Northville Merchants Ready To Hold Spring Dollar Event, Mar. 17, 18

The Record Will Carry Full Bargain Details in Mar. 17 Issue; Firms Plan Surprises; Dairy, Poultry Men To Benefit

BUYING TRIPS ASSURE NEW STOCK

Northville merchants will stage their fourth successive Dollar Sale on the weekend of Mar. 17 and 18, it was decided this week.

All stores are completing plans to make this the greatest bargain carnival in local history. Past Dollar events have proven unusually popular with a vast throng of buyers and Northville businessmen have accepted this popularity as a challenge to present an even wider range of merchandise at prices that will please the most careful shopper.

Full details of the spring bargain event will be revealed in the Mar. 17 issue of The Record. Taking advantage of the date, St. Patrick's Day, business men will offer shoppers special prices as clubs to beat off the cost of living in example of the patriotic saint of old Erin who chased the snakes away. Bargains will not be limited to items advertised at one dollar. Reductions will be made covering items of every price.

All Stores Cooperate

Through the cooperation of all stores the bargain list presented in the Dollar Day issue will anticipate nearly every need of every family in this great area. There will be menus of meat on the farm, just as there will be supplies for the town family.

This week the Kroger grocery store, through Rollie Widmer, manager, announced that it will place on the P. M. siding near the station a full car of seeds and flour, to be sold at wholesale prices. It is expected that dairy men and poultry men will take advantage of this unusual offering during Dollar week.

Display Spring Stock

Other firms are planning surprises of their own. Clothing stores will have a full display of new spring apparel. Hardware and home furnishings for spring use will also be on parade during Dollar Days. Special buying trips have been made just to prepare for Dollar Day shoppers the widest assortment of merchandise for every possible need.

The Dollar Days event will truly be a great carnival of interest to every family in the Northville trading area. Backstage preparations now going on in every store give assurance that everyone will be delighted with this effort of Northville merchants to create the greatest Dollar Sale ever.

LIVONIA ASSURED OF REDUCED PHONE RATES TO DETROIT

A capacity turnout, Wednesday night, Mar. 1, for the regular monthly meetings of the Livonia Township Civic Association in old Pierson school heard representatives of Michigan Bell Telephone Company discuss telephone rates in the Detroit district. The new zoning plan ordered Jan. 15 by the Michigan Public Utilities Commission was explained by chart and discussion for Livonia and Farmington exchange subscribers.

F. E. Reiff, Ann Arbor district commercial superintendent for the Michigan Bell company, presented the outline of the zoning plan and answered questions put by listeners.

N. A. Meiers divisional commercial engineer, and J. R. McLeachan, Northville-Plymouth manager, also represented the telephone company.

Wednesday night's meeting was an answer to agitation which has been growing in the township for direct, low-cost access to the Detroit telephone system. Under the zoning plan, calls into Detroit and neighboring suburbs will be priced according to the number of zones traversed by the call route. Where downtown calls now carry a flat 20 cent charge, the new plan will result in a 15 cent toll. Redford-Farmington calls will cost only five cents, and Dearborn calls 10 cents. Other calls are in proportion.

The new zoning plan will take effect as soon as necessary equipment changes can be effected. It is estimated that toll costs for calls in the new Detroit district will be lower over the month than under the present system of charging one flat rate to all of Detroit, and another to Royal Oak or other points. Under an optional plan a subscriber may get extended service for a slightly higher monthly charge.

After demand for an inquiry into the handling of local public health problems by Russell Cole, the as-

MEN WILL COOK MEAL FOR LADY GUESTS, MAR. 15

Presbyterian Church To Be Scene of Club Courtesy

The Northville Men's club, a non-sectarian group, which has been formed in the past year, is planning a woman's night at which the men (please page, soda bicarb) will do all the cooking. But the ladies are in line for a treat! What will the men be? There is only one way to find that out and that is to attend the banquet, Mar. 15, at the Presbyterian church house. Details will be served there.

As a feature of an interesting program, Dr. Harold A. Miller, Lansing, chairman of the legislative committee of the Michigan Medical Association, will speak on socialized medicine. Musical entertainment of variety rarely heard in Northville will be heard in the program.

Tickets are to be sold in advance and the price is \$1.00. The tickets for sale will be announced in The Record next week.

F. J. COCHRAN ASKS DISMISSAL OF SUIT

Request Made in Circuit Court To Be Considered in \$106. Claim

Attorney F. J. Cochran's motion to have the law suit instigated by Mrs. Sarah Brown dismissed is being held under advisement, according to information released Tuesday by Mr. Cochran, village attorney.

Mr. Cochran appeared Saturday, Feb. 25, in the circuit court to ask that the case be dismissed. It may be two or three days, a week or even two weeks before a decision is made in the case," says Mr. Cochran.

Max Hulett, representing Mrs. Brown, has filed suit against the village for \$106.33, the amount Mrs. Brown claims is due her for the payment of tax refunds on her property at 119 North Rogers street.

The suit against the village is an aftermath of two denials which have come from village councilmen of the Michigan State Fair and the entire Board of Managers.

Hulett contends that the State

commissioner for the licensing of public utilities for the license of the board shall, at their instance, do what is necessary to

make the suit dismissed. It may be two or three days, a week or even two weeks before a decision is made in the case," says Mr. Cochran.

Mr. Cochran appeared Saturday, Feb. 25, in the circuit court to ask that the case be dismissed. It may be two or three days, a week or even two weeks before a decision is made in the case," says Mr. Cochran.

Mr. Cochran has informed the councilmen that the \$2,000 has been placed in the "sinking fund and cannot be touched." He further asserts that the matter is entirely out of the hands of the village governing body.

ATCHISON HONORED BY FARMERS' GUILD

M. S. Atchison, Salem farmer, was named vice-president last week of the newly organized National Farmers' Guild, meeting in Goshen, Ind.

About 400 farmers participated in the organization meeting which was called to formulate a program to achieve a cost-of-production-plus-profit guarantee and passage of the farmland mortgage moratorium.

Seven states were represented at the Goshen conference.

RETURNS FROM EAST

Mr. and Mrs. A. E. Schofield returned late Friday, Feb. 24, to the village after a shopping tour in New York, and a week's pleasure trip to Washington, D. C. Mr. Schofield reports that their new spring merchandise purchased in the East will be arriving daily. Included in the stock will be new coats, dresses, gloves and other accessories.

FORTY BOYS TRAIN FOR BOXING BOUTS

Forty boys are in training for the next boxing exhibition which will be held Monday, Mar. 13, in the high school gymnasium, according to information released today by Scoutmaster Richard Loomis.

The exhibition, the third this season, is scheduled to draw some 500 spectators to the ring side to repeat the patronage of the other two events.

New entries will appear in the ring for the third boxing program including Warren Bogart, Douglas McCluske, Bill Washburn, Harold Fritz and Fred Campbell.

In addition, two or three Plymouth Scouts have made bids to enter the ring.

Mr. Loomis promises a program of five Cub bouts and eight Scout bouts.

Despite the fact that the

Northville Branch of the Secretary of State's office was not authorized to sell license plates more than eight days before the deadline, F. E. Smith, Secretary Harry E. Kelly's Northville manager, reports that the accommodation to motorists proved to be a convenience for a large number of car owners in this territory.

"Motorists were very much pleased with the service we were able to give them," comments Mr. Smith, who kept the office open until 9 p. m. Saturday, Monday and Tuesday nights in order to avoid a last minute jam in handling requests from the general public.

Wednesday following the Tuesday mid-night deadline, a few stragglers were still stopping at the Northville office for license plates.

The new law is being designed to include the good sections of the present one, in addition to features taken from laws in New York, Pennsylvania, California and Illinois where boxing and wrestling are regulated adequately and where the sport is a thriving one.

Acting on a suggestion which came from Attorney General Read, Mr. Hettche is seeking corrective legislation as the means to eliminate the State's boxing difficulties. At the same time such legal action would give unquestionable authority to Hettche in the steps he takes to control the sport.

Commissioner Hettche has already set boxing rules, as far as the announcement that in the future any person who will indirectly derive any revenue from the sport must be licensed. Included in this in Hettche has placed prominent roughnecks, physicians, clergymen, seconds, judges, timekeepers, attorneys, ticket takers, auctioneers, pistol boxers, professional boxers, professional wrestlers and booking agents.

Hettche refers to the State statute giving authority for the licensing of which reads: "The members of the board shall, at their instance, do what is necessary to meet the requirements of their office, notwithstanding brevity as they may find it expedient, and the board shall thereafter amend or abrogate such rules."

The licensing rule is not pointed sub-normal and Hettche designed to build up. A special program was arranged by the States Insurance Co. to make everyone connected with the sport responsible to the commission.

ISSUE WARNING

Despite the fact that the

Northville Branch of the Secretary of State's office was not authorized to sell license plates more than eight days before the deadline, F. E. Smith, Secretary Harry E. Kelly's Northville manager,

reports that the accommodation to motorists proved to be a convenience for a large number of car owners in this territory.

Another week of freak weather

characterized the Detroit area, with

a heavy snow blanketing the village

hills Sunday, making it possible

for winter sports enthusiasts to get

in a fast sleighing party.

Tuesday morning, the streets and

sidewalks were coated with a layer

of ice, an aftermath of a late Mon-

day and early Tuesday rainfall. By

night, the warm temperature had

done away with the ice and villagers

were making their way in slush.

Snow fell light again Wednesday

and Thursday remained warm and

clear.

Snow costs the City of Detroit

and the county money — it must

all be removed from streets and

walks. The Common Council-Detroit

Monday approved an appropri-

ation of \$50,000 to the depicted

snow-removal fund, making a total

of \$135,000 this winter for use by

the Department of Public Works.

The true moral leader is the man whose ideas are derived from large unselfish views of wide interests — much wider than his own personal concerns — he measures his contemporaries against these ideals — Staves.

Bend with the Wind . . .

"Grandma Fontaine," one of the last characters in Margaret Mitchell's "Gone With the Wind," gave forth a bit of wisdom which is worth singling out for reflection right now when some people are finding it hard to sustain their courage.

This is what she said: "We bow to the inevitable. We're not wheat, we're buckwheat! When a storm comes along it flattens ripe wheat because it's dry and can't bend with the wind. But ripe buckwheat's got sap in it and it bends. And when the wind has passed, it springs up almost as straight and strong as before."

Bend with the wind — don't let life break your spirit. After your trials and disappointments and discouragements spring back again like buckwheat! Don't let the things that can't be helped flatten you. Bide your time. Have patience. And after the storm straighten up again and go forward.

Wells sunk in Michigan's oil fields have a potential daily capacity of 150,000 barrels of crude.

State-owned land in Michigan has now reached a total of nearly two and one half million acres, a summary from the lands division of the Department of Conservation shows. The exact figure reported is 2,117,630 acres.

Of the total, 2,011,719 acres have reverted to the State because of non-payment of taxes and of this acreage approximately 1,165,000 falls within the boundaries of State forests, game areas, parks and other conservation units. In addition to these State lands within conservation units, the State has acquired 522,916 acres by purchase and gift.

Another link forged in the chain of business enterprises in Northville. Our congratulations to Mrs. Wulma Stoel.

Thirty Days Hath . . .

You know the ditty — but what a power of poison February has dashed out to us. February always keeps us poor and its menu of weather has all courses and vitamins known to weather science. Snow, blizzards, rain, flood, sun, shine, zero. All come to make February weather fit something different. What a month!

The Department of Commerce states that 10,000 barns could be painted with the amount of lip stick used by our women annually. Well, forget the barns and cheer for our women folks just the same.

Boil and Bubble . . .

The old witch of Shakespeare must have brewed the flu when she stirred the mixture in her cauldron. Every seven years and '39 brings again the flu to pestle humanity. Headaches, fever, aches, pains of all descriptions and in all locations conspire to humble us all. Through his glassy eyes we struggle to read the thermometer; a load of yellow pills are washed down an irritated throat. Leg aches, feet refuse to track, back aches in every position. Comfort is not to be found. The electric pad warms cold feet while fever flushes the face. To sleep — yes, but only to dream of fantastic things so absurd that it is just wonder that relief comes with cold baths of perspiration. Of course it's a great no, so cheerio, it will soon be time for golf and croquet.

We can think of a hundred towns that would give their right arm for a band like Northville's. Time was when every village had a brass band, usually organized and trained by "Pete Gariani or Billy Huggers" with army or circus training. The town band was an institution all of itself. Now the high school band holds sway. When forty-five youngsters can deliver the goods like the Northville unit, it is ample proof that the school band is really something to be proud of.

To the Editor:

About one of the most disgusting sights for a real American to look at were the pictures taken of that German American Bund meeting in New York City. There the flag of our country was being carried by the storm troopers of Fritz Kuhn who is the advance publicity agent of Hitler, one ring circus in the United States.

There too Stars and Stripes were given the Nazi salute with outstretched hand when any American knows that the colors should be saluted otherwise. If George Washington or Abraham Lincoln could have seen our colors given that salute they would have sat down and cried.

In the old days of the west they organized vigilantes to hang men for stealing horses and cattle yet these men of the American Nazi party are attempting to do the same thing in America.

They are attempting to do the

same thing in the American Revolution and one we are concerned with is the land of hot air that if not stopped will put us back to the 18th century. The wacky

WALLED LAKE — Old-davil "flu" and his diabolic infectious germ crew has laid siege during the past two weeks to Walled Lake and its environs, with the result that about half the populace is in the process of coming down with it, being sick with it or getting over it.

An attempt to name everyone in town who has been or is the victim of the onslaught is not possible. Names at hand include Alice Bent, Mrs. William Hoyt, Ervin Welfare, Mrs. Charles Green, Floyd Wilkinson of Chicago, who will be here, Mrs. George Campbell, Mrs. Earl Pariss Frank L. Tuttle, Kenneth Wacker, Mrs. Rex Tuttle, Mrs. Arthur Wimmer, Dorothy Russell, Don Post, J. L. Taylor, several members of the Joe Reimer family, Mrs. Alene Lindsey, Larry Gilliam, and several of the school faculty, so I'm told. In addition to all these folk I understand that school attendance records during the past two weeks show about 150 absences.

I might add a fervent hope with a couple of deep seated wishes that winter is about over and that spring is coming.

Speaking of winter, however, seems to be pretty much in order, as yet with the most show thus far in season, having fallen thus far today (Sunday). All the good skating and ice boating gone, and another spell of drifted roads and hard wheeling assured for this week.

And would you believe it? Right in the midst of it comes Mr. and Mrs. E. L. McQuern, just home from American Legion Florida! While we are glad to see Northville Hardware, five with a three-game sweep of its match with Novi Auto Parts, last Thursday, Northville Recreation also won three to continue its spectacular rise to higher ranking.

G. A. Dondero Backs Michigan Proposals

Rep. George A. Dondero, member of the house committee on rivers and harbors, this week reports action on three matters of particular interest to this section of Michigan.

In response to Detroit interests

which have asked the board of

engineering to recommend a

channel in the Detroit River follow-

ing the eastern shore line of Gross

Isle. Representative Dondero has

joined in presenting the situation

resulting from the dredging of the

commercial ship channel in the

river. Albert B. Lowrie, represent-

ing the Gross Isle township associa-

tion, told the board that Gross Is-

le had a typhoid rate in recent years

16 times that of the rest of Michi-

gan. The report of the division

engineers was adverse to the pro-

posed channel.

Further, Representative Dondero

has asked Attorney General Thom-

as Reed of Michigan to be prepa-

red to oppose a bill which has again

been introduced in Congress pro-

posing to permit increased diversion

of water from Lake Michigan. Don-

dero led the fight in the seventy-

first Congress to defeat the Parsons

bill and it was not reported out of

the committee.

Other statements in an appeal by

municipalities and counties from the

unfavorable report on the Clinton

river dredging proposal were taken

by the board of Army engineers

Jan. 24. The dredging operation

would benefit southern Oakland

county by providing a better outlet

for Red Run and Bear Creek's

drainage outlets emptying into the

Clinton river.

Lahr-Draper, Croft-Goodale, Bucher-Townsend Marriages Are Events of Social Week

Three weddings head the social calendar this week. Friday was the time set for the pledging of the Bucher-Townsend vows, two Detroiters who selected the Northville Methodist church as the setting for the service.

The Belleville Methodist parsonage was the scene Saturday evening of the Croft-Goodale nuptial rites. That same afternoon Miss Clarissa Draper became the bride of Fred W. Lahr in a ceremony read at Angola, Ind.

Bucher-Townsend—Mrs. Wilma Townsend and Homer Bucher, both of Detroit, spoke their marriage vows at a six o'clock ceremony, Friday, Feb. 24, in the Northville Methodist church before the Rev. Harry J. Lord.

Preceding the service, Mrs. Sherman W. Ambler played "O, Promise Me" and "Sweetest Story Ever Told." For her wedding the bride selected a floor length dress of Chantilly lace in salmon shades. It was decorated with a bodice top with lace jacket. Her accessories matched her gown. Talisman roses and white snapdragons formed her bouquet. She was attended by Mrs. John

Croft-Goodale—Miss Eva Mae Goodale daughter of Mr. and Mrs. A. S. Goodale, 13 Carpenter Avenue, and Lloyd Croft son of Mr. and Mrs. S. P. Croft of Wixom repeated their marriage vows at 8 o'clock Saturday evening, Feb. 25, before the Rev. William Richards in the Belleville Methodist parsonage.

A powder-blue crepe dress with lace accessories was worn by the bride attended by Mrs. Max D. Snagles who was dressed in a rust colored dress with brown accessories. Mrs. Croft's flowers were sweet peas and purple violets.

Mrs. D. Snagles was Mr. Croft's best man.

For her daughter's wedding Mrs. Goodale wore a navy costume. The bridegroom's mother selected a dress in print pattern featuring trellis-decoing of the overalls. A reception for 150 guests was held at the Wixom Community Hall. The bridal train was centered with pink and white snapdragons eight inches long.

Extension Leaders To Study

Mr. and Mrs. Croft are making their home at 732 Carpenter. Mr. Croft is a field explorer and was a pilot from 1914 to 1918. He is a member of the Northville High School class of 1917.

Lahr-Draper—The ceremony was held in the Methodist parsonage at Angola at 2 o'clock Saturday, Feb. 23, married the wedding of Miss Carol M. Draper, daughter of Mr. and Mrs. William Draper of 528 West Madison Street, and Fred W. Lahr son of Mr. and Mrs. Fred W. Lahr of Clarence. The bridegroom's parents before the Rev. Harry J. Lord.

During the couple were Mr. and Mrs. Dr. C. E. of the medical field who attended every step with

wine accessories and a corsage of red roses; and Mrs. Earl Bracken, sister of the bridegroom who wore a cocoa brown costume and a corsage of roses; Harold Ranker of Redford and Earl Bracken of Clarenceville brother-in-law of the bridegroom.

The bride was dressed in a tailored blue suit, with which she wore teal blue accessories. Her corsage was made of yellow roses and freesias.

A reception for a few friends was held Saturday evening at the home of the bridegroom's parents in Clarenceville.

For the present, Mrs. Lahr will continue her work as assistant in Dr. R. M. Atchison's office. Mr. and Mrs. Lahr plan to move into their home now under construction at Clarenceville early in the summer. Mr. Lahr is associated with the White Star company on Grand River and is a graduate of the Farmington high school. Mrs. Lahr graduated from the Brighton high school, moving to Northville three years ago with her parents.

Salem Young People Plan Pancake Supper

The young people of the Salem Federated church have planned a pancake supper and radio program to be held Friday evening, Mar. 10, in the church.

Proceeds from the affair will be used to repair the church roof. This was the scene of a luncheon same group, together with the help held by the Northville Women's of the older church members' club this fall, has a new hostess. She

had enough money to redecorate the interior of the church and to replace windows which had been broken.

The Salem Federated Church at

present houses the combined congregations of the former Salem Baptist church which was organized in 1821 and the Lapham Methodist church organized in 1841.

Considered one of the most attractive of the country churches in Washington county, the response to restoration projects has been overwhelming.

Following the pledging of the

oath of allegiance for 150 guests was

sponsoring the pancake supper.

ATTORNEY STUDIES
ORDINANCE OKAYED
BY HEALTH OFFICER

Attorney F. J. Cochran is draw-

ing up a dog ordinance submitted

by Dr. R. M. Atchison health offi-

cier for presentation Tuesday, Mar.

7 at the regular meeting of the

council.

Guests included Rev. Dr. John

S. Schuman of Our Lady of Victory

church, Dr. E. B. Clegg Jr. and

Owen G. Owen.

Northville councilmen took steps

Monday, Feb. 20, to back Dr. Atchison

in his campaign to have the

ordinance protected or a dog ordinance

designed to eliminate the occur-

rence of rabid dogs.

The ordinance proposed by Dr.

Atchison and now in the hands of

Attorney Cochran, is as follows:

1. The requiring of antirabies im-

oculation of all dogs.

2. The impounding or destruc-

tion of all stray dogs.

3. The muzzling of all but work-

ing dogs when not on lease or on

the owner's premises.

The second phase of the prob-

lem demands the reporting of all

dogs to public health authorities so

that the dog which has infected a

bite may be placed under veteri-

nary observation for two weeks as

a rabid animal lives but five or six

days a dog which lives beyond that

period and does not acquire the

disease in the two weeks of observa-

tion may be considered non-rabid

and returned to its rightful owner.

Strays should be publicly impounded

and destroyed. If avoidable

a dog should not be killed during cap-

ture if it is killed or dies while

under observation the brain should

be examined for Negri bodies.

The bitten person must report

immediately to a physician for treat-

ment. The treatment of animal

bites has been standardized.

Deviation from the standard is not

in accordance with medical exper-

ience. Every animal bite in which

the skin is broken should be cauterized

immediately with fuming nitric acid

or a glass rod or capillary

pipe being used. The acid should

be carefully used and not neutralized.

Such cauterization not only

insures against the pyogenic infec-

tion common after bites but if done

thoroughly within 48 hours is an

important factor in the prevention

of rabies.

Antrabic vaccine should be ad-

ministered (1) to any person bitten

or contaminated in any way by

the saliva of an animal known to

be rabid and (2) to any one bitten

by an un-snarped stray animal.

When the bite is on the head or

Fellowship Tea Tuesday Afternoon in Neal Home Claims Forty Guests

Nearly forty women of the Methodist church gathered in the home of Mrs. F. S. Neal North Center street, Tuesday afternoon to enjoy the annual international fellowship tea which has become a pleasant custom.

Mrs. Harry J. Lord presided in the program which was delightfully informal. Since the affiliation of the three Methodist churches of the country—Methodist Episcopal, Methodist Protestant, and Methodist Church South, is the big step to be taken soon, details of this movement were discussed by Mrs. Lord and Mrs. S. S. Stalter.

The Mesdames' quartet comprised of

the Mesdames Leslie G. Lee, George

H. Stalter, O. F. Reng and E. V.

Elision, sang three numbers with

Mrs. Russell M. Atchison at the piano solo.

Tea was served from the dining

room table where a large bowl of

spring flowers was flanked by tall

blue tapers, the blue and white motif

being carried out in the other de-

tails.

T Baldwin poured the coffee

which was enjoyed by over 600 senior

and medical school students.

The current series will be open to

graduate students in

public health, members of Michigan

Dames, and seniors. The fee for the series is \$1.

Speakers include Professor Mary

Shattuck, Fisher of Vassar College;

Dr. Raymond Soule, practicing

gynecologist and obstetrician, New

York City; Dr. Ira S. Wile, practicing

psychiatrist, New York City; and

Dr. Robert G. Foster, lecturer and

consulting psychologist of the Mc-

Saturday guests of Mr. and Mrs. Edmund Dowling were Miss Margaret Miller and Herbert Stude of Plymouth last Friday evening. Mr. and Mrs. Harry Dav-Hinchman, Jane Van Atta, Maurice Hagenheister, Lucille Price and Arlene Blake, guests of the Dowlings.

Northville Enters Tourney

**BOYS' BASKETBALL
PLAYERS TO MEET
YPSILANTI CENTRAL**

To win Berkley for Second
Suburban League Rating;
Defeat Van Dyke.

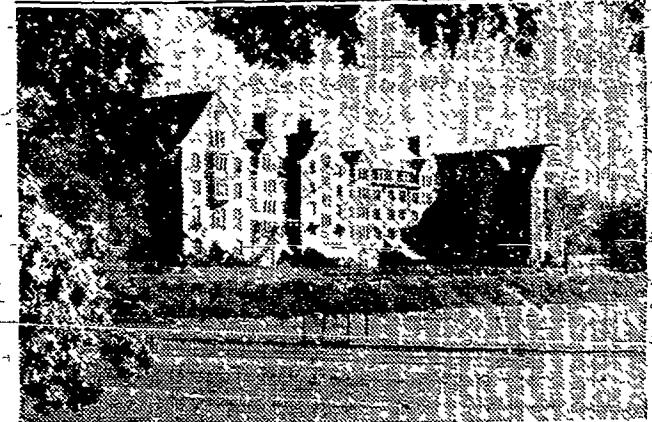

Mar. 2—Northville's boys' basketball team as scheduled to play Ypsilanti Central at 6:15 p. m. Thursday, Mar. 2, at the tourney in Ypsilanti which gets under way today. Playing for the first time in its history in the Class B division, Northville's coach, Harry B. Smith, drew possibly the most outstanding team in the bracket for its first game. "If the boys can just play against Ypsilanti as they did against Van Dyke Friday night, we can take the game," predicted Coach Smith, pointing out at the same time that Ypsilanti would be the toughest team in the tourney to defeat.

Easy Win

Northville downed the Van Dyke team in an easy game Friday, Feb. 24, on the Van Dyke court; 48-19. Smith had his starting lineup in the

One of the largest women's dormitories in any American university, Michigan's Mosher and Jordan Halls, built for 436 students and have served as a residence for nearly 2,000 women since they were opened in the fall of 1930.

Mosher and Jordan Halls are operated as separate units for social purposes, although the preparation of food and other business aspects are under joint management.

from Van Dyke by the score, 23-16. Melvindale Is Winner

With the Van Dyke game, Northville finished the basketball season, drawing for second place rating with Berkley. Melvindale's undefeated team wins the Suburban League Championship title. Eight wins and six losses have been checked up for against Northville this season.

Two games, from Van Dyke two from Bedford Union, two from Walled Lake mark the season's wins. Scores were lost twice each to Berkley, Melvindale and Plymouth.

Graduation will take six men from the first team. Captain Dugald Clayton and Walter Myers, Larkin, Bogart and Dale Bray, leaving Houghton Holcomb and Fritz.

Comments Second Team

Coach Smith has commanded the playing of the second team this year which is made up of freshmen sophomores and one junior. The second team has only three losses against it, having been defeated twice by Melvindale and once by Plymouth. Both on this team have been held down by Eaton, Clark, Bonaparte, Orr, Bill Widmer, Lawrence McArthur, Jim Finke, Harold Schmitz, Rob D. Stronach, John Norton and Bob Ross.
