POLICE CHIEF ANNOUNCES CHANGE IN LAW

Applicants for Drivers' Licenses Must Take Test, March 1

Chief of Police Earl Montgomery was in attendance, Wednesday and Thursday of this week in Detroit at a policeman's school of instruction on the new rules and regulations governing the issuance of operators' and chauffeurs' licenses after March 1.

In accordance with the State law, licenses will be only issued and renewed after March 1, following the passing of an examination by the applicant.

"This will eliminate a number of drivers who have no business operating a car," asserted Chief Montgomery, when he explained the change in procedure.

As all examinations to Northville applicants will have to be given here by the police department, Chief Montgomery points to the fact that in order not to break up completely the ordinary police routine, specific days will have to be set aside for the drivers' tests.

"The tests themselves are rigid and thorough," further comments Chief Montgomery, who says that the tests must be taken by any person 14 years of age or over, who wants to have a driver's license. The test is given in four parts: written, oral, acuity of vision and driving.

An applicant who fails his written test, according to information released here by Chief Montgomery, shall be given a copy of "What Every Driver Must Know," with advice to study it and to return in not less than 24 hours for re-examination.

In the oral test, the applicant will be asked to explain the meaning of signals given by stop and go light, and the sign reading "Unlawful to Cross Yellow Line."

Color hearing and vision tests are also included in the examination before the road test is given. The driving test will begin at a parking space set aside for the use of applicants and will include the examination of the vehicle provided by the applicant. If the lamps, brakes, steering apparatus, windshield wiper or horn are not in lawful condition, or if the stickers are unlawfully attached to the windshield or windows, the applicant will have to make the corrections and return at a later date for his inspection.

Physically handicapped persons (both legs or arm missing or paralyzed, or one leg and one arm missing or paralyzed) who have valid operators' licenses which were obtained before their affliction may be approved if they pass the prescribed written, oral and visual tests. Such persons who do not have valid operator licenses issued before their affliction, will have their cases referred to the license appeal board.

UNION LAKE VILLAGE HAS FIRST ELECTION, MONFILS IS MAYOR

Union Lake village held its first election since incorporation, Saturday, Jan. 29, when electors went to the polls to vote on the new charter and to elect officers. Two hundred and thirty-four ballots were cast, with 123 for the charter and 106 opposed.

Jesse F. Monfils, long prominent in affairs of his community, becomes first president of the village, by virtue of 137 votes, as against 77 for his opponent, J. J. MacDonald. Commissioners elected are: Edwin Bond, F. C. Hall, Charles E. Lakeland and Walter F. Wagner. J. W. Campbell was elected village clerk by a vote of 128 Arminta E. Adams, his opponent, received 79.

Thirty-six challenged charter votes must be examined by the county board of canvassers on a basis of legality. Should they not prove valid, another election may be necessary.

AUXILIARY SPONSORS PARTY
The American Legion Auxiliary will sponsor a bingo party at 8 p. m. Tuesday, Feb. 8, in the Legion rooms. Luncheon will be served during the evening.

HAS 'FINE BIRDS'

E. A. Fuller

Consistent winning of prize titles continues to be the hobby of E. A. Fuller's flock of chickens. They have just made the rounds of the Eastern and State poultry shows where they won silver cups and plenty of ribbons.

VILLAGE RECEIVES SHARE IN REVENUE

County Contract Makes It Imperative That Fund Be Sent Back

With the closing of the year and the balancing of the books and accounts by the Board of Wayne County Road Commissioners, it was learned that Northville had been paid \$4,436.32 of the total \$3,198,728.88 of the motor vehicle revenues returned by the State to Wayne county.

The distribution to villages and cities within the county being based on population makes the city of Detroit, the chief beneficiary, its share being \$2,712,076.83. Having

PAY FOR MAIN STREET

Northville's share of the revenue is turned directly back to the Wayne county treasurer as fulfillment of an agreement which was made between the county and the village at the time the village Main street was lifted and reconstructed during the summer of 1936. This three-year contract terminates in 1938.

Anticipated Detroit's share, the Board of Road Commissioners have already advanced the city \$1,000,000, which is now deductible from its share of the final allocation. This advance payment was made in August, 1937, and enabled the city to

Charles Cartile Heads Patients' Club at Maybury

The Goodfellow's club of which every patient at the Maybury sanatorium is a member, finds its program being carried forward these days under new leadership with Charles Cartile, president.

Herbert Horsfall is the newly appointed vice-president; Mildred Dennis is the secretary; Andrew Clark is the treasurer; Harry Smith is the radio announcer; James Elms is the radio commissioner; Harry Kuipers has the job of keeping the radio sets in repair; George Hahn and Joe Silva are committeemen.

TICKET SALE BEGINS FOR LECTURE SERIES

Tickets for the lecture series which begin in Northville Monday evening, Feb. 7, with an address by Robert B. Hall, are on sale by members of the Teachers' club and by Rotarians, Exchanges and Women's club members.

There are six events scheduled in the series. Following Mr. Hall will be Bennett Weaver, Feb. 16; Shirley W. Allen, Feb. 23; the Michigan Men's Glee Club, March 9; William H. Hobbs, March 21; James K. Pollock, March 30. All are from the University of Michigan, Ann Arbor.

Fuller's Chickens Do Right Well at Eastern Poultry Show

A. E. Fuller's much traveled chickens have come home to roost again with something to crow over. His fine string of Dark Cornish fowls made January a banner month by taking honors at the National Poultry show in Madison Square Garden, and then making a clean sweep of prizes at the big Round-Up show in Bay City Jan. 25-27.

The National show, held in New York N. Y. Jan. 4-8, four Fullers' chickens competed against representatives of the world's finest flocks and won third prize among cocks, second for hens, fourth for cockerels, and second for pullets in the Dark Cornish section.

The Bay City show takes rank as the final poultry prize of the season and draws the prize birds from previous shows in Canada and this country. Only six birds were entered by Mr. Fuller and each took first in its class. In addition he was awarded the Hon. James E. Dawson trophy, a beautiful silver cup, for the best standard bred bird in the show, a Dark Cornish pullet, and he, Secretary's cup for best display in the English class.

The Fuller fowls also won the American Poultry association's Gold Medal for Grand Champion bird over all classes in the show and a bronze medal for the best display in the show. In spite of the New Deal-like sweep, Ed admits to being a staunch republican.

Files of The Record reveal Mr. Fuller's position as a top-ranking poultry fancier. His entries have been consistent winners in outstanding shows for the past quarter century. He has been raising show birds for 43 years and has been superintendent of the poultry division of the Michigan State Fair for more than 25 years. He has headed the poultry show of the Northville Wayne County Fair since its founding 21 years ago.

The Dark Cornish, now his specialty, is a stocky bird famed as a meaty chicken. Mr. Fuller has developed his present winning stock in five years. He raised this type in his boyhood when it was known as the Indian Game breed.

Rev. Frank N. Miner Returns to Village As Guest Minister

The real meaning — God's definition — of religion was the theme of a talk made by the Rev. Frank N. Miner of Walled Lake, former pastor in Northville, when he spoke Sunday evening in the union service held in the Methodist church.

After stating briefly the various emphasis that the different groups of people use in defining religion, he termed them all man-made definitions. "If we will go back to the gospels to see what was Jesus' idea of religion, we could well underscore the word 'father' and the word 'son' every time the words occur in the letters of Paul. We would be surprised to see how much our Bibles would be marked up."

"Central in the philosophy of Jesus was the idea that God is a loving Father and that mankind makes up the family of God as sons and daughters. The same principles of love and brotherly cooperation that make possible a happy family must be applied to all areas of life. Religion, thus conceived, takes in the whole of life. The separation of life so that in one realm we insist upon brotherly cooperation, while in business we recognize a different standard, must stop. These different areas of life must be brought together under the one way of life."

Following the worship service, during which Mrs. M. J. Koldyck and Mrs. Leslie G. Lee sang, a social hour was hosted by the members of the Service League. Assisting was this was Mrs. M. J. Lapham, Mrs. Lee, Mrs. Kolovics, Mrs. Gerald Woodworth, Mrs. O. P. Reng, president of the group presided at the tea table. The social gathering was a courtesy to Mr. and Mrs. Miner.

As against the 1936 births in the village, which totaled 60, Northville, during 1937, was the birthplace of 88 babies, 53 of them have villagers for parents.

A decrease was noted during 1937 in the number of deaths recorded here. Sixty persons died in Northville, 16 of whom were tuberculosis victims at the Eastlawn sanatorium.

The birth list includes: Barbara Ellen, daughter of Mr. and Mrs. William Springer, Dec. 31; Tia Mae, daughter of Mr. and Mrs. J. V. Newton, Jan. 11; Karl Joseph, son of Mr. and Mrs. Bernard Exner of Wayne in Jan.; Gail Louise, daughter of Mr. and Mrs. William Aodson Foreman, Jan. 19; Ruth Ann, daughter of Mr. and Mrs. Harold A. Mills of Detroit, Feb. 3; Angelina G. Burgin, Feb. 17; John Ernest, son of Mr. and Mrs. Ernest Richard Hutebrand of Farmington, Feb. 14; Charlene Ann, daughter of Mr. and Mrs. Harold Eugene Pauler of Plymouth Feb. 16;

Dawn Norma, daughter of Mr. and Mrs. Del F. Campbell, Feb. 26; Estelle Marie, daughter of Mr. and Mrs. G. H. Lockhart, March 6; Cecile Anne, daughter of Mr. and Mrs. Neil Kling, March 8; Frank Esmerworth, son of Mr. and Mrs. Frank Elsworth, March 13; Gerald Keith, son of Mr. and Mrs. Joseph Kevitzer, March 17; Karl Edward, son of Mr. and Mrs. Henry Brandt, April 4; Charles Frank, son of Mr. and Mrs. Frank Simpson of Plymouth, March 29; Emma, daughter of Mr. and Mrs. G. T. Thompson, April 3;

Lewis Ross, son of Mr. and Mrs. Ross Norton Dixon, April 6; Terry Russell, son of Mr. and Mrs. Kenneth Russell Calkins, April 8; Betty Ann, daughter of Mr. and Mrs. William Gow of Farmington, April 8; Lyall Keith, son of Mr. and Mrs. Russell Kelvin Osland of Redford, April 14; Gloria Rose, daughter of Mr. and Mrs. Eural Freeman, Clark,

FITZGERALD TO BE MUSH DINNER GUEST

Elmer L. Smith Places Tickets on Sale in Northville

Frank D. Fitzgerald, former governor of Michigan, O. L. Smith of Detroit, former United States District Attorney; Melville D. McPherson, chairman of the State tax commission; and Chester O'Hara of Detroit, former assistant prosecutor, will be the speakers at 7 p. m. Wednesday, Feb. 9, at the mush dinner which will be held in the Hotel Mayflower, Plymouth.

The mush dinner, a brain child of Republican Elton B. Eaton, which is designed to offset the expensive dinners given on Jefferson Day by the democrats, is to be a Northville-Plymouth affair, with the ticket reservations limited to 500.

There is a big demand for the tickets, affirmed Mr. Eaton, this week, when he announced that village residents could get their tickets through Elmer Smith, chairman of the sale in Northville. Mr. Smith has placed the tickets on sale at the Northville-Drug company, W. E. Forner's office, the Gussell Drug store and The Record office.

Proceeds from the tickets sold in Northville will be given to the King's Daughters organization for its charity enterprises. Included in the Northville arrangements committee are: W. A. Ely, Ward Masters, Roy G. Owen, William Forness, John Lutenberger, Harold Bloom, Ray Richardson, L. C. Stewart, W. F. Chapman, Arthur Nichols, T. J. Carlington, R. T. Edlund, Elmer Parnell, Earl Montgomery, Conrad Langfield, Carl E. Floyd, Sherry Carl, Charles A. Schmitt.

Mr. H. B. Buckart is on the general entertainment committee. Mr. and Mrs. E. H. Lapham are on the reception committee. Elmer Smith is on the arrangements and the banquet committees and Dr. L. W. Snow is on the program committee.

Mrs. Harry B. Clark is preparing the luncheon which is being served Wednesday evening by the Elmer Moberg committee of the M. Y. flower.

SCOUTS WILL ATTEND CHURCH IN PLYMOUTH

Northville Boy Scouts will begin National Scout week by attending worship service in a body Feb. 6, in the new Presbyterian church at Plymouth, Richard Loomis, Scoutmaster reports.

Continuing the observance of Scout week, the District Scouts will hold a Thursday Court of Honor in the Northville high school. The Court will be open to the general public. Awards of achievement will be made at this time to members of the cub troop.

As a "Good Turn" to the men and women of this community as well as a graphic demonstration of their preparedness and training, the Boy Scouts of the Northville Council will stage "living" exhibitions of safety as the climaxing activity of their celebration of the twenty-eighth anniversary of the founding of the Boy Scouts of America.

These displays will involve Northville Boy Scouts in practical and constructive demonstrations of such everyday problems as crossing the street, arm signals, and recommended actions for both pedestrians and motorists.

Scouts will further display their preparedness for meeting emergencies through demonstrations, of first aid, knot tying, camping, and allied Scouting skills which will reflect the things Scouts know and do.

"Scouts and their leaders hope through these demonstrations, to awaken public consciousness to caution and alertness in their walking and driving and thus make the streets of Northville safer, declared Mr. Loomis.

36 BUSINESS MEN GIVE 'EXCHANGE'

Prosperous Contest Gets Under Way Monday; List Prizes

A meeting of the Northville merchants held Thursday evening Jan. 27 in the Methodist church house saw the completion of arrangements for the prosperous exchange which began Monday morning in the village at 4 p. m.

Exchange is obtained by making purchases in any of the 36 stores fulfilling the project. A ten-cent purchase will entitle the customer to an exchange token which may be used in the last sixteen to be held following the contest show the night of March 9 in the Paramount-Alley theatre. Here a series of prizes which have been on display in the stores since Jan. 31, will be auctioned off to the highest bidder who has made a written bid previous to the night of the auction.

Participating in the prosperous enterprise are: Edmondson Ford Sales with a hot water car heater; Spradner Bros. Furniture store with a "worsted rug"; Holmes Gift shop with a 23-piece set of dishes; Gunter's Drug store with an electric casseroles and a pen and pencil set; Brader's Department store with an imported bed spread, Coe's Tavern, Lee, daughter of Mr. and Mrs. Louis B. Sherman, May 24; Karen Beth, daughter of Mr. and Mrs. Perry Austin, May 21; Sally Dawn, daughter of Mr. and Mrs. Albert Gordon Kolbin of Royal Oak, May 25; Clarence Edward, son of Mr. and Mrs. Robert Frank, son of Mr. and Mrs. George Emory Mapes, May 29; Jane Carol, daughter of Mr. and Mrs. Clarence Edward King, May 31;

Duxie, daughter of Mr. and Mrs. Henry Charles Lee of Plymouth, June 6; George Willis Jr., son of Mr. and Mrs. George Lewis W. Hurrebrink, June 21; James J. A new schedule affording greater service to patrons was inaugurated Tuesday, Feb. 1, by the Northville division of the Dearborn Coach Bus service.

According to T. P. Biddle, manager, an earlier and later bus has been added and an additional bus run scheduled during the day.

The first bus leaves Northville at 5:40 a. m. and arrives at Five Points at 6 a. m. The last evening bus leaves the Maybury sanatorium at 11:30 p. m. Northville at 12 midnight and arrives at Five Points at 12:20 a. m. Latecomers from the city may leave Five Points at 12:30 a. m., arriving at Northville at 12:45.

The new service will be maintained as long as patronage warrants, the added runs, Mr. Biddle declared. A complete schedule is published elsewhere in this issue of The Record.

Apply for RFC Loan To Close 'Frozen' Assets of Two Banks

John A. Boyce, Dr. Bruce H. Douglas, Oliver Goldsmith Head Committee Awaiting Word from Washington Office

Announcement was made this week by the Depositors Committee, that application had been made to the Reconstruction Finance Corporation (RFC) for a loan for the purpose of closing out the unliquidated assets of the former Lapham State Savings Bank and the Northville State Savings Bank.

This committee consists of John A. Boyce, Dr. Bruce H. Douglas and Oliver Goldsmith. No word has been received from Washington as to what the amount of the loan will be or as to when it will be received. Every effort however, will be made to close the affairs of the two banks as rapidly as possible.

It will be remembered that 60 per cent has been paid to the former depositors of these two old banks. The moratorium period of five years ended Jan. 27 of this year. The remaining 40 per cent of the combined assets of the old bank — the so-called "frozen" assets — have been for the past five years in a trust fund which has been administered by the new Depositors State Bank. Naturally in view of conditions, it has not been possible to liquidate all the remaining assets.

The new plan for handling the remaining 40 per cent has been approved by the State Banking Department. The Board of Directors of the Depositors State Bank approved the plan last Saturday afternoon.

Mr. Boyce, president of the Depositors State Bank, says that all depositors will receive due notice when everything is in shape for distribution.

SPEAKER PUTS HALO AROUND MILK BOTTLE AT ROTARY MEETING

A real halo of glory was placed around a bottle of milk by C. L. Bolander of the Michigan Milk Producers Association of Detroit, in an address before the Northville Rotary club Tuesday noon.

Not only is milk the perfect food, said Mr. Bolander, but amazing results are being found in developments from the by-products of milk. The guests operated their eyes in wonderment when Mr. Bolander picked up a water cup, tops of piano keys and real buttons all made from skinned milk. Not only this but Mr. Bolander stated that milk itself is now actually making a substitute for wool from the casein of milk.

Toupeing on the food value of milk, Mr. Bolander said that milk contains at least four valuable elements: Vitamins A and B found in the fat milk sugar containing vitamins B and C and proteins containing the same vitamins and minerals especially calcium. Mr. Bolander showed the company four bottles of these various elements, a bottle of each from a quart of milk.

The job of the milk stationer is to make milk as clean as possible and to get enough milk with its cream which is used to build their "rich structure" and further pointed out that canned milk substitutes were very dangerous in that the food value had been taken from milk.

Among the Bible citations is this passage (John 4:24): "God is a Spirit, and they that worship him must worship him in spirit and in truth."

Correlative passages, to be read from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (page 93): "In Christian Science, Spirit, as a proper noun, is the name of the Supreme Being. It means quantity and quality, and applies exclusively to God. The modifying derivatives of the word spirit refer only to quality, not to God."

NEW FILM STAR, ORLEN HEYWARD, MAKES APPEARANCE IN "SHE ASKED FOR IT"
There aren't many girls who could go direct from modeling into even a small part of a moving picture without a lot of training, but Orlen Heyward, who is headed for screen greatness, stepped into the feminine lead of her first picture, "She Asked for It," which opens Wednesday at the Penniman-Allyn theatre.

Success is one of the things that seem to come naturally to Miss Heyward. She was born in Kentucky in a good Southern family, with no need of working or worrying during this lifetime, but her personal charm and beauty made an early impression without any effort on her part.

When she was fourteen she was chosen the "most patriotic beauty south of the Mason-Dixon Line" by a group of artists.
At sixteen her family sent her to Rollins college to be properly educated in the genteel tradition, but she felt that it was too easy, and not particularly interesting. College work might be fine for others, but she wanted to do something more constructive. A desire to strike out on her own led her to run away. She was brought back, but unconvinced, by her family. So Miss Heyward had to run away six times, the last time through a two-story window, before she finally won through to New York and a chance at doing something for herself.

Lake many another town New York was Miss Heyward's oyster. She took to posing for photographers, and soon was working steadily for G. Howard Dodge, international hat stylist, posing in his new models. Mr. Dodge claims that there is no girl in the world who looks as good or shows off a hat as well as Miss Heyward.

Her beauty and intelligence have moved her rapidly toward the top without a single serious setback. Since she left college for modeling and show, only started.

WEST OF SHANGHAI
With Boris Karloff, famed thrilling melodrama of the old fields in the interior of North China, after star, "West of Shanghai" is scheduled to be shown Feb. 11 and 12 at the Penniman-Allyn theatre.

Karloff's part this time is far from the "horror" things that he has done in the past. He is a Chinese bailiff general good humored and sympathy-winning. Of course he has a striking make-up as might be expected of Karloff. But he will be frightening no children in this piece, instead he'll make them laugh.

Red Cross Give Aid to Homeless in China
Dr. Harold A. Furlong, chairman of the Oakland county chapter of the American Red Cross, stated today in connection with the recent appeal for a China relief fund that 850,000 sick and homeless are at the International Settlement, for Greater Shanghai at the present time, according to word received from Admiral Gary T. Grayson, National Red Cross chairman. The needs in China are for shelter, food and clothing, but at present the greatest need is for medical assistance.

China is reported to be facing one of the coldest winters in recent history, and warm clothing and bedding are an absolute necessity. These can be produced in China for small cost, so that funds will go far in purchasing materials.

Contributions will be used to aid suffering men, women and children who have been made homeless during the hostilities. Funds will be used to feed the hungry, to clothe and bed the homeless, to provide medical care and to aid in curbing pestilence epidemics and plagues among the millions who have been driven from their cities.

It is not the intention of the American Red Cross to send personnel to China and it is not their intention to make purchases here. With the possible exception of medical supplies to be purchased only on requests from China.

The American Advisory Committee composed of prominent American people residing in China have been appointed by the American Ambassador, Nelson T. Jacobson, will receive funds from the American National Red Cross. A relief fund of approximately \$390,000 has been collected by the British Red Cross Society, Australian and New Zealand Red Cross have made appeals. Medical supplies have been dispatched by the Swedish Red Cross.

"The Red Cross has become an international symbol of mercy," said Dr. Furlong, "and there is a great need for our cooperation at the present time. I am sure that our appeal will meet favorable response and we who live in a more fortunate land will be willing to assist the needy."

GLANDS, PERSONALITY ARE BASIS FOR YOUNG SCIENTIST'S SPEECH
Dr. Henry J. Fry, brilliant young scientist and popular lecturer in the East, will be heard for the first time in Detroit at 11 a. m. next Wednesday, Feb. 9, when he speaks before the Detroit Town Hall audience in the Fisher Theatre. His subject will be "Glands and Personality."

Dr. Fry, who is research investigator at Cornell University Medical college during the winter, and conducts his experiments in the Marine Biological Laboratory, Woods Hole, Mass. during the summer will discuss some of the most important new discoveries he will show how they may eventually enable man to control his own heredity and direct the course of his evolution. Among the social problems he will discuss from the new scientific viewpoint are race problems, birth control, the elimination of the insane and the feeble-minded, crime and disease.

Dr. Fry is known throughout the world for his work in his special field, that of cell structure. His studies concern the way in which a human being develops from a fertilized egg, the manner in which cancer arises, and other fundamental problems. He is now completing his book, "The Science of Man," a comprehensive popular treatment of biology for the layman.

Coeds Tell Why They Come to College
Why do girls come to college? Leading the list of motives is the desire to prepare for some specific career, according to a questionnaire circulated among 138 sophomore coeds at Michigan State college. The survey was conducted in freshman orientation course by members of the home economics department.

Desire for a special career was checked by 126. An interest in a particular field drew 61 more to college. Only 15 of the women admitted that intellectual curiosity and interest in intellectual fields had attracted them.

The chance for self improvement was the driving force listed by 59, according to the survey, while 54 wished to accomplish worthwhile things and 52 came to gain increased self knowledge.

The wishes or ambitions of parents were listed by 58 of the coeds as reason for continuing their education while 39 held the development of college friendships and associations as their paramount purpose in entering.

Forty-six of the coeds expect or hope for increased income from their college courses.

NOTICE
TO HOLDERS OF TRUST CERTIFICATES

The Depositors' Agreement of the Northville State Savings Bank and Lapham State Savings Bank terminated January 27, 1938. There are a number of unliquidated assets belonging to each of these trusts.

Application has been made to the Reconstruction Finance Corporation for a termination loan for the purpose of distributing cash to the depositors.

Distribution at this time depends largely on the outcome of the application.

Every effort is being made to bring this to a close as rapidly as possible. All depositors will receive due notice when everything is in shape for distribution.

Seven Metropolitan Opera Singers Will Appear in Ann Arbor Festival

Announcement of the complete list of artists who will participate in the May Festival of the University of Michigan, May 11-14, was made today by Charles A. Sink, president of the University School of Music.

Seven celebrities from the Metropolitan Opera, four other distinguished singers, a world-renowned violinist, and a celebrated Russian pianist, will be heard.

Those from the Metropolitan Opera list will include: Marjorie Lawrence, Wagnerian artist, and Hilda Burke, soprano; Bruno Castagna, Carmen contralto; Nino Martini, and Giovanni Martinelli, tenors; Richard Bonelli and Chase Baromeo, baritones.

Other singers include: Marian Anderson, Negro contralto; Agnes Davis, noted American soprano; Arthur Hackett, tenor, head of the voice department of the School of Music, and Harum Van Dergun, baritone, also of the School of Music. Albert Spalding, American violinist, will be heard at the Friday afternoon concert, and Arthur Hackett, the thunderous Russian pianist, in the last half of the Thursday evening program.

The Philadelphia Orchestra, Eugene Ormandy, conductor, for the third consecutive year, will participate in all of the concerts. The Choral Union, under the direction of Earl V. Moore, musical director of the entire festival will sing Bachmann's "Bells" and Beethoven's "Chorus" while the Young People's Festival Chorus under Jura Hagbee, will sing the initial presentation of John Bunyan by an American composer, Dorothy James Davis, noted American soprano, or Ypsanti, and other selections.

Northville Woman's club meet in the library.

In charge of the program are Mrs. "Aunt" Ida Hendryx, Mrs. C. L. Dubur and Mrs. Elmer Kator. The occasion will also be a guest day.

LEGION BEGINS BOYS' STATES PROGRAM

More than 40 American Legion leaders from 14 states attended the second annual national conference on Boys' States held in Indianapolis, Ind. Sunday Jan. 23, and laid plans for expanding this youth training activity next summer. Twenty departments now are contemplating Boys' State programs this year.

The month of June was the popular choice of most of the departments for conducting the 1938 Boys' States. Ten Boys' States have been scheduled for this summer, from June 24 to July 2. A. V. BARBER GETS TECHNICAL ABOUT FREIGHT-ENGINES

(Continued from page 1) pounds each with a factor of adhesion of 4.01. The fire boxes are liberal proportions, being 135 inches long by 96 inches wide, providing a grate area of 90 square feet. To improve water circulation in the boiler and to provide an added element of safety, each fire box is equipped with two thermic syphons and two arch tubes.

The weight on driving wheels is equally distributed, each pair having a total weight of 69,500 pounds at the rail. The locomotive and tender, when fully loaded weigh 420 tons each and are capable of hauling trains consisting of 100 loaded cars on the Toledo division.

The locomotives are equipped with feed water heaters and steam superchargers. The feed water heater uses a portion of the exhaust steam which otherwise would be thrown out of the smoke stack and lost for the purpose of heating the

feed water taken from the tank. The amount of this exhaust steam used is sufficient to heat water from a tank temperature of 40 to 60 degrees F. to a temperature of 240-250-degrees F. at the time the water is forced into the boiler.

The superheaters are of high capacity, and it is their function, to remove all trace of moisture from the steam as it is generated in the boiler. To the tempering of the steam at that point, the superheating action adds from 200 to 300 degrees F.

The locomotives have given a good account of themselves, in that they have exceeded the movement of freight over the company's lines and have been the means of providing better service to shippers.

The installation of these locomotives represents one of the major steps the company is taking to improve its service to the shipping and traveling public.

Even Mr. Barber, himself doesn't understand all this "sacred data on the new engines, but he thinks it's wise to pass it on to the general public for the benefit of the fathers who bought electric trains this year for their young sons who aren't quite old enough to run them.

CHANGE MEETING OF WOMAN'S UNION

According to information released Wednesday evening by the Rev. Dr. T. W. Smith, a change has been made in the place of meeting for the Woman's Union. It will be at 2 p. m. Wednesday Feb. 9, at the house rather than at the home of Mrs. Joseph Hoeft as is stated in the Presbyterian church notes.

Mr. and Mrs. W. F. Chapman, 512 West Dunlap street were hosts Wednesday evening at a dinner to the members of their Quality club.

Walled Lake News
By CHARLES JUTTON

Hold Ruggles Rites
Funeral services were held at the Walled Lake Baptist church Sunday afternoon for John B. Ruggles, 37 years old of Walled Lake who was accidentally killed Wednesday afternoon at the Walled Lake Cooperative Cream Elevator, where he was employed as a manager.

Mr. Ruggles was returning a clam which opened the trucking mechanism in which his coat caught in a pivot on the shaft. He was thrown upward and around the shaft.

Mr. Ruggles, 1 year old, witnessed the accident but was unable to assist Ruggles immediately. His cries attracted the attention of a fellow worker in an adjoining room who shut off the machinery.

D. A. Kitson, general manager of the cooperative association said this was the first major accident in the history of the company. Mr. Ruggles had been employed there 10 years. Before that he had been employed at the Ford plant at Northville and the Burroughs Adding Machine company in Detroit.

He was born in Commerce township and was a member of the Commerce Lodge, F & A M. He is survived by his widow, Lucetta; two sons, William Gordon and John Edward; his mother, Mrs. May Ruggles of Wixom and a brother, Charles of Linden.

There will be a fertilizer dealers meeting at New Hudson at 7:30 p. m. at the New Boston school Feb. 14. The Michigan Fertilizer law will be discussed by William C. Geagley, state chemist. Paul Rood, soils specialist of Michigan State College, will discuss fertilizer analysis and fertilizer needs.

Care of Cattle
Grubs in the backs of cattle should be treated by squeezing out or applying drench of pyrethrum ointment as soon as found.

Horse bots and worms should be treated for, by a veterinarian, with carbon disulphide.

same period a year ago, according to J. B. Roach, treasurer.

With the date for non-penalty payments extended to Feb. 15 by the township board, a relatively high return seems assured, he said.

Collections on Tuesday Wednesday and Friday of last week at Commerce village Wixom, and Walled Lake were higher than average, with payments at Walled Lake leading.

All payments until Feb. 15 may be made at the treasurer's office at Oakley Park.

Win Three Games
Walled Lake basketball teams won three close games against Milford squads here Friday night. The first team won 29-20. The local reserves won 24-19 while the girls continued their campaign for league honors by winning 21-20, thereby tying Milford for first place, each having a record of three wins and one defeat. Walled Lake teams play at Holly tonight.

W. C. T. U. Has Meeting
"Family Night" was held Thursday evening at the Methodist church by the local chapter of the W. C. T. U. Pollock supper was served, and was followed by a brief musical program which preceded the principal portion of the program. Mrs. Clara Patterson, Todd state treasurer of the organization, and Mrs. Elizabeth Egan, district president, were speakers of the evening. The event was well attended by people of the community.

Fish Houses Endangered
High winds and a 24-hour ice on Monday created a more or less precarious situation for about 70 fish houses which have dotted the lake and a half expanse of ice in the start of the winter fishing season. Tuesday morning found several of the shanties tipped with open doors swinging skyward, back in the town of his birth.

Other houses had blown across the slithery ice from the middle of the lake to the northeast shore where they were and had frozen in a foot of surface water from melting snow drifts.

The scene reminded a native of the community of one winter, many years ago, when a similar blow from the northwest quarter had started Ed Baker's fish house on a rapid slide — with Ed in it — which ended only at the south shore, about a mile from the takeoff.

Frank said all Ed could do was to sit there in his makeshift house, clinging tight to the seat, with one hand, and his fishline and his appended bait with the other, and trust to luck.

Another recollection had to do with Jim Gulchist (better he became the first janitor of the new schoolhouse here) who was caught in a high wind while fishing through the ice without a fish house. A gusty swirl caught the folds of Jim's overcoat and started him on a grand slide, with his boots serving as skids from the Point to the vicinity of Clitz's Landing about a half mile distant. He made it standing up, with coattails flying a minnow-packet clutched in one hand and a fish net in the other and arms stretched outward after the fashion of an amateur skier at the end of his jump.

MARJORIE HILLIS SAYS
UNMARRIED WOMEN HAVE HARDEST JOBS IN LIFE

Vera Connolly and Marjorie Hillis will settle the question, "Do Unmarried Women Have the Hardest Jobs?" in the February issue of Women's Day magazine.

The question became an issue after a word-battle in the editorial office of the publication, a few weeks ago. Exactly one-half of the women on the magazine's staff are married — the other half single. Marjorie Hillis, who wrote "Live Alone and Like It" and Vera Connolly, long champion of the married woman, will represent the two sides of the discussion.

Mend Milk Pail Leaks
In an effort to mend the major leaks in dairy farmers' pocketbooks, Michigan dairy herd improvement associations are keeping a close watch over factors influencing production and processing dairy products.

Realizing that dairy incomes rise or fall sharply with changes in feed costs, the associations are checking dairy rations. Over 100 per cent of the rations tested during December were changed to fit new feeding conditions.

Since milk contains a high percentage of water, the testers emphasize that an ample clean water supply should be available to cows several times a day. Every farmer should attempt to meet this condition, according to records released by E. C. Schenckelheim, extension dairyman, Michigan State College.

Cream separators also were checked on farms producing cream for market.

Culling slowed down during December, figures released by the association show. Dropping from 466 in November, only 389 heads of cattle were removed from herds. Another 107 head were sold as breeding stock. Low production continued to account largely for the culling, with over 40 per cent of the culls coming under this heading.

Only one association in the State averaged a pound of butterfat per cow each day during December reports showed. Highest individual herd record during the month was 49.3 pounds of fat per cow.

"FIFTY-FIFTY" TO BE PRESENTED TONIGHT

Juniors To Give Play at 8 p. m. in School Auditorium

The class of '39 presented its first attempt at dramatics last night in the N. H. S. auditorium in the form of its play, "Fifty-Fifty." The cast was as follows: Paul Graham, author, Warren Bogart, Henry Dean, an artist, Dale Gray, Sophie Bland, a dancer, Betty Gillispie, May Dexter, an enthusiast, Marian Coleman, Mrs. Hawley, art collector, Betty Carlson, Mrs. Podge, landlady, Laura Marie Lord, Pat O'Malley, janitor, Don Armstrong, Smudge, a valet, James Geraghty.

The play was well attended at its first performance, and it is expected to be the same tonight, when the cast will be: Warren Bogart, and Dale Gray in the two male leads; Louise Alexander as May Dexter; Betty Carlson as Mrs. Hawley; Laura Marie Lord as the landlady; Don Armstrong as the janitor; and Edward Baughman as the valet.

The tickets are 25 cents for students and 35 cents for adults. The performance begins at 8 p. m.

GIRLS WIN OVER BERKLEY, 22-14

The N. H. S. girls' basketball team won its game from Berkley last Thursday by a score of 22-14. The first half ended 12-9 in favor of the local team. It was a fast game and was well played. Northville lost Kathryn Marburger early in the third quarter when the fourth foul was called on her. N. H. S. had nine fouls to Berkley's eight.

Jeanne Alchison who acted as captain for this game, played a fine game at guard position in place of Helen Van Sickle who is still out from ankle injuries sustained in the Farmington game. She is expected back on the team in a short time.

Mary Frances Ball, a sophomore, was high scorer with ten points. This year's squad has no seniors playing on it so will lose one by graduation.

The lineup for the Berkley game was: Forwards, Ball, Alexander and Brunansky; guards, Marburger, Aichison and Bolton; subs, Kimmel and Hagemeister.

Northville's girls' basketball team met Melvindale yesterday or their first return game of the season. Melvindale, the only team to have defeated N. H. S. this season and they won by the score of 18-10. It is impossible to give scores for the current game now, but they will be given next week.

The lineup was chosen from these girls: Forwards, Brunansky, Ball, Alexander and Kimmel; guards, Marburger, Bolton, Aichison and Hagemeister.

Faculty Who's Who

Edward C. Mollama

The whole wide world was stirred on Aug. 11 when E. C. Mollama first took a peek at Grand Rapids. To begin his educational career, Mr. Mollama attended elementary school in Cornum. To further his schooling he attended the Owosso-high school. He then enrolled at the U. of M. where he took four years in the Liberal Art college. A year of law is upended, too.

He taught at the Hudson Private high school in Detroit and also at the Detroit Institute of Technology. This popular teacher majored in Latin and English and minored in speech and history, including some others. When questioned, Mr. Mollama announced that his hobbies are wood-working and gardening.

Mr. and Mrs. Mollama and small son Edward, Jr., reside in Northville. At the present time Mr. Mollama is teaching a full schedule with only one vacant period. The subjects he teaches are: Debate, speech, U. S. history, world history, commercial law and economics. He is the co-director of the junior play.

Fatal Enemies of Democracy

Ignorance and prejudice are the two fatal enemies of democracy.

Editor's Note

Now that those everlasting juniors have finally shown us their dramatics ability in "Fifty-Fifty" — and weren't they good, though, we can settle down once more to our monotonous but quieter routine. Or can we?

At least we thought we could, and we'd gotten a good start, too, when "Fifty-Fifty" popped the devil in the term, this time of those seniors whose theme song lately is "Washington, Here We Come! (We hope!)" Their latest brainstorm is a Valentine dance. And from what we hear, it's causing a bit of discussion in the class. And why not, say we? They decided to have the dance over two weeks ago and up till Tuesday of this week (which is when the O. and B. goes to press) no advertising had been done, except in the paper. It seems strange, doesn't it, that the advertising committee should need almost three weeks to even begin to think about doing a bit of advertising? What puzzles us is that, should you attend a meet-

ing of the senior class, you would hear on all sides exclamations such as, "Well, never get to Washington this way!" "Why don't we make some more money?" "Let's do something to raise money!" — and yet, when a chance comes to make a little extra money, they seem to lose some of their former enthusiasm. What's wrong? Does the idea of a little extra work scare them?

After all, you can't expect people to know intuitively that there's a gang to be a dance. You've got to tell them about it! And when was a better time than the basketball game last Friday? Where were those posters we expected to see announcing that the senior class had gathered together some of its flagging ambition to put on a dance? The orchestra has been under contract for nearly two weeks, but if something isn't done soon, it may not be needed.

Come on, now, let's see some action on the part of you seniors.

REDFORD UNION DEFEATS N. H. S.

Second Team Wins 21-4 Over Redford Union, Friday

N. H. S. was defeated Friday night by Redford Union for the first league loss of the season. The local lads were handicapped by the height Redford had.

In the first quarter, Northville had a 4-2 lead. It was a fast quarter with Northville breaking up most of Redford Union's plays. In the second quarter, both teams passed the ball around and as the whistle blew Northville had a 9-2 lead.

Redford Union began an offensive drive in the third quarter which gave them eight points, to be one point behind, 11-10.

In the fourth quarter, Northville tried to gather its forces together to offset this margin, but to no avail. The game ended with Redford Union ahead, 19-14. High point man for Redford Union was Buehner, with eight points. High pointers for Northville were Bishop and Boelens, with four points each.

The second team won its game by the score 21-4. They had a great defensive wall, completely stopping the Redford Union attack. High point man was Bogart for Northville with six points.

CHOIR TO SING AT PLYMOUTH CLUB

The Northville high school choir, under the direction of Leslie G. Lee will sing at the Plymouth Woman's club today.

This is the second invitation the choir has had to sing before the Plymouth Woman's club. The first time was last year.

This engagement will mark the third appearance of the Northville choir in Plymouth. The previous engagements were at the new Presbyterian church and at the Hotel Mayflower.

The choir will sing the following selections: "Praise the Lord," Strindberg; "The Garden," seventeenth century hymn, arranged by Carl Hirsch; "Lo How a Rose Tree Blooming," Praetorius, seventeenth century; "Finnite Spiritum Tuum," Schuetz.

A grand sense of humor and quite often uses it in her classes. The senior twins, Mary Jane and Albert, judged by her are good examples of high school humorists. Learning poetry and reading the better works are two of her favorite pastimes. It by this time you haven't guessed our observed one, she formerly taught in our grade school until last year, when she took Mrs. Jack Chapman's place in the high school faculty.

Senior Who's Who

Eber Ward Lester

Eber was born June 11, 1920 in Eldorado, Saskatchewan, Can. After all the excitement was over, he entered school in Farmington. He attended school there until he had reached the fifth grade. He then decided to come to Northville. He has remained in Northville to finish his high school education.

Eber enjoys all sports except baseball and has gained quite a reputation around school because of his excellent playing in several of them. His pastime, so he says, is girls. His favorite hobby is smoking his pipe. But we warn you, not to believe everything that this young senior tells you.

The Observer

Your observer has grown tired of seeing the average high school student observed and decided to make a change, so here goes — by the way, the person I'm observing is a teacher of the fairer sex. She has excellent taste in dress and possesses

Piffle About Pipples

How come one Eber Lester thinks he can get away with such an awful outfit as Le had on Monday in school? Evidently the editorial staff page ran on the good old "Big Head" didn't affect some people.

Take it from your correspondent that Miss Mary Frances Ball has a trusty right and knows how to use it. Doesn't she, fellow members of the basketball team?

Helen Bramer seemed to be having a nice quiet (?) evening in the hall Monday night after basketball practice. Especially after the janitor turned off the lights. And we thought Jim Funke was Kimmel's property!

Did you see the junior play last night? We did and it was super-colossal. Take our advice and see it tonight.

We heard Katie Marburger saying that she had E. L. well hooked. Don't be too sure, my fan, he's only a child and can't keep his mind on one subject for more than five minutes.

Well now that Chuck and Alb have joined the physics class things have started to happen. What well known junior was kicked out Monday because Charles stole her cough drops? You naughty boy.

Our orchid for the week goes to Gwen Jones, who is our idea of a marvel. She actually accompanied alumnus George Myers to the President's Ball. We didn't think it could be done, Gwen. We nearly fainted.

We heard the girls in the locker room discussing Hank the other night. It seems that they all think Marie Angove's "page boy" is quite the most attractive. We agree, gals.

Question of the week: Why did Carl have a hole in his pocket third hour last Monday?

Ans: He neglected to extinguish his pipe before inserting it into the opening of his pocket. For shame, Carl!

NOTE DOWNWARD DELINQUENCY TREND AT U. OF MICHIGAN

Juvenile delinquency cases showed a net decrease of 63 cases, or 17.9 per cent, for November, 1937, as compared to the same month in 1936, according to reports on 43 identical Michigan counties just released by the Michigan Child Guidance Institute at the University of Michigan, Ann Arbor.

Fifty-three counties reported for the month of November, 1937, as compared with 62 a year ago, the total number of new delinquency cases reported being 435 in 1936 and 371 in 1937. Of the 43 identical counties reporting in both years, 12 showed no change, 13 counties, including Washtenaw and Alpena, reported increases amounting to 23 cases while 16 counties including Berrien, Alcona and Eaton reported decreases amounting to 86 cases — making a net decrease of 63 cases in the identical counties.

The delinquency rate for the 53 reporting counties amounted to 56 cases per 100,000 population for children between the ages of 10 and 16 years. The Institute's report covered 68.3 per cent of the counties in Michigan and 78.4 per cent of the State's population.

8 simple rules FOR GOOD

"HOME-MADE LIGHTING"

To make sure you have proper light in every room of your home, you can prescribe your own home lighting by following these eight simple rules:

- 1 Use the right size lamp in the right fixture. Too large or too small a lamp can definitely cause eye discomfort. When you exchange burned-out lamp bulbs, make sure you get the size lamps suited to your needs.
- 2 Have enough light for each seeing task. Your eyes need more light for such tasks as sewing, mending, reading, fine print, etc., than they do for relatively simple occupations such as dining, conversation, etc. There are definite recommendations to guide you in the amount of light required.
- 3 Avoid bare lamp bulbs. They cause glare. Raw lighting is poor lighting—even if there is plenty of it. Shaded lamps are always preferable.
- 4 Eliminate harsh contrasts (brilliant light and dark shadows). You can do this by having general room-wide light to supplement local lighting. It is bad practice to have bright pools of light in a dark room. It makes the room appear spotty and is a cause of eye discomfort and fatigue.
- 5 In your floor or table lamps, choose the type of lamp with a reflector bowl. The bowl helps to diffuse the light, assuring a soft, pleasant quality of illumination. Some of the light goes to the ceiling and is reflected back. Wherever possible, choose shades with a white lining. They provide more light for the electricity used.
- 6 Wipe lamp bulbs frequently with a dry cloth—also the reflector bowl of your floor and table lamps. Dust and dirt sometimes reduces by one-third the amount of light you get from a lamp.
- 7 Always bear in mind the decorative fitness of your lamps and fixtures. There is style in lighting just as in household decoration, and the selection of lamps is important. Curtains and draperies that are suited perfectly to an ensemble in one room may be quite wrong for another, and the same thing is true of your floor and table lamps.
- 8 If in doubt about any phase of your home lighting, call in a Detroit Edison Home Lighting Advisor. He will give you helpful advice on your lighting problems. There is no charge for this service.

The Truth About How The World War Was Fought

How British soldiers were shot in the back by their own officers is told in "The Men I Killed," by Brigadier-General P. C. Crozier, who for many years was an officer in the British army. This book not fiction, but a merciless statement of facts that has aroused a violent controversy in Europe, is now appearing daily in The Detroit Times 32c

WILLOUGHBY'S RETURN FROM VACATION TOUR

Bob Willoughby returned to his shoe store in Plymouth Wednesday morning after a three weeks' vacation tour that took him 15,000 miles into the southwest, old Mexico and return. Mrs. Willoughby accompanied him on the trip.
Mr. and Mrs. Willoughby were in Mexico a total of ten days, of which five were spent in Mexico City. They were impressed by the progressiveness and general happiness of the Mexican people, low and high alike. Mexico is doing its best to please the ever-increasing tourist traffic. Prices are cheap in terms of the American dollar. The Mexican dollar averages for 28 cents American money.

SPEAKER PUTS HALO AROUND MILK BOTTLE AT ROTARY MEETING
(Continued from page 1)
The example of the hallo around the milk bottle is the "hallo" of the milk, he said.
Mr. Bolander's talk, and the example of the hallo around the milk bottle, was the theme of the meeting. The speaker, Mr. Bolander, said that the milk industry is the most important of the State. One-third of the income of the farmers of the State comes from milk production.

The big problem in the marketing of milk is the surplus that is available at certain seasons of the year. The production of butter, cheese and ice cream helps take up some of this surplus. Yet in Detroit, the demand for milk in the past four years has shown only a five per cent variation.

Following Mr. Bolander's talk, a barrage of questions was fired at him from members of the group. For example, W. E. Forney insisted that there ought to be more cheese factories to use up the milk surplus, until Mr. Bolander convinced him that cheese making was the least profitable of all the forms of the use of milk.

Howard Whipple was chairman of the day and introduced the speaker. Guests were Carl Ely and Philip Anderson of Northville, and E. J. German of Wayne. Robert Trofian junior Rotarian for the past month introduced Cecil Giles who will return to the sessions for the next month.

Field's Option
Eugene Field liked old books and was quite a collector of them. His means were, however, not adequate to his desires; and a quantity of his was a ship of paper found by a purchaser of an old volume. On the paper were written in Field's handwriting the following comments:

"Kino films for goodness sake forever.
To buy the book thou findest here:
For when I do obtain the book I mean to buy the book myself."
—Exchange

Advance Lesson
The bright young thing came into the room and smiled at her mother. "Mother," she said, "I must have some money for a new dress. Will you ask daddy for it?"
"Ask him yourself, dear," was mother's reply. "You are getting married in a month's time and you must have some practice."—Pearson's.

The cities and villages are required to expend the amounts required for the following purposes in the following order of priority: The payment of the city or village's share of State trunk line and Federal aid road maintenance costs; the payment of obligations of the city or village on highway projects undertaken by it jointly with the State; highway commissions under the provisions of the Dicks Act; the payment of principal or interest on bonds issued by the city or village for the construction or improvement of streets, highways, bridges or grade separations; the payment or refunding to taxpayers without interest of special assessments levied for the cost of opening, widening or improving any State Trunk Line highway within the city or village prior to the enactment of the statutes in question; general street or highway improvements; repair or maintenance.

The statutes impose a penalty for the failure of any municipality to devote the funds to the purposes set forth the forfeiture of such municipality of its share in the weight and gas tax return for one year.

Republicans Boost Toy for Governor

Rapidly growing sentiment in Republican circles in behalf of Judge Harry S. Toy for the party's nomination for governor of Michigan in next September's primary election, is the outstanding political development of the first month of 1938, say Toy supporters.

Climaxing this sentiment, a testimonial dinner will be tendered to Judge Toy at 8:30 p. m. Tuesday, Feb. 8, in the Fountain Ballroom of the Masonic Temple. Reservations for more than a thousand guests have been arranged. Elmer Smith will take reservations for villagers. The affair is being staged by friends of Judge Toy and members of the Toy for Governor Committee to emphasize his strength in Detroit and Wayne County.

Former Chief Justice Louis H. Read, of the Michigan Supreme Court, who is now practicing in Detroit, will preside as toastmaster at the dinner. Speakers will include Former Governors Alex J. Groesbeck and Chase S. Osborn; Mrs. Fred W. Green of Ionia, widow of the late Governor Fred W. Green; John R. Dethmers, prosecuting attorney for Ottawa county, and Ralph Finley, chairman of the Wayne county committee of the Federation of Young Republican clubs.

Emphasis will be laid on the fact that Toy's popularity with voters generally is based on his record of public service. As prosecuting attorney of Wayne county he drove out the gangsters, racketeers and hoodlums who had been terrorizing Detroit and Wayne county. When he first took office Detroit had the unenviable distinction of leading the cities of the nation in its per capita murder rate. At the end of his first term Detroit had dropped to thirty-seventh position among American cities in murderous crimes.
