Glad To Be Back Home

(Harry Myers in The Lapeer County Press)
Recently I had dinner at Lansing with Leon Case, secretary of State. Naturally, the talk drifted to the democratic defeat in the November election and Case's retirement after Jan. 1. "Believe it or not," remarked Case, "I'll be glad to get back to my home town and private life where I know everyone and everyone knows me. Home folks suit me better than politicians at Lansing." And I know Leon was sincere in his remarks. While no one likes to be defeated, yet public life was not to his liking and defeat had little sting in it for him.

\$466.15 Annual Per Family Tax

(Geo. R. Averill in Birmingham Eccentric)
Every average family in Michigan is paying each year the sum of \$466.15 in support of local, State, and Federal taxes, according to statistics compiled by the National Consumers Tax Commission. Directly, or indirectly, that is the levy per family—some paying more, of course, others less. But the whole thing totals that amount. Enough to pay more than a half year's cost of sending a boy or girl to college; two-thirds enough to buy a new low price automobile; enough to give a family a trip to Florida for several weeks. All this money is levied and spent by public officials. If you want to reduce it, then demand greater economy from public officials, and also ask them to do less and less for you. That's the only way out.

The Cost of Liquor

(Auditor-General Vernon F. Brown in his paper, The Mason News)
The head of a Chicago institution engaged in the rehabilitation of liquor addicts has reported that the number of women treated in his institution in 1938 was 70 per cent greater than in 1937. What is more alarming, many of the addicts treated were wives and mothers. People were fooled by repeat propaganda. They are now learning the cost of repeat learning—that, liquor means broken homes, less money for food, more lives lost in highway crashes and more human debilities who beg for cures for the curse of liquor. We were told that repeat would not mean the return of saloons. Yet many people claim that what we have are worse than saloons. We were told that no drinking conditions on liquor would be tolerated, that repeat would mean reform. Yet page after page of so-called class magazines are filled with liquor advertising. Most newspapers carry liquor advertising. We are seemingly bent on making a nation of liquor addicts. The cost of liquor is not just the actual sums spent on whiskey and gin and beer and wine. Included in the cost is happiness, success and even life itself.

Cold-Blooded Corporation

(Walter S. Kennedy in The Albion Evening Recorder)
Hard boiled, cold blooded corporations, grinding their employees down at every chance—that's what some sections of our economic set-up would have us believe of industry, big industry. But sometimes things come to light that make you wonder whether any successful large industry is cold blooded when it comes to the welfare of their employees.

Here is a story of a young man who graduated from Albion college about ten years ago and went to work for the Michigan Bell Telephone company. It was told to an Albion friend, not to a reporter, nor has the Telephone company ever given it publicity as far as we know. The young man is a company salesman and he had a son nine years old. Last fall the boy was attacked by a very virulent form of what we laymen know as a "strep" throat. A famous physician was in Detroit, where the boy was taken to a hospital, and when called in by the telephone company officials, diagnosed the case and said the one who knew the most about the disease was a Johns Hopkins University man. Telephone officials got in touch with him immediately and got him out to Detroit on a special plane. The Johns Hopkins man said it was necessary to have blood transfusions from some one who had that particular form of disease. The telephone system got busy all over the country. A boy who had been in news stories last year for giving his blood, the type wanted, to a Chicago youth and saving his life, lived, or had lived in Tennessee, but he could not be located. Time was a big factor. The telephone broadcast to doctors and hospitals, finally located a man with the desired blood in Canada and got him on the phone. He said he was so far from a landing field that a plane trip would take longer than for him to drive 200 miles. He got a car and started immediately for Detroit. The transfusion was made in the morning after the boy was stricken but he died during the operation.

The Johns Hopkins man was flown back to Baltimore. The Canadian was taken care of and sent home. Later, when the young man's wife, with some apprehension, inquired when the transfusion was made, she was told everything had been done.

Drinking Oneself Sober

The New York Times, the noted daily, a great booster for President Roosevelt, doesn't think much of his spending program.

The Times closes a long editorial on the President's address to Congress in its issue of Jan. 8 with the following serious words:

"We have now had huge deficits for nine successive years. The British, during this period, have kept their budget very close to balance. Between 1929 and 1938 our per capita national debt increased 105 per cent. In the same period the per capita national debt of Great Britain increased only 5 per cent."

"If the President's theory were true, our recovery should have been much greater than that of the British. But a study by the National Industrial Conference Board finds that in 1937 per capita income in the United Kingdom exceeded the 1929 level by 17 per cent, whereas in the United States it stood 23 per cent below 1929. In the third quarter of 1938 industrial production in the United Kingdom was 8 per cent above the 1929 figure; in the United States it was still 32 per cent below that figure. In the first nine months of 1938 building activity in Great Britain stood at 135 per cent of the 1929 level; in the United States it still stood at only 47 per cent of that level."

"The fallacy of the theory of government-created buying power through deficits is that it forgets the enormously greater private buying power, particularly for capital goods, that may be held up or frightened away by the lack of confidence caused by the government's unbalanced position."

"It is as futile to believe that we can spend ourselves rich, as one commentator has put it, as to suppose that a man can drink himself sober."

A Free Ride

(The Imperial Type Metal Magazine)
What is known on the highways as "thumbing a ride" is typical of the American desire for a short cut, for getting something without paying the price. Those who indulge in "thumbing a ride" are in most instances people who could just as well afford to pay their way as those from whom they beg a ride. They are arrogant about their "right" and if a motorist drives by them they are likely to insult him with epithets, or heave a brick at his car.

A man who has given this subject much thought has concluded that the laziness and shiftness which are so common on the highways are also revealed in economic, government, science and education.

Too many people, he says, try to get ahead without effort. Some want the equivalent of a college education in a six weeks correspondence course. Others would try to create a depression by inflating the currency. Lazy scientists draw startling conclusions from superficial research, jump to the front pages of newspapers, and get backed for a future time.

Such sloth and dishonesty lead directly to national decay. If "thumbing a ride" is encouraged, either on the road or in the government, expecting the government some day to do what common sense should tell them cannot be done.

Such sloth and dishonesty lead directly to national decay. If "thumbing a ride" is encouraged, either on the road or in the government, expecting the government some day to do what common sense should tell them cannot be done. We must stop preaching the doctrine that no one can succeed in this world except by hard work. Instead, let us encourage the roadside waiting for someone to pick up, the "thumbers" must get on their feet and begin to work.

Every one is glad to help the man who is doing his best to help himself, but those who merely make demands on others must be eliminated from serious consideration.

Dealer Offers New Hardie Catalogue To Fruit Growers

Growers of orchard and garden crops will find much of interest in the new 1939 Catalogue just issued by the Hardie Manufacturing Company of Hudson, N. Y. of which many of our growers are members. The catalogue is a complete guide to the latest developments in sprayer engineering. Among the ultra new things in the book are the Hardie No. 99 models, a complete line of light-duty low-priced outfits for the gardener and small acreage grower—the first high pressure power sprayers in this capacity and price level.

The catalogue also illustrates and describes the largest sprayer pump ever built—the new Hardie Imperial V-6 which delivers 80 gallons per minute at 1000 pounds pressure per square inch.

NEW ART SLANT IS ILLUSTRATED AT CLUB MONDAY

(Continued from page 1) Junior gymnasium and art room. All were correlated.

A school art room, continued Mrs. Smith, should serve as a medium for major integration. The sixth grade students, who were studying European nations, did foreign dances in the gymnasium and held an assembly program that pertained to the customs of the European people. In the art class, they made figures of Europeans in costume.

"Of course," stated Mrs. Smith, the teachers must all act as a unit to work out this program. The clubs further showed a teachers' conference where all the teachers were discussing the month's plans so that they could correlate the work in their particular class with the other classes.

Make Objects

Tiping school children made animals, trees and pottery, was illustrated in the pictures. They used inexpensive art materials. Animals were made out of old tin cans. Dolls were made of newspapers. Mrs. Smith revealed how the students made a Christmas tree out of old toilet paper with wire for branches. The leaves were made from newspapers. Murals were made by the fifth and sixth graders. The pictures showed the student making murals from huge pieces of paper. The paper was spread out in the hall where they were painted.

Much of the art work done at the Michigan Roosevelt high school, explained Mrs. Smith, at gives them ideas to do their art work.

Look for Good

"We look for the good in every one's work and encourage the students," said Mrs. Smith. "This is the only way to teach this subject because it discouraged the students begin to hate art."

The Christian Science Monitor printed last December a half page article about Mrs. Smith's program. According to Mrs. Smith the Monitor has asked for more material about her art program for school children.

The basic idea of the modern school program," said Mrs. Smith, is that the school be a little world paralleling the adult world so that children can meet and solve their own problems and be better prepared for social activities.

BOWLING NOTES

MERCHANTS' LEAGUE

A warm race is in progress in the business league through the rise of the A & P and American Legion teams. A & P took two games from the former leaders, Northville Hardware, to gain a tie at the top mean-

while the Legion was sweeping three straight in their match with the newly-recruited Northville Bedeaton team to move from fourth to third. In the Schrader-Owen contest, the Men's Shop squad won two, but failed to improve their standing in the league.

All league matches are played every Thursday on the Northville Recreation alleys. Intense rivalry prevails, and the boys put on a good show every Thursday night. Team standings are as follows:

Team W L T Pts
Northville Hardware 7 2 0 105
A & P Store 7 2 0 105

American Legion 6 3 0 90
Schraders 4 5 0 60
Owens Mens Shop 3 6 0 45
Recreation 0 3 0 0

A Northville upset. Strohs, Northville's bowling team really took one on the chin when the unseasoned team of Novi Hot Shots journeyed over from the Oak-

land county metropolis and took them by 44 pins. After all, Strohs only won the first encounter between the two teams by 13 little maps. "Don't take my word folks, just ask a Strohs man and watch the embarrassed look."

"Watch it, Strohs; Cleveland became a few miles farther last Wednesday," reports a Novi partisan.

Display Trophy

A beautiful trophy to be awarded the top team in the Merchants' league at the end of the season is now on display in the Northville Hardware windows. The trophy, a gold figure of a bowler in action, has been put up by Neil Hannaford and the Northville Hardware.

Villagers Seek Play and Sun at Popular Southern Resorts

Despite the fact that Michigan, at least this section of it, has had little honest-to-goodness winter weather chalked against it (or for it, depending upon whether or not you are a snow and ice sports enthusiast), already a number of villagers are taking up winter residences in the South.

At California, Mr. and Mrs. C. H. Smock are wintering, as are Mr. and Mrs. E. A. Kohler. The Smocks are at Redondo Beach, and the Kohlers are at Venice.

Florida has claimed Mr. and Mrs. Martin Potts of South Lyon, formerly of Northville. They are at Holly Hill. Mr. and Mrs. W. H. Corrin have returned to their favorite southern spot at Palm Harbor. Mr. and Mrs. George Gaffney of Novi, are at Naranja. Mrs. E. C. Langfield is at West Palm Beach. Her son Con was there. He has returned to the village, but is on the go again, this time to Chicago. The Glen Richardsons are at Clermont. Mrs. Stewart Montgomery and her son, Scott, are at Daytona Beach, where Mr. Montgomery plays in the municipal band.

Among the villagers vacationing at St. Petersburg, Fla., for the winter are Mr. and Mrs. S. I. Brader and children, Mr. and Mrs. Dayton B. Bunn, Mr. and Mrs. Arthur E. Halls, Miss Goldie Jackson, Mr. and Mrs. Fred A. Northrop and Mr. and Mrs. D. P. Yerkes.

Mrs. Merker Speaks at Woman's Club

A delightful and informative program was presented to members of the Northville Woman's Club Friday afternoon.

At the close of the regular business session conducted by Mrs. E. M. Starkweather, president, Mrs. Harvey Whipple took charge of the program and presented to the members her long-time friend Mrs. Harvey Merker, who was the speaker of the afternoon.

Mrs. Merker began her talk by giving an interesting background to her travels of the past summer in Norway, Denmark and Sweden. She spoke mostly of Sweden because it was there that she and her family spent the greater part of their summer. She said that the country of Sweden is ahead of the United States in three ways: first, in labor unions, second, in cooperative stores and factories, and third, in housing conditions. Another reason given by Mrs. Merker for her interest in Sweden is that it is the only country in the world that has not been involved in a war for the past 125 years. Also, the honesty of the people themselves makes conditions much better.

Many interesting statistics were given by Mrs. Merker upon the operation of cooperative stores and factories, and the details of better housing conditions of the land and the method of doing it.

Mrs. Merker's remarks were followed by moving pictures taken in color of the trip. At the conclusion of the pictures the members answered questions asked by the members of the club.

Musical for the afternoon was supplied by Mrs. E. A. Isaacson, who played Gregs "Be Papillon".

Garden Clubbers Name Officers for Year

An election of officers marked the meeting of the Garden club Monday afternoon at the home of Mrs. Walco Johnson, 1247 Novi road, where 23 members of the organization were in attendance.

Mrs. W. B. Walker, Jr. has been re-elected to the president's post. Mrs. Roy Matheson and Mrs. Robert Geraghty, have been re-elected vice-president and second vice-president. The secretary for the year is Mrs. B. A. Hodge, who held the same office last year. Mrs. Joseph Dutton former reporter for the club is the new treasurer. Her reporting job is being taken care of by Mrs. M. L. Hoyer.

Mrs. Mark Brock had charge of Monday's program. Tea was served by Mrs. Johnson and Mrs. Loren.

Mrs. Geraghty, 122 North Wing street, will open her home to the club on Monday, Feb. 13.

Woman's Club To Hold Twelve Luncheon

Members of the Northville Woman's Club are reminded that on Friday, Jan. 20, will occur the annual mid-winter luncheon. At this time the club paper, edited by the members with their "hits" will be presented. Mrs. C. M. Chase is the chair-in-chief with a staff of reporters.

This afternoon's program will be in charge of Mrs. C. E. Woodruff, with the members of the current events committee reviewing the world's affairs in a "Parade of 1938".

UNION SERIES SINGER

Benjamin Gigli

The distinguished Italian operatic tenor, Benjamin Gigli, will be heard Thursday evening, Jan. 19, in the Choral Union Series in the Hill Auditorium at Ann Arbor. He takes the place of Kirsten Flagstad, whose concert was cancelled because of illness.

Camp Fire Girls Plan Parents' Meeting

Twenty-four Camp Fire girls, met in their guardian's home, Mrs. Donald Ware, Tuesday afternoon to discuss plans for the meeting of mothers and fathers interested in the Camp Fire organization. A committee was chosen to find a meeting place for the parents.

Jan. 28 the Camp Fire group will entertain the Detroit Camp Fire group at 2 o'clock in the afternoon at a skating party. Refreshments will be served in the Scout building after the afternoon.

Marjorie McKeague was elected senior song leader of the Camp Fire group, and Barbara Kerps, was elected junior song leader.

Mrs. E. M. Archison assists with the Camp Fire group. According to Mrs. Ware Miss Katherine Stearns who is field executive in Detroit will speak at the parents' meeting. The Camp Fire girls will announce the date of the meeting as soon as the committee decides on a meeting place.

Get-Together Club Meets in Plymouth

Forty-two members attended the Get-Together club meeting at Leveys Hall, Jan. 8. Mrs. Hattie Taylor, Mrs. Gladys Eberle and Mrs. Layna Waterman were hostesses. The next meeting will be held Jan. 12 and the hostesses for that meeting will be Mrs. Helen Gottsch, Mrs. Marjorie Kleinbaum and Mrs. Grace Hunt and Mrs. Edna Fierston.

Eatons Are Hosts to Villagers

Mr. and Mrs. Elton R. Eaton of Farmington, had several Northville guests for dinner Friday evening.

Included in the group were Dr. and Mrs. D. H. Sale, Mr. and Mrs. E. C. Hinkley, Dr. and Mrs. E. B. Cavell, Mr. and Mrs. W. F. Chapman and Mr. and Mrs. Harrison Johnson of Farmington.

New Library Books Focus Attention on Personalities

Books, which have as their theme, the personalities of past and present, have recently been placed on the shelves of The Northville Branch of the Wayne County Library.

Included in the selection are: "A Woman Surgeon" by Mrs. Rosale Morton. Her book is the straightforward story of an active life, bold with vigor and often with humor and pathos. — N. Y. Herald Tribune.

"Life was Like That" by Mrs. Mary Hitchcock. Her lively Irish wit makes of her memoirs one of those books that throw more real light on a period than a hundred historical treatises. The section on her reporting adventures on the New York World are especially interesting. — Chicago Daily Tribune.

"This Is My Affair" by Lola Kin-el. A cut above the usual adventure-autobiography, this should appeal to those who find true stories as readable as novels and often more entertaining. — Times.

"Conqueror of the Seas" by Stefan Zweig. This is not a definitive historical work, but it is a roaring good narrative based on sound knowledge, delightful to read. — Saturday Review of Literature.

"Flight of an Empress" by Jung Wu. This is the personal narrative of the author's experiences as a young official in the city of Hualai, north of Peking during the Boxer uprising.

"Gomez" by Daniel Clifton. This postmodern novel can be told story of Vincente Gomez, dictator of Venezuela, neither the first nor the last of the Ottoman-like tyrants of Latin America. — pulls the veil back from the 27 past years during which the real history of that backward oil and cattle country has been a blank. — Nation.

"The Rectory Family" by John F. Carter. This consistently funny family record has the lasting value of a source book. It brings back its period not only with a laugh, but with its own kind of laughter. Life in a Massachusetts college town in the early 1900s. — New York Herald Tribune.

O. N. O. Club Attends Related Party

A belated Christmas party was held Thursday at the home of Mrs. Irene Kovar for the members of the O. N. O. club. Following a short meeting, luncheon was played and early were sung.

It is reported that a real jolly fat Santa appeared — and he was really pleasantly plump. It was an effort for him to sit down and was only accomplished with a great deal of difficulty and many grunts. By this time most of the girls were crying from laughter.

Winning at the diversion of building Mrs. Charles Woodward, Mrs. James Gaffney and Mrs. Eleanora Kovar. Pictures of the group including Santa Claus were taken.

Mrs. Vogtin Announces Book Lectures

Mrs. A. H. Vogtin announces to the Northville Book club that M. Wiedin of the Doubleday Doren Book shop, is going to speak at 2 p. m. Jan. 18, at the Scripps Library on Grand River. According to Mrs. Vogtin Mr. Wiedin will speak on "Catering to the American Library Taste."

Mrs. Vogtin announces also that there will be another speaker in Wayne, Jan. 21 he is O. I. Gregg, who is the extension landscape specialist at Michigan State college in East Lansing. Mr. Gregg will speak on "Planting Shrubs and Trees To Be Used on Home Grounds." Mr. Gregg will speak at 2:30 p. m. Tuesday at the Wayne Library.

Ladies Aid Society Meets Tuesday at Lebetreu Home

Mrs. W. A. Lebetreu opened her home at 219 Randolph street, Tuesday afternoon to 24 members of the Ladies Aid Society of the Methodist church.

The program of the afternoon was presented by Mrs. Harry J. Lord and Mrs. Russell H. Steninger. They gave a skit, "God Be Praised."

Mrs. R. M. Pickett and Mrs. A. C. Larson were co-hostesses. Mrs. Amelia Ford president of the organization, presided at the meeting.

Mrs. McLoughlin Entertains Village Club Members

Wednesday afternoon Mrs. J. N. McLoughlin of Detroit, was hostess to her bridge club. The guests were all from Northville: Mrs. D. H. Sale, Mrs. N. C. Schrader, Mrs. William Davis, Mrs. Orlov G. Owen, Mrs. T. N. Kamp, Mrs. T. Glenn Phillips and Mrs. L. I. Conant.

Louie Babbitt Entertains Friday Evening

Louie Babbitt, son of Mr. and Mrs. K. H. Babbitt, was host to seven guests Friday evening.

Games were played and refreshments served. The guests were: Lois Lloyd Edythe, Annmaria, Carol Carlson, Shirley Nutton, Philip Baldwin, Dick Davis and John Horning.

Christian Endeavor Head Visits Village

Mrs. C. G. Harris, who is the Detroit and district Superintendent of the Junior Christian Endeavor, visited Tuesday afternoon the home of Mr. and Mrs. Arthur Carlson. Mrs. Harris brought out several hundred magazines that "The Detroit Junior Endeavor members had saved to take out to the Maybury sanatorium."

Mrs. Harris made plans with Mrs. Carlson for a Valentine party Feb. 11, for the children at the Maybury sanatorium. Mr. Sinclair from The Detroit News is going to entertain the children at their Valentine party by doing chalk sketches.

Blooms Will Entertain Tonight at Dinner

Mr. and Mrs. Harold Bloom are entertaining guests for dinner this evening in honor of Miss Mildred Morse, who is visiting the George Stalkers this week. After dinner the group will attend the Hunters' Ball. The guests are to be: Mr. and Mrs. George Stalks, Mr. and Mrs. Jack Taylor from Plymouth and Mr. and Mrs. Ward Masters.

The Farmers' Corner By E. L. BESEMER, County Agent

Contests To Do Farmers' Week. Contests embracing the principal phases of Michigan agriculture in crop and livestock production and rural living again will dominate many of the events planned for the twenty-fourth Farmers' Week program at Michigan State college Jan. 30 through Feb. 3.

Through competition and spectator interest the event has become Number One of its kind in the United States.

Farmers and their families will come to the campus at East Lansing to see several or many of the scheduled events. They will be able to participate in rifle shooting, livestock judging and presentation of short plays in the annual rural drama.

Champions for the State will be named for potato production, toll development, snowplow light and heavyweight pulling teams. High school boys, twirler, beans, corn and nearly all the other principal crops grown in Michigan.

Monday is Dairy Day. Tuesday is Livestock Day. Wednesday will see all the departments presenting programs, culminating in an evening schedule in Demonstration Hall for short, specific horse pulling competition parade of floats and livestock. Thursday the departments again operate to provide information and demonstrations. The evening program lasts 10 minutes to an introduction of Governor Frank D. Fitzgerald by Robert Shaw, college president.

Friday offers more departmental work. Feature of the day is the Rural Drama contest and State Grange singing contest in the morning. And those are but a few of the hundreds of events that occur during the week.

Hybrids Increase Corn Area. Proof that proper selection of suitable seed, corn can push the Michigan "corn belt" farther north arises from a series of annual tests conducted by the farm crops department of Michigan State college.

Material soon to be published by the college "Measuring Hybrid Corns for Michigan," by A. R. Marston holds both promise and precaution. Although the results indicate northern counties in the Lower Peninsula can use some varieties for grain or for filling silo other varieties even among highly acclaimed hybrids are so late as to require the full growing season of the heart of the corn belt in Illinois or in Iowa.

"No grower can expect superior or even average performance from hybrid corn unless he plants the seed of a hybrid adapted to his particular soil and season," Marston explains.

For four years the hybrids developed at the Michigan agricultural experiment station of the college have been tested in a series of overstate trials. Other hybrids and standard varieties have been included in the tests. Cooperation has come from farmers county agricultural agents Michigan Crop Improvement Association and corn breeders and seedsmen.

Briefly, tests indicate counties above the Bay City-Muskegon line can use in corn growing areas such varieties as Minnesota Hybrid 402, Kingscross Hybrid E. Northwestern Red Dent or Wisconsin 25 Yellow Dent.

In contrast the southern tier of counties in Michigan need to offer favorable weather to mature such strains as Iowa Hybrid 939, Ohio Hybrid W17, Nebraska Hybrid 252, Illinois Hybrid 368, Illinois Hybrid 366 and Indiana Hybrid 416. The publication, available in a few weeks, will map suitable usage in the State for 27 tested hybrids.

Sweeter Beet Found for Muck. Distribution of more than 100 pounds of seed of a new sugar beet variety developed at Michigan State college leads to a prediction by Dr.

Paul M. Harmer, college muck crops specialist, that sugar beets as a cash crop will be grown on a much greater portion of the State's muck soils than at present.

A sugar beet grown on muck took second place to a beet grown on mineral or upland soil, the reason was that the sugar content failed to equal the upland beet.

Experimentation with this problem began back in 1921. Fertilization, Dr. Harmer recalls, helped the muck grown sugar beet increase its sugar content, but even a high-potash mixture failed to get this sugar up to the mineral soil product.

So in 1924 a succession of breeding experiments was started. Three successive plant breeders at the college tried: then still at selecting beets that could prove suitable production on muck.

Ordinary muck beets contain 12 to 15 per cent sugar. The new strain finally devised has averaged 16.4 per cent sugar for five years, comparable to the mineral soil beets.

Tonnage seems to run around 11 to 12 tons an acre, although 16 to 17 tons has been reported. In 1938 the college muck plots produced 180 pounds of this selection. Much of this is to be released for the Farmers and Manufacturers Beet Sugar association to carry on field trials out in the State. The balance is to be retained at the college for further experimentation.

Those who have aided in this development include college plant breeders E. E. Down, Charles Davis and H. L. Kohls.

Temperance is the firm and moderate dominion of reason over passion and other unrighteous impulses of the mind. — Cicero.

Health, longevity, beauty, are other names for personal purity; and temperance is the regimen for all. — A. B. Alcott.

Christian Science Churches
"Life" will be the subject of the sermon in all Christian Science churches throughout the world on Sunday, Jan. 15.

The Golden Text (Proverbs 12:28) is "In the way of righteousness is life, and in the pathway thereof there is no death."

Among the Bible citations is this passage (John 17:3): "And this is life eternal, that they might know the only true God, and Jesus Christ, whom thou has sent."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 410): "This is life eternal," says Jesus, "not shall be, and then he defines everlasting life as a present knowledge of his Father and of himself, — the knowledge of Love, Truth and Life."

The New Year—
On the threshold of a new year every well-established organization has plans for the coming year.

These plans properly executed always mean success. Every parish is part of the great, supernatural organization of the Church of Christ. Plans properly executed are imperative for its success. Our Lady of Victory parish has plans for the New Year. We hope they will succeed. Their success depends upon God, your pastor and each member of our parish. These plans are as follows: Finish the improvements of our Altar and Sanctuary; apply all available funds on the church debt; begin weekly Bingo parties on the twenty-fourth of January for the accomplishment of these two objectives; a weekly Holy Hour before Our Blessed Lord in the Tabernacle; Ask Him for our spiritual needs and especially for the funds necessary for the beginning of a building which can be used as a recreation hall and the foundation of a new school. This is our program for the year. Will you? (Just you—forget about the other person) be present on your knees before Christ in the Holy Eucharist every Friday evening at 7:30, and pray for the success of this program, and will you give Christ and His representative in your parish your financial help, your physical strength, your intellectual talents, and your time? If you do, our program will be successful, if you don't, why call yourself a Catholic?

Wedding Is Walled Lake's Holiday Highlight; Dr. Oliver R. MacKenzie Takes over Township Health Duties

By C. E. HUTTON

WALLED LAKE—After a two weeks' lapse (during which we did not go to Florida but would have liked to) here we are, at it again.

One would think a lot of things had happened in two weeks, but I don't know. Not so much, at that. Tax statements are out, or course, and considering everything, they really aren't so bad. Everybody thought the new school addition would make itself felt this year, but as a matter of fact, no additional school tax was spread this year. Next year, probably.

New Year's parties and news of week end guests are of course history by now, but there was quite a bit of entertaining in the community, at that.

A highlight of the Christmas week holidays was the marriage of Mrs. Jean Bentley to Dr. A. W. Stewart, both of Walled Lake. The wedding took place at the home of Mrs. Bentley's sister, Mrs. H. R. Russell, in Detroit, with the Rev. Frank N. Xander officiating. The couple left immediately for St. Petersburg, Fla. where they will stay until April.

Dr. Oliver R. MacKenzie, who has been general physician for the staff of Pontiac State hospital during the past year, has taken over the practice of the late Dr. E. J. Lindsay, and has leased the Lindsay residence here. Dr. MacKenzie is married and has one daughter.

A graduate of Marquette University in 1934, Dr. MacKenzie married at St. Joseph Mercy hospital, Detroit a year before accepting the State hospital post. He has been given a temporary appointment as Commerce township health officer, pending a permanent appointment by the township board next month.

The community is glad to again have the services of a full time county deputy, after being without local police protection for two months. Deputy E. L. McQuinn has been returned here on a full time basis, as a result of arrangements made by Sheriff Spencer Howarth, in response to requests, made by a committee of the Walled Lake Community Luncheon club and other residents of this area.

J. L. Taylor is the new president of the Luncheon club appointed at the last meeting of the officers. L. M. Paul C. McGilbray Mrs. H. B. Miles was elected vice-president.

Mr. Miner, secretary and treasurer and Larry Gilliam, Arthur Herron, William Glover and Hiram Sims, members of the board.

The first part time, non-compulsory class among Oakland county schools, and one of a few in the State, devoted to instruction in agriculture was started by the Walled Lake Consolidated school, Monday night, as directed by W. C. Proctor, teacher of agriculture in the schools. The class is designed for the benefit of rural youth between the ages of 14 and 30 who are not now regularly attending school. Subjects to be taught during the 15-week term of classes to be held each Monday night from 8 to 9:30, have been selected as the result of a preliminary survey made by Mr. Proctor and members of the F. F. A. Socialized activity will be provided in addition to the instruction of agriculture. The term will be followed up by a placement survey to assist class members in obtaining work. It is felt this extra school supervised activity will be beneficial to the community at large, by helping boys and young men unable to attend regular school classes to obtain some specialized training. The plan is comparatively new to this State, but has been used to some extent in several southern states.

After ten years as a regularly functioning organization, the Walled Lake Methodist choir is planning to have its first reunion of present and former choir members for a banquet and "get-together" Tuesday evening, Jan. 24. Nearly 75 invitations have been mailed to members now living at distant points who retain their interest in the singing group. A feature of the program will be the singing of several anthems which composed the original library. Numerous, impressive remarks by former as well as present members will be heard, together with a review of the group's activities since its inception given by the now tottering and shuddering director Charles E. Hutton.

Should this item be read by any who once were members of this choical flock, who feel they could care to attend, they are asked to make reservations by Jan. 20. Write to any of the program committee, which includes Mrs. Charles Hutton, Mrs. Paul C. McGilbray Mrs. H. B. Miles and Mrs. B. H. Thayer.

Tuberculosis Association Urges Return on Christmas Seals Mailed in November

Tuberculosis Christmas seal activities protect Michigan children from the menace of the White Plague, officials of the White Tuberculosis Association declared this week in urging all who have not yet paid for their 1939 Christmas seals to do so today. In making a return for the seals sent them on Thanksgiving Day, Michigan people will be providing the means to fight tuberculosis, the foe of youth, during 1939. It was emphasized.

As part of the 1938 anti-tuberculosis campaign, the Michigan Tuberculosis Association, 2153 Theodore J. Werle, executive secretary of the association, reported. Of these, 70 or 35 per cent were found to have the childhood type of tuberculosis, a stage of the disease resulting from contact with an active case of tuberculosis.

If checked early, the childhood type is harmless, it was pointed out. Emphasis was placed on the fact, however, that if neglected, this primary infection of the tuberculosis germ may be the first step leading to the dangerous adult type.

Through Christmas seal financed publications Michigan parents are helped in planning the care of children so as to prevent the development of tuberculosis, Mr. Werle explained. "Parents are advised that the childhood type of tuberculosis can be halted if they will see that their children follow a good health regime."

Christmas seal pennies provide x-ray examinations for Michigan people to detect early tuberculosis. They make it possible for the Michigan Tuberculosis Association to prepare and publish health education material for the benefit of Michigan people. Every Christmas seal contribution is needed to "unite" the tuberculosis prevention and control during 1939.

Fat was carrying a gun, and Mike met him at the granary. "What do ye be carryin' a gun for, Fat?" asked Mike. "Don't you know I'm a track shot?" Do you see that pigeon on top of that buildin'? Just watch this. Bang! and the pigeon fell to the pavement. "How's that, Mike?" "Och, now, Fat, the fall was enough to kill it!"

UNIFIED

TELEPHONE SERVICE

MEANS

CHEAPER SERVICE

FOR YOU

IF THERE WERE NO BELL SYSTEM, with its 25 regional telephone companies, your telephone service would probably cost more. Local service in some areas would lag behind that in others. Long distance calls would be greatly complicated. Duplication of manufacturing and research, with duplication of expense, would mean higher telephone rates.

Instead, these telephone companies centralize their manufacturing in the Western Electric Company, their research in the Bell Telephone Laboratories. Whenever one company develops an improvement, it is promptly shared with the others.

This makes for economy, and because of the Michigan Bell Telephone Company's membership in the unified Bell System, means better telephone service at a lower cost to you.

"DOWN IN ARKANSAW"
Pinky Tomlin, playing the featured role of Pinky in the Republic Picture, "Down in Arkansaw," opening Sunday and Monday, Jan. 15 and 16, at the Penniman-Allyn theatre, rode to sudden fame on the popularity of a song which he wrote. Tomlin had just graduated from the University of Oklahoma, back in 1934, when he came to Hollywood and brought with him a tune called "The Object of My Affections." He played the song for Jimmie Greer, popular orchestra leader, and Greer allowed him to sing it one night, accompanied by the orchestra, at the Edmore Hotel. The song was a sensation, and so was Pinky. Within a week he had been signed by a major studio, and his film career had started.

In "Down in Arkansaw" Pinky is seen as a mountaineer boy in the employ of the U. S. Government. He attempts to aid Ralph Byrd in conquering the backwoods people that they should let the government modernize their homes and living conditions.

"HEROES OF THE HILLS"
Ray Corrigan, one of the Three Mesquiteers, whose latest picture, "Heroes of the Hills" will open at the Penniman-Allyn theatre next Wednesday, Jan. 8, had life ease for a few days during the production of the picture. Part of it was shot right in his own back yard!

Corrigan owns a large ranch in the San Fernando Valley, not far from Hollywood. The land is a natural motion picture location, with rolling hills, large pastures, and rugged mountainous background. For four days exterior scenes were filmed on the ranch.

Ray Corrigan didn't even have to leave his home in order to be on location.

"Heroes of the Hills" has the popular trio of Mesquiteers Robert Livingston, Ray Corrigan and Max Terhune carrying out a plan whereby prisoners from a nearby prison can be helped back to decent living by working on the various ranches over the country. Many services and exciting complications arise before the boys are able to carry out their plan, but they manage to do it.

"MYSTERIOUS MR. MOFO"
Mander strikes up a musical case in the Motos latest case—one of the most unusual angles ever worked into the amazing sleuth's mysterious assignments.

Four times during "Mysterious Mr. Mof" latest in the 20th Century-Fox series opening Wednesday, Jan. 18 at the Penniman-Allyn theatre assassins strike with terrifying suddenness and each time the same "death tune" is the signal for their lethal deeds.

Considerable research was required before a suitable melody was found to acquire Director Norman Foster. It had to be light enough to mask its menacing purpose, and catchy enough to be unforgettable.

With the help of the star, Peter Lorre, Foster combed the studio music department until an old favorite, "Madrid," by L. E. DeFrancisco turned out to be just the thing.

Bringing the world-famous team of Fred Astaire and Ginger Rogers together once more, RKO Radio's "Carefree" presents a glittering, joyous and song-studded film romance embellished with Irving Berlin melodies sparkling dance routines and a deftly-handled story, coming here Friday and Saturday, Jan. 20 and 21.

"CAREFREE"
West twenty-seven ft. of Lot Ten (10) of Subdivision O L = 34 St. Aubin Farm also known as 1938, Division St., Detroit, Michigan, and recorded in the County of Wayne, State of Michigan, on the 22nd day of July, A. D. 1937, in Liber 2993 of Mortgages, on page 47, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Seven Thousand five hundred and eighty-four and 14/100 (\$7,584.14) Dollars.

No suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof, now, therefore, notice is hereby given that on Monday, the 23rd day of January, A. her wedding date with Ralph Bellamy, the latter asks Astaire, a psychiatrist, to fix up any lurking inhibitions the lady may have on the subject of marriage. The pretty patient complicates matters by falling in love with Fred, instead of with Ralph.

When the psychiatrist fails to respond, the actress starts a hectic series of madcap adventure, the doctor meantime falling in love with her himself, only to find that he has a new resistance to overcome: How the seemingly lost cause is won at the last moment makes for the uproarious climax of the picture, which is said to be both the funniest and most entertaining of all the Astaire-Rogers vehicles.

The dance numbers of "Carefree," following the Astaire-Rogers tradition of introducing spectacular routines into their vehicles, are unusually diversified. They include the Golf-Dance, a solo novelty by Astaire, the "Change Partners" routine, a sensational romantic ballroom dance, a dream fantasy number, and "The Yam," a colorful but simple ballroom routine, the first dance the two stars have ever presented which can without revision be performed by the general public, and which has caught on widely.
