### ● No Expense "Winter Special" ...

This week The Northville Record with 250 Michigan newspapers begins publishing a series of advertisements, the general theme of which is "Whatever Your Favorite Winter Sport, You Can Find It Right Here in Michigan." The Michigan Bell Telephone company, who sponsors these advertisements believes that the lakes, streams, hills and advantages of climate that make Michigan an unexcelled summer playground, make it equally outstanding as a center of winter sports. We join with the telephone company in a firm belief in this idea, and lend our word of commendation and support.

However, we will go a step farther and commend the thought that Northville, at the very door step of the metropolis, has every such advantage for the promotion of this vicinity as a winter sports center. Skating, skiing, hiking, tobogganing, winter fishing, are all available here. All we need to do is to absorb some of the belief, willingness and desire to tell the world about Northville. Over our back fence a million and a half people are crazy to go, seeking pleasure and health, in the thrill of winter sports. Why not lure them to Northville? Less than 40 minutes drive—Northville can offer the "No Expense Sport Special," better than any place in Michigan. All the thrills and spills are here, and all without a long and tiresome trek.

The Michigan fisherman may get an idea of how numerous his fellow anglers are by realizing that the collective weight of the more than a fishing after Jan. 1, and good for all kinds. Forty cents from each license is a small printed card.

The 1940 one dollar resident licenses are necessary for any kind of fishing after Jan. 1, and good for all kinds. Forty cents from each license will go toward purchase of lake and stream frontage to insure continued public access to fishing grounds and for lake and stream improvement and research.

### ● "Way Back When" ...

Do you remember way back when—  
Say thirty, forty years,  
We never saw our sweethearts' legs  
They were covered like her ears.

We kids were washed on Saturday night  
Our Daddy cut our hair,  
Our suits were made from Uncle's pants  
And we wore Ted underwear!

The women padded but did not paint  
Nor smoke, nor drink, nor vote,  
The men wore boots and small stiff hats  
And whiskers like a goat?

No one had an appendectomy  
Nor thought of buying glands,  
The butcher gave his liver away  
But charged us for his hands?

We never had a bank account  
On vacation never went,  
The hired girl got three bucks a week  
And a few bucks paid the rent?

We could stand each night when work was o'er  
With one foot on the rail,  
Our hips supported by 'hot a thing  
Except our own shirt tail!

We had real friends and trusted them  
For we knew they were sincere;  
Just as I am, my friend, with you  
In wishing a Glad New Year!

(Note: A friend suggests the above New Year greeting as exceptionally reminiscent and worthy.)

The difficult is that which can be done immediately; the impossible, that, which takes a little longer.—Santayana.

### ● Fashions Out of Test Tubes ...

Men's lack of interest in the clothes their women folk wear is proverbial. They hate to be dragged along to fashion shows, they scoff at the new-fangled hats that women affect, and they show their scorn for the whole business in every conceivable way.

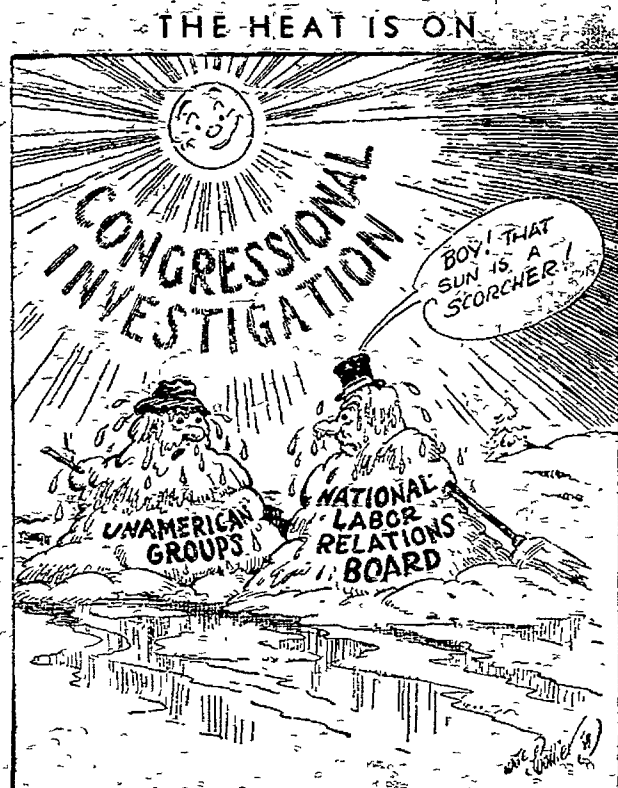

But there was a fashion show in New York City not so many weeks ago that made Americans of all kinds and of both sexes sit up and take notice. It was called "Fashions Out of Test Tubes," and it was devoted to showing products developed by industrial research during the past five years.

These products showed great possibilities for America's future. In the making of them, in finding new and wider uses for them, lay the promise of more jobs and new pay-rolls for Americans everywhere.

The audience at this fashion show saw bathing suits, evening dresses, hats, shoes, stockings, and other apparel made from glass, coal, tar, salt, oil, camphor, soy beans, milk, and many other substances. In the development of uses for these new products they saw how industry is working constantly to find new uses for the farmer's surplus products.

No man interested in the welfare of America, interested in seeing it maintain its past progress, could fail to be inspired by this particular fashion show. With industry cooperating with the farmer, with the production of new products for the great body of Americans, it spoke glowingly of the future that lies in wait for this country if industrial research is given encouragement and a free hand.

And will the test tubes of 1940 produce raincoats? Tempests, based pressure, family pets, and the pocketbooks will all smile if ...

paying a special sewer tax for the use of the new sewer.

The new sidewalks are also very nice, though why not give the credit for the low cost to the taxpayers, to the party who made it possible. And is it not true that we should have built more sidewalks in more necessary places for the same amount of money.

As for the slogan, "Keep Northville the Village Beautiful," every dollar a citizen spends on his place for beautification, costs him almost as much in added taxes because of it, thus killing incentive to that end.

I personally would have deemed the administration more successful had the taxes been lowered.

Also it being a well known fact that a man's GOOD DEEDS speaks more for himself, makes me wonder if the taxpayers paid for the PAEN of PRATSE mentioned in the opening line.

### Base Line School

By MARY VISNYAK

The second and third grades are making a calendar. They're keeping track of the weather. They have different colors for the different kinds of weather.

The children are making a store. They are making balls, apples and funny pictures.

The fourth grade is making a map. Laveria Kreeger brought a lamp, and a glass dish that belonged to her grandmother. Myron Whipple brought a cup and a saucer. It is a hundred years old.

It belonged to his great grandfather and grandmother, Louis Visnyak told about a book.

The seventh grade is having a history test.

The second grade, composed of Eugene Polinski and Joe Visnyak, is making a health book for pets. The pets are a pony, turtle, kitten and a dog.

Martin and Joan Koldyke are going to be absent for a couple of weeks because they are going to Florida.

Our school makes a calendar every month. The upper grades put up the calendar.

## State Employs 2,516 Boys in Schools

The Michigan National Youth Administration is employing 2,516 needy youth on its school aid program in 110 schools in Wayne county, according to Orin W. Kaye state administrator.

Youth who are accepted as eligible for NYA school aid by the school authorities, are employed on part-time projects for which they are paid a maximum of \$6 a month and which are supervised by school officials themselves. This amount often means the difference between attending school and being forced out. Young people in financial need are provided with a sufficient amount of money to pay necessary expenses such as books, lunches, transportation and, in many instances, clothes.

The type of project on which the youth are employed is designed to provide work experience in his chosen vocation wherever possible. They are given the opportunity to obtain experience in typing, filing, dictation, bookkeeping, sign and poster painting, yardwork, woodwork, landscaping, window cleaning, and book repairing and many other occupations which may prove valuable in seeking employment after they have completed their schooling. A total of 15,477 needy students are now working part-time for the NYA, 10,000 of whom are in high school and 4,977 in college.

## News from Walled Lake

By C. E. HUTTON.

One of 53 high school basketball tournaments to be held soon under State Athletic Board auspices throughout the State is scheduled for Walled Lake school's new gymnasium on the nights of Feb. 29, Mar. 1 and 2. This announcement was made Saturday, by Sup't. C. A. Hoffman, following receipt of the decision of the State Board.  
Teams to compete in the local tournament will be from classes B, C and D, but schools represented have not yet been announced. The selection of the local school as one of the district playing centers came as the result of an invitation extended by Mr. Hoffman a year ago. State and district authorities agree that the Walled Lake gymnasium is one of the largest and best equipped units to be used for the State wide playoffs. A seating capacity of over 1,200 can be provided for the many spectators expected to attend the three-day event.

Annual election of officers of the Civic Welfare club was included in the business of the day at their first meeting of the new year, held Wednesday at the home of Mrs. Ira Carner. Mrs. Rex J. Mrs. L. C. Wimmer has made available to the club the recreation rooms of the Wimmer cafe for the purpose of serving the bi-weekly dinners of the Community Luncheon club. Mrs. William Kothe will be in charge of this activity. Plans for a formal dance to be held some-

time in February, were discussed, and Mrs. Stanley Vooheis and Mrs. Ralph Daniels appointed as a committee in charge. Proposal for sponsorship of a home talent play was also considered.

The marriage of Laura Coe, daughter of Mr. and Mrs. Edward Coe to Louis Kreng of Pontiac, occurred Dec. 30, at the First Nazarene church of Pontiac. The ceremony was performed by the Rev. Roy Starr of Lansing, before 90 guests. A reception at the church followed.

## Brooder House Cost Is Reduced

H. H. Musseiman, head of agricultural engineering at Michigan State college, has constructed a new poultry brooder house which he considers suitable for the average Michigan farm, but so surprisingly low in cost that he is saving it for inspection by rural visitors during the twenty-fifth annual Farmers Week to be held at the college, Jan. 29-Feb. 2.

"Boys enrolled in 4-H club work or projects of Future Farmers' clubs could construct this new type house easily," says Musseiman.

Plans are to be available to those who ask for them during Farmers' Week. Details in the meantime, however, are to be kept secret. The department staff members want to see what happens when the unveiling occurs while the campus at East Lansing is holding its annual rural open house week.

Mrs. Garrett Barry, Mrs. Bruno Freyd and Mrs. A. A. Holcomb left Monday for Edinburg, Tex., where Mrs. Freyd will spend the winter months.

Sixty wooden actors, designed and manipulated by Rufus and Margot Rice will bring these stories to an audience which will be made up of youngsters and adults.

The Puffin Race Marionette performance, were the hits of the Chicago World's Fair, where they attracted children and adults at the A & P Carnival. Because of this popularity the group became known as the Puffin Race Marionettes.

At the present time the group is making a tour of the United States and Northville is to be a day stop over.

The first consideration of the Mothers' club in sponsoring the show is community service. However, the organization also wants to make a profit, the proceeds are to be used by the club in buying new equipment for the home economics department in the high school.

Tickets sell for 15 and 25 cents and are on sale at the General Drug store, the grade and high schools. Each member of the club also has tickets to sell.

## Junior High Pupil Fractures Leg

Wednesday, Jan. 3, William Sutton, junior high student, slipped on the wet gym floor and broke his leg. He was taken to the Ann Arbor hospital. He was given gas and his leg set in a cast up to his hip. When getting a report from him the only thing he could think of was if he'd get enough to eat or not.

### WITNESS MOVIES

A program Wednesday, Jan. 10, in the senior assembly consisted of two movies, one on television and the other on radio. The seventh and eighth grades had seen it at an earlier hour in the morning. These movies proved to be very educational and interesting to the students and faculty.

## First Graders Make Weather Calendars

Miss Selma Jarvis Names Semester's Perfect Attendance Pupils

Mrs. William Chismar's first grade class are keeping a weather calendar. Mervyn Bolton and Nickolson Pury had birthdays last Thursday and Friday.

The following children in Miss Selma Jarvis' third grade have not been absent this year: Lillian Dodge, Robert Houghton, Dave Booth and Jack Mulligan. Miss Jarvis' pupils are keeping a record of the number of books they have read this year during library reading time. So far Robert Houghton, Kathryn Rackham and Fred Wick lead in the number read.

The fifth grade in Mrs. Robert Radcliffe's room held their first Citizenship club meeting on Friday, Jan. 5. The purpose of the meeting was to elect new officers for the second semester. The following officers were chosen by vote: President, Betty Houghton; vice-president, Bob Masters; secretary, Lorraine Rieger; treasurer, Helen Ann Caldwell; and host, Francis Smith. The president appointed her cabinet; the social committee chairman, Billy Weeks, assisted by Delores Blaser and Paul Palmer; the program committee chairman, Daphne Shoebridge, assisted by Patricia Graham and Dillo Pohl; the health officers, Myrtle Lundy and Jack Whitworth; the monitors, Mary Wootton and Charles Finney.

Following the business meeting the pupils had a round table discussion on safety at home and at school.

## Mustangs Defeated by Redford Union

The Northville Mustangs lost their third game of the season by a narrow margin, Friday, Jan. 5, to Redford Union.

The Northville defense was caught flat-footed throughout the first half and this brought Redford Union a few scores. At the intermission the score was 18-11 for Redford Union. In the second half the Mustangs began to play a better brand of basketball, both defensively and offensively. The third quarter ended with Redford Union leading 29-22.

In the fourth quarter the boys from N. H. S. fought desperately only to fall short of a tie and the final whistle blew with the score, 29-28 for Redford Union.

The starting lineup for Northville was forwards: McArthur and Hartner; center, Widmaier, guards, Orr and Fritz.

### GIVE YULE LOG SCENE

Last week an article appeared on our Orange and Black page about the Christmas cards enacted by the Dramatics club on the stage and presented to the teachers. The Yule Log Scene was presented by Mrs. Ida B. Cooke and Mrs. Starr Bray. Through error, Mrs. Starr Bray's name was left out of the article and at this time we wish to give her full acknowledgement.

## EDITORIAL NOTES

The month following the Christmas holidays is probably one of the busiest of the whole year. January means more than just settling down to school routine, due to the fact that semester exams, remember, come towards the latter part of the month. Here is a brief resume of the happening in and about school for the next 31 days.

It's been pretty cold lately and ice skating and tobogganing are always welcome to help fill up our spare moments. January is definitely the month for winter sports and I think most of us are taking advantage of that fact.

Lined up for tonight is the girls' basketball game at Trenton and the boys' game with Trenton. Their game is at home and a student council dance is going to be held afterwards.

## “Applesauce” To Be Presented January, 24-25

Juniors Rehearse for Production under Direction of Leslie G. Lee

The play “Applesauce” which is to be presented by the junior class Jan. 24 and 25, has had a successful run throughout the country for more than two seasons. It is one of those typically American comedies of small-town folk in which an amusing set of characters are revealed through clashes of interest and love.

In other words “Applesauce” is cheerfully optimistic and shows the ability to tell others how nice they are. Hazel Robinson has foolishly engaged herself to a young man called Jenkins but all along she is really in love with Bill McAlister who, though hard up, wins out in the end and achieves not only success but happiness as Hazel's future husband.

The play is a Samuel French production and is directed by Leslie G. Lee and will be given at 8 p. m. Jan. 24 and 25, in the Northville high school auditorium.

## N. H. S. SCENE OF MANY NEW CLOTHES

Arlene Blake and Mary Lou Smith Are Pleased with Gifts

Naturally, it being right after Christmas, N. H. S. is reeking with new clothes. It seems as though everytime we turn around, we see someone wearing some bright new sweater, skirt, and even these flashy socks.

Arlene, Blake and Mary Lou Smith, both seniors, are flashing new diamond rings and we'd like to add, just between you and “we,” they didn't get them from Santa Claus! It seems to be a tad lately, this getting “engaged!” Congratulations, gals!

Yvonne Taylor, Mary Frances Bass, Jean Lyke, Pat Klein, Toots Angove, Mary Jane Clark, and Marilyn Gussell are some of the “fens” we happened to rest our glummers on wearing either new skirts, sweaters, or both. Jean Lyke, Lucy Bidwell, Marcella Fugate and Mary Frances Bass will never be late any more because they all have new watches. Those in line for new dresses were Alene Matthews and Eugenia Stanford. New old boots or shoes should keep Betty Armstrong, Marion Heatly, Norma and Florence Gotte, and the McColloughs from getting cold feet.

Oh, don't think “we” didn't notice your new things too, fellows, “cause we did! But definitely, they were so loud we couldn't miss them. Bob Parmenter, Louis and Frank Eaton are flashing around school with bright plaid shirts. New sweaters are covering the masculine backs of Bob Orr, Frank Bong-

begin. At first, workmen were brought out from the Highland Park plant, but as time went on and the plant expanded, men from the village and nearby countryside found jobs. To meet increasing needs a larger plant was built near the old mill, but the trim grounds, the wooded, natural surroundings are just as they were. An artificial pond and overhanging water wheel are part of the scene. Three hundred men work here, and most of them own their own farms. When work is slack at the factory, which, as a matter of fact, isn't very often, they work in the fields.

During the past year the local bank secured permission from the State Banking Commissioner to operate an industrial department, which has to do with personal loans up to \$1000 and also financing of the purchasing of automobiles. At the last directors meeting the rate on financing the purchasing of new cars was reduced from 8 percent to 5 percent, 6 percent still charged for financing used cars.  
In spite of low interest paid on savings deposits have steadily increased.  
The bank is a member of the Federal Deposit Insurance Corporation with deposits insured to \$5000.00.

## BOXING

Freddie Campbell of Northville, put on a fast bout, the decision going to Forbes.  
Al Thomas and Art Struble of Maybury, in the final bout of the evening, presented two entirely different styles of boxing. Art piled up a good many points with an effective left jab, but Al's rushing tactics kept Art on his heels. The judges favored Art.

The officials of the boxing show were: Referee, Dan Draper; Judges, Max Austin, Vernon Pilgrim, Dr. L. W. Snow, Timekeeper, Del Campbell; Announcer, Orlow G. Owen; and Manager, Dick Loomis.

401 North Rogers, was damaged, July 15.  
A second call was made at the fair grounds within 12 hours after the poultry house burned. The fire this time was in the cow barns, Aug. 29.  
Two garages were damaged by flames, Sept. 9, at the homes of Bert Snow and Mrs. N. C. Schindler. It was late in November, the fire started in the poultry house, the fire department was called out again. This time it was to extinguish a fire at the home of Mrs. L. A. Babbitt on East Cady street. Another fire occurred on Cady street, Dec. 27, when flames did about \$400 worth of damage to the Bert Pierson home. This was the last fire of the year, Fire Chief Fred Hicks reports.
