

Officers Named for '40 Fair Week Horse Show

Harry B. Clark is President.
Mrs. Wm. Rawle Brown is
Chairman of Junior Division.
Dedicate Show to
Late Harry C. Marburger
To Give New Trophy

With the election of officers Saturday evening at the home of Harry B. Clark, plans are under way for the twenty-fourth Northville Horse Show, held in connection with the Northville-Wayne County Fair, headed by Mr. Clark, president; R. Edmund Dowling, secretary-manager; George G. Marburger, assistant manager; Mrs. R. Edmund Dowling, assistant secretary; and Mrs. William Rawle Brown, chairman of the Junior Horse Show.

Joining the ranks of the committee are the following newcomers: Mr. and Mrs. George G. Marburger, Mr. and Mrs. Harrison Johnson of Farmington, and Mrs. John J. Hetcher.

As was the case last year, the show will continue four days, Aug. 21-24, with the pony and junior events to be consolidated in the first day, followed by a three-day senior show. The amateur classes have been scheduled for Saturday morning, making five programs in all. This will make it possible for the committee to present to horse show exhibitors and spectators the most complete and well balanced program in Northville show history.

The program is to be dedicated to the late Harry C. Marburger, who, through the years, did much for the growth and development of the show which has made it outstanding in the midwestern circuit.

Too, this year will see the inauguration of the Harry C. Marburger Memorial Challenge trophy in the fine harness class, donated by Mrs. Harry C. Marburger and the family. The trophy must be won three times, by the same competitor, not necessarily by the same horse, for permanent possession.

Other challenge trophies will be competed for this August. There's the P. H. Grenant Memorial trophy for middle and heavyweight hunters. In 1937, it was won by H. B. Perkins and in 1938, by Jane and Susan Briggs. The trophy was won in 1939, by Betty Jarvis, Hunter's Club. No one exhibitor has two legs on the trophy. It must be taken three times by the same person.

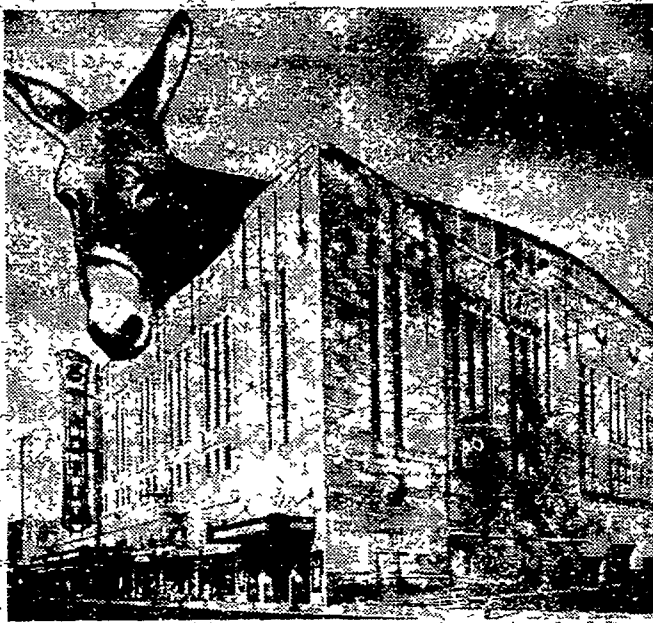

The challenge trophy of the Detroit National Horse Show will draw keen competition in the ladies' hunters. In 1937-38, it went to the Duchess of Walbri of the Briggs stables. Last year it went to Hasty Lassie of the A. E. Reuben stable of Toledo, O.

The Hotel Mayflower Challenge trophy is given in the ladies' three-gaited division. Marilyn Fisher's Mountain Fashion took it in 1937. Kathryn Marburger's Princess K took it the following year and last August, it went to Jimmy Casson's The Fawn.

Walled Lake School Census Shows Gain of 100 in 1940 Check

Current census figures of the Walled Lake Consolidated School office show a total listing of children of school age as of May 31, 1940 of 1,387, indicating an increase over a year ago of 100. Children of elementary school age from 5 to 12 years number 769. Those of high school age, from 13 to 18 years (Continued on back page)

3 School Projects Stressed in Annual District Report

No Accidents Mar Holiday Week End

From a report made this week by the Northville police department, it was learned that the holiday week end was in no way marred by traffic accidents or tragedies resulting from the use of fireworks and other explosives.

Eleven persons were found by police to have fireworks in their possession. All of them were villagers, with one exception. One of the violators was from Plymouth. The fireworks were confiscated.

July is the worst month of the year for traffic accidents and it is the heaviest traffic month. So far, we have a clean record. We hope to keep it that way," Chief of Police Richard Loomis asserted.

Name Exchange's New Committees for Six Months

Six-Month Club Administration Assignments Are Made by President

40 Boys To Attend East Tawas Camp

Forty boys will go to East Tawas this summer for the Boy Scout camp to be held from July 27 to Aug. 4, with Richard Loomis, Charles Schults and Orlov C. Owen scheduled to be the adults in charge of the entire camp period.

"This is twice as many boys as we've taken to camp before," Mr. Loomis said, adding that Russell H. Amerman and Robert Power would be in camp for a day or so, along with other adults not known at this time.

Included in the outing program will be swimming, hiking and Scout advancement work. There's always a tippy-turvy day, when the boys are awakened by taps, eat supper, have their sitting up exercises and dip just before they have breakfast and go to bed. The whole day is a mixed-up schedule.

Commends Times Sports Writer

Complimenting the sports writings of Leo MacDonald of the Detroit Times, Dr. John A. Ross, 27, fourth year student at an open letter this week asks for a public recognition of "The Three Spark Plugs" by a civic holiday event in the near future.

Such a public recognition of Mr. MacDonald and his "Spark Plugs" contents Dr. Ross would make high power stuff of a 1940 "World's Championship" Read Dr. Ross' letter in this issue of The Record.

ATTEND STORY HOUR

Forty children were present Saturday morning at the story hour conducted by Mrs. C. E. Woodruff at the Northville Branch of the Wayne County Library.

Elect 3 Trustees to Salem's Board at Annual Meeting

Lyke, Kahler and Searfoss Are New Members of Board of Education; State Marshal Recommends Furnace Isolation

Call Special Session

The election of three trustees to the board of education was an important factor in the Salem Union school district meeting held Monday evening in Salem, attended by 36 persons. As important, as the election of trustees was the report of the condition of the school which came from the State fire marshal, demanding that certain changes be made if the school is to open in September.

Ronald Lyke, Vern Kahler and Mrs. E. Searfoss are the new trustees. The terms of George Roberts, William Benjamin and G. C. Burman terminated.

Frank Hugg, moderator, president of the meeting, the secretary's and treasurer's report were given.

After making an inspection of the Salem school, the State fire marshal has recommended that the furnaces, which are now in the school rooms, be housed in an isolated building. If this recommendation is not carried out, the marshal warns the school district that the school building will be closed for school purposes.

A special meeting of all qualified voters will be called this summer to vote upon the proposition.

Commander-Elect

S. B. Stevens is the commander-elect of the Legion. Green post of the American Legion. Along with the other post officers, he will be installed in September. The annual election was held Tuesday evening in the Legion Hall.

Skull Fracture Causes Death of Guy Martin

Last Rites Are Held Thursday from Schrader Chapel for War Veteran

Guy Martin, age 50 a resident of Northville for the past 20 years and a World War veteran, died at 5 a. m. Monday, July 8, in the Elmhurst hospital, from a skull fracture sustained late Saturday night or early Sunday morning.

Mr. Martin was found at 1:30 a. m. Sunday morning, unconscious in the alleyway between the Hills Market and the Healey Barber Shop by Mrs. Mary Wadsworth, who immediately notified Officer Gil, Glasgow. Martin was rushed to Sessions hospital for first aid. He was later taken to Elmhurst hospital.

A complete autopsy was made Monday with a report being released Monday night to Chief of Police Richard Loomis that Martin's death was accidental. The statement was made by Coroner E. J. Knobloch.

Persons who were with Mr. Martin early Saturday night were questioned in a routine manner Wednesday in the county prosecutor's office in the presence of Chief Loomis because of the nature of the case, police will continue to investigate.

Mr. Martin was a laborer. He never married. He is survived by his father, Dell Martin, and his stepmother, Mrs. Elizabeth Martin. He was born in Sumpter.

Last rites were held for him at 3 p. m. Thursday, July 11, from the Schrader Funeral Chapel, with the Rev. Dr. Howard R. Chapman, officiating. A military service was conducted. Burial was made in Riverside cemetery, Plymouth.

Introducing . . .

Mr. and Mrs. George A. Locke and three children: George A., age 10; Neilson, age 3; Timothy Peter, age 1, who have moved to Northville from Cincinnati, O.

The Lockes are living at 231 West street. Mr. Locke is co-partner with R. A. Allen in the Allen and Locke Motor, Inc. For nine years Mr. Locke has been associated with the automotive industry. He has been with the Cincinnati branch of the Ford Motor company since 1923-29, he was with the Stinson company in Northville. At that time, Miss Ursula Nielsen (now Mrs. Locke) was a teacher in the Northville schools.

Plymouth Matinees Will Continue

Harry Lush of Plymouth, has announced that the Sunday matinee at the Plymouth Pennington-Allyn theatre will be resumed.

Beginning July 14, when "Pinocchio" is to be the attraction, the doors will open at 2:30 p. m. and the show will start at 3 p. m. The Sunday matinees will continue throughout the summer to accommodate the theatre patrons who have requested this service.

Death Takes Former Northville Man

Matt Greene, formerly of Northville, passed away at his home in Ventura, Calif., Saturday, June 20. Funeral rites and burial were held at Ventura, June 22. Mr. Greene was well known in Northville, and was a graduate from the Northville high school in the Class of 1899. He left for California in 1902, and was visited by his brother Norton of Northville, last winter.

Willard Ely and Dr. Snow Are Reelected to Posts on Village School Board

Willard Ely and Dr. Linwood W. Snow were returned to their trustee posts on the board of education Monday evening when the qualified voters of school district No. 2 fractional of the townships of Northville and Novi held their annual meeting in the high school gymnasium.

Legion Post Names Officers for 1940

Sherwood B. Stevens was elected commander of the Lloyd H. Green post of the American Legion at the meeting held Tuesday evening in the Legion Hall. Mr. Stevens succeeds George R. Simmons.

Other officers are: Frank Wilkins, first vice-commander; Charles E. Paul, second vice-commander; Leslie Alexander, adjutant and finance; Prof. Fred A. Shaw, historian; H. B. Blowers, chaplain; Claude N. Ely, welfare and house; Dr. W. H. Johnston, Americanization; Harold Murray, sergeant-at-arms.

The officers will be installed in September.

Following the election of officers, Dr. Linwood L. Snow showed members of the posts pictures taken of the memorial shaft at the State Fair. Harry Porter, Don Kimmel and Frank Eaton reported on their stay at the Boys' State at East Lansing.

Mr. Stevens, Mr. Simmons and Dr. Johnston are the delegates to the State Convention which will be held Aug. 17-20, in Bay City. The alternates are Charles F. Murphy, Arthur C. Carlson and Mr. Alexander.

There will be no post meetings until after the State Convention.

Guntzville Is League Deputy

Northville Sportsman Receives Appointment from Colorado Headquarters

The appointment of Harvey D. Guntzville of Northville, as a deputy supervisor of The Explorers' League, has just been announced by the headquarters of the organization in Denver, Co. Mr. Guntzville's keen interest in the natural sciences has long been known.

The purpose of The Explorers' League is to encourage ordinary men and women, in every walk of life, to be on the lookout for unusual stones, fossil shells and bones, rare plants and insects, and many other specimens which the average person is likely to ignore, but which may be of much interest to science. A monthly bulletin is published which describes and pictures these specimens so that any person may be able to identify them, and numerous prizes are offered for worthwhile discoveries. These prizes are paid entirely in addition to any profits that the finders, or owners, may make through the sale of their specimens.

Started early in June, The Explorers' League is already a national organization with clubs forming in nearly every state in the Union. Canada and Alaska are also represented in it.

Any readers of The Record who would like to learn more about the League, or about the prizes offered for relics and specimens, are asked either to communicate with Mr. Guntzville at 1314 Taft road, Northville, or to write directly to the headquarters of The Explorers' League, Denver, Colo.

Exchangites Plan Picnic in Park

Russell Clarke, chairman of the Exchange Club program committee, is making extensive plans for the annual picnic of the club at Cass Benton Park, Wednesday, July 17. The club members and families are asked to meet at the wading pool at 6:30 p. m. Each member will be contacted concerning the event and told what he is expected to bring.

Miller Takes Twin Pines Dealership

Effective Sunday, July 14, Don Miller, prominent and reliable Northville dairyman, will take over the exclusive sales dealership in Northville for the Twin Pines Dairy. Mr. Miller is one of the veteran dairymen of the village and his new connection will vastly enlarge his ability to service a growing personnel.

Mr. Ely, nominated to succeed himself by William T. Gregory, received 88 votes. T. A. Carrington, Levi Eaton, R. H. Steiminger and M. J. Murphy also received votes in the ballot, despite the fact that none of them were trustee candidates.

Elected for a three-year term, Dr. Snow was given 79 votes, after his name was presented by County Supervisor Willard A. Ely. Upon election, Dr. Snow was elected to a unanimous vote for Dr. Snow, failed. In the balloting, Mr. Eaton, Mr. Taft and Joe Loomis each received votes. Mr. Taft's name was entered as a candidate by Mrs. Herbert Martin. At Mr. Taft's request, his name was withdrawn.

Dr. Snow, when announcing that he would be a candidate, had stated for publication last week that he favored the present teaching staff, including the married women teachers—but was opposed to the hiring of new married teachers. Mr. Ely made a statement to the trustees before or at the meeting regarding his stand on the married-teachers status of the school faculty. This has been an issue at the last two annual meetings.

Mr. Taft objected to giving a unanimous vote to Dr. Snow because, he said, "that would mean that we all approved of the entire teaching staff and everything that the school administration has done according to statements given by Dr. Snow in The Record. I know all of us do not approve of everything as it is."

Mr. Ely was elected Monday evening to fill the unexpired term of Sherrill W. Ambler, who resigned late last summer. A special meeting was called at which time Mr. Ely was elected to the trusteeship until the next regular meeting (July, 1940) Mr. Ambler's term terminates in July, 1941.

Only 112 qualified voters registered Monday evening at the meeting. Last year there were 253. Tellers for the voting were named by George M. Flaiker, president of the board. They were John Burkman, Loye German, Arthur C. Carlson and Mr. Steiminger. They were sworn in by Mr. Carrington.

Preceding the election of the two trustees, Rural Clark, treasurer of the board, informed the members of the district, that there was a balance of some \$4,000 in the treasury. He explained, however, that this would be depleted to meet the expenses of doing maintenance work in the high school building and painting in the grade building. Too, lockers had been bought for the high school building. The board had put off buying this equipment for several years because of lack of money. Supt. R. H. Amerman also presented his annual report. A summary of it appears in another article in this issue.

Hours Are Announced for Specific Play Periods at School

Now that the community playground project has been under way for more than a week, Director Roy Meyer has had an opportunity to find out what kind of recreation is needed and wanted by the boys and girls of Northville.

Definite activities have been designated for specified play periods. The street showers are held daily from 1:30 to 3:30 p. m., weather permitting. Traffic is blocked off between West Main and West Dunlap on Linden avenue for this.

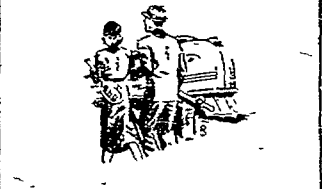

Girls' handcraft, taught by Miss Ruth Rounselle, is held from 2 to 4 p. m. Monday and Wednesday. Miss Thyrza Lester is also assisting with girls' activities.

Leather work will be taught from 2 to 4 p. m. all next week.

A softball league is to be organized for the older boys. Mr. Meyer says that boys who want to play are to meet at the high school field at 5 p. m. Monday. He announces, too, that participants in the soap box derby are to contact him by Tuesday, July 16.

Contributions to the project now total \$320. Gifts were received this week from the Masonic Lodge, the Northville Fair Association and the board of education.

It was announced today that swimming will be supervised from 2:30 to 4:30 p. m. at the reservoir, beginning Monday.

• We Might Be Wrong ...

More than ever we are pleased to be a republican, and also to be proud of the action of that party at the recent national convention. A wide open convention; uncontrolled by boss or politicians made the old guard and the professional politician nominate a successful businessman, and independent, a former democrat that has seen the light, a man bound by no promises or former obligations of political office.

"Win with Willkie" will be the GOP cry from now on, and many a disgusted democrat, many an independent, and many other thinking voters will help that cause. Mr. Willkie's nomination may make it almost necessary for the democratic convention to draft Pres. Roosevelt for a third term because Willkie has been the nation's most outspoken critic of the New Deal. Willkie now throws down the gauntlet to the whole New-Deal family—won't it be fun to watch the fun... and what's more Michigan's delegation turned the tide... and again we are proud.

European nations owe the U. S. A. approximately 13 billion dollars. This amount represents war debts, unpaid from the last war. The largest of these debts are as follows: Great Britain, \$5,497,989,379; France, \$4,180,228,820; Italy, \$2,024,150,441; Belgium, \$453,324,430; Russia, \$380,298,849; Poland, \$263,166,399; Czechoslovakia, \$185,762,045.

These nations refused to pay their honestly incurred debts to the U. S. A. on the plea of inability. But now we realize that these pleas were a mere "cover-up" since at present it appears that these countries are able to raise billions of dollars for arms and defense.

271,335 persons in Michigan filed income tax returns for 1939. 6,250,793 returns were filed in the nation, compared with 5,398,541 in 1938.

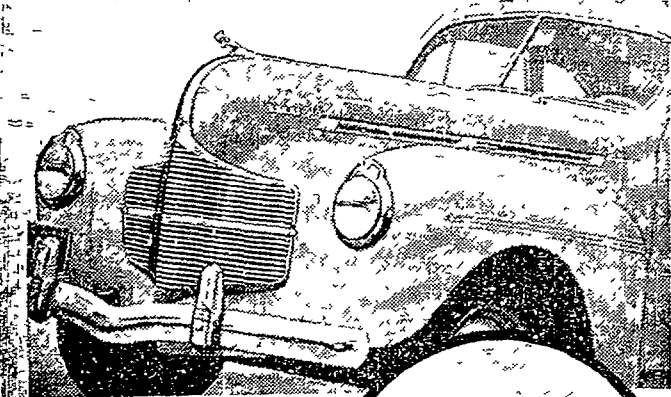

• Religious Responsibility ...

With "Love and Kisses" a friend of ours chides us concerning the heading in the Record "Lord Returns to Methodists". Says our friend "I think it is downright unfair, to the Baptists and Presbyterians". Of course the Lord may never have forsaken the Baptists and Presbyterians; but sometimes we think that it is high time that the Lord spoke to the hearts of a lot of church folk as concerns the reported attitude of clerics and conferences on matters of national defense. It is in our mind highly unchristian for religious organizations that have been accorded the right to flourish and grow on American soil, not to be willing to fight for that land against those who would destroy that land and its freedom. Is it right to expect the less religious to bear the burden of defending American liberty with its right of religious freedom, while Christians enjoying the religious atmosphere refuse to fight to retain those benefits. It is a pretty poor religion that asks others to defend home and country where Christianity and religion flourish. Christianity and every religious denomination has responsibilities to home and country and God. To shirk freedom's call is high treason.

If you wish to enjoy life after 50, the following rules have been prescribed:

1. Eat sparingly, including more fruit
2. Drink two quarts of water daily
3. Rest the body, nerves, intellect and emotion.
4. Forget about your worries
5. Avoid consuming fires of hatred and jealousy, causes of high blood pressure.
6. Keep your sense of humor and have a good time.
7. Cultivate friendships with the young; you have much to learn from youth.
8. Grow a little every day intellectually.
9. Read as widely as possible.
10. Never retire. It is far better to wear out than rust.

Kennedy Cites "Hand-Made Issues"

LANSING—The 1940 issues have already been hand-made for us. "We do not intend to personally criticize Governor Dickinson. It will be a clean campaign, based on important public issues."

These words from G. Donald Kennedy, business manager of the state highway department and deputy highway commissioner, gave a clue to the policy which Murray D. Van Wagoner will pursue if he wins the Democratic nomination for governor.

As Mr. Kennedy is campaign manager for Van Wagoner, the reference to Michigan's degeneration, degeneration, nationally known for his religious utterances and condemnation of "high life" may be considered significant.

It could be an intimation that the Van Wagoner forces anticipate the Republican nomination of Dickinson for governor. Also within the range of probability is an interpretation that Van Wagoner will avoid the thing he of a personal, frontal attack on Mr. Dickinson, lest it be regarded by "temperance-loving, church-going citizens."

From an interview with the Democratic vote-getter, however, we did get a definite impression that Van Wagoner would have something to say about "boss control" in the Republican party. That would be meant for the Grand Rapids leader, Frank McKay, whose selection as Republican national committeeman from Michigan has placed him out in the open either for praise or condemnation.

Survey of Issues
 With exacting care, Messrs. Van Wagoner and Kennedy have been making a survey of 1940 issues, months in advance of their leader's announcement of candidacy.

In the first phase of the campaign, Van Wagoner and Kennedy traveled throughout the state to ascertain the views of local politics. Thus, possible issues have been determined on the basis of county recommendations.

"A primary contest would be a healthy thing for the Democratic party this year," said Mr. Kennedy. "It would concentrate attention on the candidates." And it might keep Democrats from going over the party fence to participate in the Republican's primary.

National Defense
 Just as Van Wagoner has capit-

ized on the dollars-and-cents benefit to Michigan in having a Democratic highway commissioner at Lansing while a Democratic president was at Washington, so he is expected to stress the value of a Democratic governor during these days of national defense preparations.

"Our need in handling national defense is to be in sympathy with the national administration in order that Michigan may receive full advantage of actions taken by a strong federal government," said Kennedy.

"It is pathetic what we have not done in other fields—such as agriculture. National-state activity with regard to social welfare, resettlement, rehabilitation work, civilian conservation camps and national parks also lie within the possibility of greater benefits to Michigan."

"In the field of national defense, the state program should be one of backing up the federal defense program both with regard to industrial production and use of the national guard."

State Finances
 In the Van Wagoner declaration of candidacy are found some other "straws in the wind" as to his conception of issues for the fall campaign.

"Crippled state finances and unduly state purchasing must be among the first evils tackled by the next governor of Michigan," he said, referring to a state deficit of \$31,500,000.

Warning that the national defense program would "necessarily" impose additional federal taxes, the highway commissioner declared:

Better buy NOW— And get Top Value for your Money

IT'S pretty conclusive proof of a real value when more people than ever before buy a certain make of car in a single year.

That is true of this 1940 Buick.

It's pretty good proof of value when a higher percentage of all new-car buyers selects that car after looking the field over.

That is also true of this 1940 Buick.

So on sheer value, it should be clear that right now, "Best buy's Buick"—the question we'd like to ask is: Isn't this also the best time to buy?

Isn't this the smart time to put yourself behind a brand-new power plant, husky, thrifty, thrilling — and smoother than ever?

Isn't this a smart time to get more room—up-to-date controls—sure, soft brakes—new rubber—springing that never needs lubrication—truly modern features (Buick has no less than six dozen)—months on months of reliable, trouble-free, low-cost, stay-out-of-the-shop service?

Buick prices begin at

\$895

for Business Coupe—
Sedan prices start
at \$955—

*delivered at Flint, Mich. Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

All things considered, we think it is. Especially so when you consider current low prices.

It won't cost a cent to try a Buick, get the low delivered prices and have your present car appraised. Hadn't you better see your Buick dealer now — and do just that?

Try Michigan
for YOUR
Vacation!

Michigan's fine roads do much to account for our State's prestige as a far-famed vacation playground.

HAVE you considered Michigan for your vacation? There is much to recommend it.

You can, for example, pitch your tent or park your trailer beside a lake no larger than a mill-pond, or one so vast that it resembles an inland sea. You can choose among thousands of trout streams.

You can visit historic shrines and famous industrial plants . . . hike through splendid forests . . . or doze among picturesque sand dunes!

A great vacation State, Michigan has this added advantage: It's nearer, so your money goes farther!

• And while you are away, remember that you are as near home as the nearest telephone.

Miss Wanda Graham has returned from a visit with relatives near Rose City.

Mr. and Mrs. Irvin Bollinger and son, Donald, returned the middle of last week from a camping trip near West Branch.

Miss Audrey Roberts has returned from a 10-day vacation in northern Michigan.

Mrs. Austin Ault was quite ill for a few days this past week. Her daughter, Ruth, and Phyllis Ault, young daughters of Mr. and Mrs. Austin Ault, are spending a few weeks at the Chrysler girls' camp near Brighton.

Mr. and Mrs. Leo Woods, near Inster, were guests of Mr. and Mrs. Edwin Johnson, Saturday evening. Mrs. Emerson Ault, who for a few weeks has been a guest of her daughter, Mrs. Edwin Johnson, left Monday for a two-week visit with relatives in Pennsylvania.

Mrs. J. W. Ault accompanied by her son, Austin Ault, was a visitor in Saline, July 4.

Mr. and Mrs. Edwin Johnson and son, Eddie, Mr. and Mrs. Russell Ault and daughters, Doiores Jean and Shirley, and Mrs. Emerson Ault and daughter, Lora Anne, were all members of a breakfast party which visited the State Park, quite early Thursday morning.

With the Sunshine Sisters of Folker Subdivision sponsoring the affair, a potluck dinner was held Tuesday at the home of Mrs. Robert Fredericks, Middle Belt. It was primarily in honor of Mrs. Strass, sister of Mrs. Fredericks, and Mrs. M. E. Ault of Jackson, Miss., and a number of their friends. "Oysters" were "lived" to be guests of the organization. About 35 persons were in attendance. After the dinner, the group was addressed by Carl Thomas, a young worker from the Central Presbyterian church, Detroit. Special music was rendered by Miss June Vance with her guitar.

Mr. and Mrs. Guard Parks of Detroit, were Sunday evening guests of Mr. and Mrs. Marvin Addis. Miss Mary Hechman was the guest of Mrs. Jesse Ziegler at Houghton, Lake from Wednesday evening to Sunday evening.

Mr. and Mrs. O. L. Duncanson of Detroit, were Sunday evening guests of Mr. and Mrs. William H. Zwaahl.

The Daily Vacation Bible School,

has closed, having had a successful three weeks, with a 98-per cent average attendance. The closing exercises were held last Friday in the church building with the Rev. Sanderson presiding and the Rev. Farnum directing the children in their work. The teachers who assisted in this work were all present and gave a delightful response. The children sang and recited a great number of the Bible drills and choruses they had learned during these past three weeks with Merrill McDonald and Geraldine Wolfe giving the Bible stories. Watch for the announcement of a radio program which is soon to begin.

WALLS IN HOME ONLY PART OF INSULATION PROBLEM

Many a home is being built today that is only half insulated. Yet the man who is spending his money to build the house doesn't know a thing about it. These people, when they build, won't hesitate to spend \$150 to \$200 to make their walls weather-tight. They will buy the best insulation, the best moisture barrier, and use the best construction methods, but they overlook completely the fact that the walls of their home have from ten to thirty great big holes in them that are filled only with windows.

These holes must be filled with good window—windows that do more than harmonize with the architecture of the home. For a window is not only an architectural feature. It is also a mechanical feature.

Windows are just as permanent a part of the wall as insulation. Just as it is wise to spend close extra dollars for insulation, so it is wise to spend a few extra dollars to see that a window frame makes a permanent weather-tight joint with the wall, that window sash are precision fitted to the frame, that an efficient job of weatherstripping is done, that storm sash or double glazing is provided, and that the operating equipment used will give a lifetime of trouble-free operation.

Army Worms
If army worms show up this year, here is the formulae we suggest for Brain Cutworm Bait.
75 pounds Brain plus 1 Bu. Sawdust.
1 Qt. Sodium Arsenate or 3 pounds white arsenic in 8 gal. of water (more can be added if needed) with 2 gal. of molasses.
Add 3 oz. Banana oil just before spreading. Make bait moist. NOT WET. Spread broadcast thinly where army worms are found.
Plowing furrows may stop the march. Turn slice toward the worms.

business prediction
FOR JULY AND AUGUST—

CRISP, COOL WEATHER and profits all summer long!

No longer is there any doubt about the VALUE of summer air conditioning for retail stores, restaurants, theaters, beauty parlors, etc. It has proved its worth in cold cash figures through sales increases of anywhere from 10 to 50 per cent in many different types of business. Air conditioning is now so generally accepted by the public that a merchant who tries to get along without it is severely handicapped.

Why TRY to get along without it? Air conditioning is not an added expense. It is a paying investment that can earn its way in increased profits. Besides, it offers many other worthwhile advantages: MORE EFFICIENT EMPLOYEES—your sales force is more cheerful, more alert and attentive, can do a better selling job. LESS HOT WEATHER SPOILAGE—reduces losses of perishable goods. Fewer mark-downs due to soiled merchandise, perspiration stains, handling, etc. REDUCED CLEANING EXPENSE—no open windows to admit dirt, dust and grit. Less frequent dusting of floors, counters, walls. CUTS DOWN STREET NOISES—excludes traffic din, makes for quieter and more attractive surroundings.

Any air conditioning dealer or distributor will gladly make a study of your cooling requirements and give you a free estimate. Telephone today. The Detroit Edison Company. (We do not sell or install air conditioning equipment.)

Edgewater Performer

Jo-Anne, the Sky Girl is currently appearing at the Edgewater Park. She performs at the top of a 125-foot ladder, without nets or any other safety devices. Her routine of difficult and thrillingly dangerous acrobatic stunts is climaxed by a breath-taking "slide for life" for a distance of 400 feet from the top of the ladder.

MOVIE FEATURES
PASTURE PROFITS

Hollywood gives us movies which star dogs, elephants, penguins, and even a pig like the one Will Rogers cherished in "State Fair." But "Green Acres," an all-color movie now making the rounds of farm meetings, is the first one to ele-

gate "Bossy," the milch cow, to stardom. Included in her supporting cast are beef cattle, sheep, hogs, and horses. But "Bossy" gets all the fat lines—and that's no joke, as farmers will observe when they see the picture at one of their farm meetings.

The picture tells the story of pasture improvement which today is making its way into the front rank of up-to-date, profitable farming practices. "Despite the fact that pasture is the cheapest feed that can be grown for any kind of livestock, pasture improvement is just beginning to receive the serious attention it deserves," said R. H. Lush, Pasture Specialist, The National Fertilizer Association and co-director of "Green Acres." "It is a crop that responds to plant food, lime, and good management. Results of hundreds of experiments and demonstrations conducted by State Experiment Stations have spotlighted its value to every farmer."

"Every well-fed cow," said Mr. Lush, "eats the equivalent of 100 pounds of grass a day. The cost of producing 100 pounds of digestible nutrients from oats is \$2.02; from corn silage \$1.54; from corn grain \$1.88, while pasture produces this amount for \$.64."

The results of 34 experiments also showed that the cost of producing 100 pounds of beef on unfertilized pasture was \$4.05, while the cost on fertilized pasture was only \$2.71. The same experiments showed that unfertilized pasture produced only 12.6 cans of milk per acre, while the treated pasture made 44 cans.

Results of 7 years' experiments at Tifton, Georgia, show unfertilized pastures produced only 65 pounds of beef cattle per acre, while carpet grass and legume pastures fertilized produced 291 pounds of beef per acre.

Michigan Mirror

(Continued from page 2)
We must imitate in Michigan a wise and thrifty state government. Home-spun economy and rigid business management must prevail. Rather than pre-suppose what the public is thinking, the Van Wagoner formula is to "go directly to them" (the people) for their opinions, giving them a chance to be heard—and hearing what they say."

With forthright frankness he is expected to condemn administrative practices without condemning Governor Dickinson. At least, such is his intention in mid-July.

National Issues
National issues—such as the administration's unofficial intervention in the European war—are to play a major role in Michigan's ballot campaign.

Michigan faces other issues which have a deeper significance even than political trends," said Van Wagoner at a Pontiac homecoming. "A war is threatening our American democracies. Our nation faces a critical period. The American people have watched and approved President Roosevelt's stalwart leadership in meeting the world crisis of the past months and endorse his proven foresight of the past years in urging more adequate national defense for our country."

This came from a man who has never worshipped blindly at the altar of F. D. R. as has Frank Murphy. Van Wagoner has been more of a middle-of-the-road Democrat than an avowed New Dealer. His thinking has been that of a practical engineer, not social planner.

Thus open endorsement of Roosevelt's current crisis. It reflects the fact that Van Wagoner is the result of the lengthening shadows of national issues over Michigan's state election in November.

Editor's Note: The Michigan Mirror, a non-partisan state news letter, presented the Republican viewpoint in a series of interviews two months ago with James Thompson, then chairman of Republican State Central committee.

Mrs. M. C. Ginnell spent the week end with her parents in Caro. Returning Saturday night with her was her son, Dick, who had been visiting his grandparents for the past two weeks.

**Twenty-Four Enthusiasts Makeup Field
Sunday for Paper Chase; Two Take Spills**

The Northville Hunt staged its fifth paper chase of the season at 7:30 a. m. Sunday. Meeting at the hunt kennel on the Sheldon road, 24 enthusiasts moved off promptly on the hunt, picking up a few late risers as they hacked down Sheldon road, swinging back of Rural Hill cemetery.

It was there that Mrs. William E. Downing involuntarily parted company with her horse when he stepped in a concealed hole. The young hunter, Sir Michael, seemed to enjoy going home alone, but Mrs. Downing didn't particularly like walking at that hour.

Swinging south over the old gravel pit property, the chasers circled back to the southwest corner where George Garner went down when his mount, Lucky Strike, failed to rise high enough for a solid timber fence. Mr. Garner, more embarrassed than injured, found himself holding the bridle, but without horse. Fortunately the horse refused to go without his rider. Garner was able to remount and continue the chase.

After skirting the western edge of the gravel pit property, the field joined stream and crossed to the Robert Coolman property. Then, backing up Orchard Drive to Bloom's Woods, went sharply at a smart gallop at the home of the Master's Horn. Setting a smart pace through the woods, they crossed the sashaturn property to Eight Mile without a check.

Then down the shoulder to Tart road, up Tart to the old Manning-Locklin properties, the field completed a circle of excellent galloping ground. The end of the line was found directly back of the Eastlawn sanatorium.

After stabling their horses, the riders met at the Hotel Mayflower, Plymouth, for breakfast and a short business meeting. Mr. Garner was elected treasurer of the hunt.

Among the early risers Sunday for this event were: R. E. Downing, master, Mr. and Mrs. John Haller, Mr. and Mrs. Harry Davis, Dr. and Mrs. William M. Peak, Mrs. Fred Hoffman, Elythe Blake, Yvonne Taylor, H. T. Coughlin, Mrs. William E. Downing, Jack Callahan, Angella Chick, John Dobrescu, Mrs. Dale

Ashton, Mr. Garner, Robert Coolman, Mr. and Mrs. Eddie Carlson, Kendall Willis, William B. Washburne, Jr. and Douglas Voigt.

MAYBURY STAFF NEWS

(From the Fluoroscope)

News has been received that Dr. Leland Johnston, formerly of Maybury Sanatorium, is now Senior Resident Physician in Mount Morris, New York, at the State Sanatorium. Dr. Johnston writes that this 250-bed sanatorium occupies one of the most beautiful locations in the world, overlooking the Genesee River, which should be "infectious" enough for anyone to get well!

Mr. Lawrence Spaulding has accepted a position with the Dow Chemicals Company at Midland, Michigan as of July 1, 1940. Mr. Spaulding will be remembered not only as the man who stuck the needle in your finger, but as the one who did such excellent work with the picture-taking for our pictorial story of the past two issues.

Miss Cecile Marshall attended the convention of the American Society of Medical Technologists in New York City on June 10, 11, and 12. Miss Marshall reports the convention to have been an interesting experience, and adds that she managed a glimpse of the World's Fair while in the big city.

Dr. Phillips left Maybury Sanatorium for his vacation in the month of June—and almost immediately took unto himself! The bride was formerly Mary Lee Parsons, a school-teacher in the State of Wisconsin. Dr. Phillips and his bride returned to our locale in time for our former resident surgeon to assume duties at Herman Kiefer Hospital on June 1, 1940. To the Phillips' go all good wishes for a very happy future!

MAYBURY EMPLOYEES NEWS

(From the Fluoroscope)

Mr. Robert Powers has been proudly exclaiming about the seven-pound-six-ounce son with which Mrs. Powers presented him on June 16. Mrs. Powers will be remembered as the former Wilma Rattenbury of the main office staff.

Life begins at Forty—and so, happy Birthday, Joe (Rabiol). With that brand new present you can row, row, row!

Lyell Benjamin hasn't made the column in months 'cause he hasn't done anything. However, you might page Lyell at the next opportunity and get him to tell you the tale of "Dere wuz toity poible boids a-sittin' on de coob at lolly-toid and toid streets." He'll be glad to oblige.

Mrs. Light and daughter, Margaret Rager, were injured in an auto accident recently. Hope by the time this comes off the press that they will both have completely recovered. And the same sort of hurry-up-and-get-well wishes go to Carl and Lucille Schütz who were also recently in an auto smashup when their car hit a safety zone.

Frank Wilkinson tells us he doesn't mind in the least being called

"Granddaddy"—he is so very proud of his brand new grandson.

We're glad to see Esther Budd (nee Withric) back on duty.

Jack Appel's shabby new Ford (HAVE you seen it?) conveyed him to Pennsylvania recently for his two-week vacation. He reports a very enjoyable trip.

Eudora Ruthertford reports a pleasant time vacationing in Port Huron last month.

"Get-Well-Quick" wishes to John Siak who was recently rushed to University Hospital in Ann Arbor, for an emergency appendectomy.

Mac McCormack, the tall sort of dark and very electrician is now seen driving a new car. Nice going.

Mysic Thomas at the time of writing is about to be surprised—a birthday party is the event. Many happy returns, Mysic.

Fertilizer Brings Michigan Farmers More Than Eleven Million Dollars

Extra dollar returns on Wheat, Vegetables, and Corn, which farmers received Nationally for each dollar spent on fertilizer.

The gigantic sum—three billion dollars—which farmers have received from the Government under the AAA since 1933 is equalled by the extra dollar value of increased yields produced by fertilizer in the same period, according to estimates made from personal interviews with 32,000 farmers in 35 States.

Michigan farmers gave the interviewers gross-fact facts which show that for every dollar they spent for fertilizer they received an average return in increased yields of \$3.97. In other words, Michigan farmers spent \$3,676,900 for fertilizer. The extra return which they received from its use amounted to \$11,271,000, leaving an increased income above the cost of the fertilizer of \$7,594,100.

The returns from each dollar Michigan invested in fertilizer, as shown by The National Fertilizer Association survey, varied

from crop to crop. Tomatoes led the list with an increased value return of \$5.45. Corn ranked well up with a return of \$3.92. Other crops reported were potatoes, which brought \$3.62 for each dollar invested; wheat, \$2.64; and dry beans, \$2.77.

Michigan farmers also had their say about the effects of fertilizer on quality of crops. Over 67 per cent said they got better market quality in all cash crops, while 50 per cent said they got better feeding quality in grain and hay, and 18 per cent declared they observed better shipping quality in fruits and vegetables.

Average return in increased yields for all crops in all States shown by the survey was \$3.60 for each dollar spent on fertilizer. Nationwide, the crops showing highest rate of return were: tobacco, cotton, fruits, and vegetables.

total 524. Seventy-four are registered at 19 years of age.

Superintendent C. A. Hoffman stated that the average increase in the number of children of beginner age is greater here than has been found in many schools throughout the State. It was thought that this fact was due to an increase in the

number of permanent residents here, which in turn was brought about by relatively lower living costs in the community, with the advantages of school facilities comparable to those of larger localities.

REPORT

(Continued from page 1)

held individually in June. "Our teaching is organized primarily to give the fundamentals of the three Rs. These subjects are further enriched by activities designed to help the pupil better utilize the tool subjects," affirmed Mr. Amerman, who said that trips to farms, museums, industrial plants were sponsored by the various classes and grades. Motion pictures rented from the University of Michigan and magazines also supplemented the academic work.

He told of the surveys which the State department of education asks for when allocating tuition money. Mr. Amerman reported that the State had commented upon the heavy enrollment in the kindergarten, fourth, fifth and sixth grades, suggesting that additional teachers be hired. "This will be done when the district can afford it," he said. He also explained the industrial survey which is being conducted to find out the total payroll of Northville, the types of jobs available and what the high school graduates of the past 10 years are doing.

Explaining the health program of the school, Mr. Amerman said that the school nurse (Mrs. Star Bray) had made 125 calls during the year. She had inspected the children and had worked with local physicians in giving vaccinations. Along this same line, 7,950 half pints of milk were given to pupils in the grade school during the year. This project was backed financially by the Mothers' club which contributed \$175 to the expense.

In speaking of school athletics, Mr. Amerman told the school district that Northville was playing football in a league that had outgrown the village high school. An effort is being made to get Northville in a class comparable to its size. Stress is to be placed on inter-class games next year. Too, an insurance policy for a small cost to parents is being urged to give protection to the athletes who represent the school in all sports.

The adult education plan is to be promoted again next year. Some 26 persons were enrolled this year in the salesmanship class.

In outlining the problems faced by the district, Mr. Amerman said that in the grades it was a matter of heavy enrollment without enough teachers. In the high school, the big problem was class room space. "It won't be long before the district will be faced with the problem of buying text books for the students as is done in so many schools," he asserted.

MAYBURY NURSES NEWS

(From the Fluoroscope)
The former Miss Winifred French became Mrs. Sherman Vaughan on

June 6. Following the ceremony, Mr. and Mrs. Vaughan took a two-weeks trip to Bermuda, the land of sunshine and gay laughter. Best wishes follow Mrs. King to her home in Northern Canada where she has gone to spend the summer following a thyroid operation of recent date.

Canada is also the spot (or can Canada be called a "spot") chosen for Mrs. Sharpe's vacation period. Sarnia being her home. Sarnia is where she could be found during two weeks of June.

Mrs. Charles Westover was the guest of honor at a party given by Mrs. Rachel Himmman on Friday, June 23, 1940. Mrs. Westover will be remembered as the former Emily Mitchell of the Maybury Nursing Staff, and is now visiting friends in this vicinity after which she will rejoin Dr. Westover in Alabama.

Another vacationist—Mrs. Andrews—but where she went we don't know.

WINDOW FOGGING CONTROLLED

Here is one way to control that annoying fogging and condensation on the windows in your new home. Shown here are three casement windows. Notice that two of them are entirely clear because of inside double glazing. The other window has had the inside double glazing removed, with the result that it is fogged up almost immediately. When this picture was taken the inside room temperature was 71 degrees, while outside the thermometer stood at 15 degrees above zero.
