

## REVIVE LOAN ASSOCIATION IN NORTHVILLE

Want Villagers to Buy Stock  
at \$100 a Share; Need for  
Homes Is Acute

During the next few weeks an effort is to be made to put new life in the Northville Building and Loan association, which has had a proud record in this community for upwards of 50 years.

Upwards of fifty houses have been built in the village, through the agency of the association and it is believed that its past history is a guarantee of what the future can be. There is great need here for new small, modern homes and it is believed that with the revival of the organization and by interesting additional stock that great good can be accomplished.

The association has a fine record for financial stability and safety, because not one investor has ever lost a penny. Semi-annual interest payments have been made on the outstanding stock and this was done when Northville was not nearly so good a town as it is today.

It is now proposed to interest Northville citizens in the purchase of stock, which can be secured by paying one dollar a week, each share having a value of \$100. The investment is safe and with the accumulation of sufficient funds, loans could be made for the erection of new homes in Northville.

The enterprise is a most worthy one and should be given consideration by Northville citizens.

## FRED FOREMAN LAUDS STATE OF MICHIGAN AT ROTARY MEETING

Tuesday's meeting of the Northville Rotary club had nearly a 100 per cent attendance record, and the opening song was in honor of our cousins across the river—God Save the King.

A number of the members of the club attended the Coronation meeting of the Windsor club on Monday and enjoyed the program very much. Ladies' night will be observed next Tuesday night, when a fine dinner and an entertaining program will be given. A week from next Tuesday the Plymouth club will be Northville guests and the Rotarians will pay a visit of inspection to the new Ford plant and other Northville industries.

The treat of the day was the inspiring address by Fred Foreman, who selected for his subject "Michigan" and during his remarks he gave his hearers more information regarding our great State than they had ever heard before. He told of the rapid development of the State in its early years and how our great industries lead the world in many respects, relating in a most interesting manner the story of our great natural resources, of our factories, our farms, our numerous lakes, of our great producing orchards, the expansive shore lines of our Great Lakes, the beauties of our resort country, and the picture he painted was most stirring. He gave figures to indicate the vast wealth of the State's products until his hearers thought they were listening to an official report of Washington's secretary.

Mr. Foreman is an easy-going, speaker and he spun out the figures like an adding machine. He declared he would rather live in Michigan than in any other state in the union and expressed his appreciation of the fact that his lot had been cast here. He was born in England, his father being a brick maker. When the father decided to come to America he was obliged to work two years before he could accumulate enough money to bring his family to America.

The club's treasury show netted \$66.54 for its treasury. Total receipts were \$111.60.

## SCHRADERS IGNORE BOOST IN PRICE OF QUALITY RUGS

Despite the fact that the price of certain rugs advanced \$5 the first of this week, the Schrader Furniture store will place special emphasis next on the sale of rugs which are to be kept down at the old price.

The Schrader display room has a number of attractive rug patterns for inspection. It is noted that designs have taken a trend toward the "faded patterns" of the year.

## LETTERS OF PROTEST AND PRAISE FOUND IN EDITOR'S MAIL

Pens Warring to Bicycle  
Riders; Likes Change  
in Streets

The following letters were found in the Record editor's mail this week. One writer complains about bicycle riders who have damaged her gardens, the other is written by the property owner who complained about the appearance last week of Northville's business district.

Northville, Michigan  
May 10, 1937

Record Editor:  
Just a few words to parents: You who furnish your boys with bicycles should inform them that people's vegetable and flower gardens are not the place to ride their wheels. The writer has had rare and costly flowering plants broken and spoiled also vegetables trampled by three boys riding through the garden.

It would be well for parents to explain to their boys that there is a school called a reform school. Willful destruction of property leads to this school where they would have to remain until 18 years of age. If this practice is not stopped, some one will have to be made an example of.

A Citizen  
Northville, Michigan  
May 11 1937

Record Editor:  
The improved appearance of Northville's business streets on Sunday and Monday mornings brought forth many words of praise for members of the village council. The streets were clean and there was no paper flying about as in former weeks.

Last week was designated as cleanup week for Northville and a lot of rubbish was hauled away from the residence section of the village, where the householders seem to have cooperated with the village officials. This cannot be said, however, of the business district, because in the alleys in the rear of the stores on both sides of Main street there are still great quantities of rubbish, tin cans and ashes which do not contribute anything to the general appearance of the village. These unsightly piles of rubbish are a menace to the village.

## Record's Country Correspondent Admits Fear of Deadline

The Record's Walled Lake correspondent made the most of a quiet week, so far as news is concerned, with a rather unusual summary in his column of life in the village.

Charles E. Hutton has been sending news articles to The Record for almost a year now. Not once has his copy failed to reach the news desk on the Tuesday deadline. In like manner, Mrs. William Zwahlen, West Point Park correspondent, has cooperated in meeting the weekly deadline, which according to Mr. Hutton, is often a difficult thing to do.

## METHODISTS INVITE REV. LORD TO RETURN

A meeting of Methodist church officials was held last evening, May 5, resulted in an invitation to the pastor, the Rev. Harry J. Lord, to return to Northville to serve the local charge for his third year.

At the same time, officers for the year were named to include Ralph Foreman, Charles A. Dolph, Charles E. Rogers, Richard T. Baldwin, E. M. Bogart, Charles Denton and Chub Smith on the board of trustees.

Nearly elected members of the board of stewards are: Mr. and Mrs. E. J. Cobb, Mrs. E. M. Bogart, Mrs. R. T. Baldwin, Mrs. Charles Fink, Mrs. George Keating, Floyd Lanning, Mrs. William A. McBeth, John Litsberger, Mrs. H. G. Richardson, Mrs. C. E. Rogers, Mrs. Florence Schuch, Charles H. Snook, Mr. and Mrs. S. S. Stalker, D. C. Stark, Otis Tewsbury, Mrs. G. C. Woodward, Luther Rix, Mr. Smith, Mrs. Leslie G. Lee and Mr. and Mrs. Howard Greer.

Mrs. Herman Berendt is the Ladies Aid society president and Mrs. Cobb is president of the Woman's Home Missionary society. The church is open for service at 10:30 a. m. (Continued on page 10)

## INSTALL RADIO IN NORTHVILLE POLICE CAR

Selinski, 24, Is Held as  
Suspect in Northville  
Plymouth Robberies

A police radio will be installed this week in Northville's new police car, thus ending the State's radio net. The police car here is number 38 in the Wayne county circuit.

This added equipment comes on the heels of the first bank robbery in Northville since ever. Anthony Selinski, 24, is being held today in Sheriff Thomas C. Wilcox's office as a suspect in the holdup of the Northville Depositor's State bank on April 20, and the Plymouth First National bank on May 5. He is also believed

## ARREST SPEEDERS

Chief of Police Loyie M. German reports that two motorists, Jack Smith of Plymouth and Frank Walz, driving abreast at a high rate of speed Saturday evening on Rogers street, were arrested and fined \$7.50 each before Judge A. S. Nichols.

to be involved in a similar robbery in Fenton.

Witnesses of the robberies saw Selinski Tuesday and Wednesday in a showup in the county jail. Although he was not identified by any of the Northville witnesses, he was said to be the man wanted for the other two holdups. A bank examiner who got a good look at the man during the holdup here will be asked to identify him.

Selinski was trapped in a house in Detroit's East Side Tuesday night by Detectives Tremont McDermott and William Roberts.

Three other persons, two men and a woman, are being treated by the police. The woman, whose automobile was abandoned in two of the robberies and which she first said was stolen, is believed to be an accomplice in the three suburban holdups.

## JOHNSTON ANNOUNCES MEMORIAL DAY PLANS

Dr. W. H. Johnston, commander of the I. O. O. F. Green post of the American Legion, announced Wednesday afternoon that plans are under way for the Memorial observance, which will begin here May 29, with the sale of poppies by the Auxiliary and Legion. The annual Memorial service will be held Sunday morning, May 30, in the Presbyterian church, with the Rev. Dr. T. W. Smith giving the principal address of the day.

On Monday morning, May 31 the Penniman-Allen theatre will be the scene of the Memorial service which will feature the Rev. Dr. W. H. Aulenbach of the Christ Church, Cranbrook, Bloomfield Hills.

Following this service, the school children will participate in the parade to the cemeteries with the Legion men, where tributes at the graves will be made.

At any rate, you know what it is to look, scratch, scour, explore or what not, with a "fine tooth comb."

Were you ever a small town correspondent for a weekly or a daily newspaper? You weren't? Well, girls, you just have no idea of what fine tooth combing really can mean. I'm telling you. As the weekly deadline rolls around, you shuffle

## LOCAL CHURCHES PAY TRIBUTE TO MOTHER

Northville's five churches held services Sunday morning to exemplify Mother.

The day was one of double importance in the Baptist church, where the Mother's Day observance was given place in the service along with homecoming activities. Fifteen former members of the local church came from surrounding towns to attend this event. Eleven wives and letters were read by the pastor, the Rev. E. S. North, from persons, some of them former pastors here, who could not be present at the church.

Returning for the homecoming were: Mr. and Mrs. George Reinkens, Mr. and Mrs. Minnie Clements of Grand Rapids, Mr. and Mrs. Mark Robinson of Ponton, Mrs. Garnett of Flint, Mr. and Mrs. George Humphries of Jackson and Mrs. Thompson of Walled Lake.

Among the persons in attendance who can seldom attend regular services were: Mrs. Ruth Stage, Elmer Kator, Mrs. Lottie Ware and Mr. and Mrs. William White.

Those who sent messages included: The Rev. Herbert Greenwood of St. Petersburg, Fla., the Rev. W. R. (Continued on page 10)

## FEATURE POETRY OF ANNE CAMPBELL AT VILLAGE BANQUET

Helen Mertes, Margaret Nagy,  
Carroll Carlson Win Places  
in Essay Contest

When 225 mothers and daughters dined together it is sure to be a happy affair as was the Mother and Daughter banquet held in the Methodist church house on the evening of May 6.

Bouquets of yellow flowers brightened the tables and bon bon cups shaped like tulips were placed at each cover. In courtesy to the ladies, the young men of the church served the three-course luncheon.

Mrs. M. J. Kolyke led spirited group singing at intervals during the dinner with Miss Doris Tewsbury at the piano. Mrs. Harry J. Lord, as hostess of the church, greeted the assembly appropriately and presented the program.

Five of the youngest daughters present, Mary Louise Lee, Jean Frey, Dianne Moore, Norma Jean Calkins and Ida Lou Lane, directed by their kindergarten teacher, Miss Ann Richards, captivated the audience with several songs. Mrs. Kenneth S. North, accompanied by Miss Tewsbury, sang a song of springtime.

As the result of an essay contest on "My Ideal Mother" conducted by the English classes of the school the three prize winning contributions, still has to pass the test for leaf-writing by Helen Mertes, Margaret Nagy and Carroll Carlson, were read by Mrs. Leslie G. Lee and prizes were awarded. The judges of this contest were Mrs. George W. Stalker and Mrs. E. A. Chapman, former teachers, who said that there were so many fine essays handed in that it was difficult to judge fairly.

The crowning event of the evening was the talk by Anne Campbell (Mrs. George Stark), the Detroit News poetess, who charmed her hearers as she spoke of "Your Daughter and Mine" with sweet, homely philosophy of life. Anne Campbell touched the heart strings of the mothers especially those who were carried back in memory to the days of lamp "chimneys," square dances, old-fashioned mothers of their own girlhood whose beauty shone out from within. ## RESERVOIR TEST WAITS VALVE INSTALLATION

Contractor Fails to Meet Date  
for Completion; Project  
Started April, 1936

All hopes to have the PWA reservoir filled by Sunday and ready to be put into use, were smashed last Friday when the drain valve failed to arrive.

H. B. Culbertson, contractor, reported to Herald P. Hamill, engineer inspector for the village, that all attempts to find a valve in Detroit to fit the need here were useless. "One is being made now and is expected daily," asserted Mr. Culbertson.

Northville's reservoir project, under construction since April, 1936, has long passed the Dec. 1, 1936 deadline for completion. When the valve does reach here, the structure still has to pass the test for leaf-writing by Helen Mertes, Margaret Nagy and Carroll Carlson, were read by Mrs. Leslie G. Lee and prizes were awarded. ## ELECT DONALD KERR TO HONOR FRATERNITY

Donald A. Kerr, son of Mr. and Mrs. Archibald Kerr, is one of the six winners in the University of Michigan Dental school elected for membership into Omicron Kappa Upsilon, national dental honor fraternity. Sharing honors with Donald were William P. Haast, Robert L. Harding, Harold W. Held, Jay A. Jelinek and Chambers P. Johnson.

Donald, who will be graduated in June, has been offered a position on the faculty staff of the dental school for next year. Two of Donald's brothers will also graduate in June. Richard will be graduated from the Detroit Dental college, Frederick will graduate from the Michigan State college, East Lansing.

## Lay Cornerstone For Plymouth Presbyterian Church

Several hundred persons attended the laying of the cornerstone at 3 p. m. Sunday of the Plymouth Presbyterian church.

The service was held in front of the edifice with the Rev. Walter Nichol, pastor of the church, presiding using the regular Presbyterian ritual for the occasion.

Delivering the principal address of the day was the Rev. Willis L. Gelston of the Highland Park Presbyterian church, whose father, the late Rev. Joseph Mills Gelston, was minister of the Plymouth church from 1873 to 1875.

Assisting with the laying of the stone were J. R. Blackford, construction superintendent, Claude D. Dy-

## Miss Ambler Sings Here With Lee's School Choir

Winning commendation from village music lovers for the splendid performance of the second concert of the season, the choir with Leslie G. Lee, director, made their final public appearance of the school year Friday evening in the high school gymnasium.

The concert included a number of difficult selections; one of them, "Out of the Silence" by Jenkins, was particularly well rendered. According to Mr. Lee "who leads his choir where angels fear to tread," this piece was considered by the Albion college choir as too difficult for amateur singers. For this reason, the college choir did not attempt to sing the number when they appeared here several weeks ago.

Worthy of comment was the presentation of an old southern melody, "Who's that a Calling?" This piece ranked last in popularity with the choir members when they voted for the numbers to be included in the concert, while Gaius' old English folk song, "On the Morrow," was the choir's first choice.

The highlight of the evening's performance was the appearance of Miss Evelyn Ambler, formerly of the high school glee club, now a voice student at the Michigan State Normal college, Ypsilanti. Miss Ambler, accompanied by her mother, Mrs. Sherrill W. Ambler, sang two selections, Gounod's "Waltz Song" from Romeo and Juliet and Frelani's "Love and Music." These songs, complimented Miss Ambler's range and gave evidence of a year's strenuous training.

Later shipments will be sent to Ohio and Indiana. Mr. Widgner reports that approximately a million trout will be distributed from Northville this year. This is the usual amount. Car loads of considerable size will leave weekly until the middle of June. The height of the bass season follows immediately on the heels of the busy trout distribution period.

## CASTERLINE'S PLANE WINS CONTEST HONOR

Two Northville high school students, Fred Casterline and Albert Vradenburg went to the model airplane contest Sunday afternoon at Toledo, O., and came home with second and fourth place honors.

Fred's model took second in the class in which only 40 out of 100 planes qualified for competition. He completed this plane in December. It is one of 30 he's made since he started this hobby at ten years of age.

The entries were judged at the Municipal airport on construction, appearance, design, take-off ability, the durability of the plane and landing.

Taking an altitude of 3000 feet, Fred's plane flew in the class for six miles. The entry that took first place beat Fred's plane which was not opened for full speed by only 33 seconds. The winning plane was from Cleveland, O.

Fear that his plane might be lost in territory unfamiliar to him, kept Fred from taking first place in the race. He purposely kept his plane from attaining top speed as his entry was of more value to him than the winning honors.

Fred will be awarded a cash prize.

Eddie Lanning, son of Mr. and Mrs. Floyd Lanning, fractured his collar bone Tuesday evening as he was playing with friends. Eddie, riding on Philip Chase's back, fell over Philip's shoulder and braced onto the ground.

## MRS. C. F. MURPHY, MERRILL SWEET HEAD POPPY SALE, MAY 29

Poppy Day will be observed in Northville this year on Saturday, May 29. Mrs. Charles Murphy, chairman of the poppy committee of Lloyd H. Green Unit of the American Legion Auxiliary, has announced extensive preparations for the observance of the day are being made by the Auxiliary women and by Mrs. H. Sweet, chairman from the Foot

Memorial poppies to be sold in honor of the World War men and to raise funds for the care of the disabled veterans and needy families of the dead and disabled. The poppies will be distributed throughout the city. Organization of corps of "poppy girls" to offer the flowers to everyone on the streets during the day and to receive contributions for the Legion and Auxiliary welfare funds will be made. The flowers have been ordered from Veterans hospital, Battle Creek, where they have been made by disabled veterans.

Poppy Day is the day of personal tribute to the men who gave their lives in the nation's defense. On that day everyone can show that they still remember and honor the sacrifice of those who risked their lives in the war. The poppy is their flower, made in their memory by their disabled comrades, explain the committee members.

The American Legion Auxiliary will ask no set price for its poppies. We want everyone to wear a poppy and to contribute as he is able for the flower. All contributions will be used for the work of the Legion and Auxiliary among the men who lost health and strength in the war, and among the children whose fathers are dead or disabled. The bulk of the money will be expended right here in Northville for the work our unit is constantly doing among needy families of veterans here. affirm those in charge of the project.

## TROUT LEAVE FISHERIES FOR FEED STATIONS

Make Large Shipments Until  
First of June; Season for  
Bass Late in Summer

A Federal coach for the transportation of fish from the United States Bureau of Fisheries is waiting on the Pere Marquette tracks today while preparations are going forward for the loading of approximately 150,000 trout, all under two inches long, which are to leave Monday for the government nurseries at Pontiac's club, Gaylord.

According to Superintendent E. R. Widgner, this will be the second shipment of any size to be sent from here this year. The first, carrying some 150,000, left Monday for the feeding station of the Huron National forest.

Later shipments will be sent to Ohio and Indiana. Mr. Widgner reports that approximately a million trout will be distributed from Northville this year. This is the usual amount. Car loads of considerable size will leave weekly until the middle of June. The height of the bass season follows immediately on the heels of the busy trout distribution period.

"We'll be ready to send out about 150,000 bass from this station in June and July," affirmed Mr. Widgner.

"During the summer months, the fish released from the station here are placed in feeding stations where they reach the five and six-inch stage. It is on they're put into streams for the fishermen to catch in the fall," explained Mr. Widgner.

Working with the superintendent at the local station are five other men, E. M. Greer, D. B. Heiberger, Floyd Chamberlain, Raymond Hazel (Continued on page 10)

THE HARVEST OF HATRED

The devastation of human lives and property now going on in the civil war in Spain is enough to make one's blood run cold. The butchery and savagery being shown in the destruction of human lives, including women and children, would make one think that a race of devils, instead of kindly human beings, inhabited the Spanish peninsula. The forces of hatred that have been cut loose are wrecking a vengeance that would be unbelievable did not eye witnesses tell the awful story.

The writer has heard several talks on Spain purporting to give the causes of the terrible devastating warfare and we have also read numerous articles about the civil war. Yet with all this maze of information we are still almost completely in the dark as to the causes that are back of the harvest of hatred that is making a shambles of the beautiful country of Spain. One thing we do know is that the veneer of our so-called civilization must be very thin when let loose such forces of cruelty, lust, and wanton murder. No wonder that Senator Borah rose the other day in the United States senate and made an eloquent address calling upon humanity to end such savagery and slaughter.

Another thing we do know that again is exemplified in the old adage that "Man's inhumanity to man makes countless millions mourn."

The scars of our own Civil War still remain after three-quarters of a century. The devastation now going on in Spain will leave its marks for untold years to come.

HE DOESN'T SUIT THE POLITICIANS

There is one good thing to be said about Governor Murphy as he moves along in his term of office in Lansing. He doesn't suit the politicians.

The other day at Lansing the Governor made an appeal to his own party asking for cooperation in passing needed legislation. Such an influential newspaper as the Detroit News used a long editorial to tell how poorly the speech went over with his hearers. Explaining this, the editorial writer went on to say that the hostility to the Governor was caused by the fact that he is not "playing politics" with the Democrats. Jobs are not being given out in large enough numbers to suit the party leaders.

Now we read in John Pope's Grandville News that Lansing gossip has it that the Republicans think more of the Governor than do the Democrats. The party leaders on the democratic side, it is explained, "are all against Murphy, because he has not played politics enough to suit the boys" which statement is borne out here, where a recent unfriendly group had considerable fault to find with the governor on this score.

\$150,000 TO ADVERTISE MICHIGAN

The other day at Lansing the House passed the bill appropriating \$150,000 to boost Michigan as a tourist state. It is expected that Governor Murphy will sign the bill.

Speaking of advertising, the city of St. Petersburg, Fla., known to a good many Northville people, spends yearly a much larger sum than this to attract northerners to its winter climate. There must be something to advertising, for during the season just closed, 200,000 people visited "St. Pete." These visitors, it is claimed, spent in the southern city \$10,000,000.

"GOD SAVE THE KING!"

With all the pageantry and pomp that only the British empire can summon, King George VI was crowned on Wednesday of this week. Seven hours of radio program were brought to the United States to give some conception of the tremendous influence that comes in the making of a new British sovereign. Only the radical, the unemotional, and the uninformed could fail to be untouched by such a mighty event.

All the world loves a hero and needs a little idol worship. In this day of crass materialism and the breaking down of many of the ethical and spiritual values of life, we are glad that the forces of destruction have left us the coronation.

No two nations of the world have more in common than England and the United States. We speak the same language, have the same traditions, and stand for the same great fundamentals of life. Hence, the news of the coronation means to us almost as much as it does to the mother-country.

Much of course, could be said about Edward, Duke of Windsor, who might have been crowned king in his brother's place but instead renounced the empire for a lone woman. The time for that discussion is not now but it may be said in passing, that in England the kingship itself is even revered above the one who chances to hold it. King George VI has a kindly face and a good record back home. His father reigned for many years and was almost loved by his people. Of the new king all unite in saying "God Save the King!"

EDITOR'S DAUGHTER WEDS EDITOR

One of the most serious moments in a man's life is when he gives his daughter into the keeping of another man. Whether it is jealousy for his dethroned position as hero in the heart of his "little girl" or whether it is anxiety for her future happiness, it is a fact that every father's knees tremble as he walks down the aisle with that slender hand resting lightly on his sleeve.

On the evening of Saturday, May 1, at Charlotte Mich., 500 guests from all over the State witnessed the wedding of Miss Rose Maxine DeFoe, daughter of Editor and Mrs. Muri H. DeFoe and Richard Marshall Cook, son of Editor and Mrs. William R. Cook, of The Hastings Banner. The groom is associated with his father and uncle in the publication of the Hastings splendid newspaper.

Linking two of the finest newspaper families in the whole State of Michigan, this wedding brings felicitations of the most genuine sort from all newspaper folk of the State.

The editorial comment of Mr. DeFoe in his own newspaper touched us deeply and we feel that our readers will get as much satisfaction from his words as we did when we read them. Here is the editor-father's comment:

"One who has never escorted his daughter down the aisle to the strains of the expressive music of 'Here Comes the Bride,' can not fully understand the mixed emotions a father feels during an experience of this character. He has reason to be particularly happy when he knows that the man of his daughter's choice is a person of character, clean in thought, always generous and honorable in his interpretation of wrong and falsehood and supported in these knightly qualities by antecedents that make for a hope that the wedding is a spiritual union rather than a matrimonial experiment. Such was our mental reaction. Alexander Smith in one of the best of his many charming essays (Dreamthorp) says:

The man who in this world can keep the whiteness of his soul, is not likely to lose it in any other.

"With this brief summing up of our long personal and editorial regard for this personality the Republican-Tribune editor is proud and happy to present, to the readers of this column, in his new and welcome relationship, our son-in-law, Mr. Richard Marshall Cook—Gentleman."

Social Security Briefs

The number of employees is not a factor in determining coverage, in the Federal Old-Age Benefits program of the Social Security Board. Employers in covered industries must cooperate regardless of the number of workers hired by them.

Workers over 65 may now get Social Security account numbers. This ruling does not make them eligible to participate in the benefits of the Old-Age Benefits program, but does make it possible for them to have account number cards which may be used by State agencies in recording their wages under the States' Unemployment Compensation laws.

Workers who have reached 65 and are qualified to receive lump-sum payments under the old-age benefits provisions of the Social Security Act, need not quit work to get such payments. They may continue working as long as they wish.

'Old-Age Benefits' are the retirement income payable to wage earners who are 65 years old and no longer at work. They must have worked at least one day in each of five different calendar years since 1936 and must have earned a minimum of \$2,000 in that time. The plan went into effect Jan. 1, 1937 and does not cover people who were 65 before that date.

BUY YOUR COAL NOW!

The Guffey Vinson Coal Act is now a fact! The bill was passed by Congress and was signed by the President on April 26.

The Act provides for a Coal Commission who will fix prices on coal. The Commission has already been appointed by the President, and just as soon as certain data pertaining to the cost of producing coal in the various districts can be gathered, prices on all sizes and grades of coal will be fixed.

You still have time to put in a supply while today's low prices are in effect. Better look over your stock or storage pile now and place your orders promptly. Don't take a chance of not getting what you want at today's prices by waiting. There is going to be a last minute rush and those who wait are not going to get what they want. Play safe and order now!

We received the above announcement from one of the largest producers of coal in this country a few days ago.

Under the provision of this new legislation no one can tell what the future price of coal will be. Price fixing is now up to the commission.

Our advice is to buy your coal now. No orders taken for future delivery.

What is the "Low-price Field"?

YOU hear a lot about "the low-price field" these days. A good many cars claim to be in it. So whenever the low-price field is mentioned, remember:

Until Ford came, no average American could own a car.

Today all Ford prices are still low—with the prices of the 60-horsepower Ford V-8 \$30 to \$60 lower than those of any other car of comparable size.

But with Ford, "low price" doesn't merely mean low figures on the price tag. It means much more than that. It means low prices and low costs all the car's long life. Low prices for service—for parts—and, above all, for operation.

Both Ford V-8 engine sizes are economical to operate. The 85 horsepower gives greater gasoline mileage this year than ever, and the "60" delivers the highest mileage in Ford history.

Private owners, cab companies, fleet operators all report that the "60" averages from 22 to 27 miles per gallon of gasoline.

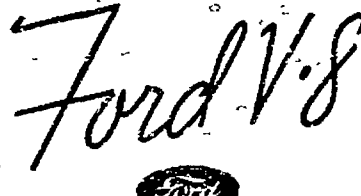

Check and see how much Ford saves you.

By MRS. EDITOR

While the spirit of Mother's Day is still upon us it will be interesting to read some of the frank comments made by the girls of Northville in an essay contest recently conducted by the teachers of English in our public schools. Some of these essays will be published in this column.

This week we present the two prize winners in the high school.

### MOTHER

**Margaret Nagy**  
Of the things that make life worth while, I thank God for my mother. Many a great person has said, "All that I am I owe to my mother."

Mother gives the sweetness and richness to life. Without her it would be a barren spot. She it is who makes home, home. I have had an exciting day and I come home overflowing with happiness. Mother is there to greet me and rejoice with me. Or on another occasion things

haven't gone so well and I walk into the house a little down-hearted. Mother cheers me and before long I realize that I am not the most forlorn person on earth. Mother's very presence brings warmth to the atmosphere.

Her patience is beyond words. Sometimes I wonder how she can be so when after years of training I do something wrong. Then I think how little I have been to become disagreeable because one minor thing didn't go right. Afterwards I am sorry, so sorry and my prayer is that she may understand.

Then when I say perhaps unkind words, sharp words, or raise my voice I always hope she will realize that I said them before I thought and I suffer having said them, a deeper pain than from any punishment she may try to apply.

Another of her characteristics is unselfishness with no limit. What she wouldn't sacrifice, what she wouldn't do, what she wouldn't suffer for something I wanted! And most of it she does in such a sweet, quiet way, so that full credit seldom reaches her. But that doesn't seem to matter to her.

When I stop to think what the meaning to all this is I can see no other but love. It is her love for me that makes her patient and unselfish. It is love that makes her willing to bear most anything. It is love that makes her so concerned about my future. Her love covers me not only when I am at home near her but when I am far away. I can always be sure that mother is thinking about me and silently praying for my safe return. And she shows her love in such sweet ways. There is no end to her surprises. Sometimes I go not fully realize it but it is there. Her love is like a fragrant rose with sweetness in every fold.

### WHAT IS A MOTHER?

Fern Nertes

If you were to write an advertisement asking for a mother, you would probably state it something like this: "Wanted—A benevolent, sympathetic, patient, understanding, uncompromising woman to cook, clean, wash, iron, entertain and advise; to work from the time she rises until she retires. The wages are the love of a family."

That is a lot to ask of any one

person and yet we feel it no more than our right to demand all this of her. She must be on hand to see that the clothes are kept clean and pressed. She must serve, appetizing and nutritious meals. She must keep the house in perfect order. She must be prepared to entertain unexpected guests at any hour. She must know just what to do for four girls and bruises. All her hopes and plans must be secondary to yours. And above all she must not complain. All these things and many others are required of a mother, all for the love of a family, and yet how often even this meager wage is denied her. So we have set aside one day on which to honor her—the person that makes life worth living. There is no need to portray the turmoil that would result if mothers decided to forget their families for 364 days.

So the next time your mother asks you to perform some trivial task, remember that your mother is not just another household fixture but a human being who more than deserves your love.

Mrs. Gerald Mead, two children, Maxine and Gerald, Jr., Frankfort, were week end guests of Mr. and Mrs. Elmer Heichman.

Mrs. Marvin Addis attended a mother and daughter banquet Monday evening with her daughter, Mrs. Max Bergin of Howell.

Mr. and Mrs. Norman Gedig of Detroit, and Mr. and Mrs. Austin Ault, three daughters, Miss Virginia, Phyllis and Helen, and Mr. and Mrs. Albert Orin, two sons Kenneth and William, and John Rowe attended a birthday dinner at the home of Mr. and Mrs. Ralph Voorhes. The dinner was given in honor of their father's, John Rowe, seventieth birthday.

Mr. and Mrs. Stanley Simmons of Redford were Sunday afternoon guests of Mr. and Mrs. Lucian Gilbert.

Mrs. Margaret Martin was the guest Thursday, Friday and Saturday of her son and family, Mr. and Mrs. Carl Borland of Detroit.

Mr. and Mrs. Henry Trapp, Jr., Redford, were Sunday dinner guests of Mr. and Mrs. Otto Trapp.

Miss Marjory Heichman is the guest this week of Mr. and Mrs. Jesse Zeigler and Gerald at their cottage at Houghton Lake.

Mr. and Mrs. Harold McVicar and son, Harold, Jr., were Sunday guests of Mr. McVicar's parents, Mr. and Mrs. Clarence McVicar of Hay City. William Owen was a guest at a stag party held in honor of the twenty-first birthday Wednesday night of Melvin Stromoski of Wayne.

Miss Virginia Ault entertained the members of the eighth grade graduating class of Purdon school at her home Friday evening. Prizes and favors were in evidence, a dainty luncheon was served and it proved a delightful occasion.

Mrs. Albert Nacker was the guest Sunday afternoon of her brother and family, Mr. and Mrs. J. W. Hess of Pontiac.

Miss Shirley Zwaehlen was the guest for Sunday dinner of Mr. and Mrs. Lloyd Childers of Detroit.

Mrs. Leslie Mansfield of Middle Belt, is very ill with pneumonia.

Mr. and Mrs. Russell Borland and family, Redford, were guests Sunday of Mr. Borland's mother, Mrs. Margaret Martin.

No quorum being present, no business was taken care of at the May meeting of the Community club held Wednesday afternoon at the home of Mrs. Lillian Orin. However those in attendance enjoyed a very agreeable afternoon socially.

Mrs. Edwin Johnson was hostess to a house party held at her home over the week end. Guests were a dozen of Mr. Johnson's relatives from Lansing and Grand Rapids.

### "YOU HAVE TO GO ON"

If some divinity instead of blundering men bestowed medals to truly brave and gallant souls there surely would be one of the purest gold for Jesse Sunson. There would have to be.

She is the girl, who, not yet 19, was selected as the most beautiful girl in New Jersey, a happy girl with all life before her.

And she is the girl who lost both legs under a railroad train. There is tragedy. But not to her. Somewhere in her there is the strength to endure, to smile and tell the world these words of those who will neither break nor bend:

"At first I thought that youth and beauty and all my future had been cut off with my legs. But I decided that was no way to take it.

"No matter what happens you have to go on—you must make the best of things."

Read that again, remember it and think of it when your own heart is heavy and the world is dark. Detroit

## FOOD MARKET

## Advice

NOW is the time when the list of available fruits begins to lengthen. The first of the season's HUCKLEBERRIES arrived last week. Soon they will be plentiful for some time to come. The first California CHERRIES also arrived a late season and a short crop. A few Florida WATERMELONS have arrived. PINEAPPLES, STRAWBERRIES and RASPBERRIES are the chief seasonal fruits with the exception of such standbys as ORANGES, BANANAS and LATE APPLES.

**Vegetables Prices Up**  
A between season fall has resulted in a temporary rise in the prices of many vegetables. Best values will be found in CELERY, PEAS, ONIONS, POTATOES and SPINACH. BEETS, CARROTS, CABBAGE and TURNIPS are all higher but reasonable.

**Salted QUEENS**, with the exception of large heads of iceberg LETTUCE, are reasonable. Salads of mixed greens have both a strong appetizing appeal and health value and are an attractive feature of every hearty salad. They come into their own with warmer weather.

**Meats Somewhat Lower**  
In general meats are cheaper, but while the change in wholesale price is not sufficient to affect the retail of PORK and VEAL, BEEF and LAMB prices should be lower. TO WILKIE is cheaper and probably has not yet reached its seasonal low.

More plentiful supplies of FISH and lower prices are looked for as more favorable fishing weather has prevailed. EGG prices are somewhat lower and plentiful supplies are available. The quality continues excellent so that the combination of good quality and reasonable price should appeal to the market. BUTTER prices show signs of weakening as spring production increases.

Here is a menu made up of foods which offer the best values this week:

Chicken Potatoes New Potatoes  
Green Peas  
Salad of Mixed Greens  
Bread and Butter  
Omelet Souffle with Strawberry Sauce  
Coffee

This menu is tested and tested in the AAP Kitchen.

### PREVENT ONION FLAVORS

Cows turned out on spring pasture frequently eat wild onion and wild garlic. There is practically no market for onion and garlic flavored dairy products.

The safest way to prevent onion flavors is to keep cows off onion infected pastures.

A practice that may be used with fair success according to J. M. Jensen, extension dairy specialist, is grazing the cows on onion infected pasture till noon only, then removing them on pasture free from onion or keep them in a dry lot and feed winter roughage the rest of the day.

### NEED MORE ALFALFA

Many farmers are planning to sow alfalfa this spring. A recent survey made by Paul Food, soils specialist, shows that Wayne county has 6,424 acres of alfalfa but needs 10,923 acres of alfalfa to supply home grown balanced rations for livestock on farms.

### SELL BREEDING BIRDS

Prime quality turkeys for next holiday season will be hatched in May and early June.

Sell the breeding birds as soon as the hatching season is over, they eat considerable food, gain little in weight and are a source for the spreading of disease to young poultry. Poultry need more protein of good quality in their feeding mash than baby chicks. Quick gains during the first weeks of turkey development are important if an economy of feed is desired and a starter high in protein.

### FIX GRAIN RATION

With the opening of the pasture season in Michigan, dairymen are faced with the seasonal problem of how much grain to feed to supplement the grazing.

Some simple rules formulated by J. G. Hays, extension dairyman at Michigan State college, are being used for efficiency and economy. With excellent pasture the grain ration can be simple and any cereal grain or grain mixtures will satisfy.

How much to feed depends upon the quality of the pasture, the breed of cow and the amount of milk when she is yielding. On good pasture a Holstein cow giving 20 pounds of milk daily needs five pounds of grain. A similar amount of grain would be fed to a Jersey or Guernsey giving 15 pounds of milk daily.

The addition of protein to the grain ration is recommended by Hays when pastures do not rate excellent.

For a pasture that qualifies as good the grain mixture would run about 10 to 12 pounds of digestible protein to each 100 pounds of feed. This is obtained by adding 100 pounds of cereal grain.

For a poor pasture the supplement must have more protein. It should run 16 to 17 pounds to a hundred pounds of feed. This calls for 160 pounds of alfalfa added to 250 pounds of cereal grain.

### PROTECT SOIL

Lawnmowers in cities and towns can grind up their lawns to protect lawns and soil from grubs, sod webworms and earthworms. Recommendation of Professor E. J. McDaniel at Michigan State college is to apply 100 pounds of arsenate of lead to 1000 square feet of surface on a new lawn. For an old lawn two and one half to five pounds can be applied with fertilizer. The material should be washed into the soil after it is dusted onto the surface. Light treatments may mean another treatment the following season to catch grubs already established in the lawn area.

### The Last Resort

## Tyrone Power, Don Ameche, Loretta Young Are Co-Stars in Comedy Hit, 'Love Is News'

### Joe E. Brown Is Featured in Film Sunday

**LOVE IS NEWS**—You're supposed to be rivals, always feuding," explained Director Tay Garnett to Tyrone Power and Don Ameche, co-stars with Loretta Young in the Twentieth Century-Fox comedy-romance, "Love Is News," opening Friday at the Penniman-Allyn theatre, as he outlined their roles before shooting. "Do you think you can do that?"

"Do we?" the pair explained in unison, breaking into peals of uncontrollable laughter that set the entire studio to smiling. It seems that with the production of "Love Is News," Hollywood's arch rivalry is resumed.

Tyrone Power and Don Ameche are two friendly enemies who can't get away from each other. Their paths first crossed in Chicago at

the time of the World's Fair, and there has been scarcely a radio or screen assignment since, in which one doesn't offer the other competition. Their chief trouble was that the more each saw of the other, the more they liked each other, even though it meant that one had to lose out on each role, until finally both were featured in "Ladies in Love."

Each then received his biggest opportunity, Tyrone in the male lead in "Loyals of London," and Don opposite Souja Henie in "One In a Million." Now surely, it seemed, their rivalry was broken.

Loafing at home, Don read a script and saw in it the perfect part for himself. On the other side of Hollywood, Tyrone, stretched out on a couch, was reading the same script at the same time. He too, saw in it the perfect part of himself.

On Monday morning Tyrone hurried to the sound stage and greeted Director Tay Garnett. Then, looking about the stage, Tyrone saw Don Ameche. A cold chill went through Tyrone. He realized what had happened now. "One more Don drew the part he wanted."

Tyrone walked over to Ameche. "Good luck, Don," he said, shaking hands. "You've done it again. I guess there's not use in my trying for a part while you're around."

"I'm glad to get the part," Don said, "but I'm sorry to cut you out, Tyrone."

"Yes, it's tough. And that's a swell part, that young reporter."

"But I wasn't even thinking about the reporter when I read the script. The managing editor, that's what I wanted to play."

Just then Director Garnett spoke up.

"What are you two talking about? You're both in the picture! Tyrone plays the reporter and you, Don, play the editor!"

## WHEN'S YOUR BIRTHDAY?

Astrology, the study of the stars, which is followed unwaveringly by hundreds upon hundreds of devotees, and rejected by as many more as an abstruse, uninterpretable science, never fails at least to interest those who scoff at its claims to predict the future and tell what is in store for those born under its numbingly zodiacal signs. This is witnessed by the increasing publication of various magazines and monthly pamphlets devoted exclusively to the mysteries of the heavens.

It is no wonder then that astrology should be chosen as a topical background for a motion picture, and in the new Joe E. Brown starring comedy, "When's Your Birthday?", it illustrates its aptitude for comedy treatment, although in no sense does the film belittle the science nor question its possible importance. Rather, emphasis is laid upon the comic possibilities arising from an impostor who sets himself up as knowing all about people's past, present and future.

As the picture opens, Brown, student of astrology, hesitates to marry his sweetheart, Suzanne Kaaren, on the date she and her mother have selected, because his birth planet is not in favorable aspect, and her disgruntled parents join her in calling off the wedding entirely. Left with only the solace of his dog, Zodiac, Brown's quest for a permanent job finally leads him to an amusement zone, where he makes the acquaintance of Marian Marsh and secures a position as the astrological fortune teller in a midway concession conducted by Fred Keating. But this is not before he has put in a short period as a clumsy bus boy in a gay cafe, and finally escaped from the wrath of the headwaiter by disguising himself in the ballet costume belonging to one of the chorus girls.

As an astrologer, however, Brown registers an immediate success, and secures a job with the concession for Miss Marsh, who by this time no longer is interested in him than he is in her. When he correctly predicts the outcome of a dog race for a "big-shot" gambler, Minor, Watson, that gentleman calmly biers the three partners as his personal fortune tellers, so that their predictions may enable him to make winning bets on sporting events.

Complications ensue when Max Kaaren, impressed with his success as an astrologer, makes a determined attempt to enter Brown's life again, but succeeds only in bringing about a rift between the comedian and Miss Marsh, who lives of all places—to Hartford.

Finally Watson engages an unknown foreign prize fighter, and imports him for the purpose of engaging in a bout with the middle weight champion, Brown supposedly casts a favorable horoscope for this "Salvador" Slayder, and the gambler proceeds to bet his bankroll on the outcome only to discover that his fortune teller has previously engaged in a few fights to earn money for his course in astrology, and his on a session that brings the picture to a climax of riotous hilarity.

### Human Interest Briefs From Exchange Columns

**Holly**—Mr. and Mrs. Alex Winslow celebrated their fifty-fifth wedding anniversary Monday at their home in Holly.—The Holly Herald.

**Birmingham**—A valuable painting of George Washington, one of 80 originals by Rembrandt, Peale two candlesticks, and a cross, were stolen from Cranbrook school sometime between Monday night and Tuesday morning of last week.

The candlesticks and crucifix, valued at \$15, were taken from the assembly hall while the painting, said to be worth \$1,600, was taken from the dining room. The Peale painting was presented to the school by George G. Booth, the founder, on the school's first birthday. It is approximately 23x28 inches encased in a four-inch bronze frame.—The Birmingham Eclectic.

**St. Johns**—On the eve of being committed to the penitentiary, ward of the University of Michigan hospital in Ann Arbor, Leo W. Ernst, 22, who lived two and one-half miles west of St. Johns, was instantly killed when struck by a Grand Truck passenger train near his home early Thursday morning, May 5.—Clinton County Republican-News.

**Dearborn**—Teachers in the Fordson school system were granted a flat raise of \$200 a year starting next September as the Fordson school board finished up its work on a budget of approximately \$1,800,000. In granting the raise the board established a new maximum salary of \$2,600 for teachers. Virtually all employees of the school system were granted increases in the new budget, only school doctors and auditors and the attorney from the board being kept at their present rate of pay.—The Dearborn Press.

**Detroit**—"What about Michigan?" This is the question which the American public is asking today, according to DeLoos Walker, associate editor of Liberty magazine. Mr. Walker, speaking recently before a joint luncheon of Detroit commercial and advertising leaders, declared the public has the prevailing idea that chaos and rebellion prevail in the automobile state.

As a spearhead of an intensive drive to present the truth about Michigan, the Michigan Press association will be host next July to a convention and state tour of newspaper editors. The editors are coming to Michigan from all parts of the United States for a three-day business meeting at the Book Cadillac hotel in Detroit and for a four-day educational tour of the state.—The Washtenaw Post-Tribune.

**Farmington**—Holding that the people of Farmington, Conn., had failed to comply with the Farmington City ordinance, dealing with the licensing of peddlers, Circuit Judge H. Russell Holland, sitting in Circuit Court at Pontiac, Monday, denied a writ of mandamus requested by Farmington, in an attempt to compel the City of Farmington to grant him a peddler's license.

Farmington maintained the city was bound by the ordinance to grant him a license free of charge inasmuch as he is a veteran and as such is included in the scope of the present ordinance which rules that veterans shall be given a license without payment of the usual fee.

The Farmington suit was the outgrowth of attempts by large companies to avoid payment of the required license fees as stated in the ordinance. The Mills Baking company of Detroit, whose products

Flannigan sells, is one of the companies with whom the city thus conflicted on this point.—The Farmington Enterprise.

**Dearborn**—Failing to locate plans or specifications on the Dearborn Public Library, Clark M. Greene, superintendent of public works and engineering, made a written report to the council yesterday on the library crash.

He said it was impossible for him to fix blame for the ceiling crash under the circumstances. He did say in the report, that in his opinion, the design or construction of the ceiling and wall ceilings were not the same as the rest of the building which is still intact.

When the building was built, the territory was under the township records, and Greene can find nothing on the library plans. The council has appropriated \$1,800 to repair the ceiling which crashed some three weeks ago and also the east ceiling will be torn down and repaired.—The Dearborn Independent.

**White Lake**—The White Lake community was shocked and saddened by the suicide of Maynard Voorhees, a young man well known and well thought of in the community. He ended his life with a shotgun early Wednesday morning, May 5 on the shore of a small lake on the William Voorhees farm, where he lived with his mother Mrs. Berrie Voorhees, and an uncle, Arthur Cook.—The Milford Times.

She has had an addition with the Warner Bros. studios and is expecting soon a second, with reasonable assurance that she may get a chance in radio or the movies. She is the wife of Griffin Bancroft, an International News writer, and with him has had several interesting experiences in reporting events of world interest. **Plymouth**—Dr. Luther Peck, city health officer, reported to the city commission that there were eight active cases of communicable diseases in Plymouth as May opened.

These included two cases each of German measles, red measles, chickenpox and scarlet fever.

Dr. Peck said that during the month of March there were 18 cases of communicable diseases in these classifications reported and two were active at the start of that month. Quarantine signs were taken down on 12 cases during the month.—The Plymouth Mail.

## Public Telephones—

for your convenience

The telephone has a public importance all its own, for nothing else can take its place. That fact puts a special obligation on this Company to see that, so far as possible, telephone service in Michigan is available to anyone, at any time.

That accounts for the public telephone.

The public telephone serves the traveling

public. It serves those who want to place calls when away from home or office. It serves those who have no telephone of their own.

Throughout Michigan... in city, town and country... this Company maintains 19,777 public telephones. They are an important factor in providing telephone service for all.

Three quarts of carefully distilled motor oil go into the making of every two quarts of ISO-VIS "D." "The quart that's not for sale" is the material that is removed by Standard's patented Propene and Chlorox processes—and consists of sludge-forming, carbon-forming, unstable portions which cause high oil consumption. What's left—the ISO-VIS "D" which you buy from any Standard Oil Dealer—consequently is the finest, most efficient kind of lubricant. It stays on the job in your engine longer. It keeps your oil level up—and your oil costs down. Change to ISO-VIS "D," and see!

through an untidy accumulation of notes and scribbles and you wonder how on earth you can salvage enough noteworthy facts to make up a respectable column of tid-bits for the vast army of readers who await them with such ardent expectation.

Talk about fine tooth combing! The writer of this weekly space filler reaches the last few moments of grace before the last mail pressing the deadline every seven days in a complete state of jitters. Pulling hair, biting nails, talking to himself and innumerable other habits afford no help in producing a wad of news in a hamlet such as this, where folks carry on a routine manner of living from week to week, letting the rest of the world go by for the most part.

Take this week, for instance.

Following is a summary of my labors with the fine tooth comb. I submit it as this week's contribution of Walled Lake news.

Wednesday and Thursday nights were marked by duplicate presentations of the "Mother Goose Pageant," sponsored by the M. E. Choir. The performances were enacted by about 120 children of the community under the direction of Miss Dorothy Mitchell. After two weeks of daily rehearsals at the school, during which time most of the faculty members, the play director and at least two members of the choir became acquainted with each other as they never were before, the small army of tender, flowering childhood was offered to the public in a bright array of many hues costumes, singing, speaking and dancing like all get out. The public said it was dandy, the children were the recipients of many words of praise, the director acquired a headache over her share of the proceeds and the choir sponsors were last seen still holding the bag. None of which should detract from the splendid efforts of everyone involved in trying to make it a success.

Friday night was featured by the annual senior prom, one of the two public social events of our season. It seems (the J-hop is the other) it really was tops to speak, considering the price of admission and the hours of starting and stopping. Attended by the very young, the young, the young married, the "fifties" and those who were reminded of their "gay nineties," the party was a community hit. The music was pleasing, the decorations were exceptional, the gowns of the ladies were the last word and the ice cream and cake very acceptable, especially the "seconds." And of most importance, the Washington trip for seniors seems assured.

The post office situation was settled last week, too. About the first of March, it was learned that Arthur Herrold, local barber, had purchased the P. O. building for use as a new, Main street barber shop. He figured the new location would come closer to easy street for him, than

## Scene at First and Only New York Fair 1853

**NEW YORK (Special).**—For the first time since the Crystal Palace Exposition of 1853, New York State and City are hosts to the remainder of the world in a genuinely international fair. The accompanying reproduction of a fine lithograph published 84 years ago shows in a wealth of detail the engrossed Palace dedicated at that time to "the Exhibition of the Industry of all Nations." The site of the exposition, then known as "Reservoir Square," is today Bryant Park and the location of the Public Library, at First

Avenue and 42nd Street. In 1853 that was "way out in the country." To-day it is mid-town Manhattan, and about 20 minutes rapid-transit time from the 1216-acre site of the New York World's Fair of 1939.

In the years since her own outstanding exposition, New York has been a prominent participant in the 13 major expositions held in the United States—State legislative appropriations alone amounting to \$2,730,000 in behalf of "credible appearance" at such fairs. The Empire State erected her own building

for 11 out of 12 great expositions that was "way out in the country." To-day it is mid-town Manhattan, and about 20 minutes rapid-transit time from the 1216-acre site of the New York World's Fair of 1939.

The body was placed in care of Harbige and Williams Funeral home, where the funeral took place at 10 a. m. May 3.

## OBITUARY

**HARRY AMBLEY BOVEE**

Harry Ambler Bovee, 70, 2520 Oak street, Jackson, Fla. died Saturday, May 1, after months of illness.

He had been in failing health for several years.

Mr. Bovee was a native of Northville and moved to Jacksonville 12 years ago. He was a member of the F. & A. M. and Shrine.

The body was placed in care of Harbige and Williams Funeral home, where the funeral took place at 10 a. m. May 3.

The Rev. Albert J. Kissing, pastor of the First Presbyterian church, officiated. The remains were cremated. (This article was sent to The Record from a Jacksonville, Fla. paper.)

The little girl returned home from school and said to her mother: "Oh, we had a lovely lesson all about some people named Adam and Eve and they lived ever so happily in the Garden of Eden until the serpent arrived."—Undeniedly Clipping.

## Vegetables Appeal to a Man's Fancy

In the spring a young man's fancy often turns to thoughts of a vegetable dinner instead of love. And that, whether he's 14 or 40. But his critical and those vegetables must be cooked just right, be perfect in form with the appeal of natural flavor and good color.

Do you know how to prepare a tasty course of vegetables like that? Sure, you'll say; cook them in separate receptacles. Not at all, for that extra work for you. There's an easy and modern version of grandmother's method of cooking vegetables all in one range has a deep well cooker use it; or if not, a heavy aluminum kettle with a tight cover having a vent in it will serve this purpose.

Should the vegetables be small, make separate mounds of them on the bottom of the kettle; add one cup of boiling water. Cover, place over a top burner of your modern automatic gas range and when boiling begins, adjust the burner valve to simmer. Then the vegetables cook gently in steam and the flavor of each remains distinct, tender. It or not. Season the vegetables well and serve with parsley butter. They will tempt the capricious appetites of any man.

## Here's the DRUM-MAJOR of the motor car parade

If you know a leader when you meet one, you'll see the moment you try this sparkling Buick why it's called the out-in-front car of the year.

You'll go for the way it goes for you—serene, steady, gallant as the figurehead on a buoyant ship—you're in for a thrill every time you put it into action.

You handle a wheel that turns as easy as the pages of a book. You press the treadle—and sink inches deep back in the soft cushions with the swoop of its take-off.

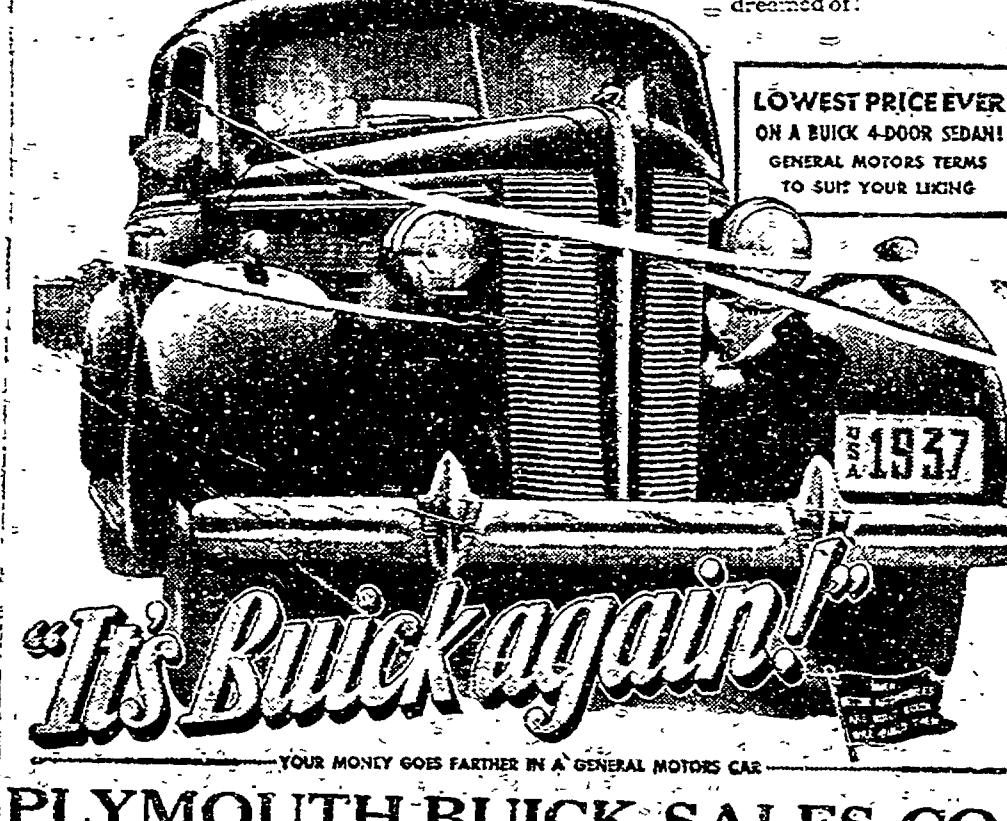

You click off miles by the score, the hundred—and no matter how far you range or what gait you travel, you can't get a whine out of that softly whispering engine!

The answer is you've got a car that was born to go places the way you want to go—smoother, safer, steadier than any car you've known.

Power in this flashing Buick is the power of eight straight valve-in-head cylinders. Its gait is the level gait of a car built close to earth with enough bulk to hold it there. Its maneuverability is the quick mobility of a charger.

Yet the crowning touch of its creators was none of these but the figures they succeeded in writing on its price tag. Tire hard-to-realize fact is that this great straight eight can be bought for less than some of today's sixes!

There's just one way to get the true picture of Buick's standard value, and that's to drive it yourself. See us soon and get your order in, and you'll enjoy a summer like you've dreamed of!

Friends of Wendell Dickinson, son of Mr. and Mrs. Ivan Dickinson, will be glad to hear that he has received a promotion by being made shipping clerk at the Rouge Ford plant.

Since his graduation from the Northville high school with the class of 1932, Wendell has been in the employ of the local plant most of the time with the exception of a period of clerking in the A & P store.

The residence of Herman Berendt, Orchard drive is being repaired.

SESSIONS' HOSPITAL  
Mrs. Richard Johnson, who has been receiving medical care here will be discharged this week and

Mrs. McLeod, Detroit, underwent an appendectomy Tuesday of this period of clerking in the A & P store.

**Christian Science Churches**  
"Mortals and Immortals" will be the subject of the lesson sermon in all Christian Science churches throughout the world on Sunday May 16.

Among the Bible citations is this passage (Ps. 37:18): "The Lord knoweth the days of the upright, and their inheritance shall be forever."  
Commemorative passages to be read from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, includes the following (p. 336): "Immortal man was and is God's image of idea, even the infinite expression of infinite Mind, and immortal man is coexistent and co-eternal with that Mind."

**Salem Federated Church**  
Praise and preaching service, Sun-

day morning is at 10:30 o'clock. "Pentecost, the Birthday of the Church" will be the sermon theme. Bible school is at 11:45 a. m. "The Forbearance of Isaac," Genesis 26:12-25. Memory verse: "Blessed are the peacemakers: for they shall be called the children of God." Matthew 5:9.  
Hymn sing is at 7:30 o'clock on Sunday evening.  
The mother and daughter banquet is on Friday evening, May 14 at 7:30 o'clock.

**Church of Our Lady of Victory**  
Catholic worship on Sunday is always held in the morning, and is called the Sacrifice of the Mass, or just, Mass. Two Masses are held here at 8 and 10 o'clock.

Religion classes for this week end are as follows: the first eight grades at 9:30 a. m., Saturday; high school and First Communion classes at 11 a. m. The First Communion class meets again on Sunday morning after the first Mass, and every afternoon at 4 o'clock next week.

At this writing only one Sodality Circle has reported the time of its May meeting. Miss Audrey Taylor's Circle will meet next Monday evening at 8 o'clock at her home at 537 Randolph.

Details regarding the May general meeting of the Sodality will be announced next Sunday at church.

A church holiday is called a "feast day." The feast of Pentecost is next Sunday. The name is Greek and means fifty. It is fifty days after Easter. The event recalled is the descent of the Holy Spirit, the third Person of the Holy Trinity, upon the assembled Apostles who were in hiding in the upper chamber. What a transformation in these fearing men was made by this Visitor, the Spirit of Truth, who was to abide with Christ-organized Church to the end of time!

The pastor will make no house call this Friday, May 14.

### THE GUFFEY-VINSON COAL ACT IS NOW A FACT

Under the provisions of the bill a commission will determine the wages to be paid the freight rates to be charged and the hours at which the mines can be operated. In fact, the coal industry will soon be under government regulation, and just what that will mean no one can tell.

ONE THING is certain, however, that coal prices in the future will be considerably increased. We do not know what the future prices of coal will be.

Our advice to our customers is to place their orders now for immediate delivery. We are not booking orders for future delivery.

## Private Lives Of George Burns And Gracie Allen

GEORGE BURNS and Gracie Allen invited our photographer to spend a day with them. He snapped them—(1) dressing their children before breakfast, (2) enjoying the sun on the terrace of their Hollywood home, (3) downtown at the telephone while Gracie tries to find where she is supposed to meet whom, (4) rehearsing for their new Monday night program on the NBC Red network, (5) what George threatens to do after 24 hours with his daffy partner.

The service next Sunday at 10:39 a. m. Come and worship with them in this blessed service. The Rev. C. W. Lewis will preach the sermon.

The pastor with nine members of the church will be attending the Annual State Conference of the Congregational Christian churches of Michigan, Friday through Sunday, May 14 to 16.

Sunday School session convenes at 11:45 a. m. Every teacher and her scholars are urged to attend. Lesson: "The Forbearance of Isaac," Genesis 26:12-25. Golden Text: Blessed are the peacemakers for they shall be called the children of God. Matthew 5:9-12.

The ladies of the church are giving a social supper next Thursday, May 20, in the Town Hall at 6 p. m. Come and bring your friends.

Mrs. Fred McCall will entertain the Ladies Auxiliary Society, Thursday afternoon at 4 p. m. at a delicious potluck supper. All the families are cordially invited.

Elijah Nichols, Lou Hicks, Elsie Kent, Susie Mair, Lillian Trickey, Elsie Brooks, Anna Stulwell and Laura Bassett attended the Rebekah Club Wednesday at the home of Bertha Smith in South Lyon.

Tuesday night was opening night for the free open air moving pictures sponsored by the business men of Novi.

Mrs. C. N. Westley, Chicago, Sunday visited her mother, Mrs. Jennie Carney, at the home of her daughter, Mrs. Loren Leavenworth.

Mrs. Ward Drouillard entertained Wednesday afternoon, May 5, eight little guests including the host at a birthday party in honor of the eighth anniversary of her son, Ward, Jr. Others present were: Harold Drouillard, Buddy Gow, Russell Baker, Pamie and Patsy Putnam, Caroline Gaffney and Lore Trickey. The guests were entertained with games, followed by a luncheon. Centering the dining room table was a lovely pink and white birthday cake, served with ice cream. Wardie received many nice gifts and all greatly enjoyed the affair.

**SNOW-KENT VOYS PLEDGED**  
Miss Dorothy Kent, eldest daughter of Mr. and Mrs. Archie Kent, and Royal Snow, son of Mr. and Mrs. Clarence Snow, were married Saturday morning at Angola, Ind., at the Methodist parsonage, the Rev. N. E. Smith reading the ceremony. They are at home at 200 Eleven Mile road.

**Applause!**  
A commercial traveler put up for the night at a small country inn. In the breakfast room the following morning he was asked by the landlord how he had enjoyed the cornet-playing in the next bedroom during the night.

"Enjoyed it!" was the reply. "I should think not, indeed! Why, I spent half the night pounding on the wall to make that fellow stop."

"I'm afraid there's been a misunderstanding," said the landlord, "The corner player told me that the person in the next room applauded him so heartily that he played every place he knew five times over."—Tit-Bits.

## BISHOP BLAKE IS ILL IN INDIANA HOSPITAL

The serious illness of Bishop Edgar Blake of the Detroit Area of the Methodist Episcopal church has made necessary the appointment of Bishop J. Ralph Magee of St. Paul, Minn., and Bishop Wallace E. Brown of Chattanooga, Tenn., to take over his duties.

Bishop Blake at the present time is in the Methodist hospital at Gary, Ind., where he will undergo an exploratory operation within a few days.

Bishop Brown will preside at the Michigan Methodist conference in Big Rapids, June 9. Bishop Magee will take care of the Marquette conference, June 23.

Bishop Blake has been ill since his relief work in the Evansville, Ind., flood district.

He has been bishop of the Michigan area, which includes Michigan and Indiana, since 1920. He is credited with being one of the originators of the plan to unify the Methodist church, South, and the Methodist Protestant churches.

## BOY SCOUT NEWS

The construction layout of the 550-acre leased by Congress to the Boy Scouts for their National Jamboree here June 30 to July 9 has been approved by Secretary of the Interior Ickes and Arno B. Cammerer, director of the National Park service. The plans were prepared by Harvey A. Gordon, National Director of Engineering of the Boy Scouts of America, in charge of preparing the

twenty or more seasonal camps. The sites authorized for use by the Jamboree contingents include part of the Washington Monument grounds, West Potomac Park south of the reflecting pool of the Lincoln Memorial, old crater grounds near the tourist camp, part of East Potomac park, nearly all of Columbia Island, part of the Department of Agriculture's experimental farm, the area between the railroad and highway bridges along the Mt. Vernon Memorial highway and an area between Roaches Run and Four Mile Run.

Walter W. Head of St. Louis, Mo., President of the National Council of the Boy Scouts of America, since 1928, is chairman of the National Boys' and Girls' Week committee for the United States. Mr. Head is President of the General American Life Insurance company, and is a farmer, banker and a leading business executive of the Middle West. "FEELS GRAND TO BE OUT OF THE 'ALL THREE' CLASS!"

"MY 117-INCH WHEELBASE NASH COST ME ONLY A FEW DOLLARS MORE THAN THOSE SMALLER CARS!"

Before you make any decisions...read this experience of Mr. Harry V. Kegel

"Remember the old saying, 'What you don't know won't hurt you'? Well, that fits me. I didn't realize how much I wanted a big car until I got one. The way my Nash Lafayette, 400" gets away in traffic, the way it just hums along the road...the extra room in it...the substantial, luxurious feel of it—it's hard for me to express just how pleased I am. Believe me, it feels grand to be out of the 'All Three' class!"

## N. H. S. NINE TAKES GAME FROM REDFORD

Batters' Averages Boosted As Hochkins Strikes Out

By ALFRED BOELEN  
Coach Elliott Barr named Skip Hochkins to take the mound against Redford Union last week. Skip proved that he made no mistake in doing so. Hochkins held Redford to seven scattered hits which totaled them one run.

They got this time run in the seventh (high school only play) when with one out Lindberg doubled and Nelson singled him home. At first this looked to most of the rooters like a rally for Redford, but Skip put an end to all such wild ideas by striking out promptly the last two batters, making him 10 strike-outs for the ball game.

Northville increased its batting average to .374 when they got 10 hits off the Redford hurlers. Up until the seventh inning this was a close ball game, N. H. S. leading by the narrow margin of one run, but in the seventh they cut loose on a batting spree that netted them seven runs. Westphal started it off by walking; Myers singled to right, sending Westphal to third, but neither runner could advance on Wolfe's hard liner to center. Way then singled, sending Myers to second and scoring Westphal, then Turnbull beat out a perfect bunt down the third base line, filling the bases. Campbell walked, forcing in Myers; Hansen walked, forcing in Way. Then the hero of the ball game, Hochkins, sent a scorching liner over the left fielder's head for three bases. Hochkins then scored on a wild pitch. Hardesteen and Westphal, the next two batters, were then victims of strike-outs.

The team showed plenty of power in this game, and above all, good pitching in the pinches.

## \$58 IS REALIZED BY CLASS PLAY

The senior play, "Bashful Bobby," a comedy in three acts, and two melodrama skits, "Hired and Fired" and "It Might Happen," which were given in the high school auditorium, April 29 and 30, brought a large crowd out and proved a financial success for the seniors.

Ira Davis, chairman of the ticket committee, reports that a profit of \$58 was realized. The play was under the direction of E. L. Johnson with the assistance of Mrs. F. B. Cooke and Miss Florence Harper.

## Marjorie Chase And Lucille Simmons Are Class Honor Students

R. H. Amerman, superintendent of schools, announced today that Marjorie Chase and Lucille Simmons have been chosen as valedictorian and salutatorian of the senior class. The two girls' marks for the four-year high school period outranked any of their classmates for the graduating class' highest scholastic honors.

Marjorie had a score of 96.1 out of a possible 100, which means that her record for her high school years was nearly all A's. Lucille had a ranking of 90.9, which designates that she received at least

all B's with many A's. In figuring out the basis for giving these awards, Mr. Amerman has worked out a plan by which an A, B, C, D, or E is counted an exact number of credits. The basis is also determined by how many times a student takes the subject in one week. If it is taken five times, or each day, the A counts more than it would if it were received in a subject which was taken only twice or three times a week. In this way, the marks are kept fair to all concerned.

Marjorie's course took in music and the academic subjects. She is a member of the choir and glee club, and sang in the operetta last year. For several years she and Alice Eaton have gained prominence

## 'ROUND THE SCHOOL

Early this week Mr. Amerman made the announcement that every senior breathlessly awaits for. That is who will be the valedictorian and salutatorian of the senior class. This year Marjorie Chase and Lucille Simmons were awarded the two highest scholastic honors that any member of the graduating class can receive. That these two girls richly deserve these honors is a generally known fact. Their school record is one of A's and B's, with the A's predominating. And not only have they been foremost in their scholastic work, but have also been prominent in their class activities, holding offices, singing in the choir, appearing in plays—going so many things that you wonder where they get time to get good marks. But good marks they have, and they should be especially proud.

Our hats are off to Marjorie and Lucille, congratulations!

You can see that giving the orchid this week was no task—bushels of them go to the two best in the high school—extra large ones.

We can't resist offering another bit of flora to Mr. Lee and his choir for the super concert that they gave last Friday. To Evelyn Ambler, of last year's graduating class, and one of Ypsi's best students, goes a bouquet for those who she has offered. Somehow we have the feeling that in a few years Evelyn's name will be mentioned with those of Lily Pons, Rosa Ponselle and the other bright lights of the singing world.

## Did You Notice?

Peg W. Stopping school on Tuesday? Just paying Nan back. How quiet the assembly is when the teacher is gone? (I hope you detect the sarcasm.) Lucille S. avoiding anyone who even remotely resembles an editor? Oh, these statements—and the price of fame.

How amorous W. W. has become? And he used to be such a gentleman.

The quips that Alfert and Miss Linden toss back and forth in class? E. L. proudly proclaiming that movies don't make HIM cry—not even Seventh Heaven? And everyone else nearly got pneumonia from the dampness about them. Ever, you ARE hard hearted.

Mary G's quiet determination about everything? Valeria S. and the newly turned Romeo W. W. being oh so nice to each other. Don't get excited though, they owe each other typing paper.

## In the Lineup

This is the lad you usually see at third base during the course of a baseball game—Bruce Turnbull, by name—names basketball as his favorite sport because there is "more action" to it—says he likes English Literature best of all his classes and by way of books, he prefers mysteries—has no hobbies and says his pet poeve is gossiping women—like a gentleman, Bruce prefers blonds and intends to go to Michigan State upon graduation.

Louise has made another conquest, we notice. This time it's a dark-haired sophomore. Benny is quite enhanced with our fair-haired Louise.

## N. H. S. DEBATEES RECEIVE PLAQUE

Cousins, McLoughlin, Cole, VanHellemont Awarded Pins

The school recently received a wall plaque from the Detroit Free Press, which was awarded to the high school debate team for their "excellence in debate competition." This plaque, which is given to all schools whose debate teams stay in the league during the eliminations for State championship, is the fifth that Northville has won. The others were awarded to the school teams, who in the past progressed as far as this year's group did.

The debatees also received pins for their participation in the various contests. Alfred Cousins, Margaret Van Hellemont, Scott Cole and Nan McLoughlin all were given these awards. Edwin L. Johnson coached the team.

The plaque, which is made of mahogany, with a bronze plate on it, will be hung with the other plaques, won in the past, in the upstairs hall. The pins, awarded to the individual debatees, are their own and will remain in their possession.

## PARLIAMENTARY CLASS PAINS POOR PEOPLE

As you probably know, if you've seen any sophomore this week, the tenth grade English classes, are studying parliamentary law. Strange noises have been emitting forth from the English room and if you look in you can see the poor chairman attempting to keep their dignity.

As the classes are only doing this to become acquainted with the procedure of business meetings, the motions are rather wild. Some of the more important measures are:

Due to the fact that the classes have so much loose money, a few important things have been done. First and very important is the fact that these enterprising sophomores have decided to appropriate enough money to pave the road up to McLoughlin's because so many cars have had their insides jolted out, their windows broken, and "ladies" sunny dispositions ruined that this major problem has to be solved with.

Then too, the fourth hour class has passed a measure to import some outside feminine talent to inspire the fellows to spare themselves up to this motion was loudly applauded by one Bill Schoultz. It is their long lives.

## Grade Notes

Some of Mrs. K. H. Babbitt's pupils have been absent because of measles. Donna Hillaker is a new pupil in this same room. Donna came from New Hudson.

The kindergarten pupils are cleaning their play ground. Under the supervision of Miss Ann Richards, they have been modeling with clay. Junior Wick and Ramon Brooks celebrated their birthdays in school during the past week. Six of the kindergarten pupils sang at the Methodist Mother and Daughter banquet program. Their numbers were made up of some of their "Raggy Ann" songs.

Mrs. W. E. McCarthy's and Mrs. O. P. Reag's pupils have made May baskets to take home to their parents.

Mrs. McCarthy's pupils visited their tree in the park before going home on Friday. Bobby Todd is going with his parents on a trip which will include Washington, D. C. and other places of interest. He will chart his trip on a map on the bulletin board in the room and talk about some of the things he plans to see.

Mrs. James A. Congo's pupils have a very lovely exhibition of a day in Japan. This same group of students have been broadcasting the life story of James Whitcomb Riley over their "radio." Riley's poems have also been sent over the ether waves by this room.

In the third and fourth grades of Miss Beulah Miller's room, the students are studying about life in Holland in order that they might enjoy even more of this study, the pupils arranged a realistic trip which would take them to the country across the seas. Several orange crates were pressed into service, and helped to create the illusion of the train trip which carried them from the classroom to New York City. At that port of call, a complete "train crew" awaited them and they purchased their tickets with the paper money they have and then boarded a make believe "Queen Mary" for the ocean voyage. On board the ship the passengers played the various games that real ocean travelers play. On Friday which was their last day on "board," they had a Masquerade ball which

was the big event of their mythical trip. The first prize was won by Leroy McTigue and Shirley Ely won the second prize for their unusual costumes. After their "voyage" this hoard of pupils are expecting to have great fun in the land of wooden shoes and windmills.

Barbara Phillips spent the week end in East Lansing with Ida Altman who attends Michigan State college there.

## WHO WENT WHERE AND WHEN

The choir concert was a huge success and those of you who did not come to hear the choir really missed something. Evelyn Ambler sang two solos. Evelyn is a former N. H. S. student who now goes to Ypsilanti Normal college where she is taking a music course.

Kathryn Marburger entertained a few boys and girls after the concert at her home. She wouldn't reveal who they were, so I can't give you their names.

Jean Cole had a group of girls at her home in West Point Saturday evening. Among those present were Margaret Hein, Jean Anderson, Alice Eaton and Margaret Garden and her friend from Detroit, Margaret Baxter.

Lydia Davis and Marion Turnbull had so much pent up energy that they hopped on bikes and pumped over to Plymouth and went to the matinee Saturday afternoon.

**COST OF OPERATING AN ELECTRIC RANGE**

Family of 5 \$2.20 per month

This figure is a 4-month's average (October, November, December and January) of actual cooking costs in families of five persons, at the rate of 2 1/2 cents (net) per kWh. Special record meters were installed on these customers' ranges to determine actual cooking costs, and the figure above—about 1/2-cent a meal a person—is the result. This is the AVERAGE of the cost figures obtained. Some of the actual costs were higher, some were lower. The cost of operating your range will vary with the amount of cooking done, and with the use of retained heat and the waterless cooking method.

Electric Cooking is not expensive!

\*These latest figures on the cost of operating an electric range show an average of about ONE-HALF A CENT a meal a person. Actual meter tests were made in homes using electric ranges. The cost figure is obtained under everyday working conditions in ordinary kitchens... the ranges are used by women cooking meals daily for families of three, four and five people, or larger. In the survey, 5 well-known makes and 9 different models of electric ranges were included. These tests prove conclusively that electric cooking is not expensive. 10,000 of your neighbors chose electric cooking during the year 1936. and Daniel Potter. Only four men are maintained here, during the slack period which is from October to April of each year.  
Captain H. R. Stewart, who is in charge of the Federal coach, said that six loadings would be made from Northville this year. "Then we'll go to Wisconsin and work from the States in that area," he said.  
Captain Stewart opened one of the insulated tanks Wednesday afternoon to show the hundreds of buckets, "which are individually oxygenized, where between 500 and 600 fish can be loaded. An oxygen temperature is maintained throughout the trip, thus cutting to a slim margin the number of losses. "If we get the fish in good condition, we can deliver them that way," he asserted. "We don't as much as have a one per cent loss from the Northville hatchery," said Captain Stewart.  
Captain Stewart, who has been transporting fish for the past 11 years, says that he spends eight months every year in the coach. "We live here, there are four of us, and our meals are cooked right on the coach," he said. "It takes about four months to do necessary repair work," he concluded.

**CASTERLINE'S PLANE WINS CONTEST HONOR**

**FILE HENRY F. SMITH WILL IN COUNTY COURT**  
The will of Henry M. Smith of Farmington township, son of C. Frank Smith, head of the C. F. Smith company, was filed Monday in the Oakland County Probate Court with a petition asking its admission to probate. No estimate was given of the estate but it is believed it will exceed a million dollars.  
Smith left all his real and personal property to his wife, Mrs. Marie Nutter Smith, saying he had "complete confidence" in her ability to take care of their children. He expected, however, all the stock he owned in the C. F. Smith company, which he provided should be held in trust for the wife by his father, during the latter's lifetime. The stock is to be sold only with the consent of the father. The wife will receive the income from the stock.  
Smith mentioned two sons in the will, Ralph F., now deceased, and Henry F., now four years old. No mention was made of a third child, Beatrice, who was born since the will was drawn. Failure to include her in the will, probate court authorities say, means she will get a one-third share of the estate as if there was no will.  
Smith died April 28. His will was dated Feb. 13, 1934.—The Detroit News.

**NEW SCHOOL PRINCIPAL VISITS IN NORTHVILLE**  
Gerald Harrison of Ferndale, the newly elected principal of the Northville public school, was a caller in the village Saturday. Mr. Harrison comes to this village highly recommended, having been a successful instructor in the Ferndale junior high school for the past three years and previous to that time having been head master of the Hudson private school for boys in Detroit.  
A graduate of the University of Michigan, Mr. Harrison continued his study there receiving his Master's degree.  
Both Mr. and Mrs. Harrison will be valuable assets to the community. Mrs. Harrison being an accomplished organist with a degree from the Conservatory of Music of Detroit. Two children are members of this family, Mary Ann, four years old and Nancy who is two. After they are able to find a home the Harrison family will move out to Northville.  
Mr. Harrison is a brother of Dr. Samuel Harrison of the Albion college faculty.

**DR. H. S. WILLIS RETURNS FROM CLINIC IN EAST**  
Dr. H. S. Willis, superintendent of the Maybury sanatorium, appeared Monday on the program at the Association of Clinical Research in Atlantic City, May 3, when physicians from all over the country were present.  
Mrs. Willis accompanied Dr. Willis East and their son, Kendall, who is a student in Westtown, Pa., joined his parents in Baltimore Friday and Saturday. On Sunday their nephew, Dunbar Davis, and Jack McLaughlin were their guests at dinner and with them attended the service at the Friends church. Dunbar and Jack are working for the Penetra Window company in Baltimore.

**LOCAL CHURCHES PAY TRIBUTE TO MOTHER**  
(Continued from page 1)  
Barbour of Tappan, Ind., the Rev. M. Traver of Pontiac, Mr. and Mrs. Bert Hempstead of Pontiac, Mr. and Mrs. C. Carman of Dexter, N. M., Mrs. Susie Mapes of Oakley, Miss Ella Lockwood of Minneola, Fla., Mrs. Edith O'Donoghue of Detroit, Mr. and Mrs. Dell O'Neal of Thayer, Mo., Mrs. Agnes Wilson of Ithaca and Mrs. J. F. Malmberg of Flower Acres, Northville.  
At the Methodist church Mrs. Josephine Carr was given a plant in having the distinction of being the oldest mother present in the church. Mrs. Lillie Angell was the next oldest mother at this church Sunday morning. The Rev. Harry J. Lord centered his sermon around Mother and her contribution to Christian homes. Miss Florence Johnson was the soloist for the morning service.  
Following the church service, a special program was given in the Methodist Sunday School assembly where recitations were given by Mary Louise Lee, Dale McDonald, Gail Peters, Elsie May Keeping, Joan McDonald, Joan Lisenberger, Lorraine Rieger and Irene Tesch. The entire primary department sang several songs. Their leaders are Mrs. E. M. Bogart, Mrs. Marshall Hernek and Miss Louise Perry.  
Likewise, in the Our Lady of Victory church, the Rev. Fr. Joseph G. Schuler based his sermon theme of the Mass on Mother. Here, too, special music was in keeping with the special tribute to Mother.  
Presbyterian church goes, including the junior congregation, listened Sunday morning to an appropriate Mother's Day sermon by the Rev. Dr. T. W. Smith. The pastor reports that, next to Easter, the service was attended by a record number of persons. Mrs. M. J. Koldyke was the soloist.  
An examination of the members of the confirmation class was held Sunday morning at the St. Paul's Lutheran church. This scene, when gave evidence of much training and study, was in itself a tribute to Mother. The pastor, the Rev. E. F. Russa, used the Mother theme for his sermon.

ATTENTION BOY SCOUTS
