Tuesday, Ernest H. Chapelle, district governor of Rotary International, made his official visit to the Northville Rotary club, inspecting the records, quizzing the committee, chairman concerning the work and plans of the organization at a club council and addressed the club at 12 o'clock noon upon the "Meaning and Purpose of Rotary."

In his talk before the club at noon, Mr. Chapelle discussed the meaning and meaning of Rotary, in the realm of international understanding, and vocational service, with mention of the four-lane program of the organization. In the realm of international understanding, Mr. Chapelle pledged Rotary to the high purpose that war should end, and Christian people bring their difficulties to the conference table for settlement.

In vocational service, the speaker suggested that the first object of Rotary should cause each man to rediscover himself, and tend to elevate the levels of his business and professional contacts, so that he (Continued on back page)

Angove Stresses Need for Support

Michigan Crippled Children Society Is in Annual Session at Battle Creek

Percy C. Angove, executive secretary for the Michigan Society for Crippled Children, Inc., has announced the complete program for the organization's eighteenth annual convention which went into session last night and will continue through Saturday, Nov. 18, at the Hart Hotel, Battle Creek, under the auspices of the Calhoun county chapter.

The theme for the program is "Mobilizing for the Care of Crippled Children."

"The legislature drastically cut the appropriations for the medical treatment of crippled children, and in consequence our work for crippled children is in precarious condition. This makes it more necessary than ever for the Michigan Society to rally to the support of the crippled child," affirms Mr. Angove.

A highlight of the program will be the panel discussion this afternoon by Hugh E. Van de Walker, who is known in Northville, will lead the topic: "An over-view of Our Problems and Program in the Medical Treatment of Crippled Children." One of the participants of the panel will be another person known in the village, Paul H. King of Detroit, who is president of the International Society for the Welfare of Cripples. He will give an address at the banquet at 7 p. m. Saturday, on "Highlights and Bits of Gossip from London."

The Lella Y. Post-Montgomery hospital will be the scene of a tea for the persons in attendance at the convention, Saturday afternoon. Preceding the tea, a play, "I Won't Forget," will be presented by Robert Stevens, director of the Battle Creek Civic theatre, assisted by Georgia York of the Ann J. Kellogg school.

Mr. Sutton will give some time to the story of the boy who was charged with robbery in armed. The snook killed his mother and he went to the funeral hand-cuffed.

Mr. Sutton says that his pictures are not gruesome, but that they are educational and will help the whole community to see the consequences of crime.

Following the film, a vaudeville program of singing, dancing, comedy and novelty features will be given. The entire program will run slightly over two hours.

Books Around the World

tolerance and understanding about the world of around a more wide spread interest in reading and impressing all citizens that more facilities are essential, easier access to books desirable, is the work of Book Week and promotes the welfare of the community.

The House Conference on Child Health and Protection recommended that "parents should be made aware that there is the chief responsibility for stimulating an interest in good reading and making books available in the home."

Over a period of twenty-one years the crusaders of Book Week have contributed by their effort to the quality and the quantity of books, to the facilities for their public circulation, to the growing areas of men and women fitted and informed to advise and direct a bit the course of the "wider and wiser use of books."

The importance of increasing library and general reading facilities for every child is clear in a democracy. While library service is growing rapidly it has been estimated that only one person in three has a good library near at hand. Of the 46,000,000 Americans without access to libraries, millions are obviously children. Small towns and rural areas suffer the greatest lack in this direction.

Vital social needs are served by observance of Book Week and facing the responsibility it suggests. Let us have books in the home, the school, the library—books to read and books to stimulate imagination, books for wholesome entertainment, friendly understanding and broadening education.

Theme of Book Week

21st Anniversary Stresses World-Wide Interests

BOOK WEEK, (being celebrated during these days Nov. 12-18) brings around a reminder that books are the universal medium of education in school and out. The slogan challenges thinking people to explore the wide world not alone in scientific, social and economic thinking, but sentimentally as well! Books depict the habits, customs and personalities of the peoples of all lands and all times. Good books and their characters are abiding ambassadors of good will.

The national demand for intelligent informed citizens is acute and us; the need for

Exchange Club Honors Football Squad, Wednesday

Squad Attends Service Luncheon Meeting; Coaches Smith and Walker Announce Lettermen

Award 22 'N' Letters

Wednesday noon, over 30 members of the Northville high school football squad, Supr. R. H. Araman, Prin. G. V. Harrison and Coach Harry B. Smith and Neville Walker were honor guests of the Northville Exchange club at dinner at the Methodist church house.

Tom Edmonds, president of the club, welcomed the boys and called upon Robert Leary, and Coaches Smith and Walker for brief talks. Mr. Leary, pinning letters on the program, reviewed football lore, very interestingly for the boys, and urged them to play the game in such a manner that would tend to make them better citizens.

Coach Smith reviewed the season's games, losses and victories and viewed the 1941 season as one of promise with 18 lettermen coming back. He named the players who qualified for their letters, some 22 in number. Coach Walker spoke briefly and announced the "P" men of the squad.

Mr. Araman spoke about the "color" of the team, team work, and the cooperation exhibited by every member without exception, and that, in spite of being on the losing end of so many games.

Lettermen Named

The following members of the squad were named by Coach Smith as qualifying for the 'N' of the Northville high school:

Bill Washburne, Spigauke Lester, Lawrence McArthur, Don Kimmel, Star Davis, Bill Widmar, Frank Bongolavor, Ken Willis (S), Sid Turner, Jim Funks, Myron Utley, Ray Hight, Joe Defino (Capt. "Sin Bad, the Sailor" will be presented at 3 p. m. Friday, Nov. 17, in the high school auditorium by the Sue Hastings' Marionette Show, which is affiliated with the Junior Program, Inc.

The program the first of its kind to be presented in the village, is being sponsored by the members of the Mothers' club, not as a money-making project, but as a means of bringing entertainment of high calibre to the children.

The acceptance of this program by the children and their parents will determine whether or not a similar two-performance marionette show will be given early in January by a company from the South.

The Princess, a native of the Michigan Chippewa tribe, will appear before her audience in a colorful Indian costume. Traveling throughout the State, the Princess teaches health lessons with her romantic Indian tales. A graduate nurse, she also serves as health adviser and consultant.

The Tuberculosis Association makes a special effort at this time each year to acquaint a wider public with the aims and activities of the organization. The Wassena program is but one phase of the health educational program carried on from funds obtained through the annual sale of Christmas seals.

4 Thanksgiving Benefits Planned

HOLD FAIR MEETING

The annual Northville Wayne County Fair stockholders meeting will be held at 8 p. m. Tuesday, Nov. 23, in the Village Hall.

Villagers Receive Notice That State Will Take Rentals

Notices Hark Back To Disputed Paving Tax Payments; May Ask Treasurer To Give Aid

Tuesday, representatives of the Tri-County Land Agency, Inc., of fiscal agents of the State of Michigan, served nearly 50 notices upon occupants and owners of Northville property that the State of Michigan now held said property and would collect all rentals there from.

Many of these notices had their root in the disputed paving tax payments long discussed in the community.

The official notice is pretty stiff, and was a real jolt to many occupants and owners. One gentleman vitally interested suggested that owners involved delegate someone (preferably the village treasurer) to clear again the matter up with the Wayne county treasurer, and possibly see that these property descriptions are removed from the "sold book," and further that "The Tri-County Land Agency, agent of the State Land office, 250 Buhl building, be given the certificate numbers so removed and redeemed."

Perchance such a suggestion would save a lot of worry to many Northville citizens.

Hospital Veterans Visited by Legion on Armistice Day

Armistice Day, Nov. 11, the twenty-first anniversary of peace, passed quietly in Northville, the observance of the day finding exemplification in appropriate exercises at the school house Friday afternoon, an Armistice breakfast at the Legion Hall, and friendly visitation to hospitals nearby.

The Friday afternoon assembly hour was given over to public exercises attended by the pupils of the high school, the faculty and the public. The Legion members and members of the Auxiliary, gold star mothers and W. R. C. members attended in a body.

Carl Matheny of Detroit, secretary of the Wolverine Boys' State, was the guest speaker and evaluated most interestingly the functioning of the Wolverine State, its purpose, and then presented two reels of motion pictures depicting the activities of that mythical "40th" State at its work at East Lansing last June.

The school band presented a number, the Rev. Dr. W. Smith gave the invocation. Jack Taggart and Tom Houghton gave a trumpet duet accompanied by Dorothy Steuninger and taps were sounded by Robert McChesney.

Saturday deputations of Legionnaires and Auxiliary members visited every veteran in the Maybury and Eastland sanatoriums, and other veterans of the community that were ill. Presents were left with each veteran called upon.

Edgar Guest To Read Poems on WXYZ's Thanksgiving Hour

Edgar A. Guest, Detroit's beloved poet and philosopher of home and hearth, will be heard in a special Thanksgiving proclamation as the climax of "Thanks to America"—an hour-long Thanksgiving program to be heard from 2 to 3 p. m. over WXYZ-TV-Friday, Nov. 23.

In keeping with the theme of so many of his poems, Mr. Guest will speak directly from "his fireside in his Detroit home. His address will come at the conclusion of the special Thanksgiving program, "Thanks to America," which will be broadcast to a nation-wide audience over the Blue Network of the National Broadcasting company.

TWO CARS COLLIDE AT INTERSECTION

A truck, driven by James Tiffin, and a car driven by Dennis Denehut, collided at 3:30 p. m. Wednesday at the intersection of the Northville road and Seven Mile road.

According to Chief of Police Earl Montgomery, Mr. Tiffin says that he did not see Denehut coming over the hill as he was turning onto the Seven Mile road with a load of apples. Neither of the men were injured, but their cars were damaged.

ORGANIZE BASKETBALL TEAM

"The three essentials of success," said Andrew Carnegie, "are honesty, industry, and concentration. Against these three no problem or obstacle can stand, and of the three concentration is the most important." In other words, it doesn't pay to scatter your shot.—Grit.

● A Real Service . . .

If you have contributed your \$1.00 to the annual Red Cross Roll Call, well and good. If not, you will probably be called upon to do your bit within the next few days. The national goal for the 1940 roll call is a million members, a great army of people and dollars to be dedicated to the relief of human distress and suffering.

Even a hasty summary of the service rendered by the American Red Cross during the past year should be sufficient to rekindle in each person the desire to have a part in this wonderful program.

Chief among its functions is that of disaster relief. In the year ending June 30, 1939, assistance was given 129,938 persons in 157 major disasters in 43 states, which resulted in 706 deaths and 1990 injuries. These included the New England hurricanes, Ohio valley flood, the Charleston and Minnesota tornadoes and several others.

Assistance was given in clearing 150,606 cases of disabled war veterans in the same year.

355,110 persons were trained in first aid.
100,361 persons were instructed in life saving and awarded certificates as qualified to rescue and treat drownings.

1,053 new highway first aid stations were established, bringing the total to 5,362.

9,228,030 check lists to aid in eliminating home and farm accidents were distributed.

Under the head of Civilian Relief 134,107 families were assisted with social and financial guidance.

202 specialized nutritionists and food experts aided 82 chapters in disseminating information on adequate diets and healthful foods.

53,115 Volunteers (exclusive of 456,482 roll call volunteers) made 342,849 garments, 5,061,082 surgical dressings, 18,395 overseas service men's Christmas boxes and engaged in various other activities.

41,500 nurses enrolled in the nursing service ready to answer the call of disaster epidemic or emergency, and cared for 272,729 persons.

7,556,305 boys and girls enrolled in the Junior Red Cross, the nation's largest youth organization, the object of which is the acquiring of attributes which constitute civic virtues.

Once a year you have an opportunity to support this year-round program. That time is here. The local campaign ties in with the national campaign and opened on Armistice Day, Nov. 11. Roll call workers are donating their time and efforts in aiding the work. Your contribution goes toward the support of both local and national activities.

Today we have so learned the need of dictatorship in war and have so accustomed ourselves to the idea that we have the legislation all worked out and prepared for introduction to the Congress. I recommend those who are skeptical to read the May bill and the War Department report on powers for the President. A further recommended course of reading is the war tax bill introduced by fifty senators. There is little in the Nazi system except the Nazi mysticism that is not included in all this legislation.—Herbert Hoover.

Confession may be good for the soul, but it often wrecks an average household.

● Book Week . . .

The importance of book week is emphasized by the recent statement of the U. S. Office of Education that one-third of the American people are without library service. This statement, coupled with the realization of our own wonderful opportunities, should lead to appreciate the services that are ours in Northville.

Speaking of books, Frank B. Craig says:

"Our grandparents used to judge a man by the company he kept. Today we judge men by company of various kinds, among them the books they read."

"Good books are good company, and bad books bad company. The good books elevate the mind, the bad debase it. Choice of books reflect taste, and taste is preference. Infinitely does preference in books tell what kind of thoughts a man thinks."

"The literature of the age goes further. It forecasts what the next generation will be in thought, desire and purpose."

I think that one of the most evil things that has been done, has been to popularize debt, and to make the average person in this country think that he can be prosperous only by going into debt.—Senator H. F. Byrd of Virginia.

Ohio voters easily defeated the proposal to give a \$50.00 pension to those over 60 years, while voters in California snuffed under the "Ham and Eggs" proposition, \$30 every Thursday. Perchance this is evidence that voters are returning to normalcy. Can it be that the gamut of crackpot economics (like Michigan screwball license plates) has run its course, and the signals are clear for a return to normalcy in government and government finance?

One exchange says—"The printers grouch is going to do his Christmas shopping early. The President might get it into his head to move Christmas up a week or two."

The heart of a fool is his mouth, but the mouth of a wise man is his heart.—B. Franklin.

A single spot on a nice garment destroys the beauty of that fabric. A single unkempt place on a street spoils the beauty of the neighborhood.

Kroger Announces Shopping Guide Advertising Policy

Recognizing the potential threat of shopping guides and other free distribution sheets to the prosperity and very existence of newspapers, officials of The Kroger Grocery and Baking company recently announced that in the future newspapers will receive first consideration from the company.

It was pointed out that shopping guides are competitors for the newspapers' best customers—the chains and the department stores. A shopping news concern cannot exist without advertising from these two groups and the loss from either chain or department store advertising would be a serious blow to almost any local newspaper.

With few exceptions, the local newspaper represents a valuable community institution and our advertising in these papers helps to make this community service possible," Kroger officials said.

The policy as outlined to branch advertising departments from headquarters of the Kroger company in Cincinnati is as follows:

1. Kroger will not be the first food chain in a community to begin advertising in a shopping news sheet.

2. Kroger will not advertise in a shopping guide at all unless the advertising of competitors makes such a step appear essential.

3. In the event advertising of competitors make it seem necessary to take place in a shopping guide, the branch must first turn to Kroger's central office with reasons for considering such a step. The case then will be discussed by Kroger officials and their decision forwarded to the branch.

The Kroger company operates approximately 4,000 retail stores in the Middle West and regularly uses display space in more than 1,000 daily and weekly newspapers.

products such as fur, timber, iron, copper, oil and gas.

It recalls the heyday of greedy speculation of land in the Detroit metropolitan area during the boom years of 1924, 1925 and 1926 when a wave of excessive and poorly controlled subdividing swept over the city and its environs, leaving in its wake a trail of tax delinquencies and overdeveloped realty.

It reveals a shameful neglect and indifference by State and local government in intelligent planning and conservation.

The New Land Plan

Confronted with the cold fact that 1938 advertising of delinquent land in Michigan had disclosed the existence in tax default of approximately 1,200,000 acres in northern Michigan and the Upper Peninsula and literally millions of dollars in undeveloped residential and business lots in the Detroit metropolitan area, the 1939 State legislature arrived at this solution:

(1) Tax delinquent land north of the south line of Arenac, Midland, Isabella, Mecosta, Newaygo and Oceana counties would go to the State Conservation Department for disposal through its land division. Thus, suitable forest land (and unsuitable agricultural land) could be added to the State forests. Municipalities would be given an opportunity to acquire lots within their boundaries for purpose of school sites, playgrounds and parks.

(2) Tax delinquent land lying south of the above line which extends generally from Muskegon to Bay City would be offered for sale at a "salvage" auction in May, 1940. All such land will be offered for sale at a minimum of 25 cents on the dollar of assessed valuation. Dispossessed owners may have the privilege of matching the highest bid and of obtaining title again. Former title-holders may enter into an agreement with the State land board to pay such a redeeming price over a period not exceeding 10 years. If the lands are not redeemed by former owners within the 30-day period, a deed will be issued conveying absolute title to the "salvage sale" purchaser.

Southern Michigan

The land problem that exists in southern Michigan is largely the result of a subdivision boom, quite like the Florida boom which developed in the mid-twenties.

Today, in the city of Detroit and in an adjacent area, enough subdivided lots are on the tax rolls to accommodate an increase in population of three million people!

The Michigan Planning Commission, in a survey in 1939, found that only 43 of subdivision lots in four townships in Wayne county, immediately adjacent to Detroit, were being utilized. The commission also pointed out that a lack of coordinated policy of restrictions had produced "rural slums." Out of 5,323 residences constructed in four townships, 60 per cent are without furnaces, 58 per cent without bathrooms, and 54 per cent without basements. In 13 metropolitan townships studied 651 per cent of all subdivision lots planned were advertised in the 1938 tax sale. More than three-fourths of all advertised lots were tax delinquent for five or more years.

The commission concludes: "The return of this land to private ownership, unencumbered by delinquent taxes, will not assure the payment of taxes in the future, unless the return is accompanied by a program which will bring this land

into proper use." It would only mean a repetition of existing abuses, another turn in the land merry-go-round.

Northern Michigan

In Northern Michigan and the Upper Peninsula the State Conservation Department may dispose of the delinquent tax lands in one of three ways:

(1) Reserve the land for State forests and other conservation units. This would recognize the character of the land as being unsuitable for agricultural use.

(2) Offer at public auction after appraisal and establishment of minimum prices, owner at time of tax sale, having 30 days following the auction to redeem for the amount of the auction bid. This corresponds with the plan for southern Michigan, with one exception that white sale is discretionary in northern Michigan, it is mandatory in southern Michigan.

(3) Exchange with the United States and individuals when such procedure is for the best interests of the State.

In the place of speculation and spoliation, through which hundreds of millions of second-growth trees might be stripped by lumbermen and "timber skidders," northern Michigan land is to be carefully administered by a State department created in 1921 for the purpose of fostering conservation of natural resources.

Living in Newport, Ky., and working in Cincinnati, O., Miss Evelyn Sandhas, beauty contest winner, was in a quandary about Thanksgiving because the Blue Grass state will feast on November 30, while Ohio will observe the November 23 date. She solved the problem by buying two turkeys and will celebrate both days. Although two states plan to observe both days, and the remainder are about evenly divided between November 30 and the earlier date, there will be no scarcity of turkeys, according to James C. Gibson of Cincinnati who buys Kruger's four-point blue ribbon turkeys. He reports that there is a record crop of 31,855,000 turkeys this year, 22 per cent more than in 1938 and 16 per cent more than in 1936 when the previous record was established.

His novel about Vincent Van Gogh, "Lust for Life," which brought him to fame in 1934 has sold a quarter of a million copies, and sent five million Americans into the Art Galleries when the Van Gogh exhibition toured this country in 1935. Translated into 12 European languages, "Lust for Life" has been declared a modern classic.

Not all the horses on a farm are needed usually for the occasional winter jobs, so Hudson supplies keeping a team or two ready for

harness by feeding a small quantity of grain, while the balance of the horses can be wintered with little or no grain.

Young horses, particularly, can be wintered on cheap roughage if they begin to get some grain about the first of March to harden them for spring work.

Outdoor exercise keeps a horse sound and thrifty. This leads to another suggestion that horses can be maintained in second growth grass away from barns if they have access to shelter of a straw stack.

DAIRYMEN TO HAVE FIGHT NEXT YEAR
 E. F. Beach, secretary-manager of the Michigan Milk Producers association, told 500 delegates to the annual meeting at the Michigan State college that dairy farmers "have a real fight on their hands next year" in preserving the new milk marketing law of the State.
 Beach applauded the act as designed to remove "chaos among dis-

tributors" and "demoralized producer price conditions."
 "The law now has started to work," Beach said, "and of course it will be hotly contested. Most buyers wish to obey when they see it is the law, but some distributors who have had a decided advantage without the law, will do everything they can to defeat it."

Library Releases Gay, Light List for Reading

For persons who are looking forward to light, gay and entertaining reading this winter, the Wayne County Library staff recommends the following books which may be interloaned through the Northville Library branch:

Morally We Roll Along by Gay MacLaren—The heyday and decline of the Chautauqua movement is amusingly described by one who traveled the circuits.

Grandma Called It Carnal by Bertha Daxon—"Grandma" is more than amusing or odd or even striking; she is a figure of significance in the pattern of American life. She deserves a wide circle of acquaintances, and I hope she gets it.—Amy Loveman.

Dithers and Jitters by Cornelia Skinner—"Even laymen must read these slight, tickling pieces of Miss Skinner's buffed with emotions, passing every now and then to stare at themselves in angry contempt. Now just that same thing happened the other day, they will gloomily assure themselves, and why didn't I write it?"—Saturday Review of Literature.

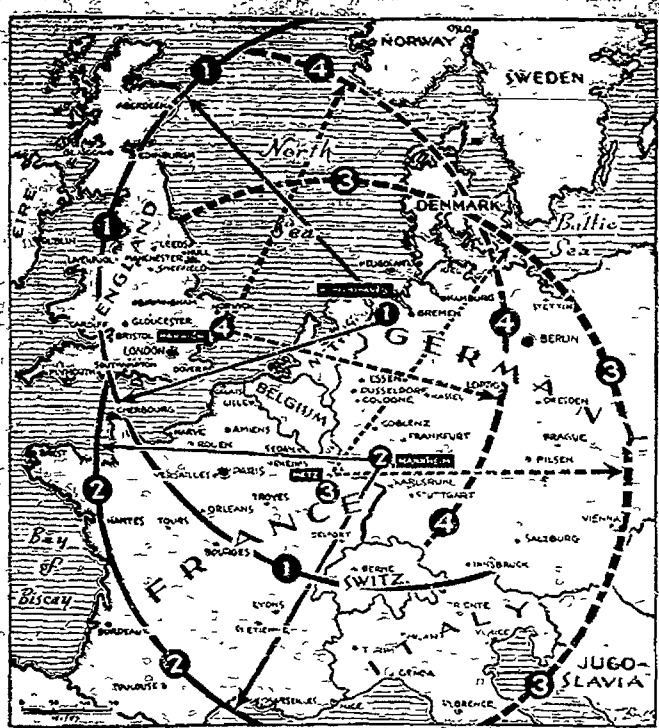

Quo Vadimus? or the Case for the Bicycle—"Do you want gaiety? Do you want good prose and higher good sense? Do you want an American humorist who is an American philosopher? I give you E. B. White."—Irwin Edman.

Journey of Tapiola by Robert Nathan—"This is a charming fantasy of the journeys of a terrier, a canary and an old gray cat."

My Sister Eileen by Ruth McKenney—"This is one of the least important and most amusing books of the season. Subtly is not Miss McKenney's meter. She writes not for smile, but for guffaws, and she gets them."—Christian Century.

Danger Zones in Possible Air Conquest

Here's how German, French and British bombing planes would go about their errands of destruction, endangering the life of every civilian living in that territory within one of the enemy bombing "circles." From Wilhelmshaven, No. 1, and Mannheim, No. 2, would go German bombers to raid Paris, London and other cities. In retaliation, French fliers would start out from Metz, No. 3, and other bases behind the Maginot line, and British airmen would set out from Harwich, No. 4, on their egg-laying expeditions.

News of Walled Lake

By C. E. HUTTON

A chicken pox epidemic which has been prevalent in Walled Lake and vicinity during the past few weeks, is now rapidly subsiding, according to Dr. O. R. MacKenzie of Walled Lake, Commerce township, health officer. A total of 15 cases reported has been reduced to five, at the present time, he stated Monday.

Dr. MacKenzie warned that all persons should maintain prompt reports of all infectious diseases as a safeguard to the general health of the community. "Changing weather conditions now prevailing make extra precautionary measures imperative, if a normal degree of health among children and adults of the community is to be maintained," he said.

"Do not ignore the symptoms of the common cold," Dr. MacKenzie continued. "These can be the forerunners of more serious ailments, if not adequately treated. Carelessness or avoidance of medical care because of an inability to pay a fee are often the underlying reasons for a spread of communicable diseases. It should be understood that services of township and county health officers are available without charge to those persons in need of such services."

Careful cooperation on the part of parents with school and health authorities is urged at all times. Failure to heed the complaints of children with regard to minor illness can be exceedingly dangerous.

winning point in the final game of the Southwestern County League schedule for Keego Harbor, against Walled Lake, here, Friday afternoon. The score was 13 to 12. Pule for Keego, scored a touchdown in the first half, after receiving a pass from Walters. Walled Lake scored twice in the second half, and Keego again crossed the goal line in the third quarter.

We have just finished our furni-

kitchen, a living room, dining room
and a bedroom. It took us nearly
a month to complete it. We are
using it for arithmetic, English and
health work.
The third grade has completed a
sand table exhibit depicting the
first Thanksgiving. They made a
small log cabin of sticks, and clothes
pin dolls dressed as Pilgrims and
Indians. They also made a small
woods complete with forest animals.
Frances Polinski and Mary Vis-

of products such as timber, oil, fruit
and grain on a blank wall map of
Michigan. They also put on some
cities. This map has given the
whole class a better picture of Mich-

INDOORS AND OUT-OF-DOORS

WHEN YOU WEAR SOFT-LITE LENSES . . . ground to your prescription . . .

Genuine Soft-Lite Lenses give you greater eye comfort because, in addition to correcting your vision, they eliminate the eyestrain caused by excess light and the frequent changes in light intensity that occur so many times during the day. Even more remarkable is the fact that Soft-Lite Lenses do not change color values in any way. You see everything in true, natural color . . . with only the irritating, straining excess light removed. For easier, more restful vision we recommend Soft-Lite. You can recognize them by the Protection Certificate that accompanies them.

Strikes in United States: During a seven-year period, 1928 to 1934, there were 7,364 strikes in the United States, an average of 1,052 strikes annually. In the following four years, 1935 to 1938, inclusive, there were 11,658 strikes in this country an average of 2,914 strikes annually. The National Labor Relations Act was enacted in 1935 the first year of the latter period. The following tabulation of strikes by years is based upon figures by the Bureau of Labor Statistics.

Year	Pre-NLRB Period	No.
1928		604
1929		921
1930		637
1931		816
1932		841
1933		1,625
1934		1,856

Year	Post-NLRB Period	No.
1935		3,014
1936		2,172
1937		4,740
1938		2,772

In 1938 a total of 122,975 workers were involved in 637 strikes and the number of man days lost amounted to 3,316,908. In 1927, the second year following the enactment of the National Labor Relations Act, labor strife reached its peak with 4,740 strikes involving 1,860,621 workers and the number of man-days lost amounting to 28,424,957; almost eight times the number of strikes in 1938, involving ten times the number of workers. In the post-NLRB period strikes have involved 4,454,858 workers and resulted in 66,931,423 man-days.

Federal Taxes: In the fiscal year ending June 30, 1935, internal revenue taxes amounted to more than \$5,181,000,000 and, of this amount, nearly five per cent or more than \$258,000,000 was collected from Michigan taxpayers. This total represents a reduction of 16 per cent as compared to collections in the fiscal year ending June 30, 1938. Although many people, according to the reports of the American Institute of Public Opinion, are under the impression that they pay no taxes to the Federal government because they pay no income tax, residents of this country pay 70 different Federal taxes. For instance, taxes are collected on club dues and initiation fees, manufactured tobacco, liquors, excess profits, unjust enrichment, estates and gifts, gasoline, oil, playing cards, cosmetics, sugar, bituminous coal, renovated butter, oleomargarine, narcotics, firearms, automobiles, automobile accessories and parts, cameras, chewing gum, and dozens of other commodities and transactions.

Grade Notes

Mrs. Robert Radcliffe's fifth grade has been making health posters and pictures of turkeys. Their room has 11 names on the Dental Honor Roll, for the people who have had their teeth approved by their dentist, or the dentist who came to school. Their room has the most names on the Honor Roll. Mrs. Radcliffe is reading a story called "The White Stag." It is very interesting. They have made preparations for book week. Each pupil brought his favorite book to school to give reports on it.

Oliver Raymond has been absent all week. Verna Larkin was ill Tuesday because she ate too much candy.

EDITORIAL NOTES

Come on Chihun, let's dance! Don your formal, gals; drag out your tuxes, fellows. Now's the time to get in the groove. Nov. 22 is the night. The place is Northville high school. You can dance all you want from 9 to 1. What is it? Why, the Senior Prom, of course.

This is the last big party to be given by the Class of '40 and one of the last opportunities for the seniors to get money towards their Washington trip. The committees for the Prom this year are working very hard and the decorations are

Mrs. H. W. Willis To Help Seniors

The chairmanship for the senior card and game parties has been graciously accepted by Mrs. H. S. Willis. She is assisted by student chairman Nina Wenker. Donations have been given by local merchants and individuals for use as prizes, which will be in the form of apples, potatoes, chickens, ducks, pumpkins and orders for food and gas from places of business in town. There will be a prize for each table also.

Due to financial circumstances, the class needs support. However, if this and other projects are well backed, the returns will carry the entire class to Washington this coming spring.

Tickets for these parties can be obtained from any member of the senior class at the door. The first party was held Thursday, Nov. 16. The public is invited to attend the next one on Dec. 7.

Juniors To Begin Practice on Play

The junior class began practice for their play Tuesday, Nov. 14. The play, "Applesauce," written by Barry Connors, will be given on two nights, and there will be a different cast for each performance.

The characters are as follows: Mr. Robinson, Ida Marie Walker and Betty Shilwell; Pa Robinson, Louis Eaton and Bob Boyden; Hazel Robinson, Marilyn Cavell and Mary Ellen Burgess; Mrs. Jennie Baldwin, Alice Bentley and Ruth Parmenter; Bill McAlister, Bill Washburne and Doug McChuskie; Rollo, Jenkins, Frank Eaton and Bob Baker; Nat McAlister, Chandler Parker and Walter Natranowicz.

The play is being directed by Les G. Lee.

Annual Bonfire Held Last Week

The annual bonfire was held on the evening of Nov. 9, to celebrate the Northville-Plymouth football game (Nov. 10).

Although the pile of brush and scraps of lumber was soaked with oil and kerosene, it did not want to start. The cheerleaders directed some encouraging yells. Coaches H. B. Smith and Neville Walker spoke briefly to the group. Captain Joe Defino, carried on the shoulders of his teammates, gave a short talk. Then the students paraded up to the four corners blocking up the traffic with a snake dance, giving the motorists a severe case of honkitis.

The bonfire was still smouldering the next morning.

Mr. and Mrs. A. D. Gallery of Caro, were callers Saturday afternoon in the village. Mrs. Gallery attended the party given Saturday afternoon for Mrs. E. J. Frost of Boston, Mass. Mr. Gallery visited with W. H. Cansfield.

going to be a pleasant surprise. The seniors are sure that the music will more than satisfy everyone's taste. With your help we know that the Prom will be a success and the seniors will be rewarded for their hard work.

An orchid this week to the "freshies" for gathering such a "nifty pile" of wood for last week's bonfire. Do you think the Plymouth Rocks felt the heat from the fire over there???

Northville Loses to Plymouth, 24-12

Northville football team lost its last game of the season Friday, Nov. 10, to its greatest rival, Plymouth.

The score of the game was 24-12 with all of the touchdowns coming on long passes. The game was played on a wet field and, after the first quarter both teams took to the air.

Plymouth scored early in the second quarter on a 55 yard pass, but failed to convert the extra point. Within three minutes Junod threw a pass to Hartner who galloped 40 yards to score. Ross' try for the extra point also went wide. Later in the quarter a Northville fumble set the stage for another Plymouth score to let them lead 12-6 at half time. The second half was almost identical to the first with scoring 12 points for Plymouth to 6 for Northville. This game was a lot closer than the score indicated because of the fight shown on both sides. The game was packed with thrills and chills, but we still came out on the short end.

The lineup was as follows:

Northville	Plymouth
Hartner	LE
Widmaier	LT
Defino	LG
Dixon	C
Willis	RG
Wavay	RT
La Rue	RE
Bougovanni	LG
Junod	LT
Kimmel	RG
Odgers	RT

Around the School

Wednesday, Nov. 15, the speech class gave an assembly program on "Living of Skill" with original talking and debate members of the class.

The football squad was absent four hours Wednesday as they were being entertained with the annual banquet given by the Exchange Club.

Ray Snell, author and lecturer, talked to the high school assembly Thursday.

All students who buy tickets for the Puppet Show sponsored by the Mothers' club, will be excused at 3 o'clock today to attend the show.

The Student Council dance, held Nov. 10, attracted a lot of S. S. students and alumni as well as a few visitors from Plymouth and Farmington.

E. C. Mollema's sociology class is planning a map of the town to find the approximate distance each person has to walk to school and how many persons will start school in the kindergarten next year.

E. C. Mollema's first hour world history class is having a lot of fun these days carving historical figures out of soap or wood.

Loss Lloyd fell and cracked a bone in her left arm recently at basketball practice. It is hoped that the injury will not prevent her from returning to practice soon.

Mrs. Lillian Rakestraw took over the home economic classes last Friday due to the illness of Miss Jane Leitz.

Training Starts for Basketball

Coach Smith Gives Warning about Eligibility of Players This Season.

Well, boys, now that we have packed away the football equipment we can go up to the attic and dig up a few basketball duds because the first practice session is this coming Monday.

Coach Harry B. Smith called all boys interested in basketball to a meeting which was held Wednesday. At the meeting it was pointed out that no one would be allowed to start practice unless he were eligible.

During the season, any person ineligible for more than one week will immediately be dropped from the team. A general outline of practice sessions was given and it was pointed out what would be expected of each player.

In order to give practice sessions to both boys and girls, it will be necessary to use the gym constantly from 8:30 to 8:45 p. m. daily. The practice sessions are expected to be from 8:30 to 8:45 p. m. daily. This obviously makes it necessary for some group to practice during the supper hour each evening. The boys will be divided into two groups at first, with Coach Smith taking the varsity and Coach Neville Walker the reserves. There will be two separate practice sessions after about two weeks, the squad will be cut and made into one.

N.H.S. Loses First Debate to Hartland

The Northville high school debate team met the Hartland team at the Hartland Music Hall, Nov. 10.

Northville upheld the negative side, while Hartland defended the affirmative on the question: Resolved: That the government should own and operate the railroads.

Northville speakers in the order in which they spoke were: Natalie Whipple, Bob Baker and Marilyn Cavell. The Hartland speakers were: Anne LaSousette, Louis Hicks and Harry Boyes. The judge was A. S. Heury of Howell, who gave the decision to the affirmative side.

Considering the fact that it was their first debate and the first experience for all N. H. S. debaters, the team did remarkably well. However, in the next debate, which is here, the team promises a good fast argument. The debate group held a practice debate at Western High Detroit, Nov. 15.

E. C. Mollema, the debate coach, would like to have more students join the debate group. Valuable experience can be gained from participation in any debate.

N.H.S. Represented at Conferences

Every year a series of principal-freshman conferences are held at the different colleges and this year Prin G. V. Harrison and Supt. R. H. Amerman are going to attend.

These conferences have two purposes. One is to see if there is any way that the college can aid in helping Northville students to get the right start in college. The other, and perhaps more important, is for the high schools to learn new plans and ideas to prepare their students for college. The high schools are executing these new ideas continually.

The first conference for this year was held at Western State Teachers college, Wednesday, Nov. 8. Mr. Amerman attended and reported that our alumni, Charles Altman and Dale Bray, "were coming along fine." The next meeting was held Thursday, Nov. 16, at the University of Michigan, where Alfred Cousins

is a freshman. Mr. Harrison attended. Maxine Perkins, Betty Gillespie, Dorothy Tyler and Jane Van Alstyne are working hard at Michigan State. Mr. Harrison will be present at that conference Saturday, Nov. 18. The dates have not as yet been set for the meetings at Albion (where Lucille Lepharm, Ben Duguid, Laura Marie Lord, Clara Christensen and Cecil Giles are students) and Wayne (where Helen Harper is a freshman).

BIRTHDAY GREETINGS TO:

Myra Gibson Nov. 17
Leo Holts Nov. 12
James Dixon Nov. 15
James Downing Nov. 14
Jack Holcomb Nov. 18
Peggy McCollough Nov. 14

Mr. and Mrs. Thomas Blackett and daughter, Delores, expect to receive Cecil Giles as students, where Delores participated this week in the horse show.

ford. Eddie Lansing was the announcer. The play was presented for the mothers of the pupils. After the play, an extensive corn exhibit was inspected by the guests. Music for the entertainment was rendered by Jean Freydl, Nancy Washburne, Mary Louise Lee, Patricia Johnston, Marcia Sparling and Patty Chase.

Throughout the grade school, special stress was placed on books. The climax of the week was the talk yesterday by the author, Roy Snell of Detroit.

All of the pupils from the kindergarten to the sixth grade visited the library this week, where a curiously display further focused attention on the importance of books.

would be known as a Rotarian to employees, customers and family as such. He found the club well rooted in the life and progress of the community, and its real growth finds its greatest exemplification in the individual.

In closing, Mr. Chappelle suggested the modern version of the prayer we have repeated as a guide for the day's work: "Now, I get me up to work. I pray the Lord I will not shrink. If I should die before the night, I pray the Lord my work will all right."

Mr. Chappelle made a profound impression upon the club, which appreciated his frankness and suggestions as well as the sincerity of his message, that was greatly enhanced by the personality of the speaker that radiated friendliness and good fellowship.
