To Develop Park Water Well to 500 Gallons a Minute

Samples of Water Are Sent to Lansing for Approval; Taft Gets Grace Avenue Sewer Job with Low Bid?

Start Job Thursday

The source of water supply which has been found in the Village Park in a test well-will be developed to

receive 500 gallons a minute.
The well is capable of a much greater capacity but the needs of the sillage, Street Commissioner Earl Montgomery says, do not war-rant pushing the well to its greatest capacity. The more water we take the greater the equipment cost

ment at Lansing, where the water will be analyzed for sanitation.

"We haven't the slightest doubt but, what the water will be given a high rating," asserted Mr. Montgomery, who says that as goon as the water is enumered myon but the water wate

major problem before the village Fair Board Members and commissioners for the past several Dr. L. W. Snow Mass Do months after the State Board of Health notified the village that the present water supply was made-ofiate for the needs of Northville nd requested that the Fairbrook

The construction of a sewer on Grace avenue was started Thursday, with G. F Taft receiving the loss of the State Fair, were guests Fussion, with G. F Taft receiving the loss of the State Fair, were guests Fussion, with G. F Taft receiving the clay evening in regular session that he was low bidder. His bid was for 35 cents per lineal foot. Matt Powell and Sons submitted a bid for 50 cents a lineal foot.

Fourteen State Fair **Entertainers Appear** at Exchange Club

By C. A. DOLPH

14 entertainers representing the Michigan State Pair certainly gave the Exchange club members, their wises and guests a full hour of songs and instrumental numbers and a few dance specialfies Wednes noon following the dinner served by the Woman's Home Mis-sionally society.

C S Dusenberry of Pontiac, in charge of the musical features of the State Fair, was director of the entertainment program. He was introduced by Dr. L. W. Snow, general manager of the fair, who paid trib-ute to the splendid work which this o has been doing in past weeks outlined the amateur contest that's to be apart of Fair doings.

Mr. Dusenberry was very outspok-en in his praise of the management which Dr. Snow was giving the multitude of details of Fair work. He also specified the hundreds of headaches which had come Dr. Snow's way since undertaking to re-make the Fair into a 1939 success-The young men and women who composed the team of entertamers were Perfer Secnane, Spanish di-rector and soloist; Patricial Burton, singer and dancer; Verduyne Monte, trumpet player; Richard Hamilton violinist; Robert Morley, drums; James Kautz, pianist; Melville Dus-enbury, bass viol; Carl, Cathenne, and Delores Coffey, song and dance

trio.
Their program was a varied one and was enthustiacally greeted. The Spanish lad and little Miss Burton.

and the trumpet player were espec-ially pleasing.

President Tom Edmondson presided and welcomed the Exchangites and the Rev. William Richards. former secretary of the club

As the Northville Wayne County Fair opens next Wednesday the Exchange club will omit next Wednes-day's meeting.

Milton Handorf Is Derby Winner

Milton Handorf is one of the 20 prize winners in the recent Soap Box derby held in Ann Arbor 'Milton qualifying in Class B, was placed on a time basis of 364, despire a crackup.

In a heat between Jack Shilling

and Millon Shilling hit the curb-and went the last 50 feet backward along the curb, coming to a stop with a crash, against the side of a driveway just pest the finish line. Millon crashed after crossing the line, and a broken axle on his car prevented him from continuing in the deroy.

Milton says that he worked about two months to make his entry. Next year hell be eligible to enter Class A. Which is for boys between the eggs of 13 and 15 years. He plans to start construction on his model earlier in the spring, two.

manager of the State Fair, cancelled a Lansing breadcast Tuesday in order to attend the Rotary luncheon meeting and talk "shop" with the members of the Northville Wayne County Fair board who were and operating cost will be. guests of Rotary. He stated that Specimens of the water have been 160 acres would be given over to sent to the State Health Depart. State Fair enterprises this year

~ MIDSUMMER PÄUSE

There is a moment in midsurance when the earth: pauses between flower and fruit; the hay is cut, the oals ripen; on pasture knolls pearly everlasting lifts its small fountains of silver and gold.

The skies are blue; the hills rest day long like men at noon hour under - a shady tree.

Tree leaves have turned dark, they heard their strength, no strong wind harms them. Boys swim under the big eim by the creek.

Locusts drone in the trees; the swallows gather on wires to chatter, and startings wheel in flocks over meadows like curving hands.

The local interest in the Taxpayers League headed by Attorney Cochran, causes us to review the present spending spree of the American people. Spending started in 1933, a cure all for the depression. Six years have proved; what commonsense told at the start at hasn't worked. Now we are being kidded into thinking we haven't spent enough — by borrowing to spend more, things will be all-honky-dory. Trick bookkeeping is resorted to to circumvent the law and let the spending spree continue to the honor and glory of a spendthrift administration. Commonsense points in another direction, stop spending and start to get out of the mess we're in.

Individuals may go bankrupt. "hig shots" can have trustees, but a government has not this out for the situation. Government must resort to reputation, or to inflation, and governments have utilized either or both. Inflation is about like issuing bad checks, except that bad money has to be accepted and used. Your insurance policy then buys a straw hat, as happened in Germany. Savings are worthies, and the whole plan connives to ruin the time page are appearance of units of country and its people. But that is not the finite of the page are appearance of units of properties of the page are appearance of units of the page are appearance of units. The page are appearance of units of the page are appearance of their methods. Germany and Italy lave, but they were not appointed, except by themselves. National receivers tell every person what to do with geoney and calciables, what to work at, what to ar, where to meet and what to worship Liberty flees the land, and the new official ia dictator. No one wants a distator here, but nick in vestment spending brings that possibility nearer every day SO STOP SPENDING WE MUST Some sag we can't stop. Politicians call for economy but act for spendmg. People who profit from the spending want it to go on because they don't get the bills or think someone else does. Business men are against spending but ask for PWA money because someous else will get it if they den't I aimers ask for economy, but apply for and accept rosy checks under the triple A. And there is why some think spending cannot be stopped. Put ve that it is can be topped.

Better tell your congressmen and senitors wour other public officials that if the, want your votes they had better stop this borrow and none travel. Don't be fooled eather by the type that "votes against teses but for every anaon riation" but makes it possible. . an anti-social is to sta in Congress or the legislature

The way to put America-back on its feet is not by more espending, or any other means that lead along the paths of bankruptcy, reputation, inflation, or dictatorship. Spending can be stopped, and it will ar stopped - rocks rack home are waking up.

The location of the Enfloye Spring company at Chelsea again raises the question, why not Northylle? Berhaps a board of commerce or similar organization could be of material and in accumulating valuable information to emphasize No thville and its benefits, as well as making a rallying point for civic enterprise. Do we need concentrated effort to bring industries to Northville? One place we know of that cannot bencafit by a board of commerce is a cometery, and even that statement is subject to argument and revision.

Does Northville plan on joining with Birmingham and other cities in the observance of Civic Loyalty Dav? Official designation of Sept 16, has been made at Brimingham.

BIT OF FENCING UNLOADS TRUCK

Simple but effective is this device for unloading grass at the side of Simple but effective is this device for unloading grass at the side of an ensilage cutter so that the truck can go back out into the field for another load while men fork the material over to the cutter. S. T. Dexter in the farm-crops department at Michigan State College figured out this one. He took a strip of woven wire fericing linked to a two-by-four on one end. This is laid in the bottom of the empty truck. When a load comes up, a rope is attached to the two-by-four over the top of the load, the truck is driven slowly forward, sliding and rolling the load onto the ground. The wire is picked up and put back in the bottom of the truck body. The device is particularly useful if the silo filler is set low enough to eliminate high pitching.

The streamlined, fac' is an im-

Something for 100 to THINK ABOUT!

THERE ARE ONLY 4 CARS AMERICA WI V-8 ENGINE

FORD V-8 . . . Lowest delivered price

MERCURY-8 (Ford-built) Lowest delivered price

Lowest CAR X (not Ford-built) delivered price

CAR Y (not Ford-built) delivered price

STYLE LEADERSHIP! Women know STYLEsee if they don't AGREE that the Ford's smart streamlined BEAUTY leads its field!

V-TYPE 8-CYLINDER ENGINE! Exclusive in-its price class—the MODERN TYPE engine that holds records on land, sea, and air! It's "The Engine of Tomorrow"—in today's

BIGGEST HYDRAULIC BRAKES in the low-price field! Largest diameter drums - largest lining area per, lb. of car weight! PRO. TECTED control! Separate parking brake.

BODIES BUILT FOR SAFETY! They're ALL steel — no fancy adjectives are substituted for SAFETY in these WELDED units! Ford builds them RIGHT!

TRIPLE-CUSHIONED COMFORT! No other car near its price class offers this comfortcombination! New soft, wide, DEEP seat cushions — INTERNALLY LUBRICATED transverse springs—four DOUBLE-ACTING hydraulic shock absorbers!

SCIENTIFIC SOUNDPROOFING! Ford engineers licked the problem of noise and vibration. You'll notice this instantly when your ride in the Ford V-8!_

CENTER-POISE RIDE! In the Ford V-8, you ride "cradled" BETWEEN the springs—not OVER them! Springbase (your RIDE base) is 123 inches! STABILIZED ENCLOSED CHASSIS! Ford is the lowest price car with front radius rods and torque-tube drive! Chassis stabilized against

"dip" in starting and stopping! Genuine double-dropped "X"-type frame, reinforced! WEATHER-TUNNEL TESTED to give you more gasoline and oil mileage for the dollar spent.

IOW FORD PRICES include much equipment NOT INCLUDED in advertised prices of other low-price cars! Compare them item by item - dollar by dollar! Your present car may MORE than cover down-payment. Convenient terms; and our finance rates are always low!

weve got something here!

The four Hoess brothers of Hammond, Ind., who devised a low cost homestead and housing plan to fit the average working man's small income, may have started a nationwide movement. Frank Hoess, (third left) oldest of the brothers, was subpenned to appear before Sen. Joseph O'Mahoney's so-called monopolies investigating committee. This committee is considering amendments to the 1937 housing act, and the Hoess plan has been suggested as the basis for a national program. Left to right, the brothers are William, John, Frank and Joseph.

Villagers Pose with Blueberry Queen

At the Blueberry Festival at Manistique recently, Mrs. E.A. Schoffeld, Mrs. Laura Wilson, Lyle Wilson, Blueberry Queen Ann Gorsche of Manistique, Mrs. Chris Larson, Mrs. Orville Smith of Manistique, sister of Mr. Schoffeld, were photographed just after the queen had visited the hamburger stand that Mr. Smith and Lyle promoted during the celebration. Lyle really went for a vacation, but decided he might just as well continue his calling — that of making hamburgers — if it would make the festival a bigger success.

Northville, Mich.

-to THE VOTERS

of Northville School District

No. 2, Fractional

This letter is written to acquaint you with certain facts which occurred previous to and at the last annual meeting of your School District, July 10th, 1939.

One of the members of the Northville Board of Education became ineligible last November. In full knowledge of this fact the other Board members have neglected to fill the vacancy:

The resignation of the unqualified member was in the hands of the president of the Board before the annual meeting July 10th. It was mandatory that the occurring vacancy be filled by the electors of the District at that time, and not at the discretion of the Board.

Certain members, however, have preferred to defranchise you, that they may appoint a member of their own choosing. This has been admitted to me by one of those members.

Michigan School Law requires that when a vacancy occurs on a school board, the remaining members shall, within twenty days, appoint a qualified person to fill the office until the next annual meeting, at which time the vacancy is filled for the remainder of the unexpired term. Should they fail to do this, it becomes mandatory that the Township Board make the appointment. This fact was called to the attention of the Chairman of the Township Board — with what result?

Because both boards have failed to act, petitions are now on file with the Board of Education, requesting that a special election be held to fill the vacancy.

Should it become necessary to carry the request to court, it is comforting to know that we electors will incur no expense. The School Board has been promised free legal services, and therefore will not suffer for its failure to be governed by the laws of the State.

I am interested in your electing new and qualified members. I assure you that this is my only motive in placing these facts before you

Sincerely yours,

M. J. BOELENS

to be opened soon by the state liq-uor commission in the hope of in-creasing the state's revenue to the treasury, the latter being sorely in need of money. Studies have dis-closed that private retailers netted ubstantial profits from liquor sales, and the state commission believes his profit could be well utilized at

Michigan, one of 16 states with state stores, enjoyed a net revenue. profit last year of \$19.210.827. Of this license fees produced nearly \$3.-000,000, state liquor taxes. \$4,300,-000; miscellany income, \$330,000, and

the balance in retail sales profit.

Gross receipts were \$45,000,000

Administrative and collection costs, pius cost of goods and selling cost, amounted to \$25,800,000. Michigan's 'take" out of the liquor business thus was more than \$19,090,000 Na-tionally, the net revenue of state and local governments from alcoholic beverages reached a stagger-ing total of \$318,000,000.

"World of Tomorrow" Is Now in Construction!

Every miracle of science and invention that will amaze visitors to the World's Fairs is the result of vision, research, sacrifice, adequate credit, and strict adherence to fundamental truths. They give us a glimpse into the "WORLD of TOMORROW."

If you plans for future success are to materialize, good credit must be one of the strongest timbers in your building. It is essential to you as it has been to today's industrial leaders, all of whom started from very small beginnings.

This bank has worked arm in arm with business and industry throughout the Northville Trade Area for years. Its assistance and cooperation are available at all times to worthy enterprise, large and small.

Your account in this bank today may be the starting point for your "World of Tomorrow.". Won't you let us be instrumental in your success?

Novi News By MRS. LIZZIE COATES

Mr. and Mrs. Dell Moulton, Jack-son, former residents here, were recent visitors among old acquaint-

Delos Leavenworth, who has been Min poor health for some time, is now

still confined to his home. The A. L. Hill family has moved

cousin, Miss Carrie Sly Grand Rapids, Sunday.

Mrs. Otto Rexin and daughter, Alice of near Milford, have been visiting at the Archie Kent home. Mr. and Mrs. Royal Snow are the Novi-Northville road.

MAGIC

... old and new

Pulling a rabbit out of a hat is no more

remarkable than pulling a complete meal out of a senii-scaled oven - especially

when the meal has practically cooked

itself, without attention. Yet this is only

one of the tricks being done every day

by clever housewives in modern electric

kitchens. Todav's electric ranges make

possible a mealtime magic that would

have amazed our grazdmothers who

were obliged to cook meals on the crude

stoves of 50 years ago. Today one merely

snaps a switch and goes out for the after-

noon while dinner cooks itself. Today's electric ranges are cool, clean, conven-

ient . . . and electric cooking sets a new

high in delicious flavor and healthful-

ness. See the new models on display at

your electrical dealer's - or visit any
