Edison Franchise Renewed

VOTERS OKAY ELECTRICITY MANAGEMENT

Special Election Voting Is Light in Both Precincts

Grant of a 30-year franchise to the Detroit Edison company was affirmed in a special election Wednesday marked by light voting.

Only 64 votes were cast in the two precincts of Northville Township, 61 voters favoring and three opposing the grant. In precinct No. 1 judges tallied 35 YES and two NO votes. Voters at Precinct No. 2 polls cast 28 YES and 1 NO vote.

Dean F. Griswold, serving in his accustomed capacity as an election judge, celebrated his 80th birthday anniversary election day and was the center of attention since the election failed to produce any excitement.

The special balloting was required to confirm the action of the township board awarding a new franchise to the Edison company for the next thirty years. The local board passed the measure Tuesday, July 5.

EXCHANGITES ADOPT ADVERTISING PLAN FOR NORTHVILLE

A civic advertising program for Northville was adopted by the Exchange club at its regular meeting Wednesday in the Methodist church house.

Under the plan proposed by a special committee appointed by President Ray Casterline, the club will sponsor the erection of a large "welcome" sign near the corner of Grand River and Seven Mile roads and six smaller signs placed at the entrances to the village. The seven signs will offer free maps of the area to visitors.

The free maps will be prepared and printed soon, according to Bob Leary, chairman of the club's special committee. A local artist is drafting a sketch of the map showing local institutions and important roads, and this is to be incorporated in a four-page folder of vest pocket size.

For the comfort of mothers and small children visiting the fair next week Exchange will provide a "rest tent" centrally located on the grounds. The tent may also serve as a first aid station when required.

Protestants Hear Dr. R. M. Traver in Union Service

"Do not judge people by one error in their life," urged Dr. R. M. Traver in his sermon to a union audience of Baptists, Methodists and Presbyterians at the Presbyterian church Sunday morning.

Dr. Traver pled for a more charitable tolerance of others' weaknesses in his talk which was given in a spirit of kindness.

In spite of the very warm weather, the service was well attended. Music by the choir and a vocal solo by Miss Evelyn Ambler were additional attractions.

Victor J. Lumley Buys Drug Store on Michigan Shore

Mr. and Mrs. Victor J. Lumley and daughter, Phyllida-Clee, left early Tuesday morning for Pentwater on the Lake Michigan shore, where Mr. Lumley has bought the drug store.

Mr. Lumley, a pharmacist, came to Northville from Detroit four years ago when M. C. Gussell took over the corner drug store.

During the four years that the Lumleys have made their home here, they have entered into community activities. Mr. Lumley was a member of the Exchange club and Mrs. Lumley, for a time, was a librarian in the Northville branch of the Wayne county library.

Mrs. Lumley was also prominent in music circles in the village, being a member of the Presbyterian church choir where she was a soloist. She sang solo roles in former years in the Messiah which has been presented at Christmastime annually.

WALLED LAKE TAX ISSUE IS DEFEATED

Building Project Lost by Only 32 Votes in Election

By CHARLES E. HUTTON

WALLED LAKE—It is difficult to reason the logic of the present State school law which requires a two-thirds majority vote to carry an issue pertaining to an increase in the tax limitation, for purposes of needed building construction.

This law was responsible Monday for the second defeat of the proposed three mill increase to cover an approved bond issue of \$35,000, which, together with a PWA grant, already approved, would have given the Walled Lake district a \$10,000 addition to the local school building at about half that amount.

It hardly seems equitable that the lack of 32 votes to make a two-thirds majority can deprive the district of a saving of \$50,000 in the cost of construction, which, at the latest, must be provided within three years by the taxpayers themselves.

The vote at Monday's election totaled 230 for and 131 against. Such a majority, relatively speaking, would be sufficient to elect a president of the United States, any number of congressmen, State, county or township officers who corporately or individually have the responsibilities of manipulation of the people's money.

As a result of this two-thirds majority law, and in the absence of 32 favorable ballots, a clear majority of 100 voters over the negative 131 must be forced to pay, within three years, twice as much as now for school improvements needed by every elector and resident in this district.

However, as long as the law is known to be in effect, the underlying responsibility for defeat of the issue must be assigned to that responsible element of citizenry which fails to take its voting privilege seriously, much less its own interests, and the interests of his community.

Village Women Cry, "Let's GO Places"

Pushing behind the slogan, "Let's GO Places," members of Northville's Women's Republican club are carrying the registration torch these days. Their purpose is to see that everyone in these parts becomes registered.

Aug. 24 deadline conscious on the matter of registration.

Persons who have changed their address since their last registration must register again. The qualifications are: Residence in the State six months; residence in the precinct 20 days. Reregistration must also be made by persons who have not voted within the past two years.

So anxious are the republican club members to have all eligible club members registered that they will take care of the matter for them, personally, if they will but call Northville 402 or 276. The

DIRECT RELIEF SUPPORTS FEW IN NORTHVILLE

7,500- Outcounty Families Will Suffer If Funds Are Cut Off

Only a few Northville families who are on direct relief will suffer along with 7,500 other families in the outcounty communities if relief is cut off Aug. 15, following a vote Wednesday, Aug. 3, of the Board of Supervisors which did not favor the transfer of \$41,000 in the County Road Commission funds to the County Emergency Relief Commission.

Had this happened last February, more than 100 families in Northville would have had no place to turn for food, clothing and fuel. But since that time, WPA projects at the Wayne County Training school and Maybury sanatorium have absorbed this number, with the exception of a few persons who are too old to work. The village sidewalk project is also a source of work for Northville men.

It is the opinion of Supervisor W. A. Ely that steps will be taken before the fifteenth to avoid the blanket cut off of funds. On the other hand, James Fitzgerald, president of the county relief commission, and G. R. Harris, administrator, predicted the crisis and said that the county's funds, including \$80,000 expected from the State, would be exhausted by Aug. 15.

Harris points out that the county now owes merchants \$400,000 for welfare supplies and that threats to cut off further credit have been received.

Reading Sees Both Sides

Sympathetic with the merchants, Mayor Richard W. Reading said, "I speak for the merchants who have extended their credit to the municipalities and the county and can stand the burden no longer. I also speak for the 7,500 families in the outcounty communities and the 40,000 families on welfare in Detroit. These people will be in front of your city halls and our City Hall begging for bread within three weeks if this money is not made available. You can't give a baby a bottle of milk, something that will nourish him. This is an emergency. It may be asked, 'What will we do after this is spent?' Well, God has provided ways and means for us to meet the situation, and we'll meet it again."

By way of giving encouragement, Reading repeated a statement made to the Ways and Means Committee that the WPA program had been liberalized in Detroit and Wayne county and that the communities could expect greater assistance in relieving welfare rolls through WPA projects.

Oppose Transfer

Opposition to the transfer of funds came from Ed Thal, a member of the Housing Commission and secretary of the Building Trades Council. "You're just pouring money into an abyss without any tangible results," he stated. "We should have gone to the people and the State a year ago with a carefully worked out program."

There are a lot of defeatists in this GO Places situation. If we don't do something practical we will discover that we have socialized all industry. You've got a big sink-hole of welfare. The money that you proposed to put into direct relief should come

Lutherans Plan Annual Outing at Glen Eden Park

Members of St. Paul's Lutheran church and Sunday School will go to Glen Eden Memorial park Sunday afternoon for their annual picnic, as announced by the Rev. E. E. Rosow, pastor.

The outing will be held in the recreational section of the large park located east of Northville on Eight Mile road. Arrangements are being made by a committee of Arthur Schnute, chairman, Arthur Miller, John Buchner and Norman Watt.

Sunday morning services will be held as usual at St. Paul's church.

Fred W. Esner Dies Sunday After Wreck

Fred W. Esner, 39, of this place, was fatally injured Sunday, Aug. 7, in an automobile collision which occurred at Richfield road and Dort highway.

At the time of the accident, Mr. Esner, the driver, was riding with a Detroit, Earl T. Gallagher, 45, who was instantly killed. Esner was rushed to Hurley hospital where he died 10 hours after the collision.

The car in which the two men were riding was struck by one driven by Edson Barrett, 33 years of age, 1624 Pennsylvania avenue, Flint. Barrett, accused by police of disregarding a stop signal, is in Hurley hospital with a leg injury. In the same accident, six others were injured, among them Mrs. Ruth Orme, 25 years of age, 1518 Lapeer street, Flint. Mrs. Orme is critically hurt.

The collision hurled Esner's car 60 feet into a house at 2018 Richfield road. Barrett is being held for investigation.

EARLY PAPER

The Record is joining with the village at large by giving over four days next week (Aug. 17-20) to the twenty-second annual Northville Wayne County Fair.

In order to bring a complete program of events to the fairgoers, the Record will close its pages Wednesday, Aug. 17, rather than Thursday, the usual press day.

This means that all advertising copy, news and classifieds will need to reach The Record office a day earlier to assure publication. Church notes and country correspondence will necessarily have to be on the news desk Monday if they are to be given space in the fair week edition.

HOLD ANNUAL PICNIC

About 75 members of the East Novi school gathered Saturday afternoon in the Village Park for their annual picnic and business meeting. The brief business session was presided over by President Lulu Becker.

Mrs. Charles F. Murphy, State Legion Auxiliary President, Writes Foreword for New Book

Mrs. Charles F. Murphy, State president of Legion Auxiliary, will write the foreword for the textbook which is being compiled by a group of Michigan educators for the schools.

The book's purpose is to familiarize students with the State and Federal constitutions by telling the stories behind them.

Mrs. Harry Z. Marx, who started the campaign which resulted in the woman's auxiliary of the American Legion financing the project, says that there is no similar book at the present time.

It is understood that 10,000 copies of the book will be distributed without charge by the Legion Auxiliary to the schools and libraries of Michigan.

Karl Karsian, history teacher in the Ann Arbor high school, will record the story of the writing of the Federal constitution which made a nation of the American colonies.

"The story will be fascinatingly told, so that the pupil may enjoy the learning and realize exactly what the constitution means," said Mrs. Marx.

A chapter on the adoption of the constitution, together with a then-

PLEASED WITH SHOW

Harry B. Clark

BRINK, FARLEY WIN GOLF TOURNAMENT

Meadowbrook's First 4-Ball Meet Draws 80 Teams to Club Greens

Eighty teams entered the Meadowbrook country club's first invitational four-ball tournament, which got under way at the club Friday morning. The entry list was studied, with players who have gained a national reputation in tournament golf.

There was Chuck Kocsis, a member of the last Walker cup team, Bob Babish, present Western Amateur champ, Chick Harbert, sensational youth from Battle Creek, and many others who gained nobler regional tournaments staged in the mid-west. Harbert and his partner, one Schumacher of Texas, took medal honors Friday with a 33-33 finish in five under par.

Homar H. Davidson of Red Run, and his son, Homer F. Davidson of Meadowbrook, upheld the father and son tradition by carding a 68.

The Michigan amateur champ, Ed Flowers of Grand Rapids, and his collegian partner of Flint, Bill Barclay, played steady golf to finish with a 68.

But throughout the play two steady going gentlemen from Grand Rapids had been knocking the ball with par-teeing strokes, and it remained for them to take the gallery away from the publicized teams. Harold Brink and Clarence Farley defeated the favored team of Ed Flowers and Bill Barclay in the 18-18.

HORSE ENTRIES EXCEED SHOWS OF OTHER YEARS

Demand for Ringside Boxes Reaches New Peak

Each day brings new entries for the Northville Horse show which has grown to such an extent over last year that four afternoons, rather than three, will be given over to the class competition, eliminating entirely any class-showing in front of the grandstand.

Jane and Susan Briggs have entered horses from their Walbridge stables at Birmingham. The favorite is Duchess of Walbridge who took the ladies' hunter trophy last August.

Birmingham will be further represented by entries from the Oakland Hills Riding club by Mrs. Henry Dunham, George A. Gardham and Tom Oland.

And from the Redbrook farms at Birmingham will be horses owned by Miss Doris Perkins and A. A. Bull.

Wabek Sends Entries

From Wabek farms at Pontiac will come entries by Miss Betty Couzens, Mrs. Margo Cheung, The Edward F. Fisher horses will compete, with Miss Mary, a prominent horsewoman of the State riding here for the first time in years.

Miss Marilyn, who took a number of blue ribbons with Mountain Fashion last year, will ride here next week.

James Casson of Jackson, judge of the galloped horses and ponies in the Junior Horse Show, will be an exhibitor in the Senior Show. Jimmy's genial manner and sincere love of fine horses have long made him a popular exhibitor here.

Watch Grennan Hunters

A great deal of interest will be focused this year on Miss Evelyn Grennan's green hunters. These horses, shown here for the first time at the Northville Riding and Hunt club show late in the spring, could only take second and third

Ten additional boxes around the ring have been added to date, but so great are the de- mands for spectators' boxes that the horse show committee is making plans to add even more boxes and to build bleachers.

Each Year's Subscription Entitles Payee to Gate Admission

Readers of The Northville Record, if would-be readers, may attend the Northville Wayne County Fair, Aug. 17-20, as guests of the home town newspaper, by renewing or buying a year's advance subscription to the paper.

Until the end of fair week, The Record is giving one fair ticket with each year's subscription. There is no limit to the number of subscriptions to each reader or to the number of years he may wish to pay for. Persons in arrears may take advantage of this offer by paying their back subscriptions. They will receive one ticket for each year's payment.

Each ticket is good for one gate admission, either afternoon or evening. In addition to the gate tickets, six free car tickets will be given with each year paid.

To make payments convenient for subscribers, they may send their subscriptions and receive their gate tickets by mail along with their receipts. Persons may also call at the office to make their payments and to receive their tickets.

Stores Close

Exclusive of the four North- ville restaurants which must stay open to serve the fairgoers be- cause of inadequate eating-place facilities on the fair grounds, all the stores and business houses in the village except the Farmers' Market and the Sally Bell Bak- ery will be closed from 1-5 p. m. Thursday, Aug. 18.

Schrader's Display 5 Coveted Trophies for Ribbon Winners

Five of the coveted Northville Horse Show trophies are on display this week in the Schrader Furniture store window.

The trophies, along with others not displayed will be awarded next week to the blue ribbon winners in the classes which mark the twenty-second annual show.

Newest of the trophies is the N. C. Schrader Memorial Challenge silver bowl of Paul Revere pattern. The bowl's simplicity of design makes it one of the beauties of the collection. It will go to the winner of the five-gated class and can only be possessed permanently by three successive winners.

Another trophy that is outstanding is the clock offered by the Detroit Horse Show Association in the lady hunter event. Last year, Jane and Susan Briggs took the trophy through the performance of Duchess of Walbridge.

The large elaborately engraved silver tray which is the Phil H. Grennan Memorial Challenge trophy in the middle and heavyweight hunter class was won in 1937, its initial year, by A. A. Bull and Oron.

A large cup, the Edward C. Langfield Memorial trophy, awarded also last August for the first time, is given in the military class entries.

Marilyn Fisher's Mountain Fashion won the Hotel Mayflower trophy cup last year in the ladies' three-gated class. This trophy is given prominent display in the Schrader window.

FULL EXHIBITS ARE EXPECTED IN ALL BOOTHS

Horse Events To Receive Attention of Race Track Followers

Assured of full exhibits and with the main building space completely sold out, the approaching twenty-second Northville Wayne County Fair is looking forward to opening its gates Wednesday, Aug. 17, to a record-breaking attendance.

President Elmer L. Smith says that the buildings and grounds are in excellent condition for the four-day show which will run through Saturday evening, Aug. 20. Pointing to the horse show, Mr. Smith said that this division will undoubtedly be "lots larger than usual."

Race Program Gets Buildup

F. D. Peat of 550 South Center street, announced Wednesday night that seven horses have been entered in the running races, the newest feature of the fair. O. C. Purdy's High Color, N. Myers' Imperial Nick, L. N. Wilkinson's Brock Hat, C. A. Ploof's Jetson, Bull and Perkins' Elise, 12 Acre Stock farm's entries Esroquer and Puritan Lady will start.

The lot of jockeys is incomplete, but among the names already released are Buck Harper, Freddie Campbell, B. Soren, A. Yerratt and Fuchs. The running races will be featured Friday and Saturday afternoons.

An event which draws hundreds of fairgoers to the grounds each year is the awarding of three cars. Thursday, Friday and Saturday afternoon last year the cars were sent to three communities. One stayed at home, one went to Plymouth and one went to Farmington.

Expect Hundreds from Plymouth

Thursday is traditionally Plymouth day. Some 500 persons are expected to parade from Farmington to the fair grounds to take part in the parade around the race track at 1 p. m. "Plymouth will be closed up tight that day," says Mr. Smith, who announces that Plymouth's uniformed band will play during the afternoon. Two Plymouth baseball teams will meet on the fair grounds diamond that day. The Schrader-Haggerty players will meet the Perfection Laundry nine.

The following day, Friday, will be given over to guests from Farmington. A game between the Northville nine and the Garden City team is scheduled.

Sponsor Softball Tourney

A softball tournament under the management of Walter Moore will be played at 6 p. m. Thursday, Friday and Saturday on the grounds. The winner of the tourney will be given a trophy by the Northville Fair association. Plymouth and Farmington are scheduled to open the tourney followed Friday by Northville and Novi. The championship title will be settled Saturday.

The display of farm implements, says W. E. Forney, will be one of the largest in years.

● Sure Advertising Pays!

An Arkansas woman advertised for a husband at a cost of \$9 and got one. He was killed in the army and she drew \$10,000 and a widow's pension for life. Yet some will argue that advertising does not pay.

● Friends Fool You

(Charlotte Republican-Tribune)

This week's best story, writes Fred D. Keister, Jr., in his personal column in the Ionia County News, is about a fellow who ran for sheriff in a small western county and got 55 votes of a total of 3,506. The next day he walked down the main street with two guns hanging from his belt. "You were not elected and you have no right to carry guns," fellow citizens told him. "Listen folks," he replied, "a man with no more friends than I've got in this county needs to carry guns."

● Public Funds for Champagne

(LaGrange, Ind. Standard)

Hoosier taxpayers take hot exception to taking tax money (two per cent of the state and federal money paid to public employees in Indiana) and spending it, several thousand dollars at a clip, for such things as the McNutt coming-out party at Washington when the militaries of Democrats were dined and wined. Tax money is not for champagne.

It is a vicious and rotten system to "black rack" public employees for vote-buying money. Why should an honest highway worker, who earns his pay, forfeit a portion of it to further the private ambitions of any individual?

● Penalizing Home Owners

(Henry W. Allen, Wichita, Kan.)

In the chorus of protest against the rising tide of taxation which threatens the county with ruin, no voice is louder than that of real estate. And with reason, for whenever a man ventures to build himself a home he is treated as a malefactor and penalized accordingly. It has come to the point that none but the very rich can afford to pay the taxes upon the better class of homes and that the average family is being forced to live in tenements or apartments where no children are permitted, and even there the rents demanded have become excessive. So long as the saturnalia of spending at Washington continues we cannot expect less taxation, but shifting the burdens to ground rent would provide a large measure of relief.

● Automobile Prospects Good

(Dearborn Press)

Dearborn has every reason to take hope from recent developments in the automobile industry which indicated a brisk pick-up in manufacturing to meet consumer demand in the near future. Dealers are virtually out of cars, the trade papers report and are calling for new ones. As a result, production schedules are being advanced and 1939 models will be rushed into the market ahead of the date originally set.

The Ford plant is closed for two weeks for the annual inventory and vacation and production is to be resumed, it is reported, on Aug. 15. Whether the new Ford models will then be produced or whether more of the present cars will be turned out has not been stated. But in any event it appears that business is due for an upturn.

● Banking Tragedies

(Ingham County News, Mason)

Evidence continues to pile up showing the fallacy of first, a state-wide and later, a nation-wide closing of the banks back in 1933. We have read much in Detroit papers concerning what people there consider approached persecution of bankers. We have other evidences outside of that district where totals assume such proportions most of us get dizzy.

Reported in the Hastings Banner last week, was news of a final dividend being paid by the receiver for the Hastings National bank. Depositors received 60 per cent of their money in December of the same year the federal authorities ordered the bank closed. Two years later, the depositors received 20 per cent and last year an added 10 per cent. In the mails now is being sent to all depositors a notice that on surrender of their receiver's certificates they will receive another 8-46 per cent. This makes a total of 98.46 per cent.

Any banking institution which, under forced liquidation, is able to pay depositors all except 1.54 per cent of their deposits would have had no trouble in paying all, had they been left alone to pursue a normal business course.

The saddest part of the Hastings story is, and it has its counterpart in the history of many banking tragedies, the fact that in Riverside cemetery today lie the bodies of two men who could not stand the strain of being considered by some as having betrayed the trust imposed in them. No extra dividends can call these men back to life to tell them that finally their good names are cleared.

● Kentucky Disgraced

(Detroit News)

To its denunciation of the Tennessee situation, the Senate Campaign Expenditures Committee adds a blast on the extremes to which both sides in Kentucky's Democratic senatorial primary struggle have gone. The committee, headed by Senator Sheppard (Tex.), a thorough New Dealer, and fully controlled by Democrats, finds "the right of the people to a free and unpolluted ballot" is menaced.

The finding by such a body cannot be disputed. In Kentucky, in the contest into which President Roosevelt projected himself, public funds ARE being used for political purposes. And, on the opposing sides, State and Federal employees ARE forced to contribute to the campaign funds and participate actively in the campaigning.

The Federal millions Senator Alben W. Barkley obtained through appropriations for expenditure in Kentucky, it is contended in his behalf, should assure his nomination. The President used this argument in his Kentucky speeches. Roosevelt's personal entrance into the fight unquestionably helped the Barkley side to get active support and financial aid from Kentucky's 2,000 Federal officials and her 69,000 WPA workers.

Sheppard, who sometimes is called the "meekest senator," proves himself the possessor of a lively conscience. He questioned the right of either Democratic Tennessee candidate to a seat in the Senate. The point applies with special force in Kentucky. Although Roosevelt so much wants him re-elected and although he is the Senate's Democratic leader, Barkley will not be morally entitled to the Senate seat he may obtain as the result of a notoriously polluted primary.

NORTHVILLE'S YESTERDAYS

● One Year Ago

With the resignation of the Detroit Edison company districts along the county lines, E. L. Mills, for the past 12 years manager of the Northville and Howell offices has been appointed agent for the Livingston district with headquarters at Howell.

Northville eight youthful gangsters who faced four individual charges of robbery at a hearing Friday afternoon, Aug. 6, in the Village Hall were placed under bond and bound over to the full term of the Circuit Court by Justice Arthur S. Nichols.

● Twenty Years Ago

L. D. Stage has been transferred from Camp Custer to General hospital, 9, for convalescent soldiers at Lakewood, N. J., where he will instruct returned soldiers in sheet metal work.

Word has been received from Ralph Ryder that he has been recently appointed instructor in a training school in France. He is the only private in his company to have this honor conferred upon him. Private John Couch of the Marines who recently returned from the hospital to the firing line after being wounded, was again injured on a shell July 18. No bones were broken but he suffered painfully.

Mr. and Mrs. Fred Simmons received a cablegram Tuesday from their son George, announcing his safe arrival over there.

Earl Montgomery is another soldier who has arrived safely on the other side.

CHEVROLET

"The Six Supreme"

LEADS THE FIELD IN SALES

BECAUSE IT LEADS IN VALUE

CHEVROLET

In a year of greater motor car values . . . a year when people are demanding the most for their money in everything they buy . . . people are giving Chevrolet clear-cut leadership over all other low-priced cars and trucks, and, in fact, over the entire automobile industry.

Value is always the victor, and, again in 1938, value is enabling Chevrolet—The Six Supreme—to win nationwide supremacy in automobile sales!

The latest official new car registration figures, compiled by R. L. Polk & Company, show that Chevrolet is leading all other makes of cars, regardless of type, size, or price, by tens of thousands of deliveries.

For this we have to thank our millions of Chevrolet friends who have been quick to recognize the outstanding quality and outstanding dollar-value of this smarter, newer, more modern low-priced car.

These men and women have checked all makes of cars and all phases of car value—including style, performance, comfort, safety—and they are declaring in favor of the new 1938 Chevrolet by a decisive majority.

May we take this opportunity to thank Chevrolet owners and prospective owners most sincerely for their friendship, and may we make the following suggestion to you:

Buy where the majority of people are buying. . . Visit your nearest Chevrolet dealer and invest in this most popular of all motor cars. . . Choose a new 1938 Chevrolet—The Six Supreme!

"You'll be AHEAD with a CHEVROLET!"

DR. ROSS ANNOUNCES NEW OFFICE HOURS

Dr. John A. Ross, Plymouth optometrist, has announced new office hours and increased facilities for caring for his patrons in the Northville region.

Appointments can be made throughout the week for any time between the hours of 9:30 a. m. and 7:30 p. m. which are the new office hours. Several new pieces of apparatus for eye examination have been added, Dr. Ross states. Offices are maintained at 809 Penniman avenue, Plymouth.

IMPROVING NORTHVILLE

The S. L. Brader and Woolen Goods stores received brightening coats of paint this week as the improvement of local business properly continues. Workmen painted all outside trim and the front of the Brader store, while the Woolen Goods store interior was completely redecorated. The former Louis store location on North Center street has also been redecorated for occupancy by the Central Market.

CAMP FIRE GIRLS

By Marjorie Pimentier, Scribe

The July 23 meeting of the Camp Fire girls was called to order by the president and hurried plans were made for a surprise party.

The girls' 400 steps were heard on the threshold—a moment's silence and some one came to the rescue by mentioning the curtains the Camp Fire girls are making for the Scout building. Since nothing definite could be done about them for two weeks, the first aid lesson was presented.

The group discussed the need for artificial respiration and the girls chose partners to practice the Schaefer, prone-pressure method under supervision.

Donna Dickerson, Virginia Kern and Marjorie Pimentier earned honors for thermometer reading and the recording of three persons' temperatures.

Now for the tale for which you have been waiting—the surprise party was given in honor of our guardian, Mrs. Donald Ware's birthday.

The party began when Mrs. Ware walked into the building and the girls called "surprise." It was a surprise, too, Mrs. Ware said.

There was reason for this for she beheld a delightfully decorated table. The runner was of orange crepe paper and at each plate was a small brown wigwag waving the Wakya flag. Place cards were in the form of a camp fire burning before each wigwag which bore the name of its chief. The interesting story behind the table decorations is that several years ago Virginia Kern's mother belonged to a camp fire group whose guardian was named Mrs. Ware. On her birthday a similar party was given with the same decorative scheme. Mrs. Kern baked a huge birthday cake which bore the words "Happy Birthday" and was studded with real-looking flowers and leaves.

The girls had planned a delicious luncheon and had decorated the table with flowers. Individual pictures were taken, also, as well as a picture of Calma the turtle mascot which graces the aquarium in the Scout building.

Steencken Loses After First Match in News Tourney

Players representing the various districts in the Detroit News tennis tournament met in the finals staged at Waterworks Park in Detroit last Saturday and Sunday, Aug. 6 and 7. John Steencken, winner of the Northville district, advanced to the third round of the play-offs before being eliminated.

Steencken defeated Earl Zelger of Pontiac in a three-set match 4-6, 7-5, 6-2 and then lost to the Bay City entrant in two sets. He drew a bye in the first round.

This tournament, said to be the largest in the world, drew over 7000 contestants from various Michigan cities and represented the best eighty novice players in the State. Each district winner received a medal, but this was the first year that the runnerup has not been allowed to compete in the final. Richard Shipley was the local runnerup.

John Steencken is a senior at the University of Illinois and is studying ceramic engineering.

Dr. Atchison Warns Against Too-Ripe Fruits, Vegetables

A warning to be wary of over-ripe fruit and vegetables, corn on the cob, particularly, came this week from the office of the village health officer, Dr. R. M. Atchison. Several victims of summer complaint prompted Dr. Atchison's statement to the public.

"Persons should be careful about drinking water in out-of-the-way places without first boiling it. Milk, not thoroughly chilled should not be served," he said.

Members of the Waukena club will meet at 12:30 p. m. Friday, Aug. 12, at the home of Mrs. H. K. Turham, 117 South Center street. The group will have a picnic-luncheon in Cars Bent's park. Each person is asked to bring sandwiches, table service and a passing dish.

Mrs. Frank Dunn who has been spending two weeks at the home of Mr. and Mrs. George Hicks, returned Sunday to her home in Detroit. Mr. and Mrs. Hicks accompanied Mrs. Dunn who is the latter's sister to the home of her daughter where they were guests for the day.

Mr. and Mrs. E. V. Flaherty and daughter Annagene, and Mr. and Mrs. Harold Hubbard are expected to return Sunday from a week's vacation trip in Northern Michigan. Among the places visited were the Hannaford-Moshamer cottage on Pine Island and Houghton Lake.

Mr. and Mrs. Adrian Bernier left Tuesday morning for their home in Concrete, Wash., following a visit here with Dr. and Mrs. Lauren Busby. They were accompanied by Mrs. W. Reider, mother of Mrs. Bernier and Mrs. Busby, who was to return to her home in Nebraska following a visit in the Busby home. Bernier is with the Bureau of Fisheries, and was formerly located here.

Mr. and Mrs. Bert Snow had as their guests Sunday: Mr. and Mrs. C. J. Hammon and children, Lola and Charles Little Rock, Ark., Mr. and Mrs. L. L. Pochards of Hannibal, Mo. The party was joined by Mr. and Mrs. William Skopf of Ann Arbor, and Mr. and Mrs. Arthur Weeks of Plymouth, and together they made a trip over to Ontario, concluding the day with a picnic dinner in the park.

Mr. and Mrs. Charles F. Murphy returned Sunday evening from a two-week vacation at Calumet where they stayed in the Keweenaw park. They visited Eagle Harbor and Copper Harbor. Mr. Murphy has specimens of copper quartz which came from Mining Camp No. 5, 8,500 feet below the surface of the ground. The Murphys attended the Upper Peninsula Legion convention where Mrs. Murphy was one of the speakers.

Charles L. Dubuar, who has a hobby of getting papers from out-of-the-way places in this country and from foreign ports, brought to the news desk this week an Aug. 4 issue of the Tombstone Epitaph, published weekly at Tombstone, Ariz. It is in this former mining town, where the population has dropped from 7,000 to 500 — that dickerings are going on with Paramount studios on the matter of a sale. The town has offered itself in its entirety to the company for sale. And Paramount is considering the proposition of the town, where it has recently completed a film.

Sam Brader was in Detroit on business Thursday.

Harry B. Clark, who has been ill for a week, is again able to be down town.

Mr. and Mrs. Fred Van Atta left Wednesday for a short vacation trip on Mackinac Island.

Louise Alexander and Edward Angove are guests at the J. N. McLoughlin cottage near Lewiston.

Charles A. Dolph, who suffered a stroke Saturday, July 30, is recovering slowly at his home on East Main street.

The Fitzgerald for Governor banner is being carried by the Northville Republican women into the Milford Fair camp this week. There a booth is stacked high with Fitzgerald literature and any person who stops long enough to sign his name in a book automatically becomes a member of the Fitzgerald club. Not only that but a glass of clear, sparkling water from the Northville Springs will be served to the signer. This beverage is well known to the Nebb's comic strip readers.

Mrs. Bricker's Cows Make New Records

Three Guernsey cows owned by Mrs. E. M. Bricker have just finished new official records for production which entitles them to entry in the Advanced Register of the American Guernsey Cattle Club.

These animals include six-year-old Green Vale Express 337556 producing 12244.5 pounds of milk and 6022 pounds of butter fat in class AA, five-year-old Green Vale Eileen 339294 producing 9910.0 pounds of milk and 575.9 pounds of butter fat in class A and three-year-old Maple Grove Virginia 407292 producing 11071.6 pounds of milk and 536.5 pounds of butter fat in class E.

TIGERS TAKE GAME SATURDAY

Two teams composed of members of the Cub Scouts organization put on an exhibition game at Carleton Aug. 6, with the Tigers taking the York by a score of 7 to 3.

A homecoming celebration was in progress Saturday at Carleton in which the Old Timers team, composed of former stars in the big leagues and minor players, played against a team representing Carleton. As an added feature the young stars of the future showed the neighborhood city spectators how baseball is played by fellows who are on the way up to the majors.

There were several former big leaguers there and they all commented on the bright future in store for members of the Cub squads. Men like Bobby Veach, Oscar Stanton, Davey Jones and Harry Gernan, St. Louis took time to give encouragement to the young players and gave them a few pointers in good play. They all agreed that with practice the Yanks and Tigers would develop players who might someday make "the big time."

George J. "Shorty" Moran, president of the Detroit Baseball Federation, saw the boys play and was so impressed with their ability that he has invited the teams to play in Detroit in the near future.

A game will be played at the fair

grounds this Saturday at 2 p. m. and it will be a good opportunity for the people of the village to see some of the stars of the future in action.

Fire Damages Toll House Late Friday

Flames did an approximate damage of \$400 late Friday afternoon to the home at 109 Fairbrook avenue, occupied by Mr. and Mrs. Dave Toll, who were not at home at the time. Although the origin of the fire is not known, it is believed from reports received by Fire Chief Fred Hicks, that children playing with matches in the house caused the blaze which started in a store room

Heavy Traffic around Lake Resort

Area Takes Toll in Car Accidents

WALLED LAKE — This season's heaviest week end traffic to date resulted in numerous accidents of more or less serious nature in this vicinity.

Perry E. Brundage, 54, 266 Leroy, Clawson, driving east on West Maple road lost control of his car at the Haggerty highway intersection at 10:30 p. m. Saturday and struck a culvert, causing his car to turn over. His wife, with him, suffered a broken leg and was taken to Pontiac General hospital.

Donald Krupp, 21, 252 Anderson, driving north on East Lake Drive sustained a broken arm and severe cuts when he collided with a car purported to be driven in the same direction by Alvin Booth, Stenbaugh Court, Pontiac. Krupp was treated by Dr. E. J. Lindsay of Walled Lake, and then taken to the Pontiac General hospital. Booth was held at the Oakland County jail, pending an examination of a drunk driving charge.

Joe E. Taft, 49, 320 Whittemore, Pontiac, and David Steah, 25, 3230 Rochester, Detroit, were involved in a minor collision on Pontiac road at 10:30 p. m. Saturday. There were no injuries or arrests. The cars were slightly damaged.

A car driven by Joe Reimer, Walled Lake, collided with one driven by Stanley Adromaitis, 9231 Cardonia, Detroit, at 7 p. m. Saturday night, at the corner of Pontiac road and West Main street, as Reimer was turning left on Pontiac road. Both cars were damaged but there were no injuries.

Don Costello, 32, was accidentally shot with a 32 calibre rifle by Lewis Metalsky, 27, while target shooting at Loon Lake at 4 p. m. Sunday. The bullet struck Costello in the left leg, inflicting a serious wound.

Mrs. Pearl Christian, 45 years old, Wolverine Lake, demanded an examination when arraigned this morning on a charge of neglect of her four small children. She appeared before Justice John A. Morley, a. Clarkston, and was charged with being absent from her home for a period of several days without providing for her children. Examination was set for Thursday and bond fixed at \$100, which was not furnished, whereupon she was returned to jail.

Seventeen members of the Future Farmers' club returned Friday from

a three day outing at Higgins Lake under the supervision of Waldo A. Proctor, local agriculture teacher. They enjoyed a number of camp sports, with Lloyd Graham, club president, acting as general of events.

The Walled Lake Merchants came through their toughest game of the season Sunday, with Lapeer, and won by a score of 9 to 8. Bone and Hursh were the Walled Lake battery. Great fielding by the Merchants' gardeners featured the game.

Excellent attendance was enjoyed Thursday, at the 'Surprise Night' festivities held on the lawn of the Methodist parsonage. In addition to the numerous refreshment booths and novelty stands, a fine program of music and other entertainment was presented, including the high school band xylophone, vocal quartette selections and readings. Net receipts for the occasion were \$72.75, which will be placed in the church treasury.

Clyde F. Angell, 61, Pontiac, died at his residence, Thursday afternoon, of a heart attack. Born in Bloomfield township, Nov. 27, 1867, he was married to Grace L. Wolf, Nov. 20, 1901. He was a life long resident of the county and had lived in Pontiac 12 years. He had formerly lived at Walled Lake, for several years, as a farmer. He was a member of the Baptist church. He is survived by his widow, and one daughter, Evelyn, of the home. Burial was Saturday at White Chapel.

Barker Announces Candidacy for State Senate

Advocating tax reductions and a legislative drive against racketeering finance companies, Stanley C. Barker, Detroit Attorney, announced this week his candidacy for the office of State Senator from the 18th district, Wayne county.

"The small loan business is both necessary and has a proper place in the community," he explained, "and there are many legitimate small loan firms, but how is the average citizen to separate the wheat from the chaff unless the law does it for him? Not a week goes by but what some poor person walks into my office and tells how some finance agent grabbed his automobile and sold it just because the payment was a few days behind. The other day a man from Brighton came in whose pay day had been changed from the 15th to the 26th. The man did the nice thing of spending his money to go to the company to tell them about it, but did they extend the date of his payment accordingly? No. They told him to pay \$5.00 to have a \$27 payment extended. They also told him to pay an additional 10c a day for each overdue, and then when he can't pay they take his car and sell it without any court hearing for less than what it's worth. They don't stop there. After they've sold it, they garnish his pay for the 'difference,' and thereby jeopardize his job."

That is not Christian, and my platform is based on the Golden Rule. Do unto others as you would have them do unto you. Judges hands are tied by the law; if you want this changed you must elect a Senator from the 18th district who will fight for proper change."

Stanley Barker, 30, has been practicing law over nine years, has been Chancery Clerk to the Circuit Court, Commissioners of Wayne County, State Inheritance Tax Representative under Gov. Fitzgerald and Associate Municipal Judge of Ferndale until he resigned to take the State Post.

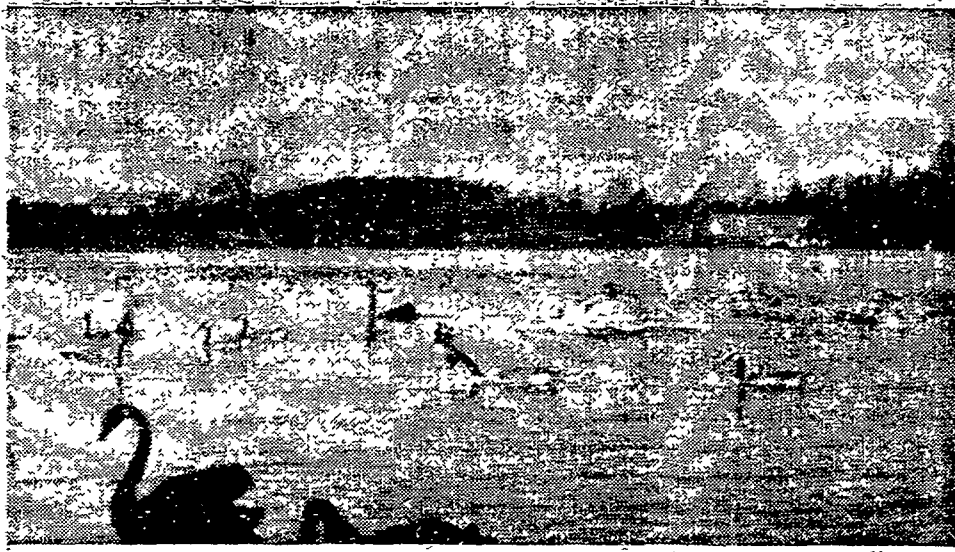

SHOES

By THEODORE WERLE

Recently, and for the first time in a serious way, I had my attention attracted to shoes. This interest became active when we found it impossible to get a sensible shoe in our city, for our seven year old daughter. We found all the shoes available had narrow, pointed toes. There just was no shoe sold anywhere that recognized in its design, the wider toes necessary for a growing girl's foot. Every shoe shown us was designed in such a manner that it would destroy the natural growth of the toes, and would result in a deformed foot within a few years.

It occurred to me that this little girl's feet would have to serve her all well past the year 2000 A. D. if she lives a normal life expectancy. And it may not be until then that she will thank her mother for being so careful about shoes now. The feet of old people can be a frightful trial or they can be the aids to many happy hours in favored pursuits. Without good, sound feet almost every activity is desperately handicapped. And while they are children, the feet of adults are formed. Parents, therefore, would do well to give some thought and care to this business of getting foot-shaped shoes. If we all should agree to buy only sensibly formed shoes for the little ones, soon there

THE KELLOGG BIRD SANCTUARY

Wester foot enjoying the Kellogg Game sanctuary

By DR. HENRY S. CURTIS

I visited the Kellogg Bird Sanctuary yesterday. It is located about ten miles northwest of Battle Creek on Winterset Lake, a small body of water of about twenty-five acres. The sanctuary is about seventy-five acres in all with the adjacent farm of five hundred acres or more was purchased a number of years ago by Dr. Kellogg, and turned over to the Michigan State College to administer. The sanctuary, farm and the large consolidated school located on it are regarded by the college as a research and experiment station in wild life, agriculture and rural education. A high school with a fine swimming pool is to be added to the plant this year.

Prof. Miles Purney, author of several well known books on birds, who is in charge of the sanctuary was formerly ornithologist for the state department of conservation and is undoubtedly the best known bird man in the state.

The sanctuary contains a small museum, a small aquarium, many varieties of beautiful old world pheasants several gorgeous parrots, and a wild turkey range of five or six acres, which singularly enough they do not leave. But I suppose most visitors come to the lake to see its assorted water fowl, of which there is a large supply, considering the small size of the lake. Dr. Purney says there were more than ten thousand wild ducks that stopped at the lake for some time during their migration last

fall. Of course such a small lake could not feed such a multitude, nor was this necessary, as they flew out to the surrounding lakes of the area in the evening and returned to their "city of refuge" in the morning.

The permanent residents on the lake consist of a pair of Australian swans, a number of families of Canada geese, and many varieties of wild ducks. For the most part these regular inhabitants are free, thousands of such birds in this to come and go apparently find area that are quite unsuited for agriculture and company to their culture but which might raise excitement and finger on throughout the area with occasional desertions as the numbers increase.

There is a "foot trail" running nearly around the lake, which gives an opportunity to observe the nesting swans and geese largely on the artificial muskrat houses near the shore. Prof. Purney has sold several swan's eggs at fifteen dollars apiece but in general all the wild life incubate their own broods in their own way and time.

When I reached the sanctuary, I found a high school class in biology from Escorpe just finishing breakfast at the picnic ground on the far side of the lake. Prof. Purney took the class with his teacher on a two hour circuit for a study of water marsh and shore birds after which they returned to study the exhibits in the museum, aquarium and the pheasant cages. On our way back we met a rural teacher with a first

grade class coming in. There was a parent teacher's group seated on the benches in front. While I was out to the surrounding lakes of the area in the evening and returned to their "city of refuge" in the morning.

The land around the lake seemed to be mostly submarginal, and the lake itself for the most part is not of the resorting type. The budget of Prof. Purney and his graduate assistant is only \$12,000 and is met by Mr. Kellogg. The thought that came to me as I went about was this: If this small sanctuary located in an area in which less than two hundred thousand people live has such an abundant use, what would be the popularity of a similar sanctuary in the Detroit area with more than two million within easy reach of its facilities?

Of course it would be difficult to find another Dr. Purney, but if that dream might be realized, this area would really support several times the size of the one on Winterset Lake.

So rapid has been the development of electric ranges in the last few years, so great the improvement in speed and efficiency, that many people do not realize how little it now costs to cook electrically. As proof of this, jot down your own impression of electric cooking costs in the chart above, and compare your guess with the correct figure in the table at the right. The result may surprise you! Today's modern electric ranges open a new world of cooking enjoyment to thousands of women who have felt that they were unable to afford it. The price of an electric range is about the same as that of an ordinary stove of comparable size and features.

See the new electric ranges on display at department stores, electrical dealers or at Detroit Edison offices.

\$1.73 per month is the average cost of electric cooking in families of 4 persons, at the rate of 2.4 cents (not per kWh). This figure was obtained by actual meter test in homes using electric ranges, over a period of a year's time. For families of 3 persons, the cost averaged only \$1.55 per month. Five well-known makes and 9 different models of electric ranges were used in this survey, by women cooking meals daily in ordinary kitchens.

You CAN afford electric cooking!

VIEW WORLD'S FAIR MODEL
 One of the most unusual and interesting buildings and exhibits yet designed for the New York World's Fair 1939 has been shown in model for the first time. The model was viewed at a luncheon given by Grover Whalen, president of the Fair Corporation to the five Preston brothers, all of whom are actively engaged in carrying on the world wide rubber business founded by their father, the late Harvey S. Preston. The brothers are Harvey S., Jr., Russell A., Leonard K., Raymond C. and Roger S. Preston. They are in New York after attending the graduation of their sister, Elizabeth, from Smith college at Northampton, Mass.

SESSIONS HOSPITAL
 Charles LeFevre received first aid at the hospital Saturday evening following a severe cut on his right thumb.

Mrs. Russell Vande and infant son were discharged Thursday to their home in Walled Lake.

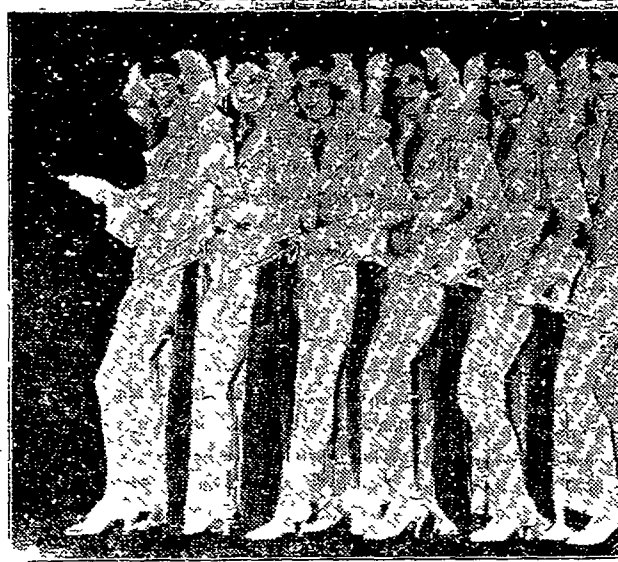

Mrs. Raymond Mida of Belleville was discharged Wednesday.

Mr. and Mrs. Wilbur Ebersole, Plymouth, are the parents of a son born Wednesday, Aug. 3.

TO APPEAR ON FAIR STAGE

THE CONTINENTAL LOVELIES

Aeron, comedy, beauty, dancing, the Yacht Club band directed by Lee Worrell.
 An entirely new show will move in for the Friday afternoon performance. The "Show of Shows" will bring to the fair stage the highest type of talent, making a show both dazzling and beautiful.
 Several individual acts will be worked into the stage spectacles. Some of these are:
 The Raymond Melzora troupe of five persons in a live flying act. One of the number is rated an exceptional comedian.
 The Whirlwinds, in a fast act, "Speed on Skates," that promises to hold spectators spell-bound from start to finish of their amazing, whirlwind skating stunt.
 Frank and Ethel Carman doing things with hoops you never imagined could be done.
 The Torre twins and Toffence, two blond girls and a man from the Berlin Winter Garden, performing adagio acrobatics on a five-foot pedestal.
 The Monte Carlo Four, a European juvenile foursome, in an act duplicated nowhere else in the world.
 Many other surprises await the fair patron in the afternoon and evening shows.

RELIEF SUPPORTS

 through the regular channels of business through WPA projects that will provide constructive work.
 "The transfer of funds to reestablish city and county credit with merchants is urged by the city of Detroit. They have contemplated a special tax to meet rising welfare costs primarily because of the lack of State aid.
 Clarence E. Page, assistant corporation counsel, informed Reading that the State legislature could pass a law authorizing the county to levy special taxes to pay for welfare costs. "There is no express provision in the constitution which would prohibit the legislature from vesting in a county or city the right to levy a specific tax for welfare purpose," he said.

MAYOR R. W. READING
TO BE ROTARY GUEST

Congressman George A. Dondero will be the speaker at a ladies' night of the Rotary club on Tuesday, Aug. 16. At a meeting of the club this week Supervisor W. A. Elz announced that Mayor Richard W. Reading of Detroit, was also to be a guest.
 Due to the devastating heat and the absence of a number of members on vacation no formal program was attempted. The meeting was adjourned at one o'clock to permit President Floyd A. Northrop, Jr. Joseph G. Schuler and Nelson C. Senrad to attend the district assembly in Detroit.

Brink, Farley Win
Golf Tournament

(Continued from page 1)
 hole final 2 up and one to play.
 The winners are a couple of golfing businessmen, and Farley, who is 43 didn't take up golf until he was 30. Farley was once a baseball pitcher in the old Michigan State League. Brink played good golf all through the tournament, but his partner's steadiness brought them home in the lead in the play-offs.

This was the first tournament of this kind to be tried by the local golf club, and its overwhelming success may provide golf enthusiasts of this district with many chances to see the nations outstanding golfers in action in the future.
