#### Cooperation Did It

The 22nd annual Northville-Wayne County fair opened with every prospect of being one of the most successful yet. To succeed, year in and year out for nearly a quarter of a century, is an unusual record and means that something is back of that success.

Men who have known the Northville fair throughout all these years tell us that just one word accounts for all this constant advance. That word is: Cooperation. No one man has made the fair what it has been, nor have any as brilliant as she is, she had eight solid years of experiten men. Without pay or honor, all people of the community have joined to make the Northville fair an out of Sinclair Lewis took eight years to find herself back in munity have joined to make the Northville fair an out of Sinclair Lewis took eight years to find herself back in w. #### Are You Ready for Fall?

We sit under the apple tree in the back yard as a big white moon rises over the horizon to the southeast. It is only a little after eight o'clock. A month ago the days seemed much longer. Suddenly it comes over us that summer is waning fast: Who can stop time in its flight? Soon the school bell will ring again and the summer days of 1938 will be gone forever.

-Have we accomplished this summer all that we planned to do? Are we richer in memories, have we tied friends more closely to us: have we done anything for which we shall be remembered? Have we shaken ourselves out of the rut, have we taken those trips that we planned to broaden our vision? Have we lived out in the great outof-doors all we could and fortified our health against the days when winter winds will shut us in-doors?

If we-have not done all of this, there is time to get a little closer to our children while they are home from school, to take that hike with the boy who will remember it always, to take time for a chat with the neighbor over the fence as he hoes his garden. Summer is the time for broadening out the human relations, for reaching out beyoud the narrow fireside that draws the family closer when the ground is covered with snow. And if you have

not taken your lunch basket to our beautiful park at our Mr. and Mrs. Edward Frederick died During the electrical storm early quality, but they have helped sub-and the simple instand of amortizavery door, there is still time for a number of picnics. #### "WPA, Here We Come" — All Wrong, Says Dorothy

The other evening just before going to bed we happened to pick up a copy of The Ladies' Home Journal, a magazine we rarely read, and before we knew it we had read complete article by Dorothy Thompson entitled, "WPA Here We Come." You will remember that this was the s ogan of a graduating class in one of the western states last June.

Well, and did Dorothy-make mincemeat of this "WPA Here We Come" stuff! 'Talking like this she said, is noth: ing more or less than pauperization of one's self. Then she went on to say that as long as she had "a brain in my nead to think with, a tongue to speak with, a healthy bedy, some will power" she would fight that sort of pauperiza-

"Young people of today have a tough time, of course," said Dorothy Thompson, who went on to prove most decisively that young people have always had a tough time getting started. She tells of her own experience in getting a start in life. After graduation from college in 1914 when there was practically no unemployment in the U.S. menting before she could find the right job. If the wife young person in 1938 to figure that he is doomed to look forward to a career on the WPA2

Just in closing, as the preacher says, we know of at playing a service flag with nine from that is bound to come least one Northville young man who with the spirit of members now being in the U. s Not only as the home of Dorothy Thompson, didn't take it lying down.

You get your oil if I forget to ched all AN ENGINE THAT HASN'T ENOUGH oil in it is headed for the repair shop. And parts like pistons and bearings aren't cheap. To heip you skip repair costs, every Shell dealer listed below makes you this proposition for a limited time: Drive into any one of our stations. If we don't check your cil without your telling us to, we will bring your cil level up to the full mark free: We'll put in our Golden Shell, too; the oil that has been made especially for today's stop-and-go driving. Maybe you never knew that stop and go calls for a certain kind of oil. Well, it does—and here's the reason why: You average ten cold starts a day. If your oil is slow-flowing, one start can cause as much wear as 56-miles of steady running. Golden Shell changes this. It's fast-flowing. The second you step on your starter, it coats each engine part with a tough oil film that doesn's break down . . . even under the heat of your steady running. In fact— There's no finer oil at any price than Golden Shell. NOT 35 = NOT 30 F

.. you can enjoy comfortable cooking this summer!

This summer, know the pleasure and convenience of doing all your cooking on a time-saving electric range. Discover the comfort of preparing meals on a stove that does not raise the kitchen temperature one degree, even in the warmest weather! You will understand why 60,000 of your neighbors find electric cooking a boon - nor only during the hof summer months, but the year round. You will realize why more and more women are turning to this modern way of preparing meals . . . why last year alone more than ien thousand families in and around Detroit switched to electric cooking. The price of an electric range today is about the same as that of an ordinary stove of comparable size and features. You can afford electric cooking in your kitchen NOW!

\* This is the latest average cost figure for a

ectual cooking costs in es of three-persons, at the rate of 21% cents (ne') per kwin. The cost

of operating your range will vary with the amount of cooking done and with the use of retained heat and the waterless cooking method.

See the new electric ranges on display at department stores, electrical dealers or at Detroit Edison offices.

### for Denniston's Sheriff's Campaign

Although Captain Edward H. Den niston denied rimors that he would run for Wayne county sheriff at the time of his resignation as head of the Detroit House of Correction in July, headquarters for his camlican ticket have been opened at 1846 Cass, avenue, Detroit

Capt. Denniston, who has been vacationing in Northern Michigan since his retirement at the penal institution is supervising the building of a number of summer cotages near his summer home, Rumpus Ridge, at Grand Marais.

When his resignation went into effect July 31, Denniston had round ed out 18 years of service as head of the Degroit House of Correction They've been after me for the past 10 or 12 years to run for sheriff. I den't know why I should. I'm going to have a complete rest from public service now and I doubt if Fil ever run for office," Denniston said two weeks before he left his desk at the Detroit House of Correction.
