Northville, Michigan, Friday, May 12, 1939

The richest and most beautiful experiences in life come through gratitude — so remember that next Sunday, May 14, is Mother's Day.

Walled Lake folks have every reason to be proud of their high school band. First place or tie for first place in Class B at Ann Arbor is something coveted by a great many schools.

Tender yellow-green leaves, smilingly blue spring skies and the fresh colors of an awakening world — there good friends, is the color mood for our appreciation of the month of May.

Good Neighbor

It pays to read the ads — always — and friends of our Clarence Davis, whose home is on Cambridge drive east of the village, are mighty pleased that a device produced through his creative talents is being featured in advertising for National Hardware week, May 6-13.

Free Movies at Salem Friday evening

A volume of appreciation is evidenced by the crowds.

Novi people are getting into the 4-H work, and we hope that Mr Hart and his assistants receive the hearty cooperation of the good folks of that town.

"In after life you may have friends — fond, dear friends; but never will you have again the inexpressible love and gentleness lavished upon you which none but a mother bestows." — Macaulay.

How much does it cost in money and patience to sweep or pick up the week's accumulation of handbills, dog tags, and papers from the porches, lawns, or streets of Northville? No wonder some places prohibit the distribution of such materials.

The Baldwin Bill restricting roadside advertising deserves careful thought. Safety and scenic beauty urge the passage of the bill.

Yesterday — even in 1900 — one bathtub in every seven homes in America; one in 13 had a telephone; one home in 30 had electric lights, and there were only 8,000 autos in the U. S. A.

Today — 38 years after — 20 million bathtubs; 18 million phones; 22 million homes with electricity and 25 million automobiles

Find a like comparison throughout the whole world, if you can — it's just the way of a free people — the American way.

With the announcement of vitamins in lip stick, no man should grow old.

Slogan Drugged

Things that happen make history, and Hitler's speech failed, but action in Danzig, Poland, Russia will fashion history. In a slogan drugged world Hitler knows that veneers of plausibility justify actions.

Mighty is the force of motherhood! It transforms all things by its vital heat; it turns forethought into foresight, and yet stills all anxiety into calm content; it makes selfishness become self-denial.—Geo. Elliot.

A Canadian official recently returned from Europe ventures the opinion that America is printing and talking war more than Europe itself. Are Europeans more caloused, calmer to the situation or is our government purposely leading the thought of our people to war talk, preparations, etc., to favor rearmament appropriations and take minds off domestic conditions?

There is, in all this cold and hollow world, no fount of deep, strong, deathless love, save that within a mother's heart.

GIRLS PARTICIPATE IN TENNIS MATCHES

Coch Ludwig To Organize Girl's Tennis and Baseball Teams

Girls' tennis and baseball teams are being organized this spring under the supervision of Miss Gladys Ludwig. Jeanne Atchison and Louise Alexander are the only Northville students who have registered as yet in the tennis tournament to be held at Kingswood, May 11 to 13. Jeanne won the medal last year awarded to

Editor's Note

It has been said that the roads would be a much safer place to drive on if a few of the foot-happy high school students would get off them. This isn't very sweet music to any student and especially to those who are being unjustly accused. It may seem smart and provide many thrills to ride around the corner at 60 miles an hour on one wheel, but think of how it might be if something didn't go just right and your survivors had to send out a whole crew of undertakers to gather up the pieces. Or, maybe some innocent pedestrian should step in your path and even

the girl chosen as the outstanding tennis player of the school. Miss Ludwig is also teaching a beginner's class in tennis. Making up this class are girls who haven't learned to play or who wish to learn more about the game. Later in the season a tournament between members of the class will be held.

For those girls out for baseball, a team of the best players will be chosen to compete with teams from other schools on playday.

The class is studying about farms. They visited the farm of Mrs. Waddo Johnson. Their hen has been sitting three weeks.

Leroy Herrick celebrated his birthday with a party on Monday, May 8. They had had one spring picnic at the park.

Mrs. William Chizmar's first grade have 10 polywogs now and expect to have more in the future from the rest of the eggs. They also have two new turtles named Duke and Jiggs.

Miss Margaret Carpenter's third grade held a tea party for their mothers. Marie Spaulding, Marie Hatterford and Charles Toussaint were on the receiving line. Edwin Rossow acted as program announcer. Elaine Vogtin poured tea for the mothers and the children were served with orangeade. Junior Pilgrim, Athal Boggett and Robert German put up the fish kites and lanterns for decoration. Harriet Leder, Barbara Balley and Marcia Spaulding arranged the display of apricots made in Japan.

Albert Stage's third and fourth grades have been taking an imaginary trip through Switzerland. They are planning a tea for their mothers Friday. They will have a program about Switzerland.

Mrs. Robert Radcliffe's fifth grade went on a hike Tuesday and took their lunch with them. It was slightly cold to eat in comfort but they managed. They caught a garter snake and brought him back with them but set him free that night.

Mrs. James Huff's sixth grade was making up riddles that were about the six parts of speech they've learned. It was Robert Norton's turn and he said, "I'm thinking of a part of speech that will describe Skippy's (Richard Ratche's) freckles."

The class was told that unless they had 80 they would have to do the chapter over again. Some of them had below 80 in arithmetic.

"MIKADO" TO BE GIVEN JUNE 1 AND 2

Gilbert and Sullivan Comedy To Be Presented by Music Students

K. Starkweather and Harold Marney; Ko-Ko, Carl Giles; Poo-Bah, Richard Larkins; Piti Sun, Allan Goto; Yum Yum, Helen Winters and Wanitta Miller; Peep Bo, Dorothy Heaton and Helen Harper; Peep Bo, Ruth Reed and Gail Horning; Katisha, Ernestine Lewis and Louise Alexander.

One cannot do justice to him with mere words, but the least one can do is try. He's 5 foot 8 1/2 inches tall; head expansion 7 1/2; chest expansion 38; waist 29 (32 after dinner); and foot size 7 1/2 (according to him).

His ankles, which are covered with his Uncle Paul's socks, are certainly charming. During his short life of 18 years he has acquired store teeth, bunions, stooped shoulders, two sisters, one brother and one necktie.

Aside from the fact that he prefers red heads, jello, and a certain girl who lives at 341 Cady street, he has no pet peeves, no favorite color. This certain person is quite a detective for he finds out in the latest gossip and writes it up for the Orange and Black.

He is one of the few "dashing" members of the senior class, — he dashes into girl's hearts only to be dashed out again. Before disclosing his name I'll give you one more hint. He is president of the 13-Club, and if you haven't guessed by this time it's the one and only Ken Chappell.

Inquiring Reporter

Having seen a city as beautiful as Washington, D. C., what could we do to make Northville come a little nearer this ideal beauty?

Betty Carlson: We could plant more flowers in the main part of town.

Janita Stanford: The appearance could be improved upon, by more careful care of our lawns, especially the school lawn.

Marjean Lidgard: Encourage students to keep off lawns and never make paths across vacant lots.

Rose Bruhansky: Have more shrubbery and keep it in good condition along with gardens with a variety of flowers.

Julian Thlene: Have a night course in horticulture for adults and senior high school students. In

this way we could plan our parks and gardens according to specific plans.

Charles Alfrman: Have the town make all vacant lots into gardens and have the Scouts take care of them.

Charles Bishop: Why not paint the houses white during the week instead of painting the town red on Saturday nights?

Town Crier: Let's send a petition around and have the Washington monument in town.

MICHIGAN FARMERS TO PARTICIPATE IN A.A.A. EVENTS

Almost 75 per cent of all Michigan farmers have indicated that they intend to cooperate with the Triple A Program this year. Maurice A. Doan, chairman of the Michigan Agricultural Conservation Committee, announced this week.

Of the 308,849 farms listed in Michigan, 155,242, or 48 per cent, will be farmed this year in line with the provisions of the Agricultural Conservation Program, Mr. Doan said.

These 155,242 farms include 794 per cent of all cropland in Michigan.

Participation this year shows a marked increase over that in 1938, when 52 per cent of the farmers, farming 55 per cent of the cropland in Michigan, cooperated with the Triple A Program, Mr. Doan added.

Maurice C. Bird, chairman of the Wayne County Agricultural Conservation Committee, reports that 1730, or 64 per cent, of the farmers in Wayne county have signed their individual farm plans, indicating that they intend to participate in the farm program this year.

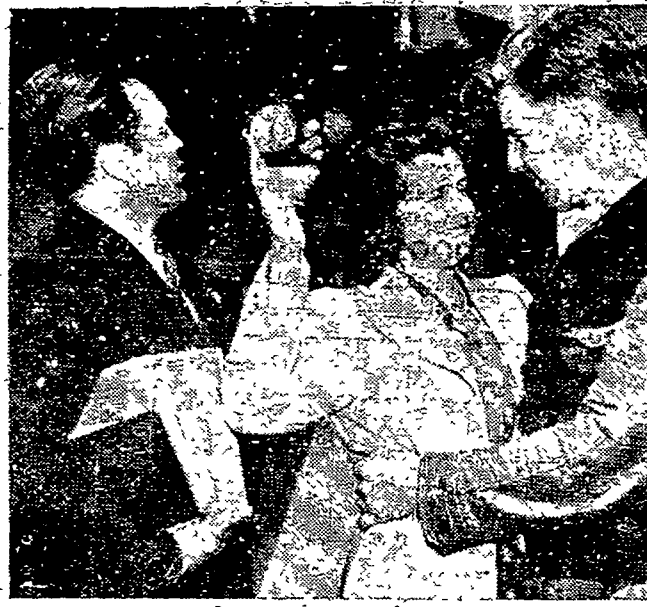

These 1730 farmers farm 68 per cent of the cropland in our county, Mr. Bird said.

Complete participation in the Agricultural Conservation Program will make it possible for a farmer to earn:

1. A payment of 15 cents per bushel on the normal yield of his corn allotment.
2. A payment of 28 cents per bushel on the normal yield of his wheat allotment.
3. A payment of 3 cents per bushel on the normal yield of his potato acreage allotment.

It's Romance on the Run for Collegian

Goldfish bowls were put aside for the nonce when a San Francisco State college student started his "kissathon" caper. Capturing feminine victims on the run, Marshall Blinn, right, made good on his wager to kiss 30 coeds in 20 minutes, and much to the astonishment of Jim Fitzgerald, clocker, did it in five minutes. Betty Welch, victima, seems slow to appreciate the opportunities of this history-making event.

IN THE BAG

Sir John Sunon, England's chancellor of the exchequer, seems to

have Britain's budget in the bag. It was no laughing matter, however, to the House of Commons when he set before that body a staggering budget swollen by the cost of war preparations.
