

COUNCILMEN WILL APPEAL COURT CASE

Culbertson Wins Decision
in Reservoir Case
Against Village

Acting upon the recommendation of Village Attorney R. J. Cochran, members of the council voted Monday evening, Aug. 1, to appeal the Culbertson suit decision which has been handed down by Judge Herman Danahy in favor of H. B. Culbertson, contractor, to the extent of \$4,300.

Culbertson, contractor for the water reservoir project, which was acknowledged as completed June 19, 1937, filed suit against the village for approximately \$6,000 which he says is due him for work he did on the WPA project. Councilmen had withheld payment on a portion of the enterprise because of "unsatisfactory workmanship."

Although the court trial closed May 19, Judge Danahy did not hand down the decision until several weeks later. He indicated, however, at the end of the trial that he favored the contractor. He held the council, through Engineer Herald E. Hamill, responsible for the nature of the workmanship, contending that operations should have been stopped and the contractor made to tear down anything that might not be up to specifications.

The fact that repair work on the walls was authorized, rather than the rebuilding of the walls, was a strong point against the village. Attorney Cochran is optimistic about the outcome of an appeal of the decision. He told councilmen Monday evening that there was every reason to believe that a new trial would go in favor of the village.

EXCHANGITES PLAN CIVIC PROMOTION PROJECT FOR VILLAGE

A movement to forward Northville was initiated by the Exchange club at its regular meeting Wednesday noon in the Methodist church house where it heard a report of a special committee appointed to draft a civic program for both the club and the community.

Bob Leary, newest member of the club, delivered the findings of the committee which stressed the need of "drive" in establishing Northville before the world as an ideal community for homes and Wayne county's center of scenic beauty. The group discounted a belief that the village should strive to attract industries here and declared that more would be gained by advertising the town as a residential center.

With Mr. Leary on the committee appointed by President Ray Castorline were Dr. R. M. Atchison, Dr. D. A. Brief, Harold Church and Dr. H. I. Sparling.

Discussion of the report favored a plan to prepare a map of the Northville region for presentation to visitors and the erection of a sign on Seven Mile at Grand River pointing the direction to Northville and welcoming visitors. Mr. Leary was requested to collect information regarding the cost of the maps and signs. A festival advertising the community building and zoning regulations and adoption of a community slogan were advanced as also proposed for its part by better.

Horse Show Enthusiasts Reserve Ringside Boxes

Of the 70 boxes originally listed by the Horse Show committee for the four days events, Aug. 17-20, only 13 are left, says R. Edmund Dowling, secretary.

"We've already added 10 boxes to the ring and it begins to look now as if we'll have to make boxes anywhere around the ring to take care of the exhibitors and spectators," he commented.

Among the persons who have their boxes reserved are: Mr. and Mrs. Charles T. Fisher, Jr., Mr. and Mrs. Walter O. Briggs, Mr. and Mrs. Frank Couzens, Les Searle, Mr. and Mrs. Howard Whipple, Mr. and Mrs. Arlo M. Hauger, Mr. and Mrs. Robert F. Send Meals to Cottages
A concrete sidewalk makes its way from the main building to the cottages making it easy to push the electrically heated tray wagon which delivers the meals as hot as if they were served in the dining room.

A five-car garage is in addition to the nurses home. Extensive landscaping heightens the attractiveness of the grounds. Lattice work fences have been built to cover the necessary, but not lovely, look of coal sheds. A radio broadcasting system makes it possible for Dr. Wickham to talk to the patients, giving them advice and lectures regarding tuberculosis and the cure.

Eastlawn has over 100 maple trees on the grounds which have been tapped to make maple syrup and maple sugar. To increase the efficiency of the boiling down activities, a sugar-house has been constructed.

Four Young Villagers Return from Tour of State in Model T

With 1,236 miles of Michigan scenery behind them along with memories of five flat tires, a blow gas, speaks well of the car's performance, which had a straight run of 36 hours all the way to Big Bay.

The boys became the favorites of the camp at Big Bay. "People seemed to feel sorry for us or something 'cause they brought us all kinds of food to eat, including a ket of fish all cooked," Charles retorted, at the same time not belittling the special dishes each of the boys on the \$21 account which saw them through the trip. The village four some was joined at the last moment by Detroit Bill Bloom.

The trip was made in a not-too-sturdy Model T which boasted the best parts of three cars, put together with a great deal of care and an equal amount of hope by the boys, using Kenneth Rathbun's tools. Air for the tires all of which had been 20,000 miles, was put in by Starr Herrick, who admitted he thought the car and the tires would stand by the boys, but that he'd never start out under such sleazy conditions.

Car "Went Swell"
"We had to run" on three spark plugs from Brighton all the way up to Big Bay. Everytime we came to a hill we had to get out and push, we fixed that coming back. We averaged 22 miles an hour, reports Charles, who had on his hands from cranking the car. Loafly, he says the Model

15 YEARS AGO EASTLAWN MOVED TO VILLAGE HILL

July Marked Birthday
of Growing Home
for the Sick

July has marked the fifteenth birthday anniversary of Eastlawn sanatorium, which had its beginnings in Detroit in 1923, but seeking the quiet, peace and clean air of the country, came to rest on a Northville hilltop in 1923.

Eastlawn is Dr. A. B. Wickham's brain child. His tuberculosis career began in 1916 when he built a sleeping porch for a patient and the idea was so successful that soon he was building sleeping porches for other tuberculosis patients. Four years later a ten-acre plot on the east side of Detroit was selected where the first frame cottage was built and Eastlawn sanatorium came into existence.

Detroit Crowds San-Out
The rapid growth of Detroit sent the institution to Northville's wooded hills in 1923. Moving day came along; the main building was re-located; rooms were converted into wards and single rooms, porches were built, and the structure was rewired for lights.

The graduate patients of the early years would not feel much at home in the sanatorium today. The cottages have been removed to new locations, remodeled and redecorated inside. Each building boasts running hot and cold water, new oil, hot water radiators and shower baths. A new boiler house to accommodate the heating system has been erected.

A concrete sidewalk makes its way from the main building to the cottages making it easy to push the electrically heated tray wagon which delivers the meals as hot as if they were served in the dining room. INTRODUCING

Mr. and Mrs. Dick Hammermeister will be behind the counter of Hammer's hardware when it opens about Aug. 15 in the former D & C location next to Schrader's furniture store.

For two weeks they have been building shelving and counters, painting them and making ready for their business debut into the village. Their choice of Northville as a business location comes from Mr. Hammermeister's experience as a traveling paint and hardware salesman for years, during which he came to know Northville well. He decided that this would be the choicest site for a future business location, and the new hardware and paint store is a realization that is an ambition.

Mrs. Hammermeister is an interior decorator, the sister of Mrs. William A. Rose of Plymouth. Mr. Rose owns the Plymouth hardware.

Your reporter found Mr. Hammermeister a genial fellow and one easy to talk to.

VILLAGE FINISHES REFUND PAYMENTS

Thayer Boulevard, Center
Street Signers Are
Last To Benefit

The Village of Northville has some \$5,000 left after paying approximately \$40,000 in refunds to the taxpayers throughout the village who filed claims in circuit court on the default charge of the paving assessments levied excessively back in 1927 and 1928.

A sum of \$45,000 was set aside by the village with which to meet the claims of the taxpayers following a court order which came through last March. All claims have been met, Attorney John Crandell points out, and the village can use the remaining \$5,000 to retire bonds, thus cutting down on the bonded indebtedness. "Between \$30,000 and \$40,000 have been 'saved the village,'" Mr. Crandell commented, at the same time asking that persons call at his office for their checks.

The last of the tax refund petitions were taken care of this week, drawing a legal process which has been more than a year in the hands of lawyers Thayer boulevard and Center street taxpayers were the final claimants in the case.

Taxpayers of the village began the steps to regain refunds for the excessive taxation last summer when petitions were circulated. The Dunlap signers were the first to receive their refunds last March immediately after the court order was made.

18 Scouts Leave Sunday for Week's Camp at East Tawas

Eighteen Boy Scouts of the Northville troop will leave Sunday, Aug. 7, in George Simmons truck for a week of camping on the Owen site at East Tawas.

Four Scouts—Frank and Bob Hunter, Bob Parmenter and Lewis Foreman—began Tuesday morning a spring tour to East Tawas. When last heard from they were at the International Bridge in Port Huron. They were Scoutmaster Richard Loomis' every night to report their progress.

This year Mr. Loomis points out, the camp is being conducted on a strictly Scout basis. Activities will include nature study, hikes, spring burning contests, star study, athletic meets, tracking and signaling, treasure hunting, craft work, play hiking and camp fires.

On the gypsy hike, the boys will leave camp carrying just blankets and uncooked food. They will be away 24 hours.

While at camp, the boys will be divided into three patrols each of which will be under a boy leader. These boy leaders will be directly responsible to the adults, Mr. Loomis, Orlov G. Owen and Charles Schultze, who are in charge of the camp.

All swimming and general activities away from the camp will be under the direction of Mr. Owen, Mr. Schultze and Mr. Loomis.

W. R. C. TO MEET
The Woman's Relief Corps will hold its regular meeting Wednesday evening, Aug. 10, in the Legion Hall. Officers and members are asked to be present.

Running Races Are New Features for Twenty-Second Annual Fair

That the twenty-second Northville Wayne County Fair is going to have as extensive a horse program as any county fair in Michigan, was indicated this week when the fair board announced two running races for the final two days of the fair, Aug. 19 and 20.

This event, coupled with the harness racing and the horse show, which have long been favorites of fairgoers, is expected to draw crowds which surpass the all time high attendance of 1937.

Feat Cooperates
J. D. Peat of 550 South Center street, who has runners at the Cleveland and Detroit tracks, has cooperated with members of the board in introducing the races at the fair grounds track.

The Friday race will be over a five-eighths mile track. Saturday's running race will be over one mile and 70 yards. Six horses are expected in each event.

The State's assistant racing commissioner, W. J. Dowling, will judge the races which carry a \$100 purse.

Preceding the running races, three full afternoons of harness racing will be featured at the grandstand. Each event carries a \$300 purse.

Name Harness Officials
H. H. Hamilton is the superintendent of speed; William Eattenbury, L. K. Bullen, E. M. Starkweather are committee members; Fred E. Van Atta is the clerk of the course; George Van Sickle is the superintendent of the stalls; and Harry C. Robinson is the starting judge.

Opening Thursday's race will be the 2-18 trot, to be followed by the 2-16 pace and climaxing with the three-year-old and under and 2-23 trotters.

Friday's opener will be the three-year-old and under 2-28 pacers. The 2-23 pace and the 2-22 trot events will follow.

The last afternoon of racing will feature the free-for-all pace or trot, climaxing with the 2-14 trot.

Schedule Ball Games
Another drawing card for the grandstand witnesses or the bleachers is the baseball program which will get under way Thursday, the second day of the fair, when the Schrader-Haggerty team meets the Perfection Laundry hurlers of Plymouth. Hundreds of persons from Plymouth will be on the grounds to see this game which is a feature of Plymouth Day.

Northville will play against the Garden City nine at the fair grounds Friday afternoon.

Saturday, the winners of the two games will play for the title of fair week champion.

Seniors Get Ready
To Serve Hungry
Visitors at Fair

The seniors are spending their time these days studying menus and soliciting food to be served at their short-order booth at the fair which will be located, as always, across from the grandstand on the midway.

Mrs. Ida B. Cooke is helping the group with the business enterprise. The general chairman is, Lucile Lapham, who has the assistance of Jane Van Atta, Gail Homing and Clara Christensen head the food committee.

A dinner will be served Thursday, the week of the fair which has come by custom to be designated as Plymouth Day.

The food committee asks that mothers of the seniors donate pies, cakes, vegetables for soup, baked beans, potatoes, and eggs for the cause. All seniors are requested to meet at 9 a. m. Friday, Aug. 12, in the high school for a class meeting.

IMPROVING MAIN STREET
The appearance of Main street has been improved through changes in the Frey store front. In addition to repainting in black and silver, the Freys have set their sign flush with the front of the building. When other business men do likewise the business section will have a dressier appearance.

Charles A. Dolph
Suffers Stroke

Charles A. Dolph suffered a stroke last Saturday afternoon while listening to the second Detroit-Philadelphia game and scanning the evening paper. The paper began shifting around and the room to change about, Mr. Dolph says. He called to his wife to get a doctor. She soon located one. He readily agreed with Mr. Dolph that it was a stroke and helped put him to bed at once.

The left hand and leg are affected at present and the tongue thick but the physician is hopeful that the trouble will mend in a few weeks. He must be in bed until Sunday at least before trying to begin the long climb to the ready use of his arm and leg.

For the first time in years, Mr. Dolph missed Wednesday from his place at the Exchange club. He not only was the first secretary of the organization but acted in that capacity since the Rev. William Richards moved to Belleville.

GOP WOMEN TO HOLD
MEETING, AUGUST 12

Three political papers will be presented before members of the Northville Women's Republican club which will meet at 3 p. m. Friday, Aug. 12, at the home of Mrs. Maxwell Austin, 645 Fairbrook avenue.

The papers will concern questions of the day, the secret ballot and taxes.

An evening event of political importance at 8 o'clock will climax the day when Ex-Governor Frank D. Fitzgerald will speak at an open meeting in Walled Lake where a republican rally will be staged.

POSTMASTER OPENS SITE BIDS THURSDAY

Lot Prices Listed Range from
\$6,300 to \$15,750;
Await Agent

Eleven bids from property owners who want to sell their land to the government to be used as a post office site were opened at 9 a. m. Thursday, Aug. 4, by Postmaster Fred E. Van Atta.

Mr. Van Atta opened the bids in the presence of Assistant Postmaster D. J. Stark and a representative of The Northville Record.

The lowest bid received was on E. A. Shaffer's site at the northwest corner of Cadz and South Center streets. His price is \$6,300.

Three property owners submitted a joint bid on the highest-priced site, asking \$15,750 for land at the southeast corner of Dunlap and North Center streets owned by E. A. Shaffer, Sam Pickard and W. H. Catermole. Elmer Smith is the agent.

The other bids were:

Detroit Trust company for the P. H. Grennan estate on the present parking lot site, Main and South Center streets, \$8,500.

Dr. Paul N. Lovewell, Victoria Lovewell and V. M. Pilgrim on lot, now covered by the Lovewell home and office and the Pilgrim office, \$100 a foot for a frontage of 133 2/3 feet.

Elmer L. Smith for the Macomber property and west 10 feet of the Lovewell property on the south side of East Main street, near the Feed store and the Merritt House stand, \$11,556 1/3 foot frontage.

Elmer L. Smith for the Macomber property 109 foot frontage on East Main street, \$10,500.

Elmer L. Smith for W. H. Catermole and the Verkes estate (Miss D. P. Yerkes, administrator), \$10,000.

DETROIT TEACHER,
LIDA GOLDREN, DIES

An illness of many months' duration came to an end Tuesday evening, Aug. 2, with the death of Lida Goldren at the age of 57 years.

She died at her home, Main and Rogers streets, after completing 35 years of teaching in Detroit and Northville.

Funeral rites were conducted at 2 p. m. Thursday Aug. 4 from the home with the Rev. William Richards, Methodist minister of Belleville, officiating at the service.

Shakespeare wrote "For courage, mouth with occasion."

Of Miss Goldren's life can truly be said: It is given to few to face life so bravely. He did this, but ever more important, she faced death in the same way.

She was born in Northville township, was graduated from the Northville high school and at 18 was teaching in the Sloan district school. For 15 years she taught in the Northville public schools.

After this she attended and was graduated from the Michigan State Normal college, Ypsilanti, and then entered the Detroit school system in 1919 where she taught most successfully.

Township Voters To Approve
Franchise Grant Wednesday

Unless they surprise the prophets, grants Northville township the advantage enjoyed by Detroit.

Consider Rate Structure
Next is a consideration of rates and rate structure. The average customer finds any bill for current something beyond his understanding yet a study would reveal a fair, simple, understandable rate structure working to determine his bi-monthly, billing. One rate applies to all domestic (home) service except the flat rate charged for controlled water heating service, operation of which is limited to certain hours of the night. Two rates apply to commercial service and two additional to industrial service, making six rates in the structure.

In a recent press captioned "Chairman of the Michigan Public Utilities commission was quoted as saying that the Detroit Edison company's rates are simple and easily understood. This is generous and deserved comment."

Rates Are Low
The level of the rates applying to customers is well below the national average and among the lowest in the nation. For all residence service the average cost per kilowatt hour is three and one-half cents. As recently as 15 years ago the average was six cents per kilowatt hour.

One of the principal determinants of rates is the use made of the existing facilities. If Detroit Edison could sell twice as much current as it does now without increasing production facilities rates would be lowered but this is an impossible supposition. The potential demand is greater than actual use, yet the company must hold men and equipment ready at all times for your call for electrical energy. Electricity cannot be stored but must be held ready for the customers service at all times night and day.

Give Repair Service
Without extra charge, the customer also has the option of lamp

SALEM TAXPAYERS TO DECIDE SCHOOL ISSUE IN ELECTION

A special election is calling the voters of the Salem Union school district together at 7 p. m. Thursday, Aug. 11, to decide whether a new three-room school building is to be built.

With aid of the Federal government, the proposed \$28,000 structure can be built at a cost of \$10,000 to the district. If the building is to be erected a bond issue to be spread over the tax roll for five years must be approved by property owners of the district. Any parent or guardian having a child in school has a right to vote on the mill tax increase which will be necessary if the bond issue carries.

This will be the second time this year that this issue has been brought before the property owners. June 24, the voters approved a \$10,000 bond issue which was to be spread over the tax roll for 10 years to assure a new school building. State law limits such bonding to five years making it necessary to vote on the matter a second time.

The present school building has been erected 32 years. Its two rooms accommodate 73 pupils of the district last year. In compliance with requests made following an inspection of the building by the State Department of Public Instruction, repairs have been made on the building, preparatory to the reopening of school in September. The State asked Miss Cora L. Haas, commissioner of schools in Washtenaw county to see that all pipes leading from each furnace to the chimney were repaired. It was further specified that the installation of pipes be made close to the chimney. The State also insisted that bars be placed on the window at the rear of the second story. Fire drills the State says, are to be held every 30 days during the school term.

Contrary to rumors, the present building has not been condemned.

● Revolt Against Strikes

(Henry Ware Allen, Wichita, Kan.)

Is it not about time for all good citizens to revolt against the immense losses inflicted upon the public by labor strikes?

These strikes are military in character depending upon brute force, coercion, intimidation, pickets, trespassing upon the employers' property and frequently the use of firearms. Within the last two years the loss to the public because of strikes is said to have exceeded \$100,000,000. Salaries and wages of organized and unorganized labor are pitifully small in comparison to what they should be, but wages cannot be legitimately raised either by legislation or by strikes. The only right way is to create conditions wherein there will be more jobs than workers.

● Country Boys Beat City Lads

(Lowell Ledger)

A manufacturer says he would rather hire country boys than city boys, because the former are more resourceful. The country boy has been out many times along with farm carts and automobiles, and if they break down he has to be ingenious enough to repair them with his own hands. That makes him skilful in a shop.

How can city and town boys acquire this skill? Probably some day mechanical training will be considered essential in the education of most boys. Every boy should have a work bench and something to make things. Boys should be taught something with their hands rather than hold a steering wheel and it is in recognition of this real need that Lowell High School has added manual training (shop work) to its curriculum. Here boys are taught to work with both their hands and their heads.

● Why Chase Osborn Won

(Maud DeForest, Charlotte, Republican Tribune)

Governor Charles Chase's victory in the present state election is the result of many factors. When the Supreme Court ruled in favor of the constitutionality of the 1937 constitution, the governor's position was strengthened. The governor's administration was efficient and his policies were sound. He was able to win the support of the people by his actions and his words.

Nevertheless, the governor's victory was not a foregone conclusion. He had to overcome many obstacles and challenges. He had to win the support of the people and the legislature. He had to win the support of the courts and the judiciary. He had to win the support of the people and the legislature.

Kelley was a noted lawyer and a member of the Supreme Court. He was a man of great ability and a man of great courage. He was a man who was not afraid to stand up for his principles. He was a man who was not afraid to take on the powerful. He was a man who was not afraid to fight for the people.

● Traveling at Expense of the Taxpayers

(George R. Allen, Birmingham, Electric)

Every dime that is spent by persons on the public payroll comes from various taxes and fees exacted from the people who earn their living by the use of their own personal abilities. If every taxpayer, observing some extravagance or mis-use of public funds, would register that observation, there would be a decrease in taxation. For public officials who are being observed closely, become more careful. (And let us be thankful for those public officials who are as careful of public funds as though they helped to pay them.)

Recently Vernon J. Brown of Mason, former member of the State Legislature, publisher, and a candidate for Auditor-General on the republican ticket this fall, was motoring, and here are his observations on the subject: "Taking A Buggy Ride." Read on:

"To those who travel about the state and on their journeys observe license plates, the disclosure that the state of Michigan now owns and operates about 2,000 cars and trucks is no surprise. On a 150-mile drive down US 27 Sunday afternoon we saw three state-owned cars besides vehicles properly used by the state police to patrol the highways. In all three cars were families out joyriding. Returning home from picnics and other outings.

"The purchase of 2,000 cars and trucks, the cost of servicing them and the buying of gasoline and oil must run

into a huge sum. Standing bumper to bumper, 2,000 cars and trucks would stretch from Mason to some point between Holt and Lansing. Then fill the cars with state employees and we can readily see that it is quite a buggy ride. "The state is making rapid progress. A year ago only 1,479 cars and trucks were owned by the state. In 12 months the increase has amounted to about one-third. Give us 10 years of such progress and all Michigan residents may ride in state cars. Then, truly, will come those days of two cars in every garage."

NORTHVILLE'S YESTERDAYS

● One Year Ago

The Port Huron youths were caught at 1:20 a. m. Thursday after they had smashed a glass window in the rear door of Melvin Kikens' gas station South Rogers street.

After six months' illness following years of failing health, Henry A. Des Aulais died Monday, Aug. 1, at his home on East-Dunlap street. He would have reached his seventy-first birthday Aug. 19.

With the resignation rendered Saturday of Assistant Principal Paul B. Thompson, members of the board of education were confronted this week with finding a qualified man to fill the faculty post.

Superintendent R. H. Amerman was one of the 37 neophytes of the University of Michigan summer session to be initiated July 29 into Phi Delta Kappa, honorary educational fraternity.

The funeral of DeWight Love, the 11-year-old son of Mr. and Mrs. David Love, who was killed by the fast P. M. train last Thursday afternoon, was held from the home of Mr. and Mrs. Clyde Van Atta Sunday afternoon.

A very pretty wedding occurred at the home of Mr. and Mrs. T. A. Garfield Wednesday evening when their daughter, Lola, was united in marriage to Gordon Cameron of Detroit.

Barns belonging to Dan Matthews at Walled Lake, Calvin Wheeler at Salem, Carmine Root and George VanVleet, Plymouth, were struck by lightning Tuesday night and burned to the ground. From high places in Northville and Plymouth from three to seven fires could be seen at one time.

WEDDING

By THEODORE WERLE

A wedding seems to set the music, as it moves older women to tears. I've just come away from a pretty, yet deeply impressive, ceremony celebrating the marriage of two young Catholic Americans. It was one of a large audience of friends and well-wishers of many denominations. The bride was a lovely, classical bride, tall and slender. She had been a dancer. The groom was a six-footer, handsome, even though at the time red-faced. There were bride's maids and groom's men, and ushers, and music—some of the music by a great Jewish composer. It was all carried out without a slip, and now the two are on their way.

Men muse and women weep at weddings because the two young ones, so blithely pushing out together, are symbols of the lost youth of the oldsters. It is a sort of homesickness. It's not regret over the past years. Rather, put it down as sentiment. Some of the dreaming over the newly weds; but I am inclined to think that most of it is personal. We'd like to do it over again, for the fun, and the thrills, and the pangs—even the pangs it would be glorious to live those days again. But they are gone forever. Ho! Hum!

In so far as the Catholic Church can make it so, a wedding is a solemn and serious affair. The occasion cannot fail to impress the participants. The Church wishes the best to last forever. Whether or not it will last for the lives of the couple, depends in large measure upon the training that went into the long years of growth and development of the child. Parents build the ground work for successful marriages in the long years before the wedding. Faith-

ers and mothers make happy marriages for their children, or make unhappy ones. There are exceptions, of course, but these exceptions are as rare as really bad marriages are rare in this land. We hear of the unhappy marriage because it makes news—the stuff of which newspapers are made. But no one needs to get badly upset over marriage failures. Such marriages are better broken up. Usually the marriage successes far outnumber failures, and the chances are good that most weddings you see will stick. American parents are doing a good job of preparing their children for future citizenship, and that citizenship includes establishing permanent homes.

Spring will be the subject of the lesson sermon in all Christian Science churches throughout the world on Sunday, Aug. 7.
The Golden Text, (Eph. 5:9) is: "The fruit of the Spirit is in all goodness and righteousness and truth."
Among the Bible citations is this passage (John 4:24): "God is a Spirit, and they that worship him must worship him in spirit and in truth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (p. 594): "Spirit—Divine substance, Mind, divine Principle, all that is good; God, that only which is perfect, everlasting, omnipresent, omnipotent infinite."

Cherne - Schweizer Marriage Vows Are Repeated Friday in Pretty Home Ceremony

Miss Dorothy Schweizer, daughter of Mr. and Mrs. Norman J. Schweizer of 424 York avenue, and Stephen Cherne, son of Mr. and Mrs. Joseph Cherne of Pennsylvania, repeated their marriage vows at noon Friday in a pretty home ceremony read by the Rev. William Richards, pastor of the Belleville Methodist church.

Wearing a gown of embroidered net over white satin and a finger-up length veil of white illusion the bride carried a bouquet of Joanna Hill roses and Stephanotis.

Her only attendant was Miss Ruth Deutch of Detroit, who wore a frock of pink net over tulle. She carried pink roses tied with blue satin ribbon.

Mr. Cherne's best man was Rex Champney of Ypsilanti, was Mr. Cherne's best man.

The Schweizer home was made attractive for the occasion of the wedding by the use of large baskets, arrangements of garden flowers. The marriage vows were exchanged in the bay window of the living room which was banked with baskets of gladioli and other garden flowers.

Mrs. Schweizer selected black marquette for her daughter's wedding. She wore a shoulder corsage of gardenias.

Following the ceremony, a luncheon was served to the 30 guests at quarter tables centered with bouquets of snapdragons. The bride's table was centered with a three-tiered wedding cake flanked by floral arrangements. Close friends of the bride assisted with the serving. They were the Misses Maroon, Coleman, Laura Bolton and Helen Kreuger. Guests were present from Pennsylvania, Detroit, Ypsilanti, Grosse Pointe Farms and Belleville.

Mr. and Mrs. Cherne are motoring through Michigan on a ten-day wedding trip. Upon their return they will make their home at 201 North Rogers street.

Mrs. Cherne was graduated from the Northville high school. Mr. Cherne has attended the University of Pennsylvania at Philadelphia.

Members of the Northville Women's club will hold their annual picnic at 12 noon Friday, Aug. 14, at the Indiana pool at Cus. Benton Park. Clifton of the number, as well as of the picnic.

Each person is asked to bring sandwiches, a picnic dish, and to serve. The committee will supply coffee and soft drinks.

Provision for the next club year will be made at the time.

Guests Are Hosts at Corn Roast.

Mr. and Mrs. E. B. Cavelle were hosts Friday evening on their lawn to a group of friends. The occasion was a corn roast.

The guests were Mr. and Mrs. Loyd M. German, Mr. and Mrs. M. C. Gunse, Mr. and Mrs. Kenneth Kitchen, Mr. and Mrs. C. W. Trell, Jr. and Mr. and Mrs. Orlov G. Owen.

Letter from Honolulu Tells of Industry and Beauty—

Pearl E. Latham, an aunt of Lloyd C. Morse who is traveling this summer in Honolulu, writes of the country there in a letter which came to the States on the China Clipper.

Speaking of the climate, she says: "It can get hot here but there is always a cool breeze, which is a life saver. The heat is like the East."

She is traveling with three companions, two of whom, like herself, are teachers. "We have been around the island and seen the banana plantations, the sugar cane fields and the pineapples growing. We went through a sugar mill and saw how they take the sugar cane and crush it. I send it through seven presses until the juice is all extracted and the fiber is as dry as paper. Then the dirt is taken out, and it is boiled into molasses, the sugar crystals are separated and then it is sacked and sent to San Francisco to be refined," she writes of her sightseeing tours.

"We visited a pineapple canner and first were told to drink all the pineapple juice. We wanted to know if it was as good as the juice we saw in the can. We were given all the fresh pineapple we could eat and it was delicious."

"We sampled the fresh coconuts and found them to be quite good. We had two coconuts in our front yard and it is a lot better than the ones we saw in the can."

"We saw the beauty of Waikiki Beach. It is very beautiful and we had a lot of fun. We saw the most beautiful flowers in the world. Great big trees, just covered with bright flowers, others with pink flowers and others with yellow flowers and there are some they call the rain bow shower trees. There are many different kinds of trees and flowers. It is perfectly beautiful."

Editor

Aug 3 1938

Dear Editor:

On Thursday evening Aug 11, the question of building the Salem Union School District will again be presented to the taxpayers. This bond issue is for the purpose of erecting a new school building. The \$10,000 in bonds are to be paid by five years at 4 per cent interest.

The taxpayers will also vote on whether or not to raise an additional eleven mills, besides the million fifteen mills they already pay. This will be the same as \$26 per \$1,000 assessed valuation on each home and farm.

Because the people in charge of Eight Mile road, the first meeting did not structure its air conditioning and have sufficient knowledge concerning refrigeration system, said to make it one of the finest in the state.

Found affairs of this kind it has been found necessary for all the taxpayers, daughters, and sons to assemble at least take where they spent several days at Hamilton, Toronto. They also stopped at Niagara Falls, the Sand Dunes and the forest at St. Wulpe. Accompanying them were Mrs. Musolf's brother Ralph Minehart of Plymouth, together with Mrs. E. L. and V. Neale of Plymouth, and Mrs. August Minehart of Dearborn.

taxpayers will pay a large share of the expenses.

Cherne-Schweizer Marriage Vows Are Repeated Friday in Pretty Home Ceremony

Miss Dorothy Schweizer, daughter of Mr. and Mrs. Norman J. Schweizer of 424 Yerkes avenue, and Stephen Cherne, son of Mr. and Mrs. Joseph Cherne of Pennsylvania, repeated their marriage vows at noon Friday in a pretty home ceremony read by the Rev. William Richards, pastor of the Belleville Methodist church.

Wearing a gown of embroidered net over white satin, and a finger-length veil of white illusion, the bride carried a bouquet of Joanna Hill roses and Stephanos.

Her only attendant was Miss Ruth Detrich of Detroit, who wore a frock of pink net over taffeta. She carried pink roses tied with blue satin ribbon.

Rex Champney of Ypsilanti, was Mr. Cherne's best man.

The Schweizer home was made attractive for the occasion of the wedding by the use of large basket arrangements of garden flowers. The marriage vows were exchanged in the bay window of the living room, which was banked with baskets of gladioli and other garden flowers.

Mrs. Schweizer selected black marquisette for her daughter's wedding. She wore a shoulder corsage of gardenias.

Following the ceremony, a luncheon was served to the 30 guests at a banquet table centered with bouquets of snapdragons. The bride's table was centered with a three-tiered wedding cake flanked by floral arrangements. Close friends of the bride assisted with the serving. They were the Misses Marion Coleman, Laura Bolton and Helen Krieger. Guests were present from Pennsylvania, Detroit, Ypsilanti, Grosse Pointe Farms and Belleville.

Mr. and Mrs. Cherne are motoring through Michigan on a ten-day vacation. Upon their return, they will make their home at 201 North Rogers street. Mrs. Cherne's travel costume was of royal blue sheer which she wore with white accessories.

Mrs. C. Cherne was graduated from the Northville high school. Mr. Cherne has attended the University of Pennsylvania at Philadelphia.

Members of the Northville Women's club will hold their annual picnic at 12 noon Friday, Aug. 12, near the walking path to Cass. Refreshments will be served by the members in a tent on this occasion.

Each person is asked to bring sandwiches, a picnic dish and table service. The committee will supply coffee and iced tea.

The picnic will be held at 12 noon and will be held at this time.

Events Are Hosts at Corn Roast.

Mr. and Mrs. E. B. Cavell Jr. were hosts Friday evening on their lawn to a group of friends. The occasion was a corn roast.

The guests were Mr. and Mrs. Leola M. Gurney, Mr. and Mrs. M. C. Gunsell, Mr. and Mrs. Kenneth Krieger, Mr. and Mrs. C. W. Traxler, Mr. and Mrs. Orlow G. Olen.

"Toby" says:

"Been looking around the drug store this week and I knew something special was going on. Gosh all catfish! You ought to see the bargains. They're the cat's pajamas. Mike doesn't give me enough space to do it justice. Well, anyway, you must come in and see for yourself."—TOBY.

Letter from Honolulu Tells of Industry and Beauty.

Pearl E. Lapham, an aunt of Lloyd C. Morse, who is traveling this summer in Honolulu writes of the country there in a letter which came to the States on the China Clipper.

Speaking of the climate she says: "It can get hot here but there is always a cool breeze, which is a life saver. The heat is like the East."

She is traveling with three companions, two of whom, like herself, are teachers. "We have been around the island and seen the banana plantations, the sugar cane fields and the pineapples growing. We went through a sugar mill and saw how they take the sugar cane and crush it and send it through several presses until the juice is all extracted and the fiber is as dry as paper. Then the dirt is taken out and it is boiled into molasses. The sugar crystals are separated and then it is sacked and sent to San Francisco to be refined. She writes of her sightseeing tours.

We visited a pineapple cannery and first were told to drink all the pineapple juice we wanted. "We drew out of a faucet just like the ice water was drawn next to it. Then we saw the whole process of peeling, cutting out the core, slicing and putting up in cans and finally the sealed and labeled can placed in the carton to be shipped. We were given all the fresh pineapple we could eat and it was delicious.

We also sampled the fresh pineapple but we couldn't eat it. "We have been around it all day long waiting up the tree to get the nuts. I did not get any but the other day to show how it is done. We have also seen the dancers do their dances in their grass skirts. "Without the beauty of Waikiki Beach," she says, "I cannot find adjectives enough to express the beauty of it. There are the most gorgeous flowers all over. Great big trees just covered with bright red flowers, others with pink flowers and others with yellow flowers and there are some they call the tree of life. They are very different kinds of trees. It is perfectly beautiful."

Mrs. Gunsell's Father Celebrates Eightieth Birthday.

The eightieth birthday anniversary of Martin Cummings of Caro, father of Mrs. M. C. Gunsell of Hillcrest drive, was the occasion for a dinner party Saturday evening July 30, on the Gunsell lawn.

Present for this event were: Mrs. Cummings, Mr. and Mrs. C. W. Powell, Wallace and Betty Ann Powell of Fine, N. Y., Mrs. Luella Currier and daughter Merce of Detroit, Miss Grace Hawkins of Detroit, and Dr. and Mrs. Joseph E. Seliady. Mrs. Powell, a daughter of Mr. Cummings, and Betty Ann will spend ten days at the Gunsell home. Mr. Powell and Wallace returned Wednesday to New York. Mr. and Mrs. Cummings are also having an extended visit here.

MEADOWBROOK CLUB IS HOST TO 4-BALL INVITATION TOURNEY

The biggest golf event for Meadowbrook Country club's season—the four-ball invitational tournament—gets under way today with an 18-hole qualifying round and a final which will be climaxed with two rounds of match play Saturday and Sunday.

Entered in the event are three outstanding amateur stars from the Southwest and Rocky Mountain area as well as most of Michigan's top-rank golfers.

Among the favorite teams are:

Don Schumacher of Dallas, Tex.; Bob Habbish, Western Amateur champion of Brooklands, and Ellis Berry of Red Run; Ven Savage and Ed. Kingsley of Magna, Utah; Ed. Flowers, new Michigan Amateur champion from Grand Rapids, and Bill Barclay of Flint; Marshall of Purdue University, and Tom Sheehan of Notre Dame.

His former University of Michigan teammate, Woody Malloy, of Ann Arbor, and Jimmy Johnson, public links ace from Sylvan Glen, will be Chuck Kocis' partner. Kocis is Detroit's Walker Cup player.

Strong entries are Harold Brink and Clarence J. Farley of Grand Rapids; Harvey Olson and Warren Pease, Jr., of Oakland Hills; Billy Taylor and Louis Fisher of Bloomingfield Hills; Jack Henry and Lewis S. Brucker of Lochmoor; Ed. Seymour and Randall Ahern, chief sponsors of the event from Meadowbrook.

Savage and Kingsley are said to be two of the best golfers in the Rockies. Kingsley has won the Utah Amateur four times, while Savage won the 1938 Trans-Mississippi championship, beating Kingsley in the final. Both were semifinalists in the Canadian Amateur last week at London, Ont.

Harbert's partner, Schumacher, won the Texas Amateur in 1936 and the Trans-Mississippi title last year and is rated as one of the Southwest's best shortmakers.

It is the plan to have 16 low teams qualify for the championship and

there will be four lower flights of limited to 80 pairs. The events are 16 pairs each. The field will be open to the public.

Efficient Seeing

Devoted to Eye Welfare for Everyone.

SUCCESS IS A PERSONAL PRODUCT

No matter what business conditions are in this land of ours, boom times or bad times, success is still an individual matter.

To enjoy success, you have to do the things that bring it, because success is a conquest—not a bequest! Remember, you must DO the things—not just think them. Well, what are they? First of all, you must see yourself daily (hourly, if need be) on the value of your services to the community (and be sure you give value). This applies to mothers and wives just as much as it does to men in business. That life is a success that enriches those it touches. Giving is the measure of living—not getting and you cannot give unless you are properly equipped. How much your personal success depends on your seeing efficiency may be hard to understand, but impaired income, starved lives, mistakes, quick tempers, all act to hurt your personality—and they all can come from visual inefficiency.

Increase the value of your services and you can go through booms and depressions with the confidence and inner peace that makes your personality stand out in your home and community without the necessity of pushing yourself forward, bragging and wrangling. The greatest achievement of human life is a fine personality—and it can be cultivated and built as surely as any physical structure for it is in a large measure a physical structure itself. You can't unscramble physical and mental conditions—they are one.

YOUR OIL FREE
(UP TO THE FULL MARK)
-IF I FORGET TO CHECK IT

It's MIGHTY IMPORTANT that you always have enough oil in your engine. If you don't, you're headed for trouble.

To save you grief, all of us Shell dealers listed below make you this proposition:

Drive into one of our stations. If we don't check your oil—AUTOMATICALLY—we'll bring your oil level right up to the full mark FREE OF CHARGE.

We will put in our Golden Shell Oil, too... the oil that's been refined especially for today's stop-and-go driving.

Maybe you never knew that stop and go calls for a certain kind of motor oil. Well, it does—and here's the reason why...

You average ten cold starts a day. If your oil is sluggish and slow-flowing, one start can cause as much wear as fifty miles of steady running.

Golden Shell changes all this. It's fast-flowing. The second you step on your starter, Golden Shell coats each engine part with a tough oil film that does not break down... even under the heat of your steady running. In fact—

There's no finer oil at any price than Golden Shell.

OBITUARY**LLOYD ATCHISON**

Lloyd Atchison, a patient at the Maybury sanatorium for the past seven years, died Monday, Aug. 1, at the age of 31 years.

He was born Oct. 1, 1906, at Indian River, and had spent part of his life in Detroit.

Surviving him are his mother, Mrs. Margaret Potts, and a sister, Gwendolyn Hacht of Ann Arbor, formerly of Northville.

Last rites were held at 2 p. m. Thursday from the Catherine Funeral home. Burial was made in the Leland cemetery.

The Rev. William Richards of the Reformed Methodist church conducted the service.

to the Editor

Dear Editor:—

On this day, evening Aug. 11 the question of bonding the Salina Union School District will again be presented to the taxpayers. This bond issue is for the purpose of erecting a new school building.

The \$10,000 in bonds are to be paid in five years at 1 per cent interest. The taxpayers will also vote on whether or not to raise an additional seven mills besides the maximum fifteen mills they already pay. This will be the same as \$26 per \$1,000 assessed valuation on each home and farm.

Because the people in charge of calling the first meeting do not have sufficient knowledge concerning the regular procedure in handling affairs of this kind, it has been found necessary for all the taxpayers to assemble again. It is hoped that this meeting will at least take care of these questions so that no special meetings will not be needed.

It has been assumed by some people that the national government would stand the entire expense of this new building. However, the fact of Plymouth together with above bond issue indicates that the taxpayers will pay a large share of the expenses.

Ensiling Borer Reduces Waste
Corn borers seem to be encreasing themselves more deeply into the corn growing industry of Michigan this year leading to a warning that the increase seems serious and damage shows up now it would be wise to put such corn into the silo.

From Michigan State college, information reaching H. O. Rafter, head of the farm crops department, leads to the suggestion that ensiling the borer-damaged corn will serve two purposes.

One job of ensiling will be to conserve feed for heavily weighted ears are permitted to hang on and mature the stalks will break off the corn likely will be soft and molar and harvesting difficult. Another purpose of ensiling is to normalize the use of the ensilage cutter and the subsequent ensilage.

More borers are apparent this year. Refiner announces reason for more borers is not definite. One factor probably is that the weather of 1937 and so far this year has been humid a condition liked of the borers. Ensilage is not possible but control measures do help keep down increased numbers and greater damage.

Ensiling borer-infested corn is not a normal silo filling procedure and a normal silo filling procedure is not a normal silo filling procedure.

Salem News

By MRS. C. O. HAMMOND

George Foreman was suddenly stricken with a stroke last Thursday morning and is still in a critical condition at this writing. His son, Harold, and family, of Houston, Texas, were summoned to his bedside and arrived late Sunday evening.

The children who have been attending vacation school at the Federated church will complete their studies Thursday and on Friday the mothers and children will take a basket luncheon and spend the day at Silver Lake at Mrs. Pennell's cottage. All mothers are urged to come and help look after the children.

Miss Gladys Hammond is spending the remainder of her school vacation with Mrs. Aubrey Gates on Napier road, Mr. and Mrs. Gates and Gladys left Tuesday for Toronto for two weeks.

Mr. and Mrs. C. O. Hammond, Hazel and Walter called on Mr. and Mrs. Clyde Osterline at Northville, Sunday afternoon.

Mrs. William Benjamin entertained seven guests Saturday in honor of her son Bobby, at a birthday party. A delicious luncheon was served at noon by Bobby's mother and the afternoon was spent playing games. Those present were Jimmy and Eleanor Rutherford, Hazel Hammond, Mable Cleary, Raymond Doolin, Virginia Baumgartner and Beverly Lake.

Mr. and Mrs. Glenn, Stiles of Detroit were supper guests Sunday evening with the latter's parents, Mr. and Mrs. William Merritt.

Mr. and Mrs. Charles Payne and Mrs. Edith Burdick spent Sunday at Reading as guests of Mr. and Mrs. P. A. Linon.

Mr. and Mrs. Charles Mankin and R. A. Speers were visitors at Canton last Thursday evening.

Mr. and Mrs. V. O. Osborn of Whitford Lake were Salem visitors Monday afternoon.

Mr. and Mrs. Charles Clark of Lansing spent Saturday with Mrs. Foreman. Mr. Clark went on to Detroit and Mrs. Smith remained for an indefinite stay with her parents to assist in caring for her father.

The Seidelberg-Groth reunion was held at Lansing Sunday. Fred Seidelberg attended from here.

A special meeting is being called for all qualified voters at the Salem Union School Thursday, Aug. 11, at 7 p. m. for the purpose of submitting a proposition whether or not the school district shall borrow a sufficient sum for erecting and furnishing a new school building.

THE MORTGAGE AND

Walled Lake Residents To Hold Special Election, Monday, Aug. 8, To Settle Mill Rate Issue on Proposed Building

WALLED LAKE—In reading this column for the past two or three or more weeks, it would seem that our principal item of interest in these parts has to do with our school-house.

As a matter of fact, school activities the year around might easily dominate any report of weekly happenings concerning our town, if one were to let it. It is true that we have churches here, we also have clubs—men's and women's. I believe that each club has a publicity chairman, and I know each church has a minister. Occasionally the women's club publicity chairman comes through with some advance news of approaching events. Once in a while, I learn in advance of a sermon subject.

But there's no waiting when it comes to the school affairs. That's one good reason why it receives so much attention.

This week is no exception. Because last Friday night, petitions were presented to the school board, requesting another special election to vote on the question of a three mill increase in tax limitation to provide for the \$55,000 building bond issue which was approved at the election of July 13.

The board immediately called for an election to be held Aug. 8. This gives an opportunity for every qualified district voter to express himself, for or against the issue. It is felt that if all those who favor the proposal will say so on a ballot, the question will be decided favorably, and will open the way to approval of the board's application for a PWA grant.

Final approval would provide a total of \$110,000, for construction and alterations to the Walled Lake building, which are greatly needed, in this rapidly growing school district, with its increasing enrollment in the three school buildings.

You'd think, wouldn't you, that a community of this sort, being a summer resort could produce a full quota of weekly news. So would I, but the fact of the matter is, there just doesn't seem to be any, at this writing without getting into the "purely personal"—something else, of which I have little.

However, I did see Clarence Albert Hoffman tonight, over town. He and Mr. Hoffman have just returned from a motor trip into the west south north and east. Said he drove over 5,000 miles in about 15 days. Also said he drove 920

miles in 24 hours. Sort of an endurance tour, I say. I knew a fellow who, a few years ago went on a week end jaunt. And when he returned said he and his wife had been down to see the Mammoth Cave, Lookout Mountain, Niagara Falls and returned home by the way of Cleveland and the Great Lakes Exposition. Or course, he said, "we didn't get out of the car any where, except to eat and sleep, but we had a swell time." Ill-betcha!

Two persons were injured, one seriously, when two cars crashed Saturday at 5:30 p. m. at Ann Arbor and Old Plank roads. Levi Harris, 20, South Lyon, was driving west on Ann Arbor road where his car collided with one driven south on Old Plank road by Henry Akersten, 1267 Simpson, Detroit. Mrs. Iva Akersten was riding with her husband and two hitch-hikers were with Harris. Florence Passen, 15369 Stoepel Detroit, and Anita Carr, 15832 Alden, Detroit.

Miss Passen was seriously injured with face and arm lacerations and Mrs. Akersten suffered cuts and bruises. Akersten and his wife were taken to Milford Hospital and Miss Passen to the office of Dr. E. J. Lindsay in Walled Lake.

Akersten gave a statement to Deputy E. I. McQuerry, claiming to have stopped at the Ann Arbor Road intersection. Both cars were badly damaged.

Mrs. M. G. Post, 15 Grace hospital, Detroit, recovering from an operation. She will return to her home in a week.

Mrs. Glenn Buffmeyer is in Henry Ford hospital Detroit, for treatment following an extended illness.

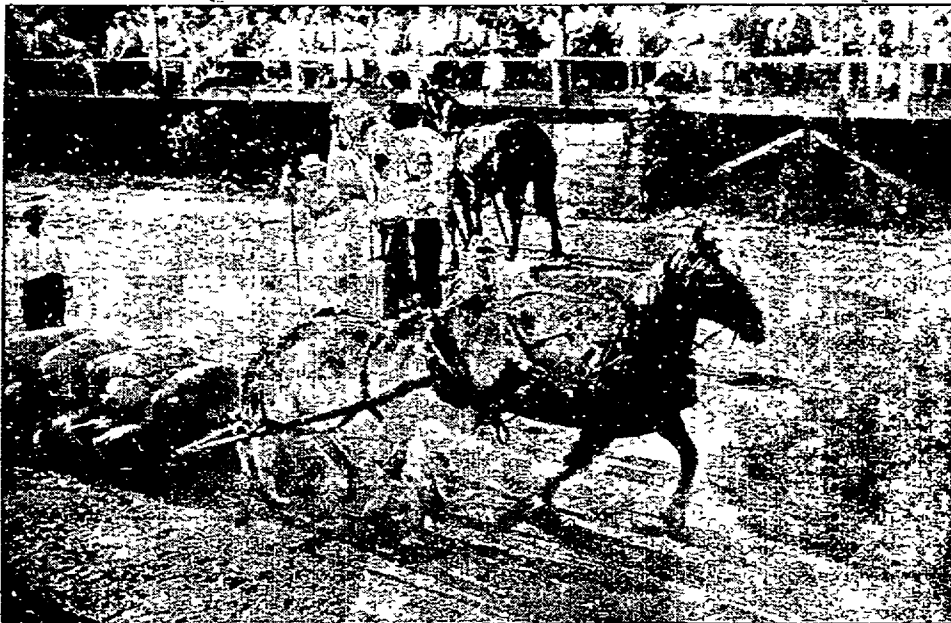

One of the past week's chief disappointments to me came from not being home when two old friends paid us a visit.

Two Northville friends of rather, two formerly of Northville. As a matter of fact I think they were born there, same as me. They live in Chicago now. One, I can remember back in the "good old days" when I was a kid, too, small really, no nob-nob with fellows my brother Percy's age but always wanting to tag along with them. And especially a few of them, who seemed to try to be a little more thoughtful and considerate of me, even though I was a little pest probably. One of the big fellows was Doc Turner—you know him by the name of Harold's post box. As long as I can remember as a kid Harold or Doc I call him. His father was a doctor and a motherly one, too, always had a smile for me and would actually stop and talk to me and I was one of his. Even when I was one of the stars on the Circle K baseball team, he was that way. I've never forgotten it.

And Madeline Bannum I don't suppose I've seen her since I was a day. Of course she was somewhat older than I but I don't mind confessing now that I used to be "stuck" on her. She didn't know it of course I was just a kid, but I thought she was about as pretty as this came—just a silent admirer. Anyway Harold married Madeline. They've been in Chicago for about ten years now. I believe and one day last week, they were here in Walled Lake, and stopped in to visit. And I wasn't home. Ma was and told me I sure was disappointed, not being here when they came. I'm getting quite athletic. Went for a swim one night last week over at Wolverine Lake. First time this summer. Was with my wife and some friends. I never could swim worth a damn.

Over at this lake there's a diving raft about 75 feet from shore. You can walk part way, and swim the rest of the distance. It looked easy even for me. I got there in fact without too much effort. Everybody was diving and it looked easy. I never did dive, and decided to try it. Swish, flop, kerplunk!—Bang!—Ouch! Belly smasher. I rose to the surface finally, even with the punt of water I swallowed and reached the raft—at last. Kinda bushed so I resented. It looked like quite a ways back to shore, but finally I decided I could make it—with a good oar, to start me off. "Sq-a-sh" whack zowie! I came up minus most of my breath and plus another punt or so of water and struck out for the shore. Didn't quite make it and was carried on in to where I could touch bottom—by my wife. Went roller skating with several friends the other night. Never did skate inside before, except once. Always did my skating on the sidewalk, as a kid. But my wife wanted to go so I went. She lasted until they played Home Sweet Home. I didn't. Another fellow with us hadn't skated in 20 years. But started out like a house afire. He could get going but couldn't stop. After a while he thought he'd roll over and get his wife a nice, cold drink. There were a good many others on the floor, but he managed to miss them all, holding the filled glass high, wide and hand some. He was feeling quite hepped up with himself as he approached the rail where his wife was waiting. But of a sudden, he looked panicky. He still didn't know

Horse Pulling Featured at Oakland County Fair

Horse pulling contests, which are a feature of the Oakland County Fair, will be staged at the fair grounds at Milford, 1938, for the first time. The contests will be held on Friday afternoon, August 13, and will feature a variety of interesting and exciting events. The contests will be held on a track that is 1/4 mile long and 1/4 mile wide. The contests will be held on a track that is 1/4 mile long and 1/4 mile wide. The contests will be held on a track that is 1/4 mile long and 1/4 mile wide.

How to stop—He reached for the fall, missed it—up went his arm, down came the drink—all over him, and the floor, and he along with it. Very funny, I thought, as I removed my skates.

... a figure of new importance to

thousands of women!

Not so many years ago, electric cooking was a luxury that nearly every woman wanted some day to enjoy, but that few could afford. Electric ranges were high in price and costly to operate. As a result, thousands of women postponed owning a range until the price came within reach of their pocketbooks. And now comes an announcement of special significance:

The newest cost figures for electric cooking—compiled over a year's time and just released—reveal the startling fact that the average cost for families of three persons is only \$1.55 A MONTH! The door to the enjoyment of electric cooking is now open to thousands of women who have been afraid of high operating costs. On today's fast, efficient ranges, it has been definitely proved that electric cooking is NOT expensive! And the price of a modern electric range is about the same as that of an ordinary stove of comparable size and features.

The figure of \$1.55 a month is the AVERAGE cost for families of 3, at the rate of 2 1/4 cents (net) per kWhr. Actual meter tests were made in homes using electric ranges. The cost figures were obtained under everyday working conditions in ordinary kitchens, by women cooking meals daily. The cost of operating a range will vary with the amount of cooking done, and with the use of retained heat and the waterless cooking method. * * * By installing an electric range in your kitchen now, you can enjoy the comfort and convenience of this modern cooking method through the hot summer months. Don't delay—choose your new range today!

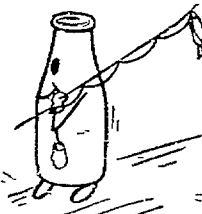

See the new electric ranges on display at department stores, electrical dealers or at Detroit Edison offices.

Before the government agent comes to Northville to look over the lots the post office is to draw up two maps of the sites and make four descriptions of the properties. Copies of these must be sent to the procurement division of the Treasury department, the fourth assistant postmaster general the site agent. One copy is kept at the Northville office.

ASK VOTERS TO RENEW EDISON FRANCHISE

(Continued from page 1) and fuse renewals and minor repairs to appliances. This gives one in effect, a reduction from the present low rates. Farm customers obtain services without line charges or at the lowest rates charged for similar service in this country.

Perhaps the most outstanding achievement of the Edison company is not technical, but instead the building up of the finest relationship existing between utility and patrons in these troubled times. Here is a company that heeds the public voice, it goes out of its way to perform minor favors. Its employees are of high type, its buildings are beautiful and it respects obligations. No family fortunes have been lost through ownership of its securities. Its broad base is secure.

With these considerations in mind the voter can heartily approve the township board's action of July 2, granting a new franchise to Detroit Edison for 30 years, by voting "yes" to the proposition carried on the ballot for the special election next Wednesday.

Steencken, Shipley Are Local Survivors of Tennis Tourney

Northville's representatives in the state wide Detroit News novice tennis tourney will be John Steencken and Richard Shipley.

Surviving play in the elimination tournament staged at Cass Benton park during the past two weeks the two players, put on a hard three set match to determine the winner of the Northville district. Steencken won in three sets, 7-5, 7-5, 7-5. It was a hard match and the winner could have been either player, they were so evenly matched.

Others who reached the quarter final brackets put on some good matches, before bowing out. Clyde Ferguson, who used to play a lot of tennis in Plymouth, lost a long three set struggle to "Scot" Strachan. Strachan being one of those persons who doesn't seem to tire. After taking Ferguson the Scotsman came back and gave the district winner Steencken a tough battle before being eliminated in three sets. Shipley had his difficulties in

winning his way to the final encounter, unexpected opposition from Ed Murphy. They played a three set match in which Murphy won the first set and had Shipley five games to nothing, only to blow the lead Shipley then went on to dispose of Ed Angove in two sets.

There were thirty-two entrants in the first tournament Northville has staged as a district. In other years we have gone in with Plymouth. Next year it is expected that there will be more players turning out for the tournament.

This week end Shipley and Steencken go to Detroit to compete with other district winners and runners-up to play for the state championship. Both players have been playing a good brand of public tennis and they should be able to advance a round or two in state play.

"FRIENDS INFLUENCE BOYS" SAYS LOOMIS

After the average boy is six or eight years of age, he is trained more through the influence of his boy associates than by his parents, Richard Loomis, of the Northville police staff and the local Scoutmaster, told the Rotary club Tuesday noon. President Floyd Northrop was in the chair.

So great is the influence of the boy's associates that he turns to them for advice and not to adults unless forced to do so, Mr. Loomis continued. Self-determination is the biggest thing in the boy's life, and all the bad acts are equally and the chance to decide for himself.

This tendency of boys, to lean upon each other makes the work of the Boy Scouts all important, emphasized Mr. Loomis. In Scouting most of the activities depend upon suggestion. It is seldom necessary to tell the boys, "You must do this". The great need in Northville is for more Scout leaders, declared the local leader.

The speaker was introduced by Nelson C. Schrader.

Preceding the talk by Mr. Loomis, Charles Schoultz gave a brief report of the recent assembly in Detroit. Following a brief report by Orlov G. Oweit touching on the need of the Boy Scout camp at Tawascity, a collection of \$18 was taken up by the Rotarians.

Guests were: Starr Northrop of Washington D. C., Julius Gold of Chicago, Dr. Roy Walter Nicol of Plymouth and Arthur Rogers of Detroit.

15 YEARS AGO EASTLAWN MOVED TO VILLAGE HILL

(Continued from page 1) hearts of the patients. She is Mrs. Wickham who through the years, has been a partner to Dr. Wickham in the task of building Eastlawn.

Medical Staff Members.

To take over a large share of the responsibility of the institution's administration Dr. Royce R. Shafter, joined the staff in 1929. In 1930, Miss Frances Sullivan became superintendent of nurses at Eastlawn. More than 25 years of service to tuberculous patients is the record held by Miss Sullivan. For 12 years

she was supervisor of nurses at Herman Kiefer hospital and for 9 years she was at the Essex County sanatorium, Sandwich, Can.

Dr. Joseph E. Selady, the resident physician, has been associated with Eastlawn for the past six years, coming here from the medical staff at Herman Kiefer, Detroit.

Nurses Serve Long Terms.

The nurses' roster is made up of Louis F. Melsner, who has served for 14 years; Elsie Spies, 10 years; Grace Booker, 10 years; Marie Lietzau, 8 years; Lillian Jenkins, 7 years. More recent additions to the nurses personnel are Grace Springs, Elizabeth Tow, Margaret Bourdage and Gladys Schrader.

William P. Kennedy is the staff technician. Pauline Prunty, former school teacher, is the sanatorium secretary.

Jack Palmer, chauffeur and motor mechanic, has practically grown up with Eastlawn, having been with the institution for 16 years.

Lee Prunty, in addition to being director of outside work on grounds and buildings, is the radio engineer. Lee engineers the broadcasting system over which all entertainment, lectures and plays are brought to the bed patients.

The heating engineer is Bert Wickham, who is responsible for the comfort of the staff and patients during the frigid season. Bert has four units to care for; the main building, the nurses home, the staff building and the unit for heating the cottages. He's been on the job these last nine years.

Mabel Simpson is another old-timer, having completed 12 years of work which she divides between the dining room and the kitchen. Bertha Yerkes has been a member of the night shift for seven years. The patients look to her for house-keeping at the 24 hour Mrs. C. O. Taylor has charge of the kitchen. She has the help of Ellen Charlton and Cora Finley, serving five, nine and two years respectively.

Other employees who serve the patients are: Eva Hanna, Freda Price, Dorothy Cook, Vera Holman, Ruth Taylor, Mabelle Braver, Alma Fisher, Olive Wagenschutz, Ruby Taylor, Delores Doren, Esther Jones, Betty Gregory, Charles Patterson, Joseph Farmborough, James Fisher, Wheeler, Finley, Clifford Hanna, Harry Larkins, Bernard Heitz and Robert Lang.

DETROIT TEACHER, LIDA COLDREN, DIES

(Continued from page 1) cessfully. She was one of whom one could truthfully say, "she is a born teacher." Conscientious in her work she was always striving and took many teaching courses to improve her own.

After two serious operations and some time spent in hospitals, she went back to the Tubert school where for over a year and a half, she continued her work, with a courage which could not be measured. A life well spent in service to her kind and so the victory was hers at last.

She continued her teaching until last April.

Surviving here are her mother, Mrs. O. B. Coldren; two sisters, Mrs. Howard Hall and Mrs. Hattie Gordon of Northville; one niece, Mrs. Henry Gossel of Detroit.

Burial was made in Rural Hill cemetery.
