JUDGE FAVORS CULBERTSON ON RESERVOIR

Decision To Be Handed Down Later; Village May Appeal

Judge Herman Dahka who heard H. B. Culbertson's suit against the village of Northville in Circuit Court last week, will not hand down a decision in the case for possibly a month, but he has told F. J. Cochran, the village attorney, that he is favoring Culbertson.

Culbertson, general contractor, filed suit against the village for approximately \$8,000 which he claims is due him for work he did on the WPA water reservoir which was acknowledged as completed June 19, 1937. Members of the village council held up payment on a portion of the project because of workmanship which was considered unsatisfactory.

In the court trial which closed Thursday afternoon, May 19, Culbertson put the blame for "any possible defective work" on the village engineer, Harold F. Hamill. Culbertson declared that it was up to Hamill to reject immediately any work that was not acceptable.

Men were called to the stand by both Culbertson and the defendant (the village of Northville) on the matter of the specifications stated in the contract. The village produced engineers who testified that the specifications could be carried out in such a way as to make the workmanship above-reproach. "On the other hand, Culbertson's lawyers had men on the stand who testified against the accuracy of the specifications."

It is Judge Dahka's objective to have the village and Culbertson get together on a settlement. According to Mr. Cochran, it is likely that the village will appeal the case.

DR. L. W. SNOW HEADS GOP FALL ACTIVITY IN FOUR TOWNSHIPS

Dr. L. W. Snow, who has done much to promote the recent organization of the women's republican club in the village which has pledged itself to the support of Frank Fitzgerald's gubernatorial campaign, has been appointed district supervisor for northwestern Wayne county of the Wayne county republican committee.

For several years Dr. Snow has headed the Northville Young Men's Republican club. Party leaders, who have watched the activity of the Northville club, commented favorably this week on Dr. Snow's new appointment.

His territory embraces Northville, Plymouth, Livonia and Redford townships, including the cities and villages located in these four townships.

NAME DR. SPARLING TO DELEGATE'S POST

By C. A. DOLPH.

The forthcoming State convention to be held at Surgo June 17-18, was the subject of interest Wednesday noon for the Exchange club.

Father Graber of Ferndale, was present with the club to tell about the attractions of the city and the program. He urged the Exchange club to have representatives present. Dr. Harold I. Sparling was chosen as Northville's delegate and was authorized to select his own companion for the trip.

Clifford Turnbull reported on the last Metropolitan Council meeting of Exchange clubs.

President Fred E. Van Atta reported on the latest developments in the effort to get a new post office building for Northville.

DR. COTTRELL OPENS OFFICE IN NOVI

Dr. Martha Cottrell will begin a medical practice about June 1, in the office which was formerly used by the late Dr. A. T. Holcomb in Novi.

Dr. Cottrell was graduated from the college of Medical Evangelists at Los Angeles and took her internship at the Children's hospital in San Francisco. For a year and a half she was on the staff at the Battle Creek sanitarium and has since been doing institutional work in Massachusetts.

John J. Hettche Entry Takes 3 Blue Ribbons at Horse Show

Northville entries took for themselves a share of the blue ribbons and trophies at the riding club's first annual Horse Show held Saturday and Sunday afternoons under the sponsorship of Mr. and Mrs. Thomas Blackett.

As is the case when the Northville Horse Show is held in the fall during Fair week, the fine-drawn horses from the finest stables in Michigan, the ring performers over the weekend, with few exceptions, were not newcomers to Northville, practically all had been Fair week entries.

John J. Hettche's Good News carried off three first places, winning the five-gated stallion and gelding class. The fine harness class and the \$150 stake for five-gated horses. Another Hettche horse, Ivan Glenn, placed third in the five-gated combination class.

Reginner Wins
An entirely new Northville entry was Mrs. Gerald T. McKenna's Brown Velvet, ridden by Edna Blake. The horse found favor in its first show by taking a blue ribbon in the children's saddle class, as well as a red ribbon for performing in the older children's saddle event. Mrs. McKenna is planning now to have Brown Velvet make its next appearance at the Northville Horse Show in August, when her daughter will ride.

Kathryn Martzburger, long a favorite of the Northville Horse Show, showed her two blue ribbon winners, Silverhoof and Princess K. Saturday and Sunday. Silverhoof took the first place trophy in the older children's saddle class and third in the three-gated events. Princess K. took a second in the ladies' three-gated class and a fourth in the amateur three-gated combination.

Grennan Hunters Take Thirds
Miss Evelyn Grennan's new hunter, Clover Seed, claimed three third places among the middle and heavy-weight hunters, the \$150 Hunter stake and the hunter hacks. Skyline, also a new addition to the Grennan stables, took a red ribbon in the open jump.

Six blue ribbons were taken by a William D. McCullough entry from Rochester. Reginald Lee never failed to receive much applause from the spectators. His "Three Horse, too, was a favorite with "Doc" Holland of WWJ, who announced the winners. He dubbed the performer, "the horse that can do everything but cook."

Reginald Lee took the green hunters, open jump, the light weight hunters, the \$150 hunters stake, knock-down-and-out and the jumpers sweepstakes. Reginald Lee, together with a fellow horse from the McCullough stable, Glenn Lee, took the first place trophy in the pair of jumpers class.

Old Horse Steals Show

An 18-year-old Army horse, Watch Me, won instant favor Sunday afternoon with the 800 spectators when he tied with Reginald Lee and Lady Nora, ridden and owned by Mrs. Lewis L. Bredin of Grosse Pointe.

Five-gated stallion or gelding—Good News, John J. Hettche, Northville; Eddie McDonald, Doris Peck. (Continued on page 8).

STEENCKEN, MILNE STAY IN TOURNNEY

The final singles match in the first men's tennis tournament was played last evening with John Steencken meeting Alec Milne. A cup goes to the winner who will have to defend it next year against all challengers. This is the final match in an elimination of the local tennis players tourney in which 31 men entered. Richard Shipley lost in three hard fought sets to Steencken Sunday.

Play has also started in the doubles tournament. Alfred Parmenter and Ed Angove defeated Herbert Berendt, Cyril Rodman and Clyde Ferguson to Del W. Hahn and Alec Milne; Richard Shipley and John Steencken will meet Potter and Murphy; the Westphal brothers, George and Elmer, will meet Fred Casterline and Roland Morris.

RAIN BRINGS FIRST WIN TO YANKEES

Rain and a victory for the Yankees came together last Saturday, but it wasn't the first time it had rained, but it was the first time the Yankees had defeated the Tigers this year. The schedule called for a double-header until Old Man Rain soaked the diamond and forced the first contest to an early conclusion with the Yankees leading 19-7. This game was played at the school grounds.

Next Saturday, weather permitting, the Yankees and Tigers will be out for two games with the first one starting at 1:30 p. m.

First Performance of The Record's Cooking School Is Commended by Village Homemakers

An enthusiastic group saw the first showing of The Record's talking motion picture school last night at the Methodist church house. The performance was sponsored by the Service League and all proceeds went to the organization.

Two free shows, to which the public is invited, will be shown this afternoon and tomorrow in the room at D & G location at 107 North Center street, next to Schrader Bros. furniture store. The picture will be flashed on the screen at 2:30 p. m. Free tickets can be obtained yet from Northville merchants or The Record office.

Camera Catches Tricks
The motion picture cooking school is a far advance over the "live" school where the audience sat back and imagined it knew what was going on on the stage under the hands of the demonstrator. In "Star of My Kitchen" the camera catches every detail of preparation and mixing of dishes together with the finished product. There is no hurry and each pupil of the school has the feeling that she has participated in the cooking. Everyone can see and hear every act and word.

Adding to the lure of the school are the merchants' gifts about 75 in number, free recipe sheets and a program. Every person attending after the Friday or Saturday afternoon show will carry home at least one souvenir of The Record's first cooking school.

Witness Recipe Show
A representative of The Record drove to Romeo last Saturday to see the cooking school as presented there. He came back with a report of a fine picture, judged purely as entertainment, and worth the price asked for regular movies, but free to the public. Romance is woven into the story of a young girl's adventure in homekeeping at which she becomes so efficient that she wins the hand of a hero of the picture. But that is a story that must be seen to be appreciated.

PERTINENT FACTS

WHERE: 107 North Center street, next to Schrader's.
WHEN: Beginning at 2:30 p. m. promptly, Friday, May 27, and Saturday, May 28.
WHO MAY COME: Anyone.
ADMISSION: FREE. Nothing sold. Tickets are being distributed by merchants.
EXTRA FEATURES: Merchants and manufacturers' daily gift awards. Free recipe sheets. Free programs.

With Dr. L. W. Snow officiating, the first boxing show of the Cullen history was held at the Scout building last Friday evening. Dr. Snow was referee and Al Zimmer and Dr. J. E. Seland acted as judges. Orlow Owen donated swimming trunks and tennis shoes which went to the winners.

Nell Hannaford took motion pictures of the pugilists. Taking part in the show were the following: Robert McKee vs. B. J. Lanning, which ended in a draw. Richard Ritchie vs. Norman Jordan, Jordan winner. Lorraine Show vs. Junior Bates, Bates winning. Robert Myers vs. Bruce Simmons, Simmons winning. Alex. Puck vs. Louis Girardin, Girardin winning. Schultz, McCrumb Vie for Mayor Post

Bill Scholtz and Jack McCrumb, both juniors, are candidates for mayor of the Student Council, with election scheduled for Wednesday, June 1.

The electoral college, composed of two Student Council members, two appointees from each of the three lower classes, two from the eighth grade, who will be freshmen next year, met Tuesday to nominate candidates for the election.

To compete for the secretary's post, they named Geraldine Johnston, junior, Ida Marie Walker, freshman, and Helen Harper, junior, for treasurer; Robert Ott, sophomore, Ren Duguid, junior; Ariene Blake, sophomore. It is customary for the mayor-elect to appoint the chief of police and the aldermen are chosen from the four classes.

Included in the electoral college were: Ariene Blake, Bill Scholtz, Warren Bogart, Jack McCrumb, Barbara Simmons, Alan Gotro, Ida Marie Walker, Louis Girardin, Hunter and Dick Simmons. Present also at the meeting were Principal G. V. Harrison, Keene Bolton and Peg Walker, acting secretary.

His opponent McCrumb has also been a basketball player and was secretary of his junior class.

ELTON EATON DOESN'T SEEK GOVERNOR POST

Legislator Continues His Attacks on Present State Set-up

Elton R. Eaton, editor of the Plymouth Mail and legislator for the fifth district of Michigan, came forward this week in answer to requests from all parts of the State that he run for governor to take a stand on the issue, stating that he would not be a candidate.

"I realize that these requests are largely due to the fact that I have regarded it my public duty, as a member of the State legislature, to call to the attention of Michigan citizens the deplorable condition of State affairs and because I have suggested ways to restore at least a semblance of decent, fair government," he states.

"Naturally, anyone would like to be governor of Michigan. But I am compelled to work long hours to keep my small business going and to make enough money to pay the wages of my employees and the ever increasing tax burden. Because of these facts I do not see how I can afford to give time for such a campaign as one would be required to make. Even if one did win the nomination it would be necessary to oppose a candidate who can dip his hands into the biggest campaign slush fund ever dumped into the State," he explains.

Continuing his attacks on the present State set-up he asks: "But what are the facts? While the Governor is telling the people of Michigan that it is the 'effort load' which has unduly burdened the state budget he knows that if there had been the slightest attempt given to the appropriation bills during the last regular session of the state legislature state finance would not be in the mess it is now. Time and again, during the session, his administration was warned not only by myself and George H. Brown, former budget director that if the wild and careless appropriation for department not to be so slopped, the state was headed direct for the financial chaos in which it now finds itself."

Due to his supreme policy, the legislature that he controlled created a condition whereby political (Continued on page 5)

O. J. CLEARY CITES THREE 'ISMS' FEARS

Urging the development of capable leaders within our own ranks for the masses who are the majority in the nation, Owen J. Cleary, ex-Rotarian Tuesday afternoon of the threat to America in the activities of subversive groups now working in America to overthrow democracy.

Identifying his subject as "Americanism," the speaker, dean of Cleary college, Ypsilanti, proceeded to cite that three "isms"—communism, Nazism and Fascism—had won about 900,000 converts in this country through the missionary work of paid agents of foreign powers. These forces are asserting that democracy has been broken down and that socialism lies only in the corner of the arm offered Mr. Cleary.

Practical capitalism and calling upon his hearers to defend it strongly, Mr. Cleary stated that capitalism is in fact Americanism. Small business men, he said, are the backbone of all American business and while there are present troubles and uncertainties, nothing can take the place of capitalism as the American way, he declared.

"More than 65,000,000 of our people fall below the average mentality, and it is these who will determine America's course, the speaker pointed out. For them must be developed a leadership by the mentally superior equal at least to that offered by the communists, nazis and fascists, he concluded.

Joining in an almost perfect attendance in filling the meeting place were Rotary guests Fr. Frank LeFevre, Otto Beyer, Garrett W. Baker and R. P. Woodworth of Plymouth, Hub D. Reams of Windsor, Ont., and Dr. J. E. Martin of Birmingham.

ONE EVERY SEVENTEEN MINUTES!

"Someone injured every seventeen minutes. You may be next!"

This is what Leon D. Case, secretary of the State of Michigan says. This is the record of Michigan during 1937. Think of this the next time you go driving.

One every seventeen minutes!

WHAT A DEPRESSION MEANS

The present depression can mean different things to different people. For many it means doubling up to have a place to live. For others it means cutting out entertainment and travel. For some it means paying to drop life insurance.

To some it means quit driving the automobile. For the week ending April 2, in Flint, it meant that 2,500 people had their automobiles repossessed. How would you like to give up your car?

Yes, a depression — no matter whose it is — can swing its whip lash in many directions.

IS IT WORTH THE COST?

The other day a big Detroit beer truck, as large as a couple of automobiles, and piled high with cases, blocked our way as we heaved a traffic light on a Northville street. As we sat waiting to get by this truck we had two or three thoughts:

Just how much does Northville spend for liquor in the course of one week?

Can the people who spend this amount of money (it must be pretty large) afford to pay it out this way?

Does the wife in the home of these liquor buyers have anything to say about spending the family money for booze? Or do she and the children go without some necessities so that the money can be spent for drink?

How much do our welfare recipients spend for drink, and do they have any moral right to spend the public's money this way?

PENNSYLVANIA SPEAKS

Well, well! After hearing the election returns from Pennsylvania last week our Washington New Dealers are not quite as cock-sure as they were after their smashing victories in Florida recently. After Senator Pepper's victory in Florida, the Roosevelt administration took new heart and began to steam things up again for more New Deal legislation.

The results in Pennsylvania were a smashing defeat for New Dealers. Thomas Kennedy, gubernatorial candidate of John L. Lewis, C. I. O. boss, was endorsed by James A. Easley at the eleventh hour. His defeat certainly is very disquieting to the Roosevelt forces, especially when linked with the fact that the Republicans cast 150,000 more votes than the Democrats. A Republican victory in November is certainly a possibility.

Not only did the Administration take a licking in the Pennsylvania returns, but so did John L. Lewis. The overwhelming rebuke handed Lewis is cause for some commentators to predict that the C. I. O. is through as a political factor. The Lewis followers lost out in the voting of Seattle, where labor agitation has been rampant, in Detroit, where labor disturbances have been common, and now Pennsylvania rises up against the C. I. O. forces. The lesson of it all seems to be that the American public will not tolerate dictation by any labor group. In that there is considerable hope for us all.

SOME AMAZING FIGURES

"Many people are really beginning to wonder if it's ever going to be possible to bear an Administration that is spending as much as the New Deal is."

The above is a quotation from the Christian Science Monitor, certainly one of the most impartial, fair-minded newspapers in the United States. Then the Monitor goes on to give some stunning figures. Here are some of them:

In the old days — that is before 1932, when the present Administration went into office, there were not more than 1,700,000 families dependent upon the government for their living. And this number included Federal employees, soldiers, sailors, and widows who drew pensions because their husbands had seen military service. Today 7,000,000 out of the whole 32,000,000 families in the United States are actually dependent upon government checks. If you figure three persons to a family this means the amazing number of 21,000,000 individuals who are being supported by our government — and of course that means everyone of us, for whether we know it or not, each one of us is helping pay indirectly this terrific tax.

Nor is this the whole sad story. In addition to these 7,000,000 recipients of Uncle Sam's funds there are 4,000,000 farmers who have been getting 3A or other crop-control funds. And further in addition, there are 800,000 who have either drawn unemployment insurance or have borrowed HOLC or FHA money.

When you view this amazing number of government-aided voters, is it any wonder that it is next to impossible to beat the New Deal at election time? Everyone knows that money talks and it is eternally true that few people bite the hand that feeds them.

So don't be surprised if the New Deal keeps on winning — that is as long as the money holds out.

MAY TIME WANDERING THOUGHTS

We all wear poppies tomorrow.

Is Memorial day for you just a day for pleasure and relaxation? "Lord God of Hosts, be with us yet, lest we forget!"

Nomination for one of the most courageous women in Northville: Mrs. Ira Turman who has stood by her husband bravely through his long period of illness and hospitalization.

This is from the New York Times which supported President Roosevelt in both the 1932 and 1936 elections: "Despite the current reaction of business, Government revenues are near an all-time peak. . . . If this country cannot stop borrowing with its revenues at an all time peak, how can it ever expect to stop borrowing at all?"

Sat on the front porch late Sunday afternoon and for ten minutes only counted the passing automobiles. In that brief time 75 cars, one bus and one motorcycle passed before our home on South Rogers street. That's about one car to every eight seconds. Yes, grass doesn't grow on Northville's streets.

Justice works in Eaton Rapids. According to the Charlotte Republican-Tribune, the man who pulled the switch to start the Horner Brothers woolen mills strike is now drawing \$43.50 a month as a WPA worker. When he was on the Horner payroll he earned \$50 a week. The last we heard, the Horner mill was still closed.

WHAT OTHER Michigan Editors ARE SAYING

CIVIL SERVICE IS BOGGING DOWN

(Mury DePoe in Charlotte Republican-Tribune)

Civil service is done. Forced on the hour type democrats, the west coast director of the law, brought here to start the program, is having a rough sea with its unsympathetic sponsors. It is perfectly obvious, even now, that the republicans are not going to give their blessing to these bulging democratic departments. With the democrats indifferent and the republicans more so, you know the answer. Personally we would like to see the theory of the law have a chance but it just isn't in the cards at this time.

THE "AVERAGE MAN'S ROUTINE"

(Munich News)

A bit of philosophy which we thought was rather good drifted across our editorial desk the other day and we pass it on for what it may be worth in this day of confusion and uncertainty. Here it is:

"I guess I'm an average man. I have 75% of my original teeth and 25% scientific dental fangs. I drive an equity in a car and sit on a pair of pants I will pay for next month — I hope. I hope."

I live in a five-room house with a wife, a child a dog, some mice, a couple of trimmings a few spiders and a radio. I get up every morning feeling like I've got the world by the tail and turn in every night feeling like the world got loose so I throw the tail away.

"I can't eat cucumbers, take an occasional drink if you've got it, smoke too much, complain about taxes, weather, bills and my hand-cap at the golf club where I shoot a ninety-five."

"I drink too much coffee, talk too much and don't do enough work — say there's sompin'. Do you know what's the matter with me? I'm a bum! I get in a man's office and get too comfortable. I like to visit too well. I've got a lot of work to do on me."

Well, you guys run along'n go to work while I call myself on the carpet. I need a talkin' to.

THE FABLE OF THE LOST SHIRT

(Albion Evening Recorder)

Here is a little fable, or parable, or whatever you might call it, going the rounds. We don't know who wrote it but we bet it wasn't Charlie Michelson. Any political significance it may have must come from your own mind.

Once upon a time there was a farmer who sold two chickens and with the proceeds bought two shirts. So the farmer had two shirts and the city man had two chickens.

Then along came the more abundant life. The farmer was told he was not getting enough money for his chickens. The way to correct the situation, it seemed, was not to raise so many chickens. And the way for the city man to prosper was not to work so many hours — which is another way of saying the same thing. That of course, caused all manufactured products like shirts to cost more money.

Now the farmer brought one chicken to market. He got as much money for it as he had previously received for two chickens. He felt fine. He went to buy some shirts. To his chagrin he found that shirts had also doubled in price. So he got one shirt.

Now the farmer had one shirt and the city man had one chicken. The farmer formerly had two shirts and the city man had two chickens. It is getting increasingly difficult to convince either of them that they are wealthier than they were before, or that thing is more abundant.

MORAL: You can lose your shirt in many different ways, but about the surest way is to stop working.

NORTHVILLE'S YESTERDAYS

1 YEAR AGO

When death unexpectedly claimed Mrs. Ralph A. Ayeis, prominent Northville and Detroit club and business woman early Saturday morning, May 22, at Sessions hospital, the community was saddened.

A surprise party Monday evening at the home of Mr. and Mrs. G. B. Starr, 119 West Cady street, commemorated the Starrs' golden wedding anniversary.

Born Monday, May 24, to Mr. and Mrs. L. B. Sherman, 408 Randolph street, a daughter who has been named Donna Lee.

10 YEARS AGO

Mr. and Mrs. W. Lithgow are the parents of a son, Ralph William, weighing eight and one-half pounds.

After having remained in the back of the school yard for something like two years, the old boiler was removed Monday to a final resting place where no one can see it. It is buried, buried so deep in the mud of Northville township that it will be difficult to find it even with a diving rod.

Mr. and Mrs. R. I. Wickersham of Detroit, have purchased ten acres of the old Everett Moore farm at Nine Mile and Carpenter roads and have moved to their new home.

15 YEARS AGO

N. Henderson, Novia, has taken a lease with an option to buy on the Exchange Hotel property in this village. He intends to conduct the hotel on a manner that will merit the patronage of the public.

The Northville Forester ball team went to Holly last Sunday and suffered defeat by their club 14-8. "The House of Correction Farm" team defeated the Chamber of Commerce of Plymouth in a twilight game Tuesday evening at the farm 12-2.

W. R. Dickerson is building a new residence on North Center street. Born to Mr. and Mrs. H. G. Marburger last Friday, a daughter. Straw hats this season seem to be different. They have to be kept from freezing. There is a secret compartment in the top in which coals may be placed to keep your head warm.

20 YEARS AGO

Still more knitters are needed. Our latest Northville boys have no sweaters. The local unit now has yarn to make these. The needles have been flying rapidly but so many new soldiers are being made that we must work harder, and then, too, the articles are all the time being worn out.

Corporal Raymond Casterline of the U. of M. Training Detachment, U. S. Service and Miss Anna Kregger of Northville, were married at 8 p. m. Wednesday at the home of the bride's parents.

Leonard Charter, who was Northville's oldest man, died Saturday, May 25, at his home on Dunlap street at the age of almost 92 years, after an illness of many months.

Homemaker's Corner

By MRS. EDITOR

May 18, 1938

Dear Mrs. Editor:

May I use your column to protest against this rash in the shape of beer signs that has broken out in the countryside. I do not know whether or not the farmer was paid for having his fences decorated in this way, but these signs lessen the com-

mercial value of property by making it less attractive.

Sincerely yours,

F. Arden Shaw.

THAT CELLAR

There's an old jingle about the good housekeeper:

"How can I tell her?"

By her cellar."

Poking around down cellar for some landing to build a fire place fire on a chilly May day, this rhyme came to mind. That cellar! What a place to chuck away that old broom or chair, that rusty tire rim, empty flower pots, a leaky teakettle—anything that is too good to throw away but not good enough to be seen. The cellar is just the place! Perhaps we'll decide some day what

to do about it, — in the meantime there it goes.

There is a chapter in a very homely, recent book, "White Banners," in which the heroine rummages through the wasteful junk of an impractical family and lifts them out of financial difficulty by the neat sum she is paid by the second-hand man for dusty stuff from that cellar. Incidentally, she made it a neat and useful place.

Modern cellars have taken a big leap forward. No longer musty, dank haunts for piles of sprouting potatoes and spoiling apples, they have risen to a place of dignity in the household. Immaculate laundry rooms, enclosed fruit shelves, gay recreation rooms: The cellar is a favorite resort in the modern home. If there is a boy in the home — or even a "handy man" who loves to tinker with tools — there is surely a work room where he may hammer and saw to his heart's content and scatter shavings in luxurious carelessness.

By the time the cellar is reached, housecleaning has usually ebbed away into gardening. No housekeeper can "fold her tent like the Arabs" and call the job done until every bit of useless debris is cleared out of her cellar, until ashes and soot are swept from the furnace and the fruit shelves stand clean and waiting eagerly for their fresh supplies from the garden. A really honest housekeeper has no hidden spots in her domestic scheme.

And, come to think of it, aren't we apt to notice a "cellar" in our personalities where we chuck out of sight mean thoughts, unpleasant memories that ought to be "dusted," petty grudges, selfish jealousies while the public sees only our well-swept front rooms?

Edgar Guest, the Michigan poet, says:

"I don't want to keep on the close shelf
A lot of secrets about myself,
And fool myself as I come and go
Into thinking that nobody else
will know."

Any man who goes about reading meters around town will say of the good housekeeper — "you can tell her by her cellar."

Porch Box Plants

A garden authority suggests the following plants for the porch box besides the petunias which is doubtless most popular: Ageratum, snapdragon, asparagus fern, begonia, coleus, geranium, heliotrope, lantana, lobelia, morning glory, nasturtium, dwarf philox. verbena, vinca and foxglove.

Hand Lotion

The following formula for excellent hand lotion has been made by our family for years. It is inexpensive and good. Makes more than a quart and lasts about a year: 1 1/2 pints soft water, one-eight ounce gum tragacanth, mix and let stand overnight. Shake well until dissolved and then add two ounces each of glycerine, bay rum and cologne. Mix well.

IT TAKES A STAR TO PLAY THE LEAD

in the Motion Picture Cooking School!

The story of "Star in My Kitchen" wouldn't ring true if flour of uncertain quality were used in the baking scenes. It takes a flour like Pillsbury's Best to assure the fine baking results that give point to the story.

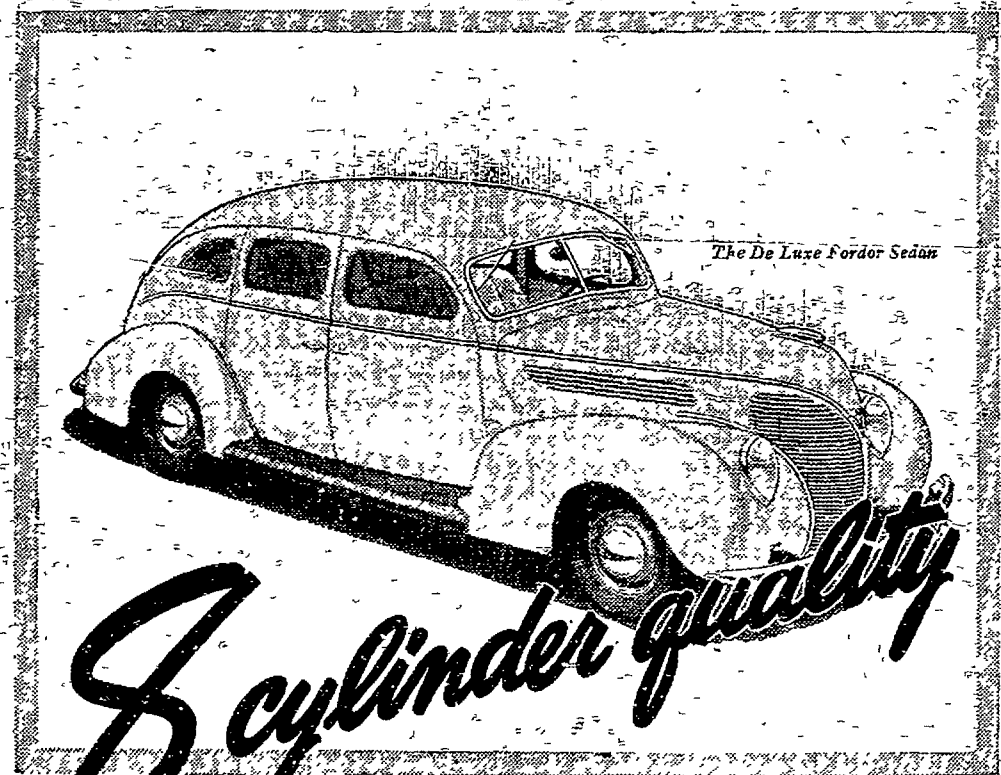

And in your own kitchen, it's just as important to use fine flour if you want your baking to turn out perfectly — every time.

Pillsbury's Best gives superior results because the wheats that go into it are tested and blended with scientific precision — and because its quality never varies.

Why take chances when Pillsbury's Best Flour costs so little more per recipe? Ask your grocer for Pillsbury's Best!

Just about everyone attended the Saturday and Sunday events around the big horse show ring at the Northville Riding and Hunt Club. Sunday's bright sun brought out the smartest of clothes, a pre-showing of summer fashions as it were. Most of these had to be kept in the background Saturday afternoon because of the overcast skies and drizzly rain.

Nelsons Attend May Day Parade

Sunday, May 22, Mr. and Mrs. John E. Nelson drove to Sandwich, Ont., to see the May Day parade in honor of the Immaculate Mother of God, from the Parish Church of the Assumption to the college campus.

"It was a wonderful sight of more than 2,000 students from Assumption college, St. Mary's academy and other Catholic churches in Windsor. The boys wore white shirts, bright blue sashes and dark trousers; the girls wore white dresses, bright blue capes, white veils and gloves. The tiny flower girls were in spotless white, strewn blossoms as they slowly walked along the way, the small boys forming a dignified court of honor in their blue and yellow uniforms. The 50-piece band from the Detroit Catholic Central high school did themselves proud as they rendered the music to which all the students sang their hymns of praise to the Blessed Virgin Mary, and the many priests who give their lives to the training of these boys, all formed such a quiet, dignified parade, that many a parent bent his knee in humble gratitude that his child was privileged to be numbered among those present. After speeches and public benediction at an altar on the campus, all marched back to the parish church for closing prayers. Later all students celebrated with a festive dinner in the college dining room," reports Mrs. Nelson.

Colorful Operetta Finds Favor with Village Music Lovers

by Virginia

Leslie G. Lee's annual operetta, Thursday and Friday evenings did more than just entertain—it delighted the two audiences which filled to capacity the high school auditorium both nights.

The scores were particularly suited to high school voices; the three acts were chuck full of clever lines; the postures were colorful against the backgrounds designed by two young men of the village who have more than just a slight flare for art, James Reed and Al Vradenburg.

Louise Alexander's pleasing voice, her vivaciousness and apparent ease on the stage gave the lead role of Diana a freshness that won't be forgotten soon. Playing opposite her was Fred Johnston who has just the voice for the part. He had the manners and good looks to contrast with Louise's blond beauty. It was an ideal twosome and their enthusiasm over the plot spread early in the production across the footlights to the audience.

Dorothy Heaton was Fred's leading songster Friday night. Her interpretation of the Diana role gave the Friday nights every bit as much pleasure as the Thursday nights had.

Another favorite twosome Thursday evening was Walter Garchow and Helen Winter. Constance Burgess took Helen's role Friday evening—both girls revealed an understanding of the parts, making attractive fashion models in their smart outfits.

A role which called for a great deal of poise and dignity was commendably interpreted by Juanita Miller and Jean Cole. Parts which call for the portrayal of older persons are always slightly difficult. Martin Breitmeier found this out when he went through the script of the wealthy pickle manufacturer—he was all right in that role, too. And by the same token, commendation goes to the inkeeper—one Robert Rembowski.

We had to look twice to be sure that Director Lee hadn't slipped one over on us and imported an honest-to-goodness Hungarian gypsy chief for the operetta. But behind the yard-vice, but drooping mustache, and tribal costume was recognized Cecil Giles—b.g. gruff voice, "stuck" fingers and all. The part was made for him.

Comedy was no insignificant element in the operetta. Arthur Mitchell and Marvin Schoultz were a pair of dope detectives that were doubtless the answer to the playwright's prayer. They hid their identity behind villain mustaches, outlandish costumes and screechy lines that had the operetta goers trying to keep themselves in hand, signified so to speak about this matter of laughter—which at times got out of control. Charles Altman, chief of police, headed this force—all two of them. Everywhere he stated a floor-pacing act—and there were quite a few—there flashed across this play reviewer's mind a picture of Ida Altman as she appeared two years ago in "The Brat"—we remember her with a huge all-week sucker in her mouth—doing most shocking things in her character-role. Now we know that there can be two good script reellers in one family.

And there was still more comedy interest—the comely waitress who wanted either a husband or a mother, but didn't know enough to get what she wanted without getting most frightfully involved. Helen Harper and Jane Van Atta got into the spirit of the thing and put the whole idea across with much applause from the looker-oners.

Jean Lyke and Marie Angove, in festive costume, did a specialty dance duet, that left the audience wanting more, besides heightening the effectiveness of the chorus ensembles upon which the solo numbers depended.

Mr. Lee, since the operetta, has been generous about handing out credit where credit is due—for without some unsung (and in this case non-sung) heroes, such productions as these just wouldn't be. He's talking about E. V. Ellison, Fred Johnston and Charles Altman for their stage work; Reed and Vradenburg for the scenery; Jean Cole and Helen Winter for the ticket sale; Cecil Giles and Walter Garchow for the lights; Laura Marie Lord and Fern Mertes for properties; Maxine Perkins, Betty Carlson and Constance Burgess for costumes.

Raymond Henry Riley
Raymond Henry Riley, life-long
resident of Walled Lake and widely
known throughout the county, died
suddenly of heart failure at 11:45
Saturday morning, at his home. He
was 63 years old.
Although he had been in poor
health for several years since re-
turning from business, he had re-
mained active in community affairs
until his death.
Born Sept. 15, 1875, at Greenville,
the son of the late Frances and Al-
bert Riley, his childhood was spent
almost entirely in the vicinity of
Walled Lake. He received his edu-
cation at the Walled Lake school,
and in 1906 married Julia Fossey of
Pontiac.
Several years of his life were oc-
cupied at farming. He later oper-
ated a coal and feed business at
Walled Lake, which he continued
until his retirement about ten years
ago.
He was a member of the Com-
merce Masonic lodge, and attended
the Walled Lake Methodist church.
(He leaves his widow, Julia; two
sons, Albert and Donald; and a
daughter, Mrs. Ivan Cox, all of
Walled Lake.)
Funeral services were held Tues-
day afternoon at the residence, and
at Walled Lake cemetery. The
Rev. Frank N. Miner officiated.

BAND TO WEAR NEW UNIFORMS, MAY 30

Memorial Day Parade Will See Uniforms for First Time

The high school band has received new uniforms which were purchased with money received from the band concert and also money which had been given to the fund by the townspeople and merchants.

The coats and caps are made of black gabardine with orange trimmings. The boys will wear white trousers with a single black stripe running down each side, and the girls will wear white skirts with corresponding stripes.

The band will march in the Memorial parade, May 30, and will appear in the new uniforms.

Early in June, the band will give a concert.

N. H. S. GOLF TEAM DOWNS PLYMOUTH

By TOM MARTINO
With both teams playing a golf match during a constant rain, Northville took Plymouth by the score of 10-1 1/2 last week at the Meadowbrook Country Club.

The Northville boys were playing an exceptional match for the day. Duguid won from Heller, 2-1. Larkins won also from his man 2-1 and Shepherd and Boelens also won their matches.

Northville deserves a lot of credit, especially to Principal G. V. Harrison, who coaches a very ambitious bunch of boys. Most of the boys including Plymouth's players, had large scores for 18 holes. They were shooting around the 80's or very far up in the 90's.

The golf team is made up of one freshman, Harold Shephard; two juniors, Ben Duguid and Dick Larkins; and a senior, Albert Boelens.

"Did You See Them?"

The sad faces last Wednesday when Cecil's Washington pictures weren't shown?

Betty Jane G. back in school? Happy, Don?

Exams are not far away?

The cheerful looks on the faces of the Palladium staff members? They received the annual sooner than they expected.

The crossed fingers last week? It's being wished that moving pictures would be shown in all the classrooms.

The worried looks on the choir's faces Thursday and Friday? And the relieved look on L. G. Lee's face after the opera?

The joyful boys, Chuck and Albert, when they were called out of class last Wednesday to go to the golf links?

The rushed student council members at the baseball games? Bet you didn't.

All the noise of gum chewers the seventh hour?

The date of "Here Comes the Prince" being changed to the second and third of June?

Our mayor, Keene Bolton, photographs like Robert Taylor?

That Buck comes and goes, comes and goes?

William Hensch too timid to sign autograph books?

Reading is not a duty, and has consequently no business to be made disagreeable - Augustine Birrell.

Editor's Note

Listen, my children, and you shall hear - it's student council election time again you know, so you'll probably be hearing people getting built up and torn down every day. You know campaign speeches are a very queer proposition. No matter how well the followers of a candidate build him up, the opposition will try to pull him down. But then, you students don't need campaign speeches to help you decide who to vote for. You know, as well as the next person, who is fit to head the governing body of your school and who isn't.

Of course, the qualifications for the position of mayor have to be high, because he or she will be deciding important matters, financial and otherwise, which will affect you, as a student, directly. The rest of the council members need, also, to be chosen carefully, because, if the elected mayor around was elected, he would have difficulty accomplishing anything without an intelligent, aggressive council behind him.

Without casting any reflections on previous council members, the fact stands that you must give a little thought to the question before you. Who will make a capable mayor to guide N. H. S.'s financial and social problems through the 1938-39 season? On whom may we depend to back up the mayor and work when service is needed?

This should be an essential point for you freshmen and sophomores to ponder over, because, without capable executives the council's decisions would pile up on you, for you'll be here to run things later. Think it over.

I really believe that Northville will give Melvindale a worthy battle. Coach Harry B. Smith has, I think, a very good group of boys who really have a lot of fighting spirit. They have done very well in spite of the fact that there are some green boys. Well, anyway, here is a lineup that is not definite for Northville:

Garchow, CF; Holcomb, SS; Robinson, LF; M. Wolfe, 2B; Hardest, 1B; Orr, P; K. Wolfe, 3B; Gotro, RF

GOLF TEAM MEETS UNIVERSITY HIGH

By EBER W. LESTER

The N. H. S. golf team clashed with the University High team at 3:30 p. m. May 25 at the Meadowbrook golf links.

Albert Boelens was the first one off the tee. He was followed by Ben Duguid at second position; Dick Larkins, third and Harold Shephard, fourth. All of the boys shot just a little over par which is very good for most high school teams. G. V. Harrison is coaching the team.

SOUND PROJECTOR BOUGHT FOR SCHOOL

A sound motion picture machine has been purchased by the Northville School Board for the high school. The machine came from the same company that sold the school the old one and they allowed a liberal sum for it," stated G. V. Harrison, principal.

A turn table was given along with the motion picture machine, upon which records can be played. This turn table may be used at school parties or dances.

The high school has joined in with many other high schools of the State in a plan sponsored by the University of Michigan. For a small fee the high school have access to 60 or 75 films on educational subjects. These films will be used in the classrooms and also for future assembly programs. They pertain to every subject taught in the high school. "This film program," said Mr. Harrison, "first, it arouses interest and the subject matter is presented in a much more forceful manner than it can be by the teacher or textbook, and second we are always impressed by pictures."

DOG ADOPTS LITTLE PIG

Croswell, a "Queen" faithful cattle dog on a farm near Appleton, lost her puppies, but she found something to take their place. She adopted a little pig that was too weak to hold its own in competition with the rest of the litter. "Queen" nurses her new "child" and diligently stays with it to give it needed warmth.

HERE COMES PRINCE SET FOR JUNE 2-3

Cast Deep in Rehearsals for First Offering of New Club

The N. H. S. Dramatic club's first presentation, "Here Comes the Prince," will be given at 8 p. m. Thursday and Friday, June 2 and 3, in the high school auditorium.

HERE YEARS AGO

Hines recalls opening of Seven Mile Road in Northville.

Sam Alden is Fred, and the acting centers around him and his daughter, Carol (Bette Findlay), who imagines herself in love with a foreign prince, Eber W. Lester, an eccentric but lovable old Grumpy, played by Gwen Jones; Terry, a young enthusiastic fellow in love with Carol, Marvin Scholtz and Charles Bishop; a bird-loving professor, Albert Boelens, also in love with Carol; a society woman, Doris Tewksbury; the prince's foreign fiancée, Mary Jane Boelens; and a ladies' man, Arthur Mitchell.

Joan is secretly in love with Terry, but helps him disguise himself as a cook in order to be near Carol. The butter falls in love with Horstense (Terry) and her blond curls and Terry's attempts to keep away from the love-making butter provide hilarious minutes. When Joan dresses up as the prince, to convince Carol that he's just a fortune hunter, the fun goes on.

Tickets for the production are 25 and 15 cents and can be purchased from any club member.

WHERE THE POPPIES ARE MADE

Police Baffled By Patient's Homemade Bomb

Police of the Detroit homicide squad have been unable to throw further light on the plot which involves the death of a Maybury sanatorium patient and the finding of considerable gunpowder in his hospital room.

Louis Carter, 24-year-old negro of Detroit, died Tuesday, May 10, at the sanatorium where he was a tuberculosis patient. Investigators found in his room a paper package containing a quantity of black powder. According to Lieut. John Machik of the homicide squad, there was also an old revolver and a piece of lead pipe. "This might have been some kind of a bomb - it is conceivable to have made a bomb of the stuff," says Machik.

Carter's home has been checked and his friends have been quizzed, but just what might have developed from the patient's experiments with the homemade bomb cannot be learned. Carter had no police record.

THE FHA PLAN OF HOME OWNERSHIP

"The family of moderate income - the average American family - can afford to own an attractive, modern home by financing it on the FHA Plan."

"In February, 1938, passage of new amendments to the National Housing Act liberalized the terms under which the Federal Housing Administration can insure mortgage loans made by approved financial institutions."

This FHA insurance protection enables banks, building and loan associations, and other lending institutions to offer long-term mortgage loans at low rates and on liberal terms.

"FHA-Insured Mortgage Loans are repaid conveniently, by the month, out of income. The loan does not come due in a lump sum that is difficult or impossible to meet. Instead, an FHA-Insured Mortgage is repaid in monthly installments about equal to rent - figured to come within the borrower's means."

"These monthly payments reduce the principal of the loan and also include a portion of the interest, taxes, mortgage and hazard insurance and other fixed charges. They lead to secure, debt-free home ownership."

(The above is an excerpt from THE FHA PLAN OF HOME OWNERSHIP, a manual.)

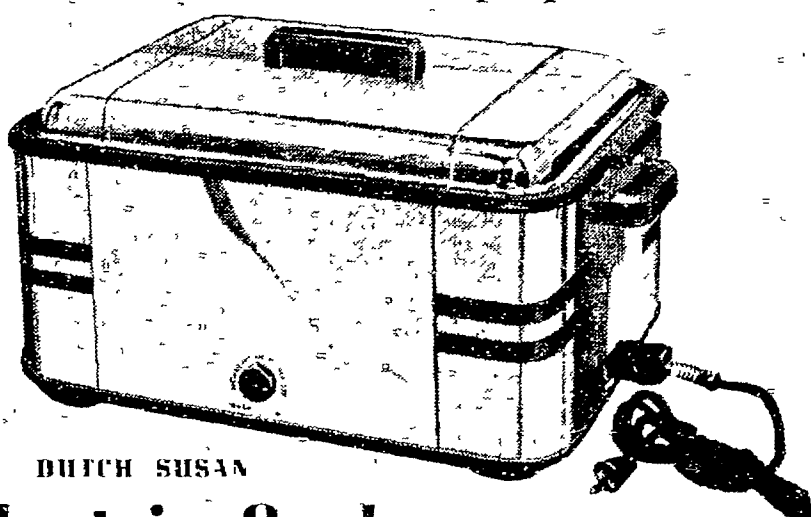

We make FHA-Insured loans up to 90% on a 25-year basis.

Here in NORTHVILLE we work for ourselves — and that means for YOU —

YESSIR! We're in business for ourselves. We handle Shell products because we think they're the best on the market. You see, it's pretty important that we please you — because if we don't, we're the ones that suffer.

That's why we never stop striving to make steady, satisfied customers. That's why we take particular pains to keep our washrooms home-clean and render dozens of little services—all free.

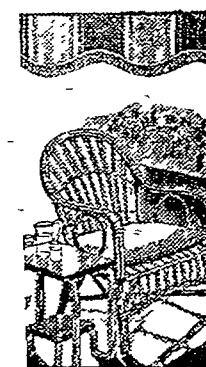

When you drive in we'll try to prove what real service a neighborhood station can be when it's run by a man who is his own boss.

3/4 of all engine wear comes in STARTING!

To reduce this wear you must have an oil that begins lubricating as soon as you step on the starter. Golden Shell's INSTANT FLOWING oil puts tough oil film between every moving part instantly. The next time you step on the starter — remember the year you may be causing! Remember Golden Shell gets there FIRST!

BELTON-EATON REFUSES TO RUN FOR OFFICE

(Continued from page 5)
 them is but a mockery. The present administration of the old age pension fund will forever remain as one of the blackest and cruelest chapters in Michigan history. Does he call the overloading of state payrolls to 2000 more people than are needed to do the work, honest government? Does he call it good government to force the widowed motherhood of Michigan into pauperization before they can receive mothers' pensions so that fatherless boys and girls can be reared in decency and under the guidance of loving mothers? But what does a Governor, who never paid a real tax of any kind in his life, care about these things? There is no question but what the chief aim of the political job holders is to stagnate business just before elections, compel the unemployed people to seek jobs through welfare organizations and thereby control their votes. Let me tell these political thicksters one thing—the good people they have forced to take these WPA jobs are not going to be so easily fooled this year. Large numbers of them have told me personally what they are going to do when it comes to voting.

"Pump priming" is needed, but not just before election time. Decency and common sense should direct that it be spread out over a long period of time, with steady employment for all who are in need. The writer fully realizes that the issues of this campaign are not party issues. The issues are between a greedy horde of political job holders headed by the Governor, peddling out to the people of the state a lot of quack nostrums, on one side. On the other side are the honest workers, the farmers, the small business men, the middle classes, who believe in good government, but who have never deemed it essential to band themselves together to fight the rule of the politicians. That time has arrived. Any of the other candidates in the field is far more preferable than the present governor," he concludes.
