

CALL VOTERS IN TOWNSHIP FOR ELECTION

**Detroit Edison Asks Renewal
of Franchise Granted 30
Years Ago**

Voters of Northville township will go to the polls, Wednesday, Aug. 10, to determine by special election whether the Detroit Edison company's franchise will be renewed for another period, not to exceed 30 years.

The present franchise, granted in 1908 to the Washtenaw Light company (later taken over by the Detroit Edison company) expires Oct. 15. Slight difference in franchise. There is only one point of difference from the franchise which the company is asking for and that which was approved 30 years ago. The current Detroit rates, rather than the Ann Arbor rates (which were higher than in Detroit), are the basis for determining the rate in Northville township.

It is pointed out that granting a renewal of the franchise has nothing whatsoever to do with taxation either in the township or the village.

Officers 30 Years Ago. At the time the original franchise was granted, Floyd A. Northrop was the township supervisor; Frank H. Johnson and Charles M. Joslin were justices of the peace; and F. H. Tousey was the clerk.

The polls will be open in both precincts from 7 a. m. to 8 p. m., in the Scout building and the Village Hall.

Three Men Buy Plane

A trip to Clare over the week end was the first flight of any distance in his newly purchased airplane taken by Northville's flying denman, Dr. Daniel A. Brief. Mrs. Brief, who also can pilot a ship, made the trip with him. The ship is one-third Dr. Brief's. He owns it with Dr. L. A. Griswold and Dean Herrick, both of South Lyon. He has a student pilot license, but is eligible to hold a private license as he has had over a hundred hours of flying.

Herrick has a student pilot license. He, too, is qualified for a private license as he has had 50 hours of solo flying. Dr. Griswold, who only recently became interested in flying as a hobby, has his student pilot license and has had 10 hours of solo flying to his credit. The men have taken their flying lessons from Eddie McManus, instructor at the Ypsilanti airport.

A hangar for the plane will be built before long. At the present time, it is being kept at Pontiac airport.

DENNISTON'S RESIGNATION IS ACCEPTED

**Name Gillies To Replace
Man Who Held Post
18 Years**

Captain Edward Denniston, superintendent of the Detroit House of Correction, is clearing his desk for the last time this week, preparatory to leaving the post he has held for the past 18 years. A Blake Gillies, his deputy, will succeed him.

Although his resignation does not go into effect until July 31, Captain Denniston and Mrs. Denniston are leaving immediately for their summer home, Rumpus Ridge, at Grand Marais. He plans to get some 12 cottages under construction on his one-half mile water front.

Won't Run for Sheriff

"I'll continue to spend my winters in Detroit," says Mr. Denniston, who denies the rumors which have it that he will run for sheriff of the county. "They've been after me for the past 10 or 12 years to run. I don't know whether I should or not. I'm going to have a complete rest from public service now and I doubt if I'll ever run for office," he affirmed, at the same time stating that he had practically recovered from the serious illness that confined him to his bed late this spring. "I'll take care of the cottage-building enterprise I've started. That will give me plenty to occupy my time. Just to hang around would take away all the fun in life," he continued.

"It's funny how I happened to run into the name, Rumpus Ridge, for my cottage," commented Mr. Denniston as he told of his plans for retirement, now that he has reached the age of 64. "When I was just a small fellow, there was a columnist who lived out in a four-corners (Continued on page 5)

EATON IS CANDIDATE

Elton R. Eaton

Announcement has been made by Elton R. Eaton, editor and publisher of The Plymouth Mail, that he will again be a candidate for the State legislative re-nomination to the State of the only two republicans elected from Wayne county to the State legislature two years ago.

He has served one term, being elected in 1936. When Mr. Gussell signed the papers and took over the place some four years ago, it was understood that Toby went with the business. A sort of black slave going with the plantation, so to speak.

In his youth Toby kept the basement clean of mice and did such a good job of it that neighboring merchants approached Mr. Gussell on the possibility of borrowing Toby for the night in order to rid their shops of similar pests but this assignment he took without love of labor in his heart.

"Toby's been a good employee, we don't ask him to do any work at all any more," says Mr. Gussell who is letting Toby take a prominent position in his advertisements from now on. Toby, who knows the stock better than anyone in the store, is going to keep the record books, informed about what is best to buy for Toby these days. Because of his age even his meat is bought for him each day and served by Miss Leona, the Motifite chef's assistant maker for the noon-day luncheon. With an occasional snack of mackerel, Toby's hamburger exclusively—a "what's five cents worth daily. He has refused to drink milk for over a year. There was a time when a taker of cream interested him. Hell, take us drinks of water only when the water tap is turned on—no sauer-servings for him.

"These many years Toby has dutifully disliked red dogs—true dislike dates back to the day that Owen's big red dog chased him into the basement. Another thing that puts him in a class by himself as far as cats are concerned is his aversion to petting and cuddling.

He has two favorite hang-outs—one is above the east display window at the front of the store where (Continued on page 8)

\$75,000 Post Office Building Is Assured Village of Northville

**Government Sets Aside Funds; Postmaster
VanAtta Says Volume of Stamp Sales
Was Big Factor in Getting Allotment
from Congress**

Northville was officially selected this week for a new \$75,000 United States Post Office building.

The Record learned yesterday in a long distance telephone conversation with South W. Purdon, fourth assistant postmaster general in Washington that a preliminary announcement last week was "absolutely correct."

Allotment of a Federal building for Northville duplicates a drive led by Postmaster Fred E. Van Atta, in which he and other local citizens have brought all possible pressure to bear on Northville's representatives in Congress and on the Post Office Department.

Postmaster Van Atta has discussed the possibility of a post office building for Northville with various government officials. He saw Mr. Purdon recently at a post office meeting in Benton Harbor, and has had considerable correspondence with departmental officials and Michigan members of Congress.

In the long distance telephone conversation, Mr. Purdon told The Record that the \$75,000 is for a site and building. He said that Northville was the only community in the 17th Michigan Congressional District to get funds for a post office building. The \$77,000,000 appropriated by Congress for Federal buildings allowed post offices to 12 other communities, the fourth assistant postmaster general said, including additions for the Detroit offices.

Indications were that Postmaster Van Atta would receive official notification from the department by the first of the week. Advertisement for him on the site are to be posted in the lobby of the post office and in The Record within a week. Mr. Purdon said over the telephone.

The \$75,000 for the Northville post office, after being approved by the Post Office Department was actually allocated by the procurement division of the Treasury Department.

Construction Date Not Set. There was no definite indication as to when actual construction of the Federal building here might start. The money was appropriated, however, as a part of the spending, lending-recovery program and Congress directed that all building projects there should get underway at least by fall.

Postmaster Van Atta explained that the official rating of a post office is determined by its stamp sales. Northville, he said, had \$20-22,300 worth of stamp sales in the last calendar year. There are only three second class offices in the district, besides Northville that do not have Federal buildings. They are Farmington, Milford and Holly, and postal records show that Northville's stamp sales total almost as much as the three of them combined. Thus the Postmaster declared, there is no doubt that Northville deserves the building.

By CHARLES A. DOLPH
Ray J. Carter, the new elected president of the Exchange club presided at his first meeting Wednesday noon.

After introductions reports on the new office building the park picnic and election the members had a round table discussion on programs and betterments in club activities.

A feature of the program Wednesday noon was the showing of moving pictures of Bruce canyon in Colorado by Harry B. Smith. G. Harrison was responsible for getting the film.

MARVIN SCHOULTZ REPORTS ON STAY IN "BOYS' STATE"

With Floyd A. Northrop, the new president, taking over the gavel for the first time, Marvin Schoultz, sent by the Rotary club as a delegate to the Wolverine Boys' State at East Lansing, gave his report Tuesday noon.

Marvin was introduced by E. M. Bogart, chairman of the day. The young representative told in very interesting detail of the routine in the imitation State. Present delegates were 638 boys from all over Michigan. They came from 250 cities and villages. The Upper Peninsula has 105, while Detroit sent 250 delegates.

Ten days were spent by the young Americans in learning the ways of government. The boys slept on cots in one of the college halls and ate their meals in the Union building. They were divided into two parties, the Athenians and the Trojans. Competition for the various offices was as keen as in real life. Judge Walter H. North of the Supreme Court, gave the oath of office to those elected, while the inaugural address was given by Lieut. Gov. Leo Nowicki.

The forenoons were given over to learning about the affairs of government with visits to the courts and as a final climax a visit to the State Capitol.

A 100-piece band and a large chorus were organized by the boys for entertainment at off hours.

Marvin's address was given high praise by the chairman and also by E. H. Lapham who, in a few words, said that to a young man, the speech was one of the finest ever listened to by the club. Mr. Lapham stated that as far as he had observed, Marvin had not made a single error in grammar.

Blake Gillies newly elected head of the Detroit House of Correction, was given a warm welcome by the Rotarians. Congratulations on the fine honor given him were extended him by President Northrop.

Charles Schoultz presented birth-day flowers to Neil Hannaford and Russell E. Steininger. Al Kuennen, back from California, was warmly welcomed. A timely poem, "Pick the Roses While You May," was given by Fred Foreman.

HATCHERY GETS TWO PROJECT ALLOWANCES

In addition to a \$10,000 WPA allotment for the United States Fish hatchery, a \$15,000 FWA grant has been made.

The funds are to be used to build more ponds, retaining walls, to repair buildings and make improvements to water lines.

It is expected that the projects will get underway in August.

SUNRISE SERVICE CLAIMS SINGERS

Dr. Merton S. Rice, pastor of the Detroit Metropolitan church, will speak at the sunrise services at 5 o'clock in the Plymouth Riverside park, July 17, in commemoration of the founding of the first church at Plymouth and the settlement of the city 110 years ago.

Members of the choir of the Northville churches will take part in the services making a choir of more than 100 voices. Visitors are expected from Northville, Detroit, Ann Arbor, Farmington, Roseville and Dearborn. Announces James Latture, general chairman.

Nationally known as the leader of one of the largest and most beautiful furnished churches in the world, Dr. Rice started life as the son of a preacher at Ottawa, Kansas, and as a boy vowed that the last profession on earth that he would choose to follow would be that of the ministry.

He obtained his Bachelor of Science degree at the University of Kansas and then moved to Ann Arbor where he entered the University of Michigan law school. He never finished the course, instead, he entered the profession he said he never followed—the ministry.

In 1894, he was ordained to the Methodist Episcopal church and began a country circuit in Kansas. A dynamic speaker, he soon attracted (Continued on page 8)

125 Villagers Sign Compensation Claims

Villagers, 125 in number, have signed registration cards in the Village Hall since July 1, preparatory to filing compensation claims in the Redford office.

Of the number of unemployed persons (most of whom were employed in factories) who have registered at the office in Northville 102 filled out the blanks Friday, the first day of registration which is supervised locally by Robert Summberg Paul Stout and S. E. Foster of the Redford office.

Persons qualifying for registration have already been sent to Redford where their benefit claims have been filed. Within two weeks' time they must call at a Plymouth branch office to find out if the bureau has been able to find employment for them. There is a period of three weeks to wait before any money will be paid to the claimants.

In order to be eligible for compensation, a person must not have an income excessive of \$3 weekly. Should the bureau find temporary work for him, a new claim will have to be filed by him at the expiration of the job.

"The village registration office, announced originally to be open until July 9, may close before that day. Should this happen, villagers wanting to register will be sent to the Redford office.

ANN ARBOR ENTRY UPSETS RACE DOPE

An Ann Arbor entry placed first in the final race which marked the Fourth of July celebration held Monday at the fair grounds which was the first such observance sponsored by the Fair association in seven years. A baseball game, bandyville acts and a brilliant display of fireworks climaxed the day's program, witnessed by hundreds of persons in day vicinity.

The first race of the day was taken by Red Onions, owned by Johnson and Jarvis of Lake Odessa, an entry given by Johnson. Placing second and third were Deep Run Six, owned by E. L. Seitz of Detroit and driven by Seitz, and Sun Prince, owned by F. H. Proh of New Haven and driven by McManus. The time for the three heats was 2:14, 2:16, and 2:13. Digby Bingen, owned by Ridley and Bullen of Detroit and driven by Harvey, placed fourth. Coming in fifth and sixth were Little Iona, owned by C. Cook of Northville, and Edna's Boy owned by F. Collier of Mason. This event was for 228 pacers or 225 trotters.

Heading the second event for 222 pacers or 218 trot, was Frisco, owned by D. Tryon, a Plymouth entry, driven by Tryon. Second place went to Harry Dewey, owned by Bert Baker and driven by Markham. Crowding into third place was Stan Direct, another Ridley and Bullen entry, driven by Harvey. The heat times were 2:09½, 2:13 and 2:10½. Fourth and fifth placers were Peggy Mac, owned by Johnson and Jarvis, and Car Patchen, owned by William Henderson of Ann Arbor.

The third race, which brought an upset in racing dope, was taken by Colonel Easton, owned by William Henderson of Ann Arbor. This event was the free for all trot or pace. Second place was taken by Calvin May, owned by a Northville man, Ray Honsinger and driven by Niles. Fourth place went to a favorite of the Northville track, Swift Direct, another local entry, owned by D. Reed and driven by Markham. Grand worthy of the Starkweather farms, came in third, driven by Niles. H. Speed owned by C. Stockwell of Detroit and driven by Mathers placed fifth. The heat times were 2:09, 2:09½ and 2:08½.

Each race was backed by a \$100 purse and the three heat plan was used. H. H. Hamilton was superintendent of speed. Harry C. Rob (Continued on page 8)

3 Trustee Posts Are To Be Filled at School Meeting

Three trustees are to be named at each August in connection with the Northville Wayne County Fair, has grown to such an extent during the years that a four-day show will be held this year so that all the classes can be featured. R. Edmund Dowling secretary, announces.

Junior classes will open the show Aug. 17 and continue through Aug. 18. The senior show will again draw excellent horseflesh for its two-day events.

JOHN NORTON ASKS AGAIN FOR LICENSE

That members of the council consider John Norton's request for a driver's license closed, was indicated Tuesday evening in a regular business session of the committee.

Norton, who appeared for the third time since the new administration took office to ask for a license, told councilmen that he regretted that a full commission was not present. (Committee members George Hicks and Orlow G. Dyen were absent.)

I know I'd have a better chance if the entire commission were present. Four weeks ago my petition for a license was tabled. Time has gone by and I'm here tonight to see if anything is going to be done about it and to find out if I'm going to be allowed to run my business. If I'm not wanted in town, I'm going to get out," stated Norton.

No comment whatever was made at the council table by the commissioners following Mr. Norton's plea for a license. Mayor Arthur S. Nichols turned to the spectators' section to ask if others present and anything to bring to the attention of the council. After waiting a few seconds he told the councilmen that a motion to adjourn was in order. The council adjourned.

Norton said Wednesday morning that he really didn't know just what his next step would be. When asked if he really intended to sell his place and go into business someplace else, he stated that he had no plans. "I'm working to get a license and think I really should stay here and fight the thing out," he commented.

4-DAY HORSE SHOW IS FAIR WEEK EVENT

The Northville Horse Show, held each August in connection with the Northville Wayne County Fair, has grown to such an extent during the years that a four-day show will be held this year so that all the classes can be featured. R. Edmund Dowling secretary, announces.

Junior classes will open the show Aug. 17 and continue through Aug. 18. The senior show will again draw excellent horseflesh for its two-day events.

Competition will be keen for the four challenge trophies which will be offered this year, including the E. H. Grennan memorial trophy, Persons naming this work done on taken last August by A. A. Bull's Anderson in the middle and heavy weight hunter's class. The Detroit National Horse Show association's men are expected to be employed on Wayne county. Sympathy to Mr. and Mrs. Marchano

Northville deeply sympathizes with Mr. and Mrs. Frank D. Marchano in the devastating fire which wiped out their business in the old Globe plant.

The manufacturer and his wife made many friends since coming to Northville and if sympathy and good will would restore their loss, it would be done instantly. They had a very fine vision of the possibilities of the plant here in Northville and words cannot express our regret that the devouring flames destroyed their splendid start in our village.

Your Share of the National Debt

If you have a home or farm assessed at \$4,000, just one-fourth of it is your share of the national debt as it now stands.

Michigan's share of the present debt is set at \$1,462,388,190. This figure represents 25 3/10 per cent of the State's assessed valuation. And of course this one-fourth, which represents our national debt, does not include State, county or local debts.

Yet some people think we can spend our way back to prosperity!

Have You Been There This Summer?

(The following editorial appeared in this column a year ago — it's still good today.)

A Northville man, who once lived in Niagara Falls told us the other day that he never went to see the great natural phenomenon unless he had company come. That reminded us of the number of Northville people who live within two or three miles of Cass Benton Park, but who very rarely take advantage of its marvelous pleasures. People travel many miles to picnic at this lovely spot yet here we all are within a few minutes ride of the "dutch oven" at the park.

Northville's New Postoffice

News from Washington that \$75,000 has been allotted for a new postoffice in Northville is one of the finest bits of news that the village has had for some time. A new federal building here means first of all that Northville is doing the postal business to justify such an investment. It means also that the future of the community is bright.

The village is indebted to many for bringing our postal receipts to the point that justifies the new building. The help of our local institutions, our factories and our business people, not to mention the rank and file of our citizenry, have made possible this fine postal slowing.

The addition of a new postoffice to our business section will add to the beauty of our community. It will take rank as a show place with the Ford plant, the Edon building and the new-grade school building.

What About Jimmy Roosevelt?

Next to the President himself, the President's son, Jimmy Roosevelt, was the most talked-of man in the country last week. Reason: A copyrighted story in the Saturday Evening Post which charged Roosevelt with having an annual revenue from his insurance business estimated at from \$250,000 to \$2,000,000.

Of course this article has put Jimmy very much on the spot. Understand, of course, that the article said nothing about anything dishonest in this tremendous income. Obviously, the immense business given the President's son might have been to obtain favor of one kind or another or to "stand in well" with the friends and relatives of Jimmy Roosevelt. We leave it to President Roosevelt himself to characterize this kind of business. This clipping is from a recent issue of The Detroit News.

President Roosevelt is quoted as having said in a book that for a contractor to give his surety business to a relative of a political leader is not illegal but "is indefensibly unethical."

The Show Does Not Go On

The latest casualty due to labor troubles is the cancellation of the remaining summer's schedule of the Ringling Brothers & Barnum & Bailey circus. Some of the employees had been asked to take a reduction in order, so the authorities said, that the circus would not go into bankruptcy. Probably some of the labor heads thought that the circus management was joking when it threatened to dismantle the show. But the circus managers meant business — for they are the ones who have to meet the payroll — so last week 31 carloads of the "World's Greatest Show on Earth" rattled back into Sarasota, Fla., the winter quarters of the circus.

As is always the case in labor troubles, somebody takes the big loss. Apparently some of the employees realized this, for many of them were in tears as the last wagon can aboard the circus train at Scranton, Pa.

The lesson of all this is, as it has been in other labor troubles, that failure to cooperate to meet a common problem is costly business. The circus authorities are said to have opened their books to the strikers who, however, refused the offer. Circuses, like every other form of business, have to take in money before they can pay it out.

Just Two Drinks Killed Two

Monday's daily papers carried the news of the killing of two people in Detroit when an automobile driver who "had drunk two whiskies before the accident," hit these pedestrians who were crossing the street.

Just one more example of the fact that liquor makes murderers of drunken drivers! Some day we will not tolerate such massacres on our streets.

NORTHVILLE'S YESTERDAYS

One Year Ago

A license to sell liquor by the glass was granted by members of the village council Tuesday evening to John Asanopoulos, proprietor of the Northville Restaurant which is being remodeled in the Penn block West Main street.

John Trufant, 61, for the past 13 years a guard at the Detroit House of Correction, died Sunday afternoon in Schenectady, N. Y. at the home of his sister.

After a three-day illness, Frank L. Hendryx, 70, died Wednesday morning.

Carl B. Schoutz, head of the chicken department of the Wayne County Training school, is appointed commissioner Monday evening to fill the council position made vacant by the resignation May 5 of William T. Gregory.

After more than ten years of poor health, Mrs. Hilda Schulteis, 60, mother of Mrs. F. R. Alexander, died Wednesday morning at Seymour hospital, where she was taken a few weeks ago following a car accident March 20, in which she received severe injuries.

Ten Years Ago

The time was 2:13, and the victory was won in a field of five all speed seeds.

A marriage license has been issued to William Markham of this place and Miss Hazel Hergeck of Plymouth.

Mrs. Edward Mills suffered cuts in an automobile accident on the Seven Mile road a few days ago when a truck stopped suddenly in front of her without the driver

giving any indication of his intention to stop.

Fifteen Years Ago

Born to Mr. and Mrs. Nathan Gertz, July 11, a daughter, C. R. Ely is now at the Lincoln hospital in Detroit receiving treatment. He will go Tuesday to Rochester, Minn. for consultation.

In the death of Miss Hazel M. Neilson, July 2, Northville suffered a sudden and real bereavement.

Twenty Years Ago

Corporal Ernest F. Oldenburg of Whom, the first soldier from this immediate vicinity to give his life for his country on the field of battle, was among the eleven Michigan boys reported killed in action in the July 6 dispatches.

Northville friends of Albert and Perry Holmes will be interested to know that both have received commissions and both have been ordered to Newport News, Va.

Private Harry H. White of the U. S. Sanitary department who has been in town on a few days' furlough to visit his parents, Mr. and Mrs. W. H. White, is now on his way back to Washington, D. C.

Mr. and Mrs. D. S. Kysor received news Thursday of the safe arrival of their son, Asa B. Kysor, on the other side of the Atlantic.

Harold Wood, another of Northville's boys, has enlisted in the navy, and left Monday for the Great Lakes training station.

Thirty Years Ago

A new bridge is being built over the creek on Atwater street.

Born to Mr. and Mrs. Vark Telt Thursday July 9 a daughter.

It was a great celebration. Great in point of attendance as well as in the enjoyment line. More than two thousand people lined the streets, and the athletic park for the Fourth of July events.

their growing season, if there is no rain.

The larger yellow Ladyslipper (Cypripedium pubescens), which is native in the rich soil of cool hardwood glades, is said to be less choosy. In my garden they are doing well with their smaller half-sisters, the parviflorums. I have been told that these large yellows will live in the average perennial border if they are protected from the high sun. But I have personally not seen Ladyslippers grow outside of the special bluish, shade and moisture conditions outlined above.

The showy Ladyslippers, the Cypripedium reginae, or spectabile, are growing in my garden with their yellow cousins, except that they are out where there is more direct sunlight. In the north they often are found in full sun. I also have a few plants of this variety on the edge of a thicket of arbutus, birch, and Chinese Beauty Bush. They seem to be fully established, though they have not been in their present location long enough to cover a five year test. This variety of Ladyslipper requires more sunlight than the others. A colony of about fifty of them has lived and propagated for years in Mr. Richard Scott's beautiful garden on the bank of the Cedar River in Lansing. His gardener, Mr. Trudeau, will show them to you.

If you try growing members of the northern orchid family, I hope you will be honest with the plants, and that you will have success in propagating them. Edmund Gunther, botanist near Saline, Mich., may be able to supply those who wish to buy plants.

VILLAGE PROCEEDINGS

A regular meeting of the Village Commission was held at the Village Hall Tuesday evening, July 5, 1938.

Present: President A. S. Nichols, Commissioners Shaffer, Schoutz and Perkins.

Absent: Commissioners Hicks and Owen.

Minutes of last regular meeting, also special meeting of June 30th, were read and approved.

A copy of a Resolution regarding homeing Henry Ford on his 75th birthday anniversary was read, and a motion was made by Shaffer, seconded by Perkins, that same be adopted as read, and that a copy of same be printed in the Northville Record, also sent to the Commission as requested. Carried.

Motion was made by Shaffer, seconded by Schoutz, that a Resolution be adopted thanking the Plymouth Fire Department and that of the House of Correction for their efficient help during the fire destroying the Michigan Wood Products Co. Carried.

Reports of the Chief of Police, Street Commissioner and Treasurer were received and accepted as read.

Efficient Seeing

Devoted to Eye Welfare for Everyone

REALITY

Not every person is able to separate illusion from reality. As a rule it is much pleasanter to believe in the illusion and of course, it is an underlying trait of human nature that we are all mighty charitable toward ourselves.

Nevertheless, personal prosperity requires the ability to face reality. How able are you to look at yourself objectively? You have been living with yourself for many years and have seen yourself so long that perhaps you don't see yourself at all! It's like the steps to your house. Chances are you couldn't for the life of you, say how many there are! But if one were added or one taken away, you would stumble.

The minute you finish reading this, close your eyes. Try to

see yourself as you look and act to others. What do you look like? How do you behave? What is your customary facial expression? How do you stand, sit, talk, laugh? Pick out something that could be improved (impossible?) and set yourself to making the change. See what improvements you can bring about in your work yourself, in your relations with others — especially in your home.

Reality is fact and there is too little fact and too much opinion in all our lives for our greatest happiness and success. Do you actually know the facts about your seeing ability — or are you accepting the illusion you now have as a reality?

Remember what Emerson said, "How can I bear what you say, when what you are is thundering in my ears?"

60,000

of your neighbors have switched to electric cooking—
here are the reasons why!

An electric range provides the latest and most modern method of cooking. That is what appeals to most of the 10,000 families in and around Detroit who have switched to electric cooking during the past year. That is why more than 60,000 of your neighbors prefer an electric range to any other cooking method, and are now enjoying the advantages that only an electric range provides.

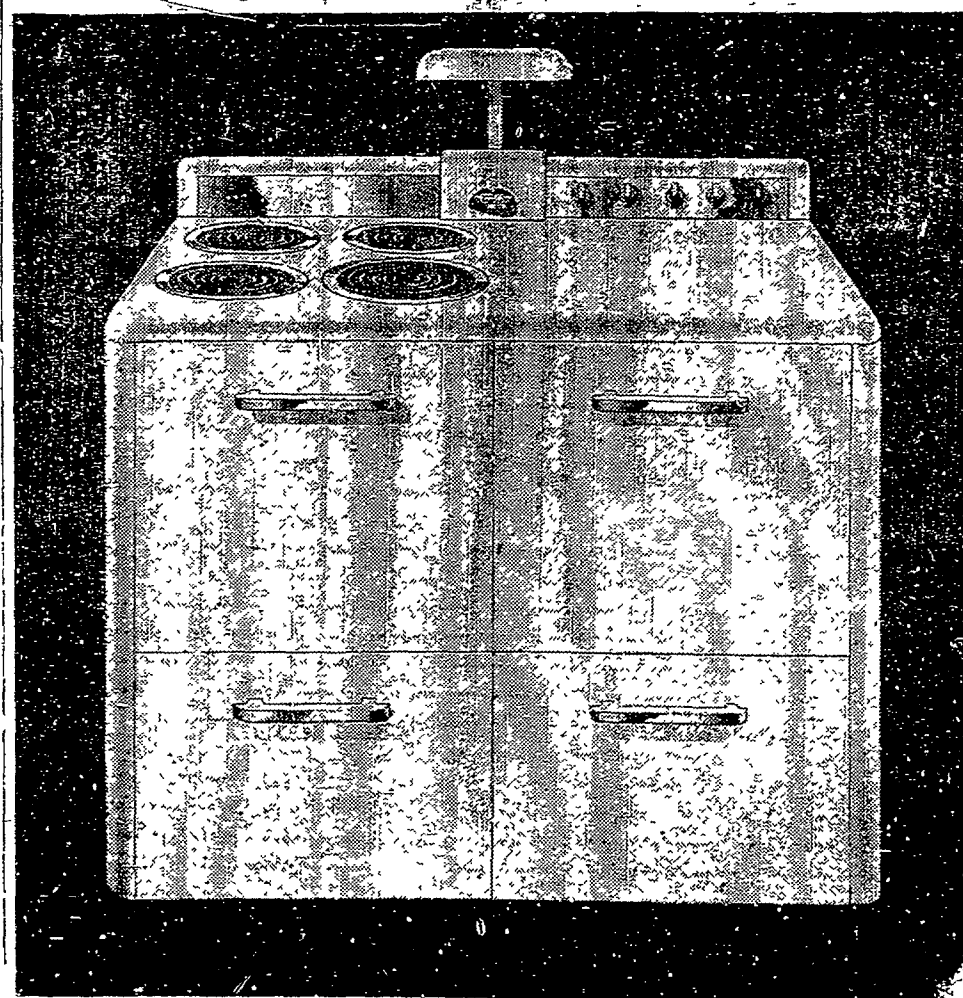

What are these advantages? Your dealer will be glad to point them out to you, one by one, on any of the ranges he has on display. He will mention the CLEANLINESS of electric cooking, with pure heat from a glowing wire—heat as clean as sunlight. He will mention the ease with which you can have a bright, sparkling kitchen. Walls and curtains stay fresh for a much longer period of

time, and there is less frequent need for redecorating. Cooking utensils, too, remain bright and shiny after long use.

Your dealer will tell you about the BETTER FLAVOR of electric cooking. Meats and vegetables cook to melting tenderness in their own juices, with delicious natural flavor sealed in. You will learn about the modern waterless cooking method which retains precious minerals and important food values. You will discover the ADDED LEISURE that an electric range makes possible — extra hours of freedom away from the kitchen. You will appreciate its COMFORTABLE COOKING in warm weather — an electric range does not raise the kitchen temperature one degree.

Stop in at your dealer's today and see for yourself the convincing superlatives of electric cooking!

See the new electric ranges on display at department stores, electrical dealers or at your Detroit Edison office.

THE COUNTRY DOCTOR

Very quietly and thoughtfully they made their way up the steps of the doctor's home. This time they would not turn to the door on the right where hung the sign "Doctor's Office" for a breath of flowers told them what they could not before grasp, that their old friend was gone. He had always come to their call day or night. They could not think of life as going on without him.

Yet the waiting room on the right was empty. The chairs stood in silent grief and the door was closed which led into that inner room where they were wont to come and pour out their confidences. Gray-haired men, women bent with years, young parents with babes in arms and older children trudging wearily at their sides, thronged the waiting room. And all the while the doctor's door remained closed. No one came to pay tribute to the one who had always come to their call.

Like little children who had lost hold of their mother's hand in a crowd they came to look helplessly on the silent form.

For almost 40 years the stalwart

doctor had ministered to the community. He had come there when a young man, eager and hopeful. He had watched babes grow to manhood and womanhood and had laid their own babies in their arms. He had faced driving storms at night to save life; he had gone sleepless for days in the struggle against death. Never once had he asked, "Have you the money ready when I come?" It was his duty, and he did it.

"Medicine was not the only remedy this jovial doctor left with his patients. The merry twinkle in his eye, the hearty grasp of his hand, gave to a despondent patient hope and a will to get well. His hearty laugh and friendly pat on the shoulder made sick-bed folk turn eagerly at his coming. Very appropriate to this friendly doctor was the parting song, "And may there be no mourning of the bar, when I put to sea."

He could have prolonged his own life by years, so specialists told him, but the need of his people - his own people - tugged at his heart so strongly that he kept on min-

istering to them. He cared for a little child, they say, on the very day he was taken.

And so they laid him to rest, this beloved country doctor, in a quiet spot where the slanting sun stood with bared heads while all that broke the stillness of that late June day was the distant lowing of cattle and the faint whistle of the train.

Banana and Strawberry Punch
3 large bananas
1 orange
2 cups of strawberries
2 cups of sugar
1 cup of lemon juice
6 cups of cold water

Crush the bananas, add juices from the orange and the strawberries, mix with sugar. Rub this mixture through a fine sieve then pour the lemon juice and water through the sieve and mix all together thoroughly. Serve in glasses, each garnished with a whole strawberry and a slice of orange. This recipe makes about 13 measuring cups of punch.

CHURCH NEWS

Our Lady of Victory Church
The first vacation religious school to be inaugurated in this parish will start next Monday morning, July 11, at 8:15 a. m. to be announced next Sunday. It will last for two weeks and will be held mornings only. Every child is welcome to appear, especially those who are school pupils. Older people are also allowed to attend any of the classes and listen in. Vacation schools have a novel and instructive method of presenting subjects.

All men of the parish, whether members of the Holy Name society or not, should receive Holy Communion next Sunday, especially at the 7:30 o'clock Mass.

Confessions are heard Saturday evening, 7:30 to 9.

Two Sunday Masses are held at 7:30 and 10 a. m.

Next Sunday we will have a special service honoring Clayton and Oliver Deake on their "Golden Anniversary" celebrating their fiftieth year as members of Christ's church. They united with our Congregational church 50 years ago.

The Rev. and Mrs. Shaw of the Ypsilanti Baptist church will be with us and preach. The Rev. Martin of Lansing will also bring a short message. The Rev. Cora Pennell will take part and also deliver a potluck dinner will be served in Riverside park, Plymouth. Each family is to bring its own dishes and sandwiches and an extra dish to pass. Our ladies will serve hot coffee. All are cordially invited.

Thursday, July 14, our ladies will hold a meeting in the afternoon and have supper in Middle Rouge park, near the Seven Mile road.

The last Saturday of July our Sunday School will have their annual picnic at Whitmore Lake. Bring your baskets for a delicious potluck dinner. Lemonade and coffee free to all. Come with all the family for a happy day together outdoors.

Christian Science Churches
"Sacrament" will be the subject of the lesson sermon in all Christian Science churches throughout the world on Sunday, July 10.

The Golden Text, (1 Cor. 5:8), is: "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth."

Among the Bible citations is this passage (John 15:12): "This is my commandment, That ye love one another, as I have loved you."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to

the Scriptures," by Mary Baker Eddy, include the following (page 26): "The divinity of the Christ was made manifest in the humanity of Jesus."

Extend Farm Loan Legislation for 2 Years, Says Pence

The reduced interest rates on Federal Land bank and Commissioner loans have been extended by Federal legislation for a period of two years, according to word received today from the Federal Land Bank by R. A. Pence, secretary-treasurer of the First Wayne National Farm Loan Association with headquarters at Ann Arbor.

On Federal land bank loans through active national farm loan associations the temporary reduction rate of 3 1/2 per cent per annum will be continued for all funded installments payable prior to July 1, 1940. On loans obtained directly from the land bank the rate will be 5 per cent.

The temporarily reduced rate of 4 per cent on Land Bank Commissioner loans is also continued until July 1, 1940, Mr. Pence said.

"The temporary interest reduction does not change the contract interest rate, that is the rate written in the mortgage at the time a loan was made," Mr. Pence stated. "At present the contract rates on new land bank loans are 4 per cent for loans through unimpaired associations and 4 1/2 per cent for direct loans. The contract rate on all Commissioner loans made through the land bank is 5 per cent. Under the law, as now amended, both land bank and Commissioner borrowers will receive same interest payments at their respective contract rates on July 1, 1940."

Farmers who now obtain new loans through an active association at the 4 per cent contract rate, Mr.

Pence continued, will get the benefit of the 3 1/2 per cent rate for all interest installments payable prior to July 1, 1940, and after that will not have to pay more than the 4 per cent contract rate for the balance of the term of the loan, which may be for as long as 20 to 30 odd years.

OBITUARY

Mrs. John (Bertha Angell) Merritt
Mrs. Bertha Merritt, widow of John Merritt, died June 7 at the home of her son, Russell of Currie Road. Services were held at the home of her sister, Mrs. Wilber Waterman, Friday afternoon, June 10, with Forrest Phillips officiating and the Rev. Cora M. Pennell of the Salem Federated church conducting the rites.

Bertha Angell, daughter of Charles Philip and Elizabeth Blair Angell, was born Jan. 28, 1876. Frank Junod, Doris May Tindall Exchange Marriage Vows Saturday in Trenton, N.J., Church Ceremony

Miss Doris May Tindall, daughter of Mr. and Mrs. Frank Tindall of Winsor, N. J., became the bride of Frank Ned Junod, son of Mr. and Mrs. L. Junod of Northville, in a ceremony performed at 2:30 p. m. June 25, in St. Paul's Methodist church of Trenton, with the Rev. W. W. Payne, pastor of the church, officiating.

Palms and flowers in shades of pink, blue and yellow decorated the church for the occasion. "O Promise Me" was sung by Percy McGee of Morrisville, N. J., accompanied by Mrs. Fred W. Burgher, who also played the Lohengrin wedding march.

The bride, who was given in marriage by her father, wore a white imported mousseline de soie, fashioned on princess lines and made with a long ruffled train and long sleeves. Her veil of bridal tulle was arranged with a halo of mousseline de soie and lilies of the valley. Her bouquet was of gardenias and baby's breath.

Mrs. George Elshoff of Florence, N. J., a cousin of the bride, was matron of honor. She wore a yellow marquisette dress, trimmed with blue and green, and a green imported straw accented with bands of yellow.

Miss Jeanette Hendrickson of Trenton was maid of honor. She was dressed in peach chiffon, trimmed with May vine. With this she wore a matching straw hat.

The bridesmaids were the Misses Vivian Drake of Windsor and Audrey Moon of Morrisville. They wore robes of ultra-violet mousseline de soie, trimmed with pink grosgrain ribbon and pink imported straw hats, trimmed with ultra-violet. All the attendants carried garden flowers.

The bride's mother chose a gown of lace, made with a bolero and accented with white accessories. Mrs. Junod's mother of the bridegroom wore black lace with white accessories. The bride's father wore a suit of gray, accented with a white tie.

Frank Junod of Northville was the groom. He wore a suit of gray, accented with a white tie. The bride's father, Mr. L. Junod, was the best man. The ushers were Walter W. Tindall brother of the bride and Robert Lisenberger, uncle of the bridegroom.

LaRue-Tillotson Vows Pledged Friday in Ann Arbor

Miss Elouise Tillotson, daughter of Mr. and Mrs. Nelson A. Tillotson of Charlevoix, and John LaRue, son of Mr. and Mrs. John D. LaRue of Ann Arbor, formerly of Northville, exchanged their marriage vows at 5:30 p. m. Friday, July 1, in the Ann Arbor Congregational church in the presence of immediate relatives and a few friends. The double-ring ceremony was read by the Rev. Harvey C. Coulburn.

The bride wore a white suit with blue blouse and navy accessories. Her corsage was of Delphinium and red roses.

Miss Clara Burnett of Beridale, and Floyd Benhauser of DeBois, Pa., attended them.

Immediately after the ceremony, a reception and dinner were served to the bride party and relatives at Charles McKenny Hall, Mr. and Mrs. LaRue go to Wayne university where Mrs. LaRue is teaching summer school. They plan a motor trip through northern Michigan and Canada later in the summer.

The bride was graduated from the Charlevoix high school. She studied one year at the University of Chicago, graduating from the Michigan State Normal college Ypsilanti in 1935. Since that time she has been teaching in the home economics department of the Wayne high school. She is a member of Kappa Delta Pi.

Mr. LaRue was graduated from the Ross'ville high school in Ann Arbor in 1929, and from the University of Michigan in 1933. He is a member of the Alpha Tau Delta fraternity.

Mr. and Mrs. LaRue will make their home in Marlette where Mr. LaRue will teach again next year.

Fritz-Kepler Marriage Vows Are Read in Northville

The marriage service was read at 8 p. m. Saturday, July 2, in the Ambrose Fritz home by the Rev. A. K. MacRae of the Novi Baptist church for Mrs. Grace Kepler, daughter of Mr. and Mrs. Napoleon McConnell of Ann Arbor, and Lawrence Fritz, son of Mr. and Mrs. Ambrose Fritz of Northville.

Attending the couple were Mr. and Mrs. Edwin Ash of Plymouth, sister and brother-in-law of the bridegroom.

The bride and her attendant both wore blue street length dresses with white accessories. Their corsages were of tea roses and sweet peas.

Mr. and Mrs. Fritz are making their home at 810 East Washington, Ann Arbor, where Mr. Fritz is employed. Mrs. Fritz is a nurse at the Mercy Wood sanatorium.

Sharing the courtesies were the Misses Jean Cole, Dorothy Breitmeyer, Alice Eaton, Mary Jane Boelens, Natalie Whipple and Barbara Wood.

FIRST BAND CONCERT DRAWS LARGE CROWD

The first Wednesday night concert of four in July attracted about 300 listeners to the village park this week. Leslie Lee directed the school band.

Informality marked the occasion. Family groups lolled on the well-kept lawn, some keeping well away from the band station. A few children all but jumped into the larger horns while many persons kept to their cars parked on Wing and Cady streets. Applause was generous.

Next Wednesday's program will begin at 8 p. m., as announced by director Lee.

Camp Tyrone To Harbor 12 Young Village Campers during Summer Season; 3 Counselors Go from Here

Three Northville girls, Barbara Spicer, Marilyn Gussell and Shirley Maclean, were on hand at Camp Tyrone, near Fenton, Sunday evening to help blow out the nine candles on the birthday cake which marked the ninth anniversary of the Y. W. C. A. camp.

The birthday celebration was held in the lodge, the first building which was erected on the camp site nine summers ago. That same section, the headquarters cottage was built and tent houses were set up to house the first-year campers. This year's campers, the Flint Y. W. C. A., set the project's objectives were looked upon so favorably by Flint patrons, that five cabins have been built as gifts. A sixth cottage, set back in the woods, has been added within the last year or two, to further the program of the camp in an attempt to establish a separate unit where advance camp craft can be undertaken.

This year, Miss Gladys Ludwig is one of the counselors in the "house in the woods." Her day's program includes teaching tennis and camp craft. Miss Frances Alexander is also a counselor at Tyrone this season. She has the duties of the camp to look after and is the pianist for the group, gathering. She teaches canoeing to the older girls, but her first interest is in the welfare of the small campers. She takes no little joy in keeping their brains and curiosities busy with things their mothers do for them at home.

Miss Geraldine Huff, who is assistant director of the camp, is rounding out her second year there. She keeps track of who is registered for the different camp periods, contacts the free-lancers (under-privileged children who are sent to camp by Flint organizations and individuals), does most of the supply-buying for the summer and uses her rest periods to patch canoes. She also takes up a post on the water front every day on life-guard duty.

She has on her list a number of other young villagers who will make a trek to Tyrone before the summer is over. This group will include Mary Ellen Babitt, Phyllis Jeanne Jones, Lois Cautch, Edith Blake, Phyllis Knight Jean Montgomerie, Yvonne Taylor, Shirley Lyke and Ruth Parmenter.

Mr. and Mrs. M. C. Gussell, Mr. and Mrs. Donald Maclean, Mr. and Mrs. L. H. Spicer, Edith Blake, Andrew Ludwig and Mr. and Mrs. William Forsyth were among the Sunday visitors at the camp, which is ideally located among the tree-covered hills overlooking a clear lake (that is large enough to take care of the swimming and boating activities. More than 50 children can be taken care of by one camp period. A staff of 18 supervises the program.

Have You Ever Eaten a Counterfeit Steak, Mister?

Occasionally in our business we meet up with a phoney coin, and when we know it we spurn the cheaper metal disc for the regular thing.

Good meat, like money, has its imitators. Often the counterfeit looks so good we're taken in. And sometimes we get so much of the poor that we forget how to judge the good. But if you've tasted a cut of U. S. CHOICE BRANDED BEEF—the only quality sold here—you'll recognize it as the real thing. The bite tells quality in meat—and money.

YOUR OIL FREE
 (UP TO THE FULL MARK)
IF I FORGET TO CHECK IT—

WHEN you drive in my station, I'm going to remember to check your oil. We Shell dealers listed below have agreed to this.

If we forget, just say, "Didn't you forget something?"—and without any hesitation we'll bring your crankcase up to the full mark with Golden Shell. FREE!

WHY THE BRAINSTORM? Well, we know we ought to keep your oil up to the full mark for safety's sake. Besides, we've got an oil that will do the job for your engine like never before.

It's made for the kind of driving you do—STOP and GO. About ten times a day you shut off your engine. Your oil drains down into the crankcase.

When you start up again, engine parts grind together "dry" of lubrication until your oil gets up there. About 1/4 of all the wear on your engine comes in starting.

GOLDEN SHELL OIL LICKS THIS. It leaps to every moving engine part the instant you step on the starter. And it's tough, too, so that it won't break down under the heat of steady driving. In fact—

There's no finer oil at any price than Golden Shell.

DENNISTON QUILTS PRISON POSITION

(Continued from page 1)

placed in Arkansas, called Rumpus Ridge. This column was full of philosophy that had a lot of philosophy in it. The name stuck in my mind and I've passed it on to my children, he explained.

"Liberalism is Accepted"

Denniston came to Detroit 18 years ago from the Kansas City prison, where he was deputy warden, to take over the superintendency of the Detroit prison farm. A penologist of the liberal school, Denniston has attained a national reputation through the system that was undertaken at the "model prison" which in the beginning was a collection of tenant farms of which Detroit did not get full possession until March of 1920.

When the prison farm opened, there were three army tents in use. The inmates were fed in one sleep; another and the third hoped the guards. Five men were sent out first, before long, the family grew to 16. In the fall and late winter of the first year, a large frame building that field accommodations for cooking and sleeping was erected. The growth, Denniston pointed out was gradual and the buildings were all of cheap construction.

Difficult To Convince People

The prison farm conducted under the liberal system introduced by Denniston was ridiculed at that time but today it is widely accepted and patterned throughout the United States as well as in foreign countries. "The most difficult thing about the whole set up was to convince people that it was right and would work," asserts Denniston.

"Breaks under this set up have been few and the discipline cases have almost without exception, been with short terms. Adjustment here in most cases is rapid while in the old type prison, some never become adjusted. Every person here is given a job to do if he is physically able, if not able to work, he is given occupational therapy," declared Denniston, who talked about

Mrs. Julia Barker, possibly the most publicized inmate of the year, saying she is getting along all right and is still under observation.

It will be about 30 days before she's ready to go to work and what her assignment will be, I don't know," concluded Denniston.

Gilks Designs Court System

Gilks has received the appointment to the superintendency by members of the House of Correction commission. He has been with the prison staff since 1920. To him is given the credit of designing the now widely used prison court system which gives an accused prisoner a chance to defend himself in prison court.

He was born in 1884 in Cass City, Mo.

where he was graduated from high school.

TOY-FOR-GOVERNOR MEETING WILL BE HELD IN DETROIT

Announcement is made of a mass meeting Monday night of writers and workers interested in the candidacy of Harry S. Toy for the republican nomination for governor at Cass Tech high school, Detroit. Former Governor Alex Groesbeck will act as chairman.

This will mark the first major meeting in Detroit for the Toy supporters. Delegates from the entire state are expected.

Water Front Residents Entertain Relatives and Friends on Holiday

By C. E. HUTTON

WALLED LAKE—This being a holiday issue, and there being considerable visiting going on, it seems apropos of the three day week that we deal largely with the "comings and goings" of our neighbors and their friends—some of them, at least. I mean, that I tried to contact as many folk as could be reached by phone, or other means. As someone aptly put it, "I covered the water front."

Our genial Edison "minute man," Byron Aldrich, and his good wife had as their guests Mrs. Margaret Hiner and son William, Detroit, through Independence Day.

D. J. Bentley — "June," we call him — came home from Detroit, to be with his mother, Mrs. D. J. Bentley, and his sister, Alice, not only to celebrate the Fourth, but to be honored at a birthday picnic held at Cass-Benton park. June's and Calvin Coolidge's days are "one and the same."

June is doing pretty good for himself, I learn, in the big city. He too a course in beauty culture, you remember, some time ago, and started out here, in his sister's shoppe. He's progressed rapidly, and is now managing the Cak Le shoppe. Says he, likes the business very much now.

I further learned that Alice has a new operator, now — name of Helen Fossheim. Emma Stevens, her other assistant, went home for the holidays at Tiffin, O.

Bobby Carpenter, little son of Mr. and Mrs. George Carpenter, had a rather different kind of celebration last week, by having his tonsils out. Something to help remember this year's Fourth.

Guests of Mrs. Henry Alyea were Mrs. Ross McMonagle of Pontiac, and Mr. and Mrs. John Beechum, also of the county seat. Mrs. Alyea said she would have some more items for me later on.

Helen Farley, daughter of Mr. and Mrs. Purl Farley, will also think of the current holiday with none too pleasant memories. A member of the 1938 graduating class, she was stricken with appendicitis, on the return journey home, and entered a hospital at Bedford, Pa. where she was operated upon, Tuesday. Her mother and brother left Monday for Bedford. Latest reports are that Helen is getting along nicely, and may be home next week.

Arta Morgan, daughter of Mr. and Mrs. Charles Morgan, is having a grand time in Chicago, they tell me. She is there, visiting her uncle,

Russell Morgan for two weeks. Another important happening at the Morgans, which took place a week ago Sunday, was a combined wedding and birthday reunion. Not one, but three wedding anniversaries were celebrated. Those of Mr. and Mrs. Morgan, Mr. and Mrs. H. J. Gardner of Chicago, and Mr. and Mrs. William Morgan of Detroit. Birthdays were those of Mrs. W. J. Buyers of Detroit, who is 80 years old, and that of Mr. Buyers, whose eightieth birthday was celebrated, although it occurred in December. The celebration of the recent fiftieth anniversary of an aunt and uncle, Mr. and Mrs. R. Offord of Stratford, Ont., also was included in the day's events.

Mr. and Mrs. Charles Hoffman of Ann Arbor, were week end visitors of their parents, Mr. and Mrs. Clarence Albert Hoffman of East Lake Drive. J. A. Dairymple of the Dearborn school faculty was a guest last week of Mr. and Mrs. Hoffman. I'm told that these two educators cast dull care aside and practically lived in a rowboat. Furthermore, as the story goes, they hooked 37 fish one night, in less than three hours. m-mm... well, maybe.

The William Hoyts were Monday hosts to Mrs. Harriett Trumbull of Detroit, and Mr. and Mrs. J. Fredericks of Cleveland.

Mr. and Mrs. Howard Horton and son, Webster of Detroit, were with Mr. and Mrs. William Kotte for the week end.

Mr. and Mrs. E. L. Morae visited relatives in Detroit, Sunday. Mr. and Mrs. Howard Mesnard had as their guests for the holidays Mr. and Mrs. Carl Mattimore and family and Robert Goddard of Wayne, O.

Mr. and Mrs. Walter Bjorklund of Detroit were Sunday guests of Mr. and Mrs. Fred Pomerville.

While I think of it, don't forget the Civic Welfare club's big party, Wednesday, July 13. It is to be known as the "Moonlight Festival" and will be held, as mentioned before, at the home of Mr. and Mrs. J. L. Taylor. On the lawn of "Taylor's-On-The-Lake" sounds kinda ritzy — that "on-the-lake" — but it's okay. Everything is open to the public, and the party sounds as though it would be worth attending. Lots of features including the one designed for eye appeal — the bathing beauty contest. So far seven of our fair maidens have signed up to compete for pulchritude honors and the prizes attached. More registrations are expected. There may be an old-fashioned bathing beauty revue too with suitable prizes. Music by the high school band, dancing by the class of Betty Shields of Pontiac, and specialty numbers by other local and visiting talent, are some of the attractions on the program. A variety of stands, dispensing sandwiches and drinks, a fortune teller and other amusements will be available. You better come.

Mr. and Mrs. Laurin Mitchell of Bloomville, N. Y., stopped to visit Mr. and Mrs. Earl Paris, while en route to South Dakota, on their wedding trip.

Mr. and Mrs. William Mercer, Nonda, Hilyard and Don Post went to Muskegon for the holiday week end.

Mr. and Mrs. Alex Gill of Miami, Fla. and Mrs. W. G. Burke of Pontiac, were guests Friday of Mr. and Mrs. M. G. Post.

This Sunday, the Posts are holding a Florida reunion at their home, to be attended by Mr. and Mrs. Gill, Mrs. Burke, Mr. and Mrs. James Carmichael of Wayne, Mr. and Mrs. Herman Seestadt of Cerry Beach, Mr. and Mrs. Bruce Dickie of North Farmington, and Mrs. Kate Robson of Belleville. All these folks were together last winter in Florida and are getting together to talk over the good times.

Mr. and Mrs. H. G. Roach and family left, Wednesday for two weeks vacation near Harrisville.

Mr. and Mrs. Fred Thayer and family started Tuesday for a tour along the shores of Lake Michigan. They will be gone two weeks. Barbara and Betty Thayer went to Bob Lo, Saturday.

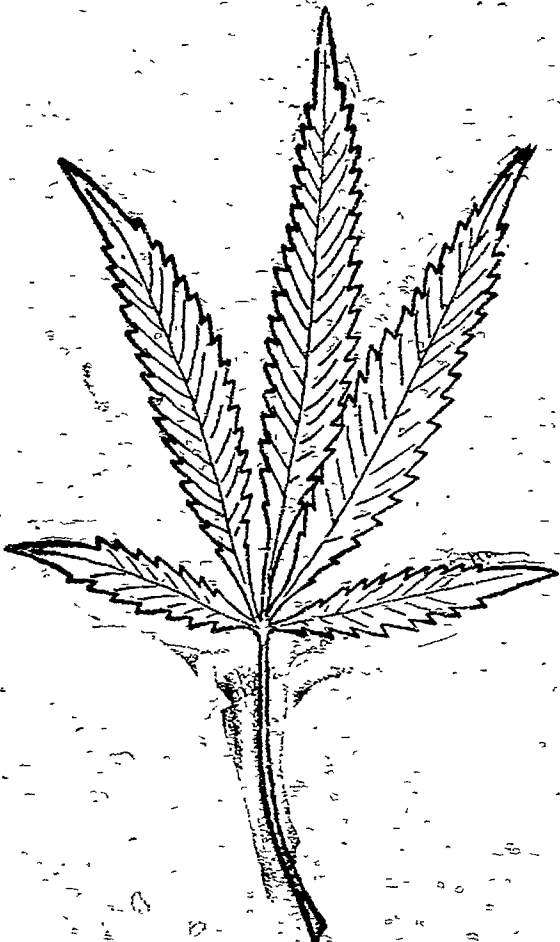

Aileen and Charlotte, Belker and Aileen Mathews returned Saturday from an eight-day outing at the Michigan Baptist Pioneer camp on School Lake, near Brighton.

Mr. and Mrs. Glenn Moss and Mrs. Gertrude Staples were at the home of their parents, Mr. and Mrs. Henry Moss, for the week end.

Friends of Miss Kathryn Rubert, former faculty member of the school, have received wedding invitations from the parents of Miss Rubert, Mr. and Mrs. Charles Rubert of Farmington, announcing the ceremony, to take place July 9, at the Rubert home. Miss Rubert will marry Robert Briggs of Detroit.

Walled Lake friends attending a shower, Tuesday night for the bride-to-be were Mrs. Harold Wood, Mrs. Lucille Fields, Mrs. Warren Wixom, Mrs. Manley Bachelor, Miss Irene Thayer, Miss Maxine Cutis, Miss

MARIHUANA LEAF

This is the Marihuana plant. A picture of a menace which is as real as it is painted. A menace which has grown rapidly in the past few years because peddlers have been taking advantage of the public's ignorance. However, the scene is changing and people in general are becoming more familiar with this problem which should be the concern of all.

Everyone can aid authorities during the next few weeks by being on the lookout for this weed. Sunday drivers and country hikers can easily recognize it through comparison with the accompanying Marihuana leaf illustration. Farmers, too, should be on the alert for this weed.

If you think you have seen a Marihuana plant notify your local

police chief or report it to the nearest State Police post. If Marihuana is to be stamped out in Michigan every man, woman, and child reading this must resolve to aid the police in their drive to protect Michigan boys and girls from the demoralizing effects of this drug.

Bulletins bearing an illustration of the Marihuana leaf and description of the plant, have been prepared by the Michigan Police Journal, official organ of the Michigan Association of Chiefs of Police.

These bulletins will be distributed to all schools, churches and libraries by the police chiefs throughout the State and copies for club group or personal use may be secured from your local police chief.

State Warns Residents of Michigan Against Growth of Marihuana Weed

The Michigan Association of Chiefs of Police issues a timely warning to this week to every citizen in the State as well as all local police officers to be on the lookout for Marihuana, the drug weed which thrives in Michigan's climate.

Oscar G. Olander, commissioner of the State Police, has communicated with Superintendent Fred Frahm of Detroit, who is president of the Police Chiefs' Association stating that State troopers will give their full support in the drive against Marihuana.

This dangerous drug weed is smoked in cigarettes by countless persons, some of them boys and girls of high school age who are led on paths of degradation by it and who often degenerate into hopeless drug addicts.

Commissioner Olander points out that because it grows so readily in this State everyone should be acquainted with its appearance and should be enlisted to watch for it. It should be destroyed now before it has a chance to go to seed, he stated.

Police are doing what they can to stamp it out and some progress has been made, particularly since October of 1937 when the growth, possession, sale, purchase and transportation of Marihuana was made a Federal offense. Courts in this State have cooperated fully. Not long ago two convicted peddlers were given sentences of 10 years. However, it is up to every citizen in the State to help. Olander said "and youth organizations like the Boy Scouts — particularly hiking groups — can be of untold aid to the police."

Police agencies throughout the State are given the finest cooperation possible from the Federal Narcotic Bureau under the direction of Ralph H. Oyler who states that "all Marihuana used in the cities comes from the country, with few exceptions, especially the beet field sections and is planted and cultivated but will grow wild." He further adds "Continuous smoking of Marihuana is the surest possible road to insanity."

Everyone should be able to recognize the plant. Growing wild, Marihuana reaches a height of about 3 feet to 6 feet. Cultivated, it will grow from 10 to 16 feet. Leaves, of

Iola Shipman and Mrs. Henry Moss.

And now, if I may include company at the Huttons, we entertained my wife's cousin, Mrs. Gaywood Skinner of Chicago, and her daughter and husband, Mr. and Mrs. Edward Schumacher of Flint, from Saturday to Monday. Mrs. Minnie Hutton, my ma, has been visiting friends in Pontiac. She came home Monday, the same day my cousin, Jessie Hutton of Flint, came. Mr. and Mrs. Fred Fry of Northville drove Jessie up.

Loretta Young Heads Theatre Booking with Joel McCrea in "Three Blind Mice"

"CALL THE MESQUITEERS" — Western movie fans will see a new type of action picture at the Pennington-Alan theatre next Friday and Saturday, July 8 and 9, when the Three Mesquiteers turn in their most exciting performance to date in Republic's "Call the Mesquiteers."

When a gang of western criminals come west to prey upon helpless ranchers, and then turn the evidence so it appears that three innocent cowpunchers are guilty of the crimes, the trio naturally becomes infuriated.

With Bob Livingston, Ray Corrigan and Max Terhune as the cowboys seeking to prove their innocence, and lovely Lynn Roberts, little Sammy McKim and Earl Hodgins in supporting roles, "Call the Mesquiteers" is one of the most entertaining western films of the current season.

"THREE BLIND MICE" — The new Darryl F. Zanuck romantic hit from the 20th Century-Fox studios, comes to the Pennington-Alan theatre Sunday and Monday, July 10 and 11 as a distinct innovation in motion picture production.

While the usual procedure has been to make established stage successes and bring them out in screen versions, this production reverses the order by giving movie fandom a glittering cinematic form of Stephen Sondheim's play — before the scheduled London and Broadway openings.

Assurance of a maximum of romantic beauty has been established by the selection of Loretta Young and Joel McCrea as co-stars.

"Three Blind Mice" also adds a brilliant cast which includes David Niven, Stuart Erwin, Marjorie Weaver, Pauline Moore, Bunnie Barnes and Jane Darwell.

In the capable hands of veteran director William A. Seiter the ethereal charm of Miss Young, according to preview reports, registers a new thrilling portrayal.

Miss Young, Miss Weaver and Miss Moore form the trio of mid-Western girls who gamble their entire inheritance on the theory that it is just as easy to fall in love with a rich man as a poor one.

"THE CRIME OF DR. HALLET" — "The Crime of Dr. Hallet" which opens at the Pennington-Alan theatre July 15 and 16, is a powerful and poignant picture. It tells of the heart strings and holds the interest from the moment that Dr. Hallet is

first seen fighting a tragic misunderstanding in his Sumatran jungle laboratory, until the moment when he plucks victory and love from the jaws of defeat, and the snafes of hatred.

The story of this picture concerns a battle of elemental love and hate, with men and women aroused to primal emotion at fever heat, against a background of "heroic martyrdom to science. Hallet goes to Sumatra to find a fever cure, and falls in love with his woman assistant, Dr. Reynolds. When Dr. Saunders — another assistant dies through an imperfect experiment, Hallet takes his name to carry on his work to fulfillment. Then Saunders' wife, Claire, arrives and threatens exposure.

Ralph Bellamy is outstanding as Dr. Hallet. William Gargan, as his ironical assistant, revels in one of the picture's best roles. Josephine Hutchinson, as Hallet's sweetheart, Dr. Reynolds, gives a touching portrayal, while Barbara Read, as Claire, and John King, as the idealistic Dr. Saunders, round out a most convincing cast. S. Sylvan Simon's direction is grand.

WAYNE COUNTY BREEDER WINS NATIONAL HONORS

A Guernsey bull, Elmo's Juno of Cowham Farm, 193388, bred by W. A. Fisher of Rochester, and owned by Sam Born of Detroit, has just won national recognition.

This bull, having five daughters

which have made creditable official records, has been entered in the Advanced Register of the American Guernsey Cattle Club. Elmo's Juno of Cowham Farm, will be known hereafter as an Advanced Register sire. Only Guernseys which meet high production requirements are eligible for entry. The five daughters which have completed official records are Juno's Maide of Cowham Farm 414953, Elmo's Daphne of Cowham Farm 386723, Juno's Tressie of Cowham Farm 386725 and Juno's Sunlight of Cowham Farm 386718.

A man's "religion" consists not of the many things he is in doubt of and tries to believe, but of the few he is assured of, and has no need of effort for believing. — Carlyle.

CARD OF THANKS
 We wish to thank the many persons of Northville, Plymouth and the Detroit House of Correction who were so generous in their assistance at the time of the burning of our furniture factory last week. Our neighbors and business associates have gone out of their way to carry out acts of kindness and this we greatly appreciate. It has given us the courage to attempt to make future plans which may materialize here.

MERCHANTS' TEAM DROPS TWO GAMES
 Northville Merchants celebrated their fourth week end by letting the opposition do most of the shooting. On Sunday they lost to Wyandotte playing their game there and losing 6 to 5. The lineup was altered through absence of several regulars.
 Dayton Deal suffered a badly twisted ankle in rounding second and had to retire from the game.
 On the fourth, "Dutty" Moore blew up. It was the first time this year he hasn't shacked the opposition with the greatest of ease. And the team sort of had visions of all the cool places they should have been, so they didn't give Moore much of a lead to work on. Plymouth Schrader won 9 to 4.
 Northville is now in fifth place. This Sunday the Merchants play Belleville at Cass Bpton.

4-DAY HORSE SHOW IS FAIR WEEK EVENT

(Continued from page 1)
 trophy on Mountain Fashion last year, will defend the trophy.
 New classes mark the senior horse show program for August. Added to the classes are the working hunters, the thoroughbred hunters and the scurry jumpers. This latter class will replace the outside course for the President's cup. It will be a timed event in the ring over eight jumps. Another class, to be used here for the first time in the middle west, will be the "lottery for jumpers." It was used this spring at some of the Virginia shows and gained immediate popularity. In this event, the rider pulls a number (4 to 8) from a bag in the ring. The number he draws will indicate the number of jumps he must make in the class. Jump-offs will also require drawing.
 Major Roy Bierworth, Capt. Victor Gaberino and Lieut. Cass Kershaw of the 106th Cavalry will participate in the senior show and will stage a mounted military rifle drill with 30 men. The military demonstration given here last August was repeated this summer at the Detroit National Horse Show and was so commendable that officers of the Toronto Exposition have asked that it be given in Toronto at the fall exposition.
 There will be four challenge trophies, in addition to \$1,500 in cash awards given this year at the four-day show which will include some 55 classes.

TOBY RECEIVES TITLE THIS WEEK

 he can look down on traffic. The officer is a perch on Cornin's back. This doesn't interest him so much during the winter months when the "Cornins" are in Florida. Today, he's taken a liking to the window of Tony Carrington's insurance office around the corner.
 Sundays when the slope is noisy with children who come to buy the funny papers and ice cream cones, Toby retreats to the basement and is not seen until the regular Monday trade begins.
 Any medical attention that Toby needs must be administered by Victor Lumley of the prescription department. "Vic" has a way about him and when Toby has an ache or a pain he frisks him out for nothing and relief.
 Toby's silhouette appears in this week's advertising columns and will be seen there frequently in the months to come.
