

SPRING HORSE SHOW HEADS START PLANS

Seven Cities Share Berths on
Committee with Village
Horse Enthusiasts

HOLD 26 CLASSES

With the Northville Riding and Hunt Club's second annual spring show, scheduled for May 27 and 28 at the Hunt club's spacious ring on the east Seven Mile road, Northville definitely takes a position of distinction in horse circles, becoming the only community in the State to host two such annual events.

Widrick is President. This year the show will be sponsored by new officers and committee members headed by Elmer L. Widrick, president; Dr. Edmund Dowling, secretary-manager; Harry B. Clark, chairman. The supporting committee is made up of Mr. and Mrs. John J. Hettche, Mr. and Mrs. Victor Slater of Plymouth, Mr. and Mrs. Russell Walker, Mr. and Mrs. Carl Snyder of Detroit, Mr. and Mrs. Harry Marburger, Mr. and Mrs. Ren T. Steers, Mr. and Mrs. Thomas Blackett, Mr. and Mrs. John C. Fritz of Ann Arbor, Mrs. Elmer Widrick, Mrs. Harry B. Clark, Mrs. Fred Butler of Detroit, Miss Evelyn Grehan, George Harrison of Pleasant Ridge, William T. Fry of Lansing, C. Arthur Seales and "Doc" Holland of Detroit, and Joseph K. McNally of Pontiac.

Primarily a Northville community committee, it is bolstered by outstanding persons of horse circles from seven cities of the State.

Show Grows
The show's growth over its initial performance last year is marked by the fact that there will be two afternoon events with 26 classes in addition to a show Sunday morning which will be explicitly for amateurs and juniors. There will be six classes in this division.

A report from the committee confirms the rumor that already two outstanding judges of national importance have been contacted and every assurance is given that these men will be on hand in May to judge the classes.

The first committee meeting was held Saturday evening at the club house, where plans for the show were discussed at length. There have already gone out to some several hundred horse fanciers and the prize list will follow within a few days.

COUNCILMEN GIVE VERBAL PROMISE TO JOHN NORTON

Although the passing of an ordinance by the village councilmen Monday evening prohibits dancing, floor shows or exhibitions of any kind in places where beer, wine or liquor is sold, will keep John Norton from getting the dancing permit he desires, he left the council hall Monday evening with every assurance that the council would grant him permission for the license to sell beer.

Mr. Norton, who has been trying to get the council to approve his license application for the past year.

DENY PLEA

Village Attorney F. J. Cochran's motion to have the law suit instigated by Mrs. Sarah Brown, in which she is suing the village for \$106.33 paying tax refund, has been denied. Mr. Cochran has until Mar. 28 to decide whether the village will contest the suit or whether to let it go by default.

stated Monday evening after the meeting that he was going to do everything he could to "give the patrons dinners they'd really like." Norton urged the councilmen to give voice to his request for a license Monday without further delay so that he could begin renovating his tavern which has been abandoned for months.

Commissioners Carl Schultze, Orin G. O'Brien and Floyd Schafer took the same stand on the Norton matter that they did months ago. Owen and Schultze favoring Mr. Schafer making no comment. Commissioner Fred Hicks and J. W. Perkins told Norton that he could go ahead with the redecorating and "plan on getting his license." No vote was taken, pending Norton's presentation of an application for a license.

BASEBALL SEASON GETS UNDER WAY

To Name New Manager
Tonight at Public Meeting

Northville's 1939 baseball season will get under way at 7:30 p. m. Friday, Mar. 24, at a public meeting in the Village Hall which has been called principally for the purpose of naming a manager for the team to succeed Orsen Atchison and Ivan Gray, who managed the team's 1938 season jointly.

In addition to the men who had berths on the team last year, new playing material is sought for the coming season. Persons wishing to try out for the team are asked to attend the meeting tonight, when plans for the summer will be made. The club boasts the possession of suits bought last season along with a number of bats, through cooperation from the Northville merchants who gave cash donations, some buying suits outright for the players.

It is understood that there is some talk of making one of the club's most loyal supporters the manager for the team. Further, it is pointed out, that the support and enthusiasm of the village sports fans at large will determine whether or not much of a season of baseball faces the Northville players within the next few months.

Training School Is Host to 4-H

Fred C. Fisher, Wayne county school commissioner, talked on "Rural School Cooperation," Friday evening at the Northville Wayne County Training School, where the annual public Achievement Day was held under the sponsorship of the 4-H clubs of this section.

On hand to welcome the 4-H clubbers and their leaders was Dr. Robert Haskell, head of the Training school. Miss Margaret Coe, county agent, shared program participation with Nevils Pearson, who reported on boys' club activities, and Miss Alice Bates, who outlined the achievements of the girls. Leslie G. Lee directed the "Northville High School band in a concert. The program itself was supplemented by exhibits of the projects completed during the winter months by the club members. The exhibits of handicraft, clothing and not lunches. In addition to the Wayne County Training school exhibit, similar displays were held last week at the Dearborn high school and in the Wyandotte high school, making a display for the work of 1300 boys and girls of Wayne county who have worked under the leadership of some 200 adults.

Miss Margaret Eckhardt, county club agent, supervised the Achievement Day activities.

Early in April, summer project work for the 4-H boys and girls will get under way, with stress on gardening, crops, canning, food study, poultry, conservation and livestock. The achievement program for the summer is held at the Northville Wayne County Fair in August.

METHODIST BROTHERHOOD SPONSORS GET-TOGETHER

The Men's club of the Methodist church is sponsoring a get-together at 7:30 p. m. Friday, Mar. 24. Games, movies and refreshments will be at the service of the evening. According to the Rev. Harry J. Lord, an invitation to attend is extended to all men of the community.

HUGE SEWER UNIT NEARS COMPLETION

Construction Is Started in
Northville; Serve
Institutions

READY IN JULY

The Middle Rouge Parkway Intersecting sewer, composed of six units, has reached a state where construction is in progress in the immediate Northville vicinity. A project sponsored by the Wayne County Road Commission, it is designed to clean up the streams flowing through the county's parks and is scheduled for completion by July 1.

Northville is to be served through unit four, which embraces Plymouth House of Correction, Wayne County Training school, Newburgh Township, Nankin Mills, Garden City, Rosedale Gardens and the comfort stations of the park.

Scope of Northville Unit
Bordering on the south boundary line of Northville, the upper end of this unit starts at the House of Correction and Maybury sanatorium to the treatment plant, now under construction, on the bank of the Rouge River at Merriman road. At the present time, this unit is approximately 74 per cent complete. Subdivided into eight separate contracts which represent a total contract price of \$557,854.27, it is a part of the huge sewer enterprise, which involves an expenditure of \$2,000,000 of which \$900,000 is a loan from the government, leaving \$1,100,000 as the county's share of the expense.

Technically Speaking
Technically, the fourth unit is 17 1/2 miles long, consists of 92,224 feet of various size sewer pipe of which 9,137 feet of 30-inch pipe were laid in Newburgh and Phoenix lake bottom, 16,633 feet of brick sewer was constructed in tunnel from the foot of Newburgh lake to a point below the dam at Nankin Mills. This size of the sewer ranges from 48 inches to 12 inches depending upon the amount of flow and the fall.

HARRY SNOW CITES EDISON'S GROWTH

Costly Publicity Aids
Rotary's Scholarship Fund

Speaking before the Northville Rotary club Tuesday, Harry A. Snow, controller of the Detroit Edison company, gave the club an interesting inside picture of the history, development and finances of his company since the early days of Detroit's first electrical plant in 1886. Mr. Snow was presented to the club by Edward German, manager of the Wayne-Northville district.

Mr. Snow sketched the demands for service in this area since the early days, and then analyzed the financial and service demands of the present day. In 1886 the first power plant was erected on the site of the present building in downtown Detroit, developing 5-600 H. P., and power could not be distributed over one-half mile. Many other plants came into the picture to supply the demand, then after the coming of alternating current, gradually the Detroit Illuminating company bought or leased the other plants. Mr. Dow came into the business in those days and today at 76 years of age is executive president of the company. It was interesting to note that it was during the days that Mr. Dow suggested to Henry Ford that he better forget his motor and stay with the company. In 1903 the Detroit Edison company was incorporated in New York because Michigan would not allow capitalization of over one million dollars.

First Health Talk To Be Next Tuesday

The first of six educational health talks under the auspices of the State Department of Health and sponsored locally by the Mothers' club will be given at 3:30 p. m. Tuesday, Mar. 28, in the grade school building.

Open to the public without charge, members of the Mothers' club are stressing the fact that the health and well-being of interest to mothers and daughters of high-school age. Dr. George V. Mills, of the State Health Department, will be the speaker at each of the six sessions. Her opening talk will be on "First Aid."

Villagers Back Annual Easter Seal Sale

This is a familiar scene in many communities where it is necessary to bundle crippled tots in special cars so that they may attend school.

R. H. Amerman Is Chairman of Village's Sale of Seals

The sixth annual Easter Seal Sale campaign to aid the crippled children, now opens in Northville. Monday, Mar. 27. According to R. H. Amerman, chairman of the local committee, Michigan is again joining with 30 states affiliated with the National Society for Crippled Children, Inc., to raise funds to carry on this worthy work.

The following local group is cooperating with the Michigan Society for Crippled Children in selling the seals in this community:
Local Committee
The following people have enlisted in the seal sale and will supervise the work in the various organizations or sections in this vicinity: Barton Conners, Maybury sanatorium; Dr. J. E. Sellady, Eastlawn sanatorium; D. H. Van Hove, Rotary club; G. V. Harrison, Exchange club. The following junior Rotarians will carry on the sale at the school: Jack McCumb, Walter Myers, Don Armstrong, Bill Schoutz, Dick Ambler, Dale Boyd and E. K. Starkweather.

The Society is a key organization established in 1921 which helps in developing a well-rounded program for the crippled child, embracing proper medical treatment, hospitalization, education, proper psychological adjustment to their environment, vocational training and employment. The annual Easter seal drive provides necessary funds to carry on their work.

In Michigan alone there are approximately 20,000 crippled children. In view of the fact that about 2,000 new cases come to light every year, and over 14,000 are now actually receiving service, it is imperative that the public become conscious of the great problem which the movement for the care of the crippled is attempting to solve. You are urged to help this worthy cause.

TENTATIVE CLINIC DATE IS MARCH 31

Supt. R. H. Amerman announced today that he had not yet received a definite date for the speech and hearing clinic to be held here for the first time under the sponsorship of the University of Michigan. However, plans are going forward at the school to have the clinic Friday, Mar. 31, the tentative date.

Some 50 students of the grades and high school, who have faulty speech and hearing habits, will receive the benefit of the clinic. In addition to diagnosing, the clinic will follow through with corrective treatments for pupils who cannot be taken care of by the teaching personnel.

A Lenten Message

REV. THOMAS W. SMITH, D. D.
Pastor of the Presbyterian Church

I do not believe in "keeping Lent" and then claiming ignorance the rest of the year. My Christian life should not be an affair of fust and starts. St. Paul wrote, "Ye observe days and months, and seasons and years. I am afraid of you." The Galatians had a formal Christianity. I too am afraid of those who are "consecrated" to Christ 40 days and then consecrated to the "world" 325 days. I read of a man who "served the Lord on and off for 40 years." Alas—a mostly "off." It is well to dwell on Jesus' sufferings, death and resurrection in "Passion Week." The "church year" for the life of Christ is not to be objected to. But we should preach the divine sacrifice and glory in the resurrection every month of the year. We should strive to live clean and holy lives every day of the year. A Christian life is a close walk with the living Christ, a brave and happy fellowship 365 days. It is wrong to indulge an appetite or go to a questionable amusement during Lent. It is wrong the other 325 days. Jesus said, "Lo, I am with you all the days." Then let us pray and picture as we pray the sublime passion week of our Lord; but let us live with Him the "resurrection-life" every day of the year.

"In perfect love He dies,
For me He dies—for me;
O all-atonement sacrifice,
I cling by faith to thee.
In endless power He lives,
For me He lives today.
O let me take the life He gives
And walk in His own way."

BAPTISTS ASK DR. CHAPMAN TO BE PASTOR

Ann Arborite Substitutes
Until June 15; Will
Move to Northville

DECIDE SUNDAY

The acceptance to the call given Sunday by the members of the Northville Baptist congregation to the Rev. Dr. Howard R. Chapman of Ann Arbor, to the pastorate of the Baptist church here has led to his resignation as Baptist student guild director in Ann Arbor, a position he has held for the past 20 years.

Travis Asks Release
Dr. Chapman will be the Baptist church's substitute pastor until June 15, when he will come to Northville as a resident pastor, succeeding the Rev. Dr. E. M. Travis, who has been pastor of the church for the past year. Dr. Travis, who left last fall, following an operation to spend the winter in Florida, had asked the congregation to find another minister to take over his pastorate duties.

A member of the Michigan Baptist convention Dr. Chapman has represented the Northern Baptist board of education on the State promotion committee for three years. In addition he represented the board of education for 15 years as a teacher and speaker in summer religious schools in many of the middle-western states and on the Pacific coast.

Opened Home To Students
During the years that Dr. Chapman has been in Ann Arbor, he and his wife, Mrs. Chapman, have made their residence, 1514 E. 12th St., a home for the students, both men and women. Before coming to Ann Arbor, Dr. Chapman was past-Sammons, Buzz Snow vs. Mystry, or for 30 years in Saginaw serving Mar. 1.

MAJ. G. P. TOURTELLOT CITES AIR CORPS' AIM

Commander Sheppard, Jr.,
Hammermeister Gets
Recognition Pin

The organization and aims of the country's army air corps was outlined to members of Exchange club this week by Maj. G. P. Tourtelot, regular army air corps instructor attached to the 10th squadron of Michigan National Guards. Definitions of terms applied to army aviation made Major Tourtelot's talk more interesting to an appreciative group. Questions and discussion by members that followed when he talked brought out a genuine interest in the problem of defending the country against attack by enemy forces.

Alvin Sheppard Jr. was introduced to the club by Mayor Arthur S. Nichols as the rescuer of Charles Ely from drowning. In the name of the club, Pres Harry J. Lord presented Alvin with a special letter of appreciation signed by club officials for the membership.

R. J. Hammermeister received a recognition pin awarded by the national president of Exchange. Guests included A. Russell Clarke and Alvin Sheppard Jr.

WOODWORTHS HURT IN CAR ACCIDENT

Mrs. Gerald C. Woodworth is recovering from serious injuries sustained Saturday evening in a car accident which occurred on the Seven Mile road, near Hamtramck, at the time of the accident. Mr. and Mrs. Woodworth were returning to Northville from Grosse Pointe where they had supervised the opening of a D and C store.

Several stitches had to be taken in Mrs. Woodworth's left leg. She has chest injuries and severe cuts about her face. Mr. Woodworth suffered a sprained wrist and a shoulder injury. A car, which made a turn at a stop street, after the light had turned, rammed into the Woodworths just as Mr. Woodworth was getting ready to shift and start up after having stopped for the light signal. Their car was badly damaged.

Flames Gut Three Homes This Week

Fire damaged three houses in the Northville vicinity this week, two in the village, the other a farm home.

Flames which originated at 5 p. m. Sunday, Mar. 19, in the second story of the house at 312 Lake avenue, occupied by Mrs. Eldon L. Oaks and her two small children, gutted the two-story frame building to such an extent that the Oaks had to seek shelter at the home of a neighbor for the night, moving to Plymouth the first of this week. Misfortune follows the Oaks family. It was Jan. 26, that the 26-year-old husband of Mrs. Oaks died after a brief illness. Beverly Oaks, aged three and a half years has been quarantined for whooping cough and was well on her way to recovery when she was routed from her bed.

At 5 a. m. Monday, the fire again broke out in the second story of the house, making it necessary for the Oaks to move to a farm on East Eight Mile road, some four miles from Northville in South Lyon township.

fire of unknown origin leveled the large two-story house, which is owned by a Detroitite, to be held on Tuesday. Flames could be seen from the R. A. Honsinger farm home at 5700 West Eight Mile road.

A third fire of the week occurred at 1:10 p. m. Wednesday when an upholstered chair in the living room of the Fred Hoffman home on River street caught fire, causing about \$100 worth of damage. The rug was ruined, a hole burned in the floor and the plaster was damaged.

Saturday Last Registering Day for Election

Saturday, Mar. 25, 1939, is the last day for registration for the Spring Election, to be held on Monday, Apr. 3. Voters not registered in the several townships and villages should remember the day and date. Refer to the columns of The Record for registration qualifications in Northville, Novi, or Salem townships.

TO SINK WELL TO SUPPLEMENT WATER SUPPLY

Reservoir Not Adequate
for Northville and
Eastlawn

ABANDON SPRING

Through action taken Monday evening by the councilmen, Northville took steps this week to join hands with Dr. A. B. Wickham of Eastlawn sanatorium, and the State Department of Health to assure an adequate (and at the same time pure) water supply for the village by sinking a new well.

Abandon Springs
Because of constantly increasing demands upon the present water supply, Northville has had to depend on a reserve supply in emergencies from the Fairbrook Springs, which at times is polluted, and which is to be permanently abandoned.

The covered reservoir will no longer adequately serve the village and Eastlawn sanatorium. In fact, when there is extra demand placed on the reservoir because of fire in the village, Eastlawn has to go without water, a situation which has existed, according to Dr. Wickham, for the past 15 years, and which has necessitated endless hours of pumping to relieve the condition there. The plan to sink a new well in the best advantage may mean the construction of a direct pipeline from the reservoir to the sanatorium, connecting with other lines in such a way as to give village residents in the north section of town better pressure.

Contact Engineers
Engineers are to be contacted immediately for the purpose of sinking a test well in Northville. With the sinking of the test well the councilmen are acting upon the recommendation of a number of the State Health Department who state that Northville is naturally located to develop an adequate supply right from the ground. He stated the fact that the Ford Motor company had sunk two wells in the Northville area, one of which were more than 40 feet below the surface and which were free of excessive iron. This whole area is known to be exceptionally good for water. You could not be more favorably situated for water and it will be of good quality," the State Health representative affirmed.

MAYBURY BUILDINGS WILL BE RENOVATED IN WPA ENTERPRISE

Approval of an allotment of \$41,345 which is to be spent on improving the buildings at the William H. Maybury sanatorium was announced today by Rep. George A. Dondero.

The project, sponsored by the Detroit Department of Health, calls for the sanding of floors, varnishing, painting, caulking windows and doors, re-roofing, installing washings and cornices, incidental and appurtenant work. According to F. C. Harrington, administrator, this project is now eligible for operation at the discretion of the State Works Progress administrator and his decision will be governed largely by the availability of funds, the presence of certified relief labor of the types and skills required.

Tired He Sleeps
Michigan was stunned by the sudden and unexpected passing of Governor Frank D. Fitzgerald. Friday morning citizens in every walk of life spoke softly as expressions of sorrow came voluntarily. At every hand appreciation and high evaluation of the Governor's contribution to good government were freely uttered.
Probably no man in forty years has left such an imprint upon the government and citizenry of Michigan, as has Governor Fitzgerald. Always a friend, through 30 years of public service, he remembered high and low alike. He had more personal friendships and contacts in this state than any other man. Once his friend, always his friend.
Frank D. Fitzgerald gave his life for his state. Those who knew him best feel that his strenuous fight for good government in Michigan during the past months had much to do with his untimely death. Undoubtedly, he was a martyr to the cause of good government in Michigan. Posthumously the affairs of the Commonwealth will cite his work and devotion as "being far and beyond the ordinary demands of duty."
"Tired, he sleeps." His life work o'er, but in death his words turn oracles and his thoughts yoked like horses will draw like griffins. The works of Governor Frank D. Fitzgerald are forever inscribed up on the pages of Michigan history.

When a good man dies,
For years beyond our ken
The light he leaves behind him
Shines upon the path of men.
These words gripped our thoughts as we listened to the words of Villagers commenting upon the life of A. E. Fuller. Northville can ill afford to lose so good a man and true. In the tragic death of Mr. Fuller Northville lost a friend who through the years has humbly and faithfully offered his share to the upbuilding of the community.

Novelty in Inconvenience
During the sleek form of recent days many of our people enjoyed the comforts of "ye good olde times" in the midst of modern conveniences. When the electricity was following the storm many realized how essential that utility is. We never miss the water until the well runs dry. Most of us try to be bigger than the weather and rely on ourselves. It is a rare good that that permits us to have the convenience into real novelty and enjoyment. Of our versatile good nature is, the Ralph Hay family, when the storm cut off the electricity and the household gas, heat, light, and cooking facilities, they kept warm before the open fireplace and like the pioneers later went to bed to keep warm. Cooking was done over the open fire and they read by the flickering light of the fire or the more feeble flame of candles. Isn't it fun to make inconvenience a novelty and find pleasure in the variety of life's experiences.

Over Salem way the good old custom of rural neighborliness flourishes unabated. It reminded us of the husking and the barn raisings, when we heard how those good neighbors turned in and helped do things at the Elmer J. Perkins home. With Mr. Perkins down with a broken leg and Mrs. Perkins ill, it is certainly something to talk about when the neighbors, some thirty strong, turn in and do things up brown like they did for the Perkins household. For folks, it is just an old American custom of rural folk and it makes for real community life.
"Taint what we have, but what we give."
"Taint where we are, but how we live."
"Taint what we do, but how we do it."
That makes this life, worth going through it.

Conservation Week and its objectives suggest to both sportsmen and dubs that we may aid by learning of conservation and why conservation laws are necessary. We can help conserve wildlife, birds, and fishes, and the tree and wild flowers of our state. In short let us remember that wildlife belongs to everyone, and follow the Golden Rule.

Speaking before the American Association of School Administrators at Cleveland recently Dr. E. E. Day, president of Cornell University, stated, "No society can long prosper which leaves its youth in idleness." As conditions make the average high school graduate two and one-half years to gain employment. Those two and one-half years according to Warden Johnson of Alcatraz, are the years when the criminals of America are made. Write your editorial.

Michigan sugar — every one hundred pounds of Michigan made provides a days work for a Michigan man.
During the boxing matches, we thought of the words of Theodore Roosevelt, exponent of the strenuous life and the game boys. I want to see you brave and tender. But also I want you to be gentle and tender as well as generous in your ideals; keep your feet on the ground. Courage, and intelligent effort are essential to a successful life.

A new drinking and receptacle fitting attachment has been placed on the Northville spring, through the courtesy of William Ely and Luther Lapham. Mr. Ely bought the attachment and Mr. Lapham installed it. The attachment makes it easier to drink from the bubbling spring with the attachment in one position and when reversed, facilitates the filling of receptacles.
Justice of Peace Dean Griswold stopped in the office Friday to tell us that Mar 17 marked the eighty-seventh St. Patrick Day he had known. A subscriber of The Record since Samuel Little's day, Mr. Griswold says that the paper in the early days had a two-page patent inside and was printed in Detroit. Mr. Griswold has been a justice here for 32 years.

Junior King's Daughter Pass First Anniversary; Name Betty Lou Hollis Leader

It was just a year ago that a small group of young villagers — girls between the ages of 10 and 16 — met to band themselves together in an organization known as the Junior King's Daughters.

They drew for their adult leaders, members of the King's Daughters of the village — Mrs. E. B. Cavell, Miss Ruth Gills and Mrs. H. R. Richardson. They've found guidance during the year from Mrs. Leroy Stewart, too.

Doris Hubbard was the first leader of the club; Dorothy Jane Congo was the vice-leader; Jane Ely was the secretary; and Betty Barry was the treasurer.

Now that a year has gone by, a new set of officers is taking the responsibilities. Betty Lou Hollis is the leader; Ida Marie Walker is the vice-leader; Joan Hein is the secretary; and Jane Ely gave up her secretary's book to take over the bank roll. She's treasurer.

During the formative year, the girls have sewed on a layette; they've bought clothes for a school girl with money made at candy and bake sales. Their latest project is the hemming of towels which they will sell. They have as one of their objectives for the new year the adoption of some child at the Maybury sanatorium.

Grown to embrace 24 members, the group includes: Doris Hubbard, Helen Dixon, Virginia Kern, Joan Hein, Joan Litsenberger, Irene Teuch, Ann Jean Flaherty, Dana Washburne, Betty Barry, Ida Marie Walker, Betty Yerkes, Shirley Lyke, Rhea Walling, Dorothy Jane Congo, Edythe Amerman, Marilyn Cavell, Jane Ely, Ruth Parmenter, Yvonne Taylor, Marilyn Gussell, Jo Ann Froman, Harriet Carlson, Peggy Ely, Shirley Ely, Laura Jean Litsenberger and Marjia Hatchett.

Walled Lake News By CHARLES E. HUTTON

WALLED LAKE — PWA authorities have granted a six weeks extension of time for completion of alterations to the present Walled Lake School building, bringing the final date to Aug. 1. This will permit contractors to complete the new gymnasium and auditorium addition by the end of the spring semester, in time for graduation programs in June and at the same time avoid interruption of regular school schedules.

Spring vacations for Walled Lake district schools will be observed the week of Apr. 3, according to Supt. C. A. Hoffman.

At their regular meeting for the current month, the Civic Welfare club voted to adopt as a major project, the promotion of a new community house for the village. A growing need for such a building has been increasingly felt, according to expressions of club members and others, due to the many civic and social activities taking place in the community. The Civic club will hold its annual guest night dinner and program Apr. 10, at which time the east of the play recently sponsored by the club will be entertained. Announcement was also made at the meeting of the third annual Firemen's Ball, to be held Apr. 1, at the Wimmer recreation rooms. The event will honor the late Arthur G. Wimmer, former fire chief, who originated the benefit dances for the department.

High praise was given the cast of the Walled Lake Players, for their excellent performances, Friday and Saturday nights, of the three act comedy, "Crashing Society." Largely attended on both nights, the play met with enthusiastic reception. It was the second offering presented by the dramatic group since organization, a year ago, under the direction of Mrs. Rex Tuttle. Taking part in the play were Mr. and Mrs. Kenneth Wacker, Mr. and Mrs. Kent Tufford, Donald Post, Mr. and Mrs. Chas. Eutton, Mr. and Mrs. Richard McMann, Mrs. Roy Dewey, Mrs. William Fox and Mrs. Warren Wixom. Additional features of the evening were Miss Nettie McDonald, Detroit dancer, singing by Sandra Bettins and piano numbers by Richard Duffey.

Members of Walled Lake's Florida colony to return home during the past week to the near zero temperatures of the village were: Mr. and Mrs. Manley Bachelor and Mr. Harry Kreger, Irving Becker, Jack Peters, Myron Utley, Wilfred and Willard Wilson.

N-Club Sponsors Informal Dance

The first social project of the newly organized Girls' N-Club will be an informal dance tonight in the high school gymnasium, with dancing from 8:30 to 12 p. m.

Under the sponsorship of Miss Gladys Ludwig, Kathryn Marburger is general chairman of the affair. Her assistants will be Helen van Stickle, who'll have charge of decorations; Helen Kimmell and Helen Bramer, who'll work with Kathryn on advertising; Geraldine Johnston, who is responsible for the ticket sale; and Louise Alexander who'll select an orchestra for dancing.

Club membership includes 15 girls, headed by President Jeanine Aichison. Vice-President Mary Frances Batt, Treasurer Geraldine Johnston, Secretary Helen Kimmell. Other members are Louise Alexander, Rose Brunanski, Mary Ellen Burgess, Marilyn Cavell, Jane Ely, Laura Bolton, Virginia Kern, Kathryn Marburger, Ruth Parmenter, Helen Van Sickle and Ida Marie Walker.

GRADE NOTES

Kindergarten
Last week the kindergarten visited the Jones Greenhouse. The group has planted flower seeds in the kindergarten greenhouse.

First Grade
Miss Beulah Miller, first grade, is making an apartment and a town of paper houses.

Third Grade
Miss Margaret Carpenter's third graders have finished their transportation unit. Now they are studying early man. They have made some clay pottery bowls. They are reading a library book about "Early Cave People."

Fifth Grade
Mrs. Robert Radcliffe's fifth grade citizenship club held its meeting this week. For the last time this year committees were appointed. Dana Washburne is pencil sharpener; Victor Martin and Gretchen Sutton have charge of the bulletin boards; June Bailey cleans the blackboard; David Willis waters the plants; and Bob Isaacson, with a committee of four pupils, plans the programs for the meetings.

Sixth Grade
Mrs. Leslie G. Lee is teaching the sixth graders during the absence of Mrs. James A. Huff, who is ill. The pupils are learning how to give and return change in arithmetic. They have a China display.

noticed throughout the community for several days is not due to an earthquake but we understand, is caused by the repeated attacks of the shivers, suffered by these folk, and — oh, yes, by the E. V. Mercers, too, who have also lately returned. Smart fellows, though, are the William Hoyts and the Harry Pattons, who left Wednesday of this week for two weeks in Florida's land of eternal summer. Would that I might tag along.

William H. White, Sr., and Harry White were in Farmington Wednesday to attend the funeral services of John Trumbley.

MOTHERS' CLUB COOK BOOK WILL BE READY FOR PRESSES SOON

Advertising solicitation for the Mothers' club cook book is scheduled to be completed this week and the recipes collected by the club members have been turned over for classification.

The book will be off the presses and ready for distribution early this spring.

As the club's objective was to have at least one recipe from practically

every hostess in the village who was willing to let her name be used, the advertising committee met with few obstacles in selling space to Northville merchants. The committee reports that the cost of compiling the book will be met almost entirely by the advertising rates.

Mrs. Albert Stockman's grandmother was a subscriber to The Record back in the days of Samuel Little, the first editor. The family has taken it continuously through the years.

Mrs. Floyd Biery, Wixom, was a visitor Friday in Northville.

Mrs. Eva Johnson left last week for Whitecloud, where she will make an extended visit.

Mrs. Sherrill W. Ambler arrived last Friday and Saturday in Freydl's department store.

News Around Northville

Owen Cameron, the driver, suffered head injuries and his girl companion sustained hand injuries. They received first aid at Sessions hospital going to Redford Receiving hospital for treatment.

Mr. and Mrs. John K. Nelson called Saturday on the Rev. Fr. Joseph G. Schuler at the rectory of Guardian Angel church, Detroit. Father Schuler was formerly of Northville.

The Rev. E. E. Rosow family was called to Fowler last week to attend the funeral of Mr. Rosow's father, John Rosow, who died Friday, Mar. 10. He would have been 76 years of age in April.

Friday evening dinner guests of Mr. and Mrs. C. H. Bryan, 647 Thayer boulevard, were Mr. and Mrs. J. H. Higginson of Detroit. Over-night guests of the Bryans were Dr. and Mrs. I. B. Slater of Bowling Green. O. Dr. Slater is head of the psychology department at the Ohio State University.

The winter lecture series, sponsored by the Northville Teachers' club, was brought to an end Wednesday evening with the talk on "Traits of Healthy Personality" given by Howard Y. McCusky of the University of Michigan. Ann Arbor. Mr. McCusky's informal way of presenting his subject matter, which in itself was of more than casual interest to the lecture-goers, gave the speaker a high popularity rating.

Two Detroiters were injured early Sunday morning on Randolph street in front of Bill Smith's residence when their car left the road as the driver was attempting to make a turn while going at a high rate of speed. Owen Cameron, the driver, suffered head injuries and his girl companion sustained hand injuries. They received first aid at Sessions hospital going to Redford Receiving hospital for treatment.

OPERETTA LEADS CHOSEN BY VOTE OF CHOIR MEMBERS

Leslie G. Lee To Direct Annual Musicales May 11-12

Characters for the well-known Gilbert and Sullivan operetta, "The Mikado," which will be presented by the choir under the direction of Leslie G. Lee of the music department, the latter part of May, were chosen last week. Each person tried out for the part he desired and the choir voted on the one best suited for the part.

The Mikado of Japan will be played by Robert Rembowski and Charles Altmann. Nanki-Poo, his son, will be portrayed by E. K. Starkweather and Harold Martens. Cecil Giles will be Ko-Ko, Lord High Ex-

Editor's Note...

A great deal of discussion has arisen in the past few weeks about a situation in the high school which has been termed "petty stealing." That sounds pretty bad, doesn't it? No one of us would like to picture himself as a thief. "No," we say, "I didn't steal anything. I just borrowed the book without permission and it got mislaid." The definition of a thief is "one who takes unlawfully what is not his own." The word "steal" is defined as "taking without leave or right." Don't both of the definitions apply to the very thing that is going on in our school? A nickel pencil in itself isn't a great loss but why should you or anyone else supply another person with pencils because he or she forgot to bring or mislaid his own writing equipment. Even friends borrow things from each other and don't return them. "Oh, but that isn't stealing," you say. What is your definition of such an act as this?

Borrowing clothes from lockers is even more serious. Who can afford to replace things that others have borrowed and neglected to return? Surely you and I can't.

It really isn't so much a distinct "situation" as the fact that we have grown very lax in some of our ideals. Students who have graduated in former years have criticized us for this very thing in no uncertain terms. What shall we do to remedy this? It can't be accomplished unless the entire student body joins in a movement to stamp out the laxity and carelessness and really makes an effort to stop this thing before it goes too far. It's up to us! What method shall we take to stop it? Or can we all just make up our minds to, individually, do our part and rid the school of petty stealing once and for all?

SQUEALING IN NORTHVILLE SCHOOL

By Alfred Cousins
In the opinion of many, I have interviewed the most dominant factor was the counterfeiting idea that a squealer is yellow.

On the contrary many believed that a squealer was one of the gang instead of one who knew about the gang's operation. It is those who know and are not a part of the gang who are the yellow ones for not coming forward to the proper authorities. It is easy to sit back and let the other fellow do the investigating instead of being brave and in the face of all opposition come forward with the true facts.

We are taught that it is more proper to tell the truth always, even though it hurts. It is only a brave one who could come forward with the truth. Silence is golden but sometimes just yellow.

The fellow who knows and will not tell is not brave and virtuous as he would have you believe but instead he is afraid of what people might say; of being called a squealer, or of being an outcast and enemy of the school. He is then cowardly and spineless and admits that the culprit is the dominating of the two.

MARILYN CAVELL IS CHOSEN WINNER OF SPEECH CONTEST

Speaking at the high school assembly last Wednesday morning, Marilyn Cavell giving "The Boys and Girls of Michigan" and Julian Thieme taking extemporaneously on "Tuberculosis" were in a contest sponsored by the Forensic Association of the University of Michigan.

Other contestants were Max Rowe, Mary Lou Smith, Irene Porteous, Lucille Graham, Thelma George, Wilford Wilson and Ed Baughman.

The winners will compete in the sub-district contest at Cranbrook school, Bloomfield Hills, Apr. 7. Marilyn's speech will be on the same topic while Julian's will be on a selected subject. At the contest he will be given ten minutes preparation before being called upon to speak.

Students from Cranbrook, Romeo, Northville and Walled Lake will participate in the same contest. Winners in this group will compete again with winners from other districts.

The judges in the recent contest were Miss Ione Palmer, Mrs. Frank W. Hawkins, Leslie G. Lee, G. V. Harrison and E. C. Mollenau. The contestants were judged on genuineness, communicativeness, voice, speaker's conception of the declamation, speaker's knowledge of selection, action and platform conduct.

SENIOR FORECASTS SPRING FASHIONS
By MAXINE PERKINS
You had better start digging out the dust-coated old photograph albums from the attic for all the styles this spring are based on the clothes you used to wear when you were "so high." The dresses are very full in the skirts and dainty, but of delicate lace peek out from under the hem. The necklines are high and very small, trimmed with tiny buttons, small bows, or bits of jewelry resembling flowers, fruits and vegetables. The waistlines are definitely marked as high above your natural waistline or dropped below almost to the hips. If you really want to go to extremes you can add a bustle to your costume as they were shown at the Paris openings.

Your coat will be straight plain or fitted, worn with simple hats covered with flowers and with yards of veil.

Shoes will turn to the open toe and heel for comfort and daintiness. Patent leather, suede and gabardine lead the list of important shoe materials for spring.

As long as dresses will be very short this year you should take care to invest in some different, new exciting shades of hosiery to add the final touch to your costume.

PALLADIUM DRIVE STARTED BY STAFF HEADS MARCH 15, 16

Cecil Nirider and John Angell Take Charge of Circulation

The drive for the sale of the N. H. S. annual, "The Palladium," was started last Monday by the staff headed by Louise Alexander, Jack McCrumb, John Angell and Cecil Nirider and advised by Leslie G. Lee.

"Palladiums" are again selling for 75 cents of which 25 cents will be accepted as a down payment. The other 50 cents will be paid when the book is received in late May or early June.

The books are being sold by members of the circulation staff in the home rooms. Heads of circulation are John Angell and Cecil Nirider. Members of this portion of the staff include Ken Chappell, Phil Baldwin, Louise Babbitt, Laura Bolton, Julian Thieme, Marilyn Cavell, Ruth Frank, Frank Eaton, Alene Matthews, Ida Marie Walker, Bob Orr, Pat Klein, Janet Stewart, Geraldine Johnston, Warren Bogart and Richard Ambler.

Jack McCrumb heads the advertising committee and is being helped by Bill Schoultz and Helen Harper. Advertising counts a great deal in the publishing of a yearbook as the books cost about 90 cents to print and the money secured from the sale of the Palladiums covers only about one-half of the expenses.

Jeanne Atchison and Don Armstrong are in charge of snapshots and Kendall Willis and James Geraghty are acting as photographers for the staff. Students with snaps which can be used in this book should get in touch with one of these persons.

The sale of annuals will close in a few weeks so all students who intend to purchase a Palladium should do so as soon as they find it possible.

GIVE 'CHARM SCHOOL' HERE MAR. 30 AND 31

Rehearsals for the senior play, "The Charm School," a royalty play by Alice Duer Miller and Robert Milton are well under way. The play, a Sumner French production, is to be presented Mar. 30-31, under the direction of Miss Estelle Griffith.

The plot centers around Austin Bevan, a handsome young automobile salesman, who has inherited a girls school and has definite ideas as to how it should be run. Mr. Bevan starts his career as a dignified schoolmaster by changing it into a charm school which delights the girls who attend as much as it disgusts Homer Johns, the man who has the mortgage on the institution. The twins, Jim and Tim Bradbury, live up the play as does Sally, with whom the twins fall in love. Other characters are Elsie, the senior class president who is a match for Austin Bevan, George Boyd, Sally's brother, Miss Hays, director of the school before Mr. Bevan takes charge; David, the impractical lawyer; Miss Curtiss, the school's secretary; Muriel, Ethel, Ahn, Dotie, Madge, and Lillian, who are charming students.

The following committees have been chosen: Advertising, Marion Coleman, Max Hester, Gow, Betty Carlson, Mary Geraghty, Julian Thieme and Helen Bramer; tickets, Laura Marie Lord, Mary Geraghty, properties, Faith Liebetreu, Marjane Lidgard, Julie Modos; lighting, Don Armstrong, James Geraghty, programs, Clara Christensen, Betty Carlson.

ATHLETES HEED CALL FOR SPRING SPORTS

With warm weather coming on interest in baseball and track was shown at the meetings called by Coach Harry B. Smith and William Hensch last week in the chemistry room.

Forty-three fellows have signed up for baseball. Some of the veterans who are back from last year's squad are Bob Orr, Louis Eiton, Don Kummel, Ken Wolfe, Lawrence McArthur, Fred Robinson and Charles Hardesty.

Coach Smith's main worry is to find a catcher to replace Maurice Wolfe who graduated last year. The team as a whole, however, should not be weakened too much by the loss of last year's graduates.

Mr. Hensch, the track coach, re-

ports that several boys are out for track this season. Northville does not compete in any league but this grass and shrubbery just because of season they have several meets including the suburban and state contest at Lansing. Most of Mr. Hensch's candidates are inexperienced but will gain in ability with active competition.

Inquiring Reporter

What do you think of the practice the students have of walking across the lawns during early spring thaws?

Ernestine Lewis: I think they should stay off, because walking on them will mar the beauty of the lawns. It packs the ground too hard for the grass to grow.

off the lawns because it costs so much money to keep replanting it. Wilford Wilson: People shouldn't have to be told. They should have enough respect for public property to stay off.

K. Arvey: If students could only realize what damage it does to walk over the lawn while the ground is soft they would not do it. It gives a bad appearance and also leaves a poor impression on people who visit here.

Don't Fear Glasses

"I know I should wear glasses — but they don't look good on me" is a common complaint that SHOULD NOT be. We have a great array of glasses which fit every need. Often enough glasses improve a person's looks (that's why Harold Lloyd wears glasses which are frames only).

The newer glasses harmonize with the new up-trend in both hats and hair-dos. Take advantage of our supply and give yourself the "lift" that comes with relief from eye strain and the added beauty of fine glasses.

Our many years of serving discriminating men and women will help you select the best.

about 200 million dollars. The company serves 75,000 square miles and a population of about two and one-half million people and service 650,000 customers. Four hundred industrial customers use one-half of the energy consumed; 225 million dollars are now invested in the company in stock, bonds, mortgages and income.

Keeps Money in Motion

The Edison Company pays out annually 55 million; has 8,000 employees averaging \$2,000 a year wage, or \$1.03 an hour. The company maintains 470,000 poles, and strange as it may seem only 16 crashed in the recent storm, when 5,200 line breaks were reported. Mr. Snow spoke most interestingly and brought a wealth of information to his hearers.

Contribute to Student Fund

Al Kuehn moved that the club fine its members for each time their name appeared on the front page of The Northville Record. W. E. Fornie seconded the motion which was carried. The funds are to go to the student loan fund.

J. C. COWAN POINTS TO LOW INDEBTEDNESS

State Permits \$5.00 Per Thousand Favor Pay-As-You-Go

The bonded indebtedness of Wayne County is only 45 cents per \$1,000 assessed valuation while the state permits a limit of \$1 per thousand; it was announced this week by John C. Cowan, chairman of the Board of County Auditors, following a report to the board on the county's financial condition.

That the county's bonded indebtedness is \$2.55 under the limit permitted by the state isn't accidental, but the result of an economy program based upon a "pay-as-you-go" plan inaugurated by Cowan in 1927.

Besides the constant reduction in bonded indebtedness, the county's current debt has been reduced from \$11,000,000 to \$4,000,000, or a per capita current debt of \$2.11, a reduction of \$3.71. Continued economy in county government under the

chairmanship of Auditor Cowan will bring about a steady decrease in both bonded and current debts. The county's economy was put into effect to reduce the county's debt. The plan has not neglected to approve needed building and remodeling programs which are essential to good government. The county's constant increase in population has placed an even greater demand on the enlargement of institutions and schools. Money lent to indigent school districts has made possible the construction of many schools in the county, and added facilities have been provided at the many county institutions, including a \$2,000,000 infirmary for the poor.

The school program saved taxpayers of Wayne County more than \$10,000,000. When the county superintendent of poor requested a \$12,000,000 building program, Cowan provided better facilities at \$10,000,000 less by recommending a building of a different type than suggested in the original request.

Although the county auditor's office is often the forgotten department because of its routine work, yet this office is the most important in the county's system from a standpoint of finance. It is therefore of utmost importance that voters take time on April 3 to cast

their votes to continue this extensive program of economy. Under the able supervision of Chairman Cowan the present economical "pay-as-you-go" plan will continue. Praise for by Northville friends of John C. Cowan.

THE DOCTOR AND THE CAUSE

By M. C. GUNSELL

A physical let-down is a sign of something that may become serious unless properly treated by that good friend of mankind—the family doctor.

Experience in this instance is not the best teacher—merely the most expensive. The better part of wisdom is to take the matter in time, relax in the doctor's office, tell him all about it, accept his skilled advice.

His advice may be merely to cut down on extra activities; or it may include medication. In either case, follow his advice implicitly.

Always remember how important it is to have prescriptions compounded in the precise manner required to secure the most gratifying effects.
