It's Easter . . .

Whether Easter comes early or late, the festival of the Risen Lord reminds humanity that for forty centuries in an unbroken column, the race of man marched in the shadow. Of all the millions who descended into the valley, not one returned. Then an apostle brought a new message that gave hope to a despairing race, as unto a dying race he lifted his voice and proclaimed:

"One human form has risen from the dead;
 one grave of earth is empty; the man Christ
 Jesus who was dead, is alive again."

What a story! What a promise for the generations yet to come! For generations the cross had been an emblem of sorrow, pain and death. Crucifixion on the cross had been associated only with transgressors of the law who paid the penalty for murder and theft. It was not until the hour of the Risen Christ that the cross ceased to be an emblem of shame. From that date henceforth the cross was transfigured into an insignia of Christian society with the greatest promise known to mankind that to whosoever looked upon that cross and believed would come life abundant and eternal.

Sunday, March 24, is Easter in every Christian heart and church throughout the country. Again we shall hear the story of the life, death and resurrection of this same Jesus who transformed the Cross from an emblem of death and punishment and disgrace to one of life, faith, honor and glory. Once again it will do us good to hear the messages that will help us to bear our cross without complaint, to face life on the square; to smile, forgive and try to keep faith. To again resolve to face the sun so that the shadows may fall behind, that is the message of Easter.

"If you make people think they are thinking, they'll love you. If you really make them think, they'll hate you."—Marquis.

The sixteen major league baseball teams have placed their annual order for 150,000 baseballs.

Of Good Report . . .

Those parents and villagers who found it impossible to attend the travelogue presented last week by the children of our grade school missed a real treat. The program, the exhibits, the decorations, costumes, and the enthusiastic hospitable atmosphere of the occasion made it one to be long remembered by participants and guests. May we offer our congratulations to Supt. Amerman, Prin. Carter, a willing corps of teachers, and our grade children who made the event possible of our appreciation.

An editorial trend contends that the man who works and worries himself to death to pay his taxes today is America's greatest hero.

It is estimated that peat forms at the rate of one foot in 300 years and 20 feet of peat is required to make one foot of bituminous coal.

As an anniversary comment for the American Legion may we venture to predict that ten years from now Legionnaires will be better remembered for what they did in 1930, '40 and '49, than for what they did in 1917-19. A generation now with us has all but forgotten the first World War. They find little to remember in the line of actual accomplishments of that day. But they will have much to remember of the years mentioned as the Legion strives to steady the arm of democracy through these trying days and years.

The census is apparently senseless—see if you don't agree when the taker pries into your affairs. Or, you get one of those long winded eight page blanks to fill out.

It is rather early to think of the usual summer "mad dog" season. But dogs in Michigan are now under quarantine. Michigan is starting a united attack on rabies. One hundred dog heads are being examined each month. The 13-dose Pasteur treatment serum produced by this state had to be split to meet the demands for protection. Sixty-five thousand doses of vaccine were produced. Free Pasteur treatment is costing the state \$30,000.00 a year and medical costs for administering the serum tonches approximately \$75,000.00. Livestock damage runs into the thousands of dollars to the farmers. So, even though its your dog, don't let him run at large.

The other day we watched a big mogul pulling a 70-car extra up the grade from Plymouth. Just as the brakeman riding a box car was the thrill of every farm lad a generation ago, and today has passed, so we thought, ten years from now the powerful picturesqueness of a locomotive belching smoke and steam will have passed also. We are told by railroad men that the average speed of a freight train today is 62 per cent greater than in 1920. Today the average freight train makes 401 miles a day compared with 247 in 1920, and for every pound of fuel 8.89 tons of freight are moved a mile as against 5.8 tons in 1920.

By MRS. WM. H. ZWAHLER
 Members of the Sunshine Sisters met at the home of Mrs. Russell Ault Friday afternoon. Mrs. Gordon Vance led the Bible study period, all the women present taking an active part in the discussion which followed. Flowers were ordered sent to Mrs. Gordon Cameron, who until recently had charge of this part of the program, but whom on account of ill health has lately been hindered from attendance. Mrs. Homer Coolman and Mrs. Russell Ault were chosen as a committee to look after the organization's special charity work, such as the distribution of baskets and flowers to the needy and sick. Arrangements were made for the meeting Friday afternoon, Mar. 29. It will be a potluck luncheon affair in the nature of a surprise for a shut-in of the community. At the close of the meeting, Alice Jones Vance delighted the audience, consisting of 11 persons, with a vocal solo.

Mrs. George Welch, who for some time has been quite ill, is able to be up and around the house.

Mrs. Frank Willoughby has been spending much of the last week with relatives in Detroit and especially at the bedside of her mother, who is critically ill.

The Ladies Auxiliary of the Goodfellows Association will hold a potluck luncheon and card party at the Town Hall, Farmington and Five Mile roads, Wednesday, Mar. 27, at 12 o'clock. All women interested are asked to come and bring their favorite dish and table service. Mr. and Mrs. Stanley Chavay and son, Stanley, Jr., of Redford, were Sunday afternoon and evening guests of Mr. and Mrs. Lucian Gilbert.

Miss Grace Rosebury and Harry Duffie of Detroit, were Sunday afternoon guests of Miss Doris Gilbert. Mr. and Mrs. Clarence Rigney of Los Angeles, Calif., and George Mack of Detroit, were Sunday night luncheon guests of Miss Shirley Zwaehler.

Miss Freca Ault visited Mrs. Gordon Cameron in Detroit, Saturday. Mr. and Mrs. Edwin Johnson visited friends in Ann Arbor, Saturday evening.

Mrs. John Weigle has been confined to her home with a severe cold all last week.

The boys and girls Wonder Book club, supervised by Mr. and Mrs. Nelson Cameron, was held Thursday night of last week at the home of Betty Jean and Dale Taliman. The date had been changed because of a conflict with the 4-H Club Anniversary Day. This week it was back to the usual Friday night Bible study.

Mr. and Mrs. Brian of Mayfield avenue, were hosts to the Rev. Gordon Cameron's Bible study and hymn-singing group, Thursday evening. Ice highway cut down the attendance so that only 11, the smallest attendance yet experienced, was present.

A birthday supper was given Harold McVicar on his birthday last Wednesday at the home of his grandparents Mr. and Mrs. Marvin Addis.

Miss Gloria Reichman is ill with inflammatory rheumatism. Mr. and Mrs. Harry Gorman and George Kacy of Detroit, were Sunday afternoon guests of Mr. and Mrs. Lucian Gilbert.

Marvin Addis and two daughters, the Misses Shirley and Jeanne, were Sunday dinner guests of Jeanne's grandparents, Mr. and Mrs. Joseph Freer of Detroit.

Mr. and Mrs. Lucian Gilbert attended a St. Patrick party Saturday night at the home of Mr. and Mrs. George Frisch on Nine Mile road.

Miss Shirley Zwaehler returned home late Thursday night from her vacation trip to Los Angeles, Calif. Mr. and Mrs. Tracy MacMurtrei of Detroit, president of the Wayne County Council, were guests of the Pierson P. T. A. at their last meeting. W. Hesse of the Federal Narcotic bureau, Detroit, was the guest speaker.

The P. T. A. of Pierson school will sponsor a benefit card party at the P. T. A. Hall at 1 p.m. Thursday, Mar. 28. Dessert and coffee will be served. The proceeds will go to buy milk for the under-nourished children of Pierson school.

HOTBED BULLETIN REVISED

When to start seedlings, how many it takes to plant an acre—these are some of the pointers in the recently revised Michigan State College bulletin "Hotbeds and Coldframes," extension bulletin 20. Copies soon are to be available through offices of the county agricultural agents or by writing the bulletin room, Michigan State college, East Lansing. Authors are H. L. Seaton of the horticulture department, D. E. Wiant of agricultural engineering and J. H. Mungie, plant pathologist.

By MRS. C. O. HAMMOND—The Washtenaw County Brotherhood members were guests of the Federated church last Sunday for their monthly meeting. The meeting started at 4:30 p.m. with a guest speaker. The women of the church served lunch and the meeting was resumed after a social hour. Several guests and quarter vocal numbers were given. Pictures on the crucifixion of Christ were shown.

The Parent-Teachers association will have their regular meeting at 8 p.m. Thursday, Mar. 28, at the school. After the business session a play, "The Five P. T. A." will be presented by nine of the members. Everyone is invited to attend.

Mrs. Vern Kohler has been ill the past two weeks. The Federated Aid dinner will be held at the home of Mrs. Don Granger, Thursday, Mar. 28. A church night is also being planned to be held at the church Friday evening Mar. 29, with a supper and

program to follow. More particulars will be given next week. Mrs. C. O. Hammond was hostess to 12 women of her "500" club last Tuesday evening.

The Willing Workers Bible Class members were compelled to postpone their meeting last Thursday at the home of Mrs. Williams at Center on Center because of the ice storm. The meeting will take place in April at the Williams home.

Hazel Hammond has been ill the past week. Mrs. Charles Payne honored her grandson, Junior Mankin, at a birthday dinner last Thursday evening. Several of Junior's playmates were present as were his parents and sister.

Birthday congratulations to Walter Hammond, Friday, Mar. 22. Good Friday services will be held at the Congregational church Friday at 1:30 p.m. The Federated church will unite with the Congregational.

The fifth and seventh grades have a callus race. John Kolyk and Mary Vanyak won the dictionaries. The fourth and sixth grades are writing letters about the farm. The fifth grade is making a present map of the farm. The fourth grade is reading and writing in a story. Now they are making the moving picture about the farm.

WOOD IS STILL DEAD—Foresters in the United States report that although more than 2,000 patents have been issued in the past 30 years for using substitute products for wood, the use of wood is still the most widely used. Nearly a billion board feet are in service, it is estimated. An annual renewal of 100 billion to the mile is considered average, although some railroads have year-replacements of but 50 to 75 billion to the mile. Three-fourths of the 50 billion used annually are treated before they are laid in roadbeds.

It is the old lesson—a worthy purpose patient energy for its accomplishment, a resoluteness undaunted by difficulties and then success—Puncheon.

GOAT BREEDERS MEET

Recent meeting on the campus of Michigan State college of some of the state's leaders in goat breeding brought out some interesting facts about goats. The animals are exceedingly dairy eaters, despite their reputation for thriving on empty run cans. The animals like alfalfa, clover or soybean hay. Their diet also includes carrots, corn, barley, oats, linseed oilmeal, bran, steamed bone meal, salt and appetizer pellets.

Why lug the Drum when you can
twirl the Baton?

Above is the Buick SPECIAL
4-door touring sedan \$896*

YOU never yet saw a band come down the street without someone out in front setting the tempo, while someone back in the crowd obediently thumped in time.

So you'll get what we mean when we ask, right out, why drive a car that's along just for the march—when you can pilot a Buick and show the others the way?

Maybe someday the others will have engines like velvet because they're electrically balanced after assembly; but Buick has them now.

Maybe tomorrow they will have coil springs—all around that never need greasing—but Buick has them today.

Maybe sometime you'll get the five-foot front seat room and Foamtex cushions of the SUPER—maybe you'll get direction signals with automatic cut-off as standard equipment—but you can get those things and a lot besides on Buick this year.

Maybe someday you'll get a car as long as Buick for the money, or with a frame as heavy without paying more; maybe sometime there'll be another eight as big and roomy and powerful that's priced like a six.

But why take a chance on those maybes when this money's here, ready for you to take over right now?

Fact is, when you step into

this Buick you take over a car others will be trying to equal for years to come.

So drop in on your Buick dealer. Drop in to talk facts and figures, or drop in to see what next year's cars will try to look like.

But drop in! Soon!

6:30 a.m.—Easter Sunrise service.
10 a.m.—Sunday School.
11 a.m.—Easter service.

The Easter sunrise service begins promptly at 6:30 and consists of a special worship service built around the theme, "The Light Still Shines." The presentation will be made by a narrator, a scripture reader, two candle lighters and two bearers of memorial names. The choir, led by Leslie G. Lee, will also have an important part in the presentation.

We will appreciate the loan of Easter plants which will be used in the memorial feature of the service. Cards stating in whose memory the plant is loaned should be placed upon the plant. These may be left at the church Saturday evening. The Service League is in charge of the decorating.

Following the sunrise service, the choir will be given a complimentary breakfast.

The Easter sermon will be preached at the 11 o'clock hour. At the close of the service members will be received into the church by letter and in confession of faith. Special Easter music will be sung by the choir.

The primary and junior departments will meet in the general assembly of the Sunday School at 10 o'clock and will have a part in the opening worship before going to their departments. The special Easter offering of the children will be a part of the service.

The self-denial envelopes and containers may be given at any of the services by the adult congregation. There will be no evening services.

Get Applications for Pheasant Eggs
Applications are now on file in the office of the game division of the conservation department for 30,000 pheasant eggs—all of the total expected production of the state game farm at Mason.

Eggs are now available for distribution until about May 15. They are supplied to 4-H clubs, future Farmers' association, sportsmen's clubs, farmers' clubs, and individuals who hatch them in incubators or under hens and release the young birds in suitable cover.

Not more than 500 eggs are allotted to any individual group or club, nor are any supplied to areas outside Michigan to licensed pheasant farms or shooting preserves, nor to areas obviously unsuited for pheasants.

Special consideration is given pheasant prospects of considerable educational value, such as those in which farmers and sportsmen cooperate with 4-H clubs.

Mr. and Mrs. Hazen Receive Wedding Anniversary Guests

Greeting their neighbors who extended them well wishes, Mr. and Mrs. J. D. Hazen of 111 North Wing street, quietly observed their fifty-sixth wedding anniversary Tuesday, Mar. 19.

On this occasion, the Hazens received a basket of yellow roses, 60 in number, from Novi and Northville friends. To each rose was attached the name card of the giver.

Moving pictures were taken. The Hazens have lived in Northville for the past two years, coming here when Mr. Hazen retired from active farming in the Novi area, where the Hazens had made their home since they spoke their wedding vows back in 1884 at the home of Mrs. Hazen's parents, Mr. and Mrs. George Dennis. Mr. Hazen was born in Oakland county, Mrs. Hazen's birthplace was in Macomb county, but moved to the Novi vicinity when she was four years of age.

Mrs. McKague and Mrs. Kysor Entertain Nellie Yerkes Group—Mrs. Howard McKague and Mrs. Karl Kysor were cohostesses Tuesday evening in the McKague home to the members of the Nellie Yerkes Auxiliary of the Presbyterian church.

Because of the illness of Mrs. A. W. Hahn, Mrs. Gerald V. Harrison read Mrs. Hahn's paper on the "Growth of American Literature since the Civil War." Devotions were led by Mrs. E. H. Lapham.

It was announced at the meeting that Mrs. Marvin Coolan would withdraw from membership because she will leave early in April to make her home in Nashville, Tenn.

Basement FLOORS MODERNIZED

Color use TRUSCON FLO-DYE System

IT'S NEW, different—the modern method of cement floor coloring. Flo-Dye is not a paint, but dyes the concrete. It is color-fast, waterproof, lime-proof, and traffic-resisting.

For the first time, it is now possible to decorate basement floors and do a lasting and economical job. Not affected by moisture's moisture or condensation. A floor preservative and cement dustproof.

Four attractive cement floor colors. Full information, including attractive color samples on Flo-Dye, will be cheerfully forwarded on request.

State Gives Break to Fish Enthusiasts
(March 3)
Purchase of frontage on five lakes and one trout stream for \$35,000 inaugurates the state's program of providing publicly-owned places of access for Michigan fishermen. Lakes on which continuance of public fishing is assured are Orchard and Union lakes, in Oakland county; Strawberry lake and Lake Chemung in Livingston county; and Lobell lake in Genesee county. The 4,200 feet of trout stream frontage purchased is on the north branch of the Au Sable river in Crawford county, 10 miles by river from the mouth of the stream. These first purchases are designed to protect the present public fishing privileges where private development might soon exclude the general public from good fishing grounds. With lake and stream improvement, and fisheries research, the access-lands purchases are financed with 40 cents earmarked from the \$1 received for each fishing license.

News from Walled Lake

By C. E. HUTTON
Appropriate recognition, for the most part, is being given Holy Week in Walled Lake circles. Special services in the three local churches have been features of the seven days preceding Easter. Secular recognition has been in the form of car parties, sponsored by the Committee O. E. S. at the Commodore Mesone Temple, Tuesday evening, and a so-called benefit Easter party, sponsored by the Civic Welfare club scheduled for the afternoon of Holy Wednesday.

Holy Week is further recognized by its local appropriation as spring school vacation week.

Special masses were to be held at

BEAUTY CONTEST

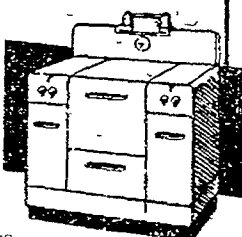

A tired woman is seldom a happy one, and a tired and unhappy woman is never truly beautiful. No woman can long retain her youth and beauty who endures the unnecessary drudgery of cooking three meals a day over the searing heat of an old-fashioned cook stove. Famous beauty experts say it isn't the years, but a dry skin that ages a woman.

The Record's Farm Scrap Book

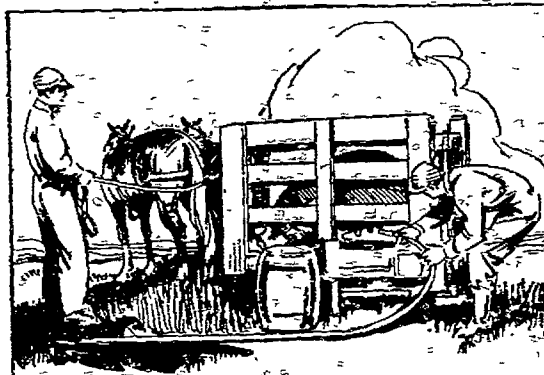

FOR 4-H CLUB BOYS AND THEIR DADS

By Willard Balte of Stony Creekmouth, Farm

A Rolling Corn Crib

Raising pigs on clean ground frequently means raising them a long haul from the corn crib—so this Rush County, Indiana, hog-raiser built a crib on an old truck chassis and hauls out a whole crib full of corn at a single trip with his tractor. The crib is filled and emptied through a rear door.

Washing Sows Before Farrowing

Apparently the farmers of central Indiana have not taken to heart the advice to raise their pigs on clean ground—where no other pigs ran last year. In three hundred miles of driving this writer saw litter of sows spring pigs on practically every farm—and every single litter was running in barnyards and nearby pasture lots where hogs have undoubtedly been running for years. They don't take those chances with negro and germ diseases and works at the experiment stations. Above sketch shows a crate of sows at the Nebraska Experiment Station—with a sow being thoroughly washed down and disinfected on her way to clean pasture before farrowing.

expected he will be here to take up

his duties Mar. 31. He was formerly

assistant pastor of the First

Baptist church of Pontiac.

It is reported that Theodore Bzovi

has purchased the six acres of land

just north of the church, facing

Wixom road. Also, Howard Cze has

purchased one acre just north of

Mr. Bzovi's and is expected to build

some time in the near future.

and type of pollution in a locality will be made by these engineers on the request of any State Health authority, subject to the approval of the Surgeon General, and review reports may be ordered by resolution of the Committee on Rivers and Harbors of the House or the Senate Committee on Commerce, who act upon the request of a Member of Congress. Plans are to be drawn up and recommendations made as to the best possible means to control the type of pollution involved, whether sewage or industrial waste, and submitted to the State or municipal health department, requesting the same by the Surgeon General.

A board of five members is created within this Division, four to be commissioned officers of the Public Health Service and the fifth, the Chief of Engineers, United States Army, or a member of the Corps of Engineers designated by him, all to serve without additional compensation. The duties of this board shall be to pass on all reports of investigations and plans for corrective methods and submit to the Surgeon General recommendations as to their desirability and feasibility.

With a practical plan in hand recommended by the Surgeon General of the United States Public Health Service, the locality affected will then be eligible for a construction loan through the Reconstruction Finance Corporation. The whole cost to the United States for administering this bill is \$250,000 annually.

This is a cooperative venture and the Federal Government, the States are ready and willing to cooperate. I have before me a letter from the Michigan Department of Health and a resolution which was unanimously passed by the health commissioners of the several States, indicated thereon on the 27th day of February this year in the city of Chicago. The Great Lakes Board of Public Health, Commissions and the Upper Mississippi Board of Public Health Commissions met in the city of Chicago representing the following States: New York, Pennsylvania, Ohio, Michigan, Indiana, Illinois, Iowa, Minnesota, and Wisconsin and the Upper Mississippi Boards of Health Commissioners and Engineers for Iowa, Minnesota, Missouri, Illinois, and Wisconsin, and unanimously passed a resolution approving the Federal-State cooperative type of water-pollution

control, such as recommended by this bill reported by the Rivers and Harbors Committee.

This bill has since been passed by the House.

THE ORANGE AND BLACK

Edited by the Journalism Class of Northville High School

Cast Is Selected for Senior Play

Rehearsals A.R.E. Started; Mollama and Yahné Will Direct Production

The characters of the senior play were recently chosen by E. C. Mollama, Sup't. H. H. Amerman, Prin. G. V. Harrison and Charles Yahné. The play is "Goli Shy" and will be directed by Mr. Mollama and Mr. Yahné.

The cast is as follows:

Tom Arsdale, who is girl shy, is played by Bob Orr.

Oba Stinson, who isn't girl shy, is to be played by Bob Farmer.

Caroline, Tom's aunt, is played by Peggy McCollough and Mary Potter.

Anthony Arsdale, Tom's father, is played by Wilford Wilson.

Silvia Webster, Tom's pet aversion, is portrayed by Lucy Bidwell and Jean Orr.

Dean Marlow, dean of the college, is to be played by Charnelle Hardesty.

Peaches Carter is played by Marie Angore and Natalie Whipple.

Asma, a colored wash lady, is to be played by Jean Marburger and Mary Frances Batt.

Burdie LaVern, a movie aspirant, is to be played by Pat Klein and Amelia Sutton.

Barbara Sanford (Babs) is to be played by Eugenia Stanford and Rhea Walling.

Alfred Tennyson Murgatoyd is to be played by Allan Gotro and Elmer Balke.

Chuck Mayo, Birdie's latest affinity, is to be played by Whitey Holt.

Around the School

Yippee! No school today or Monday. Oh, wonderful, wonderful world! It's our spring vacation. I'm glad it's only a short one, though, 'cause if we were having a long one we'd probably be getting out about June 21 instead of June 14. Have a nice vacation, students. Don't be late for school Tuesday, kids!

The Wayne County District of the Michigan Education Association held its annual meeting at Garden City in the theatre Mar 15. Four members were chosen for the executive committee of the association. Edward Weeks, editor of the Atlantic Monthly was the speaker. His topic was "What Makes a Novel?" E. C. Mollama was a candidate for a member of the executive committee. School was dismissed at noon in order that all the teachers could attend.

At the weekly H-Y club meeting the president's cabinet was chosen. Committees for the H-Y club booth at the carnival were chosen with Gene Reeves at the head. They discussed the H-Y club and what it meant to the members.

The Student Council designated this past week as clean-up week about the school. Promising results have already been noticed.

Notice that swelled-head running around school lately? It's only Whitey Holt. You see, last Monday as Whitey was just beginning to give his current event in economics, the class started a low rumble. Neville Walker quickly advised, "Please be quiet, there's a man trying to give a current event!" Well, I guess that class is cured.

The French club has made plans to provide Madame Fife for fortune telling at the N-club carnival, Mar 30. Everyone is urged to take

Easter Seal Funds Make This Possible

To convalescent homes such as this go the fortunate crippled children whose bodies have been straitened by today's medical science. When the surgeon has done his work much remains for other hands. The tots in the picture above are convalescing in a home where their every need is anticipated and supplied. They will

doubtless become responsible, normal members of society rather than an expensive and pitiful burden.

To "offer services of this kind, which is an important step in its complete program, is the aim of the Michigan Crippled Children's society, now conducting its annual sale of Easter Seals."

Sup't R. H. Amerman is chairman of the sale in Northville.

EDITORIAL NOTES

This week Prin. Paul D. Carter of the grade building, offers the following editorial for the Orange and Black:

THE COMMUNITY SCHOOL

One of the most vital of educational movements in America today is the development of the Community School. Envision, if you can, an educational organization serving as a recreational, cultural and social center for the entire community—a civic center founded through common effort whose doors would be open to all who wished to learn regardless of age; where small groups might secure expert guidance in areas of personal enrichment such as sculpturing, painting, creative writing, languages, music and the arts, wherein one might pursue technical or scientific interests through group and laboratory work; where groups or individuals might delve into philosophy, anthropology, literature, or similar areas of human culture, which would serve as a meeting place for all civic-minded people who wished to participate in group discussions or public forums—a school which in every aspect of

its being is truly a community service center.

Ideally, such a center should consist of a spacious and artistically designed structure containing an abundance of specially arranged rooms, and equipment a library, reference rooms, laboratories, shops, exhibition halls, studios, informal discussion rooms, recreation-rooms, a gymnasium, swimming pool and an auditorium—all of these in quantities and sizes proportionate to the needs of the community.

A well trained adequately staffed personnel should be available to serve as teachers, activity directors, and counselors to all who desire their services.

Schools in larger communities have already extended their facilities to adults through the medium of evening classes. The trend is obvious but the cost is great. Specifically the "question arises" Can small communities similar to Northville in size financially afford the extension of educational opportunities to a wider range of age groups? From the viewpoint of the advancement of civilization and the enrichment of human living, can they afford not to afford it?

of her friends from Northville. Those who went from here were John Horning, Lois Lloyd and Bob Farmer. Betty celebrated her fifteenth birthday anniversary.

Green and white were the predominating colors used for the decorations at the sophomore St. Patrick's Day dance, Friday, Mar. 15. The music was very entertaining and was played by Larry Smith and his orchestra. Everyone was there including Northville students, alumni and some from Plymouth, Farmington, and Wayne.

Miss Kathryn Giltner reports that her first year typing class has in its midst, a few, shall we say, "born" typists. Engle Peterson heads the class with 45 words per minute and less than 5 errors. Gertrude Cation comes next with 38, and Virginia Ault follows in third place with 37. In typing speed tests, errors count fully as much as speed does. Miss Giltner feels that when you can type reasonably fast, as do these girls, with less than 5 errors you really are accomplishing something.

Dr. H. S. Willis of the Maybury sanatorium, visited the first hour biology class last Thursday. He gave a very interesting and beneficial lecture and showed x-rays of persons affected with pulmonary tuberculosis. His talk was very educational.

SENIOR SKETCHES

"The tallest girl in school", you're right, our next senior sketch is to be on Mary Catherine Potter. She's the tallest and youngest girl in the Class of 1940. Mary was born May 1924, in Kalamazoo, on May 8, 1924, where she lived for four years. Her parents then decided to take Mary over for she stayed with them near Howell for six years. That brings her up to the age of 16, when she moved to Plymouth and took over the seventh grade. Next she moved to Northville (eighth grade) and here she has stayed ever since. After graduation Mary would like to work during the summer, and then attend Michigan State college in the fall. Best wishes for success may be added.

Her hobby is collecting souvenirs from places where she has been. Her pastimes are walking, swimming, fishing and bicycling. French fried potatoes form the most enjoyable part of her diet. When we asked Mary what colors she liked, she very cleverly answered, "All colors if they don't clash!" Algebra and geometry were Mary's favorite subjects. Her achievements in school are numerous and varied, including: Vice-president of freshman class, two years in choir and glee club, one year in journalism as associate editor, member of French and Dramatics clubs, decorating committee for Hop and Prom, and member of senior play cast. Mary also won the D. A. R. flag essay contest in 1939.

"A PENNY A MILE

THROUGH

ADVERTISING"

Says Gas Station Man*

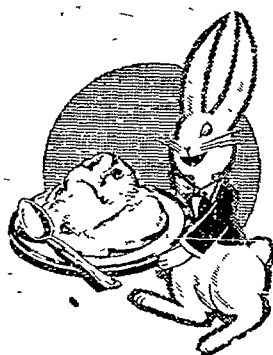

"Advertising Gives You Better Gas for Less Money"

"You see that gas pump? Well, every gallon of gas coming out of that pump is good; and what's more, you know it's good. That's largely because the company whose gas I sell advertises. That company has developed a reputation for selling a product of high quality. It has improved its product from time to time, and has told you about the improvements through advertising... Today, you know that you can go into any gas station where that company's sign appears and get the standard products—of the same high quality that it is in every other station selling that gasoline. Now, that's confidence, and you have it because the company's name and reputation for selling a sound product is known to you, and is constantly kept before you, by advertising... Nowadays, your gas costs you about a penny a mile, probably less than that. Do you think you could get good gasoline so cheap if there wasn't any advertising done by motor car and gasoline companies, by chambers of commerce, resorts, and other advertisers to make you want to go places and see things? I don't think so, Mister—that wouldn't make sense to me."
