Running Races, Free Acts Will Thrill Thousands Here During Fair Week

Circus Feats Will Be Performed in Front of Grandstand; Fireworks Will Be Brilliant Climax to Night Entertainment during 4-Day Program

ACT WITH 13 ANIMALS IS ANNOUNCED

The Northville Wayne County Fair this year will present an entirely different program for the many thousands of fairgoers who will be in attendance Aug. 16-19.

Running races will be featured in the afternoon, interwoven with sensational circus acts and spectacular vaudeville performances. The night performances will be highlighted by one of the largest fireworks spectacles ever seen at any Michigan fair. Band concerts, jitterbug contests and an amateur night will be attractions on the night programs.

Performers Appeared in Europe

The Great Mills Troupe, performing daredevil feats of skill on a high wire 50 feet in the air, will thrill the grandstand audiences. This act comes directly from Europe and is this season making its first American appearance. The act consists of one woman and two men who do daring tricks without the aid of a net or any safety devices. One of their feature tricks is an outstanding novelty in which Jumbo, Jr., the elephant, walks across the wire.

Mari's Pets, together with one woman and two men, is considered one of the outstanding animal acts on the American stage. Thirteen animals, including dogs, goats and monkeys do tricks which will delight both old and young fairgoers.

To Feature Acrobats

There'll be a novelty duo — a man and a woman comedy acrobat team and hand jugglers. The Three Arnolds, jugglers, will be here after a successful tour of South America. One of the sensational acts of the show, will be two roller skating speedsters. They will give a fancy skating exhibition. Paul Hall will be master of ceremonies.

Plymouth's Schools Receive New WPA Remodeling Project

Plymouth's high school and grade school buildings, as well as the grounds, are to be improved through a \$12,715 allotment approved by the Works Progress Administration, sponsored by the Plymouth board of education.

The announcement of the project's approval was made today by Rep. George A. Dondero. It includes construction of an addition, plastering, painting, varnishing, remodeling the boiler room, relocating doors, closets and storage room, removing and rebuilding partitions and windows, constructing counters, installing heating, ventilating, electrical and plumbing systems, laying storm sewers, moving garages, grading and landscaping.

Novi Fights Spread of Small Pox Cases

Over Novi every precaution is being taken to keep small pox out of the community, despite the fact that some surrounding communities, including Brighton, are fighting the spread of the disease which already has wedged its way into the localities.

Cooperating with the Oakland County Board of Health, the Novi Township Board of Health came forward today with an announcement that all residents of the township may be vaccinated free of charge at the office of the health officer, Dr. Martha C. Ottrell, 145 East Grand River, Novi.

TO HOLD SECOND TAX MEETING, AUG. 1

The second meeting of the Northville-Novati taxpayers will be held at 8 p. m. Aug. 1, at the Village Hall in Northville.

3 Villagers Shoot with Pistol Club To Win Medal

A pistol team composed of Marvin, Herbert and Harvey Guntzville of Northville, Jim Schomberger of Plymouth, Ralph Napier of Wixom and Earl Balow of Detroit, topped seven teams to win gold medals at the annual matches of the Eastern Michigan Pistol Association held at the Hickory Ridge Range, near Rochester.

The finals were held Sunday, July 23. Plans are being made to enter the team at the national matches to be held late this summer at Camp Perry in Ohio.

Bogart Auctions Food for Benefit

Husband-Calling Contest Is Feature of Rotary Picnic, Tuesday Evening

A sumptuous picnic dinner, the giving of a beautiful birthday cake, husband and wife calling contests and an auction with E. M. Bogart "out-cried" Harry Rootin were the highlights features of the Northville Rotary picnic at the park Tuesday evening.

Nelson Heads Plans
With Nelson Schroeder and his assistants directing provisions for the picnic dinner, ice cream and everything the evening got off to a real start. Following dinner, Harry Clark was honored with a birthday bouquet, and the pleasure of cutting a beautifully decorated birthday cake. Mrs. W. H. Cansfield and Mrs. M. C. Gussell won the "dog collar" for winning the husband calling contest and Russell Steingard took first in the wife calling contest.

Add \$11 to Student Loan Fund
After the picnic, the extra food was auctioned off and the proceeds added to the student loan fund. President Bogart did a masterly job in handling the affair and, through his expert auctioneering, \$11 was added to the fund.

Guests of the Club
Guests present were: E. C. Kuehn, Edward Grunert of Detroit, Wayne, Ed E. Rogers, Detroit, Mrs. Florence Kiening of Detroit, Dayton Deal, Mrs. E. E. Miller, Mr. and Mrs. Henry Grimshaw, Mrs. Hazel McInerney and Mrs. E. C. Langfield. All of the club members were present except W. E. Forney, Herbert Northop, John Lisenberger, Dr. H. S. Willis, Dr. J. E. Selady, Herbert Dean, Nell Hannaford and Howard Whipple.

Village Merchants Support Two-Light Junior League

Just to give the Michigan Inter-County Junior Two-Light League a boost several of Northville's merchants came forward with donations which will give the club a financial backing.

Supporting the sport are: M. C. Gussell, Floyd Shaefer, Poulos, R. E. Peterson, S. L. Brader, C. E. Tunbull, Kroger store, Rathbun Chevrolet Sales, Nelson C. Schrader, E. J. Hammermeister, E. L. Smith, Tom Edmondson, Orlov G. Owen, Humman and Herrick service station, L. M. Coe.

Managers of the team, sponsored by the American Legion, are Herman Hartner and Hermo Kreeger. Following is the schedule for the remainder of the playing season:

Tuesday, Aug. 1—American Legion at Dearborn Garden City at Taylor
Novi at Winston
Thursday, Aug. 3—Novi at Garden City
Taylor at American Legion

NOTICE

The senior class of 1940 will have a class meeting at 7:30 p. m. Friday, July 28, at the high school. All mothers of the class members are invited to attend.

Elmer Smith Advises Early License Plate Buying in Village

Comparative figures released for publication today by Harry P. Kelly, Secretary of State, reveal a total of 1,565,463 automobile registrations for the year 1939. This total shows an increase of 13,456 registrations over the entire 1938 period.

Full year plates issued for 1939 number 1,001,093 sets, while half-year plates total 564,370 sets. During the next five weeks more than a half-million sets of half-year license plates will expire. These plates must be replaced by full year plates of later than Aug.

Elmer Smith, local hand manager, suggests that prospective purchasers buy their plates early so that the same hardship that was invoked upon the public in 1938 will not be repeated this year.

The original date for the new license sale to go into effect was July 15, but after receiving numerous requests for advancing the date, Secretary Kelly released information to the branch offices throughout the State, fixing the date to July 11.

The requests effecting the date were from new car buyers and vacationists who wished to take their vacation trips with full-year plates in the early part of the week instead of waiting until the fifteenth.

Rogers Will Open Training Plant

Former Trainer at Grennan Stables Goes to Bloomfield Hills Area

By J. LOGAN STEWART, JR., Editor of The Spectator

Coming as one of the most unusual pieces of news of the week, was the word that Carey Rogers, formerly trainer and manager for the Evelyn Ruth Grennan Stables of the Farm Crest Estate, had made plans to open his own training plant for hunters and jumpers in the heart of hunting activity in Bloomfield Hills.

The site of the new location is one of rare and unusual beauty notwithstanding that fact the barn in its arrangement and construction is one of the most beautiful and unique in the State of Michigan.

To Open in August
Located on the William Henry Farm just across from the Bloomfield Hunt Club to the right of Long Lake road, Mr. Rogers' new plant is located and will officially open on or about Aug. 1. It is of especial interest to the horse show and hunting world since it is the first time in many years that a plant for the training and schooling of hunters and jumpers will be made available to the public. Previously, if a party wanted a prospect trained it was necessary to either belong to a club where the horse had to be schooled or else a private trainer had to be hired.

This new facility will enable many owners to place young stock into training while still hunting in the field, their older stock without inconvenience themselves to their trainers.

Boy Scouts Trek to East Tawas Camp

The annual trek to the East Tawas Boy Scout camp began Wednesday morning when eight boys started pedaling their way on bikes to the north country.

Scouts Frank Eaton, Robert McCluskey, George Frank and Robert Hunter are taking the lake shore route over some 225 miles. Scouts Robert Parmenter, Douglas McCluskey and Carter Church are crossing through the middle of the State on a 175-mile bike ride. The boys have their own ingenious refrigeration containers and left the village assuring parents and friends that they would have a safe, comfortable trip.

Use Simmons Truck
Leaving at 1 p. m. Saturday on George Simmons truck will be the following Scouts: Lawrence McCarthy, Howard Rodgers, Bruce and Richard Simmons, Robert Vogtlin, Harold Schoultz, Ralph Hay, Louis Babbutt, Donald and Richard Green and Kay Stephens.

Orlov G. Owen, director of the camp, Charles Schoultz, quartermaster, Richard Loomis, cleaning and activity director, will be at camp this entire period, July 30 to (Continued on back page)

Running Races Will Be Feature of Local Fair

The Northville Wayne County Fair Board has announced something new for fairgoers this year, Aug. 16-19. One of the big attractions will be running races on the track, doing away entirely with the harness racing which has been featured in previous years.

Resort Village Is Scene Sunday of Water Tragedy

Heart Attack Fatal to Detroit As He Swims in Walled Lake

OWNED RESTAURANT

By C. E. HUTTON

The number of week end fatalities was increased by one, at 5:39 p. m. Sunday, when the body of Mike Dron, 45 of 4601 West Vernor Highway, Detroit, and proprietor of a restaurant, at that address, was found floating face down in Walled Lake where he had been swimming near a cottage at 1361 East Lake Shore drive.

Floyd Pumphrey and Marjorie Lane of that address, saw the body from a boat, and summoned Deputy B. J. McQueen who called Coroner Donald S. Bell of Birmingham. An autopsy revealed that Dron died (Continued on back page)

Legion Committee Appointments Made

Members of the Lloyd H. Green post American Legion, heard Commander George R. Simmons announce his committees for the year when they met in regular session Tuesday evening in the Legion Hall.

A project which was begun some months ago, was given the approval of the Legion men, Tuesday. The Legion Hall is to be kept open at all times, providing headquarters facilities for Legion men who come to town. Mr. and Mrs. J. A. McDonald are to be the caretakers, making their home in the building. Mr. Simmons' appointments are as follows: Dr. Wilbur H. Johnston, Americanization; Frank Wilkinson, bowling; Charles Schoultz, Mr. Simmons, Harold White, Harry Bolton, Harold Parmenter, Boy Scouts; Carvill Popham, child welfare; E. A. Isaacson, employment; Claude Ely, house maintenance; Martin Kaletsky, Chub Smith, Mr. Sweet, house entertainment; Mr. Schoultz, boys' state; Mr. Stevens, Mr. Wilkinson, Andrew Torok, poppy.

Animal Act A Feature Attraction

An animal show will be one of the feature attractions of the Free Act in front of the grandstand during the Northville Wayne County Fair, Aug. 16-19.

Scout Northville for Joe Louis Training Quarters

As The Record goes to press final negotiations are in progress in the Detroit headquarters of Joe Louis seeking to locate the Louis training headquarters in Northville. A decision is expected momentarily. According to reliable information the acceptance of Northville as training headquarters depends now only upon the location of suitable housing facilities.

Joe Louis and his manager, John Roxborough, were scouting in this vicinity Sunday, and Wednesday afternoon a delegation from Northville was in conference with the Louis management in Detroit. The same evening representatives of both parties met in Northville. Negotiations were resumed in the city at 10 o'clock Thursday morning, and a last minute telephone call to the city brings information that a contract may be signed within an hour. The grounds of the Northville Fair would be used for the exhibition bouts.

Edgewater Park Offers Free Act

As a token of thanks and appreciation for the fine patronage enjoyed this season, the management of Edgewater Park, Seven Mile road just east of Grand River, presents twice nightly and once on Sunday afternoon, a free outdoor show attraction.

Starting Monday, July 31 the free attraction will be the sensational Wishards in a thrilling 12-minute flying trapeze and casting return act. Passing leaps, singles, doubles, twisters, in fact all of the standard flying tricks and many new ones are featured by the Wishards. The routines are performed with the ease and grace that makes every performance just as good as the last one. One newspaper critic after seeing these daring people perform, said, "They rival the very swallows in their flight."

Daredevil Jack, the great high-diver, will continue to thrill Edgewater patrons for the balance of this week, finishing Sunday night. Everyone who has witnessed this death-defying 125-foot dive into six feet of water, is still talking about it.

URGENT VACCINATION
Dr. E. B. Cavell, Jr., today urged parents to have their children vaccinated in an effort to prevent small pox from getting a hold in the village. The disease is already taking hold in some towns surrounding the community.

100-Foot Drill Reveals Water on Park Site

Charles Sessions, 86, Gets His Peach Stick to Work in Locating Water

FIND VEIN WEDNESDAY

A vein of water which can be developed into a 1000 gallon a minute well was found Wednesday morning at the test drilling in the Village Park.

Sanctioned by the State Department of Health, approved by Engineer R. A. Mordock and tested for water possibilities by 86-year-old Charles Sessions and his peach stick, the site came through with water at a 100-foot depth with Dumbbar and Sons doing the drilling.

Groundwater Cost of Pump
According to Street Commissioner Paul Montgomery, it is not likely that the village will push the course of water to the 1000-gallon capacity. "We don't need that much for our present needs besides the more water the more the cost of the pump," he affirmed.

Drilling was abandoned several days ago on the site first selected for a test drill for water which is needed to supplement Northville's present water supply. After drilling 275 feet, no water was found on this site near the reservoir where it was hoped a water vein could be reached.

Favor Park Site
The site in the park was approved by the State and was favored by the council because the drilling could go forward without the expense of buying or leasing property.

Charles Sessions, who places all kinds of faith in a peach stick when it comes to the task of finding water, looked the park site over and put his stick to the test. "Water was found just where the stick indicated."

Spectator Magazine Increases Scope

The August issue of The Spectator came from the presses late this week, marking a new high in the way of attractiveness and scope of subject for Michigan's horse publication, edited and published in Northville by J. Logan Stewart, Jr.

Three figures who are popular at Northville's spring and fall shows appear with their mounts on the cover. They are Johnnie Wallace on Vesta Lee; Virginia McCullough on Glenn Lee; and Jack McCullough on Regal Lee. They take this prominent position by virtue of being the winning hunt team at the Lansing and Detroit National Horse shows this year.

STOP SWIM CLASSES FROM JULY 29-AUG. 6

There will be no swimming at the Lawrence Pond from July 29 to Aug. 7, the dates of the Boy Scout annual camping trip at East Tawas, according to an announcement made today by Richard Loomis, instructor and director of the village-sponsored swimming project.

Mr. Loomis came forward today to make known the canceling of the regular swim program in an effort to avoid any tragedy which might occur if swimming were continued at the pond without supervision. During the final classes this week, two girls and three boys were working on the life saving requirements. No diving instruction has been given yet, as the pond still has no board for diving purposes. Some 45 boys and girls have been swimming at the pond since the classes began.

Early Horse Show Entries Exceed All Previous Years for Fall Show

Everill Fisher Will Bring His National Walk-Trot Champion; McClure Stable to Show Here for First Time; Expect Full Gallery around the Ring

STOCK HORSE CLASS IS COLORFUL

With early entries received far in advance of previous years and coming from practically all of the large stables which have shown here in past years, as well as many new stables which will make their Northville debut this fall, the indications are that the Horse Show, Aug. 16-19, will be the greatest in Northville history.

Carnival-Picnic Mark Chapel's Anniversary

A Saturday carnival and a Sunday picnic will mark the tenth anniversary of the founding of St. Paul's Lutheran church, which is headed since July 6 appointment by the Rev. Fr. James B. Skippington.

The church was built in 1929, mostly through donations and gifts. The property site was the gift of William O'Flaherty. Attendance at first was small, but has since grown until now four Sunday masses are held, with a total average attendance of 1,100. Among the large gifts which made the chapel possible were ones from Henry Chambers, Mrs. Charles Hudson and a Detroit lumber company.

Before the church was built, the O'Flaherty house, near the present church was used for meetings. This house is now being remodeled to serve as the rectory.

Continue Angle Parking Here

State Legislation Will Not Change Ordinance which Governs Village

Uniform regulations for parallel parking on all city or village streets on the State highway system which go into effect Sept. 29 will not alter Northville's present angle parking setup.

Not on Trunkline
In the first place Northville is not on a State trunkline. In the second place, the village has a parking ordinance drawn up some two years ago, which permits angle parking on Main street and some sections of Center street in the downtown district. Councilmen complied with a request for the village at large, (particularly the business men) in allowing angle parking. Street Commissioner Earl Montgomery said today that there would be no parking change here.

In communities where this is not the case, they will be governed by Section 27a of Act 139 of the recent session of the legislature which banishes angle parking within city limits. The Act does provide, however, that local authorities may by ordinance permit angle parking "upon highways other than State trunkline highways." The Act has been signed by Governor Luren D. Dickinson.

State Leaders are Pleased
State Highway Commissioner Van Wagener joined with other safety and traffic leaders in welcoming this action by the legislature. He said that the elimination of angle parking on State trunkline highways within cities and villages would eliminate serious congestion problems and improve safety for motorists and pedestrians alike.

Exchange Club Plans Erection of Signs Near Northville

The Northville Exchange club is planning on asking for direction signs for the main road, and will also erect new Exchange club signs at the Seven Mile and Eight Mile entrances to the village.

The direction sign is to be asked from the Wayne County Road Commission to point the way to strangers to the Maybury and Eastlawn sagatons. The two club signs, calling attention to the day and the hour of the meeting of the local club will be erected at the further end of the islands at the town entrances on the Seven Mile and Eight Mile roads. The one at the Seven Mile entrance will be of the porcelain type and the Eight Mile sign will be of the rustic variety, the metal heart being suspended between rustic posts.

St. Paul's Walther League To Be Hosts Sunday to Covenant

The Walther League of St. Paul's Lutheran church will be host Sunday to the members of the Walther League of the Covenant Lutheran church of Detroit.

A recreational program will take place during the afternoon in the park. Snacks will be served in the church hall, where community singing will take place.

At 3 p. m., a vesper service will be conducted in the church by the Rev. H. R. Wacker, pastor of the Covenant church.

The committee in charge of the day is headed by the organization president, John Bugher. He has the assistance of Wilfred Sterner, Loretta Nagel, Ruth Drevs and David Heidt.

The stock horse class which makes its Northville debut next month will be one of the most colorful classes of the whole show. In this class it is customary for exhibitors to turn out in silver and gold mounted saddles and bridles, chaps and cuffs. They wear brilliantly colored shirts, 10-gallon hats and even carry the colorful six shooters, all of which were very much a part of the boom days of the Golden West.

Early box reservations, already totaling 50, because of the indicated wide-spread interest in the show, the committee is assured of a gallery as large in number as the horses will be in quality.

It Looks Like Tax Rates Will Be Lower

An increase in the assessed valuation of Wayne county portends a reduced tax rate next year that is, if the county budget is not increased, also officials of the Board of Supervisors have indicated.

The increase in valuation amounted to \$38,302,325, bringing the total county real and personal property valuation to \$3,162,917,754. The higher valuation was recommended by the Bureau of Taxation and was referred to the Equalization Committee by the Board of Supervisors.

According to Albert E. Chanpney, director of the bureau, the increase is not due to higher property values, as these have remained fairly constant. It is mostly due, rather, to new building activity in low-cost dwellings in suburban areas.

● Courtesy and Enforcement . . .

The key to reduction of traffic fatalities in Michigan may be found in the successful July 4 safety program executed by the State highway department and State police.

In 1937 a record of 38 traffic deaths for the four-day holiday period was established. State highway commissioner Murray D. Van Wagoner and Commissioner Oscar G. Olander of the State police pooled the efforts of their men to cut that figure in 1938 for the first time.

That year they cut fatalities to 31. They set cooperation between drivers as the goal to be accomplished, and kept a careful record of all elements contributing to each fatal accident. On their findings, they based their 1939 safety campaign. The result was a reduction from 31 to 12 in the number of Michigan July 4 traffic deaths.

At the same time reports of increased traffic were general over the State. The International Blue Water bridge at Port Huron reported a 49 per cent increase over the traffic carried the previous year by ferries. State ferries handled 34.4 per cent more traffic. Visitors registering at the New Buffalo Tourist Lodge increased from 5,773 in 1938 to 7,900.

Olander and Van Wagoner express convictions the factor contributing most heavily to the traffic fatality reduction this year was courtesy and cooperation extended by the drivers themselves to their fellow motorists.

When the survey of the July 4 safety campaign has been completed and analyzed, State police and highway officials say, they may uncover a way to extend their successful handling of July 4 traffic to the entire year.

Next to cooperation between drivers the help of local law enforcement agencies is most instrumental in reducing the traffic death toll.

Every day in every way, Lawrence's Pond is becoming more popular. That's the good turn for the village. Let's give the sponsors, their leader, and the village a hand in this project.

Lumbering began in Michigan in 1845 and began its decline in 1885. Will regeneration revive this lost industry to Michigan? Today only 25 acres of virgin pine remain in Michigan.

● Can Prevent "Swimmer's Itch" . . .

State health officials have at last found a simple and effective control of "swimmer's itch." Prevention in this field calls for cooperation of swimmer and beach owner.

A vigorous rubdown with a rough bath towel immediately after coming out of the water is one way for bathers to head off the irritation. Washing with a strong soap shortly after swimming is another means. Applying a lotion containing oil before entering the water also tends to minimize the effect.

Research has shown that some persons are immune to "swimmer's itch" and that only the lakes or streams containing extensive beds of snails of the type that carries the parasite are likely to cause trouble to bathers. Certain beaches are found to contain some of the free-swimming larvae which, when they attach themselves to human skin, bore under the surface and die, causing an itching similar to that of a mosquito "bite."

State officials point out that beach owners can head off the difficulty if they call upon the State groups to inspect their lake property for evidence of the existence of the snails. The field party operating out of the Douglas Lake station is supplied with chemicals with which the water in the vicinity of public bathing beaches is treated to kill the free-swimming larvae and the snails which carry them. This unit also is on call for application of the chemical treatment process, which is not harmful to bathing facilities. State officials have approved the water at Northville's new swimming hole.

Would you welcome new industries to Northville? If so, organized encouragement helps.

And yet no word of a flasher to protect the P. M. R. R. crossing just north of Northville.

Bicycles and children remain the increasing hazard of motorists. A choice of sidewalk or pavement riding has arguments on both sides. Accidents are coming closer to home every day — let's be careful in Northville — our children are more precious than autos, sidewalks, pavements or a few minutes' time — better be safe than sorry. Let's watch our bicycles.

Our neighbor says that "the American people are talking war to death" and down in his heart he thinks that "a great deal of the war news is an administration product to keep our minds off our domestic troubles."

If you seek a friendly village come to Northville.

NORTHVILLE'S YESTERDAYS

MORE HENS DIE IN EGG CONTEST

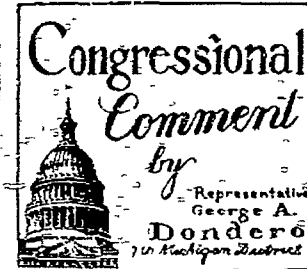

Thirty-two more birds died in June in the current egg-laying contest at Michigan State college. The 20.4 per cent mortality, which has occurred in nine months of the contest may lead to valuable lessons for poultrymen in Wayne county.

There has been no general epidemic, reports C. G. Card, head of the college poultry department and supervisor of this seventeenth annual contest at East Lansing.

Principal cause of death which has removed 183 chickens since the start of the contest, says Professor Card, has been range paralysis or related ailments.

In egg laying some new trends are showing up. A new queen, temporarily at least, reigns in individual

laying. She is a Rhode Island Red from Ford's Riverbank Farm at Coopersville. In the nine months she has laid 251 eggs for 2715 points, trailed by another hen of the Weber Duck Farm of Wrentham, Mass. 247 eggs, 2702 points.

Spending and Lending: Appropriations for this session of Congress will probably total \$13,000,000,000. This sum is about \$3,000,000,000 short of the entire national debt when President Coolidge left office. This sum represents barely one-fifth of the income of all the American people estimated for this year. This sum tops the appropriations for both the 2nd and 3rd sessions of the 75th Congress by \$2,000,000,000.

But this is not all. President Roosevelt has now proposed legislation authorizing the issuance of Treasury-guaranteed bonds totaling \$1,400,000,000. Out of this huge spending and lending fund the President proposed to lend millions of dollars to Latin American countries whose bond issues are already in default. The latest available figures on Latin American bond issues in default, as reported by the Foreign Bondholders Protective Council, Inc., show \$1,651,000,000 already outstanding in the United States with \$1,300,000,000 in default. This proposal met considerable opposition and it is not now likely to be included in the legislation if passed.

There is this significant difference between the loans previously made to Latin American countries and the loans proposed by President Roosevelt. The bonds in default were bought with private funds and private investors are out of pocket. The loans the President proposed to make would come out of the pockets of the taxpayers of the United States and if there is default again, and the past record seems to positively assure such default, the loss will fall upon the taxpayers.

At another period in the history of the United States the taxpayers of the United States loaned billions to other foreign countries. These debts, although 20 years old, remain unpaid.

Just a Few Figures: The deficit for the past fiscal year, 1939 was approximately \$3,500,000,000; the

national debt was in excess of \$40,000,000,000. There is a prospect of a public debt of \$45,000,000,000 on June 30, 1940, with contingent liabilities of possibly \$7,000,000,000 or \$11,000,000,000 more.

Ten Billions for Relief: A Treasury report reveals that between April 8, 1935 and May 31, 1938, \$10,697,832,482 was expended by regular and emergency government relief agencies for relief purposes. Over half of this, or \$6,527,573,947 went to the WPA. At the beginning of this period, 1935, according to American Federation of Labor figures, there were 11,233,000 unemployed, according to the same source, 11,145,000 unemployed in 1938.

Merry-Go-Rounders Have Wednesday Luncheon

(By Mrs. B. W. Hewitt)

The Merry-Go-Round girls held their monthly get-together in the Methodist parlors with the two Mrs. Filkins as their hostesses. A very appropriate hot weather (cold) luncheon was served by the good women of the Methodist church. There were 14 of our members and two visitors present, Mrs. Whitlock and Mrs. Hemphill, both from Detroit.

Several of our members were unable to attend but we were made happy by having Mrs. W. G. Yerkes and Mrs. S. Power once more able to attend if only for a short time. Chinese checkers was the game played in the afternoon and of course some were good players and some were poor, but we had just as good a time as though we had been professionals.

There will be no meeting in August, it being Wayne County Fair week and all are busy and tired. Some suggested we have a birthday picnic honoring the numerous members whose birthday comes in August. We will try to charm the old fellow who has charge of birthdays and see that each girl is remembered.

The September meeting will have as hostesses, Mrs. F. P. Simmons and Mrs. W. G. Yerkes. This will be the last meeting of the year and the time to choose the month for the next year.

Moonlight Boat Trip Forms Setting for Party

Very Last Word in Optometric Service

Constant Aim of Dr. John A. Ross Optometric Service

GREEN'S REFRACTOR recently installed in office of Dr. Ross.

GREEN'S REFRACTOR

The Green's Refractor contains in one instrument all the factors necessary in making a complete refractive examination of the eye. This new and thoroughly modern optical instrument is manufactured by the Bausch & Lomb Optical Co., Rochester, N. Y., "America's leading optical institution."

Instead of the former method of examination with the use of the cumbersome trial frame, worn by the patient like spectacles, the examiner does not have to place various test lenses in the frame before the patient's eye. These various lenses are all incorporated in the Green's Refractor, and are brought into position before the eyes by finger-tip control.

With the new and improved Hydraulic Refracting Chair and Instrument Stand, this equipment marks the very latest in methods for quick and efficient eye examination.

RETURN FROM WEST

Mr. and Mrs. Harry C. Robinson and Miss Rose Hawthorne have returned to Plymouth after completing a motor trip which took them through the Rocky Mountains in Colorado, Wyoming and Montana. The return trip was made through northern Minnesota and the upper

peninsula. Stops were made at Duluth, on the western tip of Lake Superior. They went as far east as one can go in the upper peninsula, stopping at the Soo locks. In Colorado, the Robinsons called upon Lynn W. VanVleet, former resident of Plymouth, who owns a 12,000-acre ranch near Boulder.

DETROITERS VISIT HERE
Mrs. E. E. Sanford, Detroit, was a week end guest at the Walter Lyon home, 129 West Cady street. Sunday visitors were Mr. and Mrs. Charles VanNorman and Mr. and Mrs. Harry Snodgrass and daughter, Marilyn, all of Detroit.

Walled Lake News
By C. E. Hutton

Congregations of the Walled Lake Methodist and Baptist churches will unite in Sunday morning worship services for six weeks, during July and August as a result of arrangements between the ministers of the two churches, which will provide them with vacations. Union services began last Sunday morning, with the Rev. Frank N. Miner preaching at the Baptist church, to a large audience. He also conducted the 7:30 p. m. service and will hold the regular midweek prayer service at the Baptist church.

Beginning Aug. 13, the Rev. William Wheeler Fixley, Baptist minister, will have charge of union services to be held at the Methodist church at 10 a. m. each Sunday for three weeks. He will preach at the Commerce Methodist church at 11:30, and at his own church in the evening. Sunday schools are being held in their respective churches at 11:15 a. m.

Miss Rena Pemberton of New Boston, and Elmer Mason of Walled Lake, were married July 19, at the New Methodist parsonage by the Rev. Douglas Parker. Attendees were Miss Marjorie Pemberton of New Boston, and Hadley Bachart of Muford. The ceremony was followed by a reception and dinner at the home of Mr. and Mrs. Granger Mason of Walled Lake.

Plans are complete for the second annual Moonlight Festival to be held under the auspices of the Civic Welfare club, Aug. 2, on the lawn of the J. L. Taylor residence. Committees have been hard at work in preparation for an attendance expected to be close to a thousand persons, as indicated by advance ticket sales.

A late change in feature attractions will eliminate the jitterbug contest, due to the expense of providing a platform adequate to cope with ambitious high steppers who might land "in the groove" in a South African rumbian effort to swing a prize.

The bathing beauty contest will remain as per schedule, and next Wednesday night should present a promenade of feminine pulchritude, nearly the equivalent of a Billie Rose Aquacade.

Kent Tufford will be master of ceremonies, and will preside at the Tastee Bread truck microphone. He will introduce music by George Ederle's "Country Gentlemen," an orchestra of local vintage, and a one-act "drama" produced and enacted by the ladies, called "Stuffed Ovens" with Mrs. Rex Tuttle at the directing helm. He will act as the "banker" for many concessions, including the hamburger and hot dog stands, soft drinks, ice cream, baked goods, fish pond, "and sech." Speed boat rides will be available, and tickets will be sold on a hand painted picture as painted and donated by Mrs. Gertrude Arnold, an artist of recognized ability.

Take it all around, the festival should be a right smart affair, and worthy of the patronage of the folk of Walled Lake and vicinity including you, too, Northville, especially, seeing as how we'll probably all be coming down to your Fair.

Weekly Once-Overs
Art Beagle has started early, preparing for cold weather. He shaved his mustache off, this week, and figures his lip will be in condition by the first frost. First time its been off in 40 years — well, anyway, 30. First time, his wife didn't know him. Says now he

looks 10 years younger. . . . Could be.

Gene Pierce, Walled Lake park manager, elected this week's good guy. Provided free everything for a bunch of kids brought out by the Salvation Army, this week. Did the same awhile ago, for some newsboys from the city. Has been known, so, an employee tells me, to give a kid without a nickel who looks longingly at the merry-go-round or the ferris wheel or the roller-skates free entry. An amusement park with a heart, it seems.

Put-boys at the B. & M. Recreation like their jobs, they swear. Bill Glover, and Marg, his wife, treat 'em right. Prompt pay, and once in a while a refreshing bottle of pop or something to eat. Recent high scores for men, Harry Riley, 234; ladies, Mrs. Mildred Vreeland, 181.

Look to your free give-away tickets Northville fair goers! This reporter's luck has changed—for the better. To wit: A new suit from Orlow's suit club at the half-way mark. There's something about a long lane what has no turning. I reached the bend last Saturday night.

Days Arthur Muller, Mrs. David Martens, Miss Selma Schulte and Mrs. John Buchner sang Sunday at the Unity Lutheran church, Detroit. The occasion was the fourth anniversary and reunion service marking the organization of the young people's society. The Rev. Alvin Schulte is the pastor of that church.

Among those calling at the office of Rep. George A. Dondero, Washington, D. C., during the past week were Mr. and Mrs. Ferris Gardner, William McDowell, Mrs. Henrietta Hammett, and Mr. and Mrs. Ward Williams, all of Royal Oak; Mr. and Mrs. Robert Banfield and son, Pleasant Ridge; Mrs. Bertha Palford, formerly of the N.Y.A. at Northern high school, Detroit, and Virgil R. Hassler, formerly of Northville.

Local News

Birthday congratulations to Mrs. Ida M. Cook, July 25.

Mr. and Mrs. B. A. Stephens and son, Carl, attended a family reunion Sunday at Ridgeway.

Harry Duerson, shot 33 on the first nine holes of the Meadowbrook Country club green, Sunday.

R. W. Labbutt and daughter, Joan, of Royal Oak, formerly of Northville, were Saturday visitors in the village.

Mr. and Mrs. Lucius Blake plan to attend the Forest family reunion Sunday at Ionia. Their daughters, the Misses Velma and Norene, will accompany them.

Tom Edmondson, who went fishing over Ore Lake way last Saturday afternoon, found that his famous bass call didn't charm the fish right off. V. M. Pilgrim says that the fish are just getting the echo and they are actually calling for Tom now.

Mr. and Mrs. Winfield L. Holden, Mr. and Mrs. J. Crosby Bertelsen and infant son, John Crosby, Jr., Rosedale Park, and Lawrence Hainlock of Riverside, Calif., were Sunday dinner guests of Mr. and Mrs. Donald P. Yerkes, 535 East Eight Mile road.

The employees of the Ideal A & P store will attend the annual picnic Sunday, July 30, at Edgewater Park. The day will be marked by rides, games, races and roller skating. The picnic is sponsored by the Detroit A & P Managers' Benefit association.

Eighty-six-year-old Charles Sessions observed his birthday anniversary Sunday, July 23, among the members of his intimate family. Mr. Sessions, boasts that he has never been ill a day. He lives each day for itself, not making plans for the future, but enjoying what is at hand. He defies wintry winds going the entire winter months without wearing an overcoat.

Mr. and Mrs. Clifford Sinden visited Sunday in Jackson.

By MRS. C. O. HAMMOND

Mr. and Mrs. Myland Lyke are the parents of a son, Murray Glenn, born last Thursday, July 27, at St. Joseph's Hospital, Northville. Miss Leona Dunn and daughter, Frances, attended a family reunion Sunday near Irish Hills.

Mrs. C. M. Pennell, pastor of the Federated church, is again ill and will be confined to her bed for some time to come.

C. ROGERS

Also, as Mr. Rogers' record shows, it is possible to correct many bad faults in older horses whose education has been completed but still retain certain unpleasantities which are undesirable in the show ring or in the hunting field.

SCOUTS

(Continued from page 1)

Aug. 8, Harold Parmenter, Robert Power and Paul Beard will be at camp, part of the time.

Donations Are Generous
As is always the case, the Scouts found that they had many friends in the village who were anxious to see that camp had the best of everything. E. M. Bogart, cut the price of groceries so that the appetites could be appeased. Mr. Simmons donated his truck. Judy Lapham has given the boys permission to use his trailer. Carl Schoultz has loaned some hardware and tools; all the cookies and cakes the boys will eat came from Farin Crest; Donald Ware and Eber Ward Lester let the Scouts borrow their tarpaulins; Mr. Owen will let them take his game equipment and tools.

SESSIONS HOSPITAL
Mr. and Mrs. Walter Ricketts are the parents of a son born July 25. A son was born July 25, to Mr. and Mrs. Myland Lyke, Salem. Mrs. Raymond Mida, Belleville, underwent a major operation Wednesday. Charles Lukefahr, Wayne, was discharged Monday. Claude Berkert is receiving medical care at the hospital. Mrs. Genevieve Gakes was discharged Wednesday.

STALKER HEADS BOARD FOR SECOND YEAR

Officers for the Northville Board of Education were elected by the trustees, naming George Stalker to his second year as president; Dr. L. W. Snow is vice-president; Sherill W. Ambler returns as secretary; post, Eural P. Clark is treasurer. Dr. E. B. Cavell is trustee.

The board will meet in regular session (public) at 8 p. m. Monday, Aug. 7, in the board room in the grade school building.

ACCIDENTS
