## Wearing of the Green . . . .

March 17 the descendants of old Ireland wear green ribbons and neckties, to celebrate their famous anniversary of St. Patrick's day. Far back in antiquity that old saint lived, and we know far too little about him. One can be sure that he had that warm geniality which is the characteristic of the Irish race, and which has made friends for them in all lands.

The green is the color of spring, the season of hope and courage. The Irish race have always been noted for their hopeful and courageous spirit, which has carried them through hard work and over great difficulties. They wear their green proudly as the sign of a race which has held its head high and played a large part in the world.

Industrial opportunities for small towns are increasing. Northville get your artillery ready.

Do you know about the two amendments to be voted on at the Spring election.

## Ici Est N'ee . . . .

"Ici Est N'ee L'American Legion 15-17 Mars, 1919." On this site was born the American Legion March 15-17, 1919. A bronze plate erected at the site of Cirque de Paris, France bears the above inscription. That such a few words could describe so great a movement is only one of the privileges typical only of what freedom of thought and action can do in a democratic atmosphere.

The American Legion Posts this week are celebrating the twentieth anniversary of the organization's birth. 11,506 posts and 974,851 members of the Legion today are America's first line defense force against those who would bore from within. These men know what national defense means—they used wooden guns and experience has taught them that "a million men springing to arms over night" was as much a folly as are many of today's phony ideals of infamous pacifists.

Knowing war, therefore, do not want war. But as true men they face practical things and know and believe that life has precious jewels that are more to be prized than life itself. And Legionnaires have faced death. How many of those crying from the houseposts have worn the khaki, followed the flag or faced machine guns?

Yes, it is twenty years after, yet despite handicaps the Legion carries on a million strong for Home, God, and Country. First the organization took care of its own, put its house in order like a good family, community or nation must do before venturing abroad. Having cared for "its own," the Legion then marched hand in hand with the youth of the land. They advocated the universal draft as a peace measure, the most completely effective measure ever proposed to a democratic nation, and some day that Universal Draft will be known as "America's Blessing from Heaven." The Legion defeated the Ludlow Amendment, whose proponents almost succeeded in crippling national defense while its sponsors continued to lock their own doors, and believe in police and fire departments in their own neighborhoods. And so we could continue to enumerate the works of the Legion for America. But great deeds speak for themselves, and the Legion Marches On.

Today, twenty years after, you of Northville know the Legion. The boys are your neighbors. Check if you will and see the work done in this community by the Lloyd H. Green Post and the Auxiliary. Witness the work at Maybury, the Cub Scouts, the Boy Scout work, junior baseball, boxing and a dozen and one activities, and there is your personal picture of the Legion.

The boys of 1917 are today men in their forties. As they grasped the torch from the Grand Army of the Republic they seek also, while standing in the vanguard of Americanism, to clasp the hand of the boys of today and seek to lead them in the pathway that leads to a greater, a truer and a brighter United States of America. . . . A nation, under God, now and forever, the symbol of liberty and enlightenment to the whole world. Salute the Legionnaire this week. It is his twentieth birthday.

And now in closing . . . a word to our boy friends of Northville and vicinity . . . JUST A PERSONAL WORD—when flying your kites watch out for power wires. Some wires are too hot to HANDLE—play safe.

The Women's Returns to Detroit Stage

Mrs. Gordon, producer of many stage hits including "The Women" brings this hilariously amusing play to Detroit for a return engagement of one week beginning Sunday evening Mar. 26 and at the astounding price of 50c for the entire evening and two for both in the eve and evening.

At this rate Mr. Gordon has decided to try temporarily this radical price scale for an attraction still rated a best seller.

Fifty women are not unusual in a theatrical production but when so many feminine lovelies are set upon the stage through three acts and 12 scenes without benefit of a solitary male then the fact becomes something of a noteworthy dramatic event.

Gathering a company of players for an ordinary show is no sin since these hectic days, what with the ever pressing competition from the

## TWO AMENDMENTS FACE VOTERS THIS SPRING

Two new proposed amendments to the State constitution will be voted on by citizens of Michigan this spring.

The first proposal calls for an amendment to provide for the non-partisan election, by the people, of justices of the Supreme court, circuit judges, judges of probate and circuit court commissioners.

The second asks: Shall the constitution be amended so as to authorize the vesting in circuit com-

missioners with like judicial powers as are exercised by justices of the peace?

**SINGERS ARE ENTERTAINED**

Members of the newly appointed social committee for the 15th Annual Banquet were entertained Monday evening in the domestic science room in the high school, following a chorus practice. The committee includes: Mrs. Kenneth A. Kitchen, chairman, Mrs. Ernest Smith of Wayne, Mrs. Ray Van Valkenburg and Mrs. Leslie G. Lee.

## Your University

PERSONS, PLACES AND ACTIVITIES YOU HAVE HEARD OF  
READ ABOUT AT THE UNIVERSITY OF MICHIGAN

Director of the University of Michigan's Department of Engineering Research since 1920, Dr. Albert E. White has been a leading figure in American metallurgy in both civil and military fields and in the field of administration of research in engineering.

The Department of Engineering Research, of which he is the head, was established by the University of Michigan to meet the needs of industrial concerns for fundamental research in engineering. The staff of experts in various engineering fields, the laboratories, and the equipment of the University's College of Engineering are made available to industry through the Department. The expenses of this research are carried by the firms for whom the research is done. About 1,200 industrial problems have been brought to the Department for investigation, and, during the last full year of operation, 201 projects were worked on by the Department. Aside from administration, 249 persons participated in the technical aspects of the research, Department's activities, of whom 47 were members of the teaching staff, 10 were full-time research workers, and 192 were assistants.

Besides its research activities, the Department sponsors various conferences of the technical workers in industry.

Dr. White, the Department's director, was educated at Brown and Harvard Universities, receiving his Doctor of Science degree at the latter in 1923. During the World War he served in various technical capacities for the United States Army as head of the Metallurgical Branch of the Inspection Division

DR. ALBERT E. WHITE

and later, as head of the Metallurgical Branch of the Technical Staff. At present, he is a Lecturer in the Ordnance Department of the Reserve Corps. Author of over 40 technical papers dealing with metallurgy and the administration of research, Dr. White has served as President of the American Society for Metals and the American Society for Testing Materials. He has been a member of the Main Research Committee of The American Society of Mechanical Engineers, the National Research Council, and the Engineering Foundation.

### VILLAGE YOUTHS RECEIVE DEGREES

In addition to the Master of Science degree, in chemistry granted Richard L. Shipley, son of Mr. and Mrs. Lee Shipley, two other Northville youths were among the 495 mid-term graduates from the University of Michigan. Melvin F. Sterner, son of Mr. and Mrs. Fred Sterner, has been granted a Bachelor of Science degree in mechanical engineering. Frank T. Spraggell Jr., son of Mr. and Mrs. Frank T. Spraggell, formerly of Meadowbrook Country club, has also been given a Bachelor of Science degree in mechanical engineering.

According to a press release from the University, the largest number of degrees, 115, was awarded in the graduate school. The Literary College had 10 graduates and the Engineering College 81.

Mrs. Ivan Peat and Mrs. Kenneth A. Kitchen motored to Michigan last week to visit with Mr. Kitchen's mother, Mrs. Edna Raymond, who is a matron at the first Commonwealth school for boys.

### OBITUARY

Mrs. John Lewis

Mrs. John Lewis, colored, a resident of Salem for the past 60 years, died Monday, Mar. 13, at Sessions hospital, a victim of pneumonia at the age of 84 years.

Surviving her are her 94-year-old husband, John; four sons and two daughters.

Mrs. Lewis, together with her husband and children had won the respect of the entire township. Community affairs were her concern; she had children to rear and wanted a voice in the government and school that would affect their education and welfare. Loyally she made her way each Sunday to her pew in the Salem Federated church.

It was at that church that last rites were held for her at 2 p. m. Thursday with the Rev. Cora Ruppel conducting the service. Her body lay in state at the Carter funeral home until Thursday. Burial was made in Thayer cemetery.

John A. Buswell

A patient for the past five years at the Eastman sanatorium John A. Buswell, age 43 years, died Thursday, Mar. 9.

Last rites were held at 2 p. m. Sunday, Mar. 12, from the Eastern Star funeral home and burial was made in the American Legion lot at the Rural Hill cemetery. The funeral at which both Masonic and military rites were used, was conducted by the Rev. Dr. Thomas W. Smith of the Presbyterian church.

Surviving him is one sister, Mrs. Frank LaMarch of Chicago.

Born in Terre Haute, Ind., Mr. Buswell was a railroad man in Detroit before poor health made it necessary for him to come to East-lawn.

Edward Johnson

Death claimed a former Northville resident, Edward Johnson, 39, at Harper hospital Thursday, Mar. 9, after an illness of several months' duration.

Funeral service was held from the Harold Lang Funeral home, Detroit, and burial was made Saturday in the Rural Hill cemetery. Military rites were held.

He was the son of the late Mr. and Mrs. Harley Johnson. A brother, Charles, preceded him in death. He is survived by his wife, Dorothy; an aunt, Rachel Ford of Richmond, Va.; an aunt and uncle, Mr. and Mrs. George Water of Detroit; and a niece, Beebe Johnson of Northville.

Attending the funeral from here were Mr. and Mrs. Don Hamilton, Mrs. Gladys Johnson, Miss Beebe Johnson and Mrs. Amelia Ford.

Emery R. Beal

Emery R. Beal, former resident of Northville and former mayor of Ypsilanti, died Saturday, Mar. 4, in Ypsilanti, where he was the proprietor of a drug store.

Born in Livonia township in 1865, he was the son of Joseph and Martha Beal.

In 1892, he married Miss Minnie Jensen of Portland, Mich. She survives him as do two sons and two daughters.

He was graduated from the Northville high school with the Class of 1883. His six sisters were also graduates of the Northville high school. Later he attended the University of Michigan pharmacy department. This led to his opening a drug store in Ypsilanti.

John Y. Blackwood

Death claimed a former Northville resident, John Y. Blackwood, Mar. 6, in Cleveland, O., where for the past few years he had been associated with the Lorain Steel company.

Mr. Blackwood was the son of Mr. and Mrs. Newton Blackwood, born in 1870. He left Northville in

1889, before completing the eleventh grade. He spent a year at Albion college, then took up a mechanical course at the University of Michigan in 1893.

In 1895, he went to Brooklyn, N. Y., where he was a mechanical draftsman for the Mergenthaler Machine company. Two years later, he went into the law office of C. C. Yerkes. From this job, he went to Cleveland.

Surviving him are his wife and a daughter.

His body was brought to Northville Thursday morning for burial in the Yerkes cemetery.

### Michigan Mirror

LANSING — The ardor of legislators for outright repeal of the civil service law is cooling off.

Whereas outright repeal of this much-discussed statute appeared a fortnight ago to be certain, today sentiment is growing slowly for revision of the 1937 law, retaining most of its provisions and amending others to provide competitive examinations for all State employees except those in the lowest income brackets and executives at the other end of the scale, who help to shape administrative policies.

### Economy Still is Trend

Advertising of Michigan farm products was limited to \$25,000 a year on a \$5,000 matched ad basis for any one product — apples, potatoes, etc.

**Defeat School Bill**

Supported by the Michigan Education association, a resolution to delay the present 15-mill tax limitation, putting a revision up to a spring referendum, was defeated by a narrow margin in the House.

**Borrowing Problem**

A bill to give Michigan cities borrowing power of 20 per cent of their current tax levies, instead of 10 per cent, has stirred a controversy in Detroit where the measure is backed by city officials headed by Mayor Reading.

If recent legislative action is any index of Lansing's present temper, bills for more borrowing and more spending are likely to be carefully scrutinized. Chances for their passage are none too good, at this moment.

**Fair Trade, Milk Bills**

According to the Michigan Retail Institute, trade groups are "hopelessly" at loggerheads over the merit and constitutionality of any fair trade practice bill which seeks to maintain prices.

A number of bills have been introduced, proposing to outlaw any prices "below cost" and otherwise to regulate retailers.

The present legislative "straws in the wind" are against any further extension of State regulation and control. This conservative trend also makes unlikely the passage of any milk price control measure at this session.

Let the Optometrist  
Guide You to  
BETTER VISION  
BETTER LIFE

• Only those who have escaped the darkness of poor sight can appreciate the feeling of so many patients who have declared that better sight has saved their lives — from aches and pains, the drabness of inadequate vision and the loss of many pleasures.

• So while we don't intend to replace our professional "shingle" for the spectacular sign suggested by our grateful friend, we will acknowledge that to save a patient's sight is to save his life and send him forth to better living.

• Seventy out of every hundred people have crippled defective vision. Many — perhaps you among them — do not know the true state of their eyesight. Yet anyone who has less than good, normal vision pays a great price in lost joys of living — and in headaches, indigestion, and nervousness.

• How well can you see? Only a thorough eye examination, repeated at regular intervals, can tell you. Eye-strain develops rapidly, often without warning.

• Make it a habit to consult Dr. Ross regularly — or at any time of eye difficulty — so that all that life means will be saved for you.

## HUNTING VIOLATORS ARE ARRESTED, FINED

### State Loses Only Four Cases; 10 Hunters Put on Probation

At total of 262 arrests for violation of conservation laws was made by conservation officers during the month of January with fines imposed totaling \$1,245, costs, \$1,383.20, and jail sentences of 616 days.

Of all the cases brought to court, only four cases were lost by the department, being dismissed. In 10 of the arrests, violators were placed on probation.

Principal factor in the list of arrests was fishing without a license for which 79 arrests were made. Second largest item was the trapping and possession of fur-bearing animals during closed season for which 19 arrests were made. A total of 18 were arrested for fishing with more than the legal number of lines, 17 for the illegal hunting and killing of deer and possession of illegal venison and 17 for the possession of undersized game fish.

Among comparatively unusual violations for which arrests were made, was the use of a spear to take mink, shooting fox squirrels from a car during closed season, the use of poison gas to take and kill red fox and the hunting of rabbits from a tree. Commoner violations were the spearing and possession of black and white bass, perch and wall-eyed pike for which 12 arrests were made, possession of more than the legal limit of game fish for which seven arrests were made, possession of more than the legal limit of game fish for which seven arrests were made and the possession of firearms in game areas during closed season without permit for which seven arrests were made.

next week for further plans for Missionary Day.

### PASTIME NEEDS DANCERS

Unless the Pastime club attendance picks up at the next three dances of the group, it is likely that the club will close the winter season somewhat in the red, according to Dr. E. B. Caveil, Jr., who confides that the club is on the verge of folding up simply because so many other activities have wedged themselves into the social calendar lately, depleting the attendance at the dances. Wednesday, Mar. 22, is the date set for the next dance and the financial status of the club needs the patronage of at least 50 couples, it is reported.

## Farming Facts Worth Knowing

By WILLARD BOLTE

### Spreading Lime Easily

The above sketch shows a special lime spreader that is attached to the back end of your manure spreader. And the manure spreader feeds the lime back and does away with the back-breaking job of shoveling lime to an endgame spreader. Some farmers spread both lime and fertilizer with an ordinary manure spreader—without this attachment—by layering it with either manure or straw and handling it like a load of manure.

### New Peach Tree Borer Remedy

Illinois Experiment Station reports nearly perfect control of peach tree borers by treating the infected trees with an emulsion of ethylene dichloride. This material is easier to use than PDB—and it will work in cold weather, too.

### When to Pick Apples

It will pay to wait until the last possible day, according to Michigan Experiment Station. Apples continue to grow as long as they hang on the tree—and an increase in size of one-eighth of an inch per apple means an increase of 8% to 10% in your total crop.

### Planting Cannery Peas

New York Experiment Station reports that it is a mistake to rush to plant cannery peas ahead of an anticipated rain—since heavy rains often cause a poor stand of peas by crusting the soil and encouraging weeds. If this happens, going over the field once or twice with a weeder or smoothing harrow is recommended.

### Clipping Hay Seedlings

Iowa Experiment Station reports that it will do no harm to clip seedling of alfalfa, red clover or mixed seedlings, the first year—provided they were planted early and are not clipped later than the first of September. Summer seedlings should not be clipped that year—and sweet-clover should not be clipped at all if you want a good stand the following year.

### Corn Plus Sorghum for Silage

Last year a cattle feeder near Tarkio, Missouri, drilled in corn about 14 inches apart in the row—and drilled Atlas sorghum 2 inches apart in the same row. It was cultivated like corn—the plants stood about 5 inches apart in the row—the silage yield was at least 12 tons per acre on land of only average fertility—and an ear count showed close to 50 bushels of corn ears to the acre.

### Feeding Grain to Dairy Cows

Here's a quick way to discover whether you are making a profit on the grain you feed your dairy cows. In a test at the Lewistown, Tenn., Experiment Station, both Jersey and Holstein cows produced at least 60% as much milk and butterfat on a ration of pasture and legume hay—as the same cows produced on this roughage ration plus a full grain ration. On this basis the grain you feed buys just 40% of your income from milk and butterfat.

### Salting Damp Hay

The U. S. Department of Agriculture reports that there is no apparent value in the more or less widespread practice of salting hay that contains too much moisture for safe storage. In one test, where hay containing 95% moisture was divided into two lots and one of them was salted with 30 lbs. of fine salt per ton, the salted hay reached a higher temperature than the unsalted hay. Apparently the only safe place for poorly-cured hay is in the silo.

## WASTEFUL

## DUPLICATION

OR

## UNITED EFFORT

SUPPOSE the Michigan Bell Telephone Company maintained its own separate research laboratory in which to develop improvements in telephone service. And suppose each of the other 23 telephone companies of the Bell System did the same.

All these laboratories probably would be trying to solve the same problems; this would be wasteful duplication of effort and expense which would increase the cost of your telephone service.

In the Bell System, Bell Telephone Laboratories does the research work for all. Each company pays only a fraction of the cost, but gets full benefit of a research program that no one company could afford to maintain.

This economy is one of the advantages of our membership in the Bell System. It is an important reason why all America, including you in Michigan, enjoys the best, most reasonably priced telephone service in the world.

## Mrs. Carolyn Embree Wins Commerce Township Contest; Election Voting Is Light

By C. E. HUTTON  
WALLED LAKE—You may still be interested in the Commerce township primary vote, the report of which came too late for this column of last week's issue.

Interest was centered about the office of treasurer, which presented the only contest of the election. Tum B. Roach, the incumbent for the past six years was defeated by Mrs. Carolyn Embree by a vote of 184 to 132.

A total of 328 ballots were cast, proving to be one of the lightest elections in some time in this township.

Officers reelected were James L. Gardner, supervisor; Earl V. Garner, clerk; Albert Riley, justice of the peace; Charles Nelson, board of review; James Smith and Arthur Richardson, constables; and Frederick Thompson, constable newly elected.

Bette Bachelor, 15-year-old daughter of Mr. and Mrs. William Bachelor, narrowly escaped serious injury Saturday, when she was accidentally struck by a car on an air field. She had entertained several young guests at an afternoon party at her home, and was reentering the house after their departure when one of the boys discharged the rifle he had been carrying. Although the gun was pointed high, the shot was deflected in such a way as to strike the corner of Bette's left eye. The sight of the eye was thought for a time to be endangered, but later examinations assured normal recovery.

"Crashing Society," the three act comedy, I've been telling you so much about during the last two or three weeks, opens this Friday night in the school auditorium. It will be repeated Saturday evening. Someone tells us that this play is to become a movie, as produced by Hollywood studios. Interesting, if true. It really is quite a clever bit of farce writing, at that. We fully expect it to be a hit, playing to capacity crowds, each night.

This is the fourth consecutive week end of stormy weather. First, it was snow. Then rain. Then rain and fog. And this time, sleet. Ground hereabouts is white with it. Trees all around hang heavy or are broken. Phone and light wires sag like clotheslines on Monday morning. Numerous poles have toppled over or snapped in two. Bad Sunday weather, this month. That is bad church weather. One really can't expect one to attend church with roads the way they are. Even though it is Lent. It's about all one can do to get out at night, for the movies. Or to work, Monday morning. Someday, before I leave, I'd like to try an experiment of announcing in the paper that ten dollar bills would be given to every person attending church on the stormiest morning of the winter, with an extra five spot to those who were on time. I'll bet they'd even sing hymns, too.

Residents of Twin Beach subdivision on Middle and Lower Straits Lakes will vote Apr. 3, on incorporation of the area into a village. Proponents of the plan believe the community should have the advantages they feel will be gained by incorporation, such as street maintenance, fire and police protection and local ordinances for the protection of public and private property. Opponents are convinced that the area has no need for a village organization, inasmuch as the county now provides street maintenance and police protection, while the township provides fire protection. About 350 families are year around residents of the subdivision, which has an estimated summer population of 1,500.

An audience of 350 people attended the winter concert by the Wall Lake high school band given Friday night at the school. The 48 members of the group presented a program which was felt by many to be their best performance to date.

The band was assisted during the concert by the Pontiac Accordion Band, directed by H. Wilson. This group was composed of 20 players of school age, being trained to play popular music. Student soloists of the local band, who were heard on the program were Ara Morgan, soprano, and Barbara Thayer, xylophonist.

Ross Kenner went to Pittsford Friday to visit his mother who is ill. He returned home Sunday.

Bobby Dixon of Northville, visited over the week end with his grandparents, Mr. and Mrs. Ed. Baker and family.

Mr. and Mrs. Rae H. Brooks visited Saturday with their daughter, Mrs. Leo Hartfield of Belleville.

Cyrus Peppy and son, Kenneth, visited Sunday with Mrs. Peppy, who is convalescing in the Pontiac sanatorium.

The North Baptist church is planning a box social at 8 p. in Friday, Mar. 17. Proceeds are to go for the benefit of the E. Y. P. U. Coffee will be served. Everyone is invited.

Mr. and Mrs. Joe Zarish visited Saturday with friends in Detroit.

Mr. and Mrs. Warren Rice and Burton L. Munro attended the funeral Monday of Joe Wenland in Detroit.

Mr. and Mrs. Edward Yuls and family of Wall Lake visited Sunday at the home of Mr. and Mrs. Emil Suite in Novi.

The Polish Fellowship held a service Sunday evening, Mar. 12, in the Novi Baptist church. Despite the icy roads, a great many attended.

Mr. and Mrs. Norman Chatham and two daughters, Norma and Kay, spent the week end with Mr. and Mrs. Harley A. Chatham in Highland Park.

Mr. and Mrs. Lawrence Horsfall of Novi, visited over the week end at the home of Mr. and Mrs. Glenn Hammond in Northville.

Mrs. Beatrice Green, whose home is in Detroit, visited Saturday with Mr. and Mrs. MacDermid.

Mr. and Mrs. Robert Stevenson visited Sunday at the home of Mr. and Mrs. Charles Burgan in Northville.

James B. Haskins, editor of the Howard City Record, is back at his old post in Lansing as head of the sayings and loan department of the Secretary of State's office.

## Theatre's Calendar for Week Is Headed by McLaglen, Grant and Fairbanks, Jr.; Juvenile Vehicle Will Attract Film Fans

"GUNGA DIN"  
Victor McLaglen, whose portrayals of virile, two-listed roles are widely known, gives one of his most powerful characterizations in "Gunga Din" in which he is teamed with Cary Grant and Douglas Fairbanks, Jr., showing here Friday and Saturday, Mar. 17 and 18.

In this epic picturization of the famous Rudyard Kipling ballad, McLaglen plays a hard-boiled sergeant in the British army who fights at the battle of the Tropic of Cancer. Grant, Grant and Fairbanks are seen as his two equal, devil-may-care buddies. The three are co-starred in a cast that boasts Joan Fontaine, Sam Jaffe, Eduardo Cannelini, Montagu Love, Robert Coote and Abner Biberman and others in prominent roles.

"PECK'S BAD BOY WITH THE CIRCUS"  
The local premiere of "Peck's Bad Boy with the Circus" at the Penniman-Allyn theatre Sunday and Monday, Mar. 19 and 20, introduces to screen audiences the third juvenile favorite to essay the character of the fun-loving boy created by George W. Peck.

This time Bill Peck is depicted by Tommy Kelly of "The Adventures of Tom Sawyer" fame. Tommy's predecessors are Jackie Cooper and Jackie Cooper, who were seen in the role, seventeen and four years ago respectively.

Although "Peck's Bad Boy with the Circus" employs the noted fiction character for its star, it does not use any parts of the narrative of the previous filmizations, nor of the authors' original works. A fresh screen treatment was devised for this attraction, plunging adventurous Bill Peck into the company of a touring circus.

"FEDERAL MAN HUNT"  
Romance against a thrilling background of racketeering and intrigue is promised in the Penniman-Allyn forthcoming program, "Federal Man Hunt," Republic picture, scheduled to open Sunday and Monday, Mar. 19 and 20, for a two-day run.

The story deals with the adventures of a lovely girl, played by June Travis, who became engaged to the wrong man. Sentenced to twenty years for a payroll robbery, he escapes during his prison chapel marriage and lures June, who believes him to be innocent, into collecting the payroll loot under the misapprehension that it is evidence which will clear him of the charges.

"PAINTED DESERT"  
Plenty of action of the high-speed variety usually associated with George O'Brien's film vehicles, is offered in the outdoor star's latest picture, "Painted Desert," which opens at the Penniman-Allyn theatre Wednesday and Thursday, Mar. 22 and 23. With its picturesque outdoor scenes, many of them actually filmed on the Painted Desert itself, and its taut drama, the picture ranks high among the season's action offerings.

"OFF THE RECORD"  
"Off the Record," a hot off-the-griddle newspaper story will be the next feature attraction at the Penniman-Allyn theatre showing Wednesday and Thursday, Mar. 22 and 23. Pat O'Brien and Joan Blondell, who were teamed so successfully in "Back in Circulation," are co-starred again in the lively drama of two star reporters who fall in love.

"Off the Record" is, however, far removed from the usual run of newspaper pictures because its interest is not limited to the professional exploits of its central characters.

"NANCY DREW, REPORTER"  
Bonita Granville again appears as a brave and clever heroine in "Nancy Drew, Reporter," second in the series of films the Warner Bros. Studio is making from Carolyn Keene's popular Nancy Drew stories, which opens Friday and Saturday, Mar. 24 and 25, at the Penniman-Allyn theatre.

Other principals in the cast who were in the highly popular initial picture, "Nancy Drew, Detective," include Frankie Thomas, still Nan-

cy books for the year 1938 to Wayne County Treasurer, and motion was made by Owen, seconded by Perkins, that he be authorized to do so. Carried.

"Motion" was made by Owen, seconded by Schoultz, that Fred Hicks be deputized to write driver's licenses. Carried.

No further business appearing, motion was made by Owen, seconded by Perkins, that meeting adjourn. Carried.

Signed: MARY ALEXANDER, Clerk.

To the Editor:

The National Labor Relations Act and the National Labor Relations Board have been under constant fire for more than two years. This opposition has come not only from employers but from employees and the President has stated that the act ought to be amended. Two proposals for amending the act have been introduced in the Senate:

"When the Independent Offices Appropriation bill came up in the House there was some debate with reference to the funds to be made available for the administration of the act and the functions of the National Labor Relations Board."

"The matter was considered of such national importance that the United States News devoted its weekly column entitled 'The Voice of Congress' to a report of the proceedings."

"The United States News quoted my discussion of the subject with Rep. Woodrum of the Appropriations Committee and Rep. Rayburn, House Majority Leader, and that report follows:

"Mr. Woodrum: Controversies relating to the Board are not controverted. The Committee on Appropriations believes it can help the House to settle. Such controversies should be considered by a legislative committee or by appropriate legislation to amend the law."

"Mr. Dondero: Did the committee consider the suggestion of the President that the Wagner Act ought to be revised or amended, which might change the functions of the Board?"

"Mr. Woodrum: That suggestion would not address itself to the committee. The National Labor Relations Act came from the House Committee on Labor and the Appropriations Committee would not undertake to revise that law."

"Mr. Dondero: If a revision is made, the power of the Board may be curtailed, and rather than encourage the Board in its present procedure the appropriation might be curtailed and the expense reduced."

"Mr. Woodrum: The Congress can do that if it wishes to do so on this bill. It can do whatever it wishes to do about the appropriation in this bill."

"Mr. Rayburn: The Appropriations Committee might well take the position that under any revision of this act, the law might cost more, instead of less, to administer."

"Mr. Dondero: But it might cost less also."

The Independent Offices Appropriation bill carried an appropriation has brought the law into great disrepute."

Rep. Anderson of Missouri, Hoffmann of Michigan, and Gov. of Georgia, also participated in the debate. Rep. Anderson, a Democrat, said: "Does the gentleman know the Labor Board is the father of the CIO in this country and is more responsible for labor trouble than any other factor in this country today?" In his remarks, Rep. Cov. also a Democrat, said: "The injudicious manner in which the Board has carried on its operations has brought the law into great disrepute."

Thursday, Mar. 23 the Michigan Quality Potato Association and the Southeastern Michigan Potato Show Association are sponsoring a market tour, exhibit, and luncheon at the Detroit Produce Terminal, Fort and Green streets, Detroit. The tour will start at 10:30 a. m. and all potato growers are invited.

Manufacturers, dealers, and farmers interested in irrigation are invited to the Annual Irrigation Conference at East Lansing, Mar. 17.

Last year over 10,000 trees were purchased for windbreak and farm forest planting in Wayne county.

W. Ira Bull, Extension Forester, advised that the supply of many varieties of seedling trees is exhausted. He suggests that white pine be used for sand loam or clay soils and Jack or Scotch Pine for light sand loams.

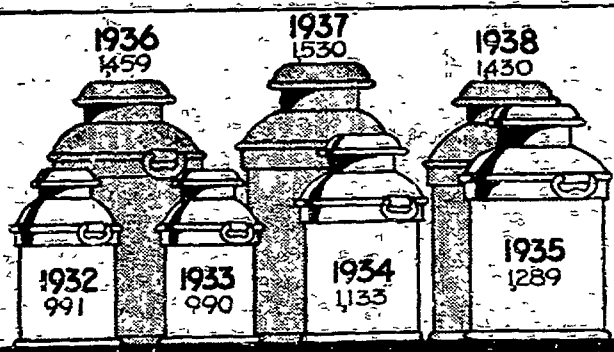

The cost of growing a crop of oats including all field operations, interest on land and taxes, is approximately \$7 per acre, according to Special Bulletin 241.

It will, therefore, be wise to secure the highest yield possible by proper seed treatment, fertilization, and cultural practices. Some things to do are: Use certified seed, treat seed with formaldehyde, or improved Ceresan, use fertilizer; on low humus sandy soils 150-250 lbs. of a 2-16-8 or on a high humus sandy loam 150-250 lbs. of a 2-12-6. On heavier soils use 150-250 lbs. of a 4-16-4 on soils not manured or that have not had alfalfa or clover recently. Extension Bulletin 159 Fertilizer Recommendations for 1939-40 may be obtained from the county agent's office.

Irrigation Uses Scanned Farmers in Wayne county interested in adapting irrigation methods to their crop areas are invited for the first time to attend the annual one-day Irrigation Conference sponsored by the agricultural extension service of the Michigan State college.

Date for the event is Friday, Mar. 17, room 401, Agricultural Hall. "Michigan might as well expect

## Milk Leads Farm Cash Income

The rising tide of farm cash from milk has added nearly \$440,000,000 to the dairy farmers' income since the low of 1933. Figures on the milk cans show total farm cash income for each year in millions of dollars.

Milk led all products, as the largest single source of farm cash income in 1938 with a total of \$1,430,000,000. This was only 6.5 per cent less than the 1937 figure of \$1,530,000,000 according to the Milk Industry Foundation and was \$440,000,000 greater than the low of 1933.

All farm cash income dropped 12.9 per cent, government reports show, from \$3,208,000,000 in 1937 to \$2,775,000,000 in 1938, excluding government payments, the statistic said.

These figures show the importance of milk as a mainstay of farm purchasing power. They are particularly impressive because milk production was estimated to be from 4 to 5 per cent greater during the year and sales of fluid milk were down approximately 4 1/2 per cent from 1937.

"Milk delivered to homes and stores in bottles, which brings farmers the highest price, probably would have suffered greater consumption declines but for determined efforts by milk distributors to push sales.

"Cash income from milk is also important as it is chiefly cash paid monthly to farmers," the Foundation points out, "and this is cash that is used in the current purchases of merchandise and supplies."

"The milk industry is a huge buyer and milk distributors and producers in many markets account for one of the largest single outlays for cars and trucks, feed, oil, gas, tires, groceries and other supplies."

that midsummer usually will be too dry for maximum crop production," says George Amundson, agricultural engineer on the college staff.

For five years a program has been held annually for manufacturers and equipment dealers interested in irrigation of farm fields. This year farmers are invited and four are to appear on the program.

For work in orchards visitors will hear the experiences of Frank McDermid, Battle Creek, F. J. Thar, Coloma; will relate how he uses equipment and what results he obtains in irrigating large acreages of strawberries.

Potatoes and other field crops also are being irrigated on small and large scale in Michigan. Ashley Bertrage, superintendent of the college Lake City experiment station, has been invited to describe methods and results of work in potato fields. Another potato grower invited is Herbert Moore, Greenville.

Cash crops and farm gardens, says Amundson, are important phases that will receive attention during the conference, enough in variety to make it interesting for any farmer who has seen flourishing crops fail to produce because of midsummer heat and drought.

Mrs. W. F. Flicker of Battle Creek, returned to her home Monday after a five-day visit with her son-in-law and daughter, Mr. and Mrs. Robert K. Leary, 830 North Center street.

Mrs. Mary Louise Boyden who attends Michigan State Normal college, was here over the week end to visit with her parents, Mr. and Mrs. H. A. Boyden. She attended Adeline lecture Friday evening in the high school auditorium.

William E. Sushall, South Lyon agent of the Detroit Edison company, has been transferred to the company's office in Howell. Pending further announcement Ed Pakhaus, Mrs. Esther Hawley and Miss Maud Gready are in charge.

Mr. and Mrs. Carl Ely returned last week from a three-week motor trip to Miami, Fla. Mrs. Ely reports that the temperature was 80 degrees and over each day they were there. "I like it just a little cooler," Mr. Ely's mother, Mrs. Charles Ely of Farmington, 83 years old, was with us. The trip made her very weary," she comments.

The Fellowship club of the Methodist Sunday School held a hard times party Friday evening at the church. Chubb Smith prepared the Mulligan stew and served while the dining room was lighted by candles. Following the supper served to about 50, Mrs. W. F. Clark presided during a short business session. Ivan Gray showed several reels of motion pictures depicting the recent trip of the Grays and Mr. and Mrs. Chubb Smith to California. Everyone enjoyed the evening.

THOMAS C. MURPHY, (A true copy) Judge of Probate Earl D. Bune, Deputy Probate Register. Mar. 3-10-17

MORTGAGE SALE Default having been made in the terms and conditions of a certain mortgage made by Henry A. Cook and his wife, Cecelia, of the City of Detroit, County of Wayne, State of Michigan, to Stand and Save, a Michigan Corporation, dated the 21st day of July, A. D. 1937, and recorded in the Office of the Register of Deeds, for the County of Wayne and State of Michigan, on the 22nd day of July, A. D. 1937, in Liber 2992 of Mortgages, on page 47, on which mortgage there is claimed to be due, at the date of this notice for principal and interest, mortgage insurance premium and taxes, the sum of Seven Thousand nine hundred eighty-four and 14/100 (\$7,984 14/100).

No suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage, or any part thereof, it is now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the Statute of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, the 17th day of April, A. D. 1939, at 12 o'clock noon, eastern standard time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the southerly or Congress Street entrance to the County Building in the City of Detroit, Wayne County, Michigan (that being the building where the Circuit Court for the County of Wayne is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount of the debt secured by said mortgage, with the interest thereon at 6 per cent (6%) and all legal costs, charges and expenses, including the attorney's fees allowed by law, and also any sum or sums which may be due on the mortgage, or so much thereof as may be necessary to pay the amount of the debt secured by said mortgage, with the interest thereon at 6 per cent (6%) and all legal costs, charges and expenses, including the attorney's fees allowed by law, and also any sum or sums which may be due on the mortgage, or so much thereof as may be necessary to pay the amount of the debt secured by said mortgage, with the interest thereon at 6 per cent (6%) and all legal costs, charges and expenses, including the attorney's fees allowed by law, and also any sum or sums which may be due on the mortgage, or so much thereof as may be necessary to pay the amount of the debt secured by said mortgage, with the interest thereon at 6 per cent (6%) and all legal costs, charges and expenses, including the attorney's fees allowed by law, and also any sum or sums which may be due on the mortgage, or so much thereof as may be necessary to pay the ## MUSIC DEPARTMENT TO GIVE "MIKADO"

Operetta To Be Presented in  
N. H. S. Auditorium  
May 11 and 12

The Mikado, a Gilbert and Sullivan operetta which has been chosen by Leslie G. Lee and his high school choir, will be given May 11 and 12 in the high school auditorium. The cast as yet has not been announced.

The plot concerns Nanki-Poo, son of the Mikado of Japan, who flees from his father's court to avoid marrying Katisha, an ugly, old woman.

Wandering through Japan as a minstrel, he falls in love with Yum-Yum, a school girl who is to marry Ko-Ko, her guardian, and the Lord High Executioner of Titipu.

Due to the lack of executions for some time, the Mikado announces that unless an execution is performed, Ko-Ko will lose his position. Nanki-Poo, desperate because he cannot marry Yum-Yum, agrees to be the victim if he can marry Yum-Yum for a month. Ko-Ko consents and all are happy when suddenly Katisha appears looking for Nanki-Poo. To hide from her Nanki-Poo persuades Ko-Ko to make a false announcement of his death.

The Mikado appears and is told by Katisha that his son has been killed and anyone causing the death of the heir apparent must be punished by death. Ko-Ko solves this problem by marrying Katisha who makes the Mikado free him.

Nanki-Poo and Yum-Yum appear and the operetta ends happily.

Wanda B. says that in order to make Chan Parker happy you give him food of any kind in large quantities. She helps Chan fry the goose at their house every once in a while.

Says Faith Leiber, remarking about some seniors who hang around the book store every morning: "They're some talkers! Why I can't even get a word in sideways."

## Editor's Note...

Into my heart's treasure  
I slipped a coin,  
Which time cannot take  
Nor a thief purloin.  
Oh! better than the minting  
Of a gold crowned King  
Is the safe kept memory  
Of a lovely thing.  
—Sara Teasdale.

Sunday night into our hearts was slipped the vision of loveliness which is very rarely seen. Because it rained and froze during the day and because lights shone through the ice in the evening, this city, as well as others, was transformed into something which seemed to shut out all the trivial things which usually

occupy the human mind. It seems like a good idea to have a great storm like this one come along. It makes one lose his false impression of importance and realize how very small and weak one single person really is. Nothing that man has ever created has come near to approximating the perfect beauty of a thing created by Nature. The sun shining through the icy branches isn't comparable with anything which has been artificially made. We'll all remember this storm for a long time, but now we're looking forward to spring, the J-Hop on Apr. 14, the operetta May 11 and 12, and tennis and some warm days as well.

## Juniors Name April 14 As Date for This Year's J-Hop

The class of '40 of Northville high school has chosen Apr. 14 as the date of the annual Junior Hop. Plans were announced this week by General Chairman Arlene Blake and the rest of her committee. Arlene is also president of this class.

The dance will be held in the high school gym from 9 o'clock until 1 o'clock and the ticket price will be given at a later date. Orchestra arrangements have not as yet been made but will be announced in the near future.

Committees for the dance have been selected as follows: Decoration and clean-up: Pat Klein, chairman, Eugenia Stanford, Wilford Wilson, Junior Holt, Barbara Simmons, Betty Armstrong, Mary Potter, Bob Fairmiller, Marie Angove, Bob Orr and Elmer Balke; invitations: Doris Hubbard, Alene Matthews, Kay Chatham, Nani Whipple, Peggy McCollough and Jean Marburger; chairman; orchestra, Jean Lyke, chairman, Kendall Willis, and Allan Gotro; refreshments, Nina Wenker, chairman, Thelma Kent, Norma Gotro, Rhea Walling, Dorothy Bingham, Marian Healey and Mary Frances Batt; check-room, Charnelle Hardesty, chairman, and Fred Sterfer; chaplains, Max Rowe, chairman, Elsie Wilder, and Harry Porter.

## DEBATERS RECEIVE KEYS FOR SERVICE

The debate keys were awarded to John Costello, Laura Bolton, Betty Jane Gillespie and Julien Thiemel for participating in one of more league debates.

The pins are sterling silver, and they are given by the Michigan High School Forensic Association. The four students of N. H. S. to receive the pins are very pleased with them, and they state that they are well worth looking for. This is a tip to all you freshmen, sophomores and juniors. E. C. McIlmenna, debate coach, wishes to see a good lively crowd out for debate next year.

## MODEL BOATS PROVE INTERESTING HOBBY

Model boat building holds first place as a hobby in the work shop of the Northville high school. This hobby started at the first of the year in the lower grades and has now been taken up by the high school boys.

Model building is very popular with the juniors and Mr. Wheeler believes the boys will develop their hobby into a healthful recreation and some boys may find in it a place and chance to make a living.

The boats are about 30 inches long with a beam of eight inches. Steam and gasoline engines will be used with a possibility of using electric motors from old horns.

The propeller and shaft will be finished by the boys and this will require considerable metal work. Very fine cabinet and finishing work is also necessary in this type of work.

Mr. Wheeler believes that since goodness is inherent in boys, this hobby will develop these qualities and will lead the boys to utilize their spare time to an advantage.

## Inquiring Reporter

What do you think about the petty stealing situation in high school? What part can students play in helping to do away with stealing?

Pat Klein, When high school students haven't even got enough respect for other students not to steal their belongings, I think that they must not have heard of the Golden Rule. If other students wouldn't associate with the ones that are causing this trouble and leave them out of their activities they would soon realize they are hurting themselves more than others.

Don: Keep their things in their desks and away from places they don't belong and there won't be so many light-fingered people tempted. They should report all persons seen taking things not belonging to them and this would probably put a stop to most of it.

Kay B.: Students should consider the reputation of the school and perhaps then they'd overcome their inclinations to help themselves to other people's belongings.

Keith A.: If the students would make half an effort to put their books and things in proper places there wouldn't be so much theft. Also, if the students would think twice before stealing anything I think that would make a big difference.

## N. H. S. GIRLS PLAY HOST TO REDFORD U.

Playing hostess to the Redford Union team, the N. H. S. girls' basketball players provided entertainment and refreshments at the annual play day, held in the Northville high school gymnasium, Thursday afternoon.

Basketball games were the main attraction of the afternoon, followed by refreshments served at 6:30 p. m. Miss Doris Reber's home-making class prepared the menu. The party broke up after a dance which lasted until 9 o'clock.

## CLASS OF '40 TO GIVE DANCE MAR. 17

Hi-Steppers To Play from 8  
Till 12 in the N. H. S.  
Gymnasium

A St. Patrick's dance is to be sponsored by the junior class of Northville high school Friday evening, Mar. 17 from 8 until 12 p. m. in the high school gymnasium.

The Hi-Steppers' orchestra from Plymouth is booked to play for the occasion.

Marie Angove, Bob Orr, Wilford Wilson, Elmer Balke, Charnelle Hardesty and Jean Lyke have charge of the decorations which will be carried out in a green and white color scheme suggestive of St. Patrick's Day. Last year this same group sponsored a similar dance in honor of the Irish Saint which proved to be one of the most successful of the year.

The chaperons for the affair are to be: Mr. and Mrs. William Hensch, Mrs. L. B. Cooke, Dr. and Mrs. E. B. Cavell and Mr. and Mrs. Harry B. Smith.

Tickets for the occasion may be obtained from any member of the class for 60 cents a couple, 35 cents stag and 15 cents for spectators.

## STILL LIVES TO BE JUDGED BY FACULTY

For the past three weeks the students in Miss Doris Reber's fourth hour art class have been working on still life pictures done in colored chalk. The pictures were judged by some of the teachers and the best ones selected were sent to the Fifteenth Annual Scholastic Art Contest in Pittsburgh, Pa. This is a national contest sponsored by the American Crayon company.

Different kinds of fruits and vegetables were arranged for the students to draw during the first two weeks. The last week turned their attention to flowers. They drew a large bouquet for their first flower picture. For their second picture they applied modern art by enlarging a single flower and placing with it a suitable background.

The completed pictures were held up before the students and several of the best from each group were selected to be judged by Miss Ione Palmer, Miss Estelle Griffiths, Mrs. Frank Hawkins and Leslie G. Lee. The pictures judged to be sent were those of Kay Bieri, Jane Ely, Joan Reer, Betty Barry, Leo Hollis and Valora Wheeler. These pictures are entered under the pictorial type. Prizes of \$50, \$25, \$15, and \$10 prizes of \$250 each are offered.

## STUDENTS TO ENTER BIRD HOUSE CONTEST

Sponsoring its second annual bird house contest the Northville branch of the Farm and Garden club announced that the deadline for entries has been extended to Apr. 14. Boys representing the manual arts courses have already begun work on their houses, but the entrants do not have to be members of this class. Any boy or girl, who is not over 14 years of age, is invited to compete.

Cash prizes are a great incentive for the young craftsmen to try their luck. Being the most difficult to construct, the martin house prizes are higher, with a first prize of \$3. For the best wren and bluebird houses, \$2 prizes will be awarded. All second premiums are \$1 each. Judges for the occasion will be selected at a later date.

## HOMEMAKERS' NOTES

The Homemaking I-class has been studying interior decorating under the supervision of Miss Doris Reber. The students decided that they could make many improvements in her room and have accomplished a fine piece of work.

They washed the walls and estimated the amount of paint and then pasted the notes. The walls were a dull color but are now creamy white. "Ack gives the room a more cheerful and home-like atmosphere. The stoves have also been moved to make it more convenient in walking about. The class, itself, did the painting which required two coats.

To give the room a fresher look the north grade class have washed and ironed the curtains and new bulletin boards have been put up.

Miss Reber has more plans in which she wishes to have the room more home-like. She expects to have plants and the Manual Training department has consented to make the wires. She also plans to have shelves for a library. In this too, the Manual Training department will help.

## Grade Notes

**Sixth Grade**  
Marjorie McKee is the new reporter for getting the grade notes for the next three weeks.

Robert Ward won The Detroit News Spelling Bee. Perry Graham was the runner-up.

**Fifth and Sixth Grade**  
The Citizenship club of Mrs. W. H. Johnston's and Principal Frank Hewitt's fifth and sixth grades had a meeting. Mr. Hewitt is in the hospital.

**Second Grade**  
Mrs. O. F. Rang's second grade children have made a cotton field on their library table. The children have finished their cotton picture books and are now working on cotton dresses for paper dolls. They had heard the story about Uncle Tom's Cabin. Several colored dolls have been brought to school by the children who have learned a number of Negro songs.

Miss Beulah Miller's second grade room gave a program in assembly last Friday. All those who took part had a luncheon party Tuesday. They are making a study of community life. A five story apartment is being constructed and furnished.

**Kindergarten**  
While Mrs. Sterling Eaton was ill, Mrs. W. E. McCarthy substituted.

**First Grade**  
Mrs. William Chizmar's first grade has been writing stories. The people are Richard Gansell, Gerald Healey, Clair Brown and Gerald Gellner.

The polite people this week are John, Huston, Douglas, Ronald, David, Gerald G.

**Third and Fourth Grades**  
Mrs. Albert Stages' third and fourth grades are studying about desert people in the geography class.

A discussion arose in Mrs. Robert Radcliffe's room last week about sportsmanship and after hearing the pros and cons, the class decided to write poems on the subject.

Frederick Sterner lost his sock in the locker room last week while taking a shower. How about keeping them on with your showers from now on, Fred?

Our thought is the key which unlocks the doors of the world. There is something in us which corresponds to that which is around us.

beneath us, and above us.—Samuel McChord Crothers.  
Miss Evelyn Orennan left this week for Miami Beach, Fla.

ONE CENT makes a big splash when used to buy electricity! The price of electricity averages down rapidly as use goes up. For example: If you are now using 10 units per month at the regular residence rate, you can buy the second 10 for less than half the price paid for the first 10:

10 units per month cost	81c
But the next 10 cost only	36c
If you are now using 50 units per month—	
50 units per month cost	\$2.25
But the next 50 cost only	1.12 1/2
If you are now using 100 units per month—	
100 units per month cost	\$3.38
But the next 100 cost only	2.25

And so it goes. It's worth knowing that you can make free and unstinted use of lighting and appliances and not add much to your bill. Prove this yourself by using all the electricity you need.
