

POST OFFICE STILL WAITS FINAL OKAY

Postmaster F. E. Van Atta
Is Told Site Will Be
Selected

Although the recent death of W. R. Walters of Detroit, post office inspector, has brought a temporary halt to the selection of a Northville site for the \$75,000 post office which was to be a project of this year, Postmaster Fred E. Van Atta expects an inspector to come any day now to take up the work started by Mr. Walters.

Mr. Walters was here Sept. 27 to look over the 11 sites which owners had submitted for government inspection. It is understood that following Mr. Walters' inspection, several of the pieces of land were eliminated.

Before Mr. Walters could return to Northville to make the final selection, he became the victim of an illness from which he never recovered. He had made detailed notes as to location, grading, sewage and water aspects on the sites which were under consideration.

Mr. Van Atta has been informed that another inspector will be sent to Northville to take up Mr. Walters' unfinished task of picking the post office site.

Before final approval is given any one parcel of land, the recommendation will be sent to the procurement division of the United States Treasury Department at Washington.

SCHOOL CHILDREN TO BEGIN ANNUAL SEAL SALE DRIVE

Mrs. Claude Ely will head the Christmas Seal drive in Northville again this year.

The sale will get under way among the school children Monday, Nov. 28. Northville, Himman on the Seven Mile road, Thayer on the Six Mile road, Waterford, DeKay on the Seven Mile road and Base Line on the Eight Mile road are the schools competing in this area.

It is understood that the Northville quota will be slightly lower this year than last. Mrs. Ely expects that only about \$180 worth of stamps will be sent here for the white plague drive. Last year, \$157 was turned in from the school children.

Meeting the challenge of a slight, but significant, uptrend in Michigan tuberculosis death rate, the Michigan Tuberculosis Association this week went forward with preparations to put some 60,000,000 tuberculosis seals into homes and schools of Michigan during the Thanksgiving holiday.

Calling attention to the challenge thrown out by the white plague, Dr. John Alexander, famed chest surgeon of Ann Arbor's University hospital and newly-elected president of the Michigan Tuberculosis Association, declared that Michigan is now facing an unlooked for obstacle in her fight to control tuberculosis.

"Instead of the expected decrease in the number of tuberculosis deaths in Michigan last year, there was an increase, attributed by some to the rigors of depression," Dr. Alexander said. "The increased tuberculosis death rate for 1937, continuing the uptrend of the rate for 1936 proves better than anything else that while the fight against the white plague is a winning one, the battle ahead presents a sternly serious problem."

Emphasis was placed on the fact that back of the whole anti-tuberculosis campaign of the Michigan Tuberculosis Association and its affiliated organizations are the pennies that Michigan people contribute when they buy each year the tuberculosis Christmas seals. Briefly outlining the principal points of this campaign to control the white plague in Michigan, Dr. Alexander pointed out that through health education the association relays important facts about the disease to people in every corner of the State, that through modern case-finding facilities — the tuberculin test and the chest X-ray — the spread of tuberculosis germs is prevented to a great extent.

"In buying and using penny tuberculosis Christmas seals," said Dr. Alexander, "Michigan residents are providing assurance that their homes will be protected from the menace of tuberculosis."

Sportsmen Leave for North Woods

Maylon Himman, who is at the lodge in Midway with F. J. Moffitt, got his back to the opening day of the deer season. He is the first one to report having bagged a deer.

Neil Hammarford and R. J. Hammermeister were kept busy last week filling out deer hunting licenses for village sportsmen who started early this week to join the trek to the northwoods along with more than 150,000 other hunters.

Mr. Hammarford got in a rush and sent his license books, stubs and all, into Lansing Saturday. But a check with both Mr. Hammarford and Mr. Hammermeister reveals that they over a hundred persons from this vicinity are out to bag a deer.

Included in the group are: Fred Castner, Herbert, Marvin and Harvey Quintaville, B. Donaldson, Howard Green, Maylon Himman, Smith, Falcione, Roy Tibbitts, Esther Tibbitts, E. A. Jackson, Kenneth J. Mosher, Lester D. Stage, Ida M. Stage, Lloyd Masoch, J. A. Moore, H. C. Gursell, Fred Graville, Alex. H. Lyke, Archie W. Long, Dr. D. A. Brief, C. B. Turnbull, Mr. and Mrs. F. J. Moffitt, Jesse Bowers, Agnes Hammon, George Horvath, Arthur Stillwell, Pierce G. Marsh, Ward Joshiemi, Bert Mosheimer, K. H. Babbitt and Louie Babbitt, Merrill Sweet, Harold Bloom, Ward Masters, Tim Biddle, Don Hamilton, Fred Hicks and Fred J. Mr. and Mrs. George Hicks, Miss Grace Barber, N. C. Schtader and Earl Warner.

VILLAGE IS SLOW TO BACK RED CROSS

Despite the fact that the business district is responding to the annual Red Cross membership drive much better than last year, Northville is about \$100 short of its quota for the year, Mrs. Eber Ward Lester, local Red Cross chairman, reports.

"The residence sections of the village have been very slow in joining the membership campaign. In fact, I think the solicitors are so discouraged they hesitate to report the little progress they have made," comments Mrs. Lester.

"Because we know there are a number of persons who want to give, but can't do so until the end of the month, the drive in Northville will continue throughout November," she continues, "at only about \$150 of the \$250 (Northville) quota is in sight and that the need to support the movement is urgent."

Mrs. Lester's solicitors are Mrs. E. M. Bogart, Mrs. Cyril Frid, Mrs. Maxwell S. Austin, Mrs. Mark Brock, Mrs. Willard Ely, Mrs. Gerald V. Harrison, Mrs. Ernest A. Kohler, Mrs. Karl D. Kyser, Mrs. Robert K. Leary, Mr. Joseph McCluskey, Mrs. P. T. Nilson, Mrs. W. M. Peck, Mrs. William H. Safford, Mrs. Arthur Schmitz, Mrs. A. H. Foglio, Mrs. Henry Wick and Mrs. Ernest H. Wood.

Erect 2 Electric Poles for X-ray

Two electric light poles have been erected by the Detroit Edison company near the office of Dr. R. M. Atchison, at the southwest corner of Dunlap and Linden streets.

The poles were set up to convey added electricity to Dr. Atchison's office in order to take care of his new \$2,000 X-ray machine. The case is believed to be the first on record in which two electric light poles were set up especially to convey added electricity to an office or private home here.

The giant X-ray machine uses 90,000 volts and has to have its own transformer. The transformer, in order to be close enough to the machine so that current will not be lost in starting it, is on a pole at the rear of the house.

Moynihan Gives War Warning in Armistice Address; Urges Schools' Study of Constitution

Speaking before an audience made up almost entirely of grade school pupils and high school students, Judge Joseph A. Moynihan of Detroit, founded a warning note on the peace threats which three dictators in Europe have brought about. The occasion of Mr. Moynihan's address was the observance of the twentieth Armistice Day celebration held Friday morning, Nov. 11, in the Pennington-Alten theatre.

As the time may come again when leaders of the Republic will ask additional sacrifices that the Republic might have use and have more abundance. The world is alarmed at war today. There are encroachments on every hand by European dictators. I want the youth of this community and of the Republic to appreciate what freedom, assemblage we have in this land," he stressed.

Every nation, with the exception of the English speaking nations is ready for war simply because of greed, selfishness and the unholy desire on the part of a few leaders. Their people want peace harmony and contentment," he continued.

Mr. Moynihan asked that the Legion take on a new fight — that of demanding that the school systems teach the real meaning of the constitution. "There is not enough stress on the constitution in this land. It is my suggestion that 15 or 30 minutes be spent each day in the classroom studying the constitution and the bill of rights," he asserted.

Preceding Mr. Moynihan's address and his introduction by Commander Arthur Carlson, Marilyn Cavell gave a tribute to two gold star mothers and three gold star sisters, presenting each with a large chrysanthemum. They were Mrs. Harmon Yerkes, Mrs. John Tait, Mrs. Abraham V. Barber, Mrs. Robert E. Geraghty and Mrs. Archibald Kerr.

Leslie G. Lee's high school band opened the program with a musical number; the invocation was given by the Rev. E. E. Royson of St. Paul's Lutheran church, Cecil Giles sang "The Reckless," accompanied by Miss Doris Teskysky. At the conclusion of the program, Andrew Terok, leader of the drum and bugle corps, which led the parade from the school to the theatre, played taps. The echo was given by Robert McCluskey, Eber Ward Lester, who was responsible for getting Mr. Moynihan to speak, was introduced.

I want to express my appreciation and congratulate the school and the teachers on the splendid program. The Scouts did a fine job of ushering and handling the crowd. It is my hope that this year is just the beginning of a lot more times together," said Mr. Carlson, following the program.

By HENRY S. CURTIS
Back in 1931 the Board of Trustees of Wayne county recommended to the board of supervisors the acquisition of 12,000 acres of park land as the proper quota for the county if it was to meet American standards. This is approximately the acreage provided by Cuyahoga county in which Cleveland is situated although its population is not much more than half that of Wayne. This is, however, almost ten times as much as Wayne county has actually supplied.

About two-thirds of the 1211 acres which Wayne county has thus far lies in the Edward N. Hines Park along the River Rouge. The parks of the other four counties lying about Detroit are negligible. Washenaw county owns five acres with a frontage of about 100 yards on Cuyahoga Lake, which was given to this county several years ago. There is no one in charge. It also has the use of the much larger Huron Dexter Park, with a caretaker. The land, however, belongs to the Detroit Edison company and may be taken back at any time. Livingston county has no park. Oakland has a farm which was given to the county years ago, on which a golf course and picnic ground are maintained. Macomb county has none.

It would seem as though the country was the normal location of a park. While parks are of many types and uses, it may be said of them in general that they are an attempt to maintain for all the people a natural environment of grass and trees and flowers with an opportunity for various types of activity.

Mrs. Frank N. Miner Gives Talk on Peace

It was woman's night at the union service held in the Methodist church Sunday evening. Mrs. Frank N. Miner, now of Walled Lake, wife of a former pastor of this church, was the speaker.

Appropriate to the theme of "Peace" which is being emphasized at this season, Mrs. Miner urged her hearers to look honestly into their own lives and see what was there of courage, forgiveness, faith and unbounded love toward fellowmen. The true test of a Christian, said Mrs. Miner, is the ability to stretch one's soul big enough to take in all nations. Only in this way can international peace be brought about.

Mrs. Don Miller presided at the meeting with Mrs. H. J. Lord conducting the opening devotions. A duet sung by Mrs. M. J. Koldyke and Mrs. Victor Lumley, with Mrs. Sherrill Amble at the organ was appreciated.

Farewell Is Given Fr. J. G. Schuler

Members and friends of Our Lady of Victory church filled the parish hall Wednesday evening at a farewell reception for Father Joseph G. Schuler who left yesterday to take charge of his new parish in Detroit.

The occasion was notable for the sincere feeling of regret displayed by members of his own and of other churches in the village.

Father William A. Graeber, a classmate of Father Schuler while in the Seminary in Milwaukee, was chairman with brilliant flashes of wit, mingled with touches of deep sentiment. In his own inimitable way M. J. Murphy represented the parish and paid high tribute to Father Schuler for all his achievements during the past 15 years.

E. L. Mills, who with Mrs. Mills was present from Howell, spoke of his happy relations with Father Schuler during his years working together in Rotary. Both men are presidents of this club. Representing the business men of the village E. H. Lapham spoke very highly of Father Schuler's financial and executive ability. Richard T. Baldwin spoke for the sister church of the village in appreciation of his fine fraternal relations.

Charles F. Rogers and E. M. Bogart told of the great service which Father Schuler has rendered the Rotary club and voiced the deep regret of the loss of the club in his departure.

Mrs. Robert Geraghty spoke for the women of the church, representing the Altar Society and the League of Catholic Women. Father Martin, C. P. spoke for a number of priests who were present and on their behalf, as well as of the members of the church, presented Father Schuler with a substantial gift.

Father E. J. Kelley, chaplain of the Maybury sanatorium, gave a most touching tribute to Father Schuler in appreciation of his cooperation during the past years. The program came to a climax in a brief talk by Father Paulinus, C. P., rector of the Passinus Monastery, Detroit, a long-time friend of Father Schuler. He predicted a successful ministry in his new parish.

Touched by the overwhelming tributes, Father Schuler responded modestly. "It hasn't been hard to live in Northville. The people of the entire community have been so kind to me," he said.

Library Association Gives Clock in Appreciation of the Service Rendered by Mrs. F. S. Harmon

The members of the board of the former Ladies' Library association who served so many years under the leadership of Mrs. F. S. Harmon, have placed an electric clock and tablet appropriately inscribed, in the library building in memory of her long and devoted service to that institution.

The clock is of unique design and made of wood harmonizing with the furnishings. The money used for its purchase was from the funds of the association which were left after the generous gifts to the three churches whose members had been particularly active in founding and supporting the ladies' library association.

Mrs. Harmon served as president for many years and it was owing, in a large measure, to her efficient and constant supervision, that the organization was able to function during a long term when its income was very limited.

The members of the board interested in the installation of the clock are: Mrs. Cassius R. Benton, Mrs. Charles S. Filkins, Mrs. B. G. Filkins, Mrs. W. G. Yerkes, Mrs. Edward H. Lapham, Mrs. Carl R. Bryan, Mrs. Waldo Johnson and Mrs. Paul Alexander.

WRESTLING BOUTS DRAW YOUNG BOYS

According to Arthur C. Carlson the boys' recreational program which is being sponsored jointly by the Lloyd H. Green post of the American Legion and the village is gaining weekly in popularity.

More than 40 youths between the ages of 12 and 17 were in the high school gymnasium Monday night for a two hour supervised play session under the direction of Night Officer Richard Lohman with the help of Robert Power.

Practically the entire evening program was given over to wrestling bouts, which were directed by Martin Koldyke. So intense was the interest in this feature that the 9:30 o'clock closing hour was extended to 10:30.

Dan Draper volunteered to instruct boxing classes at the Monday night sessions. Harry German, Jr., is continuing his basketball school in connection with the recreation program.

From Mr. Carlson comes the announcement that beginning next Monday, some prominent athletes in sport circles will come to the village to talk to the boys. "We are taking the boys off the streets and giving them something to do that they like. We are in need of more equipment for the program and we'll have it soon. It is the plan to have a number of public affairs soon," reports Mr. Carlson.

CHIEF GERMAN STOPS

FR. SCHULER IS HONORED BY ROTARIANS

District Governor Gives
Eulogy in Recognition
of Service to Club

Father Joseph G. Schuler, was paid high honor Tuesday noon by the Northville Rotary club he helped organize 12 years ago. With District Governor Roy Plumb of Hamtramck present, the members devoted the program to a tribute to "Father Joe" who left yesterday to take up his work as priest of the Guardian Angel church, Detroit.

Vice-president, E. M. Bogart was in charge of the meeting which was one of the most impressive in recent years. In behalf of the club members, District President Plumb expressed not only the appreciation of the local club but of Rotarians throughout the entire 53rd district, for the outstanding service which Father Schuler has rendered for the past 12 years.

I have always thought of the Northville Rotary club in terms of Father Joseph Schuler; in fact the Northville Rotary club was Father Schuler's feelingly emphasized the Rotary head. "He always carried out the Rotary philosophy of service and will be long remembered for the contribution he has made to the local club," concluded Mr. Plumb.

Chairman Bogart added his tribute to Father Schuler and called upon him to introduce his successor, the Rev. Father L. A. Hebert, who comes to Northville from Ypsilanti.

Voicing the sentiments of the entire club, Richard T. Baldwin expressed the genuine affection which the members have for "Father Joe" and praised his untiring loyalty to the club. As a material token of their appreciation a beautiful desk lamp was presented to him.

Expressing his gratitude for the association with the club throughout the years, Father Schuler made frequent response to the tribute paid him. He described in brief the work in this new parish, to which he has been called and said that he always expects to be a good neighbor to Northville.

Further emphasizing the esteem for the departing member Leslie G. Lee of the music committee provided special music. After group singing Cecil Giles was heard in a vocal solo accompanied by Miss Lucile Lapham.

Percy Angove, member of the local club who is compelled to "make up" most of his meetings because of his professional game Sunday afternoon Children's society, made a special trip to Northville to be present at the farewell to Father Schuler.

Guests present were Russell Rogers of Detroit, and Carl Sturgis of Plymouth.

FR. LUCIAN HEBERT
RECEIVES TEMPORARY
CHURCH ASSIGNMENT
The Rev. Fr. Lucian A. Hebert has been given the temporary assignment to the Northville-Walled Lake Catholic parishes by Archbishop Edward Mooney.

Father Hebert is to succeed the Rev. Fr. Joseph G. Schuler who has held the Our Lady of Victory post for the past 15 years. He has been sent to the Guardian Angel church, Detroit.

Father Hebert is a Detroit native and for the past four years has been assistant priest at St. Johns church, Ypsilanti. In addition to serving Our Lady of Victory church in the village he has Father Schuler, he will be the priest at St. Williams chapel, Walled Lake.

Father Schuler, who has faithfully labored after the 112 families connected with the Northville Catholic church will have become a seven and eight hundred family to look after in his new parish. "In addition to this, there is a grade and high school under the patronage of the church which carries some 800 pupils. Father Schuler is the superintendent of the school. He left Thursday to take over his new assignment."

Mr. Hopkins Was Mistaken

Voters last week gave a stunning rebuke to Administrator Harry L. Hopkins for some of his arrogant statements regarding New Deal management of the country. Before a group at the Yonkers race track, Mr. Hopkins was quoted as saying, "We will spend and spend, tax and tax, elect and elect."

Mr. Hopkins has been helping to spend millions and millions, and to tax millions and millions, but his days of electing seem to be over. His boasting confidence was given a rough shock on Nov. 8 and it is very much to be doubted if his old-time power will ever be restored to him.

Sit-Down Strike Repudiated

Voters of Michigan at last week's election gave an overwhelming rebuke to the C. I. O. and the forces that stood for the sit-down strike. The crushing defeat of Governor Frank Murphy is attributed everywhere to his alliance with radical Labor leaders. Anyone who has been around the Detroit area at all during the past few months knows that there was a powerful reaction against the sit-down strikes. His defeat is made the more significant because of the last-minute approval given him by President Roosevelt.

It is a good thing for Michigan that the C. I. O. and John Lewis have been put in their proper places. The average citizen favors organized labor but under conditions of reason and decency.

Two Kinds of Hunters

We talked the other day to a Northville hunter who was going to travel up to the north woods — to shoot deer. "This year I am leaving my gun at home and going to shoot deer with my camera," he told us. It will probably take us much longer to get a picture of a deer than to shoot him.

For both the hunter with his gun and the one with the camera, the great outdoors of our north country must be very alluring. Deer are said to increase so rapidly that there are some who think they have no competitors at all in the woods. Personally, we envy the man who can get a long way from civilization out under the open sky, sleep on branches and kick the leaves under the trees as once did the Indians. One who once hunting must come home with a deer or a brace of quail and a healthy body.

Republican Chances In 1940

The unexpected comeback of the Republican party in the November elections has changed the whole political picture. Instead of being doomed to defeat in 1940, the GOP now has an excellent chance of taking over the White House in 1941.

The figures are startling. Two hundred and sixty-six electoral votes are necessary to win the presidency. At the election of Nov. 8, the states which voted republican, either for governor or senator, possessed 206 votes in the electoral college. And had New York tipped a little bit more toward Mr. Dewey, that state would have meant the presidency.

It is for the best good of the country that a two-party government is restored, and that the national election of 1940 will not be a run-away for either party. The swing to the right has created new confidence in business and with new leadership, new constructive policies will be well worked out.

Two-Party Rule Restored

At the election Nov. 8 the voters of the United States, in an historic revolt, ended one-party rule in this country. The smashing victories of the republican party in electing a dozen governors, several senators, and in getting 81 seats in the House of Representatives, very definitely restored two-party rule in this country.

Rubber stamp law-making in Washington is very decidedly at an end. No longer will some of the President's Brain Trust write out their laws, tie them in blue ribbon and send to Congress with "Please pass this attached bill." Even such a friend of the Administration as Arthur Hays Sulzberger of The New York Times says: "The new Congress, as a result of Tuesday's vote, will once more be a deliberative body instead of a Presidential ratification meeting."

When Congress meets next January the balance of power on any measure in the House will be held by 46 democrats. By joining with the republicans, this small group could curb the power of the Administration. And anyone who has followed the proceedings of Congress knows full well that it will not be a difficult matter to line up 46 anti-New Deal democrats on any number of issues. This situation will be a great benefit to the country. After Congress will do its own law-making. "Extreme" and "Rubber Stamp" have had their day.

Not only will there be a new balance of power in Congress as a result of the election, but there will also be a new spirit. Domination by the President and his little circle of "Brain Trusters" is at an end. Laws will be introduced and passed by the Senators and Representatives themselves.

Wandering Thoughts

It will do you good to see the Auto Show.

Michigan certainly voted for a balanced budget.

We are all glad the auto dealers of Northville are selling cars again. They all took a real "licking" for months when few cars were being sold. Many agencies throughout the State couldn't stand the loss and had to quit business.

We have heard no one question that Governor Frank Murphy is a clean living, high minded man. Some say he is now the probable No. 1 candidate for the Supreme Court. The governor didn't make that trip to see the President at Washington last week just to "pass the time of day."

Tom Dewey, who was nearly elected governor of New York last week, is another illustration of the fact that in the United States the humblest lad can rise to any height. Dewey, the son of an Owosso, Mich., editor, was almost unknown four years ago. And yet in 1940 he may be a presidential candidate!

NORTHVILLE'S YESTERDAYS

One Year Ago

While C. C. Winters claims the honor of being the first deer hunter to return to the village with a buck, Edward Hadden, a Ford employee, began hunting at 7:30 a. m. Monday near Mamistiquette, and 45 minutes later he had bagged a 140-pound, four-point buck and his hunting for the season was all over. Nelson Schrader, son of Mrs. Nelson C. Schrader and the late Mr. Schrader, brought an end to his school work at the Michigan State college, East Lansing, Wednesday in order to take over the management of his mother's business establishment, the Schrader Bros. Mr. Lovewell was up north with a hunting party and his wife was away visiting, so neighbors, noticing a bright light in the second story of the house about nine o'clock, went over to investigate. After seeing that two persons with a flashlight were evidently burglarizing the residence he immediately went for help and notified officers who came to the farm but the thieves had left.

The Farmers' Corner

By E. L. BESSEMER, County Agent

The following information regarding wheat acreages has been received from Claude R. Wickard, director of the North Central Division of the Agricultural Adjustment Administration.

"Due to lack of time for farmers to become familiar with advantages of planting within their wheat acreage allotments after such allotments were provided, acreage planted to wheat has been defined as (1) Any acreage of land devoted to seeded wheat (except mixtures) which is on the farm on or after Dec. 15; (2) Any acreage of land devoted to volunteer wheat which remains on the land until May 1, 1939; (3) Any acreage of land which is seeded to a mixture containing wheat but the crop other than wheat failed to reach maturity and the wheat is harvested for grain or hay."

Dr. J. H. Munce, plant pathologist, Michigan State college, will discuss diseases of plants at the Nov. 22 meeting of the Detroit National Association of Gardeners. The meeting will be held at the Neighborhood club, 17445 Waterford street, Grosse Pointe. Anyone interested is invited to attend.

Profitable Poultry Management Special Bulletin No. 294 by K. T. Wright is available from the county agent's office.

Fruit growers are reporting considerable injury to young trees by mice and rabbits. Special mouse bait for the control of field mice may be obtained from the Grand Rapids Growers, Grand Rapids, Mich.

The following has been found satisfactory as a repellent for rabbits:

1 lb. resin
1 to 5 denatured alcohol
Dissolve resin in alcohol either slightly warmed or cold, and apply the mixture to trees with a paint brush.

Average farm seed purchasers know too little about what they can acquire in the form of new seed crops, if inquiries coming to the farm crops department of Michigan State college are a guide.

Although the present State law in Michigan appears adequate, it does not regulate farm to farm sales. "Beware thy neighbor is the rule at times," says R. E. Decker, farm crops specialist at the college. For he finds that ignorance on the part of both seller and buyer often leads to spread of weeds.

What are these typical weed seeds that might find spread in Wayne County?

Wheat, alfalfa and clover seeds, says Decker, a purchaser might find seeds of such weeds as buckhorn, wild carrot, dock, sorrel or some of the mustards. It is even possible to acquire snaky cockle or hulled quackgrass.

Oats can contain mustard, which sticks in the oat hull, quackgrass or Canada thistle. Wheat sometimes includes chess and cockle.

Even city seed buyers need to beware. For in purchases of poorly cleaned lawngrass seed there might be chickweed or crabgrass. These two weeds are among the most serious worries of those who try to maintain an attractive greensward.

Considerable protection is offered in the State law. This requires anyone offering seed for sale, except that moving from farm to farm, to have this seed tagged, showing purity, stating the percentage of foreign seed, percentage of inert matter and the per cent. germination with the date of the germination test.

HOT POTATOES AT BELDING

BELDING—Some potato vines got hot and started an unusual fire here a short time ago. While a rural mail carrier was driving over a field, some potato vines wound around the drive shaft of his car. He was back in town again before the vines became hot enough, from the friction, to burst into flames and set the car on fire.

Christian Science Churches

"Soul and Body" will be the subject of the lesson sermon in all Christian Science churches in the world on Sunday, Nov. 20.

The Golden Text (Isaiah 28:16) is:

"Yet, in the way of thy judgments O Lord, have we waited for thee, the desire of our soul is to thy name, and to the remembrance of thee."

Among the Bible citations is this passage (Psalm 63:1): "O God, thou art my God; early will I seek thee; my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land, where no water is."

Christian Science passages to be read on the Christian Science texts of "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 223):

"Sooner or later we shall learn that the fetters of man's finite capacity are forged by the illusion that he lives in body instead of in Soul, in matter instead of in Spirit."

SCIENTISTS HEAR CALIFORNIA MAN

"Health, abundance, and security are within the reach of every industrious man and woman," declared Peter V. Ross, C. S. B., of San Francisco, in a lecture on Christian Science given last Sunday afternoon, in Detroit.

Mr. Ross, a member of The Christian Science Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, spoke in Fourth Church of Christ, Scientist, 5240 West Chicago boulevard, Detroit.

Referring to God as Life, and to man as an exhibit of divine life, he said: "Disease cannot be genuine. This is why sufferers are constantly in revolt against it. If disease were a reality people would have to accept it without protest for realities cannot be evaded or overcome."

"Science insists that disease is in belief, in appearance, or in ignorance, rather than in reality. It belongs in the same category with the belief in the flatness of the earth. For certainly the earth appears flat. Occasionally to this day may be found a person who believes it flat. Obviously, the flatness is in his thought, in his ignorance. Some day the simple fact will dawn upon him that the earth is round. Then the flatness will be cured."

"Some day the undeniable fact will dawn upon the supposedly sick man that Life is God. Then his sickness will be healed, because disease and mortality cannot be ascribed to Deity. If God is Life, then Life must be diseaseless, ageless, endless."

"Human experience," he continued, "consists to a considerable degree in making choices and decisions. Christian Science acquaints the individual with the spiritual facts which enable him to judge and choose wisely and rightly."

"A person makes a right choice, he

To the Editor

A statement calling for an investigation by Congress into political activities by Federal relief agencies, signed by more than 200 Senate and House republican incumbents and candidates, was issued on Thursday, Nov. 3. The text follows:

"Determined to provide and protect adequate relief for everyone in distress, we pledge ourselves to demand and to seek unceasingly in the next Congress a sweeping investigation of political activities in connection with the administration of all Federal relief agencies."

"We favor adequate relief for all in distress. It is for that reason we propose to do all in our favor to expose and punish everyone playing politics with human misery. Our purpose is to safeguard relief administration against the corrupting and wasteful hand of the political spoilsman so that the money appropriated for relief will go to those for whom it was intended. Our objective is to bring to account every relief administrator or supervisor who undertakes to influence the votes of relief beneficiaries as the price of the assistance given to them."

The statement sets forth that it is based upon the following evidence with reference to Federal relief administration:

"1. Sworn statements testifying to efforts to dictate the manner in which relief beneficiaries shall vote that have been filed with the Senate Committee Investigating Campaign Expenditures;

"2. The pronouncement of that committee that its investigation of efforts to control and coerce

the votes of relief beneficiaries in Kentucky revealed a deplorable situation and facts that imperil the right of the people to a free and unpolluted ballot;

"3. Indictments by grand juries investigating the spending of relief funds that charge illegal and criminal activities; and

"4. Voluntary reports, many documented, published in reliable and reputable newspapers and periodicals listing instances of political coercion of relief beneficiaries."

"We are convinced the American people overwhelmingly will support our efforts to bring to light the truth about this situation, preparatory to a thorough house cleaning of those officials responsible for it. Only in that manner can we better care for those in distress."

I was among the Representatives who signed that statement. Senator Arthur H. Vandenberg signed it. Many of the republican nominees who signed it will become members of the House and Senate on Jan. 3. Many of the democratic members of Congress will join in this objective for every fair-minded individual wants relief funds properly disbursed and without reference to the political allegiance of the recipients.

We are more particularly concerned, however, with returning men to employment in private industry with wages in keeping with earning capacity and with assurance of reasonably steady work time and effort, devoted to the attainment of this goal will mean much to the nation.

LUNTS APPEAR IN 2 CLASSICS

The start of what promises to be the most memorable road tour in the last 15 years begins Monday evening, Nov. 21 at the Cass theatre where Alfred Lunt and Lynn Fontanne open a two-week engagement, presenting "Amphitryon 38" and "The Sea Gull." Both have the New York stamp of approval and "Amphitryon 38" enjoyed the royal acclaim of London last spring.

The original company remains. These include Richard Whorin, Sydney Greenstreet, Barry Thomson, George Meader, Edith King, John Barclay, Uta Hagen, Margaret Walker, S. Thomas Gomez and Jacqueline Page.

It will be "Amphitryon 38" on Monday for the first week of the Detroit visit. This, as many already know, is the story of Jupiter's romp with romance while Amphitryon the villain, is off to war. It is believed to be the third, up-to-date version of the tale. The Theatre Guild sponsors it, of course.

"The Sea Gull" comes as the second week's treat, the Chekhov story of thwarted lives, modern even though it was written 46 years ago. Here we have Mr. Lunt as the poet, who is loved by Miss Fontanne the actress.

Matinees are Wednesday and Saturday.

**THE
RECORD
SHOPPER**

by Virginia E. Anderson

A fellow associate in the Tillie
Toller class shocked us into reality
this week with the remark, "I have
all my Christmas shopping done
and all my presents are wrapped."

After recovering from the stun-
ning effects of the announcement,
we dashed across the street to
Schrader's furniture store where a
window display of cedar chests has
had us thinking for more than a
week that there was the ideal Yule-
tide gift for the holiday bride — or
for the June bride-elect.

We may not be leading the par-
ade by doing all our shopping early,
but we're getting into the march via
the budget route — all of which
means that we spent sometime turn-
ing over the price tags. We learned
that a good looking cedar chest can
cost anywhere from \$19 to \$39.75.

And because we're one of these
persons who believes that the home
should reflect the personality of
those who live within its walls just
as much as do the clothes we select,
we were more than slightly intrigued
with the idea of buying for the
school girl one of the new footless
beds with the back unfinished so
that it may be covered with chintz
to match the bedroom drapes, an
armchair, or perhaps a fancy quilt.
This item might also be a sugges-
tion for the guest room, where some-
thing out of the ordinary is wanted.
It costs only \$12.

Just about every woman has a
weakness for what-nots. We found
what-nots in the village that week
that have earned a right to get
out of the "after thought" class.
They have five shelves and stand
on four legs, on their own wobbly
feet. The "pyramided shelves" are
large enough to give real service to
the household in general. There
are two styles. One is more a pic-
ture for corners the other can take
up its post at any side of the wall.
The price is \$9.95.

Satisfied with the start we made
on our shopping list we took a part-
ing look on the way out of the store
at a steel constructed bridge table
and chair set. We liked the blue
one with it, washable ivory leather
top and set covers. A very accept-
able gift it will make. It can be
bought for \$3.50.

troit. A son, Gene DesAutels, Mrs.
DesAutels' and daughter Dorothy
Gene were also present as was

anston, Ill.

erine Bongiovanni were hostesses

lis.

to sewing, the hostesses served lun-
cheon to Mrs. Sam Pickard, Mrs.
Archie Kerr, Mrs. Fred Hoffman,

card, Mrs. Melvin Chrysler, Mrs.

**Service League Meets
Tuesday at Reng Home**

Some 30 members of the Service
League of the Methodist church
gathered Tuesday evening, Nov. 15,
at the home of Mrs. O. F. Reng on
Thayer boulevard for a meeting.

H. A. Boyden were the assistant
hostesses. Miss Iona Palmer con-
ducted the devotion which prece-
ded Mrs. C. E. Woodruff's presen-
tation of a peace treatise which was
acclaimed one of the outstanding
programs of the calendar year.

**GOP SEEN AS
STILL LACKING
A REAL PROGRAM**

(Continued from Page 1)

The republican party is in agree-
ment on, in the way of a construc-
tive program, are those things which
have already been enacted into law
by the New Deal and which were at
first opposed by the republicans. It
may be true, of course, as some
New Dealers say, that the republic-
ans are only paying lip service to
such reforms as the new banking
laws, the SEC and the social secu-
rity act, but it is significant never-
theless that these, and other major
New Deal accomplishments, were
attacked by none of the many suc-
cessful republican candidates of last
week.

All this is not to say that because
the republicans do not now have
such a program they cannot or will
not have one. A new and more
progressive republican leadership,
although not much evidenced in
Michigan, is springing up in many
parts of the country. These new
leaders, it is to be hoped, will start
the republican party on a definite
course of a middle-of-the-roadism,
rather than reaction, as has too of-
ten been the case during the past
two decades.

To do this, it would seem that the
republicans would first have to
abandon artificial platitudes about
such things as states' rights and
personal liberties, for these are not
now issues. In their places, there is
room for a new monetary policy, for
example. The New Deal experiments
with silver and gold-buysing are,
if not proven failures, certainly alto-
gether unsuccessful. Again, there is
room for a new relief policy. The
New Dealers show no signs of ever
hoping to abandon the WPA. It
should be the job of an intelligent
opposition to inquire objectively into
the future of such agencies, possibly
to evolve a plan of transferring the
WPA workers back into private in-
dustry setting forth a definite poli-
cy of WPA projects and if objecting
to the way in which the WPA
has been managed by Mr. Harold
Gering, suggesting specific practices
and pricing alternatives.

On foreign policy the field is wide
open for the republicans. The Ad-
ministration has vacillated from
policy to policy. It may be that
changing situations dictated such a
course, but nevertheless a definite
policy has yet to be enunciated, and
it won't be by merely shouting "no
entangling alliances."

Other vital problems on which the
republicans as a party and, for the
most part as individuals, have been
silent include banking, housing,
health and rearmament.

Many liberals and progressives be-
lieve that the republican party is
not up to the task of formulating
constructive policies on these issues.
They believe that the republicans,
and the democrats too, are control-
led by forces of conservatism and
reaction, and they contend that
when these forces get through with
their attempts to administer or op-
pose problems facing the country
today will not only have been an-
swered but will have been aggravated
as well.

It is this belief that enheartens
many liberals and progressives more
than the fact that if a president
were to have been elected last Tues-
day, a democrat would have won a
majority of the electoral votes, 221
to 210.

The republicans may fool them-
selves; certainly those who wish the nation
well hope so. But there is much
room for doubt.

Hunting Season Brings a Poem to Columnist's Pen; Still Need Police Protection in Resort Town

By C. E. HUTTON
WALLED LAKE — Again my friends, as I sit to set the needle down upon another record of the doings of this town, I find myself too easy to find a lead or two to start the column going with news to interest you. Its hard enough at best to write — that is — of incidents and PEOPLE but if there are no people or things to write about and you don't get a chance to go out and dig up — unearth — pry loose — chisel out something that has happened or may, you feel like you were sitting on the pinnacle of a steeple — sort of out of touch with things.

However, in keeping with the current thought of the season I would submit of something appropriate to it, to-wit:
Ah, see the gallant nimrod? Go forth a deer to find. Ah, what a thrill. A deer to kill. Let joy be unfined. The Bard of Walled Lake.

Everyone is still in a dither over the prospects of having no police protection at the village or in the vicinity this winter. There are approximately 600 of us who hesitate to think of the possible consequences when it is noised around that this neighborhood is meat and drink for the boys who like easy money and that sort of thing. Besides us, there must be another thousand people in the community who will likewise be affected.

But the sheriff told our luncheon club committee that the department couldn't afford to keep a man here, all winter. Which leaves us behind the eight ball. Two regular deputies were pulled in to the sheriff's office for duty, and ours was one of them. At least the prospects bode well for spot news this winter.

Art George and Albert Richardson, Lloyd Coe, Clinton Vreeland, Bert Roskoff and Bert Bowers are hunting at a camp near Ewins, in the Upper Peninsula. Mr. and Mrs. William Bachelor, Mr. and Mrs. Manley Bachelor, William and Harold Decker and Mr. and Mrs. Fred Wilkins are at Hubbard Lake. Mr. and Mrs. Ira Carnes, Mr. and Mrs. William Glover, Mr. and Mrs. Harry Vreeland and Mr. and Mrs. Charles Rose are at the Hi-Low club, near Lewistown.

The Walled Lake Gridders completed their League schedule Friday, in their customary consistent manner. In preceding years, they failed to lose a game. This season, they failed to win one. No half way stuff for us. It's all or nothing, we say. And like that much quoted and sung verse, "Invictus", we like to feel that on hand may be bloody but unbowed — figuratively speaking.

About 75 of the village folk patronized the annual turkey supper put on by the Methodist Ladies, Wednesday night. Maybe a few more. There should have been a lot more. It always seems slightly odd to me that many of those who never take in a church supper at 50 cents a plate won't bat an eye at going to an eating place in the city and leaving down twice as much for a meal not half so good, and not half so much of it. If you are one of these, I'd appreciate an answer — for publication in this column.

Folks hereabouts are exceedingly sorry to lose their good friend, Dr. Joseph Schuler. Most of us came to know him well, and to think a lot of him. His fine influence was felt throughout our community, and a business man, church man, or just man will feel his loss from their midst deeply. He leaves here a substantial reminder of his ministrations in a characteristically

JONES FAMILY TOPS BOOKING

The Amazing Dr. Clitterhouse, starring Edward G. Robinson, and adapted from the Barre Lyndon stage play which scored a great hit both in New York and London, will be the next featured attraction at the Penniman-Allyn theatre starting Sunday and Monday, Nov. 20 and 21.

The bizarre, exciting and highly amusing story centers absorbingly around Dr. Clitterhouse, Robinson's greatest screen role. He is a highly respected neurologist whose interest in the mental and physical reactions of criminals at the moments when they are engaged in their illegal activities becomes an obsession — seemingly a scientific obsession.

"Broadway Musketiers," the Warner Bros. picture opening Wednesday and Thursday, Nov. 23 and 24 at the Penniman-Allyn theatre, is concerned chiefly with the fortunes and misfortunes of a trio of girls portrayed by Margaret Lindsay, Ann Sheridan and Jeanne Wilson — three of the most charming young actresses in Hollywood — but there is another young actress who will also come in for a goodly share of the glory.

That young miss is tiny, six-year-old Janet Chapman, who scored, so sensationally when she made her debut in "Little Miss Trustrington." This is her second picture, and again she is given plentiful opportunity to display the amazing dramatic ability which gave her top ranking among juvenile stars virtually overnight.

"Safety in Numbers" — Between Marvin Stephens and June Carlson of the 20th Century-Fox's famed Jones Family there is fast growing one of the screen's youngest romances. It is brought further along the path of true love in "Safety in Numbers," latest of the Family's series, at the Penniman-Allyn theatre, Nov. 23, and 24.

From the very first time Marvin and June met in "Borrowing Trouble," the trials and joys of puppy love became an amusing highlight of the popular Jones series. Now in the new film directed by M. C. Easton, Jr., romance proceeds apace as the young couple attend Maryland's summer dances and picnic "Gateways."

In sequences of 20th Century-Fox's "Gateways" which call for her to make a dramatic escape from the island by swimming a mile to Manhattan, Binnie Barnes was perfectly known, but Binnie was once a professional mermaid. She earned a heat living by performing as a stellar swimmer and diver in an aquatic carnival at Blackpool, England.

"Gateways" comes to the Penniman-Allyn theatre, Nov. 25 and 26, with Don Ameche and Arleen Whelan starred and Gregory Ratoff, Binnie Barnes, Gilbert Roland, Raymond Walburn and John Carradine featured. Alfred Werker directed.

About 60 persons were present at the November meeting of the local P. T. A. held Thursday night in Mr. Scofield's room in Pierson school. This organization, which now has a membership of 90, appears to be embarking on a most successful year. Red Goodman To Play for Prom Wednesday

SENIOR DANCE TO BE HELD NOV. 23

The annual Senior Prom will be held Wednesday, Nov. 23, in the Northville high school gymnasium from 9 p. m. until 1 a. m.

Red Goodman's orchestra from Ypsilanti, that plays for many of the U. of M. fraternity parties, has been engaged for the party. The orchestra committee is composed of Betty Jane Gillespie, Geraldine Johnston and Julian Thieme.

The decorations for the Prom have been supervised by Scott Cole who has assisted the committee members, Wanda Bender, Clayton Myers and John Angell. While no definite announcements have been made about the decorations it is understood that the gym will be a study in color.

The chaperones for this dance will be: Mr. and Mrs. G. V. Harrison; Mr. and Mrs. R. H. Amernman; Mr. and Mrs. C. M. Mollena; Miss Kathryn Giltner; Mrs. Ida B. Cooke and Dr. and Mrs. B. C. Cavell.

Other committees for the Prom are: Refreshments, Betty Carlson, Laura Marie Lord and Wanda Miller; advertising, Charles Alaman and June Moyer; invitations and programs, Ruth Leavenworth, Virginia Kelezny and Mary Geraghty. The chaperon committee consists of Kathleen Sprenger, Mary Hester Gow and Maxine Perkins.

NORTHVILLE LOSES TO VAN DYKE, 13-6

One week ago today, Northville was defeated by the players of Van Dyke high school by a score, 13 to 6. Jim Beall kicked from his own 40-yard line and Gunther of Van Dyke ran the ball back about five yards from the 33 and line Van Dyke made a first down, but was penalized 15 yards for holding. Gunther punned on the 25-yard line and Van Dyke returned the ball 35 yards for a first down.

The Northville lineup during the first half and the line seemed to pick up both the players and the student body. Then too, both coaches gave their teams a talk during the half.

The final score was 13-6 in favor of Van Dyke. LaRue made the only touchdown for Northville. Northville made eight first downs and Van Dyke made nine first downs. LaRue went in at end for Beall, and Beall moved over to Altmann's place at the beginning of the fourth quarter.

The lineup of the two teams was as follows:

Van Dyke	Northville
LE	Beall
LT	Bogart
LG	Defino
C	Bray
RG	Altman
RT	Myers
RE	Duguid
QB	Punk
LB	Junod
RB	Hartner
FB	Fritz

Department Notes

The general science class of Harry B. Smith is divided into three parts because of the large enrollment. The classes have been making interesting experiments in connection with their study of the air and fire unit. Some topics stressed in the development were "What Makes a Fire Burn?" "How is Oxygen Used and Controlled in the Home?" and "How Living Things Obtain and Use Air."

The gymnasium classes of the seventh, eighth and ninth grades have just finished the study of the fundamentals of football and soon will begin on basketball. The study will be about the pivots, dribbling, passing and shooting.

William Henschel's physics class has divided their laboratory period because the room was not large enough to accommodate all the students. Some have laboratory work the third hour on Tuesdays and Thursdays instead of the sixth hour on the same days as they had previously.

The English II class has begun a unit on outlining in connection with the paragraph from their new rhetoric book, "Making Sense," by Salisbury and Leonard.

Fifty-four members of the junior high girls' glee club and 38 junior high boys have recently had their voices tested and classified and are now at work learning to sing two and three part compositions.

Editor's Note...

There's so much going on within the next few days around ye olde school that most of us are fairly overwhelmed with excitement.

First of all there's the traditional knock-down-and-drag-out football game with Plymouth this afternoon. All the little gentlemen from both teams will "exchange courtesies" at 3:30 p. m. in von Benton's Park. From all we hear it should be quite a game.

The second thing occupying the minds of all serious students of N. H. S. is the victory dance in the gym tonight (at least we are hoping for victory). It's to be sponsored by the Student Council and dancing will continue from 8 until 11:30. The admission price won't break a soul. It's only 15 cents.

The third and absolutely most important function is the "SENIOR PROM." The ball of all balls is the yearly formal dance sponsored by the senior class. We heard that the decorations and music are to be especially colossal this year, and all are urged to attend in order to keep from having pains of remorse at having missed it. The grand March will be led by President Alfred Cousins and his partner, Peggy McCollough. We'll see you all at the Prom next Wednesday.

On behalf of the football squad and the entire school, we would like to play a tribute to Dick Larkins for the fine work he did on the gridiron this season and to let him know that we're all sorry that he isn't able to play this afternoon, due to a shoulder injury, and to tell him that we'll miss him in this year's Plymouth game.

A record enrollment of 70 pupils makes this year's choir the largest since this group was organized six years ago. Forty experienced singers form the nucleus of this group and with 30 beginners are rapidly blending their voices into one unified choir.

Several new compositions have been added to the repertoire and a few old numbers revived. The Christmas music presented for the first time last year will be repeated in December, once as an evening concert for the community, and once to a high school assembly.

An exchange assembly is being arranged with Romulus high school "sometime soon." The choir has been invited to sing at Romulus. The nature of the Romulus program to be given at Northville has not been announced as yet.

After the flight Dr. Scott talked with the choir and then turned his attention to their work points and making suggestions for improvement.

Snoopin' Around

Did you notice the different look around school last Monday? No you aren't crazy. The boys were really dressed up like that. Well, if it's only once a year and only the senior boys it does our heart good to see them like that doesn't it?

Here are a few Prom dates that you might like to know about. Dale Bray will escort Betty Jane Gillespie to this most important of functions. Jack McCrumb and Gerry Johnston (those old faithfuls) have made plans to do some extensive trucking that night. You all know that Bill Washburne is taking Jeanne (Lucky Gal) Atchison and they'll be coming in with Chuckie Bishop and Kate (New Yorker) Marburger.

Phyl Jones is attending this "shindig" with none other than Eugene Reeves while Richard (what a man) Ambler has a heavy date with Marilyn Cavell.

Here's some more "dope" about the upcoming social event. It seems that Arlene Blake and Maxine Perkins have accepted the invitations of two lucky Plymouth fellows Julian (Caesar) Thieme has a date from Detroit. Duffo for Ray Parmenter. Her name is Betty Bloom.

There are probably millions of other dates that I have overlooked, but you'll hear about it after the "Prom" anyway.

Wasn't Chuck Altmann important when he told the rest of the seniors just what to do, and when, about their pictures. Now we know what you are destined to be. Chuck! An Executive!

Did you hear about the senior girl who looked at Ben Duguid last Monday, and was heard to murmur low, "That's a lie."

STUDENTS ATTEND PROGRAM, NOV. 11

At 10:30 o'clock, Friday morning, the American Legion Auxiliary, Gold Star Mothers and sisters, and the high school students led by the drum and bugle corps and the high school band assembled in front of the school to march to the Penniman-Alten theatre where they listened to the public Armistice Day program given by the Lloyd H. Green Post, 147, of the American Legion.

To open the program the school band led by Leslie G. Lee, played "Our Director," before the advance of colors by the color bearers and guard took place. Then Mr. Lee led the audience in the singing of the first and last verses of "America" followed by the invocation by Rev. E. B. Rossow. Accompanied by Doris Tewksbury, Cecil Giles sang Rudyard Kipling's poem, "The Recessional," with music by DeKoven. Giving a poem as a tribute to the Gold Star mothers and sisters, Marilyn Cavell then presented each with a large yellow chrysanthemum.

Judge Joseph A. Moynihan, Judge of the Wayne County Circuit Court, was then introduced by Arthur C. Carlson, commander of the local Legion post, and spoke on patriotism in the past, present, and future.

"Stars and Stripes Forever," played by the school band, came at the conclusion of Judge Moynihan's speech. Following this, Andrew Torkok played taps and Robert McCulloch furnished the echo after which a silent tribute for one minute was given to honor the soldiers who died for their country.

several Thanksgiving pictures and posters which decorate their room. A map of Italy with all the important cities and a list of its imports and exports has been made by the children in Mrs. Huff's class.

The 6th grade under the supervision of Mrs. Robert Radcliffe has formed a citizenship club with David Wilks, president; Charles Stanford, vice-president; and Dana Lee Washburne, secretary and treasurer. They have committees to take care of the blackboards, plants, the bulletin board, programs and one to inspect the desks. There is a party of five girls and five boys who are to listen to the complaints against students and decide the punishment. The club meets once every two weeks.

Mrs. Margaret Carpenter's pupils of the third grade have proved themselves good speakers. Twenty-four half-perfect papers and eight half-perfect papers with one misspelling last Monday.

The students are making a poster which portrays the first Thanksgiving peace. Also, the third grade people have written a play which they plan to give for the assembly program Wednesday to which all the mothers are invited.

Principal Frank Hewitt's sixth grade pupils are having a little trouble with a new way to multiply fractions.

Mrs. Beulah Miller's first grade also has a lovely playhouse. They have made a small city with little houses and other buildings on a table. Roads are being made and they are putting trees and shrubbery in their town. Discussions about the pilgrims have proven very interesting to them.

Mrs. Sterling Eaton took both sections of her kindergarten to visit a grocery store near after their excursion they built a store of their own. At present they are working on it.

Mrs. Ruth Stage has organized a verse-speaking choir that gave two poems for the Armistice Day assembly program entitled "The Song of the Flag" and "Remembering Day." They also made soldiers.

Bobby Pickard, formerly of Mrs. K. H. Babbitt's fourth grade, has left the school. Jack Kanri has returned to school after a week's absence because of illness.

Mrs. James Huff's sixth grade is giving reports this week. They made:

Gossip

Freddie C, a graduate of '36, will be hunting up North the night of Nov. 23. He's all mixed up with his dates; so he's taken to the woods.

Luck also goes to Mary Fran Batt this week, for after much illness she is again practicing basketball. Here's to you, Mary Fran!

Miss Gladys Ludwig is very generous with her home made lunches. She offered R. H. Amernman some fish food the other day when he said he was on the verge of starving.

Kay Chatham will have to have help in distinguishing a Presbyterian from a pedestrian. Yes, some people who are the cause of accidents can be the first mentioned, but we guarantee that more are caused by the second.

Lola Church is a very graceful dancer. We noticed her while dancing with W. H. Hensch, last Friday at the junior dance.

"You'll admit you drove over this newly laid sidewalk with a loaded truck," yelled an angry customer at Warren Bogart.

"Yes, madam."

"What have you to say in your defense?"

"I didn't know it was loaded," replied W. B.

We've heard Ken Wolfe will soon turn into a right good surgeon for we saw him removing the appendix from his book the other day.

FLASH II They say that Bill Schoultz's uncle is so very ill that he won't be able to keep his date for the Prom with J. Lyke. Could S. Cordit have been giving him a little encouragement?

Is this a new essential in etiquette? Dote H. has been a real lady in helping D. L. on with his coat.

When the reporter asked who his girl was, Cecil Giles said that at the present time he didn't have one, but if any of them have some money he'll be glad to show them around.

The latest report is that Peggy Mc and Alfred C. were seen coming out of the city hall. Can it be?

Junior High Notes

All activity from the Junior High Student Council's move to the first of new students have created much interest around the junior high school recently.

In order to raise money to purchase an outfit for the cheer leaders and warm-up suits for the girls' basketball team, the Junior High School Student Council sponsored a "come to the first" day. From the Eastern Film Company the council procured the films, "Mickey McGuire" and "Mickey McGuire and His Adventures," which were shown to grade school pupils as well as to the high school students.

A number of new students, coming from Detroit, Plymouth and other nearby schools, have increased the enrollment of the junior high school.

Coming from the sixth into the seventh grade recently was Milo Bliss. Richard Popham from St. Leo's school of Detroit, has just entered the seventh grade here. From Plymouth comes Rita Daggett and Arlene Drews. John Zedemont entered from the other day from the Walkers school to enter the seventh grade.

Two new pupils from Detroit, Marie Labran and Geraldine Wickie are the latest addition to the eighth grade.

give him through television the movie at his own fireside.

Several new developments promise to speed up this present trend. The sit, down and other strikes are driving industries from the great cities and many plants in small towns that have been long abandoned are being bought up. The parkways that enable the city man to get in and out of the city more quickly and makes the daily drive more enjoyable may become a very significant factor. Commuting by airplane is beginning to develop.

Trust Company, a Michigan corporation, of Alhambra College, a Michigan corporation, by an assignment dated June 28th, 1932, and recorded July 7th, 1932, in Liber 249, page 13 of assignments of mortgages, in the Wayne County Register of Deeds office; that the amount claimed to be due on said mortgage and secured thereby at the date of this notice for principal and interest and taxes is Three thousand four hundred and thirty-seven and 00/100 Dollars (\$3437.00), and no suit or proceeding at law or in equity has been instituted to recover said debt or any part thereof; that by virtue of the power of sale contained in the mortgage, the Michigan Statute in such case made and provided on Wednesday, February 15th, 1939, at eleven o'clock in the forenoon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public vendue to the highest bidder at the Congress Street entrance to the Wayne County Building, Detroit, Wayne County, Michigan, (that being the building where the Circuit Court for the County of Wayne is held), of the lands and premises described in said mortgage, viz: Land situated in the City of Lincoln Park, Wayne County, Michigan, described as follows:

Lot numbered Eight Hundred Ninety-seven (-897-), Emmon's Orchard Subdivision No. 1, of part of Private Claim 113, lying between the South Branch of Ecorse River and Fort Street, Township of Ecorse, Wayne County, Michigan, according to the plat thereof as recorded in Liber 41 of Plats at Page 81, Wayne County Records, together with the hereditaments and appurtenances thereof, as much thereof as may be necessary to satisfy the amount due on said mortgage, the interest, taxes, costs, expenses and statutory attorney's fee, allowed by law, or provided for in said mortgage and any sum paid by the undersigned for the protection of the lien of said mortgage.

Dated November 15, 1938, ALBION COLLEGE, Assignee of Mortgage and Legal Holder of Indebtedness Secured by Said Mortgage.

around a number of our larger cities. In Europe the fear of air raids the spread of the cities. What seems to be becoming a powerful factor in likely to happen is that the cities will expand with their dispersing populations until the municipality and the county become coextensive as they are in the city and county of Denver.

In this area conditions are particularly favorable to this spread of the population, as there is here the highest concentration of automobiles that there is anywhere in the world and there are many super-highways and may soon be a number of parkways leading out from the Detroit center.

Reports from Akron, a city of about 300,000 people, state that their outlying parks are used as much by the people of Cleveland as they are by their own people. Detroit is a larger city than Cleveland and its environs are more accessible. It has more than twenty times the population of Washtenaw county. If this county should provide a fine system of parks, their predominant use would be by the people of Wayne county. The plain inference is that the providing of a system of parks and recreation grounds for an area such as this is not a matter for any one county but for the district as a whole. While we should gladly accept assistance from the Federal government, the State, the counties and the cities it is the district or region that must do the planning and probably the administering if the needs of the area are to be adequately met.
