hostess to Mothers' club—

Mrs. Eural Clark, 235 High street, was hostess Monday evening to the members of the Mothers' club. Papers were read by Mrs. R. Lloyd on "Directed Imagination" and by Mrs. E. H. Wood on "Value of Accuracy."

This group will be guests Wednesday evening, Dec. 2, of the Plymouth Mothers' club.

The Northville club will give away a turkey in a few days. Proceeds from the project will be used to buy grade school books.

## Voice Which Soothes Afternoon Club Women at Tea Affairs Does Not Favor Silly Questions and Cultured Applause

BY C. E. HUTTON.

"Ladies of the Thursday Society for the Promotion of the Cultural Arts. It has been our rare privilege this afternoon to listen to a most uplifting and altogether inspiring song recital of the highest artistic standard so in keeping with the lofty ideals of our club."

"Indeed, as president of this organization I believe I speak for all of you in expressing our deepest gratitude to the superlatively gifted artist who has honored us with his contribution to this, the opening meeting of our fall and winter season. And now I am most happy to again give you dear Mr. Huttonski, who has so kindly consented to lead in a brief round table discussion on questions pertinent to the program, Mrs. Huttonski! (Cultured applause.)"

"Question (by a lady with a very nasal voice and a pronounced lisp): 'Mister Huttonski, my daughter (thirteen years of age and waiting to thing in the girl's club at school and her teacher says she can't bethough she lispeth and things through her nothe. Can you tell me how I can help her stop the the things?'"

Answer: "No."

Question: "A man at our last meeting sang that song about the horses galloping that you just sang a lot slower than you did, and I heard it on the radio the other night a lot faster than you sang it. Do you think there is a happy medium?"

Answer: "Yes."

Final question (after several other equally cultured and well thought out interrogations): "Mr. Huttonski, I heard you once before, rehearsing in the residence of one of our members. Your voice needs a hall to be heard at its best advantage, does it not?"

Final answer by Mr. Huttonski: "Yes, that is true. But it also depends somewhat on whether you're rehearsing in a house for a hall or a house for a house. If you are rehearsing in a house for a house it sounds much better than if you are rehearsing in a house for a hall. If on the other hand, you are rehearsing in a hall for a house, you sound better than when rehearsing in a house for a hall. Of course, the best way is to rehearse in a hall for a hall and in a house for a house." (Learned applause.)

President: "We give you our most heartfelt thanks, Mr. Huttonski, for your very helpful and authoritative answers to the weighty questions of our members. We of the L. T. S. P. A. will look forward with pleasure to another visit by you in the not too distant future. The meeting will not adjourn for tea."

**Fellowship Class Members Hear Norton Talk at Dinner—**

Seventy-one strong, the Methodist Fellowship Sunday School class sat down to a turkey dinner at the Methodist church house, Thursday evening, Nov. 19.

When traces of everything from turkeys to mince pies had vanished the Rev. P. Ray Norton of Plymouth inspired the group with a timely discussion on the church's being too professionalized. He advised that better cooperation and keener enthusiasm will follow when each one has an individual task to perform.

Chairman Alton Peters presided at the business meeting in which the following were elected: Horace Boyden, chairman; Mrs. Marshall Herriek, secretary; Floyd Langling, treasurer. A committee is now carrying forward plans for providing roller-skating in the church house.

Mr. and Mrs. Norton and Mrs. Tait, all of Plymouth were the guests of the group. Mr. Langling and Club Smith were responsible for the successful supper.

**Mr. and Mrs. Freydl Are Hosts to Eastern Star Officers—**

The officers of Orient Chapter No. 71 O. E. S. were dinner guests of Mr. and Mrs. Charles Freydl, Friday evening, the occasion being the twelfth wedding anniversary of Mr. and Mrs. Freydl.

Table appointments were of fall colors. Those attending were: Mr. and Mrs. Chub Smith, Mr. and Mrs. Ernest Kohler, Mrs. Margaret Bryan, Mrs. Louisa Waterman, Mrs. Iris Littenberger, Miss Ruth Gillis, Mrs. Merrinna Hay, Mrs. Florence Ross, Mrs. Phoebe Blery, Mrs. Edith Strautz, Mrs. Ina Casteline, Mrs. Helen Smith, Mrs. Elsie Noblett, Mrs. Geraldine Hopkins, Mrs. Helen Zimmer and Mrs. Lena Bogart.

After the dinner they went to the Temple for the annual meeting of the order.

**HARRY S. GERMAN WRITES LETTER TO PAPER EDITOR**

Careton, Mich., November 21, 1936.  
R. T. Baldwin, Editor, Northville, Michigan.  
My dear Editor:

I say "Dear Editor" because after reading of the shooting accident which you met with (and am very sorry for) thought perhaps that one of the boy scouts might have taken you for a deer. An editor, I take it, is supposed to be "horn" in on everything to get the news and after years and years an evolution may have developed with editors whereby horns may sooner or later protrude. I can see in such a case that one growing horns might be mistaken for a buck deer. Then again, he might appear like the devil and I do not mean a printer's devil either.

A good editor like yourself is hard to keep down and I sincerely hope for your early recovery, but remember when getting your actual avocards that you deduct the weight of the bullet that you are carrying.

You were unfortunate in a way but have the satisfaction to know that out of 127,000,000 of people you are the only one that ever received a bullet in that manner. Further, that as a chief of the Northville Record you will be more outstanding in the eyes of the public by having been really shot than roaming the village streets "half shot."

Yours truly,  
HARRY S. GERMAN

Resolution Broken  
Misses (hearing smash of crockery)—Yes, you broken anything, Mary?

Maid—Yes, mum; my resolution against swearing and half the tea set.

Firemen extinguished flames at 5 a. m. Tuesday which had gained headway at the home of the late Elroy C. Murdock, 225 Church street. The fire, it is believed, resulted from an over heated furnace. Considerable damage was done to the walls, floor and furniture.

At the Woman's Club meeting Friday afternoon, Nov. 27, adult reports will be given. The "Jewish Problem in Palestine" is the topic for the round table discussion. In charge of the program are Mrs. C. B. Washburne, Mrs. C. C. Yerkes, Mrs. C. R. Smith and Mrs. C. Harold Bloom.

A family gathering was enjoyed at the home of Mr. and Mrs. Howard Fuller in Detroit Sunday when their parents, Mr. and Mrs. A. E. Fuller, and their grandmother, Mrs. Josephine Carr, spent the day with them in their new home recently occupied. A pre-Thanksgiving dinner was served at noon.

Neighbors of Mr. H. M. Wick, Verkes avenue, were surprised Monday morning when they heard her voice over the radio in a street interview with Ty Tyson in Detroit. Mrs. Wick answered each question quite readily. She has as her guest over the Thanksgiving holiday, Mrs. B. Ranta of Brecksville.

The fire department answered a call shortly after 11 a. m. Friday at the Raynor Super-Servic station, East Main street, where gasoline in the hood of a parked truck had caught fire. The blaze was immediately extinguished. The large door at the station car entrance was damaged when attendants attempted to get the burning truck out of the building. Damage to the truck was slight.

Dr. and Mrs. P. W. Clements of Interlochen, formerly of Highland Park, stopped Wednesday for a call at the home of Mr. and Mrs. R. T. Baldwin en route to Florida. Dr. Clements was next-door neighbor to Mr. Baldwin in the University hospital last winter while recovering from a smash-up in an auto accident. He was the most cheerful patient on the floor in spite of the fracture and uncomfortable casts, says Mr. Baldwin.

**HAROLD G. WHITFIELD MOVES TO HIBBING**

(Continued from Page One)

reach outside the church membership, Mr. Whitfield for a number of years has been Prelate of the Commandery and chaplain for the Northville lodge, No. 128, F. & A. M.

The course in Bible History and Literature which, until this semester, has been taught by local ministers at the high school, was added to the curriculum through the interest Mr. Whitfield displayed in its instigation. The class was added to the school program during the superintendency of the late Thad J. Knapp.

"I have enjoyed very much the fraternity and fellowship of the other ministers in the village through the council of religious education," said Mr. Whitfield.

Mr. Whitfield came to Northville from Lichnow, Ont., Can., where he had been the minister of the United Church of Canada for three years. This was his first charge following his graduation from the University of Toronto and the Knox Seminary at Toronto.

With the move to Hibbing, Northville loses four other persons who are unable to make the trip. Mr. McCullough has the distinction of being Northville's "patron" resident, having lived here for 94 years old next March.

Totally indirect three-light lamps for cards and other table games combine with ornamental wall brackets and removable ceiling fixtures to make the lighting in this recreation room adequate for all occasions.

By Jean Prentice

No matter what the weather may be like outside, the backness of night, there's fun and laughter and eye comfort . . . in a well-lighted recreation room.

A lighting scientist worked out a friend of his the illumination was shown, in the picture, and I am happy to pass them along to you. They are not elaborate or costly, but simple and straightforward.

If you do not have a recreation room you can apply several of the ideas in other parts of the house where games are enjoyed.

Card tables there are totally indirect three-light lamps. One of these may be seen in the illustration.

They can be used in combination with the general lighting throughout the room, or they give three different amounts of light at the turn of a switch. There is a total absence of glare upon cards or chessmen.

You can play for hours in perfect comfort (unless you're losing!) in a generous light like this.

Be sure that will take your eye, there's the movable lighting fixture for the ping pong table.

These deep shades, with their light watt bulbs, are hung on screws to the ceiling, and their wires plug into the ceiling outlet. The ping pong ball is whizzed back and forth under this abundant lighting with no skill than you realized you had.

And now someone turns up the radio at the other end of the room it is time for dancing. The table and its lamps are removed. Away goes the ping pong table. It is quickly taken that the fixtures above the table are detached. The ceiling is now cleared, and adds to spaciousness of the room. All lighting that remains is from the double indirect wall lights in balanced pairs on the four sides of room.

This soft medium level of light throughout the room is something of an achievement, since the ceiling makes impossible the usual method of indirect lighting.

As it is, dancing and conversations find a smooth companion in the soft balanced lighting from the indirect wall brackets. Whether be ping pong, anagrams, a waltz tune, there's the lighting and a comfortable quality of lighting available to fit the recreation.

## JUNIOR CLASS PLANNING PLAYS

Eleventh Graders to Give Variety Show Early in December.

BY MARGARET WALKER

The junior class is going to give two plays, plus a variety show, in the high school auditorium on Dec. 10, 11.

Edwin L. Johnson, class sponsor, and Florence Harper, assisted by Leslie G. Lee, are directing the plays. Because so many students tried out for the plays, two people have been chosen for the same part in some cases; one person will play one night and the other will play the next night.

Miss Harper's play, "Sauce for the Gods," is a comedy involving seven people: Mr. and Mrs. Taylor, the mother and father; Mrs. Lee, the grandmother; Robert, the son; Elizabeth, the daughter; James Ward, a college boy; and a maid. The female roles will be taken by Alice Eaton, Margaret Nagy, Margaret Gaden, Virginia Washburne, Constance Burgess, Jean Anderson and Lydia Davis. The masculine roles will be taken by Arthur Mitchell, Willard Wilson, Forest Ault, and J. W. Erwin.

The first cast for "You're a Cuckoo," which Mr. Johnson is directing, is as follows: Aunt Martha, a wise, old lady, Barbara Phillips; Henry Willis, a member of the Cuckoo Lodge, Charles Bishop; Helen Willis, Henry's wife, Margaret Walker; Dick Crump, Helen's brother, Keene Bolton; Freda, Dick's fiancée, Leona Mae White; Traylor, a hard-boiled detective, Cecil Giles. The second cast is: Aunt Martha, Gwendolyn Jones; Henry, Walter Garchow; Helen, Marian Beauchamp; Dick, Dick Junod; Freda, Margaret Hines; detective, Cecil Giles.

Rehearsals for the plays began last Wednesday.

The class is also to present a variety show. Nancy McLoughlin will give a monologue; Margaret Gaden will play the piano while Virginia Washburne dances; Cecil Giles will play a harmonica solo; Doris Tewksbury also will play the piano; Constance Burgess will sing; and Bob Trost will put on a magician's act. Mr. Johnson is looking around for more talent for the show, so, come on, all you juniors, show him what you can do.

## Inquiring Reporter

Question: What do you dislike about the opposite sex?

Betty Greer: Over abundance of conversation in some and the lack of it in others.

J. W. Erwin: Their fingernails red instead of the natural pink. Also the war paint they wear on their faces is not needed. Besides the girls' ability to write notes and pass them at the wrong time much to the disgust of the middle man.

Cecil Giles: The only thing I don't like about them is they act too stuck-up.

Virginia Washburne: I dislike boys who are reluctant to taking girls to dances and hate to spend their money on them. And some of them, are they stuck-up! Why must they groan their fingernails in public places?

Helen Van Stieker: I dislike the opposite sex because they think they are the only persons who know anything. They also believe that they should "boss" the girls.

## THE OBSERVER

I think, perhaps, she's the busiest girl in school. You can't help but observe her at least one or more times a day. She's the welcome interruption when you're stuck on a word in shorthand—she never stays very long, but she keeps the teacher absorbed long enough for you to get the word from your neighbor.

She's little and blond and nice, and has a smile ready to use when she sees you. This is her senior year.

In case you haven't guessed yet, she's the office typist and has big blue eyes.

Uh-huh, I thought you knew.

## 'ROUND THE SCHOOL

Thanksgiving is once more upon us, so we decided that, maybe as "y-o-l-d-e" editors we ought to tell what some of our more famous students should be thankful for:

Scott Cole ought to be forever grateful that he didn't bet with more people on the results of the election—if he had he'd be "broke" for life.

Edgar Jolly should be exceedingly happy because that piece of cake thrown on his car at the Plymouth game wasn't a tomato. Just think of the mess you would have had to clean up then, Edgar.

Pat McLoughlin ought to be glad that the jump she got in basketball wasn't more than just a bump. Just think of the explaining she would have had to do if it had been a black eye.

Dick Ambler should be thankful because his hair doesn't grow very fast. If it did he'd be stepping on what some of our more famous students should be thankful for:

Walter Barendsen ought to give praise that there's no law against y-o-yos. He'd be woe begone if there was.

Mr. Thompson should be thankful because the clocks don't stop often. He'd be worn to a shadow if they did.

So you see, dear readers, that we really do have some thankful people up here at school.

Dear Students: Please don't eat too much turkey on Thanksgiving. You'll never be able to dance at the prom if you do.

—Your Editor—

## NORTHVILLE MEETS BELLEVILLE TUESDAY

Local Unbeaten Team to Oppose Belleville; Third Contest.

Tuesday Northville's debate team, coached by E. L. Johnson, took the negative side of the question: "Resolved, that all electric utilities should be governmentally owned and operated," for the last time. Mr. Johnson stated that the subject used for school debates is always one which is of great interest to the nation as a whole. He selected Nan McLoughlin, Scott Cole and Margaret Van Heilmont to face Belleville's debaters at Belleville.

Other members of the team who are practicing faithfully are James Harper, Ira Davis and Alfred Cousins.

Mr. Johnson was a judge Nov. 19, in the first elimination, between Brighton and Redford Union, who are members of the Tri-County Debate League. The affirmative, Redford Union, won the decision.

## THE KEYHOLE

At last! Yours truly has finally come out of the ether—not that the chemistry class has helped any, but we decided that the only possible way to get one of those weekly orchids that are being thrown around so freely was to get in the "swing" once more, as in days of yore when we were in our prime and more in circulation.

Now, that we've got that out of our system we feel obliged to give you the lowdown on some of the "alma maters" more recent international affairs. (Plymouth versus Northville) Did you go to the game last Friday? Thought I saw you there among the other 20,000 fans!

Speaking of Plymouth, we've finally come to the conclusion that these N. H. S. fumes just ain't up to par. Hey, What?—Laure, Bob, Harry, Fred—and all you other grade snitchers? Fess up now!

The social event of the year, the much discussed senior prom seems to be leaning toward the northerly climate. You gals and fellas will wish you'd worn your red flannels when you "saw" it with your partners in the "Winter Wonderland" that the decoration committee has so diligently worked over.

Guess who is leading the grand parade with our red-headed class president. None other than Doris Labbutt, former classmate, Belch, a school music supervisor, number 164 in all, and 33 of them are new members this year.

The gymnasium was filled with a large crowd; who heard the two groups in a wide variety of songs. Lucille Lapham, one of the choir members, played two piano solos. No admission was charged, but a collection was taken at the intermission. According to Mr. Lee, some ten dollars was received.

## VACATION

There will be no classes held at the school on either Thursday or Friday of this week, because of Thanksgiving vacation. School will be resumed on Monday as usual.

## DID YOU NOTICE

N. Mc's curled hair. It's quite an experience for her but really it looks nice, doesn't it?

Doris H's unusual amount of pep last Thursday? It couldn't have anything to do with Howe military academy, could it?

The latest thing around school is little ink bottle throwing contests. If a person fails to catch an ink bottle after being heard the length of the assembly at them, that's pretty bad.

How much the girls appreciated Mr. Barr's helping them at basketball practice?

How fast B. Van H's hair grows? She has suddenly blossomed out with a braid.

All the commotion the new choir robes are causing? People are beginning to find out just how fast they really can sew.

## BEINECKE SPEAKS HERE

Mr. H. H. Beinecke, head of the Federal Bureau of Investigation at Detroit, will speak at the high school tomorrow, Nov. 25. Mr. Beinecke handles all the FBI work in this section. He has spoken at several places in Detroit and all over Michigan. He will probably speak on finger-printing and his work in general.

to lose another quiet and peaceful period.

F. S. Wallis Simpson might marry King Edward, Mary Pickford might contemplate the same, with Buddy Rogers and who knows, Jane might trip to the altar with Buck.

Swinging along until next week. Your Keyhole Correspondent. P. S. No. 2—An orchid to the clever person who can guess this column's by-word.

## Senior Who's Who

JANE GROSVENOR  
The petite brunette was born in Detroit (good old Detroit) on Oct. 30, 1919.

The little lady, however, soon came Northville-ward, where she has made quite a name for herself. Her luscious voice has been heard in both glee club and choir for four long years.

Last year she was in the junior play and was one of the "tripping maidens" in "H. M. S. Pinafore."

Being a great lover of dancing she saw to it that she got on the orchestra committee for the J-hop. Jane also shone as chairman of the senior booth at the fair.

Since Jane likes typing and the idea of being a secretary, she intends to go to Cleary's Business Institute.

## MAURICE HAGEMASTER

This gent's motto seems to be: "better late than never." He always arrives just after something is started. He did, however, get around to being born—in 1919.

Maurice is one of those people who just will not talk for the press. He finally admitted that geometry and physics are his favorite subjects. Being rather vague as to what his intentions are when he graduates, we venture to say that he'll probably become a teacher—because he loves school so well.

Maurice likes all sports, but his real life is—guess what?—dancing!

## Grade Notes

The honor roll of Miss Edna Kreger's sixth grade for last month is as follows: Betty Nagel, Shirley Nutter, Wallace Reed, Louis Sutor, Lois Lloyd, Shirley McClain, James Murray, Marilyn Gursel, Robert Hockbeck and Phyllis Knight.

Miss Kreger's sixth graders observed book week by giving book reports. They also received 26 new library books.

Miss Doris Maynard's third graders made posters of colored books and book ends that were very attractive. The children were happy to receive 28 new books. The third graders were glad to begin reading "Mex-Mex" and "Bow-How."

Miss Maynard's fourth graders finished the unit on the Pilgrims in their readers.

Carter Church is a new pupil in 7B. He attended McMichael Intermediate school in Detroit before coming here. He enrolled Nov. 16. The junior high enjoyed a program last week. Those taking part were Billy S. Jr., who gave a book review, Ruth Mary Mills played a piano solo and the Rev. Fr. Joseph G. Schuler gave a talk on the advantages of animals over human beings.

## ANNOUNCEMENT

I wish to announce that I am moving my business office from the present location at 115 West Main street to the Richardson building across the street. I expect to be in my new location by Dec. 1.

## NEW YORK PLAY HIT COMES TO DETROIT

A girls' private school in Connecticut supplies the locale for "The Children's Hour," the widely-discussed dramatic success which Herman Shumlin will present with its original cast, at the Cass theatre, Detroit, for one week beginning Sunday night, Nov. 29 with matinees on Wednesday and Saturday. The cast is headed by Anne, Revere, Katherine Emery and Florence McGee and the original supporting players are practically unchanged.

Written by Lillian Hellman, a playwright in Mr. Shumlin's office, "The Children's Hour" became an overnight sensation on Broadway and for 35 weeks it packed the Maxine Elliot theatre. Its tense, taut beauty has given it a niche with the most notable offerings of the speaking stage in this generation.

The far-reaching and devastating effects of malicious gossip, is the motivating theme of "The Children's Hour." The school were its action takes place is conducted by to competent and attractive young women. They are proud of the success of their undertaking and all goes well until one of their pupils, Mary Tilford, is disciplined for trivial misconduct. Smoldering under punishment, Mary plots vengeance and her whispering campaign eventually ruins the reputations of its proprietors. When the child finally admits that her statements were without foundation the damage is so complete as to be beyond repair by courts of competent critics.

A threat of romance, linking one of the teachers with a young physician, contrasts with the more sombre texture of the play and there are frequent flashes of adolescent humor.

The producer of "The Children's Hour," Herman Shumlin, is the same expert craftsman who sponsored "The Last Mile" and "Grand Hotel." Besides the principals mentioned the cast includes Katherine Emmer.

## COLOR MAGICIAN SPEAKS IN CITY

Harbert Thompson, Strong, the color magician who brought the hues of Bermuda sea water and of butterfly wings into everyday use in industry, will give an illustrated lecture on "Exploring the Magic World of Color" at 3:30 p. m. Sunday, Nov. 29 at the Detroit Institute of Arts.

With a new and powerful projection machine that magnifies 200,000 times, Mr. Strong shows that the colors within a single drop of asparagus juice are more gorgeous than the aurora borealis. By means of ultra violet rays, he turns ordinary rocks into flaming jewels. He reveals iridescent colors, by special rays, that are beyond the range of unassisted human vision.

Mr. Strong is well known to Detroit automobile manufacturers, as he has designed special colors for automobiles and automobile fabrics.

## STATE TAKES GUNS FROM 77 HUNTERS

The confiscated gun racks of the department of conservation are steadily filling up with rifles and shotguns forfeited by individuals who violated the conservation laws during September and the early part of October.

Seventy-seven hunters accused of shooting deer or pheasants or otherwise violating the game laws, surrendered their guns following arrest by conservation officers during September alone. Forty of these guns were rifles; 37 were shotguns.

Unless redeemed by the original owners, a concession granted in extenuating circumstances, the firearms are sold by the department and the proceeds placed in the game protection fund, which helps to finance conservation activities throughout the state.

A total of fines assessed was \$2,800; the total of costs, \$1,720.42. Justices of the peace imposed an aggregate of 1,405 days in jail, suspended fines in 85 cases, paroled four violators, "certified" four to circuit court and dismissed two. Six cases were "lost" in prosecution.

Officers confiscated the following, in addition to the firearms, because of illegal possession or use:

A total of 1,500 pounds of commercial fish, nearly all of it whitefish; 283 illegal gamefish, including two small surgeon; 275 pounds of six ducks; a pheasant, three spotlights, a trap, hunting knife, decoy, trapnet, a saddle, fawn hide and a rod and reel.

## JOURNALIST HARD VISITS TOWN HALL

William Hard, Washington journalist and radio commentator, will be the Town Hall speaker in the Fisher theater at 11 a. m., Wednesday, Nov. 25. He will discuss the after-election picture as it now appears in the national capital in his talk, "Behind the News at Washington."

For years Hard has been one of the foremost authorities on current news developments both here and abroad. He is famous the world over for his trans-Atlantic broadcasts of the great European conferences of recent years; known from coast to coast for his brilliant syndicated reports of the political news of the nation's capital, a frequent contributor of political and economic articles to the more important magazines. Hard's pre-eminence national broadcasts were heard by millions.

On his two previous Town Hall engagements here Mr. Hard proved himself one of the most popular speakers of the season. He is considered one of the ablest interpreters of front page news on the platform today.

Tickets for his lecture are on sale now at Grinnell's and Monday to Wednesday at the Fisher theatre.

Christian Science Churches "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Demoted" will be the subject of the lesson sermon in all Christian Science churches throughout the world on Sunday, Nov. 29.

Among the Bible citations is the following (Eph. 6:12): "Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand."

Correlative passages to be read from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 571): "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. Clad in the panoply of Love, human hatred cannot reach you."

## "Ramona," Season's Most Outstanding Film in Technicolor Heads Show This Week; Star Claire Trevor Wednesday

The current outstanding event in the film world is the presentation of Helen Hunt Jackson's immortal love lyric, "Ramona," produced by 20th Century-Fox, in the new perfected Technicolor, coming Friday and Saturday to the Penniman-Albee theatre. The cast of thousands featuring Loretta Young and Don Ameche, includes such brilliant players as Kent Taylor, Pauline Frederick, Jane Darwell, Katherine De Mille, Victor Kilian and John Carradine.

As long as two years ago, preparations were begun for the production of this beautiful love story. Darryl F. Zanuck, Twentieth Century-Fox studio production chief, spent nearly an entire year in search of the perfect Ramona. After covering carefully his own contract list and combing the entire field of free-lance players and "unknowns," he felt assured that he had found the right Ramona when he selected Loretta Young.

"Ramona" was filmed in the beautiful San Jacinto mountain meadowland of Southern California, the actual spots where Ramona and Alessandro lived and loved many years ago, as described in the story. The main location was a 55,000-acre ranch in the Mesa Grande area, about 140 miles southeast of Los Angeles.

"Star for a Night"—There's a laugh, a lift, a thrill and a heart-pang in the entrancing story of "Star for a Night," Twentieth Century-Fox picture opening Wednesday, at the Penniman-Albee theatre with Claire Trevor, Jane Darwell, Arline Judge, Evelyn Verable, J. Edward Bromberg, Dean Jagger, Alan Dinehart and Joyce Compton.

CHURCHES OBSERVE THANKSGIVING SUNDAY (Continued from page one)

what misused and made into a day of festivity, with little thought of the day's real spiritual meaning. "Today when there is war all about us, we ought to be thankful that our nation is at peace," he stressed. He commended the citizens of this country for their evidences of practical sanity as shown in the adjustments which had to be made by

millions following the general election. Music appropriate for the occasion was sung by the choir directed by C. H. Bryan. In the song, "Ye Shall Dwell in the Lord" by Stainer, solo parts were taken by Mrs. W. H. Johnston and Mr. Bryan.

Using the theme, "Am I Good Enough to Be Saved?" the Rev. W. E. Kutch, Detroit, brought the Sunday message to members of St. Paul's Lutheran church. "On what grounds do you base your hope of being saved?" queried Mr. Kutch. "Some people expect to be saved on respectability; some on being civilized; some on doing good. This may save you in this world, but it won't in the next," said Mr. Kutch.

Louis Meisner, organist, played music in keeping with the theme and the season of Thanksgiving.

State men hope they can complete the exchange and gain title to the frontage for the State by spring.

Purchase of between four and five miles of Tahquamenon river frontage, including the upper and lower falls, was approved by the national forest reservation commission at its last meeting. It was understood the state would accept the 2,200 acres of frontage and uplands involved in exchange for State lands now within the Huron and Huron national forests, and which are desired by the National Forest Service to help block-in their administered areas.

FATTED DEER AWAIT ARMY OF HUNTERS

Acorns are making sleek, fat and healthy deer for the army of red-clad hunters who go north this month.

Game workers who have come back from the woods are commenting about the fine looking specimens of the northern whitetail deer they have seen. They believe their plump appearance is largely due to the customary fall diet of acorns, of which there is an abundance in many places.

Mainly vegetation in food habits, the deer will feed heavily on acorns when they can get them, as will the elk in the Pigeon river state forest, area northeast of Gaylord. This apparently rich food item prepares the animals for the hard-going of the winter months.

"Deer have been known to paw through light snows for acorns; but when the heavy snows come this cannot be done," commented I. M. Bartlett, deer investigator of the department of conservation. "The deer then confine themselves to conifer sprays where other types of food are available. Around in late February and early March usually this food becomes scarce and the deer begin to feel the pinch of starvation. A rich diet of acorns would probably be more than welcome to the deer then, but it's just not on the bill-of-fare."
