

REGISTRATION GETS STARTED IN NORTHVILLE

Amerman Assigns Faculty Personnel to Teaching Posts for Year

Junior and senior high school registration began Thursday morning and was scheduled to continue through Friday. Superintendent R. H. Armerman expects a large enrollment which will over-tax the classroom capacity in some of the senior high school departments. All classes will run on a half-day program Wednesday, Sept. 7, giving the teachers enough time to check registration, make assignments and inspect books. School will begin its regular routine Thursday, with classes continuing to the end of the year.

Teacher	Grade
Principal Frank Hewitt	5 and 6
Mrs. Sterling Eaton	Kindergarten
Mrs. William Chizzner	1
Mrs. Beulah Miller	1
Mrs. Nora Wilson	2

Northville, Michigan, Friday, September 2, 1938

● The Minister Is Excused

A newspaper of Indiana says that a certain minister in that community does not consider the word "damn" as profanity. The paper goes on to say that the parson is a taxpayer.

● WPA Economy

How do you figure this out:

Northville WPA workers drive their cars miles and miles away to go on their job. At the present time men are coming into Northville from Detroit to work on local projects. The reason is not that they are trained men, for in most cases they are not. Just one more way in which the public's tax money is being unwisely spent.

● The Tax Menace

Here is a true story. An editor of a small daily paper while talking over business problems said to us: "A few years ago our total tax on our paper was around \$200 for a year. In 1937 all the new levies heaped upon us made our tax bill over \$700—or practically \$20 a week."

Is it any wonder that thinking people are becoming aroused over the increasing burdens of taxation?

● The Tax Bill in Michigan

The question of how we are going to keep on paying taxes in Michigan is a question that will not down. Those who know the tax situation in our State tell us this: The entire State revenue for 24 months (full two years) has been spent under the Murphy administration in 13 months.

This may be a laughing matter to some folks now but in a few months from now it will cease to be a joke. There will simply have to be an end of spending more than we have taken in.

● Two Views On Murphy's Chances

Talking to three or four Detroit men the other day we asked them what chance Governor Murphy had to be elected. None of the party was a politician so the answers were interesting.

One man said, "Murphy will have a chance if he can get the Labor vote."

Another man said this: "I think Murphy hasn't a chance. Even the Labor vote will be badly split. I predict that he will be the worst defeated Governor in the state of Michigan."

● Seen From the Roadside

It is pleasant to turn from politics to look over the corn fields of Michigan. As the writer was born on a farm and has personally cultivated many miles of corn he thinks he has a right to pass on the prospects of this year's crop.

We may be mistaken but it does not look like a bumper crop this season. It just happens that we have had more rain than usual the past few weeks and the average corn field has been a sight to cheer the heart. The ears are long and well filled and even on poor land the crop looks better than usual. In the frost holds off until even the middle of September a bumper crop seems sure.

With good crops this fall farmers are going to be a distinct factor in returning prosperity. They are going to buy automobiles and that will be good news for Michigan.

● Some Things On Which We Agree

Scarth Inglis is the brilliant editor of the Galesburg Argus.

For years he and The Record editor have been good friends. Scarth is an ardent New Dealer and a good democrat who can see no fault in President Roosevelt or Governor Murphy—or at least he always wears a straight face and doesn't let on that they are not perfect.

Yet the fact that a person does not agree with you does not make any difference with real friendship. So the political views of the Galesburg editor and the ideas of the Northville one have little or no effect on the ties of friendship that bind them. Of course when we meet, each razzes the other good naturedly and we sometimes think the Galesburg scribe says in a little thick to get Dick Baldwin's goat.

The other day Ed Inglis was highly amused at reading a political day board, "Rescue Michigan." After throwing a few political bouquets at this sign he wrote something that men of all parties should be able to endorse. Lay aside your politics awhile and read this:

Michigan does not need to be rescued. Citizens, especially those in high places in business, might be taught to practice the Ten Commandments, The Sermon on the Mount. No defeated politician can accomplish this. In fact one can sink pretty low mentally and spiritually, by contemplating how little effort is made by business, farming and professional leaders toward practical Christian living. Toward the solutions of our present problem of "how to live with too much," how to give practical reality to "you are your brother's keeper."

● Wandering Thoughts

Fitzgerald or Toy?

Ten days to the primaries.

The other fellow has his trouble.

Crickets are heralding the coming of fall.

Will the new model automobiles, soon to appear, have milder sounding horns?

Ever take time off to see the Detroit zoo? Only half an hour from Northville.

Fiorella La Guardia, Mayor of New York: "I will take orders from no individual or any organization."

Warning: "There are nations and there is nationalism: nations were created by God, therefore there is room for a just, modest and temperate nationalism associated with all the virtues. But beware of exaggerated nationalism as of a real curse."—Pope Pius XI.

Nesto E. opines that farming is becoming more and more precarious. He heard one fellow complaining bitterly a short time ago that there is no longer profits in dragging automobiles out of the mud holes on the road during the day because of the increased cost of hauling water to them at night.—Exchange.

NORTHVILLE'S YESTERDAYS

● One Year Ago

Kathryn Marburger and Paul Gennan saw to it that Northville kept its blue ribbons at home when honors for the Junior Horse Show were passed around last Thursday.

Tuesday saw the shifting of six Detroit employees to the Livingston county district with headquarters at Howell, two office clerks to Pontiac and three other employees to the South Oakland county district with the central office at Birmingham.

Blue skies and a hot summer sun brought down upon the thousands of farmers who crowded into the gates four days last week, Aug. 25-28, to attend the twenty-first Northville Wayne County Fair which long has established itself as one of the outstanding institutions of the State. Barn to Mr. and Mrs. O. D. Kilgour on Monday and daughter, Kathleen, on Tuesday.

Celebrating the ninety-seventh anniversary of the Wayne Baptist Church, a two-day convention, drawing ministers and church workers from surrounding communities, will be held Wednesday, Sept. 14, and Thursday, Sept. 15, at the Northville Baptist Church.

● Ten Years Ago

Through a telephone call during the early part of the present week, the following information was received from the office of the Wayne County Board of Supervisors: The Wayne County Board of Supervisors, at its meeting held at the Northville Hotel, Sept. 1, 1928, passed a resolution to purchase a new fire engine for the Northville fire department.

Arrangements have been received for the marriage in Grand Rapids of Miss Victoria E. Kellomaki, daughter of Mr. and Mrs. J. K. Kellomaki, of Northville, to Mr. J. H. Cattermole, of Grand Rapids. The wedding will be held at the home of the bride's parents, Sept. 10, at 2 o'clock.

● Fifteen Years Ago

The remarkable production of the Ford Motor Company's plant at Northville singles it out as one of the most outstanding of the several in this week to the State Fair.

● Twenty Years Ago

Northville is to have its second annual Fair Sept. 21-27. Last year's event was a big success, both in attendance and financially. This year's event promises to be a big success and it is admitted that it will have to go some to do it.

● Thirty Years Ago

W. H. Cattermole is certainly doing a great business this year. Last year his receipts of machinery, tools and machinery was 16 carloads. So far this year he has received 26 carloads and there are five more yet to arrive.

● Forty Years Ago

Last Friday was the 82nd birthday of Leonard Charter and also his 49th wedding anniversary. Northville singles it out as one of the most outstanding of the several in this week to the State Fair.

Walled Lake Consolidated Schools Plan for 25 Per Cent Increase in Enrollment When School Doors Open Next Tuesday

By C. A. HOFFMAN

Principal George Carpenter has registration well under way this week for the Walled Lake schools which open Tuesday, Sept. 6, for the fall term.

A heavy enrollment is expected, based on the school census which was completed in June, indicating an increase from 924 to 1172 more than a 25 per cent increase in the number of pupils in the district of school age. Besides this, the reports are that many more families have moved into the district since the filing of this data in June.

The Walled Lake board of education is faced with the question of the advisability of reducing admittance of any more non-resident high school students. The reasons for this are the crowded conditions in the inadequate classrooms and the attitude taken by the State administration in cutting the allowance to the high schools of the State for non-resident students.

Schools cannot afford to take in these non-resident students when the funds are reduced as seriously as they were last year and as they are threatened to be this year. Besides this, the attorney general has ruled that the entire amount of the allowance must be deducted from the State aid to the high schools rather than the smaller amount which the high schools receive. This is a very serious situation for those people who live in areas not in high school districts and are adjacent to crowded high schools. Undoubtedly, it will be the cause for many boys and girls from rural areas not getting a high school education.

It will be entirely impossible for any non-resident pupils to be transported on Walled Lake school buses. Many patrons living just out of the consolidated district wonder why their children are not taken to high school when the bus may be going past their house or the children could walk to the bus route. The State school law governing consolidated schools does not permit this without penalty to the consolidated district and with a school system as crowded as Walled Lake is, it would be folly to buy more buses as a donation to territory that does not support a high school.

This year the Walled Lake schools, for the second time will operate the primary grade schools at Commerce and Union Lake, besides the grades and high school at Walled Lake.

Mr. B. J. Gordon has announced his candidacy for State Senator from the 18th district. Born in New York, N. Y., April 18, 1884, he moved at an early age to Hartford, Conn., where he received his education. After attending high school he came to Detroit in 1916, at the age of 22.

He was engaged in the manufacture and distribution of medical supplies for four years then operated a collection agency for three years. Thus, occupied as a salesman for many years, his experiences led him to the threshold of politics in 1922.

His political affiliations resulted in his present position as an employee of the Board of County Auditors in the Tract Index Department. His aims are: State reapportionment in order to assure Wayne county, a more equitable tax distribution; modification of the Small Loan Bill for the purpose of reducing present interest rates; revision of present land contract laws to extend the equity of redemption period to one year; elimination of tax on food and the substitution therefore of an additional luxury tax, enactment of more stringent divorce laws, and legislation providing limited homestead tax exemption.

Fig Not a Fruit
The fig is not really a fruit, but a fleshy growth which issues from the trunk and limbs of the tree without any flower preceding it. The real fruits are what we call the seeds inside the fig.

Dies Brands Shirley Temple as a Red, Or at Least as Communist Sympathizer, Youth Expected To Follow Film Favorite

By FRED WAEVER NEAL

The next Shirley Temple picture has not been announced, supposedly because Miss Temple had not yet received her orders from Moscow. Miss Temple, as everyone knows, is a Red. Or is not a Red, at least she is a Communist sympathizer. That much was brought out before the Rep Martin Dies committee investigating un-American activities. Miss Temple sent an endorsement to a Paris newspaper named Ce Soir. The Dies committee was informed that Ce Soir is a Communist paper. True, it was admitted, Miss Temple

may have been duped. But surely Miss Temple is an intelligent person. So are they all intelligent persons. If they sympathize with Reds, they sympathize with Reds. Just like Mrs. Roosevelt.

A New York columnist says that Miss Temple's communist leanings first became apparent when she made the picture "Little Rebel." He did not say whether or not the politico-economic ideology of Miss Joan Crawford was determined by her picture, "The Bride Wore Red." Miss Crawford has — thus far — escaped being accused before the Dies committee of being subversive. But the committee is going to hold a number of hearings yet, some of them in Hollywood, so the people can get at the truth of this monster Red plot.

It is a monster-Red plot, obviously. Consider the case of Miss Temple. She is even more insidious than Mrs. Roosevelt, who was also listed before the Dies committee as a Red sympathizer. Miss Temple could indoctrinate the young. Already the youth of our land is wearing Shirley

Temple hair cuts and Shirley Temple blouses and carrying Shirley Temple muffs. When Miss Temple becomes so emboldened as to wave a Red flag, is it not logical to assume the youth of our land will also wave Shirley Temple Red flags? It is.

More than that, Miss Temple, presumably, under orders from Josef Stalin, has laid the groundwork for an armed force in preparation, supposedly, for the revolution. It is the Shirley Temple Police Force. All sorts of people belong. Thousands of our youth belong. President Roosevelt belongs. Even Your Reporter belongs. Miss Temple took him in herself. Of course, he did not know at that time she was a Communist or he surely would not have interviewed her. But he did, and he was contaminated. He thinks Miss Temple is swell, even if she is a Red.

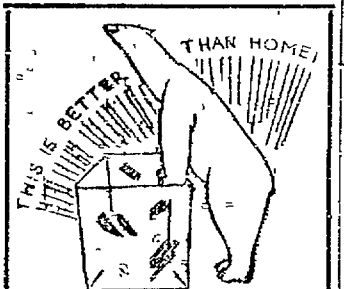

What is going to happen to Miss Temple? What is Rep. Dies going to do to her and to other participants in the Red Plot? Is it not Miss Temple's Constitutional right as an American to be un-American? What is un-American anyway? What is American? Who is to say? Rep. Dies? Miss Temple? Earl Browder?

Can Rep. Dies do about the so many of them? The A. F. of L. says the C. I. O. is a communist. The C. I. O. says the A. F. of L. is a communist. Hollywood is a communist. The White House is a communist. Our colleges and universities are communist. Practically everybody is communist. So what? So Rep. Dies investigates them. It's his job. It provides light, amusing reading. It spends the taxpayers' money, thus aiding prosperity. It gives the Communists lots of publicity. It gives Rep. Dies lots of publicity. It gives Shirley Temple lots of publicity. It prepares people for the revolution.

(Thought. Maybe if the revolution is to be in the hands of people like Shirley Temple it won't be so awful after all. Maybe it won't even be as bad as the New Deal. Maybe there won't be any revolution. Then what? Who knows? Ask Rep. Dies? Ask Shirley Temple? Ask anybody? But for pity sakes stop bothering this reporter about it. He's got to report to Moscow.)

Kind of Pacific Salmon

There are five kinds of Pacific salmon—the quinnat, the blueback, the silver, the chum and the pink salmon, of which the quinnat, the blueback and the pink are the most important.

There's nothing like pure, fresh ice to keep your meats, vegetables and other items fresh and safe. Ice is nature's way and it remains the best way. Ice is inexpensive to use. You can use all you want and still have plenty to do an adequate refrigeration job.

Walled Lake Has Space on State Fair Program; Discover Marijuana Weed; Fall Football Practice Call Made by Coach

By C. E. HUTTON

WALLED LAKE—The village of Walled Lake will be given considerable recognition Friday, when a program sponsored by the Community Luncheon club will be presented on the Oakland County Day at the Michigan State Fair.

Walled Lake will be one of the few towns of the county to give a one hour program. Most of the other communities will confine their presentations to shorter periods.

The Luncheon club was invited by Clarence Dushberry, in charge of special Fair activities to sponsor a Walled Lake program, with a free choice as to the nature of the offering to be given.

The guy who writes this was appointed to figure out a program and to act as master of ceremonies. Said program has been planned essentially as one of publicity for the community. Highlights will be the high school band, the Methodist choir, instrumental solos and short talks by C. A. Hoffman, superintendent of schools; Larry Gilliam, club president; H. G. Roach, realtor; and Mrs. Margaret Mesnard, president of the Civic Welfare club.

The hour of the program will be from 3 to 4 p. m. The event will take place at the band shell near the mall.

A patch of marijuana weed was discovered Saturday by Harry Long, aged 11, on the Byron Dandison farm, near Sugden Lake. He reported it to Deputy E. L. McQuern, who destroyed it Tuesday with the assistance of the Walled Lake Boy Scouts. Residents of the farm were unaware that the weed was growing on the place.

John Merenelli, 16 years old of 17527 Hall, Detroit, severely cut his foot when he jumped from a dock on the South Shore Sunday afternoon. He was treated by a physician and taken to a Detroit hospital.

Football practice was scheduled to start today for high school freshmen and varsity squad candidates. Coach Harold Hirsch issued a call to his men Wednesday, to report for drills. Pending completion of the athletic field improvements, practice will be held in a field adjacent to the school. Arrangements are being completed for use of another field for all games played here this season.

Sept. 10 is the date set for the annual meeting of the Walled Lake Homecoming Association to be held at the Methodist church. The day's program will begin at 10 a. m. and will be devoted to the reading of memorials. Dinner will be served at the church at noon. The afternoon session will include a business meeting, an address by a well known speaker and other items of interest. Officers of the association are: Mrs. William Mairs, Nov. president; H. G. Roach, vice-president; Ruth Bradley, secretary and treasurer; and Mrs. May Johns, memorial chairman.

The first annual intercommunity picnic, held here Saturday at East Shore Beach, was pronounced a success by members of the local DeMolay chapter, Walled Lake sportsors of the affair.

An attendance of nearly 1,000 was thought to have been present to enjoy a variety of entertainment in the afternoon and evening. The bathing beauty contest, with 14 entries, was won by Melvina Eberle of Walled Lake, who received a basket of flowers and a fitted over night case. Second prize-winner was Dorothy Peters of Wolverine Lake who was also awarded an over night case and third prize went to Virginia Boleyn, who received a manicure set.

Judges of the contest were Albert Eckstrom of Clarkston, Dr. A. J. McClellan of Detroit, and Owen C. Thomas of Milford.

was uninjured, but Helen L. Stone, Ethel Verlie and Jack Pershing, all of Detroit, were severely injured. They were treated by a Milford physician and taken to Pontiac General hospital.

The Rev. Harry J. Lord of the Methodist church will speak at the union service. This Sunday will end the union services for the summer season.

DEMOCRATS TO STAGE LABOR DAY RALLY

A program of entertainment by radio-stars of station WABC, Detroit, scheduled for Sunday evening at East Shore Beach failed to materialize due to a near tragedy involving four of the entertainers in an automobile accident at 7:15 p. m. The players had decided to take a ride before their evening performance and were headed toward Milford two miles north of Walled Lake when their car left the road and crashed into a tree.

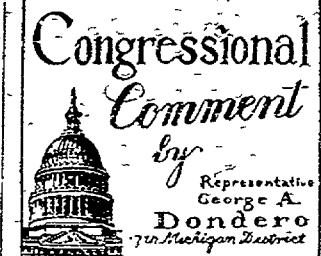

Charles S. O'Rourke, the driver

What promises to be the largest pre-primary picnic and rally of the Democratic party has been planned by the 17th Congressional organization for their "Lao." Day outing at Edgewater Park, West Seven Mile road at Grand River Detroit.

Governor Frank Murphy will be the principal speaker of the day and the guest of honor. In addition, State and county officials will be introduced in the late afternoon.

A full day of fun and good fe-

lowship has been arranged. A softball game at 10 a. m. will inaugurate the day, followed by a varied program of races, games and contests for young and old with prizes for the winners, as well as 10 valuable attendance prizes.

To the Editor:

Are we on our way? In 1913, just before the outbreak of the World War, the seven great powers of the world expended more than two billion dollars for armaments. This year the United States alone will spend nearly half that amount and the combined total for the seven major powers will be nearly 7 1/2 times that amount, or \$15,023,000,000.

This race began five years ago when Hitler announced the withdrawal of Germany from the Disarmament Conference and the League of Nations. Since that time the United States, Great Britain, France, Germany, Russia and Japan have led the way in the race to increase armies, navies and air forces. Until two years ago Italy invested huge sums in armament.

Data compiled by the Foreign Policy Association, quoted in the United States News, reveal that the bill for armaments to the 60 major countries of the world is now four times that of five years ago. For purposes of comparison, I cite armament appropriations for the seven great powers at the outbreak of the World War at the start of the present armament race, and today:

	1913	1938
United States	\$2,154,000,000	2,813,000,000
Germany	15,023,000,000	15,023,000,000

Six of these powers now devote from 20 per cent to 50 percent of their national budgets to armaments. The United States spends about 12 per cent of its budget for national defense. This increase in spending for the materials of war goes on simultaneously with an international inability to balance a budget.

The heaviest spender in the armament race is Russia with Germany, Japan, Great Britain, France and the United States following in the order named. This year Russia will spend 16 times as much as was spent in 1913. The landing army of one million and a half million men and its reserve force of 17 million men constitute the largest army the world has known.

Germany is not far behind Russia in armament expenditures. This year that country will spend 13 times as much as was spent in 1913. Extensive border fortifications have been created and Hitler's air force is now and to be the equal of any other in the world. Although no official figures are available, the German army is estimated to have a strength of one million men.

Armament expenditures in the United States are now at a record peace-time high. Appropriations have been stepped up annually and this year our expenditures for the army and navy will total one billion dollars. Congress also passed a special billion dollar naval bill in the last session.

The following table of armament spending for 1933 and 1938 gives a comprehensive picture of what is going on in this costly race.

	1933	1938
Russia	\$309,000,000	\$5,026,000,000
Germany	300,000,000	4,030,000,000
Japan	253,000,000	1,755,000,000

England	456,000,000	1,693,000,000
France	878,000,000	1,092,000,000
U. S.	540,000,000	1,066,000,000

Seward's Higher Law Speech

Seward's higher law speech was a speech delivered by William H. Seward during the debates on the compromise of 1850, in which he said: "The Constitution devotes the domain to union, to justice, to defense, to welfare, and to liberty. But there is a higher law than the Constitution, which regulates our authority over the domain and devotes it to the same noble purpose."

Northville Schools

Will Open

Wednesday, Sept. 7

NOTICE OF ADVANCE REGISTRATION

Advance registration for all junior and senior high school students will take place Thursday and Friday, September 1 and 2.

All students who will attend the Northville high school this fall should call upon the Principal on one of the two registration days. He will be at his office upstairs from 9 to 11:30 a. m. and 1 to 4 p. m. each day.

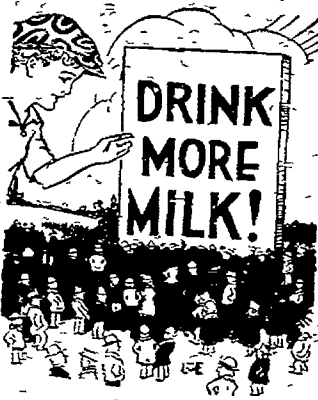

Pupils enrolling in the seventh and eighth grades will report September 1 or 2 to Mrs. Cooke in the junior high room. Office hours will be from 9 to 11:30 a. m. and from 1 to 4 p. m.

Grade school pupils, kindergarten through the sixth grade, will report to their respective rooms Wednesday, September 7, at 8:30 a. m.

CLASSES BEGIN WEDNESDAY, SEPTEMBER 7

NEWS AROUND NORTHVILLE

The Northville Library will be closed, Monday, Labor Day.

E. E. Brown, Ann Arbor, was a Monday business visitor in Northville.

Mr. and Mrs. James Spagnuolo spent the week end in Lansing, Michigan, where they attended the wedding of a friend.

Mrs. C. O. Hammond, The Record's correspondent at Salem, is confined to her bed this week because of sickness.

Members of the Methodist Ladies Aid Society will meet at 2 p. m. Tuesday, Sept. 13, at the home of Mrs. Carl Ely, 112 East Dunlap street.

Members of the American Legion Auxiliary will meet at 8 p. m. Tuesday, Sept. 13, in the Legion Hall for their annual meeting and election of officers.

The Royal Neighbors members will have a keno party Tuesday afternoon Sept. 6, on the lawn of the home of Mrs. George Pickell. Each member is asked to bring a small gift and invite a guest.

Mrs. L. B. Holmes spent Monday and Tuesday in Ann Arbor.

George Starr was called Tuesday to Ferndale, N. Y., to attend the funeral of his sister.

Jim Wood of the University of Michigan, Ann Arbor, formerly of Northville, was a Wednesday visitor in the village.

Mr. and Mrs. Don Hamilton and Mrs. Gladys Henderson have returned from a week end fishing trip on Henderson Lake.

Miss Irene Bryan, 351 South Wing street, will open her home at 3 p. m. Tuesday, Sept. 6, to the members of the King's Daughters organization.

Members of the Northville Women's Republican club will meet at 8 p. m. Friday, Sept. 9, for a business meeting at the home of Mrs. Maxwell Austin.

Mr. and Mrs. Gustaf Tait and family of Brightmoor, and Mr. and Mrs. S. R. Robinson and daughter, Luanne, and Russell Vickers of the village, enjoyed a picnic together Sunday in Cass Benton park.

Miss Ethel Seeley, who was on the sick list, is somewhat improved.

Mr. and Mrs. Melvin Kiken and Miss Norma Soper spent last week at Grass Lake.

Beige and Carrel Carlson have returned from a visit at the Walter Carlson home in Lima, O.

A guest from Friday until Sunday of Miss Rhea Lyon was Miss Margaret Sutch of Los Angeles, Calif.

Beatrice Johnson is visiting this week at the home of her aunt and uncle, Mr. and Mrs. Ed Johnson, Detroit.

The front exterior of the H. R. Richardson house on West Dunlap street, occupied by the James Congo family, is being renovated.

Harold Snider, old time dance caller, will do the calling at 'The Barn' opening Saturday evening. Al Schirmer's Vagabonds will play.

Mr. and Mrs. Andrew Carlson of St. Paul, Minn., parents of Arthur C. Carlson, have been guests for the past two weeks in the Carlson home.

Gene Melbourne, son of Mrs. James Spagnuolo has returned to the village after spending the summer at the home of his grandmother in Tilbury, Ont.

Miss Gladys Ludwig and Miss Tisha Brassfield, both members of the high school faculty, leave Friday evening for a four-day cruise to the Soo and Mackinac Island.

Mrs. R. W. Covell is visiting this week with relatives in Deerfield and Britton. Hazel and Janice Covell will this week complete a 14-day visit in the same towns.

Mr. and Mrs. W. J. Starr of Lafayette La. has been visiting the past two weeks at the George Starr home. Ray Starr of Muskegon has also been a guest of the Starrs.

Mr. and Mrs. O. F. Renig returned Sunday from a week's motor trip through the Upper Peninsula. They stopped at Mackinac Island and in South Range visited with Miss Selma Jarvis.

Mr. and Mrs. Warren Elliott McLeane of Washington, D. C. stopped for a visit Sunday and Monday at the home of the latter's sister, Mrs. Richard T. Bagdikian, en route home from a motor trip through Canada.

The Clare county picnic will be held Sunday, Sept. 11, in Potter Park Lansing. Persons attending are asked to bring their lunch, beverage and ice cream will be supplied, announces Staphish T. Cox, secretary.

Mr. and Mrs. Steve Chadwick of Saratoga, Pa., who spend their summer in Michigan in their home, spent a few weeks with their cousins at and Mrs. C. G. Dier of Plymouth and Mr. and Mrs. A. Kohler.

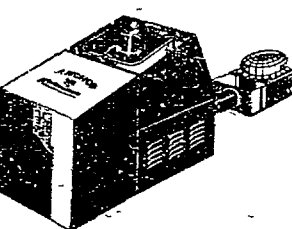

Mrs. Darrell C. Nollar and son, Darrell, have returned from a visit in Muskegon. They also visited in Pentwater with Mr. and Mrs. Victor J. Lumley who left the village a few weeks ago to take over the drug store there.

Richard P. Benton returned by plane to his home in Los Angeles, Calif., Thursday, after making a special trip here to attend the Northville Wayne County Fair and to see his trophy presented in the Horse Show.

The Get-Together club met Thursday, Aug. 25, with Louva Waterman. Progressive Pedro was the diversion, after which a luncheon was served to 23 members. The next meeting will be with Grace Hunt of Plymouth Sept. 8.

Richmond P. Benton of Eagle Rock, Calif., has had a number of dinners given in his honor during the two weeks that he has visited here. Among the courtesies was a reunion Sunday at the home of Carm Benton. Charles Rogers entertained for him Tuesday evening at a dinner party Wednesday evening, a dinner fete held at the Hotel Mayflower Plymouth.

PEACH-QUEEN RULES

The Michigan Peach Queen and her maids-of-honor.

Left to right: Myrene Quirk Romeo; Queen Frances Leithausen; Port Byron Anna Kay Tate; Mr. Clemens. Romeo's Peach Festival gets underway Saturday and continues throughout Sunday and Monday.

After spending the summer at the home of her parents, Mr. and Mrs. M. A. Bourne, Mrs. Lola Tipton has left for Syracuse, N. Y., where she will resume her position as hostess of a sorority house in the university. On her way East Mrs. Tipton is visiting relatives in Ohio.

The Walled Lake Homecoming society will hold its annual celebration Saturday, Sept. 10, in the Walled Lake Methodist church. There will be a memorial service in the forenoon. Dinner will be served by the Methodist Ladies Aid society, followed by a social hour and literary program.

The high school bookstore will be open today and Tuesday so that parents and pupils may exchange and purchase books for the coming year. The school bookstore opening is designed to eliminate the rush after classes start Wednesday Sept. 7. The store will be open from 8:30 a. m. to 4:30 p. m. on each of the days designated.

After visiting at the home of Mr. and Mrs. E. A. Kohler Mr. and Mrs. Charles Dingman of Owosso left Saturday for California where they will visit Mrs. Dingman's brother, Matt Grice, and family of Ventura. A brother, Norm Green, and a nephew, Roy Smith of Seattle are accompanying them. Roy is a Seattle college student.

O. B. Whithead of Flint visited his brother A. M. Whithead, this week. A "bride" party honoring A. M. Whithead was held Tuesday. Attending the party were Mrs. Pearl Harrison, Mrs. Golcie Rytherford, Mrs. Blanche Nedbetter, Cherry Nedbetter, Mr. and Mrs. S. S. Staller, Mrs. Dory Miller, Mrs. Stanton and O. B. Whithead.

Miss Gladys Ludwig's home is guest over the week end was Miss June Hargraves. Miss Hargraves was a counselor this summer at Camp Tryone near Benton where Miss Ludwig, Miss Frances Alexander and Miss Geraldine Huff were members of the camp personnel. Miss Hargraves visited two days this week in the Alexander home.

The Wayne Flower Show committee extends an invitation to the members of the Northville Woman's club and their friends to attend the Flower Show on the afternoons and evenings of Sept. 10, 11 and 12. Those who wish to attend are requested to notify Mrs. Jack Flaherty, phone 160-W. Admission is without charge and all flower-lovers are cordially invited.

The Record editor had the pleasure of sitting down Friday evening to dinner with his five brothers at the home of his brother Howard C. Baldwin Fairway drive, Detroit. Present with their wives were Robert and Joseph of Albion and Howard Paul and Ben of Detroit. A long-distance telephone call was made during the evening to the home of the one absent member of the family, Mrs. Mary, Mrs. John H. Wheeler in Arcadia Calif.

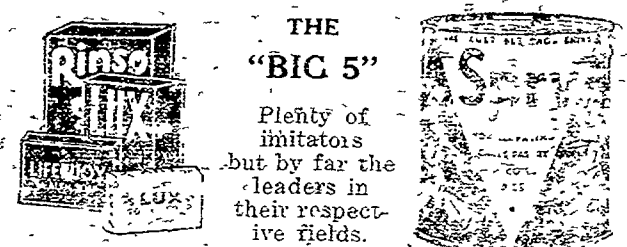

Use of Coat of Arms
In England a person's inheritable right to use his coat of arms cannot be taken from him like a medal emblem of rank or any other honor. Yet the College of Arms in London sometimes refuses to grant them to qualified individuals to whom, it deems, a coat of arms "is not a necessity."—Collier's Weekly.

Rental Plans Make Home Buying Easy

According to plans received this week by Harold Church from Washington, the American family pays a monthly rental for living quarters which would be sufficient to take care of the monthly charges on a comparable home under the liberalized terms of the National Housing Act.

"Moreover, the monthly charges on certain price homes under FEA's plan would be less than rentals for comparable shelter," says Stewart.

McDonald, Federal Housing Administrator. "Statistics show that 80 per cent of the families earn incomes of less than \$2,500 annually," he said. "Of this, about one-fifth must go for shelter."

Under the new and liberalized provisions, a new home appraised at \$5,000 would be eligible for a 90 per cent mortgage for financing or \$4,500 on either a 20 or 25-year repayment basis.

"On a 20-year repayment basis, the \$5,000 appraised home, after the original required down-payment of 10 per cent or \$500, would require only \$36.24 in monthly mortgage carrying charges."

Under certain circumstances a 25-year repayment basis might be permitted for the same home and under the same conditions would be completely paid for in the period with monthly mortgage carrying charges of \$26.91.

PAROLE AGAIN

By THEODORE WERLE

Last March the Michigan parole board turned loose a prisoner who had been sentenced to the Joliet reformatory for having committed a felony which carried a maximum sentence of fifteen years. He was released on parole after serving ten months, though he had been twice before paroled and had twice violated his parole. "Psychiatrists had reported his mentality to be poor, and once he had been 'passed' (which means temporarily denied) for parole on the statement of the warden at Joliet that the boy had not acquired work habits which might be depended on. Also, he was

Joseph F. Dayton

Joseph F. Dayton, who resides at 1007 Beaconsfield, with offices at 5419-12th Street, has announced his candidacy for the office of DRAIN COMMISSIONER on the Republican ticket. "Born at Nanticoke, Pa., he is fifty years old."

He has lived in Detroit and Wayne County for 30 years.

Mr. Dayton has been in the construction business for 30 years, and for 22 years has been the head of his own company. He is a World War Veteran and has served six months in France. Enlisted in the 10th Squadron Signal Corps as a Sergeant First Class and was later transferred to the 500th Aero Squadron as a Master Signal Engineer. Mr. Dayton has been active in Veterans Welfare work.

Mr. Dayton regards the office he seeks as non-political and declares that if should have a practical man in it. One experienced both in business and construction work. One who can give the taxpayers a saving administration. Mr. Dayton is not a politician and is not in favor of the present New Deal set-up. He promises the elimination of waste at the taxpayers' money and the duplication of work. If elected, his office will always be open to constructive suggestions and just criticism.

Mr. Dayton urges everyone to vote Republican and have a voice in your own Government.

(Political Advertisement)

CAMP FIRE GIRLS

VIRGINIA KEEN, Scribe

At the Aug. 25 meeting, the Camp Fire girls discussed camping out for three days in the field. Edgar Smith has been letting them use. The older girls were to start Tuesday to get things ready for the younger group who joined them from Wednesday until Friday.

Lou Taft brought blankets with which Mrs. Donald Ware, guardian, Marjorie Farmer and Lou demonstrated blanket-rolling so that the bed would be ready to sleep in when the roll was undone.

The Wakayans are working for honors so that they may gain Camp Fire rank. The camp-out is to give the group experience so they will know more about fire building, outdoor cooking and other camping problems.

The girls work on their symbols and head bands and play various games.

Thursday, there was a big camp fire at which all the girls in the Wakaya group were welcome for dinner and a camp fire song.

The girls go home today and look forward to the winter season.

LOCAL NEWS

Miss Barbara Phillips fractured a bone in her left hand last week in a fall.

Mrs. Mae King Kellogg, Idaho, who has been visiting in Northville, left Sunday for her home.

Mr. and Mrs. Henry Grimshaw and Mr. and Mrs. Frank D. Hart were writing of that recommendation, Sunday guests of Mr. and Mrs. Paul Bunn, Detroit.

Mr. and Mrs. Steve Chadwick and grandson of Sarasota, Fla., were recent visitors at the home of Mr. and Mrs. E. A. Kohler.

Miss Rose Hollis returned Friday to Bay City, after spending several days at the home of her mother and to arrest him. He was sentenced, as property he should have been, to serve the rest of his life in prison.

Now ten years later, the parole board agrees to a hearing looking toward having the governor commute his sentence so that the man might be paroled.

Why do you do such a thing with a man who is a known killer, and who always will be potentially a second time killer? Why do you want to turn this murderer loose on the public? I asked these questions of Mr. Hilmer Gellien, head of the Michigan Corrections Commission, who has most to do with these cases.

Of course the man isn't free yet, but you have to hold out some form of a future promise to a man.

But this man committed a murder. He killed a police officer. He was sentenced, and properly, under the present Michigan law, to spend the rest of his life in prison. The courts demanded that to be his future. If we can't agree that a man who murders another must at least give up his freedom forever, if not his life, then let's take the "life" sentence off the statutes. Let's admit that we in Michigan can commit murder and get away with it.

NOTE: The public boxing show at the Jackson men's club, sometimes called the prison, had to be postponed. However, other events are being scheduled daily.

C. V. FENNER WILL RUN FOR SENATOR'S POST

Clude V. Fenner, republican candidate for State Senator, would need to spend no time in Lansing getting a license. He has attended every session of the State Legislature for the past 14 years. His first legislative experience was in the 1925 session of the Legislature when he represented a sales manager of the American Oil Corporation, the Michigan Independent Oil Dealers' Association in legislative matters affecting the oil industry.

In 1926 he was appointed legislative representative of the Fraternal Order of Eagles, who were nationally interested in State Old Age Pension Laws. In 1930 he headed the public and legislative campaign to increase Michigan consumption of Michigan farm products. After 13 weeks on radio station WJR, Michigan people, in cooperation with Michigan grocers and bakers, started using Michigan beer sugar to such an extent that 16 of the 21 Michigan sugar mills, which had been closed for five years, were reopened and are all running at full capacity at the present time. A Michigan food show in the Masonic Temple in Detroit in 1932 acquainted 86,000 Detroit housewives with the quality of Michigan farm products. As a direct result, we now have a start toward the growing of Michigan fruit and vegetables and Michigan packers, laborers, and farmers are finding new food markets throughout the United States.

Mr. Fenner was the original sponsor in 1933 of the land contract

and mortgage moratorium law, old age pensions, continuation of journeying to Des Moines, Ia., four days after the bill was introduced in Court. 35 per cent reduction in auto license costs, the half yearly auto copy and bringing it back to Michigan, mobile license law, a reduction of 1 per cent per month in interest in the Union to adopt this type of rate on small loans and minimum hours of labor for women and men. In that same year, he organized a radio club over station WJBK. Since 1933 Mr. Fenner has conducted a daily broadcast from head tax, direct appropriations for Lansing at each legislative session.

Efficient Seeing

Vol. 1 No. 12 Devoted to Eye Welfare for Everyone

WATCH OUT FOR THE FOURTH GRADE

The critical time in school life seems to come first to children entering the fourth grade. Up to that time visual demand is not put out at that point in most school systems the subject matter and the reading material both change. Children who have missed to make some kind of visual compensation in that time can go longer, fudge along with poor developed visual skills and begin scholastic failure. The next development is likely to be behavior failure and the first thing everybody knows there is a problem (bills) to be dealt with. Before your child enters the fourth grade in a part of a school system that has developed and that is visual skills are up to coping with the world and educational problems of a life. It is not to be a child who is put in a hole and is not helped.

Have you a good READING LAMP?

A GOOD reading lamp is a necessity in the home, because the whole family spends so much time on tasks involving close visual application. Whether you use your eyes for reading a newspaper, writing, studying, sewing or other occupations, proper illumination is essential to avoid eyestrain and fatigue. An evening of reading or working under poor light may be more tiring physically than an equal amount of time spent at hard manual labor.

What constitutes a good reading lamp? The new I.E.S. reflector-type floor and table lamps are ideal for the purpose. These lamps have a diffusing bowl under the shade, which eliminates glare and assures soft, pleasant illumination. They are scientifically designed for easy, comfortable seeing, and provide adequate light for reading, writing, sewing, etc. Reflector-type Pin-It-Up lamps are also excellent. They may be pinned on the wall over a desk or table, or beside your favorite easy chair.

Perhaps you have a floor or table lamp of your own, one that is perfectly good but which was purchased some years ago and lacks the advantages of a reflector-bowl under the shade. In this case you may buy for very little money a clever new unit called an "I.E.S. adaptor," which transforms the old lamp into one utilizing the principle of a modern Better Light - Better Sight lamp. Detroit Edison Home Lighting Advisors will be glad to help you with any lighting problem you may have. Call your Detroit Edison office.

The Detroit Edison Company does not sell light adaptors or floor or table lamps. See them on display at department stores, light fixture stores or electrical dealers.

BORROWED EDITORIAL

Murphy's plea for a third Roosevelt term during the course of a recent speech by the governor just about takes the cake for political drool. The States chief executive should now wipe off his chin.

If Murphy intended this slobbering caress to ingratiate himself with Roosevelt, it is possible he accomplished his purpose. The chief executive is not immune to such overt gestures of loyalty and affection. But while Murphy was obviously trying to please, the high Michigan muckraker in Washington with whom he's not in too strong amity, he did his own case with the voters of Michigan in 1940. If our sovereign's health is to be improved, these voters would like to know whether or not they should cast their ballots two years hence, if there is going to be any State of Michigan in 1940. If our sovereign's health is to be improved, these voters would like to know whether or not they should cast their ballots two years hence, if there is going to be any State of Michigan in 1940.

On the other hand, Murphy believes an appeal for the President will draw to himself more votes for governor. He is palpably mistaken. If he is given Roosevelt's open endorsement. Such approbation of his "fruits" didn't seem to accomplish much for his fervent partisan, Max Baucus of Texas even though Maverick's opposition was almost as

Michigan Cairn Midway between Equator and North Pole

Americans are rapidly becoming a nation of "rolling" vacationists as each year more thousands venture further away from home to enjoy the pleasures of the open road. Especially intriguing to tourists are roadside exhibits marking points of local interest. This Michigan cairn, thrown up in a geography lesson for good measure. Erected by a group of prominent citizens a few miles north of Traverse City, it contains a stone from each county in the state, and marks the exact mid-point between the equator and the north pole.

SIR JIM JAMES TO COMPETE MONDAY

E. W. Duff's Sir Jim James is likely to supply much of the competition in the \$3,000 added Governor's Handicap that features the Labor Day racing program at the Detroit Fair grounds next Monday. Sir Jim James went to the post a favorite in the Motor City Handicap last Saturday, but was forced to string along in second place, behind Mucha Gussie.

The final stake feature will be the De La Salle Handicap on Saturday Sept. 24. It will have a value of \$2,500 added. It is at a mile and 70 yards.

Tigers and Yanks To Give Exhibition Game for Detroiters

Continued from page 1.
There were as many as 25 on each quad.
Peters range in age from nine to twelve years. Most are the graduates of the school. It is the hope of those who have promoted the league that they will have taken form of members of the Boy Scouts which will be the two years of play before they will be eligible for the American Legion team. Then they will be in better shape to go on for the high school team, and this should improve the caliber of the high school teams.

This year's competition so far has resulted in 16 games being played with the Yanks winning 7 and the Tigers taking 9 which might be a way of showing the Detroit Tigers that the Yankees are nothing to be afraid of.

The game to be played in Detroit will be played at diamond number one Northwestern field, and will start at three o'clock.

BEGIN REGISTRATION OF SCHOOL STUDENTS

(Continued from page 1)
to continue in her school nurse's post and will devote more time to checking the health of the grade pupils and the high school students. It is likely that she will be asked to spend three full days and two half days at the school this year. Mrs. D. P. Yerkes Jr. returns to the office as secretary of the board of education.

William B. Hershall is the head engineer. Charles Doelker is the high school engineer and Robert Wesco is the grade engineer.

So well pleased is Mr. American with the outcome of the art instruction given last year for the first time to the grade pupils that Mrs. Frances Stover if plans can be worked out satisfactorily, will devote twice as much time to class-

VILLAGERS' CRUISE RIVER ON OAKMAN'S YACHT, SATURDAY

(Continued from page 1)
The Mammie O's guests enjoyed to an unusual degree the twilight trip back across the lake at the end of a perfect summer day. It was the first ride of its kind for some of the company and the gorgeous setting of the lake left some memories that will not soon be forgotten.

The company disembarked at Riverside at eight o'clock and made its way back to the United States by way of the tunnel or by the Ambassador bridge. All were enthusiastic in their praise of "Bob" Oakman's generous hospitality. On many week ends during the summer Mr. Oakman finds great pleasure in taking parties of friends across the lake.

It was an added pleasure to the company to greet Mrs. Oakman
