

State Approves Water from Park Test Hole Drill

Specimen Is Declared Softer
Than Fairbrook Springs
Water; Is Labeled As
"Superior"

Get Pump Bids

Northville's water supply from the source in the Village Park received approval this week from the State Bureau of Engineering.

"The water supply is superior" to that of the Fairbrook Springs, affirms Edward D. Rich, director of the Bureau of Engineering. Water from the park is softer than the water being used at the present time in the village.

Needs Only Line
In fact, Mr. Rich points out, should Northville ever decide to soften the water, the treatment would be confined to lime application.

DISCOVER SPRING
Digging for the water main from the reservoir to Center street has revealed a spring on the hill leading up to the reservoir. It was found at a five-foot depth.

tion entirely and no soda ash would be required.

"The hardness of the park water, Mr. Rich says, is almost entirely of carbonate, or temporary" hardness. Technically analyzed, the water from the park well has the following content: Total hardness, 302 p.p.m.; iron, 23 p.p.m.; chloride, 8 p.p.m. It compares in the following manner with water from the Fairbrook Springs: Total hardness 355 p.p.m.; iron, 68 p.p.m.; chloride, 4 p.p.m.

Awaits Bids
Now that the water has been approved, work can go forward on the well just as soon as pump bids have been received, Mayor Arthur S. Nichols says. "It will likely all be settled at the next meeting, Sept. 5," he asserted.

Wehrle-Billows Win Second Four Ball, Best Ball Tourney

Wilford Wehrle, 24-year-old Rialto, Wis., star, and Ray Billows of Poughkeepsie, N. Y., won the Meadowbrook Country Club's second annual four ball, best ball tournament Sunday after three days of spectacular play.

Wehrle, with Sunday's play, had played 333 days of serious golf this year. He and Billows defeated Tony Sheehan, district champion, and Dick Chapman of Greenwich, Conn., by 1 up. There have been only six days since the first of January that Wehrle has not been on a golf course. This year's record includes victories in the Miami Biltmore, Cuban amateur and Chicago district championships and some sports fans point to him as the next National amateur champion.

According to John Walter of The News, the spotlight wasn't on the winning twosome because of the spectacular golf of the Chick Harbert-Chuck Kossis duo. When the latter pair had a best ball of 64, seven, under par, and still lost to Sheehan and Chapman in the semifinals, 1 up 20 holes, it appeared that anything after that would be an anti-climax.

While Wehrle and Billows were disposing of National Amateur Champion Willie Turnesa and Harvey Friesman, 2-1, with a five under par score, Sheehan and Chapman were staging their great victory.

Sheehan and Chapman took the eleventh as Billows carelessly three-putted and Sheehan holed a 70-foot niblick approach for an eagle three on No. 12 to put them only two down. Billows temporarily checked their rally by dropping a 28-foot putt for a dove at No. 13.

Chapman went to work, birding the next two holes, sinking putts of 40 and 20 feet, with a five under par score. Wehrle played the wrong ball, disqualifying himself on No. 16. It looked then as if the match might be squared, but Billows came through with a 12-foot putt for a halve. Chapman had another birdie on No. 17, but Wehrle matched it, and the finishing hole was halved in par.

DENTAL ELIGIBILITY LIST GROWS TO 140

Since the dental clinic, made possible through the Cousens fund, was placed in operation Monday, Aug. 21, 83 Northville children have been treated, a checkup Wednesday morning, Aug. 30, revealed.

With names still to be placed before the three village dentists and the adult committee for approval, to date, 140 children have been found eligible for clinic aid.

The clinic will continue here through Sept. 16. It is not known yet whether the clinic will be available next year. Even if funds are available, it largely depends upon the cooperation the project receives from children and parents. Miss Helen Winter, assistant working with Dr. W. Zakraski, reports that appointments have been kept promptly and in splendid manner.

NEW BUS MARKS SIXTH BUSINESS YEAR FOR BIDDLE

Came to Northville from
Dearborn for "Thriving"
Enterprise

To celebrate the sixth year that he has run a bus line from Northville to Five Points, T. B. Biddle has added a new bus to his fleet, purchased through Tom Edmondson.

The bus has already been brought into regular service, making the rounds to Northville's four corners, Maybury sanatorium, House of Correction, Wayne County Training school and Five Points. Mr. Biddle has three drivers, Clyde Homan, Charles Sheppard and Ulysses E. John.

"Chance"
Mr. Biddle came here from Dearborn because he thought it was a good "chance" to start a jitney service. "It's been a thriving business from the start," he affirms. He gives an 18-hour service to his clientele, which is made up mostly of shoppers and visitors.

Courtesy Appreciated
Because of the friendliness of Mr. Biddle and his three drivers, and the extra courtesies they extend to the public, Northville has come to look upon this transportation convenience as something apart from the ordinary commercial enterprise.

Gigantic Fireworks Will Climax Season at Edgewater Park

In keeping with the policy of Edgewater Park to give patrons only the finest and most sensational entertainment, the Park will climax its season with gigantic fireworks displays and the most sensational aerial act booked for this season.

These spectacular fireworks displays will be held Sunday, Sept. 3, and Labor Day and will be the only public showing of fireworks in Detroit and Wayne county during the holiday week end.

For the balance of the season including Labor Day, Edgewater Park will feature as the free attraction Akiba, America's premier aerial artist and Joe artist who accomplishes breathtaking stunts on the trapeze never before attempted.

Athlete will appear twice nightly at 8:30 and 10:30, and a matinee at 4:30, Sunday and Labor Day.

Although Edgewater Park's regular season will close Labor Day, the Roller Rink will remain open nightly as during the season due to the extension of the opening of schools.

YANKS HAVE SLIGHT EDGE ON TIGERS

With playing continuing through the month of September, the Cub Scout Yanks and Tigers' teams are prepared to battle for the season championship which will be determined by the wins and losses chalked by each with the last game of the year.

To date, the Tigers have won four games and the Yanks have bettered that record by one more win. One game was tied.

Following is the score tabulation of the summer: May 15—Tigers 20, Yanks 10; May 21—Tigers 18, Yanks 13; May 31—Yanks 20, Tigers 11; June 17—Tigers 18, Yanks 15; June 24—Yanks 12, Tigers 8; July 15—Yanks 34, Tigers 7; July 22—Tigers 15, Yanks 7; July 29—Tigers 22, Yanks 21; Aug. 5—Yanks 32, Tigers 24; Aug. 25—Yanks 11, Tigers 5.

GIFTS AT KROGERS

Rollie Widmayer and Chuck Woodward of the Northville Kroger store are inviting their friends and patrons to free coffee and doughnuts at the store Friday and Saturday of this week. They are also offering a basket of groceries free Saturday. Better stop in and find out about the free groceries and enjoy the hospitality of your Kroger store this week end.

Fire, discovered shortly after 2 p.m. Monday, completely destroyed the secretary's office and the adjoining poultry exhibit, building of the Northville Wayne County fair. A second alarm at 11:55 p.m. called firemen to the fairgrounds where a straw fire in the rear of the cattle barn had been discovered. This was quickly brought under control before more than slight damage was done.

Wires Burn
The afternoon fire burned the electric wires, keeping the village without electric service for a short period of time until a Detroit Edison crew from Wayne could rush to the scene to make repairs.

Firemen fought to save the building, but the flames had made such headway before discovery, that little could be done. Just 50 feet away from the burning building, Arthur Seagle's horses were stabled. Fred J. Moffitt had 60 dogs in kennels adjoining the stables and R. Edmund Dowling had eight hounds in the kennels. When the late night fire broke out in the cattle barn, the dogs and horses were removed from their nearby shelter to safety. When the burning straw in the barn was extinguished and the owners of the dogs and horses were assured that flames would not be spreading to the animals' shelter, they were put back in their stalls for the night. Horses, turned loose, on the race track when fire broke out, were not all back in their stalls until the following day. Villagers stood by to give the Moffitts a hand in taking care of the dog-housed dogs.

Cause Not Known
The cause of the fire is not known, but some of the far directors believe that a lighted cigarette stub was dropped by some person who had stopped at the water spout that was outside the L-shape building. Dry grass may have caught fire from the stub, spreading to the building which burned quickly. The building was covered by \$2,000 insurance. The loss has been estimated at \$2,000.

"Insurance adjusters have stated the cause of the late evening fire as 'spontaneous combustion'."

HEWETT'S LUNCH ROOM IS OPEN FOR BUSINESS

The advertisement which appeared on page 7 of The Record last week under the Hewett's Lunch sign, should have appeared Hewett's Lunch.

DR. T. W. SMITH PREACHES LAST UNION SERMON

The last of the Protestant union summer church services will be held at 11 a.m. Sunday, Sept. 3, in the Baptist church, where the Rev. Dr. T. W. Smith will preach the concluding sermon of the series.

Throughout the summer months, as is customary in the village, the Baptist, Methodist and Presbyterian church congregations have worshiped together in Sunday morning services, the ministers of the three churches taking turns in filling the pulpit.

REMODELED BUILDING GIVEN NEW NAME

The building at the corner of Main and Center streets, which is being remodeled to house a shoe store, has been named the Center Street building. It was formerly known as the Lapham State Bank building.

Max Hendin, one of the owners, has announced that the agency for the following makes of shoes had been obtained: Florsheim, Red Cross, W. L. Douglas and Buster Brown.

First Exhibition Bouts Draw Few Boxing Fans

Crowds Expected As World
Championship Match Is
Less Than Three Weeks
Away; Louis Is Slow
Must Cut Weight

By C. E. HUTTON

Spotlight of the sports world during the past week fixed their lingering beams on the village of Northville, by virtue of its sudden prominence as the locale of the three day invitational four ball best ball tournament at Meadowbrook, which ended Sunday, and as the final training center before his Briggs Stadium bout, Sept. 20, of world fight champion Joe Louis, Detroit's pugilistic personification of dark victory.

Even as the Meadowbrook pastures brought to Northville's friendly portals men whose names are common to the nation's golfing household, so, too, is the camp of the Ebony Jewel expected to attract the great and near great from all the many ramifications which make up the boxing world.

Next Week—Different Story
While attendance at Saturday's opening exercises at the fairgrounds arena was rather small, it was not considered indicative of future interest in Joe's training activities by camp members. As one impressively large and very muscular looking athlete commented while listening to a baseball broadcast near Joe's dressing room (formerly the educational building): "Dem Yanks is what's keepin' folks away from here today an' maybe tomorrow. But next week oughta be different."

The relative barrenness of the grandstand Saturday had little to do with the press stand, located adjacent to, and on a level with the mayron roped and canopied boxing ring. Gentry of the press occupied about 20 of the ring-side seats, with Mayor Arthur Nichols and Dayton Bunn on the edge of two more, by the time Champion Joe mounted the platform, accompanied by trainer Jack Blackburn, Colman Black and John R. Hough, and Julian Black and four husky sparring partners.

A Nervous Car Perch
A nervous photographer was perched atop a car parked close to the stand. Newspaper camera men were located in strategic spots while a radio announcer sat in a far corner, ready to pour a verbal description into a transcription microphone when Blackburn called "time."

As to the actual proceedings of Joe and his practice opponents, there's not much to tell, at this stage of affairs. The camp expected him to be slow at the start after a two-month layoff and he was.

Lambeth Walk Version
Three of his four ring partners, Willie Snell of Chicago, who helped him train for the Galento fight; Clarence Brown and Perk Daniels, strangers from Chicago located numerous holes on the left side of Louis' armor before the critical and comprehending eye of Blackburn, who seemed unperturbed about it after the show. George Nicholson of Yonkers, N. Y., toughest of the quartet of helpees, who has assisted Joe in conditioning routine for eight fights in the past three years, provided the Bomber with a breathing spell during the last round, both apparently concentrating on an original adaptation of the Lambeth Walk.

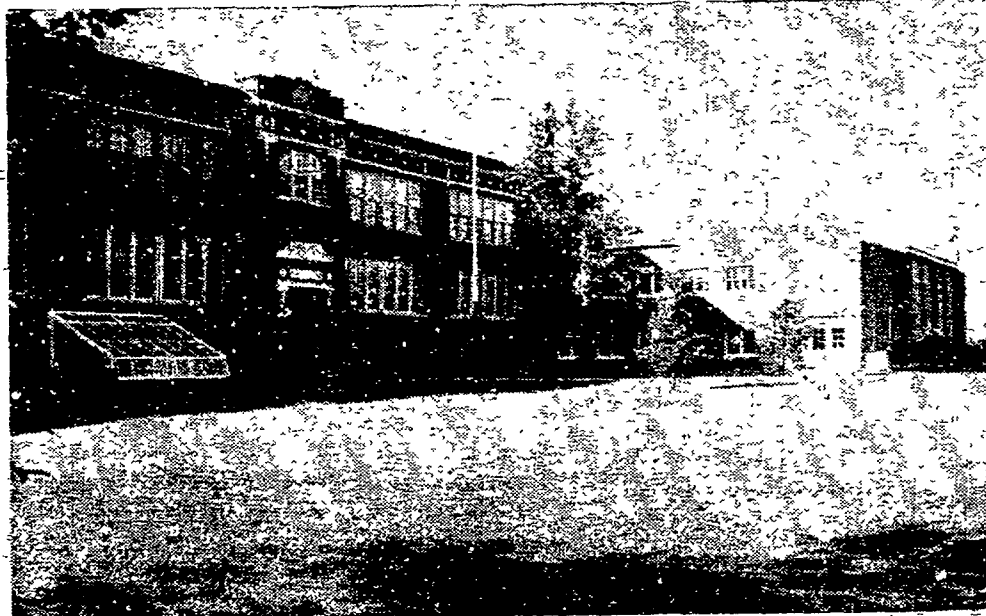

Joe finished his exhibition with several socks at the heavy bag and then several more at the speed bag, which, incidentally, he broke, after the third solid wallop.

Sunday's performance was largely a repetition of the one in all respects Monday's poultry house and administration building fire caused abandonment of tentative plans for an extra ring workout, but will not effect the regularly planned schedule of exhibitions each Tuesday, Thursday, Saturday and Sunday until the fight with Bob Pastor at Detroit, Sept. 20.

Walled Lake School Addition Ready for Fall Term

When the school doors open Wednesday, Sept. 6, Walled Lake's school pupils will begin the year's work in the extensively enlarged school building and will use the new gymnasium-auditorium. The photo does not show the eight new class rooms which have been constructed at the south end of the building.

Gymnasium-Auditorium Ready for 1000 Walled Lake Pupils

With the completion this week of the \$110,000 PWA building project for the Walled Lake Consolidated Schools, upwards of 1,000 students attending the Walled Lake building at the start of the fall semester, Sept. 6, will find vast structural changes and improvements have taken place since the close of school last June.

The gymnasium-auditorium which is a major part of the new construction, contains a playing floor measuring 85 by 54 feet. Four hundred and sixty-one permanent stadium chairs have been installed on 11 elevations to the south, facing the gymnasium floor. While a stage, 16 feet deep and 51 feet long is on the north side of the room. The stage is equipped with a huge and gold curtain, with provisions for reducing the size of the stage with side curtains, hung on overhead tracks.

Will Seat 1200
Seating capacity of the room which used as a gymnasium will total 1200, and as an auditorium, 1500. Locker rooms are located under the stage and the north seating elevation.

The balance of the new part of the building consists of home economic rooms consisting of a foods laboratory, clothing and homemaking room and demonstration room, all on the first floor, together with storage rooms. The second floor of the north construction will contain four class rooms and a board room.

After Original Building
Extensive alterations to the original building, together with the new construction, just completed and that which has been added during the past two years provide the entire building with the equivalent of 32 class rooms exclusive of the gymnasium.

The basement of the original building now contains a shop and manual art department, in the old gymnasium, an enlarged agricultural room to which has been added a conservatory and an enlarged cafeteria. There are also service rooms on this floor.

Porath Stables Win New Ribbons

Stable Prize Winners Are
Rated High at Wisconsin
State Fair at Milwaukee

The Porath and Sons' horses, under the training of Don McKarns, brought additional ribbons and honors to their already ribbon-filled stables after the showing last week at the Wisconsin State Fair held at Milwaukee.

In the three-year-old class, Elegant Danbarias II was judged first and was named the senior grand champion and the grand champion.

Mareno was second in the two-year-old colt show and was the reserve junior grand champion. Kashmere was third and Gallant was fourth.

Matilda was first in the three-year-old mare class and was senior grand champion and grand champion of the show.

In the four-year-old class, Jean was first, and was reserve senior grand champion and reserve grand champion.

In the yearly fillies class, Dalest was first and was named reserve junior champion. Mitzie placed eighth.

The Porath Stables took first in get of sire; first and second in produce of dam; first with a stallion and three mares.

CANARIES TURN INTO BUSINESS ENTERPRISE

Mrs. Thomas Henry Has 150
Birds in Her Dunlap Street
Home

Around the corner on Dunlap street, where only a few short years ago villagers used to stop at a tea room for luncheons and dinners, they now stop to listen to canaries, some 180 of them—and to seek advice about their canary troubles from one who has let a hobby become a commercial enterprise.

Day Starts at 4:30
Mrs. Thomas Henry has always loved canaries and she's always had a few in her home. It was not until her bird broke that she turned to her bird hobby as a source of recreational and financial relief. Friends became interested, giving her fancy birds.

She added to the collection until now her bird family is so large that she begins the day's duties at 4:30 a.m. and it's long about 2 p.m. before the rounds have been made making it quite a confining hobby enterprise, but one that she thoroughly enjoys.

Feeds with Toothpick
This spring, she had 90 young birds to take care of, and most of them had to be hand fed. For a good part of time, she had 25 birds that had to be fed every hour with a toothpick. She has several varieties, including the Hartz Mountains, the Yorkshires, the Parakeets and the Zebrafinches.

In order to keep canaries happy and singing, Mrs. Henry says that their bills and claws must be kept trim their legs pink and soft and they must be free of mites. "If these conditions exist persons can't expect songs from their birds," she asserts.

DEFICIT WORRIES BUGLE CORPS

The Drum and Bugle Corps made a tabulation this week for a fund-raising drive since its organization was back in October, 1938.

Their receipts during this period have been as follows: Fair association, \$10; grub stake, \$55; bingo game, \$83.65; instrument collections, \$139.50; boxing receipts, \$232.41, totaling \$521.56.

And by the same token, the group has made the following expenditures: Instruments, \$332.41; uniforms, \$162.28; repairs, \$16; expenses (refreshments and films), \$3.67; baseballs, \$11.55; cub registrations, \$5.

The tabulation reveals that the organization is in arrears \$11.35.

Rotarians Hold Rural Program

Raymond L. Klackle of Monroe
Nursery, Cites Fruit
Problems

With a guest list of some 12 or 15 local fruit growers, the Northville Rotary club was host Tuesday evening as the club presented a rural program.

Raymond L. Klackle of the Fruit Tree Dept. of the Monroe Nursery, spoke in a most instructive manner as localities fired questions at him concerning fruit growing and its problems.

Harry Clark presented the speaker, and presided during the evening, while President E. M. Bogart handled the business part of the program.

Among those who were the guests of the club Tuesday evening were: R. J. Gibson, R. L. Klackle of Monroe, Fred Foreman, Clarence R. Davis, Chas. H. Walker, Wm. J. Schroeder of Dearborn, Carmel Benton, Frank Clark of Novi, E. A. Chapman, Judd Chapman, Philip Anderson, Milo Chapman, Wm. Flinn of Novi and Andrew Burgess.

In his discourse before the club, Mr. Klackle dwelt upon matters of apple culture, varieties and marketing. New varieties and intricate complications of growing peaches came in for an open discussion and question box. Blue berries are much in diameter were described as being grown, and placed on the market, a very complete and interesting description of the functioning of the Benton Harbor market was presented.

Drum-Bugle Corps Will Collect Paper

The Drum and Bugle Corps, working to see the organization through for future activities, is collecting waste paper. Persons who have any to dispose of, are asked to call, Northville 402. Proceeds will be used to buy new instruments.

A committee of four women has been named to assist the corps, headed by Mrs. Henry Wick, chairman who has the help of Mrs. Louis Tiffin, Mrs. Jud Green and Mrs. Irving Shoenbridge. The committee will aid in planning projects through which the corps can raise money.

A get-together at an early date is planned for the parents of the boys who belong to the corps.

To assist the Farmington American Legion's plans for a Gala Day Saturday, the Drum and Bugle Corps will appear there, leaving the Northville Scout building at 1:30 p.m.

Northville Schools Ready for Opening Wednesday, Sept. 6

Finances Will Be Limited;
Can Reach Full 10-Month
Term; Grade Teacher As-
signments Announced

Paint Classrooms

With an optimistic outlook from the standpoint of the teaching personnel and finances, Super R. H. American announced today that school would start in Northville, Sept. 6.

"I've contacted all of the village doctors, the members of the school board and the health officer. With one exception, all were in favor of going ahead with the opening of schools as has been scheduled," affirmed Mr. American, who went on to point out, that unlike some communities where an infantile paralysis epidemic had taken a strong hold, Northville was completely free of the disease. The one case that was discovered here three weeks ago was rushed to Ann Arbor. "The disease has not developed further and according to the health officer, Dr. E. B. Cavell, it has had plenty of time to develop if other children had been exposed by this one case," he continued.

Speaking of the enrollment, Mr. American said that it "looked like a banner year." Finances, still uncertain, give promise, he assures, of a 10-month term. "We've figured everything on a minimum basis and there seems to be no reason for a conservative budget's not being able to see us through. There will be a great many things we'd like to do, but can't because of curtailed finances," he explained.

Name Teachers
Announcing the grade school assignments for the year, the teachers in the grade school have been named to the following grades:

Kindergarten—Mrs. Sterling Eaton
First—Mrs. Wm. Chismar, Mrs. Beulah Miller
Second—Mrs. C. F. Reng, Mrs. Nora Wilson
Third—Miss Selma Jarvis
Fourth—Miss Margaret Carpenter
Fifth—Mrs. K. H. Babbitt
Sixth—Miss Robert Radcliffe
Seventh—Mrs. James A. Huff, Jr.
Eighth—Miss Paul Carter, Mrs. W. H. Johnston

The high school teaching assignments have been definite for several weeks. Miss Tina Brissfield will teach mathematics; Mrs. Ida B. Cooke will teach English and mathematics; Miss Kathryn Gutter will have the commercial department; Miss Estelle Griffiths will have English and speech; William Hensch will have general science and chemistry; Mrs. Marshall Herriek will have English and journalism; Leslie G. Lee will have band choir and the book store; Miss Gladys Ludwig will have girls' physical education, biology and social science; E. C. Moglema will have history, sociology and English; Miss Gene Palmer will have Latin, French and Spanish; Miss Jane Eubank Lenz will have home economics and art; Harry B. Smith will have boys' physical education and general

Expect Capacity Crowds in Parks over Holiday

The Cass Benton and the River Rouge parkways, just as Michigan's 56 state parks, will be the scenes of penues over the Labor Day week end. It is anticipated that the year's park attendance will be on a par with that of last year, second highest on record.

Latest tabulations by the parks division of the Michigan department of conservation show that 8,000 more persons had used State park facilities this season as of the second week of August, than on a comparable date last year.

Records have not been completed concerning the number of visitors during the cooler weather in the latter part of this month, but W. J. Kingscott chief of the parks division, holds the opinion that this year's turnout stands a good chance of equalling the 1938 figure of 8,500,000. A 9,000,000 visitor list was set up during 1937 as the high mark to date.

Labor Day week end is the third major event, so far as "packing them" is concerned, on the park schedule. Memorial Day and the Fourth of July provide other heavy attendance records.

Kingscott said that following Labor Day, the back to work movement and school-days routine will occasion curtailed use of parks. By Sept. 15, a few parks will be closed, beginning with those drawing small numbers of visitors. Continued heavy use prevails at some parks throughout the fall, when autumn scenic beauties and fall fishing and hunting draw people outdoors.

Parks division officials have been interested in watching what effect the world's fairs on both coasts have on park use this season. August attendance figures, ahead of last year bears out the early season opinions that parks would hold their own against out-of-state attractions.

The Oldest Paper in Wayne County Outside the City of Detroit

Perhaps you are one of those who cannot take a vacation. But take a tip from this ditty—

If your nose is close
 To the grindstone rough
 And you hold it down
 There loig enough
 In time you'll say
 There's no such thing
 As brooks that babble
 And birds that sing
 These three will all
 Your world compose
 Just you, the Stone
 And your darned old Nose.

School Again

The coming of school is welcome news in many a Northville home. By this time vacation for the children has become more or less of a problem. The children are finding idle hours troublesome, and reunion with school chums sounds like a pretty good idea to most of them—especially the girls.

To the community, the opening of school means the renewed operation of the best and biggest single cooperative endeavor in the village. Involving a larger outlay of tax dollars than any other single project, and the complete cooperation of all taxpayers to a single and common end, education really presents the best that the village has to offer for today or tomorrow.

While considering the reopening of schools and its benefits, let us not forget that responsibilities also arise. For parents' thoughts should be given to the continued good health of the child. Vaccinations, inoculations, eyes, ears, teeth and other examinations have a place, and words of caution and wisdom regarding traffic, bicycles and other hazards should find utterance.

Our school system is without doubt one of the finest things of our American system, and cooperation in its conduct, timely and constructive criticism, and wholehearted support are factors in getting the very best out of what the system has to offer this community. We all realize that constant and continued education is the key to success. And no other institution in Northville is doing so much in this direction as our public schools.

Here is the state of Uncle Sam's pocketbook—receipts as of, statement of July 1. Expenditures—\$75,577,445.76. Receipts—\$273,270,009.96. Gross federal debt—\$40,654,312,988.59. Your personal share—\$312.72.

Treat everyone with politeness, even those who are rude to you. Remember that you show courtesy to others, not because they are gentlemen, but because you are one.

President vs. Congress

Tail end revolt and flange up, notwithstanding, the 76th congress gave the Administration about an even break. Denied some things that it wanted very much, it got some things that it wanted equally. And it still has a chance to make a new fight for some of the things it didn't get.

Congress Gave the President—

His long-sought power to reorganize the government (in slightly modified form).

His big national defense program, which went through at a cost of close to \$2,000,000,000.

The money that was needed — \$61,500,000 — for TVA's purchase of private electric power properties.

Modification and liberalization of the Social Security Act.

Extension of monetary powers, plus continuation to 1941 of such agencies as the Civilian Conservation Corps, the Reconstruction Finance Corporation, the Import-Export Bank.

Congress Licked the President on—

His proposal to revise the neutrality law and permit him to aid the democracies by "steps short of war."

His big lend-lease program.

His \$800,000,000 addition to the U. S. Housing Authority's program.

His pet undistributed-profits tax, which was knocked out of the tax bill.

The House investigation of the Labor Board, which the administration strongly opposed.

Continuation of the life of the famous Dies committee, which the administration would have liked to see discontinued.

The WPA bill was not at all what the administration wanted, it was better than the administration seemed likely to get last winter.

The administration failed to get the amendments it wanted to the Wage-Hour law, it prevented the conservative coalition in the House from putting through its amendments. Against the Labor Board and Dies investigations may be balanced the fact that the LaFollette committee finally won an extension of its life.

Neither the spend-lease bill nor the neutrality law revision is dead. Both can be taken up again, and undoubtedly will be, when Congress reconvenes in January.

NORTHVILLE'S YESTERDAYS

One Year Ago

Failure on the part of the taxpayers and the parents and guardians of children in the Salem Union district to approve a millage levy increase to meet the \$8,000 building bond issue which was approved Friday, Aug. 26, is responsible for the calling of a third election, Tuesday, Sept. 6.

Wayne County Gets High Valuation Mark by Board

Equalized valuation of the State of Michigan for 1939 was set at \$5,882,961,000 at Lansing by the State Board of Equalization. The board declared that taxable real estate in the State is worth a cash value of \$6,123,089,325. Wayne county heads all of the counties in the State in the amount of its valuation. Outside of Wayne, Kent is the highest with an equalized valuation of \$256,200,000 and Oakland county is third with \$240,501,000. Genesee county is a close fourth with \$240,450,000. A year ago Oakland county was equalized at \$244,401,000. The Oakland County Board of Supervisors equalized the county this summer at \$210,000,000.

Ten counties of the State have protested the valuations given them by the State Tax Commission and took appeals to the equalization board. They included: Oakland, Kent, Marquette, Bay, Calhoun, Benzie, St. Clair, Genesee, Macomb and Wayne. The appeals were all denied.

Walled Lake News

By C. E. Hutton

The third fire within a year to be experienced by Glenside Products company, occurred shortly after 1 a.m. Sunday.

The Buffmeyer were awakened by the loud and persistent barking to discover flames rising high above the roof of the meat packing plant. Investigation found the source of the blaze to be a large supply of sawdust at the rear of the building.

Cause of the fire was undetermined. There had been no fire in the smoke house, closest possible origin, since Friday. Spontaneous combustion in the dry sawdust pile was offered as another possible cause.

Only minor damage was caused by the flames. Deputy E. L. McQuern and State Police are investigating.

Horace W. Latham, 41 of 458 Fernhill, Detroit, pleaded guilty before Justice Arthur R. Green, Monday, to driving while drunk on Pontiac road, Walled Lake, at 2:30 a.m. Sunday. He paid a fine of \$75 and \$5 costs. Latham was arrested by Deputy E. L. McQuern following an accident in which Latham's car struck another, driven by George Mantyla, 34 of 1715 Waverly, Detroit. Mrs. Marion Latham, riding with her husband, suffered injuries to the head and right leg, and was treated in Walled Lake.

Amos McMillan, 39 years old, arrested Sunday at Walled Lake on a charge of being disorderly, pleaded guilty and was fined \$5 and \$5 costs, which he paid.

R. J. Kerwin, 16520 Grand River road, reported to the sheriff Sunday night that two five-gallon cans of ice cream had been stolen from his car while parked by a store at Walled Lake.

John Edward Booth, son of Mr. and Mrs. R. Starr Booth, route 2, Walled Lake, had a fish hook removed from the end of one of his fingers Sunday night at Pontiac General.

A tour of Pafke Davis Company and Alger House will be made Sept. 20 by members of the Civic Welfare club. This will take the place of the regular September club meeting.

U. S. Explorers Seek Headhunters

Mr. and Mrs. Caryeth Wells, famed as explorers and authors, as they left by steamer for the Orient, heading an expedition to Formosa to take movies of head hunters for a U. S. geographic society. Accompanying them is Lawrence Mills, Princeton ornithology student.

Ports of all who made the boat trip. The Community Luncheon club had as its guests for the day, the high school band of 40 members. The band provided music on board ship and while at the park. Many folk of the village went along for the outing.

The Walled Lake Methodist choir is scheduled to sing a half hour program during State music festival day at the Michigan State Fair, Sept. 10. This is the second State Fair appearance of the choir.

Weddings occurring during the past two weeks include those of Miss Virginia Allen of Northville, to Lawrence Wagnitz, son of Mr. and Mrs. Fred Wagnitz of Wixom, Aug. 18; and Miss Joe Thompson, member of the Walled Lake school faculty, to Edward J. Brierly. The ceremony was performed at Leitchfield, Aug. 18. Alice C. Hunt, daughter of Mr. and Mrs. DeWayne Hunt of Walled Lake, and Gilbert J. Egge, son of Walter Egge of Pontiac, were married Aug. 18, at the home of the bride's parents.

Mrs. Russell Taylor was taken to Sessions hospital last week Monday for medical treatment.

Fred Richter, Milford, visited his father on West Grand River last week end.

Mr. and Mrs. George Sedel, Northville, visited Mrs. L. E. Coates last Wednesday.

The Howe family left Tuesday for a vacation trip with Mrs. Howe's parents beyond Iowa.

Mr. and Mrs. Russell Banks and children spent last week camping near Houghton lake. They report plenty of rain there.

Burt Hicks is still very ill though he did not suffer a paralytic stroke as we were first informed.

The Rev. A. K. MacRae attended the First Baptist church in Pontiac, Sunday evening.

Mrs. Ed Baker, who has been in poor health for several months, was taken to Pontiac General hospital last Wednesday. Her condition was necessary for her to have two blood transfusions. Her eldest daughter, Mrs. Evelyn Dixon, of Northville, gave her blood for the first and her son-in-law, Mr. Dixon, was the donor for the second.

Mr. and Mrs. Ralph Jordan and children spent the week with Flint friends.

Joseph Kavanaugh leaves this week to make his home with his sister in Boston, Mass.

Miss Marjorie Hick, who has spent much of the past year with her sister, Mrs. Russell Taylor, has returned to Detroit.

MICHIGAN MIRROR

LANSING — Because heart throbs are involved, the state administration's handling of medical care for crippled and afflicted children was certain to stir up a rumpus.

And it did. Bent on economy, the 1939 legislature whacked the hospitalization budget to \$800,000 from an expenditure total of \$2,265,000 between March, 1938 to June, 1939. The maximum payable per day at any hospital was reduced from \$450 to \$350.

The University hospital at Ann Arbor has closed two children's units and has dismissed a staff of 50 members, officials explaining that the average cost per patient has been \$443 a day. Not subsidized by state funds in any manner, this institution then announced that only emergency cases of medical treatment would be henceforth accepted.

The prospects of hundreds of crippled children being deprived of modern hospital care, just because of economy demands, is one of those things that inspires resolutions. The immediate reaction was just emotion. Governor Dickinson was spanked verbally. "Didn't he have a heart?" And so on.

"Home Rule" Test

Although a totalitarian government is expected to assume welfare functions of all kinds Michigan did not attempt this particular responsibility until just recently. With the support of Gov. Frank Murphy, the 1917 legislative created the Michigan Child Guidance Institute and passed an Afflicted Children's act whereby the state undertook to pay the cost of medical treatment for youngsters who, otherwise, would not receive any. In 16 months the state treasury was asked to honor \$2,265,000 in bills. The 1937 act however, provided, "Counties, cities and other political subdivisions of the state are hereby authorized to appropriate moneys from their treasuries for the expenses of transportation, care and treatment of children resident in their several jurisdictions."

This provision of the law is being emphasized today when local governments once again are being asked to assume the major responsibility of proper care for crippled children. Governor Dickinson, undaunted as usual by criticism, pointed out that no afflicted child should suffer if each county does its job.

Auditor General Vernon J. Brown commended a movement in Flint by the Charles Stewart Mott foundation, cooperating with city and local medical societies, to open a clinic for treatment of indigent children. He said: "Much of the work that has been done in the past by the state can be none more economically locally."

Prosecutors Pledge Action

A recent survey of crimes committed by minors was conducted by Michigan State police, and the result, according to Lieut. Harold F. Mulbar, disclosed "shocking figures."

In an appeal to prosecuting at-

torneys in annual conference at Mackinac Island, the police officer said: "The major part of crime in Michigan today is perpetrated by young men... They must have an outlet for excess energy, and boys' clubs and other boys' movements will go far to curb delinquency and direct their steps in the right path."

Oscar G. Olander, state police commissioner, proposes that community organizations in towns up to 4,000 population take the initiative in forming boys' clubs.

Ovid Homecoming Highlights Week

Ovid is staging its Homecoming Jubilee on Sept. 1, 2 and 3. These gala events bring thousands of visitors to the village each year. High class street and vaudeville stunts, balloon ascensions, airplanes, music by the Industrial School and F. F. A. bands, sports, etc., provides a continuous free program.

At the same time this village is celebrating its silver anniversary of gladiolus culture. Over 145 acres of these gorgeous flowers will be in bloom—many of these are the result of the breeding genius of expert hybridists who have managed these farms for 25 years. All colors of the rainbow will be found in these fields and in the small flower gardens of home-owners and civic organizations. This gladiolus festival—like the homecoming attraction—is free.

ADVICE For Parents

whose children may
find schoolwork
difficult

HAVE YOUR CHILDREN'S EYES
EXAMINED BY EXPERTS!

Your child is in his formative years . . . when
things he learns and impressions he gathers
will last a lifetime. Don't let those impressions
be distorted and warped. Let him see things as
they are . . . let him be normal. Weak eyes
can ruin a child's life. Be sure, your boy or girl
has perfect eyesight . . . or see to it that they
wear well-fitted glasses.

Made Repairs
During the summer months, the
grade and high school buildings
have been given the usual cleaning
and minor repair attention. The
grade school corridors have been
painted as has the lower high school
corridor. Several of the high school
classrooms have been painted.

"Everything is in first class con-
dition," says the superintendent.
"It may be that we'll make one or
two textbook changes in the book-
keeping and biology courses," he
said.

Walled Lake

part of the enlarged building will
house 450 children of the first six
grades. The first floor of the former
building will also be the location of
offices of the board of education
and the superintendent, together
with an enlarged wait, bookroom,
cino and storage space. Alterations
on the second floor
provide for a modern library and
office in the former assembly room,
an English auditorium, recitation
room for junior and senior high
school, a new commercial depart-
ment principal's office, and rest
rooms.

Library Equipment
The library is equipped with
tables and chairs to accommodate
102 students, together with book
shelves, magazine and newspaper
racks. New equipment has been pro-
vided for the bookkeeping, short-
hand and typing rooms.

Lockers for each junior and senior
high school student is another pro-
vision this year, while grade rooms
will have wardrobes and locker
robes.

Cost of the new construction to
the north amounts to \$90,000, of
which there is an indebtedness of
\$45,000, reduced from \$60,000, by
payment by the board, last year, of
\$15,000 in cash on hand at the time.
Cost of remodeling the original
building amounted to \$15,000. Cost
of new equipment totaled \$5,000, for
a total original outlay of \$110,000,
which includes the 45 per cent PWA
grant, made last year.

Six teachers have been added to
the school faculty, bringing the total
number to 36. The teachers have
been provided for each of the six
lower grades, and a librarian, and
vocal instructor have been added to
the special teaching staff.

The faculty for the three schools,
including the school clerk and the
superintendent, of buildings is as
follows:

Iola Shipman and Margaret Petz-
er, first grade; Joy Thompson and
Bernilla Lampman, second grade;
Dora Wood and Helen Stevens,
third grade; Marion Everett and
Helen Robb, fourth grade; Letha
West and Elsie Linn, fifth grade;
Ruth Robinson and Helen Lloyd,
sixth grade.
