EXCAVATION ADDS SPACE AT FORD'S

Additional Area of 9,400 Square Feet Provided; Parking Lot Moved

An improvement program involving several thousand dollars is under way at the local Ford plant. Approximately 50 men are engaged in the work which will add new production space to the building and provide a large parking lot for employees' cars.

An area of 9,400 square feet, or 73 by 120 feet, has been excavated under the main floor of the factory and an 18-inch concrete floor laid. This will be covered later with wood block flooring. The dirt excavated has been trucked to the company's property across Griswold street and used to fill in the site of the new parking grounds.

Construction was begun one month ago to convert the unexcavated basement to productive use, adding an area approximately as great as that now in use.

Parking facilities for 156 cars will be provided in the new lot situated west of Griswold. Drains have been installed and workers are filling and leveling the once swampy grounds. A covering of gravel will be applied and lanes for parking established. On the old lot cars were placed so close together that every car will have a lane at its front or back on the new lot.

Two water wells recently dug provide water for manufacturing purposes. From these as many as 1500 gallons can be pumped every minute.

Almost 400 men are carried on the rolls of the Northville plant. Of these, 50 are engaged in non-productive work about the plant; and 24, or one of every 16, are occupied in keeping the plant clean by Ford standards. Two shifts produce 70,000 valves every day.

MRS. C. F. MURPHY, AUXILIARY HEAD, VISITS MANY CITIES

Mrs. Charles F. Murphy is a very busy woman these days as she makes the rounds of official visits in her capacity of President of the department of Michigan American Legion Auxiliaries.

So proud is Mrs. Murphy of his wife's position as "first lady" of the 15,000 Auxiliary members to which she is elected without opposition, in the state that she makes no complaint at being obliged to keep her schedule of visits in her capacity of President of the department of Michigan American Legion Auxiliaries.

Often on her itinerary Mrs. Murphy's schedule includes two meetings in one day in different towns. Last week her tour of visits included towns in Northern Michigan—Rogers City, Traverse City, Ludington, Big Rapids, Petoskey, Charlevoix, and Grand Rapids.

This week the Auxiliary leader started off again on a round of visits to a little nearer home. She will cover Lapeer, Mt. Clemens, Bad Axe, Saginaw, West Branch, Lansing, Jackson, Niles, Kalamazoo and Battle Creek. On Sunday Mrs. Murphy will have the distinction of responding to an invitation to address the community at an Armistice Day observance in Marshall. In the afternoon of the same day she will meet with a Child Welfare conference in Battle Creek.

After the first of the year, when snow drifts are deep, Mrs. Murphy plans to tour the northern peninsula.

It is an interesting fact that both the State president of the Auxiliary and State Commander Smith belong to the Red Arrow, the 52nd division.

Miss Bertha Proestel, of Detroit, secretary of the State Auxiliary is accompanying Mrs. Murphy on her visits.

I. D. PEATS NEW HOME IS VERY UNIQUE

Residence on South Center Commands View Over Hills

Perched high on the hill just off South Center street stands the newly built home of Mr. and Mrs. I. D. Peats. Although it can scarcely be seen from the road in secured privacy it is far from inhospitable as its doors are constantly open to many friends who come out from the city to enjoy the superb view for miles over Northville's hills.

This house was uniquely planned to fit the site. A winding road leads through the gap cut into the hills to the residence standing on the very brink of a steep decline below which flows the River Rouge.

FRED FOREMAN IS ROTARY SPEAKER

An eloquent speech by Fred Foreman and a visit from two Rotarians from Windsor, Ont., extending an invitation to an international meet there Nov. 8, were the highlights of the Rotary meeting Tuesday noon at the Presbyterian church here.

Ray Wickham and Ezra Smith, the Rotarians from Canada, were introduced by President Russell H. American and extended a most cordial invitation to a joint meeting of clubs of several cities of Michigan and the province of Ontario next week at the Prince Edward Hotel. A number of local Rotarians plan to be present. The following committee was named: E. M. Bogart, Howard Whipple, D. H. Van Horn, and Don Hamilton.

President American turned the major part of the program over to Martin Broumeyer, Junior Rotarian, who expressed his appreciation for the five weeks day which he has had in Rotary. He then presented Arthur Mitchell who will be Junior Rotarian for the coming month.

Club members have learned to expect extended talks from Mr. Foreman and they were not disappointed. The well-known orator spoke on the Rotary motto, "Service Above Self." He profited most who serves best. "There is nothing like kindness, good will, friendship and brotherly love, and the speaker as he stressed the importance of carrying out the Rotary motto in daily living. Mr. Foreman pointed into both modern and ancient history for some very telling illustrations of his point that the aim of service in life brings worthwhile returns. "We never know what a kind word can do. Let us strive for a practical application of our motto," he emphasized.

A nice bit of sentiment was addressed to the meeting when Palmer Joseph, G. Schuler, presented a birthday boutonniere to President American. Charles Schuler presented birthday flowers which were intended for Don Yerkes (but who was up in the north woods) to Doris Tewksbury, the Rotary pianist.

M. C. Gursell of the boys' work committee told of the prospective formation of a cub troop of Scouts which is under the supervision of Arthur C. Carlson. It is expected that the Rotarians will sponsor this troop.

Floyd Northrop told of a plan for giving a dinner for some Northville boys during the holiday season, and at his suggestion Charles Schoulz was made chairman of the committee to plan for this event.

City Folks and Sunday Visitors See Red Over Treatment Accorded Belligerent Beck Road Bulls

Far removed from the home of the interested parties, a bitter bull fight has been raging in the editorial columns of a Detroit daily with neither side ready to withdraw from its position. Although a truce in the fighting has occurred, hostilities are expected to be resumed with the appearance of Sunday's editions.

Indignant city folks have protested treatment of bulls on a South Beck road farm where animals have been tied to trees and to a swivel post for training. The indignation has been directed against the bull owner for trying the animals so they were forced to keep their heads erect.

The "battle of the bulls" began when "Indignant Citizen" wrote of what he had seen and registered a protest against such treatment of dumb animals. A few days later he was answered by "Indignant Cit-

NORTON TRIES FOR LIQUOR PERMIT HERE

Villager Is Told by Council He Must Have Written Application

The village council in regular session Monday night at the village hall paid a number of bills, heard an informal application from John Norton, tavern operator, for a permit to sell liquor by the glass and received two applications for the position of relief man for the two police officers and Fire Chief Hicks.

Norton's oral application for a permit to sell liquor by the glass was accompanied by a petition signed by some 100 individuals. The applicant was told that he must present a formal written application before the council could act. One other application has priority over any Norton may present.

A claim against the village for extra work on the municipal reservoir was received from attorneys for H. B. Culbertson, contractor on the project, who represents that the council owes him more than six thousand dollars.

The council voted to deny the claims, asserting that the amount is more than offset by penalties against the contractor. Another claim for \$300.00 made by Herald F. Hamel, engineer on the reservoir project, was discussed and then put to village President Barkart for approval.

Fire Chief Fred Hick introduced a bill of \$20.00 for services as secretary of the fire department. Councilmen questioned the propriety of one man acting as both engineer and fire chief and drawing remuneration as secretary for the fire department. For a brief discussion it appeared that Lieutenant Secretary Chief Hicks would resign as chief, but the matter was adjourned to the satisfaction of the council and the chief returned to work on duty.

A request that the village turn on a street light on Main street between Leland and H. streets, received from LeRoy Stewart and printed Fred P. Gursell of the High Art Club, advised and a vote of approval was given.

Continued Perkins, Percil, Stuart, Schoulz and Geo. Hicks were present. Mr. Hicks served as acting President in the absence of President Barkart.

GUNSELL ANNOUNCES CHRISTMAS CONTEST

A large list of prizes will be given boys and girls who participate in a contest announced this week by M. C. Gursell. The contest will open Thursday, Nov. 18 and close Christmas eve, Dec. 24.

Any boy or girl between the ages of 5 and 12 can enter the contest and all entrants will receive a prize at the end of the contest. First prize for girls will be a \$15. Patsy Mae doll and for boys an electric train. Prospective contestants may obtain information at the Gursell Drug store, according to an announcement carried in this issue of the Record.

MR. SEELEY TELLS OF BIG APPLE CROPS

Mark Seeley is back from two weeks supervising pecking of apples at Hudson and Manchester, with some big stories of this year's remarkable apple crop. He tells of the big orchards of 70 acres belonging to Wiggins and Wenzler at Manchester where a crop of over 30,000 bushels was harvested. Mr. Seeley tells about a record in apple picking hung up there by Arthur McGee who picked 145 bushels of Wagner apples in ten hours while his brother, Ed, turned in 138 bushels in the same time. Mr. Seeley says that a hundred bushels of apples is considered fast picking. At Hudson there was picked from the Seeley Green orchards an apple that measured 17 inches around and weighed exactly two pounds.

The unusual thing about this season is that around Northville the crop was rather small, but the best of the state reports one of the best crops in many, many years.

ARMISTICE DAY PROGRAM

For many years the Lloyd H. Green Post of The American Legion has possessed a gift received fifteen years ago from the Village of Northville. A large service flag bearing one hundred and thirty-one white stars and five gold stars on a field of blue—a star for all Northville men and women who served their country during the World War.

On Armistice Day, Thursday, Nov. 11, this beautiful flag will again be displayed across the front of the Legion building on Main street, to refresh the memories of all citizens that this day is an important one to every American, and with a prayer that we may never have need for another Armistice Day in our history.

To promote an appreciation of the meaning of the day, among the youth, fitting exercises have been planned for a general assembly in the high school at 2 p. m. The American Legion and Auxiliary will attend in a body. The following program has been arranged:

Assembly Call - Bugle
Invocation - Robert McKluskie
Salute to the Flag - Gerald V. Harrison
Song in Unison - Boy Scouts
Introduction of Legionnaires - Mr. Harrison
Song - "America"

At eight o'clock in the evening all Legionnaires and Auxiliary members with their families and friends will gather at the Legion building for their regular Armistice Day party. This is to be a "hard times" dress party and any one wearing good clothes will be fined. Lunch and refreshments will be plentiful and the committee has arranged a surprise program.

BOULEVARD LIGHTS ADDED AT SPRING

Workmen of the Detroit Edison company are installing seven new boulevard lights for the village on Main street between Park Place and the Park Marquette spring. This street is the boulevard lighting project which was ordered by the village council last year. A bill of \$1,000 was approved for a bill of \$1,000 for the project. The project was approved by the village council last year. A bill of \$1,000 was approved for a bill of \$1,000 for the project.

The village has obtained a loan for current year street lighting and the expanded system will cost less to operate than the present system does, councilmen explained.

LOOMIS BOOSTS BOY SCOUT WORK

FLOWERS THAT BLOOM IN THE FALL TRAIL

Northville in and out fall, warm as Florida in March one day and cold as the Dogones the next — has baffled the little flowers until they don't know how to behave.

Then on the Ed Musolf, Sr. farm close by the Balthasar place a small red rose bush has dared to bring forth buds without number. Mrs. Balthasar brought in the evidence of topey-turvy nature to confound the editor.

All we can do is to wonder what Carl Ely, Bill Forney, and Harold Church, at Nowell's Lumber and Coal company, are going to do with that black stuff they bought to sell to people this winter.

SURVEY MAY BRING LOWER TAX LEVIES

Seek to Clear Descriptions of Poorly Surveyed Property

Lower taxes and better legal descriptions of local property will result from a survey of Northville now being made for the Wayne county Tax Commission's office, according to a statement made by Charles Knight, supervising engineer in charge of the work.

Two parties of four men each have been busy in the village for two weeks resurveying the older sections of town. The project, financed in part by WPA funds, will not be completed until late next summer, it is indicated by progress made thus far.

Property taxes will fall when every piece of property is forced to bear its share of taxes. It is estimated that under present poor descriptions, many bodies have been unable to assure clear title to property. Under present poor descriptions, many bodies have been unable to assure clear title to property.

Errors which would block the sale or transfer of property have been found in half the descriptions examined so far, Mr. Knight warns. Present descriptions either overlap or fail to cover neighboring parcels in a majority of cases. Errors in writing the original descriptions, wrong pieces of beginning surveys, or incorrect measurements are among causes of the jammed plots by Mr. Knight.

At least two cases have been discovered where surplus of property had been carved out by the Tax Commission. The surplus is a matter for right of title and the property may be taxed on the value of the property.

Property owners will gain better title to their property as a result of the survey, it is believed. It will then be easier to sell.

ORIENT CHAPTER HAS BIRTHDAY

Over 100 O. E. S. members of the local chapter of the Order of Eastern Stars met for their birthday party at the home of Mrs. R. H. Bailey as chairman. Each Past Matron and Past Patron was presented with a satin bookmark as a token of appreciation for past services.

MAERBURGER TO N. Y.

Mr. and Mrs. E. G. Maerburger left for New York City yesterday for New York City where they will attend the National Horse Show in Madison Square Garden. They will spend six days in the city as a part of Mr. Maerburger's annual vacation from duties at the local Ford plant.

"Quintuplets" Capture First Prize For Costumes At Halloween Party At Eastlawn Sanatorium Saturday

Whites, reds, greens, blacks, and blues, pumpkin faces and the familiar colors of Halloween, black and gold, were rampant in the dining hall at the Eastlawn Sanatorium Saturday night.

Mystery Cloaks Death of Wixom Farmer's Hunting Companion

Pajama-Clad Woman's Body Found in North Woods Cottage Loaned by Dr. A. A. Holcomb to Vernon Spencer

Vernon Spencer, prosperous Wixom dairy farmer, is held without charge at Sault Ste. Marie, Ont., while Ontario police continue their investigation of the mysterious shooting and death of Miss Helen Grier of Battle Creek and Pontiac, Thursday, Oct. 23, in the wilderness cabin of Dr. August A. Holcomb, Northville physician. It is alleged that Miss Grier was the companion of Spencer while the pair awaited the opening of Canada's moose hunting season.

MOTHER AFFIRMS HER FAITH IN SON

An inquest into the death of the former Pontiac stenographer will not be held until next week, it was announced Wednesday by Crown Attorney John L. O'Flynn. Authorities are awaiting the arrival of Dr. E. R. Frankish, medico-legal expert from the attorney-general's department at Toronto who will complete the post-mortem on Miss Grier's body.

Meanwhile provincial police are trying to fit together elements of the mysterious death in a wilderness lodge on Long Lake, 33 miles north of the Canadian border. First word of the death of the pretty companion of the Wixom farmer came when Spencer reached the late gate of a lumber company's private road at Glenora, about 11 p. m. and Ed W. H. Spencer, public company manager, advised that the pajama-clad body of Miss Grier was found in the kitchen of the Holcomb cabin just being built upon by return from a moose hunting party.

Spencer, former New York Game warden and Wixom dairy farmer, defends her son, who as a witness by Sault Ste. Marie (Ont.) entered the cabin into the death of Miss Grier. Pontiac stenographer found with still fractured and blood would in her be in a private hunting cabin.

Spencer's wife, Mrs. E. G. and her son, Vernon, were in the cabin at the time of the shooting. Mrs. Spencer said that her son had been in the cabin for some time before the shooting. She said that her son had been in the cabin for some time before the shooting.

THEY TELL YOU ABOUT THE MISTAKES

Yes, the Record understands quite well that the 20 and 30 years ago columns in last week's issue were transposed. We also know that in one of the wedding stories it is the groom and his wife that are going to live in Kentucky and not his father and mother. We know about these two mistakes because several people have told us.

Every newspaper publisher often wonders at the quick in human nature whereby many people always find it easier to tell you about the mistakes than to tell you about the thousand and one correct things you have. In last week's Record, for example, there was an abundance of interesting local reading, every bit of it "handpicked" since we had to leave out some news for lack of room.

One thing is sure about newspaper mistakes: You have no chance to hide them. And as long as newspapers are run by human beings and humanless machines there will be mistakes. We even found several mistakes in The Detroit News recently.

ONE YEAR AGO

Our diary of a year ago today says that The Northville Record carried a big head telling of President Roosevelt's remarkable victory. In view of all that has happened in the past 12 months, especially the stunning defeat of the President in his court-packing plan, one wonders whether Roosevelt would be elected by last fall's overwhelming vote. In the year that has passed since last November the President has seen his party split badly in two. Now his most bitter critics are not Republicans but members of his own party. A lot has happened in change conditions in the past year; what changes the next three years will bring no one will dare predict.

MICHIGAN'S NEW MARRIAGE LAW

Michigan's new pre-nuptial physical examination law went into effect last week. Hereafter in this state, before a couple can be married, they must have an affidavit from a physician that they are free from venereal disease.

This new law should help greatly in the fight on syphilis. To bring children into the world cursed with this disease is nothing less than tragedy. This new law will insure children that are born, freedom from one of the world's most devastating diseases.

Authorities point out that those who run away to other states to be married, in order to dodge this law, are not only acting foolishly but endangering themselves. If they are free from social diseases they have nothing to fear and the very act of running away might leave them open to suspicion. On the other hand, if they find that they are innocent victims of syphilis, they will do themselves incalculable good by finding it out in time to cure themselves of this devastating blight.

Some may object to the cost of examination. In the words of one of the state's doctors, that is also a foolish objection. He says: "Well, if they're so hard up, they can't afford to be sure it's safe to marry; they certainly shouldn't be getting married. That's nothing to the bills they'll have afterwards."

THE DANGER OF CLASS WAR

Every thinking person in these days must be considering the great harm that has come to us from class warfare. There is more danger to us from this rousing of hatreds than there is in war.

We here in Northville have a telling example of this in the campaign that just closed in Detroit. The attempt made by the C. I. O. and its candidate, Patrick O'Brien, is evidence enough to an impartial person that efforts to arouse class hatreds are fraught with much danger. Only the strongest partisan of the C. I. O. would really believe some of the charges that were made.

There will be no permanent prosperity for anyone of any class unless both Capital and Labor work together in sympathetic understanding. Without labor, capital is helpless; without capital, labor is doomed. Both must work together in harmony and sympathy. If good will is not used on both sides, the time may come when there will be no Capital and that certainly would be tough on Labor. We often think that it would be a fine thing if every capitalist would take the place of the wage earner and if every wage earner would try to run the front office for a while. Each would then learn the other fellow's viewpoint.

LABOR'S SHARE OF EARNINGS

There has been a lot of loose talk by radical leaders about the small amount that the laborer gets from the material he helps produce.

But it is good to get some real facts on this question. At Detroit last week Serman Rogers, formerly an I. W. O. sympathizer and a mine worker and lumberjack, gave an address in which he exploded the idea that Labor has not had its just share of earnings. Rogers told the

audience that in the year 1929 the employe received 83 cents on every dollar and in 1934 he received 84 cents.

Rogers said he got his figures from the United States government following a survey of incomes. He went on to say:

"About 90 per cent of all the charges made by pink and reds of all degrees are without foundation. We need not worry about them at all, provided we give every man, woman and child in this country sufficient truth to enable them to combat, in their own minds, the unfounded charges made by the enemies of our present form of government and the institutions under it."

BALANCING THE STATE BUDGET RIDICULED BY EDITOR E. R. EATON

(Schuyler Marshall in St. John's Republican News) The first time we met Major Elton R. Eaton he was acting as secretary to former Governor Groesbeck. Since we have come to know him well, as publisher of the Plymouth Mail and one of the few Republicans to be elected from Wayne county to the state legislature, our paths frequently cross.

The Major seldom minces words. He is one of those brutally frank fellows. You don't have to guess what he means. Just lately he has been publishing some things about the much heralded "balancing the state budget." In substance he says this is bunk... very, very misleading to the people who furnish the tax money and who pay the bills for state extravagance.

Let's see what the Major has to say: He starts with Governor Murphy's executive department.

Let's take Governor Murphy's own office, the executive office for one example.

The total amount of money appropriated for this office for 1936 was \$40,000.

The present legislature appropriated \$57,000 for the governor's office for 1937.

Governor Murphy and his budget director cut this appropriation to \$55,300, to "balance the budget."

And yet Governor Murphy has for his own office about \$15,000 MORE than did his predecessor.

Suppose we go down stairs a minute into the attorney general's department, and see how the "budget has been balanced" in this department.

In 1936 the attorney general was appropriated a total sum of \$177,625.

The present legislature appropriated \$224,950 to the attorney general's department for 1937.

Newspaper dispatches the other day said this total had been cut by the Governor and his budget director, to \$218,200.

You will detect that this "budget balancing" total remains over \$46,000 higher than it was during the previous administration.

Well, the Murphy legislature appropriated \$317,500 for the public utilities commission for 1937.

Governor Murphy and his budget director has just "cut" this amount to \$238,194.

That's a big cut, the "budget director" will say. But it still remains almost \$79,000 higher than it was for the previous administration.

On the floor above the utilities commission is the office of the state department of agriculture.

This department in 1936 was appropriated \$252,000. That in the opinion of the writer, is higher than it should have been that year.

Well, the Murphy legislature came along and appropriated \$465,000 for this department for the year of 1937. Governor Murphy and his

"budget director" the other day reduced this amount to \$371,771. Yet the department has more than \$125,000 for this year than it had in 1936. We assume that Publisher-Legislator Eaton has investigated and is sure of his figures. At least this puts another light on the balancing of the budget.

GOSSIP

If there is anything more cruel and unfair than gossip...

Mrs. ... hurries to carry a rumour to Mrs. ... who in turn, can't wait to make the morsel a bit more luscious as she passes it on to another.

We say it with shame, but women are the worst offenders. Men are too busy. Bridge tables and the proverbial "Ladies Aid" are considered the hotbeds for gossip as heads draw closer together and whistles "I heard..."

A very good woman announced the other day: "I know it's so, I'm positive." When the facts were exposed positively proved entirely false. It doesn't pay to be too sure. Often

a small remark may "row the whirlwind." We had a neighbor once who hung over torment for weeks in fear of a suit for slander, just because she had glibly passed on a bit of false rumor. Only the generosity of her accuser saved her from a serious legal procedure.

Old Solomon said thousands of years ago—and old Solomon ought to know for he had a household of wives—"A whisperer separateth chief friends."

A good natured, redheaded Irishman chuckled, "Half the lies they tell about the Irish aren't true." It would be a good thing if we could laugh off much of what we hear as not true.

Gossip is a habit that grows upon one and withers up the best in one's nature. It can be discouraged and one can refuse even to hear gossip as the following story proves:

"As a very young woman there was one house which I dreaded to enter. There were three women in it, and if at any time the conversation varied from the most spiteful type of gossip, I do not recall it. I am quite certain, looking back, that

prejudices which I still possess against certain individuals are the direct product of that house, and almost entirely baseless.

"However, that house had one excellent effect. After our marriage my husband and I determined that there would be no malicious gossip in our house if we could possibly avoid it and never at our table. Curious things happened as a result. Some visitor would relate, out of sheer desire to be interesting, a choice piece of scandal, only to be met with a constrained silence or with an abrupt shift of conversation!

"We were a lively lot, but that rule always held, and I have been interested to see it work out in the younger generation. They are quite unconscious of it, but a malicious personal remark is met in their households today in precisely the same manner.

"After all, gossip and tit-bit-tattle of all sorts are a confession of the narrow mind and the narrow horizon. It is the little people who gossip."

"There is a saying: 'War shall end when man shall make the man next door his friend.' The same can be said for gossip."

Clearer thinking and less suspicion must be used about the moral and spiritual education of our American youth. In a survey made by the University of Indiana recently it was shown that despite the great progress made in educational buildings and equipment the United States is becoming a nation of moral illiterates. Studies in the prevention of crime seem to ignore this.

The "Dancing Baileys" Give Big Party to Northville Youngsters

For the fourth successive year Mr. and Mrs. William C. Bailey, East Randolph street, threw open their home Halloween hospitably to a large number of children of the village.

Thirty or forty youngsters trooped into the Bailey house, all masked and full of the spirit of fun, ready for the program of an "amateur hour" planned by the host.

Among the numbers put on by the volunteers were songs by Lillian and Ruth Gardin, Betty Wagner, Dorothy Sifale, Doris and Lenetta Widmer and Barbara Bailey.

The tap dancing of Mary and Thelma Stevens of Plymouth won applause and the company held its breath in three one-minute rounds when a boxing match was staged by Ernest Widmer, Richard Widmer, Henry Kerr and Jack Kahl.

Newspaper Influence Counts H. T. Ewald, president of the Campbell-Ewald company, advertising agency, Detroit, who has long been a booster of community newspapers, expressed his opinion of newspapers as an advertising medium in a recent letter to R. H. Pritchard, past president of the National Editorial Association, as follows: "I don't think it makes much difference, really, whether a paper is big or little, so long as it is a good newspaper... it is the influence the paper has among its readers that counts for most after all."

SAYS Cook Was There "We never heard of that other girl Vernon just knew her, because she came hunting up there with some school teachers. They had a cabin about 10 miles from his. The newspapers would make you think he was up there some with her. "That wasn't true. There were other men there. Four or five of them got hunting up there every year. The cook was up there. He just happened to be out. I don't know how that got happened to get over to his cabin but I know Vernon is telling the truth. He never lies. "Those stories he had been going with her for 10 years are all lies. He met her about four years ago when he was up there hunting. He told me on the phone. He lost his hair because she hunted up there and that was all. "She killed herself. He came back and found her. He said he was horror stricken when he saw her on the floor. That was about five o'clock but he went right away to get officers. His flashlight went out. He had to hunt his way through swamps with underbrush over his head. And now, he tells me they said he didn't come quickly enough. He came as fast as he could. Treating Him Fine "His wife went to see him and she came and told me he is innocent. She says they are treating him fine. He has a nice big, comfortable room. He isn't held for anything—just a witness. "As Mrs. Spencer protests the detention of her son, the words tumble out. "Slight and evasive despite her years, there is no hint of tears, just eyes alight with determination. "Spencer's wife has retained Clyde D. Underwood, Pontiac attorney, to aid her and was in conference with him at Pontiac Tuesday afternoon following her return from a short visit with her husband. She could not be reached for a statement late in the day but earlier said: "I know he is not guilty. I intend to stand by him. "A diploma attesting to Spencer's graduation from the Detroit University School in 1913 hangs on the wall of his home. "He was a classmate of Edsel Ford," Mrs. Spencer remarked. "Then back to the subject from which her mind strays only for a few seconds at a time. "We know he is innocent. All his friends know it. But we don't know what will happen. Even Christ was crucified," the mother says sadly. "But he is innocent. You tell them he is innocent," she implored.

Watch Our Window-Displays. Already Christmas is in the air over at the public schools as the halls ring with the carols being rehearsed by a chorus of 65 voices being trained by Leslie G. Lee for a concert to be given at the high school gym on two dates in December to be announced later. Thirteen songs will make up this unusual program which will be combined with a Christmas story and interlude of music to make one continuous performance. Those who heard the program of Christmas carols rendered by the Northville-Plymouth male quartet some years ago at the public library will recall that it was one of unusual charm. This coming musical event will be similar in its arrangement. It will be of special interest to Northville music lovers to know that Mrs. T. P. Brennan, now of White Plains, N. Y., who improvised the accompaniment and interludes of music on this program is writing the continuity and interludes for the school concert. Of further attraction will be the presence of two members of the conservatory of music of Michigan State Normal college who will appear on the program. Mrs. Dorothy Jarrs, a composer of note who wrote one of the cantatas used in the May Festival in Ann Arbor a few years ago will also be present. Two of her compositions will be used in this concert. Dr. Frederick Alexander, head of the Normal conservatory of music is also expected to be present. The chorus will appear in a setting appropriate to the Christmas time with the halls decorated with evergreens and lighted only by candles. The singers will wear vestments of green and the reader will wear white. HALLOWEEN HERE IS VERY PEACEFUL. "Tranquil quiet and ordinariness marked observance of Halloween here last week and strange reports of youthful celebrants refrained from pranks and destructive acts and confined their activity to substitution of bits of candy and fruit. Since a story was open Saturday night when the event was normally observed merchants were heavily contributed to marked and colorful bands. "Police reported the absence of two out-of-town visitors for drunkenness and disorderly conduct.

Rejuvenation of Hutton's Radio By New Aerial Suggests That Human Beings Need New Aerial

By CHAS. E. HUTTON
Maybe I'm not as sophisticated, blasé, modern, nonchalant, or just plain young as I used to be. Maybe I'm getting on have gotten stodgy, stuffy, provincial (so to speak), out of date, small townish, simple, rut-tish, station-house, or just plain old fashioned. I dunno.

It or not, the old, seemingly no good radio has come to life in all its glory. I'll step right out and bring 'em in with the best of them. Stations I never heard of roll in like nobody's business. Just before starting in telling you about it, I sat out in the car and picked up 50 different stations without half trying.

The fair will be under the sponsorship of the local Future Farmers of America, supervised by Waldo Proctor, agricultural instructor, assisted by Raymond Seely, president of the organization.

I've often heard about things like this, but last week produced the first evidence of its kind I'd ever seen. A letter, addressed to Master Robert Watson, Twin Beach Gold Club, RFD, Walled Lake, Mich., was enclosed in a water tight can and put into the sea from the cruiser steamer, Mangauini, off Ninipou Island, in the Tonga group, latitude 15-33 south, longitude 175-39 west, by G. B. Morgan, commander, on Sept. 6, 1937, was delivered to the addressed on Oct. 28.

N. H. S. CONQUERS VAN DYKE ELEVEN

Gridders Play Outstanding Game to Defeat Opponents

N. H. S. outplayed the Van Dyke gridgers last Thursday on the gridiron at Cass-Bentley park and beat them by a score of 19-6.

The first Northville touchdown was scored in the first quarter on a sleeper play. Boelens camped out and received Bishop's perfect pass and ran for a touchdown. Beall then kicked a good conversion that didn't count because the team was offside.

Van Dyke's only touchdown was scored in the third quarter on a series of line bucks all the way down the field.

Northville's second touchdown was scored by Duguld when Bishop passed to him in the end zone in the 4th quarter. The third touchdown was scored when Boelens, with three minutes to play, intercepted a pass in the flat zone and ran for a touchdown.

The whole backfield played very good football. Boelens was the outstanding player of the game. His plunging and receiving were especially noticeable. Bishop's passing, Mitchell's running and Elchman's kicking were all excellent. The game was marked by greatly improved tackling and blocking on the part of the line. The spirit of the team is much different than the team who started the season.

Coch Smith says: "The fellows showed very gratifying response. I am well pleased with the showing of the team."

The starting lineup was as follows: L. E. Walter Myer; I. G. Joe Defino; L. T. Capt. Eber Lester; C. Dale Bray; R. T. Sam Aldeat; R. G. Jim Beall; R. B. Ben Duguld, Q. B. Albert Boelens; R. H. Claude Hinchman; L. E. Chuck Bishop; F. B. Arthur Mitchell. Substitutions were: Bogart, J. Lester, Fritz, Funks, Larkin Ambler and Dixon.

TEACHERS ATTEND M. E. A. INSTITUTE

While we enjoyed a restful respite from the school-room grind, our "dear" teachers, so we hear, were really hard at work at the M. E. A. Institute.

A number went to Detroit to the Cass Technical High School Auditorium Thursday evening and were stimulated by Stanley High to do some serious thinking on many pertinent questions concerning the perplexing problems facing our world today. In his address so appropriately titled "Danger Points," he most forcibly pictured the post war civilization in which we are living as one that has slipped its moorings and as yet found nothing to tie to; that this is a maladjusted world in which the "have nots" have too long not been considered by the "haves" and are now determined to "have" by any means or cost.

Inspired by their first attendance at the Institute, a large number returned to Detroit to the Auditorium of the Art Institute early Friday morning. Most of our teachers heard Carleton Washburn, Superintendent of Schools in Winnetka, Ill., discuss "Mental Hygiene in the Schools." He left no doubts in the minds of any of his listeners of the crying need of a feeling of security as the most essential factor in the mental health of children.

He was followed by Dr. O. R. Yoder, assistant medical superintendent of the Ypsilanti State Hospital, whose subject was "Education of the Whole Personality." His address was most convincing in showing the need for such education. He stated that according to past statistics more children now entered in our elementary schools will enter state institutions than our universities and colleges. This would have been a most dismal picture had he offered no suggestions for a solution to such a problem—but he thoroughly emphasized the place of the school in overcoming such a situation by more adequate preparation of the child to face life. He closed by saying that the goal one chooses is not as important as the

Editor's Note

We offer tons and tons of congratulations to the football fellows for the splendid game they played last Thursday. Though the Van Dyke team greatly outweighed you, you all went out and proved that old saying, "Brains are better than brawn." We knew you could do it all the time, but we're glad you finally proved it to all the people who doubted your prowess. Now all you have to do is to keep it up. We're all behind you. We'll be cheering for you over in Plymouth tonight and we know you'll do your best to come through with a victory for N. H. S.

All the new letters being worn around school are just too, too much.

May we say that Miss Marburger, Miss Atchison, and Miss Johnston looked most charming? By the way, aren't the girls letters good-looking? We think so.

The crowd pops up again this week and it goes to Art Mitchell for looking so swell the other day in a white shirt and a tie. (Imagine very unusual.) More of you fellows should try wearing ties. I really don't think you'd choke to death.

Idea! Why doesn't everyone try to get a car and take a load of kids to the Plymouth game? Wouldn't it be super if we could have the whole student body there?

STUDENT COUNCIL FORMED BY JR. HIGH

The junior high students have for some time been trying to create a student council for the seventh and eighth grades. When Mrs. I. B. Cooke told them that this year they might have a council, they voted unopposedly in favor of it.

After the classes had voted for this council, they took the idea over to Superintendent R. H. Amerman. He approved of the plan and told them that he was glad they were interested in that kind of work. Principal G. V. Harrison likes the idea also because it will train the junior high students so that they will better know how to conduct the senior student council when their turn comes. The new student council has been organized to maintain order in the halls, and to stop paper-wad shooting during classes and noon hours. A committee consisting of Dick Simmons, Shirley Musoff, Robert McCuskie, James LaRue, Phyllis Jean Jones and Yvonne Taylor was elected to construct the constitution of the new organization. (This committee used the old council's constitution as a base. They changed and omitted certain things in the old rules to make their constitution somewhat different. Janice Covell was elected by the seventh and eighth graders to be alternator to the senior student council.)

Coach Smith says: "The fellows showed very gratifying response. I am well pleased with the showing of the team."

The starting lineup was as follows: L. E. Walter Myer; I. G. Joe Defino; L. T. Capt. Eber Lester; C. Dale Bray; R. T. Sam Aldeat; R. G. Jim Beall; R. B. Ben Duguld, Q. B. Albert Boelens; R. H. N. H. S. GRIDDERS CLASH WITH RIVALS

Northville's football season will be a complete success if they beat Plymouth tonight at Plymouth. Although the Northville team hasn't met with a great deal of success so far this year, they still are a hard bunch of fighting fellows. Plymouth's team has a lot of injuries which will handicap them greatly. They lost one of their best backfield men in Engulf who broke his hand, and will be out for the rest of the season. Northville will be at full strength tonight with the return of Beall and Jurud. If N. H. S. loses this game it will not be on account of laying down, because every fellow will fight to the last minute, and incidentally, Plymouth will know that they have been in a football game.

The second league debate is to be held between N. H. S. and Meivindale. The actual date has not been set, but it will be held sometime next week at Meivindale. The Northville debaters in order will be: Edward Reid, first speaker; Albert Boelens, second speaker; and Alfred Cousins, third speaker. They will debate the same question used last week.

COUNCIL PRESENTS PLAY TO STUDENTS

Rip Van Winkle, a four act play, was sponsored by the Student Council Tuesday, Oct. 26, in the high school auditorium. This play has been presented before a great many schools and colleges. The very popular actors of the classical world took the parts of the leading characters. Arthur Washburn as Rip and Agatha Bland as Golda. Rip's wife, Marion, was played by S. Stone, two of Miss Bland's girls, third actress, took part in the children in the play.

NORTHVILLE DROPS DEBATE TO TRENTON

Second Debate to be Held Next Week At Meivindale

The Northville debaters dropped their first league debate to Trenton last Wednesday. The question debated was: "Resolved, That the Several States Should Adopt a Uniform System of Government."

Mrs. E. H. Conright, the judge, stated, "It was the best first debate of the year I have ever heard."

Northville needs more practice on the negative side, for they are too centered on their own case and fail to pull down that of the affirmative.

This year Trenton has two experienced affirmative debaters in Alice Daley and Roy Costello. Northville has one experienced debater in Margaret Van Hellemont and two new debaters for the negative in Marjorie Rye and J. W. Erwin.

At the present time, debate coach E. C. Mollen says, "The general outlook for the coming year is very encouraging."

The second league debate is to be held between N. H. S. and Meivindale. The actual date has not been set, but it will be held sometime next week at Meivindale.

TELEPHONE SERVICE HAS INCREASED IN VALUE; RATES HAVE DECREASED

Michigan today is enjoying really remarkable values in telephone service.

The Company's material and labor costs have increased substantially since reductions in rates were made in 1934, 1935 and 1936. In 1934 rates for service to farmers and for long distance service were reduced; in 1935 the long distance night rate was made effective at 7 o'clock every night and was extended to all day every Sunday; in 1936 further reductions were made in the rates for long distance and for various other services and items of equipment, and the charges for installing and moving telephones were drastically cut. At the same time the average individual's income has improved, and prices asked for many other items and services have gone up.

Yet telephone service is still available at the reduced rates; the quality of the service never was higher; and its value to the community is increasing daily, as indicated by the increasing number of calls made per telephone.

50,000 OF YOUR NEIGHBORS HAVE SWITCHED TO ELECTRIC COOKING

You CAN afford it!

A few years ago, an electric range cost several times as much as an ordinary stove. Today, an electric range costs no more than the average stove of comparable size and features: the price is just about the same. . . . And look at the VALUE you receive in an electric range!

An electric range is built to serve you many years. Twelve years is the average length of time a family keeps a stove. That means that the stove you buy today will be cooking for you in 1949. . . . "Electric cooking is MODERN cooking—it is the latest thing"—that is what many women say when they switch to electric cooking. During the past year 10,000 women in and around Detroit have switched to an electric range; and today 50,000 of your neighbors cook with electricity.

Consider these advantages of an electric range—features that no other stove and no other cooking method can give you: Absolute CLEANLINESS, with pure heat from a glowing wire—heat as clean as sunlight. BETTER FLAVOR—meats and vegetables cooked in their own juices to melting tenderness. Healthful WATER-LESS COOKING, with precious minerals and important food values sealed-in. And best of all, the ease with which you can keep your kitchen bright and clean and sparkling. . . . because an electric range does not burn fuel and therefore walls and curtains stay clean and utensils remain bright. There are no matches or flame in the kitchen.

When you buy a new stove, GET YOUR MONEY'S WORTH! If you are paying the same price, choose the stove that will give you more. Only an electric range has these extra advantages of electric cooking!

ONLY AN ELECTRIC RANGE GIVES YOU ALL THESE IMPORTANT FEATURES

- Electric Heat As Clean As Sunlight
- Cooking Utensils Stay Spotless Forever
- No Flame, No Matches — No Smoking
- Accurate Heat Control
- Check Your Stove When You Are Out
- No Fuel Values Passed Down The Sink
- Kitchen Temperature Is Not Raised
- Healthful Waterless Cooking

City Folks and Sunday Visitors See Red Over Treatment Accorded Belligerent Beck Road Bulls

city folks would think if the farmers wasted their time riding around the city pointing out faults in the big town. Attracted by this salvo, the Record sent a reporter out to investigate and bring back the bull's side of the story, since every one else had been heard but the party most concerned. Folks at the F. B. Angier farm, 1808 South Beck road, admitted that their bulls were the objects of city pity, and led the reporter to the injured party. In a small way from the cutting cold wind was more bull than the reporter had seen in one place before. "Bell Boy" is a huge Holstein whose weight runs into tons, but hundreds of pounds. The attendants explained that it had taken four men to handle him in the training course had subdued him somewhat. Now one or two men can handle the reconstructed "rebull". Two lighter, younger bulls are in the training class. The farm attendants explained that a bull is more tractable when he is taught to hold his head up and short tethering is necessary. The bulls are put out for six hours every day, partly for training and partly for advertising. They insist that if they can work hard for more than eight hours a day, the bulls should not suffer much from six hours work. So stands the battle over the Beck road bulls. For further details read your Sunday newspaper.

Novi News By MRS. WILLIAM MAIRS

Mr. and Mrs. Royal Snow, accompanied by Mr. and Mrs. Robert Snow and son, Stacy, of Wixom, spent Saturday and Sunday visiting relatives at Lebit, Mich. Mrs. Frank Martin entertained the Rebelah club, Wednesday. Mr. and Mrs. Fred Garle and son, Freddy, left for Florida last Thursday and expect to remain for the winter. Several pupils from the Northville and Plymouth schools visited Novi school Friday as their teachers were attending the institute. Mrs. Lawrence Horsfall spent last week Friday with her sister, Mrs. E. Praman of Farmington. Pat Gaffney, Jr. left last week for New York where he will spend a few days with his sister before leaving for Florida to spend the winter. Miss Kate Wender of Northville spent the week end with Thelma Kent. A Halloween party was given by Thelma Gow and Millie May Johnston Saturday. These present were: Fred Jordan, Larry Trickey, Fredie Graham, Audrey Graham, Doris Shuman, Margaret Ann and Mary Lou Smith and Betty Blinnham. Games were followed by refreshments and a good time was had by all. Doris Shuman visited Mrs. Lou Smith over the week end. The tenth grade of the Novi public school gave a Halloween party for the ninth grade last Friday evening. They attended the show before going to school for the party. After a variety of games were presented, games were played and later refreshments were served. All went home with happy thoughts of the evening.

MYSTERY IN DEATH OF WIXOM FARMER'S HUNTING COMPANION

Continued from page 1) arrived at the scene of the investigation. Press dispatches reported that he closed the cabin and turned the keys over to the police. Opinion among those here who know the former major league ball player holds strongly that he will be absolved of connection with the death of Miss Grier. This is based on a feeling that he is innocent of any part of the woman's slaying, a conviction shared by the woman's mother and his 10-year-old mother, Mrs. George Spencer. The wife returned to Oakland county Monday night after a visit to her husband in the north. Spencer spent several years with the New York Giants for whom he played the outfield. He also played for a time with the Detroit Tigers under Highle Jennings. Before entering professional baseball, the Wixom athlete participated in games played in Northville. He has several close acquaintances in the village. His father, George Spencer, helped organize the Northville State Bank at one time. Villagers also recall that bats for Spencer were made at the local factory of the Carr Manufacturing company. The Spencers have two children, Doris, June, 3, and George, 5.

J. W. DOLPH SAYS HE EXPECTS TO BE LAST POST MEMBER

John W. Dolph of Los Angeles, Calif., writes an interesting note to The Record to say that although Marvin Bogart has been given the honor of being the last living member of the Allen M. Harmon Post G. A. R. of Northville that he is still among the living and is "sure of being the last living charter member of the post." The following is taken from Mr. Dolph's letter and is sure to be of interest to Record readers. "I was a New York State cavalryman during the year 1865 and until Aug. 1, 1865 when the Civil war ended and the regiment discharged. I enlisted at the age of fifteen years and four months and was discharged before my seventeenth birthday. Am now in my 80th year. I moved to Northville April 10, 1891, and became a charter member of Allen M. Harmon Post G. A. R. when it was organized Aug. 14, 1863, with twenty-five others. Axel Blain was the first commander, Stratton A. Webster its first adjutant, and myself the first officer of the day. Was elected commander twice, and held my membership until the post disbanded. I now belong to Stanton Post No. 55 of Los Angeles. One of the Stanton Posts members, Dr. Overton H. Mennet, was recently elected National Commander-in-Chief."

IN MEMORIAM

In sad and loving memory of our dear husband and daddy, Ward L. Drouillard, who passed away two years ago, the third day of November, 1935. A loving husband and a daddy dear has gone and left us mourning here. He parted from this world of pain, but only died to live again. We loved him, oh! no-tongue can tell. How much we loved him and how well. God loved him too and thought it best. To take him home with Him to rest. Sadly missed by his wife, Maude, and sons, Harold and Ward, Jr., and his father and mother. MR. AND MRS. STEVE R. HICKS. 17-27p

OBITUARY

WILLIAM VAN SICKLE
William Van Sickle, a well known farmer of the West Seven Mile road, passed away Monday, Nov. 1, at the age of 69 at the University hospital, Ann Arbor, after an illness of more than a year's duration. Mr. Van Sickle was born May 25, 1868, on the farm east of Salem, Mich., which is now owned by Julius Forth. At the age of four with his parents, Martin and Euphemia Van Sickle, he moved to the Van Sickle homestead on the West Seven Mile road. On Feb. 13, 1893, he was united in marriage with Stella Lyke. Two daughters, Vera and Mrs. Norman Schweizer, were born to them. Funeral services were conducted at the Catherine funeral home Wednesday afternoon at two o'clock with Rev. Lucia Stroh officiating. Interment took place at Thayer cemetery. Surviving Mr. Van Sickle are his widow, two daughters, one grand-daughter and a host of relatives and friends.
