## MEN'S TENNIS TOURNAMENT TO BE NEXT FRIDAY

### Del Hahn, Court Enthusiast, To Give Cups to Winners of Doubles, Singles

Northville is to have a tennis tournament on the week-end of May 6, 7 and 8 anyone swinging a tennis racket, and residing in Northville, will be eligible to compete for a cup which is to be donated by Del W. Hahn of the village. The tournament will take place at the park courts.

This will be the first village tournament and it is expected that a number of villagers will turn out to engage in the competition. Courts will be reserved for Saturday and Sunday morning so that play will be speeded up.

The tournament is being arranged by four young men of the village who would like to see more persons in Northville interested in tennis. Those organizing the tournament include: Mr. Hahn, donor of the cups; Richard Shupley, John Steencken and Alec Milne.

Anyone wishing to enter the tournament may register in the Northville Drug company's store, or with any one of the four men mentioned above.

Opponents will be chosen by the tournament, bracketing system, and will be determined by the number of entries. All entries must be in by Thursday, May 5.

This tournament will be a singles championship with the winner retaining the cup until the following year, when he will have to defend it in a similar tourney.

And on the following week end a doubles tourney will be staged and the winners of this competition will also win a cup given by Mr. Hahn. This tournament will also be open to all men of the village.

Any male member of the village, including those residing at the Wayne County Training school and the Maybury sanatorium, is eligible to enter either tournament. All entries should be in by Thursday, May 5, for both tournaments.

## DETROIT FISHERS ARE FINED SUNDAY BY LOYLE M. GERMAN

### Eaton Charges Government with Excessive Taxes

State Conservation Officer-Loyle M. German, who was recently transferred from the Monroe territory to Northville, reports that four Detroiters were taken in Sunday for illegal fishing at the Plymouth Park and Waterford lake.

John Marshall of 2016 Meade avenue, was fined \$15 by Del Campbell in justice court. He was charged with a catch of 20 blue gills and a string of bass.

The same fine was given out to Morgan Marshall also of 2016 Meade avenue. Court costs of \$6.85 were paid by Joe King of 2120 McLean avenue, and by Bernard Force, also of Detroit.

Further, the State and Federal governments are forcing the small business men of Michigan to carry the State's welfare load," he declared.

"I defy State officials," he said, "to let the taxpayers bow down to money they owe for welfare purchases and orders."

## Rotarians Score Third Hit in Minstrel Presentation; Increase Student Loan Fund

Rotary's third annual minstrel was staged Wednesday night in the Northville high school auditorium before a capacity crowd that frequently showed its enjoyment of the lively songs, surprise stars and comedy that marked the show. All proceeds will go to the student loan fund maintained by Rotary.

The high spot of the show to the east was the granting of the medal awarded annually to the member of the minstrel going the most for the show. This unheralded surprise number came when Mr. Burrhead (Olow Owen) announced that a medal would now be awarded to the deserving person "and in all seriousness he asked Perry Angove, who had labored long and well in the direction of the production, to come forward. The modest Mr. Angove did, only to be told to pin the medal on Mr. Burrhead. "Thus the show had a gag at the expense of its director."

The show was aided by three tap dance numbers performed by Anna Jean Fiherty. Her last number, in blackface, evoked the most applause. The duo, "Roll Your Own," featuring Fred Ritchie as the woman, singing Eph and Lyle Benjamin as the over-weight Maudie, pleased the audience.

The usual minstrel horseplay and gag were provided by end-men Fred Ritchie, Olow Owen, E. M. Bogart, John Lisenberger, William E. Forney and Lyle Benjamin as Adeoids, Burrhead, Charcoal, Doodbug, Egg-nog, Phiplop and interlocutor, Dr. E. S. Willis. Maurice Giles, Russell H. Steinger, Jack Appel and Clifford Wipster sang four numbers in quartette.

A large chorus joined in the musical numbers: Neil Hannaford, Fred Foreman, Charles Scholtz, John Burkman, Francis Huff, Don Hamilton, Ivan Gray, Russell H. Amerman, Richard T. Baldwin, Luther Lapham, Fred Johnson, Leslie Lee, Dr. T. C. Hertz, George Lockhart and Leland Card.

Mrs. Bart Connors at the piano, Mrs. Harry Blake with her violin and Ollis Tewksbury, Jr., and saxophone accompanied the several musical numbers.

A yard must be said for the audience that loyally sat through the two-hour show in undrained school desks, and breathed the stale air of the poorly ventilated room. Northville audiences are a hardy lot and necessary so in the lack of a suitable auditorium for the community.

## GARDEN CLUB GIVES BIRD HOUSE AWARDS

With some 20 entries to choose from, the Northville Garden club selected seven bird house owners to receive the first cash prizes ever offered by the group in an enterprise of this nature.

For the best wren house, a cash award was given to Louie Babbitt, Bill Widmar and Eugene Hogan, placed second and third.

Philip Baldwin's bluebird house was given first ranking, with the structures made by Bob Farmer and Henry Lester placing second and third.

Bill Scholtz was given first honor for his Martin house. The awards were made Monday evening in the Boy Scout building by Mrs. Ernest Wood, a member of the sponsoring organization. Judging was done by Mrs. S. K. Stephens, Olow G. Owen and Richard Loomis.

Cooperating with the Garden club to the fullest extent in promoting the contest was E. V. Edison manual framing instructor of the night school. He gave the contestants help in their planning and study for the project.

The first Northville meeting of the Western Wayne County Conservation Association will be held at 7:30 p. m. Monday, May 2, in the American Legion Hall, according to an announcement made today by C. Harold Bloom, a member of the board of directors.

At this meeting a plan will be proposed along the line of the Williamson Plan. Several reels of motion picture will also be shown. Mr. Bloom says that anyone interested in the cause of conservation is invited to be present at the meeting and an opportunity will be given at this time to join the association.

CONSERVATION GROUP TO HOLD MEETING

## Cancer Specialist Advises Regular Checkup by Doctor

"See your physician," advises Dr. O. A. Birnes in the Michigan State Medical Society Journal recently in commenting on the importance of recognizing early signs of cancer.

"The symptoms of cancer are often so varied and complex," says Dr. Birnes, "that it is undesirable to give the public a long list of signs and symptoms and expect them to make their own diagnosis. It would be better to instruct them to turn to their own physician when there is a definite deviation from normal good health and the proper advice will be obtained."

"A healthful inquisitiveness among people regarding their own bodies should be stimulated in order that obvious lesions can be recognized earlier. Cancer information to the public must be educational and free from objectionable features. It must be understood that cancer, under proper conditions, is curable and can be controlled by a relentless attack, common sense replacing hysteria," he concludes.

During the month of April an intensive drive has been made in the United States to spread education on this important subject. Northville has been cooperating through a local committee in this work. Several gatherings are being held this week.

## Kroger Store Adds Display Equipment

The Northville Kroger Store has been decorated and new display equipment has been installed in the meat department.

Two large green porcelain meat display counters, a fish display case and a new large meat storage box were installed Tuesday by a crew from the Detroit offices of the company. The walls and ceilings were repainted.

Additional space was gained by moving the partition dividing the store and warehouse six feet to the rear of its former location. These developments complete a store expansion program begun last winter when an addition was made to the rear of the store building.

## MERCER TO OPEN NEW MARKET HERE

A new self-service market will open next week at 112 East Main street, it was announced this week by Wm. A. Mercer who will manage the new enterprise.

E. V. Mercer and J. N. Wilcox, both of Walled Lake, are also interested in the store. The latter operates a grocery in Walled Lake.

New fixtures suited to the type of service to be employed in the local store are now being installed and the store being made ready for opening next Friday or Saturday.

## RECORD'S SCRAPS GO TO TEACHERS, NOT TO CHILDREN

The Northville Record will continue its policy of putting aside any scrap paper that may accumulate from time to time for the teachers of the Northville schools and of the Maybury sanatorium.

Because the need for these bits of colored paper has been felt in these institutions, The Record asks that parents and teachers alike cooperate with the staff by helping the school children understand the policy taken in this matter.

Not a day goes by, but what school children drop in the office asking for scrap paper.

## EXCHANGITES BACK VILLAGE CLEANUP WEEK

### Cost of Cleaning Alleys Will Be Charged in Tax Assessments

Joining the village-wide cleanup week which goes into effect the week of May 2, is the Exchange club. The decision by this organization to back the project actively was made Wednesday noon at a meeting of the group, when it was realized that Northville's ill-kept alleys and vacant lots were black lungs in the eyes of visitors and tourists. A thorough inspection of the village at-large will be made by the Exchange club before and after cleanup week.

Statements issued Wednesday by Dr. R. M. Atchison, health officer, in carrying out its policy of community welfare, the Exchange club is making moves this week to look into the construction of a gravel pit which is to be located at the corner of Eight Mile road and Center street in the residential districts.

and Earl Montgomery, street commissioner, affirmed the report that property owners who do not cooperate in the enterprise would be charged with the cost of cleaning up their property. "If the village has to send a truck and man around to clean up alleys and yards, the cost will be added to the individuals' tax assessment," both Dr. Atchison and Chief Montgomery asserted.

The village council, headed by Mayor Arthur S. Nichols, is standing back of the cleanup project this year, determined to aid Dr. Atchison and Mr. Montgomery in their efforts to eliminate objectionable "fore spots" in the business as well as the residential sections.

## MRS. KALBFLEISCH DIES IN DETROIT

Death claimed Mrs. John (Carrie) Kalbfleisch, who for 12 years made her home in Northville on Fisher road Sunday April 24, in Detroit.

She was born 25 years ago in Wisconsin, N. Y., and migrated to Detroit in 1898. She and her husband, John, both of Northville, were the first president of the Northville Exchange club, celebrated their fifty-first wedding anniversary last Jan. 10. Their home was at 17330 Snowden avenue. She was active in the Brewster-Pilgrim Congregational church.

Surviving her are her husband, John; three sons, Russell R., Harold F. and Marcus; and a daughter, Mrs. L. M. Last. Rites were held at 2 p. m. Wednesday at the home of her son, Marcus M. Kalbfleisch, 860 Taylor avenue, Detroit. Burial was made in Acadia Park cemetery.

## CHECK TRENCH MOUTH SPREAD IN NORTHVILLE

Dr. R. M. Atchison, health officer, stated this week that there had been no further spread of trench mouth in the village. Other contagious diseases are having their usual yearly run which reaches its height each year in April.

Northville was able to ward off all disease epidemics this season, such as were experienced in Detroit, especially in measles. At the present time, there are two whooping cough victims, four of chicken pox and four of measles in the community.

## FIRST ACE OF YEAR IS SHOT BY HUMAN

The first ace of the year at the Northville Golf club was made Sunday by Herman Homan, who started to play the game only late last season. The thrill came on the 125-yard fourteenth hole when he hit a perfect mashie nibble snor and stood by to watch the ball roll into the hole. Homan's score for the day was 109.

He was playing with his uncle Frank Homan, his brother Casper, and Gordon Jonnetone.

## Churches, Mayor Nichols, Dr. Wickham Join Baptists Who Welcome Travers to Northville

Marked by a spirit of goodwill and fraternity, a gathering of members of the Presbyterian and Methodist churches united Sunday evening with the Baptist church in welcoming their new pastor, Dr. R. M. Traver and Mrs. Traver.

Superintendent of Schools Russell H. Amerman introduced the various speakers who voiced the welcome of the community. Speaking for the village of Northville, Mayor Arthur S. Nichols said, "We are proud of our schools, our churches, our sanatoriums, our streets and our parks and we welcome you to them all, Dr. Traver."

The Rev. Harry J. Lord, pastor of the Methodist church, called himself "dean" of the Protestant churches in Northville since the Presbyterian, St. Paul's Lutheran and Baptist churches had all thanked pastors since his coming to the village three good fellowship among the clergy years ago Mr. Lord referred to, and "promised continued cooperation."

Said Dr. Thomas W. Smith of the Presbyterian church: "Churches need three things to maintain their efficiency—worship, fellowship and stewardship." Fearlessly, Dr. Smith disagreed with the proposition often made that the churches unite in one body. "If Northville attended church as it should, all the churches would be filled," he said.

Dr. A. B. Wickham of the East-lawn sanatorium spoke for the patients and attendants of that institution who have enjoyed each Sunday a broadcast of the services from the Baptist church. They have been associated with the Northville churches through the ministry of its preachers who have visited them. Dr. Wickham commended the fearlessness of some of Northville's officials who are trying to make this a cleaner and safer place to live.

Clifford B. Turnbull spoke of his high regard for Dr. Traver whom he had known for 29 years and to whom he owes not only his connection with the church but his marriage as well. "For this work of welcome Dr. Traver made fitting response, inspiring his appreciation and prompting to do his best to save this pasture well. All of the gifts were highlighted by the music that lent a feeling of exultation to the occasion."

Several music numbers interspersed the program. A quartet quartet comprised of Lou, Eaton, Robert Boyden, Robert Ross and Harold Marten, a vocal solo by Mrs. Helen Winter, a male trio, Mr. Amerman, R. H. Steinger and Clifford C. Winter. Miss Elaine Winter was the accompanist.

Mrs. Traver was introduced to the audience and was presented with flowers by Joan Montgomery, Miss Lottie Livingston making the presentation.

An informal reception concluded the evening when the company gathered in the church parlor where they greeted Dr. and Mrs. Traver and chatted sociably over cups of tea, Mrs. Amerman presiding at the table.

## PRESBYTERIANS HOLD MOTHER-DAUGHTER BANQUET NEXT FRIDAY

The Presbyterian mother and daughter banquet, which Mrs. H. F. Wagoner explains is open to the public, will be held Friday, May 6, in the Presbyterian church house.

"Sharing program honors with a story teller from out of the village will be Miss Marjane Deane who will sing; Marie Angove who will give piano selections; Barbara and Beverly Wood, who will dance; Mary Lou Hunter who will play the accordion; and Beatrice Hartman, who will dance."

The toast to the daughters will be presented by Mrs. Walter Case with the response from the daughters coming from Miss Marjorie Chase.

Tickets which go on sale Friday and which must be reserved by Wednesday, May 4, will sell for 50 cents. Children of pre-school age will not need tickets. Mrs. Harold Hatcher and Mrs. Ward Masters will head the ticket committee. It is understood that they may be purchased also from both of the drug stores.

## SLEEPING DRUG IN OVER DOSE CAUSES DEATH

### Richard Stevenson, Dies Early Tuesday; Hold Rites in Canada

Richard Stevenson, aged 42 years, proprietor of the Recreation cafe, was rushed to Sessions hospital at 2 p. m. Tuesday, where he died 30 minutes later from an overdose of sleeping potion which he took early in the afternoon at his place of business.

"Dependency over personal and business affairs was given by close friends as the reason which prompted Mr. Stevenson's act. Ed Horton, a friend, was with him at the time he took the pills and went with him to the hospital. Horton told authorities that 'Dack' kept taking pills out of a bottle and washing them down his throat with beer." When Horton tried to see the label on the bottle, Stevenson drew away, becoming a victim of the drug in a few seconds, it is reported.

Until a little over a year ago, Stevenson was head chef at the William H. Maybury sanatorium, leaving that position to go into business for himself. He had been employed at Maybury for 14 years. Stevenson was recently denied a license to sell liquor by the glass by the village council.

Stevenson's body was shipped Wednesday morning to Collingwood, Ont., Can., the home of his mother, Mrs. Mary Stevenson; and his sister, Mabel. A brother, Wilmer of Barrie, Ont., Can., survives him as does his wife, Mable of Northville. Funeral rites will be held in Collingwood.

## MAYBURY BUILDINGS TO HAVE PAINT JOB BY WPA EMPLOYEES

The only application in this vicinity to benefit by the WPA allocation of \$55,864 for the State is the William H. Maybury sanatorium.

Some \$20,000 has been set aside as a partial allotment by the Federal government for a project designed to improve the sanatorium buildings.

Dr. H. S. Willis, superintendent of the sanatorium, says that the enterprise calls for an extensive painting job, one which will practically the entire institution a coat of paint.

Work is expected to get underway within two weeks and according to Dr. Willis, will give employment to WPA employes for several months.

Both men were members of the Bellevue church which condemned Jesus Hatcher and Mrs. Ward Masters as bitter regrets of these two men that they did not see Jesus at the trial.

## "Star in My Kitchen," Full Length Movie, Is Feature of Record's 3-Day Cooking School To Be Held in May

The Record has scored again! This newspaper has just been successful in securing the new motion picture cooking school, "Star in My Kitchen," which will be presented here May 26, 27 and 28.

Mark the days on your calendar because every woman — and man — in this community is hereby extended a cordial welcome to see, absolutely free, this fascinating picture which weaves helpful, intelligent lessons on cooking and homemaking into a humorous and romantic plot.

The motion picture cooking school is a brand new idea. First conceived last year, it has met with acclaim from women throughout the country, who like the happy combination of sparkling entertainment and close-up cooking instruction. Seats in the back row are as good as those in the front row — in the motion picture permits everyone to hear and see every trick in roasting a cake, making a pie or cooking bananas.

"Star in My Kitchen" was produced in Hollywood, and the audience will recognize many of the rising young actors and actresses who take part in it. Women, young and old will appreciate the humaneness of the romantic story, in which home problems are approached from an entirely new angle.

The motion picture cooking school has graduated beyond the demonstration course in the wide variety of household equipment assembled in a clear view of the audience. All of the practical equipment is seen in active use, and because "seeing is believing," the audience will soon learn that pies and cakes and salads can make them "stars in their kitchens."

Experienced housekeepers will thrill to the adventures of the young Decie Abot, who suddenly finds herself with a large home to manage and several mouths to feed —

"The Golden Text, (Ezekiel 18:23), is, 'Have I any pleasure at all that the wicked should die?' Faith the Lord God and not that he should return from his ways, and live?" Among the Bible citations in this passage (Job 41:3-6) is not destruction to the wicked, and a strange punishment to the workers of iniquity? Let me be weighed in an even balance, that God may know mine integrity." Congratulatory passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy include the following (page 400): "If the evil is over in the repentant mortal mind, while its effects still remain on the individual, you can remove this disorder as God's law is fulfilled and reformation canceled the crime."

### VERNON J. BROWN WILL BE AUDITOR GENERAL CANDIDATE

Vernon J. Brown, who recently made public his decision to retire from the state legislature, has announced his candidacy for the nomination to the office of Auditor General at the state republican convention this fall. Mr. Brown has represented the second district of Ingham county for the past 10 years.

Vernon Brown is well known throughout Michigan, both as a legislator and as publisher of the Ingham County News. His articles on state government and his editorial comments on state matters have been widely read. At one time his syndicated articles were being published in more than a third of the weekly and daily papers of Michigan. They were circulated in every county of Michigan. Entering the legislature in 1929 after varied experience in township, city, county and state positions, he early won prestige as a student of government and an authority on taxation and finance. His campaign for econ-

omy in state government waged in 1932 resulted in the passage of nearly 100 economy bills prepared by a commission of inquiry into costs of state government. Mr. Brown was a member of the commission. Passage of the bills resulted in the reduction of the 1933 budget by approximately \$5,000,000.

In his announcement, the retiring legislator declares that he is entering the campaign as a result of hundreds of letters and editorial comments emanating from every section of Michigan urging that he continue in state affairs.

"I believe I can best serve the state at this time in the office of auditor general," stated Mr. Brown.

## Name Margaret Nagy Valedictorian for Class of '38

### MARIE BECKER TO BE SALUTATORIAN

#### Nine Other Students Are Placed on Class Honor List

R. H. Amerman has announced the valedictorian and salutatorian for the class of 1938.

Margaret Nagy, whose average marks for the year are the highest in the senior class, was named valedictorian. Margaret was born in Northville and has received all her education so far at Northville high school. She hopes to attend college after she is graduated.

Marie Becker was named salutatorian. Marie attended the Bass Libe school for eight years, then came to Northville to finish her high school education. Marie intends to go to Michigan State Normal college or Oberlin's Business college after graduation.

The nine honor students are as follows: Robert Tröfast, Louise Berkeley, Alice Eaton, Margaret Van Hellemont, Edward Reid, Margaret Walker, Doris Tewksbury, Marie Brayman, and J. W. Erwin.

### SPORTS

By SPECK

The weather has been very mild the last two weeks, so they have been holding baseball practice at the park and have been responding with good team work.

The probable pitchers that are out for baseball this year are: Bishop, Heil, Gargow and Orr, with Bishop and Orr being outstanding, so far. The catchers are Wolfe, Card and Sheppard with Wolfe doing noble work behind the plate. The first sack has Hardisty holding a slight edge over Don Kimmel. The second, short stop and third sack are being battled out by Bishop (when not pitching), K. Wolfe, J. Holcomb, L. Eaton and E. Balko. The outfield has Eaton, Gargow, E. Balko, B. Boyden, Alden and Giles. Alden and Giles have not been practicing with the team regularly.

Most of last year's team was broken up due to graduation, but the boys this year have great cooperation and plenty of school spirit.

Their first game is Tuesday, May 3, over at Berkley. Then they come here Thursday, May 5, to try to outplay the big Trenton team.

The track team, under the able assistance of "Doc" Hensch, has been having its troubles. It seems as though some of the boys wanted to get their pictures in the Paladium and then be washed up with track.

Mitchell, Lester, Defino and Böltön have been practicing constantly, but H. Fritz and J. Thiene haven't showed up at all. So come on boys, organize together and take the track meet you have scheduled with Plymouth. The way you boys have been attending to practice, why I'll bet little Nov. could whip you. So let's whip Plymouth or we'll have to cancel the meet.

The golf team has been under the tutelage of G. V. Harrison. They have been practicing over at Meadowbrook a few times.

### Senior Who's Who

MARGARET WALKER  
Margaret was born Nov. 7, 1920, in Prospect Park, Pa. She then moved to Detroit where she attended the Clark grade school. She stayed there for eight years and then decided to move to Jackson where she attended Jackson high school for her freshman year.

Grosse Pointe was her next destination and she completed her sophomore year there. Northville then exercised her magic powers and "Peg" decided to give N. H. S. a break so she headed for our fair city. She has remained here for her senior year, which all goes to show that N. H. S. must have been very satisfactory. She enjoys horse back riding, tennis and many other sports.

Margaret would like to attend Grier's school at Birmingham, Pa., next year.

### Editor's Note

By MARY GEORGE  
Parents often wonder when they see their children start for school each day, just how much they really get out of attending school. That question should be given a lot of thought because the children of today will be the citizens of tomorrow. If their education is neglected by their parents or by themselves they certainly won't be the best kind of citizens.

Education does not begin in the school. Education, fundamentally, begins when the child is still a baby. After a child begins school he usually has an idea of the things that he likes or dislikes and can, therefore, act for himself. Most students do not realize that when they come

to school, an education is not guaranteed. They believe that an education should be handed to them on a silver platter. They realize finally that this is not true, but usually it is too late to do anything about it. There is unlimited opportunity for the ambitious person who is willing to put forth a little effort in our modern schools. The parents of those sort of people can look upon them with pride and feel secure in the knowledge that their children are really "getting something out of school."

Because Peg and Gwen have gone to Washington for the week, Louise Alexander and Ida Marie Walker edited the page this issue.

### N. H. S. STUDENTS TO ATTEND BOYS' STATE

Marv Schoultz, Ben Duguid and Cecil Nirider Chosen To Go

Northville high school will have three members of the student body at the Wolverine Boys' State held on the Michigan State College campus at East Lansing, for a ten day period starting June 16. A committee made up of men in the local American Legion, the Rotary club and the Exchange club have chosen Ben Duguid and Marv Schoultz to attend. The Legion is sending one boy and the Rotary and Exchange clubs combined are sending the other. Cecil Nirider was chosen to go to the "State" by the Mayburg sanatorium where Mrs. Nirider is employed.

The purpose of the Boys' State is to enable the boys to put into practice the things they learn about government in their classrooms. There will be eight hundred selected boys from every county in the state of Michigan attending the "State."

The boys will be divided into "cities" of fifty inhabitants each and two "cities" will make up a "county." The eight counties will complete the State. The citizens of the state will be assigned to mythical political parties and will govern themselves for the period.

Through this program, the sponsors hope to impress on the future generation the responsibilities of citizenship, to develop leadership and to bring to a full realization of the boys, the duties of an American citizen.

In addition to the regular program there will be a complete athletic program under the direction of Coach Charles Bachman of Michigan State college.

Burial was made in Rural Hill cemetery.

Mrs. Lowden was born March 29, 1880, the daughter of Lewis and Mary Vradenburg, on the old Vradenburg homestead west of Northville. She was graduated from the Northville high school with the class of 1897. For a number of years she taught school, was active in the Baptist church and took part in the affairs of the community. In 1893, she moved with her mother and sister to the village, where they made their home on Dunlap street. She became the bride of Henry Lowden in 1886. They made their home in Ann Arbor moving later to Detroit.

Surviving her are a son James K. and a grandson, Jimmy, both of Detroit; several nieces and nephews. Her husband preceded her in death in 1907, as did a daughter, Mary, in 1929. She was the sister of the late Albert Vradenburg of Northville.

MRS. LILLIAN G. TERRILL  
Mrs. Lillian G. Terrill, who reached her eightieth birthday this past year, died Friday, April 22, after a short illness, at the home of her son, Roy M. Terrill. She had made her home with her son and daughter-in-law on West Six Mile road for the past ten years.

Lillian Terrill led an active life and until the last day of her life continued to carry on her usual daily tasks; she was in church, at the Northville Presbyterian church on Easter Sunday.

### The Observer

This week our victim is one of the quietest boys in N. H. S., at least he's quiet around school - most of the time, but we've heard that he can be as noisy as the rest of 'em when he's "out with the boys."

He has rather curly blond hair and a quick grin. He's one of a large family (mostly boys) and his older brothers number among the important alumnus of N. H. S. Our "observed" is a junior and does the basketball team as does the one brother he has in high school. The boy is probably better known by an odd nickname than his real name know him?

Light is Cheap!

GOOD LIGHTING FOR A GAME OF BRIDGE—

300 WATT LAMP

You can operate this 300-watt lamp 56 minutes for 1c (at average residence rates)

COST: ABOUT A penny an hour

BRIDGE isn't much fun if half the time is spent in frowning at cards in dim light, and peering across the table at a dummy hand only half visible. Bridge to be enjoyed must be played with good lighting—and that is exactly what this 300-watt lamp provides. Used with the new reflector-type floor lamp which has a reflector bowl under the shade, this 300-watt bulb will provide almost one hour of excellent illumination at a cost of only one cent. And it is soft, pleasant lighting—easy on the eyes.

At your next bridge party—instead of huddling in cramped discomfort next to an inadequate, old-fashioned bridge lamp—try this new type of lighting with its sense of freedom and relaxation. Lean back in your chair and enjoy yourself: Revel in the soft, pleasant illumination of a 300-watt reflector-bowl floor lamp. You can afford it—its cost is only about a penny an hour!

## Sonja Henie Does Added Ice Skating Feats in "Happy Landing" with Don Ameche; Booked Here Sunday-Monday

"HAPPY LANDING" Another new bit of skating technique has been perfected by Sonja Henie and is now being used by her in "Happy Landing," currently appearing Sunday and Monday at the Penman-Allyn theatre.

A Sonja radiant beyond imagining is co-starred with Don Ameche, her "One In A Million" sweetheart. She is supported by such capable actors and actresses as Ethel Merman, Cesar Romero and Jean Harlow.

For four years Sonja has attempted the extremely difficult trick of spinning on one foot while holding on to the other in a crouching position. Just a short time ago the trick virtually "did itself" and since then, Miss Henie, with considerable glee, has been able to execute the stunt at every try.

In doing the crouching spin on one foot it always used to be necessary to let go of the second foot when straightening up in the spin in order to use the arms freely to maintain balance.

Now the spin is much more spectacular for she continues to hold onto her foot, even after she has straightened up and accelerated the spin.

### Penrod and His Twin Brother

Booth Tarkington wrote his adventure stories about Penrod Scholfield, a typical, healthy, adventurous young American boy; more than 20 years ago. Most characters created in that era by even the most popular of American authors have long been forgotten.

But Penrod begins to look like an immortal, such as Tom Sawyer and Huckelberry Finn. He comes to the screen at the Penman-Allyn theatre, Friday and Saturday, April 29 and 30, for the second time within a year, in "Penrod and His Twin Brother."

One of the attractions of Penrod and His Twin Brother is that it includes in its cast both of the brilliant

### Under Observation

By V. R. H.

One Beilwoner hasn't given up the fight against individualism as a just cause, and we applaud the originality in his trick to eliminate the prolific clutter of lawns. It goes something like this: When the yellow peril is at its peak for the season he will dedicate his yard as a part of China and pass the Jap warlords who will retaliate by bombing the daylight, and incidentally the Beilwoner's lawn.

### Machine Age

The machine moves to supplant another fleeing vestige of the individualism that made our country great. Many of us have paid tribute to hands skilled in compoundly a good Coca-Cola, and just as fervently Hissca, the clumsy lout that made a good drink taste like dishwater; out now we yield to the machine that moves 'cookers' almost automatically, every one endowed with just the right proportions of syrup and water, chills to the correct temperature. If you haven't seen it already, gaze on this latest contrivance in Gansell's Drug store.

## VERNON J. BROWN WILL BE AUDITOR GENERAL CANDIDATE

(Continued from page 6)

It is my belief that the importance of this office to the people of Michigan has been overlooked in recent years. I am confident that if I am nominated and elected I can render a distinct service in that capacity.

Clamor for party patronage has defeated several measures proposed in the legislature and aimed at economy. Others which passed have economy.

Vernon J. Brown

ed in accomplishing their purpose because of unfraternal administration. Obsolete accounting methods frequently lead to confusion and controversy concerning the condition of state funds. For years there has been complaint regarding duplication and unnecessary expense. Useless expense, not only at the state capital but in the offices at every county seat in Michigan, results from unnecessary accounting between county and state, required once but now to no purpose since the state has abandoned the property tax. Many other economies can be effected without sacrifice of efficiency. My experience in the state legislature has led me to discover these shortcomings in this department. I am convinced that if nominated and elected auditor general I can do much to reduce costs and increase efficiency.

Greatly begin! Though they have time. But for a line, but that sublime. Not failure, but low aim is crime. J. R. Lowell
