

Ivan D. Peat Lets Contracts Tuesday for New Barns

Hicks Is Contractor for Big Horse Barn; Two Local Lumber Companies Will Supply Materials

Begin Work at Once

Tuesday evening, contracts were let to Northville organizations for new construction on the fair grounds incident to the coming Aug. 3-24, racing meet, totaling over \$10,000.

According to Ivan D. Peat, who has the racing concession and has let the contracts, local labor, contractor and supplies will be used in the project.

George Hicks of Northville, has been granted the contract for the erection of the big horse barn over 100 stalls, of the 12 track room and the feed barns. The lumber and supplies for the construction have been granted in equal parts to the Northville Milling and Lumber company, and the Newells Lumber and Coal company.

Work on the new construction and the repairs necessary for the forthcoming racing meet will get under way as soon as possible, according to Mr. Peat, and everything will be in readiness in time to meet the requirements of the racing public and the many entries expected for the event here in August.

Mayor Bryan Issues Annual Proclamation for Poppy Day, May 25

In a proclamation issued today by Mayor Carl H. Bryan, Saturday, May 25, is designated as Poppy Day in Northville. The proclamation asks all citizens to observe the day by wearing a memorial poppy in honor of those who gave their lives in the World War, and to contribute for the welfare of the disabled veterans and dependent families of veterans.

The proclamation reads: "Whereas, when the forces of ruthless autocracy committed aggression against the United States in 1917, the best young men of this nation offered their lives in the nation's defense, and

"Whereas, among these young men were many from Northville, who served gallantly and sacrificed greatly in the conflict, and

"Whereas more than one hundred thousand young Americans were called upon to sacrifice their lives that America might be secure as the land of liberty, justice and democracy,

"Now, therefore, I, Carl H. Bryan, Mayor of the Village of Northville, believing that the memory of their high patriotic sacrifice should be kept bright for the inspiration of America, urge all citizens to wear their memorial flower, the poppy Saturday, May 25, and give for the poppy as generously as they are able to aid the war's living victims, the disabled veterans and dependent families.

"To that purpose, I do hereby proclaim Saturday, May 25, to be Poppy Day in the Village of Northville."

E. C. Boyle Is New Milford Postmaster; Succeeds Lovejoy

Edwin G. Boyle, postmaster at Milford, has been notified by the postal department that he will be succeeded at the Milford office, the new appointee being W. S. Lovejoy. Mr. Lovejoy received notification of his appointment this Thursday morning in a letter signed by James F. Fleury, postmaster general.

No date was set for the change-over, but postal inspectors will come to check Boyle out and Lovejoy in. The change has been pending since about April 1, and first information came to local Democrats who were asked by higher-up political officials to endorse a candidate. Floyd Sands was first considered and later withdrew, and W. S. Lovejoy became a candidate. Mark Hurley was also proposed as a candidate.

Mr. Lovejoy is village president and justice of the peace, and will relinquish the justice position to Boyle at the post office. If postal regulations will permit he will remain as village president. If not he will resign.

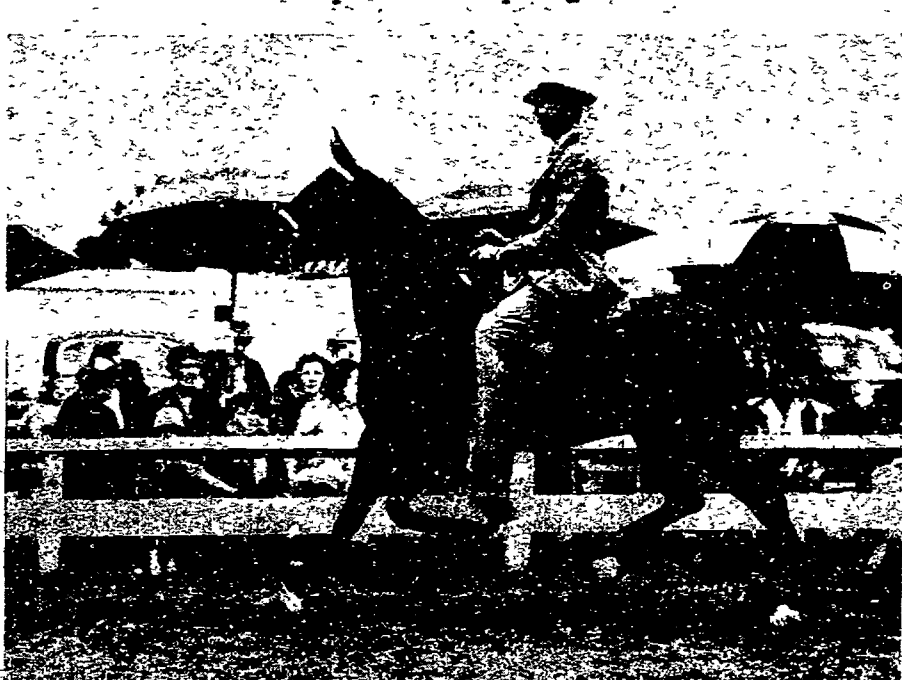

Salem District Opposes Tuition

Students who want to attend either the Ann Arbor or Plymouth high schools from the Salem district will have to have their tuition paid by their parents.

This was decided by a district election Monday, May 13, at Salem, where only 26 voters in the district indicated an interest in the issue by using their right of franchise. Six persons favored payment by the district; 14 were opposed.

The Ann Arbor tuition figure was set at \$50; the Plymouth tuition was set at \$22.40.

School Baseball Team Takes 3 Games This Week

Has Four Wins in Five Starts This Season; Defeats Redford and Van Dyke

The Northville high school baseball team (the Mustangs) rolled up three, diamond victories in as many starts during the week, defeating Redford Union, 21-2; Van Dyke, 5-1; and a second game from Van Dyke, 3-1. This makes four wins this season in five starts.

Thursday was the day of the game with Redford Union, there, Northville made its 21 runs in the second, third, fourth, fifth and seventh innings. The biggest inning was the seventh when Northville made 10 runs. Redford Union made its two runs in the fifth.

Eaton of Northville, drove a triple down the left field foul line, and Slugger Ray put a line-drive over the centerfielder's head for a home run. Bob Orr pitched the first six innings before he was removed for a pinch hitter. In these six innings, he gave two runs and six hits and struck out seven. While Doe, the losing pitcher, gave up 10 runs and 8 hits in the five innings he worked, Redford Union's short-stop made all the team's errors but one. He missed seven chances while the left fielder baffled one, making it a total of eight errors.

The following day, the Mustangs, behind some two-hit pitching by Ray Hartner, defeated Van Dyke by the score 5-1. Fred Robinson, (Continued on Back Page)

John Joslin Talks to Rotarians

Speaking before the Northville Rotary club last Tuesday, John Joslin, who recently returned from Germany where he spent a year traveling and studying, told of the thoughts and views of the German people and some of the people in the Czech country. From these interviews, Mr. Joslin developed the national philosophy of the Germany of today.

Mr. Joslin told of personal conversations in various parts of the Reich, of the apparent great hatred of England, of the great longing for Germany to become a great nation, and regain lost power and prestige.

Former Village Mayor Is Guest at Exchange

Harry German and Milan George Participate in Program of Luncheon Club

Harry German, formerly of Northville, and base ball pitcher extraordinary, and Master Milan George of the Thayer school, shared honors on the Exchange program Wednesday noon.

Master Milan presented several vocal accordin numbers much to the delight of the club. The program was in charge of E. A. Isaacson.

After stressing the many advantages held by Northville, many of which one does not miss until leaving elsewhere, Mr. German recalled his baseball experiences, and the value of training in athletics, and life.

He reminded localities of the baseball players from this community who have made history: Don Yerkes, Henry Perry of Ty Cobb's day, and Vernon Spencer. The speaker criticized the handling of the schoolboy, and said he was a pitcher who let a man pitch his arm off in one game, particularly in the early season, in the light of his 53 years in pitching baseball. The first professional game with the Toledo Mud Hens back in 1902; of the game where the opponents got 4 hits off him in one inning but no runs; (Continued on Back Page)

Newspaper Advertising Is Favored for Legal Notices as Protection

Newspaper advertising performs a "very important function" in the Michigan legal system of providing accounting notices to taxpayers and warning notices to individuals, according to Henry L. Wolfenden, Jr., executive secretary of the State Bar of Michigan, state organization for attorneys.

As for the public accounting notices which is a published report of governmental bodies or individuals who are discharging public trust, Mr. Wolfenden says: "This type of notice is the best protection which the taxpayer has against incompetent or unscrupulous public officials."

"The value of the public accounting type of legal advertising is usually, readily apparent to anyone whose attention is directed to it. Such notices are city commission proceedings, supervisors' proceedings, bank statements of condition, treasurer's reports, etc."

"No public official will spend money like a drunken sailor if a list of his expenditures is going to be published at the end of the month for all of his constituents to read, and no dealer, on the inside track, will go over the list of his bill of goods at an exorbitant price when every competitor's list will go over the list of county purchases with a fine tooth comb the minute it is published."

Expect Horse Show To Set New Record for Ring Entries

Fiery Craig Will Appear for Dixie Anna Stable; Marburger Entry Is New to Northville Shows

Joe Greer To Judge

Early entries for the third annual Northville Riding Club Horse Show, May 24-26, indicate that the three-day event will surpass all previous Northville shows in point of number of entries.

Heading the walk-trot division, spectators will see the return of Fiery Craig, three times national champion, who will appear under the colors of the Dixie Anna stable. He was the three-year-old champion of the Northville Wayne Co. show last August. He'll be shown here next week by his new owner, L. H. Green of Turtle Lake Farms, Birmingham. Riding him will be Josh Harris, who last year was in the ring with the Elmer Wiedrick, entrance.

From the Harry C. Marburger stable, Northville, will come a horse new to Northville shows, but not new to Northville horse show enthusiasts. Star Watch, who was champion in his division two years ago at Lansing, will be shown by Kathryn Marburger, in the three-gaited class.

In addition to these nationally known horse personalities, the show will bring outstanding saddlebred horses from all the prominent stables in this vicinity as well as entries from as far as Columbus, O., which city will be represented by L. H. Harts of Half Acres farm.

Last year the spring show was outstanding in its number of saddle horse entries, having more than the Detroit National at Bloomfield.

While the saddle horse division is expected to set new records, the hunter-jumper class will not be far behind with prominent entries, including ones from the William D. McCollough stable of not less than nine head. This is the first pretentious show string that Johnny Wallace, popular McCollough manager, has ever taken on the show circuit.

Other entries in this division will include James Vernon, Jr., of Detroit. (Continued on back page)

Poppy Poster Winners Named

Cash Prizes Are Given by Auxiliary Members to 3 Seventh Graders

In the annual poppy day poster contest sponsored by the Lloyd H. Green Post Auxiliary, three seventh graders were given cash awards of five, three and two dollars.

Winning were Dorothy Leavenworth, first place; Teddy Baldwin, second place; Jane Ann Lanning, third place.

The announcement of the winning candidates was made Tuesday evening at the Auxiliary meeting attended by 13 members of the Legion Hall.

During the business session, Mrs. E. E. Memorial Plans Are Announced by Legion Post

Hold Program Thursday in Theatre; Attend Church with Baptists Sunday; Will Decorate Graves

Names Committees

With the appointment of the several committees by the Legion and the Auxiliary, plans and arrangements for the annual observance of Memorial Day, Thursday May 30, are nearing completion.

Carl Smith of Bay City, past commander of the Department of Michigan, will be the speaker of the day. He will speak at the 10 a. m. services in the Penman Allen theatre, and accompany the parade.

Following the services at the theatre, the band and the drum and bugle corps, will proceed to the Oakland cemetery, and the Rural Hill cemetery across the bridge over the Rouge River, where appropriate ceremonies will be held in honor of the departed veterans of all wars.

Sunday morning, May 26, the members of the Legion and Auxiliary will attend divine worship at the Baptist church at the invitation of the Rev. H. J. Chapman, who will deliver the sermon.

The committees named by Commander George Simmons for the annual Memorial Day observance are as follows: General arrangements, Dr. W. H. Johnston, chairman, Merrill Sweet, C. J. Smith, Alton Peters and R. H. Amerman; grave decoration, Charles Shuchter, chairman, Claude Ely, Barton Connors, Luther Lapham, Hiram Blowers and S. B. Stevens.

The A & P clerks are putting on a Clerk's Week Sale continuing through May 18. This is the store's biggest sale of the year. And this applies not only in the grocery department, but the meat department will offer extraordinary prices on quality meats.

The A & P clerks are paid the highest wage in the grocery business, it is reported. Just recently they also were given hospitalization insurance at a small cost per month. Each full-time clerk receives a vacation with pay, sick leave benefits and a half-day vacation each week.

These clerks are happy with their jobs and are putting on this big sale not only to give their customers some real savings but to roll up some real sales to show their appreciation to the company.

The personnel includes E. A. Isaacson, manager, Stanley Davis, S. B. Stevens, George Westphal, Bruce Peabody and Charles Dayton.

The Oldest Paper in Wayne County Outside the City of Detroit

To be kind, to be gentle, without interruption, is a more difficult task than the accumulation of a fortune, and few people have attained this supreme objective. If as Paul said "and the greatest of these is charity" than all human striving for material gain, without spiritual balances, is "as tinkling cymbal."

There is something akin to Elysian grandeur in the growing vegetation of the Springtime. Grass that turns green overnight; draperies that incluster the twigs and branches of the trees under the stimulus of moisture and sunshine all seem to speak of something aloof from human conflict, and lifts us to a clearer atmosphere of higher things. What thrills us more than the miracle of Spring—what do we long for more than the green landscape, the new foliage and the flowers of the Springtide. Life indeed must be drab and colorless where the change of seasons fails to bring anticipation, and the beauty of change.

An oriole furnished the morning symphony at breakfast last week—our own May Festival.

Personally we are rather proud that a Northville policeman keeps his car clean, even if he does it while watching the Main corner.

Sometimes we wonder if we really appreciate what the Maybury Sanatorium means to this community. So often, we find it so easy to criticize, to question, or condemn various institutions and people, when basically we really know that a little thought would show us the fallacies of our reasoning. Northville takes much pride in the Maybury Sanatorium. Wherever questions arise, the true Northvillian has most of the answers. We are sure that all of us appreciate what the sanatorium means, and are interested in facts about the sanatorium and its employees who live in or near Northville. Records show that 212 employees live in Northville or so near that this village becomes their logical business and social center.

Of these 212 people there are 26 instances in which husband and wife both work. This leaves 186 families or individuals who either own homes or rent homes or rooms in and near Northville. Meaning there are 186 individuals or families who buy at least some of their commodities and who supply some of their needs from the local stores. These people own at least 130 automobiles.

Where do these families buy their groceries? Where do they get their drugs, hardware and plumbing needs? What doctors do they call? Where do they go for their movies? What churches do they patronize? Where do they procure clothing for themselves and their children? Where do they do their hairing? Where do they obtain some of the things of their amusement and recreation? What do they do for barber shop attention or for their novelty requirements? How much do these 186 employees contribute in taxes, water, rent, payment for electric light, gas, fuel and other basic necessities?

In addition to these people who live in Northville, there are more than 200 employees who live at the Sanatorium. Most of these people have automobiles. Most of them have needs which the local stores can furnish, such as shoes, clothing, soda fountain services, movies, automobile services of various sorts, recreational facilities (bowling teams).

A moment's reflection will indicate that Northville's stores are bigger, their stocks are more ample, their turnover and profits greater, than garages and service stations more prosperous than they would be if these 186 people and families were not living among us, and the 200 odd employees living in the Sanatorium lived farther away. Yes, and that is not all, these good people contribute much to the charities, and social life of the community, all of which means that Maybury and its good people are very close to the heart of this community. Northville likes Maybury Sanatorium and its people—we hope it's mutual.

The Hatch "pure politics" seems to have rather rocky voyage in the national legislature. But public sentiment is even more behind the measure than the original vote on the measure indicated. The Bankhead amendment limiting contributions to \$5000.00 makes the bill even better—but not for the professional politician. The democrats who vote for the bill and the republicans who support the measure deserve much credit.

The first Hatch bill, forbidding pernicious political activity by Federal employees even outside of civil service regulations, was a great step forward in government. This second bill applying to State employees paid partly or wholly with Federal funds, is a logical extension of it. The whole program should be made law.

The noblest motive of any state is the public good.—Virgil

Leroy Willoughby, youngest son of Mr. and Mrs. Frank Willoughby of Mayfield avenue, was critically ill the latter part of last week.

Mrs. Thomas-Slevin and son, Donald, Mrs. Ruth Phillips and daughter, Donna Jean, and Thomas Lewis, all of Uniontown, arrived in West Point Park Friday and spent a few days visiting relatives.

"Because of illness in the Willoughby home, the Wonder Book club, which was scheduled to hold a special service in honor of their mothers in the Willoughby basement, met instead at the home of Russell Ault. Forty persons, young and old, were in attendance. Special features on the program were "welcoming verses by Ina May Tallman, guitar solos by June Vance and vocal numbers rendered together by officers of the club. Refreshments provided by the young folks were served at the close. The young men had provided a plentiful supply of delicious fruit punch and the young women had with each other in long cakes for the occasion. One of the most deliciously decorated "Mother's Cakes" made by June Vance and Betty Tallman was a judged especially worthy of mention.

Mr. and Mrs. Marquette Showman of Detroit were Sunday afternoon guests of Mr. and Mrs. Lucian Gilbert. Mrs. Lucian Gilbert was the guest of Monday of her mother, Mrs. Charles Pankow, Detroit.

The work of the West Point Park Bible Church is very successful. The attendance during the past week has been good. Next Sunday morning a special service will be held for the dedication of children.

Mr. and Mrs. William H. Zwahlen were guests Saturday evening of Captain and Mrs. O. L. Duncan of Detroit.

Last Tuesday, Albert Owen was rushed to the Pontiac hospital and operated on for appendicitis. It being his second attack. Mr. Owen

Monday with his mother for an examination. He is improving in health, slowly.

This school will have a ball game Thursday with the Thayer school.

The dairy building at 125 South Center street is undergoing exterior and interior renovation in preparation for an opening within a few days. The grounds are also being landscaped. Tom McGuire is to be the manager.

NOW WHITE HOUSES STAY WHITER with this new paint made by Du Pont!

THIS new house paint made by Du Pont is whiter—and it STAYS WHITER! Du Pont Prepared Paint is whiter because it contains titanium—the whitest pigment known to science. It stays whiter because the weather, under normal conditions, helps it to clean itself. Every rain washes off dust and dirt—your house becomes whiter again. But Du Pont Prepared Paint does more than make it to clean itself. It saves you money. Your painter will use fewer gallons, because it hides better and spreads farther per gallon. And its unusual durability means fewer repaintings.

Religious Growth Is Discussed

Robert Stanley Ross, C. S. B., of New York, N. Y., gave a lecture Tuesday evening in the Penniman-Alton Theatre. In his lecture he asked, "Why is it that the Christian Science movement grows apace, notwithstanding the world's lagging interest in the things of Spirit? There must be a reason for this. What is it? Is it not because Christian Science affords a healing refuge for those who are hopelessly afraid, sick, discouraged, and in want?"

Recently a young man applied for membership in a local Christian Science church. During the customary examination, he told the membership committee that he had gone from one denomination to another in what seemed to him to be a fruitless search for God. Finally he had turned to Christian Science and there found a satisfying religion.

When the committee asked the applicant why he felt so sure, he answered that it was because he had found in Christian Science a religion whose teaching was based upon a changeless, ever-available, divine Principle.

The home of Mrs. S. K. Stephens will be the scene at 7:45 p.m. Tuesday, May 21, of the Nellie Yerkes Auxiliary meeting. Mrs. B. E. Larson is to be the assistant hostess. Alice Wash of WWJ, Detroit, will be the guest speaker.

National Music Week Centers Interest on Composers

National music week has stimulated an interest in composers and their works. Any of the following may be borrowed from the local library:

Bohler, by Madeleine Goss. A biography of the French composer, Ravel, which is singularly rich in stimulating information and provocative ideas. Mrs. Goss, herself a musician, has been at pains to gather all available material from associates of Ravel still living, especially from his brother, Edouard.

Beloved Friend, by Catherine Bower. The strange romance of the famous Russian composer, Peter Tchaikovsky, and his wealthy patroness, Nadia von Meck, who never met, and knew each other only

through their letters. The entire history of that relationship, based upon translations of Miss von Meck's letters by her granddaughter, is here presented, adding much to our knowledge of the impulses and peculiarities of Tchaikovsky's genius.

Music is My Faith, by David Manes.

Midway in My Song, by Lehman.

This Business of Singing, by Key.

Such Sweet Compulsion, by Farrah.

Your Child's Music, by Coleman.

New Encyclopedia of Music and Musicians, by Pratt.

How to Understand Music, by Mathews.

Sales are hitting
new highs...so Buick
dealers are ready
to make swell deals.

Wouldn't it be tragic if you missed it!

Buick prices begin at

\$895

for Business Coupe

(Illustrated)

JUST suppose that down the street a dealer had an automobile so close to your heart's desire that it might have been made to your own specifications.

Suppose it had the room you've been wanting—the big, strapping size you'd like—the imposing style and good looks and soul-satisfying luxury of appointment.

Suppose it had all the life and zip and action you could ask for and a big, durable, thrifty power plant that could match even fine watchworks for smoothness.

Suppose you knew that car set the standard for real modernity and value—but just assumed that it must be out of your reach because it was so obviously good!

Wouldn't it be tragic if you passed up that honey—just because you didn't inquire what the prices actually were?

Here and there that's happening, we fear. Happening because people who want Buicks aren't getting the actual facts.

Maybe you didn't know that there are five 1940 Buicks at five different price ranges.

That every one of these has a big, husky, straight-eight engine electrically balanced after assembly by Buick's own exclusive process.

That soft, stout coil springs are found on every one—that every one has recoil-mounted Knee-Action, finger-flick transmission, bona fide Buick styling—features literally counted by the dozen.

Maybe you didn't know, above all, that for Buick SPECIAL models, current prices begin as low as \$895 for the business coupe, delivered at Flint. That even when you add

transportation based on rail rates, state and local taxes (if any), and optional equipment and accessories, delivered prices are the lowest ever on such value.

But all that's true. You can prove it any day by asking for a demonstration that costs nothing, and involves no obligation.

So why take a chance of missing something gorgeously great that could be yours for the trying? Do something, and do it now—go see your Buick dealer!

Prices subject to change without notice.

SENIOR SKETCHES

At that time of all romances! Our senior sketch this week deals with none other than Kenneth Earl Wolfe. He was born in Farmington, in 1922, and has lived near there ever since. His schooling began in Pierson school where he attended through the eighth grade. In his freshman year, however, Ken came to Northville to school and has traveled back and forth everyday (well, nearly every day), since. During his high school training, Ken has been studying for a Business course, which he is very intent on taking after graduation. During high school, he has participated in baseball, and when a junior he carried the lead in the class play without a flaw.

Perhaps some thought should now be given to the reason he is often considered a "romance." Ken is only about five feet seven inches tall, but his dark, wavy hair is probably his most exciting feature. Dark eyes, a marvelous brogue, and a pleasing smile or one and all may be the reason that he is considered the school's most masculine figure.

Next, his pastimes, which consist of dancing, swimming and shows; his hobby is airplanes. Now, girls, you have the lowdown, so, with our permission, you may go to work.

Robert Ward Spells Today in Detroit

Robert Tells Interviewers That He Is Not Excited about Final Bee

Robert Ward, who will represent the Northville district in the final spelling bee today at the Coliseum, is a student of the sixth grade in the Northville grade school. Robert won this place of distinction at the District Bee, Apr. 26, which was held at Plymouth, and which represented several schools surrounding Northville and Plymouth.

When interviewed, Robert was very insistent concerning his calmness. He very definitely said that he was not excited and hadn't been at any time. Mrs. James A. Huff, Jr., his teacher, will take him to the Coliseum, accompanied by his two brothers.

The last time a student from Northville school participated in this bee was in 1935, when Lucille Lapham, now a freshman at Albion college, did so and finished eighth from the last. Lucille's record was fine and our compliments and unlimited support go with Robert.

EDITORIAL NOTES

There are five rules that not only care-keepers should keep, but every person. These rules may seem to pertain just to baseball or maybe football, but if you look back of them you can detect a meaning for everyone.

Keep the rules of the game. Do what you undertake to do and follow its plans of accomplishment. Keep your temper. When things go wrong and all don't agree with you why "blow off the handle?" It doesn't do any good. Keep a stiff upper lip, and don't show how much you

care. Keep your pride under in victory. And then again, if you do come out with the winners, keep your pride under control. Then last, but not least, keep training rules. Always take care of the most precious thing in your life, your health. Take advice and give advice. Sometimes it helps, you know, even though most of us hate to admit it.

These rules have recently been discussed by the Girls' N-club. They have been striving to and hope always to follow them.

Track Meet Is Held Despite Day of Rain

A triangular track meet was held last Thursday, May 9, at Van Dyke. The schools that were represented were Berkle, Van Dyke and Northville. Rain kept pouring down and made it a very miserable day with the track slow. Van Dyke won the meet when they attained 47 points. Van Dyke excelled in distance. They had two firsts in the mile and one half mile. Berkle was second and they received 41 points mostly because of their short distance runners and their power in the shot put and the running broad jump. Northville was third. They only had a squad of eleven men. All three teams were handicapped by the wet track, which made it almost impossible to get a foothold.

Northville received seven points. Bob Orr had a second in the 100 yard dash. Ray Hartner had a second in the pole vault and Chuck Nelson placed third for one point in the high hurdles.

Congressional Comment
by Representative George A. Dondero
7th Michigan District

By George A. Dondero, M. C.
Recently I was asked by a University of Michigan publication to express my views on the question of whether or not the national budget should be balanced. My reply was as follows:
You ask my opinion of a balanced budget. A balanced budget is, undeniably, the average American's ideal. Unfortunately it does not contemplate reduction in our payment of the national debt. During the last decade our government has not had a balanced budget. Expenditures have exceeded income until the national debt has been doubled by this administration and has reached the staggering total of 45 billion dollars. The interest charge alone on this stupendous sum is more than the entire running expense of the national government two score years ago.

As the national debt increases the margin of credit and safety of our economic structure decreases and we draw nearer to national bankruptcy and chaos. With the continuing and increasing unbalanced budget comes a corresponding decrease in the confidence and trust of the people in their government, uncertainty in business and industry, an increase in business taxation and regulation and a lowering of the purchasing power of the dollar. A nation no more than a family, a business, or any private enterprise, can continue to spend more than it receives without courting disaster, poverty, and ruin. Our government is only an aggregation of families and private enterprises large and small.

The more government takes for expenses and its functions, the less the people have to conduct their private affairs, create new enterprises or expand old ones, resulting in an increasing number of unemployed.

Until recent years about 65 percent of the national income (of all the people) was used for their ordinary living expenses and needs. That left 35 percent to be divided between the support of the government and expansion of our productive economy. If one takes more the other gets less. Government has the power to determine its share by taxation. Expansion suffers as taxation increases. In the past, government took approximately 5 percent of the national income to meet its functions, leaving 30 percent for new business, new ventures and new investments, in short, for enlarging our national economic life. At present however, this proportion has been reversed and government now takes nearly 30 percent of our national income, leaving but 5 percent to be used by the people for growth and expansion.

Government business has grown out of all proportion and private business has shrunk to the vanishing point. Government is becoming everything and the individual its fawning prey. Thus socialism destroys a free Republic. It is what Washington predicted—"the eating away of the coast line of our national existence."

No one has created a system of government superior to simple arithmetic.

N.H.S. Golf Team Has Busy Season

Washburne Was Northville's Low Man in Combat with Redford Union

During the past week, the Northville high school golf team has been quite busy. May 8 at the Plymouth Hills Golf Course they played University high school of Ann Arbor.

In that game, Werhle, of U. H. S. was the low man with the score of 98. Redford Union was their next opponent. The game was played at Redford Golf course. Papoon of

Redford Union was their low man having a score of 81, while Washburne was the low man for Northville with the score of 95.

Meadowbrook Golf course was the scene of the next game. The opponent was Clayenceville. Statford of Clayenceville was their low man with a score of 88, while Boyden was Northville's low man having a score of 95.

The opera, cast has been practicing almost every night and it is hoped that this year's opera will be a success as it has been in past years. The society has been started by Bob Reed, a former student of Northville high. The setting is to be a college campus. The company will be ordered May 25. We wish to remind you again that the opera will be given Tuesday and Friday, May 26 and 27, and you may get the tickets from students in the choir or at the door when you get there.

Miss J. E. Lule's two seventh grade sections of homemaking are now being taught how to entertain. They have invited each other to tea and then later on after they have enough experience, they are planning to invite their mothers to tea.

At a recent tea they served strawberry shortcake and fruit fizz. The guests were their teachers.

A mistake was made on the Orange and Black page last week concerning Marjorie Rowe. She works at the Northville Laboratory forenoon from 8:30-12:30 and at Van Atta's Garage from 1-6 in the afternoon. We also have a new apprentice who is a nurseryman Bob Hunter works at the Flower Acres Nursery on Beck road. Bob's hours are from 1-6 in the afternoon.

Wednesday, May 8, the civics class visited the office of the Northville Record. The first thing they saw was the linotype machine, which is a keyboard something like typewriters have. The man who was operating it told them how it worked. When the letters for one line have all been selected and placed in proper order, they are pressed on hot type metal, and so the whole line is made at once. Behind the man at this machine are several tall tables, which are used for putting the pages together after each column has been properly arranged. Farther back in the room are the presses, large and small, for handbills, tickets, booklets and the newspaper.

PUTTY FAILURE OFTEN DUE TO POOR APPLICATION

When you see the putty cracking away from your windows in big chunks, don't be too quick about blaming it on the putty. The chances are the putty failure is due to the way the putty is put on. Like so many other things there is a right and a wrong way to apply putty. The right way takes a little more time and material which is the reason you do not find it on windows that are made to sell at a price.

In one sketch, we show you the ordinary way that putty is ap-

plied to windows. This method is quick and cheap, but it is usually temporary because swelling of the wood from the inside causes the putty to crack off.

In the other sketch is shown the proper way to apply putty. It is known as "bedding". Notice here the layer of putty on all sides of the glass. It actually is resting in a "bed" of putty. Wood and glass do not come in contact with each other. Notice also the putty groove which anchors the putty.

BASEBALL

(Continued from page 1)
Ray and Frankie Bongiovanni were outstanding men in this game. The Mustangs rolled hard Monday, May 13, taking their second win of the season over Van Dyke. In the second inning, Northville put together a hit batsman, a triple, and a single to tally two big runs and in their half of the second, Van Dyke scored one run, making the score 2-1 in favor of Northville.

This started a pitchers' battle and no runs were scored until the Mustangs put one over in the sixth on a double, an error and a single to make the score, 3-1. The summary: Northville—three runs, eight hits; Van Dyke—one run and two hits. The battery for Northville was Hartner and LaFue.

ADVERTISING

do it in the dark.
"I do not mean to say that the published accounts required by law of public officials have completely stamped out incompetency and malfeasance in public office, but I do say that such legal advertising is the cheapest and most effective insurance the taxpayers can buy on the ability and integrity of their elected officials.
"If there is any fault to be found with legal advertisements of this type, it is that there are too few of them. Many offices of a public or quasi-public nature—which are not now required to publish reports of their activities—might very well be required to do so. Some of the reports now required might well be required in more detail with additional benefit to the taxpayers.
"And if anyone says that 'nobody' ever reads these notices, I challenge him to attend a taxpayers' association meeting in your town or mine and see how many legal news clippings are taken out and quoted during the discussion. The citizens who are sincerely interested in governmental economy are sincerely interested in legal news.
"It is squarely up to the Michigan Press Association and the State Bar of Michigan to stamp out any legal advertising racket run by means of handbills under the name of newspapers."

HORSE SHOW

(Continued from page 1)
troit, Donald P. Ordway of Battle Creek, Henry Sheldon of Metamora representing the Metamora Hunt Club, W. J. Thurston of Stratford, Ont. The Thurston stable returned to Canada last August, after showing at the Northville show where an entry took the jumper championship.

Because of repeated requests, in the harness division there will be staged a three-year-old class for fine harness entries, including novices, three-year-olds and \$100 stake classes.

A parade class has been added to the western division, bringing with it all that is colorful in mount and equipment of the western type. Judging this division, and the stock horse stake will be Joe Greer of Oklahoma, who is well known in stock horse circles having furnished stock for the rodeos at Madison Square Gardens in New York, Cheyenne, Wyo. and the Michigan State Fair rodeo at the Coliseum this winter. Mr. Greer is recognized as the dean of all stock horse judges in the United States.

The horse show committee has arranged for car parking off the club grounds for general admission and boxholder spectators so that they may come and go at will without having parking congestion as was the case last spring.

The ring has been graded and leveled and the box seats have been erected. Temporary stabling is in place.

Early next week, a circus type tent which will house some 60 temporary box stalls will be put up.

REPORTS

Qualitative Analysis of the Binet Test, both papers by Dr. Strauss and Dr. Werner, "Education and Treatment of an Imbecile Boy of the Xanthous Type" by Dr. Marshall and Dr. Strauss, "Occupational Guidance for the Blind Graduate" by Dr. C. G. Sullivan, "Developmental Progress in Young Mentally Handicapped Children Who Receive Prolonged Pre-Academic Training" by Dr. Ruth Melcher.

Dr. T. G. Hegge presides at a section meeting of the Association as will also Dr. R. H. Haskell. Dr. Haskell is a member of the council or board of managers of the association.
May 16, Dr. Haskell gave the dedication address at the new Muscatuck State School at Butteville in Southeastern Indiana.
Today in Indianapolis, at the annual meeting of the Indiana Society for Mental Hygiene, Dr. Haskell will give the luncheon address on "Changing Viewpoints on Mental Deficiency."
