## 2 DIE; 3 ARE INJURED SUNDAY AS CAR RAMS TREE AT WALLED LAKE

By C. E. HUTTON

Two persons lost their lives and three others were injured when a woman driver lost control of the car in which she was riding, and crashed at a high rate of speed against a tree, located on rut-surfaced Ladd road, a mile and a half north of Walled Lake, at 6:30 p. m., Sunday.

Daile Gillette, 34, 271 Smith avenue, Detroit, a passenger in the rear seat of the car was instantly killed when the steel top, creased by the impact, was crushed against him. Jerry Weber, 22, 4040 West Lafayette, Detroit, died of a fractured skull, while being taken to Pontiac General hospital in a Milford ambulance.

The others, all seriously injured, and taken to the same hospital are: Miss Mary Gruber, 28, 3453 Porter, Detroit, the driver of the car; Ted Euse, 48, 4110 Buchanan, Detroit, and Edward Dvigne, 36, 61 Cluster, Detroit.

According to officers, the car, owned by Euse and driven by Miss Gruber appeared to get out of control while going at a high speed over the pitted sand and dirt township road, while headed for Wolverine Lake, a mile further on. The car careened into a ditch, striking a tree which caused it to roll.

The group was a member of a party of Detroiters, staying in a cottage at Wolverine Lake, where they were returning at the time of the accident. Miss Gruber was taken to a statement at the county prosecutor's office, upon leaving the hospital. Bodies of the two men were taken to Detroit from the Voorhes funeral home, in Pontiac.

Voters of the district favored the establishment of a five-man board, rather than a six-man board, which has been customary in the past. Whether or not Salem is to have three teachers, instead of two, will be determined after the board makes an investigation of the large enrollment which is anticipated when the fall term begins. Miss Caroline Curtis and Mrs. Tennant, both of Ann Arbor, were given contracts to teach.

Some 30 boys and girls are enrolled at the third annual Vacation Bible School sponsored by St. Paul's Lutheran church. Classes began Monday morning and will continue until July 21.

Parents and other visitors are welcome," affirms Mr. Rossow.

## Financial Status of School Is Reported to Patrons

The financial status of the Northville school district was brought to light Monday evening at the school meeting when Supt. R. H. Amerman gave his annual report before the patrons.

He said that the \$14,000 cut during the year from the State aid kept the school from putting lockers in the high school and making needed repairs. The budget of the year was \$86,000, one-third of which came from the local community through taxes.

### The School Grows

In speaking of the growth of the school, he cited the enrollment for 1937, which was 774 and compared it with the May school census which revealed 803 children of school age in the district. "The large enrollment creates a difficult situation, especially in the high school, where classroom space is at a premium. It's going to be quite a task for Prin G. V. Harrison to make out a schedule for fall that will not have two classes meeting in the same room at the same time," he explained.

### Standards Are Checked

"The three-year rating given by the University of Michigan came about after a careful check had been made of the school system," Mr. Amerman said. Teaching standards, permanency of the staff, salary schedule, college recommendations for graduates were all investigated before the rating was given, according to Mr. Amerman. "Our low salary schedule has repeatedly been criticized by the inspectors," he stated.

It is the plan of the board of education to put some stress on the home economics department in the next year or two with the hope of improving the equipment and enlarging the scope of the courses, offered Mr. Amerman affirmed. "The shop for the boys, too, is badly in need of space for the extensive activities which should be included in that department," he encouraged.

## Full Year License Plates Go on Sale

Full year 1939 auto license plates are now on sale at half price at Elmer Smith's Northville branch of the Secretary of State.

First half year plates expire Aug. 31, and it is estimated that approximately 200,000 Detroit and Wayne county motorists must obtain the last half year plates. No extension of time can be granted after Aug. 31, Secretary Harry F. Kelly warns.

In placing the last half plates on sale at this early date, Secretary Kelly had in mind the stimulation of new car sales as well as enabling persons who for various reasons have not been able to buy first half year plates to get their cars into operation.

Dr. E. B. Cavell Jr., village health officer, reported Wednesday noon that two rabid dogs, one from Novi and one from Beek road near Northville, had been found.

Four persons are having to take the Pasteur treatment because they handled the dogs.

"Persons should be warned against ramming their hands down a dog's throat because they think the dog has a bone in its throat. This is one of the first symptoms of rabies — the dog's jaws and throat become paralyzed if a dog is choking on a bone, he'll paw and fight at it until he gets it out," explained Dr. Cavell.

## Oldtimers Take Game from Plymouth Team

Harry German's Oldtimers took the game Sunday at Riverside Park from the Plymouth team, 14-6, with Harry himself pitching, caught by George Oliver.

The younger players on the Plymouth team were kept swinging wildly by the veterans most of the time.

The park in the Ann Arbor Flats will be the scene at 2:30 p. m. Sunday, July 16, of a game between the Oldtimers and the Ann Arbor team.

## Stalker and Clark Get Posts on School Board for Three-Year Terms

253 Qualified Voters Attend Annual Meeting Monday; Fred Lyke Is Lauded Upon Completion of Nine Years of Service.

### GERALD TAFT LOSES BY 41 BALLOTS

The annual school meeting Monday, July 10, in the high school gymnasium drew 253 qualified voters who reelected George Stalker to the board of education and elected Eural F. Clark to fill the vacancy caused by the term expiration of Fred Lyke.

Mr. Stalker, a member of the board for the past five years and president for the past year, was opposed by Gerald F. Taft, who was originally nominated to oppose Mr. Clark. Mr. Taft withdrew from the race, saying that he did not want to run against Mr. Clark.

Mr. Stalker, polled 145 votes, against Mr. Taft's 105. It was upon Eber Ward Lester's motion that a unanimous vote was given Mr. Clark.

Sweet Nominates Clark  
In nominating Mr. Clark for office, Merrill Sweet, said that Mr. Clark was not a candidate with any idea of making radical changes in the school administration, but that he was a father of a school-age child and had the interest of the educational system at heart. His nomination was seconded by Orlow G. Owen.

In making a nomination speech to place Mr. Stalker's name before the voters, M. J. Murphy pointed to Mr. Stalker's training in law which has made it possible for the board to receive legal advice without compensation. He is well qualified and his experience makes him an invaluable asset to the district, commented Mr. Murphy. This nomination was seconded by Mr. Lester who said that Mr. Stalker's administration had been an admirable one.

Cites Taft's Qualifications  
"A graduate of the Northville high school a heavy taxpayer and a successful business man" were the qualifications of Mr. Taft that C. A. McCullough cited when he placed his candidate's name for vote. Mr. Taft who for two years has led it to be known that he thought the board of education needed new members, indicated the unanimous vote for Mr. Clark by refusing to run against him. He let his name be put up against Mr. Stalker.

"Because so often, sincere appreciation is not expressed, I'd like to have it put in the minutes that the people of the community do appreciate the many fine things and the long hours of work that Mr. Lyke has done," asserted Mr. Owen. (Continued on back page)

## "Wonderful," They Say . . .

"She was truly a wonderful woman."

They said that this week—many villagers—when they heard of the death of Mrs. Charles L. Dubuar. She must have known folk would say that about her when she was gone—so many persons candidly spoke that way of her when she was living her full life. It was a full, generous life, too. First came her home, then her church, then the Red Cross, then her literary and social clubs.

Her 80-year-span of life was active almost to the end. It was not so long ago that she was attending the extension classes to keep in step with the modern homemaker's trend. One of the earliest members of the Northville Woman's club, she was an authority on historical Northville. An educator—many who hold responsible positions today in this and other communities, sat once in her classroom, benefiting by her teaching.

The Northville Alumni Association has been proud these years to point to one so fine, so generous, so alert, as the oldest alumna of the Northville high school.

Her family remembers her as wonderful—so does the village at large.

In 1849, plant workers were called to work at sunrise, allowed 40 minutes for breakfast and lunch, and worked until 7 p. m. Today, the average work week in industry is less than 40 hours.

The Legion did a first job in giving the community a real Fourth of July celebration. The boys worked hard and deserve the compliments of the community on their way of doing things.

## Where Money Goes . . .

Here are the details of President Roosevelt's new spending program sums being in millions of dollars:

Non-Federal public works, like municipal sewage plants, bridges, etc.	1940 Dis.	1941 Dis.
Self-liquidating toll roads, high-speed highways, by-passes	2	\$350
Railroad equipment (loans through a special Government corporation, the Government leasing and retaining title to the equipment)	3	500
Rural electrification (expansion of present program to reach 1,250 more families)	7	160
Farm tenant program (extension of present work)	2	500
Foreign loans	2	500
		\$3,060
		\$870

Out of every \$100 paid for rent an average of \$25 goes for taxes

Behind the average job in American manufacturing stands an investment of \$7,600, chiefly in tools, land, buildings, and equipment.

Northville citizens will join in welcoming Fr. Skippington to St. Williams Chapel at Walled Lake. This parish was previously served from Northville and Fr. Schramm ministered there. The new arrangement gives Walled Lake a pastor and allows Fr. Schramm to devote his entire time to Northville. Our best wishes to our Walled Lake friends

Do you know that Northville's grade school building is considered as outstanding in educational circles throughout the U. S. A.?

Bon voyage, Joan. We envy you your trip to Alaska. Remember we uns and why not tell the Northville folks about the trip through the columns of The Record when you get back?

And wouldn't a rose bower and flowers add greatly to the attractiveness of the spring. A crock properly placed and cemented would prevent splashing on shoes and clothes, comments a caller.

Nelson Schrader has evidence at hand to make us agree with him that commuter service on the P. M. R. R. would mean much to this community. We are told that a number of very fine families in this area are moving back to the city for lack of easy transportation facilities. What do you think?

The average American boy spends nearly \$16.29 on movies, and only \$1.00 on peanuts. Alas. Remember the day when movies and peanuts were hand in hand?

There are 3,280,000 Federal, State, and local government employees, including 339,000 in the army and navy and more than 4,000,000 on relief projects.

Did you note that the Depositors State Bank had nearly as much on savings accounts as on demand deposits? Suddenly there are those among us who are old-fashioned enough to believe in saving, and savings accounts. We still believe that is the right way.

4-H Club Members Plan Program for Farmers—  
Members of the Salem 4-H club had charge of the program for the July meeting of the Salem Farmers' club held last Thursday at the home of Mr. and Mrs. George Roberts Salem.

The first number was a song by the 4-H club, then there was a skit. Two 4-H Clubs Plan a Program. Each 4-H member took part in this feature.  
The song "Oh Me, Oh My" was offered by the Girls club, Miss Lois Van Atta sang the 4-H Pep Song, and Mrs. Jean Mitacek gave the Club Pledge. Miss Phyllis Perkins gave the Club Creed.

Not Perkins offered "The Song of the Hoe" and James Henning sang "The 4-H Club Mobile." Leonard Mitacek gave a brief resume of what is required of a dairy club member. Mrs. Jean Mitacek played a piano solo "Kde Petos Lucifou." Jack Spencer favored the crowd with a comic poem about a lion. James Henning broke the monotony of an audience by reading a joke.

Robert Hennig told of his trip to the 4-H Week at East Lansing, giving his hearers an idea of what was done there and relating his trip to the State capital he having been one of the fortunate young folks who were shown through the treasury department, where \$30,000,000 were kept. Measures used to protect this money were explained.

Miss Van Atta was accompanist for all music rendered.

**Betty Barry Gives****'Fun' Slant on C. E.****Activities Here**

When Betty Barry, along with Ruth Farmer, Jane Ely and Mary Potter, were attending the Christian Endeavor last week in Cleveland, O., Betty, by virtue of her secretary position, told the Northville organization what fun the young folk of the village have in the society here.

From the Cleveland News is the following story of the interview: "You could call 16-year-old Betty Barry a brightly shining example of the 4,000 youth in Cleveland today as members of the Christian Endeavor."

"Betty lives in Northville, where the C. E. is a major social and spiritual force as it is in countless other small towns in America."

"Betty, small with ash-blond hair and a healthy smile, is secretary of her society, which meets every Sunday at Northville's First Presbyterian church. She keeps in touch with the other 25 members of the society, sends them notices of meetings and acts as a sort of unofficial social chairman."

"A junior in Northville high school, Betty has lived in the pleasant town all her life. Her father is an insurance man and the Barry family lives in a pleasant home on a shaded residential street. Betty is an only child."

"We have a lot of fun at C. E. meetings," Betty explained today. "The society gives us a chance to meet in the church and provide spiritual work, but it does a lot more than that, too."

"Betty has been a member of the Christian Endeavor four years. Many of the girls and boys in the society have been her friends most of her life. She is in the intermediate division of the organization and expects to follow through into the senior organization."

**Acts Are Scheduled at Edgewater Park**

Continuing their 1939 policy of offering Free Acts to their patrons, Edgewater Amusement Park announces as a feature attraction for next week starting Monday Harry Froboess, the "Marvel of the Swaying Perch" in a thrilling 10-minute spectacle in mid-air.

Froboess performs his amazing feat atop a 90-foot pole with only one set of guy wires supporting it, 20 feet from the ground, leaving 70 feet clear for his Swaying Perch Routine. While standing at the very top of this 90-foot pole, Froboess juggles four balls, balances on one foot, does a one-hand stand and many other daring stunts.

The Great Leroy will be seen twice nightly at 8:30 and 10:30 for the remainder of this week. This daring high-wire artist performs his difficult routines, seemingly suspended in mid-air as he pirouettes, turns, makes runs on the slender steel thread high above the ground.
