is the paper buyer and the designer can get together on the matter of page sizes, it's safe to say that the Ford appreciation booklet will be received by Henry Ford on the date of his seventy-fifth birthday anniversary, Saturday, July 30.

Until Wednesday of this week, the paper buyer who is also the man who's to cut the sheets the exact size, and Bud Raysor, who is the cover designer, were having their troubles getting together with Orlow G. Owen, the man who ran around all day Thursday getting signatures from all the village organizations: heads

All this had to do with the book-let the organizations of Northville are sending to Ford along with birthday greetings to let him know just what his industrial enterprise there has meant to the village at large.

The cover, which Raynor has made for the booklet, is designed of hand-tooled leather. It encases manila paper.

HONOR BURKART

Former Northville Mayor Is  
Presented with  
Golf Clubs

His friends and village leaders, in number joined in giving Dr. H. Burkart a fine farewell Thursday evening, July 21, at the Northville Riding and Hunt club. Dr. Burkart has sold his practice here, and taken a place on the faculty of the dental college at Atlanta.

Following dinner friends and associates of Dr Burkart rose to the occasion and expressed their appreciation of his public and professional career in Detroitville and Michigan Orlow even introduced M J Murphy who was toastmaster.

Mayor A S Nichols spoke for the Mayor Citizens Di Burkart's contribution of time to the community while serving as his predecessor as village president.

A. A. Holcomb recalled his association with Dr. Burkart not only at the University of Michigan and at Wallied Lake, where they shared offices. They occupied their offices in Northville five years ago, and Dr. Burkart, who is now in Philadelphia and Elton R. Eaton also is in Philadelphia, was called upon by Toaster Morphy.

Dr. W. C. McBride, Detroit, praised Dr. Burkart's ability and bright future in the dental profession. Dr. Edward Kerr, who has purchased the practice and equipment was also produced.

Dr. Owen made the presentation

the farewell gift of the group, present, and Dr. Burkart responded with his thanks for the gift and the community, expressing his regret at leaving the community.

In this modern factory, valves for Ford cars are made. When production is tops, 70,000 valves daily can be turned out from the 80 welter machines.

The structure was completed in September, 1936, when the former building became inadequate for the volume of production which was demanded.

The Felician Sisters will take  
charge of the children at the Sun-  
day Masses each week. We would  
prefer having most of the children  
attend the first Mass. We ask par-  
ents to let their children sit among  
the groups that will be under the  
supervision of the Sisters.

The singing at Sunday Masses and  
the playing of the organ will also  
be supervised by one of the Sisters.  
We ask the ladies of the parish and  
the two women societies to assume  
the kind arrangement of transporta-

world on Sunday, July 31.  
The Golden Text, (Psalm 145:9),  
"The Lord is good to all, and his  
tender mercies are over all his  
works."  
Among the Bible citations is this  
passage: (1 John 4:16) "And we  
have known and believed the love  
that God hath to us. God is love,  
and he that dwelleth in love dwelleth  
in God and God in him."  
Corrective passages to be read  
from the Christian Science textbook  
"Science and Health with Key to the  
Scriptures" by Mary Baker Eddy  
include the following (page 494):  
"Divine Love always has met and  
always will meet every human need."

Kay Francis Returns to Local Screen  
in New Vehicle, "My Bill," This Week

"MY BILL," starring Kay Francis, which  
opens Sunday and Monday, July 31  
and Aug. 1 at the Penniman-Alton  
theatre.  
They had been sweethearts bet-  
ter than being relatives, despite the  
fact that the claimed there was no  
real romance between them, both  
having other near interests off the  
screen.

include the following (page 494):  
"Divine Love always has met and  
always will meet every human need."

Murphy, like Anita, was a child-  
star a few years ago. Unlike Anita,  
he wasn't in romantic roles when 13  
or even for quite a few years after-  
wards. He played typical American  
boy parts.

The discovery that the easiest  
sort of acting for young players is  
loving, came to young Murphy  
very recently. He did a screen test  
love scene with a young lady whose

entertained a few friends and relatives  
Sunday night. Cards were the  
conversation.  
Mrs. Martha Addis and daughter,  
Miss Shirley, were Sunday guests of  
Miss Max Bergin of Howell.

Mr. and Mrs. Max Hass and son  
Bobby, were Sunday visitors of Mr.  
and Mrs. Thomas Clarke.  
Deputy sheriffs were this week  
investigating complaints that a dog  
hospital had been established in a  
residence in the Folker subdivision,  
near Eight Mile road and was be-  
coming a nuisance to neighbors. It  
is understood that a settlement was  
reached.

Mr. and Mrs. Walter Hogan, Mr.  
and Mrs. Norman Lawrence and  
Florence Starnie of Detroit, were  
Sunday afternoon guests of Mr. and  
Mrs. Thomas Clarke.

Miss Idale Coolman is spending  
two weeks at a girl's camp, spon-  
sored by the United Veterans.

Mrs. Leigh Marx, accompanied by  
Mrs. Earl Redding and daughter,  
Virginia, Mrs. Harry Steele Mrs.  
Carson Baldwin and Mrs. Ned

name, for obvious reasons he's keep-  
ing to himself. He thought he and  
the young lady did a bad job of it  
before the cameras. To his sur-  
prise, the director applauded. Then  
came his partner's faux pas.  
"We should have done it well,"  
said she. "You see, I spent a long  
time rehearsing it the other night,  
when we met at a party."

"WALKING DOWN BROADWAY"  
Exciting as Broadway itself  
as teeming with drama as its shad-  
ows and streets, "Walking Down  
Broadway" comes to the Penniman-  
Allen theatre on Wednesday, Aug. 31.

This absorbing 20th Century-Fox  
production probes behind the glitter  
of the theatre's spotlight and un-  
ravels the skeins which the fates  
have woven for the lives of six  
showgirls. Six girls who knew long-  
ing and desperation, laughter  
and triumph.

Claire Trevor is the girl who never  
lost her head until she knew she  
was losing the man she loved. Phyl-  
is Brooks is the lass who could re-  
sist anything except temptation.  
Leah Ray liked excitement, but  
knew too many tacklers for her  
own good. Dixie Dunbar went with  
her sugar daddy, but didn't go for  
him. Linn Barr dared dream of her  
name in lights no matter what the  
cost, and Jayne Reegan was the one  
who was smart enough to cling  
to her illusions.

Into the heart-catching story of  
their lives come the men who may-  
nana break their centers. — Michael  
Whalen, Tom Beck, Douglas, Fay-  
ley, Walter Woolf King and Jed  
Prouty.

"JOSETTE"  
The sauciest escapade in the his-  
tory of love as gay as the "Mud-  
Gras" with three delightful stars and  
merriment with Gordon and Revell tun-  
ings, Don Ameche, Simone Signe-  
ra and Robert Young to the Penni-  
man-Alton theatre on Aug. 5 and 6  
in 20th Century-Fox's comedy hit  
"Josette."

It's live amour in naughty New  
Orleans as Don and Bob chase  
Simone, who must think faster than  
one and run faster than the other—  
but not too much faster. She's  
got zai! And she's got zai! The test-  
ing little coquette has talked  
herself into a pretty mix-up, so that  
there are two Josettes one for the  
boys' Papa and another for the boys  
themselves.

To prevent Papa's proposed re-  
marriage with a scheming beauty,  
Don and Bob pack him off to New  
York, so naturally he takes his Jos-  
ette with him. Josette No. 2 re-  
mains in the gay city of the South  
for the oo-la-la laughing court-  
ship in the annals of romance.

Bert Lahr heads the featured cast  
with Joan Davis, who recently was  
acclaimed No. 1 comedienne by a

New York newspaper's nation-wide  
poll. Paul Hurst, William Collier,  
Sr., and Tala Birell have prominent  
roles in the film.

Darryl F. Zanuck, 20th Century-  
Fox master, selected Alan Dwan  
to direct the film, dedicated to  
Life, Liberty and Pursuit of Jus-  
tice. "Gene Markey served as as-  
sociate producer for the screen play  
by James Edward Grant, based upon  
a play by Paul Frank and George  
Fraser from a story by Ladislav  
Vodnal.

The three new Gordon and Revel  
numbers are: "May I Drop A Pearl  
In Your Glass of Wine?" "In Any  
Language" and "Where in the  
World."

"START CHEERING"  
The newest thing in college musi-  
cal, Columbia's "Start Cheering,"  
opens Wednesday Aug. 10 at the  
Penniman-Alton theatre with a large  
cast of star names: Jimmy Durante,  
Walter Connolly, Joan Perry, Ger-  
trude Niesen, Charles Starrett, Pro-  
fessor Quizz, Raymond Walburn. The  
Three Stooges, Broderick Crawford,  
Hal LeRoy and Jonna Green and  
his orchestra head the line-up. Out-  
bers in the cast include Ernest Thes-  
s, Virginia Dale, Chaz Chase, Jimmy  
Wallington and Louie Prima and  
his band. Eugene Solow, Richard  
E. Werners and Philip Rapp wrote  
the screen play from the story by  
Coe Ford. Albert S. Rogell di-  
rected.

"ISLAND IN THE SKY"  
"Dancing in the clouds one min-  
ute—knee deep in a murder case  
the next!"  
Gloria Stuart and Michael Whal-  
en plan their no-nonsense in Mi-  
chael's highest hi-de-ho spot. One  
to find what they think is just  
another routine murder case is just  
about the most exciting mystery of  
the year.

When Assistant District Attorney  
Michael Whalen announces his en-  
gagement to secretary Gloria Stuart  
at the "Island in the Sky" night  
club, Paul Hurst marches in with  
news of a new murder which knocks  
the couples plans for a honeymoon  
into indefinite postponement.

It's just an open-and-shut case to  
Michael, for young Robert Keillard,  
suspected of the crime, refuses to  
talk. His subsequent sentence to the  
chair almost breaks the spirit of his  
sweetheart, June Storey, whose cour-  
age is maintained only by Gloria's  
determination to risk Michael's re-  
putation in some sleuthing of her  
own.

Gloria suspects there is more be-  
hind Michael's simple solution and  
she tracks down Paul Kelly in the  
State prison to prove her point.  
Well—stop here for suspense.

## CAMP FIRE GIRLS

By RHEA WALLING, Scribe  
Marjorie Farmer, president,  
called the weekly Camp Fire Girls'  
meeting to order at 2 p. m. Thurs-  
day, July 14. There were nine girls  
present.  
Lois Taft invited the girls to make  
out to her home for this week's  
meeting and "cookout."  
Then the first aid lesson was pre-  
sented. Laura Bolton pretended to  
be overcome by sunstroke. Patsy  
Craig administered first aid and the  
group as a whole practiced taking  
one another's pulses.  
Phyllis Hancock and Dorothy Van  
Valkejour reviewed the fainting  
lesson.  
Donna Dickerson suffered from  
heat exhaustion, supposedly while  
out in the park. Lois Taft came  
along and administered first aid.

## NEWS AROUND NORTHVILLE

Mr. and Mrs. L. B. Holmes are vacationing this week at Howard City.

Mrs. Thomas F. Payne is confined to her home on Randolph street, because of illness.

Guests this week of Mrs. B. G. Perkins are Mrs. E. C. Wellwood and daughter, Miss Barbara of Detroit.

Miss Barbara Phillips will be hostess this afternoon to the members of the Junior Horse Show Committee.

Fred Warner Neal of Transradio Press, Detroit, plans to leave the first of the week for a vacation and business trip to New York.

Paul Riddick, 17, Drowns Sunday in Swan's Lake.

Paul Riddick, 17-year-old son of Mr. and Mrs. Foster W. Riddick, and nephew of Mrs. Richard T. Baldwin, drowned Sunday in Swan's Lake, one mile south of Concord where he was swimming with his cousin, Jack Paton, 17, of Orinda, Calif.

Paul, whose home was in Columbia City, Ind., where his father is editor of the Columbia City (Ind.) Commercial Mail, had driven to the lake to spend the day after visiting at the home of Mr. and Mrs. C. E. Maywood of Jackson road. Late afternoon swim led to the tragedy.

The two boys decided to swim across the lake and back. Both boys were overtaken by exhaustion on the return trip, and shouted for help. Riddick sank before aid could reach them. Paton was rescued by a boater William Mulvaney of Albion.

"This was the first drowning at Swan's Lake in 30 years, and for the first time in years, a life guard was placed on duty this month."

A glass bottom boat and diving equipment were used by the seamen who found the boy at 11:55 a. m. Tuesday, just five minutes before diving operations were to be suspended and replaced by further dragging efforts. Paul's body was found in 35 feet of water some distance to the south of where the boy disappeared. Larry Haynes of Jackson was the diver who found the body.

Funeral rites were held at 3 p. m. Wednesday in Albion and burial was made in Riverside cemetery in that place. Surviving Paul in his immediate family are his parents Mr. and Mrs. Foster W. Riddick, and his sister, Miriam.

Paul was to have entered DePaul University in the fall having been awarded a Pector scholarship after winning many high school honors. He was editor of his school paper.

a member of the school debating team that was runner-up for the state championship and a member of the high school orchestra. Last summer, he took a European bicycle trip.

Mr. and Mrs. Baldwin left Monday for Albion where they remained until after the funeral. Mrs. Russell M. Atchison and Philip Baldwin attended the rites Wednesday afternoon.

The association plans to have a meeting with farmers in this area sometime in September at which the "Williamston" plan for establishing hunting areas will be considered.

## CONTROVERSY

The editor has requested a member of The Record staff to prepare a "pro" to T. J. Werle's "con" on the matter of the Roosevelt love of travel and the cost of his personal office. Both articles appear below, unedited. The Record will be pleased to receive comment on this controversy. Is Mr. Werle right in his contention? Does the Hassler article meet the issues squarely?

Keep your letters brief, and address them to: THE RECORD, BOX 200, NORTHVILLE, MICH.

### PRESIDENT

By THEODORE WERLE

The American people have been seren in the belief that there is something approaching the sacred in the office of their president. It hasn't seemed necessary, for example, to prohibit a president from selling public documents for private profit, or from selling his time and thought while in office for private gain, because—well, because it never occurred to us that a man elevated to that high office would do such a thing. We are free beyond the point even of lavishness, in giving him money for personal purposes while he is in office. Everyone knows, of course, that the president's salary is \$75,000 a year—better than \$205 for every day he is in office, whether he works or not. According to a recent "Mercury" article, the president has not been given over much to work. He's been away from his desk at travel and play more than one-third of the time he has been in office. We say you and I—nevertheless paid him his full salary while he went about his pleasures, and we also paid his expenses. The net cost to the people of the United States, of Franklin Delano Roosevelt, according to the above mentioned article, has been nearly \$1,000 a day since we made him president. This money we have given him for his personal services and personal extravagances—at a time when our country's finances are approaching a desperate state and when men are begging for bread. This man, whom we pay a munificent salary, received also, before the present junket, \$121,000 for travel and entertainment, nearly a quarter of a million dollars more for "contingent expenses," an additional half a million dollars worth of free rides on naval cruisers and destroyers for his week ending, and other magnificent travel.

We have not been begrudging in what we have allowed him. But is something of bad taste in blatant display and extravagant spending, at our expense, when our nation is being driven into staggering debt, when men and women and children are forced to pull in their belts and live on bare subsistence rations, when taxes are rising and all thoughtful people are living carefully and sparingly? A man who cannot understand wherein by these things he outages the trust imposed upon him by the people of this land when they honored him, has been too greatly honored.

These things, and others that have gone before, make clearer some dim things of the past. Colonel Theodore Roosevelt Jr., called the president and his kin, during one of the pre-election campaign speeches—called them "Mavericks of the Roosevelt family." I didn't like it at the time—thought it unduly harsh. Maybe the cousins know one another.

### OBITUARY

ARTHUR JOHN OLSON

Death claimed Arthur John Olson, aged 46 years, as a victim Saturday, July 23, of pneumonia. Death claimed him at Grace hospital, Detroit where he was being treated.

He was born Dec. 19, 1892, at Brainerd, Minn., the son of John and Sarah Olson.

For the past ten years he had made his home at Walled Lake, where he was a member of the First Baptist church, the American Legion and the Electrical Contractors' association. He was an electrician.

The body lay in state at the Casserline Funeral Home until 1 p. m. Tuesday. Last rites were held at 2:30 p. m. Tuesday, July 26, from the Baptist church at Walled Lake, with the Rev. William W. Pixley and the Rev. J. K. MacRae officiating. Burial was made in the White Chapel cemetery.

Surviving him are his wife, Esther; and six sisters, Mrs. George Cakes of St. Paul, Minn.; Mrs. Boyd Hamilton of Minneapolis, Minn.; Mrs. George Lunner, Mrs. George Wyatt and Mrs. Mabel Olson of Brainerd, Minn.

### CIVIL SERVICE EXAMS

The United States Civil Service Commission has announced an open competitive examination for the position named below.

For this examination, applications must be on file with the Civil Service Commission, Washington, D. C., not later than Aug. 10, if received from States east of Colorado, and not later than Aug. 15, if received from Colorado and States westward.

Director of Unemployment Insurance, \$10,000 a year, Railroad Retirement Board, Board and progressively important administrative experience in the field of government, or social insurance, or industrial relations, or labor organization, or labor legislation or railroad management, is required, except for the partial substitution of certain educational training. Applica-

the Fort over 100 years before the Stars and Stripes took possession. It is stated that one-quarter of a million people visit Fort Mackinac annually, and most of these are guided on tours around the Fort conducted by the Scouts.

### Gundry Changes Old Age Setup

Auditor General George T. Gundry, announced today that on Aug. 15, the task of writing Old Age Assistance checks, would be transferred from his department to the State Welfare Department.

Mr. Gundry explained that due to new auditing methods set up by Social Security Commissions, it was necessary to make the change.

Gundry emphasized that his department would still audit the amounts vouchered him by the Welfare Department and that his staff would check all pension accounts thoroughly before they are received by him for signature.

Observers pointed out that Gundry's department would no longer be responsible for the Old Age Assistance warrants to the recipients as this work would also be done by the augmented staff of the Welfare Department.

It is expected that under the new methods of procedure, administrative costs of the Auditor General's Department will be materially decreased.

### The Farmers' Corner

By E. I. BESEMER, County Agent

The agent, Maurice Bird, Wilbur Bird, and Ben Butler visited the Soil Conservation Project at Benton Harbor July 20.

The project was approved in May 1936, and since then 130 farm plots (7126 acres) have been completed.

The farms have been planned to make the best use of the land and conserve the soil. The following life-sized demonstrations, under farm conditions were visited—strip cropping, contour field striping, rearrangement of fields, orchards planted on the contour, sod waterways, cover crops, mulch, green manure, terraces, diversion ditches, dams, gully control and plantings, windbreaks and brushing of sand blows, plots to measure soil and moisture loss, timber stand improvement and retirement of land to reforestation and pasture.

A similar project designed for general farming conditions is being developed in the vicinity of Haverhill.

Next month August brings three important events for farm folk, the Northville Wayne County Fair, the State Fair, and the Vegetable Growers Association convention.

Each event will bring something of importance of an educational nature. The County Fair will bring together some of the best products of the county, the State Fair will bring exhibits from all over the State, the Vegetable Growers convention will bring folks from several states together to exchange ideas and learn of new and improved methods in vegetable production.

Our local folks will find something of value in each of these.

### Bins Need To Be Bug Free

Farmers contemplating storing grain either to obtain a federal wheat loan or for ordinary future use will need to clean and disinfect the bins.

Ray Hutson, Michigan State college entomologist suggests a number of pointers to aid grain men in this work.

Before putting the new grain into the bin, make sure that the bin is clean and tight. The sweepings from the bin should be removed from the immediate vicinity and burned to destroy any possible source of insect infestation such as might come from grain beetles and other insects that could work themselves back into the bins and damage the newly stored grain.

After the bins have been thoroughly cleaned by sweeping, the bin should be scrubbed with an old broom and boiled kerosene and water. Hutson suggests a pound of ordinary crystal lye to each gallon of water. This solution should be worked down into the cracks and crevices. If the bin is made of wood, after the bin has dried, the inside should be lined with several thicknesses of building paper or newspapers overlapped at the edges and held by tape. Not only should the floor be covered by the paper but also the sides of the bin.

"If at all possible, never place new grain upon the old grain or next to it," Hutson cautions.

Further details about grain storage may be obtained from four county agricultural agents or by writing to the Michigan State college Department of Entomology, East Lansing.

Archaeology involves a general knowledge of architecture, art, literature, history, geology and zoology, as well as of languages. General training is followed by specialization in classical archaeology, Greek, Roman, Etruscan, prehistoric archaeology, Semitic, Egyptology or American archaeology.

### Walled Lake Residents Circulate

#### Petition for Vote on Mill Issue

By C. E. HUTTON

WALLED LAKE—Petitions circulated in the Walled Lake school district during the past week will be presented to the Walled Lake Board of Education Thursday night, requesting that another election be called to vote on raising the tax limitation by three mills to provide for retirement of building bonds, which it is proposed to issue.

The bond issue was given approval in an election held July 18, but the increase in the tax limit failed to pass by four votes.

Many residents of the district feel that failure of the millage issue to pass by such a close margin indicates that another election would gain the necessary approval to assure the proposed additions and alterations to the Walled Lake school building.

Anticipating the second vote, the Board opened a registration period on Saturday, during which time any resident of the district may register. The final day for registering is Saturday, July 30.

All electors, whether or not they are taxpayers may vote on the question of tax limitation, which will be the only item on the next ballot, according to officials.

A fire at 10 p. m. Saturday night destroyed the shoke house and damaged a packing house and one other small, vacant building of the Lake-side Products Company of Walled Lake. The fire, of undetermined origin, caused damage estimated at \$400. It was insured. Walled Lake and Novi fire departments were called and saved the packing house and other buildings.

A grass fire in a field adjacent to the Walled Lake Amusement Park Monday afternoon threatened damage to the park property but was extinguished by the Walled Lake department.

Something new, something different, will be in line for the Walled Lake ladies Aug. 10, at one o'clock, when the Civic Welfare club sponsors a desert bridge at the home of Mrs. Kenneth Wacker. (At least, it's a new one on me.) Mrs. Wacker lives at 171 Hillside Drive. Although called a desert bridge, the games will not be limited to such mental strain, inasmuch as you may play anything you wish, bridge or what-not. There will be table prizes, too. Everyone is invited, but are asked to make reservations with Mrs. Howard McFarland by Monday, Aug. 8.

But before that the Melmoct ladies are going to have what they have termed a "supper night" on the paragon lawn, beginning at 5 p. m. Aug. 4. You'd be surprised what they are going to offer in the way of entertainment for the public, which is invited.

Committees are made up of Mr. Charles Hutton, Mrs. Harold Trapp, Mrs. C. V. Mercer, Mrs. Earl Skutumpah, Mrs. Frank Miner, Mrs. D. C. Cumes, Mrs. George Willard, Mrs. Larry Gilliam, Mrs. Edith Barritt, Mrs. Minnie Hutton, Mrs. M. C. Post, Mrs. William Kothe, Mrs. Earl Lare, Mrs. Shirley Post and Mrs. Vera Philip. Frank Carrier will be master of ceremonies.

Just to tip you off, I gather that suchables as hamburgers, ice cream, coffee, lemonade, popcorn and baked goods will be available. Other booths will be an old time booth, fish booth, candy booth and scooters.

The program will include music by the high school band, a mixed quartet, xylophone, soloists, reader and community singing.

Violet Kellman of Bellfontaine, O., narrowly escaped injury Friday night when the car she was driving collided with one driven by E. L. on Randall of route one, Birmingham, Randell, driving south on Halstead road, said he stooped at Maple and then drove across road seeing the Kellman car coming west on Maple, when Kellman turned over in a ditch. Neither driver was injured but both cars were badly damaged.

A small trailer, belonging to William Kothe was stolen from the rear of his home Wednesday night, according to Deputy E. L. McQuinn who investigated. Two radios were taken from the Union Lake school, sometime Thursday night. Dep. McQuinn warns residents of the community to take greater precautions against petty-theft. Several thefts have been reported during the past few weeks.

## Efficient Seeing

Devoted to Eye Welfare for Everyone

### TO MAKE YOUR EYE-SIGHT LAST YOUR LIFETIME!

Your need not worry particularly about total blindness—not any more than you would about total loss of hearing. They do happen, but they are not the common lot. But partial loss of vision in almost all our senses is so common as to be "commonplace"—and therefore neglected.

The frantic efforts of people to overcome dulled hearing are known to you. That is because the partially-deaf person knows how much of life is being missed. The person with dulled seeing capacity doesn't know it! Do you ever realize that the person he is living with does not see something? Rarely. But ask an artist—he will tell you of form, color and incident that has completely escaped your attention.

For your most complete success and happiness in life, you must be visually adapted to the

conditions in which you will live. What will serve another will not necessarily "do" for you. That makes indiscriminate buying of "eye-glasses" limiting, if not actually dangerous to your welfare.

To make your eye-sight last your lifetime is the work of the professional optometrist. He knows beyond the symptoms (the headaches, the "burn" around the head, the tired feeling, the blurs, the scratchy eyelids) to the causes of these evidences of discomfort. He plans a continuous campaign of care. How silly it would be to think of cleaning the teeth only in the dentist's office! Visual conditions are locked-up with bodily conditions. That which happens to your entire bodily system also happens to your visual system—either direct or by reflexive action. Perpetual care and constant readaptations are the way to make eye-sight last a lifetime.

FOR COOKING?

... then you can afford ELECTRIC cooking

This is the latest average cost figure for a family of 3

# NOW!

Perhaps you have always wanted an electric range, but felt that it cost too much to operate. You will be pleasantly surprised at the newest cost figures just compiled by actual meter test, over a period of a year's time. In the survey, 5 well known makes of electric ranges and 8 different models were included. The ranges were used in kitchens in actual homes, under everyday working conditions, by women cooking meals daily. The average cooking cost for families of three is only \$1.55 A MONTH. Electric cooking on today's modern ranges is not expensive. Why not install an electric range in your kitchen now—so that you can enjoy its comfort through the warm summer months?

See the new electric ranges on display at department stores, electrical dealers or a Dept. of Public Affairs.

His whooping brought father who rushed out of sorts at the ticklish job, bringing on louder cries of pain and more struggling from the hapless child. Finally father lost his patience and shouted loud enough to be heard a block around, "Cut out your having."

Then a look for punishment. Still upon people.

SEEN AND HEARD John Norton still has hopes of getting the village council to approve his tavern license. Gas is down to six for a \$100, (over 90 cents at two stations) a dry weather had affected some crops adversely before the Monday night rain. Lee Dickie harvested 44 bushels of what best quality to the acre on his farm west on Base Line.

The union services of the Baptist, Methodist and Presbyterian churches are well attended and well ministered. Elmer Smith, Chub Smith, Edmund Yerkes and Warner Neal are charter members of the summer white suit club. Gbye.

When Not to Add "Jr." Emily Post in "Etiquette" says, "It is improper for a man to continue adding Jr. to his name after the death of his senior. In the same way it is improper to continue calling a boy John Smith III if either John Smith or John Smith, Jr., has died. Junior always means the son or grandson of a man of the same name; II means the nephew or the cousin of a man of the same name."

Kinds of Pacific Salmon There are five kinds of Pacific salmon—the quinnat, the blueback, the silver, the chum and the pink salmon, of which the quinnat, the blueback and the pink are the most important.

### Ford's Contribution to Northville

This view of the landscaping that surrounds the Ford factory reveals the extensiveness of the beautification project which Henry Ford has undertaken.

### MAKE EXTENSIVE CHANGES IN HOME DIVISION OF FAIR

(Continued from page 1) Over 70 years of age has been dropped and replaced by an extra class which includes: Doll, garments, animal and doll toys, wood handicraft. Enlarged extensively is the antique division which has the following new entries: Shells, mold, cups, farm implements, kettles, lamp, mirrors, novelties, old crockery, old lace, old silver, old luggage, oldest toy, oldest pitcher, oldest picture, oldest platter, old paper, oldest plate, old dishes, pistols, pitchers, powder horn, silver, shavers, vases, and wooden bowls and boxes. In the choicest varieties of the floral division, an entry is given over to potted plants, practically the only new class to be offered.

### INKSTER'S WIN SHOVS VILLAGERS INTO THIRD PLACE

(Continued from page 1) outs previous to Sunday's encounter. He struck out four and walked one, batter Scheffler who is doing the catching for the local boys during the absence of George Westphal, regular catcher, collected three hits in four times up. This Sunday Northville meets Whitehead-Rales at River Rouge and this game will be a battle for third place in the play-offs. Should Northville lose they will be eliminated from a play-off position. This makes it important for the Meigs to win this Sunday as their schedule for the next two weeks is heavy. They have games at the Northville Fair to play as well as meeting some of the top teams in the fair-county league, including Cass, Benton, Hamtramack and Plymouth Schrader on following Sunday. Northville will be out to win the game Sunday, and it will be a worthwhile contest for any fans who journey to River Rouge with the team.

(Continued from page 1) singularly high in its public relations. It seems to follow the policy that if you give service to the customer, it won't be necessary to give lip-service to the political opportunist.

### Change Is Not Wanted

Illustrating this is the company's stand on this franchise itself. It will not, it has not asked a franchise in Northville township differing in one iota from any other franchise granted it by other communities. It does not propose to make one contract with Northville and another with a community seeking something a little different. The same services, the same rates prevail through the whole Detroit Edison territory from Pontiac to Barabes to Monroe, from Williams to Detroit.

The franchise to be voted on specifically guarantees Northville customers the same rates prevailing in Detroit. Thus if Northville and Detroit were to compete for the location of a factory, the cost of power would be an equal factor in both communities. These rates are under the surveillance of the Michigan Public Utilities Commission and subject to revision by them when deemed practicable.

A voter may ask: "Why does the franchise extend for 30 years? Isn't that a long time?" Thirty years ago

some franchises were granted for all time, but today the State utility commission has established the 30-year term for franchises as a standard. It guarantees the utility for the greatest service to its customers. Construction plans can be worked out on a long-term basis and worked out on a long-term basis and for greatest economy. Stability is given the utility structure. After all, the voters have promise of Detroit Edison's future policy in what it has done under the old franchise.

About Municipal Plants Another question that arises frequently in any discussion of franchise-granting has to do with public ownership of local utilities. "Would not Northville be better off with its own generating plant and distributing system?"

One answer to this is in the plain fact that only two communities within the Detroit Edison area have municipal plants—Sebewaing and Wyandotte. In this territory the company has 344 active local franchises. This ratio speaks well for the advantages of a Detroit Edison franchise. Northville enjoys the advantages too of economies effected by great central generating stations of the advanced technology of the larger system, and freedom from power interruptions that but with more effect on the isolated small plant.

A group of farmers in the northern portion of the Thumb have established their own electric cooperative, comparable in many ways to a municipally-owned system, yet it cost the coop patrol \$5.97 for 100 kilowatt-hours per month for service, compared to a cost of \$3.39 per 100 kilowatt-hours for farmers on the Edison lines. The cooperative has all the blessings a government agency can bestow on its brain child, yet it does not offer rates so low as a private utility operating in neighboring localities.

(The second and final article of this survey will discuss rates, service and customer relations of the Detroit Edison company.)
