If neighbor spoke to neighbor
As love demands of all,
The rust would eat the sabre;
The spear stay on the wall;
Then everyday would gladden
And every eye would shine
And God would pause to listen
And love would be divine.

—Joseph Newton Mathews.

The reception of Elton Eaton's candidacy for lieutenant governor seemed to strike a popular note out state. Many Northville people, including the writer wish our good neighbor well. The following editorials from the Birmingham Eccentric and the Cassopolis Vigilante are very typical of the feeling out-state in regard to Mr. Eaton.

Elton R. Eaton, militant publisher of the nearby Plymouth Mail, has decided not to oppose Senator Arthur H. Vandenberg for re-election on the Republican ticket; instead Mr. Eaton, now concluding his second term as State Representative in Lansing, has entered the contest for Lieutenant Governor, against a field of five or six others. From a rather close view of the situation, Mr. Eaton will have as near-contenders only Felix Flynn, of Cadillac, and James M. Thompson, former chairman of the Republican State Central Committee. Mr. Flynn, himself a State Senator, is quite a likeable chap—his greatest fault being that he is closely allied with political boss Frank D. McKay.

Thompson's difficulty lies in the fact that, while for months he criticized "political bosses" and the "weakness of Governor Dickinson," upon announcing his candidacy he "came out" for the aged Governor. Thus did kindly Jim put on his other face.

But Mister Eaton! boy, there is a chap who will make the welkin ring ere this campaign is over, as the poets say. The Plymouth man served four years as former Governor Groesbeck's executive secretary, and he most certainly knows his State of Michigan.

We are happy that Mr. Eaton is in the contest for Lieutenant Governor. When he takes over the job of being President of the next Michigan Senate, by virtue of his election as Lieutenant Governor, you can just bet your hop for eternity that his appointment of important committees of that body will not be dictated by any political bosses.

And that ought to mean less costly government for the weary taxpayers.—Eccentric.

A real honest-to-goodness square shooter and graft and political boss fighter has entered the race for the Republican nomination for Lieutenant Governor of Michigan, making, we believe, nine candidates for that office. We refer to Elton R. Eaton of Plymouth. As a representative in the state legislature he made a splendid record for intelligent action. He knows what state business is all about. He is honest, and he is not afraid of politicians, no bosses or high office holders, scare him. He has a background of experience that fits him for service. A small-town newspaper man at Galesburg, next a reporter on a Kalamazoo daily, then sheriff of Kalamazoo county; later secretary to Gov. Groesbeck, where he became familiar with state business, then publisher of the Northville Record and now publisher of the Plymouth Mail, one of the largest Michigan weekly newspapers, served two terms in the legislature from the northern district, the rural district of Wayne county. He has been an active life and his record is clean and good. Michigan would be helping itself by making Mr. Eaton its Lieutenant Governor.—Vigilante.

To be prepared is one of the most effective means of preserving peace.—George Washington.

Still the rush for citizenship continues. We wonder if citizenship, sought only to preserve one's job or prevent deportation, is that the most desirable type. Isn't this belated movement somewhat of a reflection on democracy and its methods or lack of method?

Now the one woman on earth who wanted most to be a queen, and for whom a royal prince gave up his empire, shines so brightly in the Bahama Islands. Once a King over an Empire, today rules an area and population equivalent to an American county, some 20,000 souls.

Ballyhoo . . .

People of Northville and vicinity in common with the rest of the country must prepare their defenses for a great attack of political oratory during the coming weeks. Much as we would like to escape the barrage there seems but little opportunity to do so for many a candidate is preparing a hot campaign. Let us hope they will have something constructive and practical to offer rather than the usual ballyhoo about someone else's mistakes.

As the time for primaries draws nearer more hats will likely be tossed into the ring for political jobs. Some of the perennial candidates are not to be taken seriously. Why they run for office is probably a mystery to everyone but themselves unless they accept at face value the promise that patience and perseverance accomplish all things.

A good candidate worth considering should possess several qualities. First, a good education is always an advantage for it represents mental ability and a capacity to accomplish tasks. Personality is an asset for both campaign and office, involving more factors than you could discuss in a dozen newspaper columns. Courage also counts for much, for without it a candidate fails to fulfill his promises or avoids the issues he must face. And most of all, character is important for those weak in this respect will be failures regardless of their other qualities.

Prepare yourself for a blitzkrieg from candidates this fall. Know in what ways the candidate is fitted for the job, and regardless of what else he may claim, it is good business to cast your ballot for the man best qualified.

"Win" is the nickname of Wendell L. Willkie . . . hopeful omen, believe millions of GOPers.

O. L. Smith is a candidate for governor on the republican ticket. He has many friends who believe he can accomplish much for the good of Michigan. He will carry a vigorous campaign for the nomination. His chief platform plank is lowest cost of state government. Mr. Smith is an able man, personally honest, we think, and knows the value of a dollar.

We wonder if the tale told concerning Michigan's Howard Lawrence conducting a Vandenberg Bar at the national convention is true. He managed the Vandenberg campaign, and the Vandenberg bar is said to have been the only one operated by presidential aspirants . . . And Mr. Lawrence is a Sunday School superintendent, too. Well, anyway, Gov. Dickinson thrilled the country by being photographed drinking milk to calm the surges and the seas.

NORTHVILLE'S YESTERDAYS

One Year Ago

A vein of water which can be developed into a 1000-gallon a minute well was found Wednesday morning at the test drilling in the Village Park.

Coming as one of the most unusual pieces of news of the week, was the word that Carey Rogers had made plans to open his own training plant for hunters and jumpers in the heart of activity in Bloomfield Hills.

Miss Doris L. Chaffy of Waikiki, daughter of Mr. and Mrs. Glen H. Chaffy, was united in marriage to Harold Millsap, of West Philadelphia avenue, Detroit, in a ceremony performed July 16, at the bride's home.

Five Years Ago

Production will get started in the new Plymouth aviation plant of the Michigan Wood Products company, Aug. 1, D. E. Merrifield, vice-president, said today.

Excavation of Northville's new Ford factory started yesterday. Mrs. Charles E. Murphy was unanimously elected for State vice president of the American Legion Auxiliary at the Legion Auxiliary meeting held Wednesday in Rochester.

Fifteen Years Ago

Some new men will be without homes in their own country, but not so with Northville's pioneer and present July 15, Harry S. Goetz, who is to celebrate his fiftieth birthday. A gala day, with ball games and races is planned for him, Aug. 1.

A birthday dinner was given at the home of Mr. and Mrs. H. Rydman of Northville Sunday in honor of E. W. Pastuszyn who celebrated his seventy-ninth birthday. Harold Sonnberg and Mable Sonnberg were united in marriage Tuesday at the Methodist parsonage.

Thirty Years Ago

Thus far the Circle-N boys have won 15 of the 30 games played. Supt. Clark of the U. S. fish station is endeavoring to interest the government in the proposition of selling the streets along the Uncle Sam property. Mr. Clark figured that three barrels of oil will run enough for a whole season.

An over-filled gasoline stove caught fire in W. E. Ambler's ice cream parlors this morning and caused considerable excitement for a few minutes.

Mr. and Mrs. W. J. Petz and son, Michael, are vacationing for two weeks. They have planned a number of short trips, including a fishing trip, north.

CORN EAR WORMS

Light mineral oil with pyrethrum can be injected in tip of the ears as soon as the silks will and prevent Ear Worm damage. It kills any worms there and makes a barrier for more time for new ones.

Pressure oil cans or syringes can be used. The cost for time and material is very small. Complete details available U. S. D. A. Mimeo. C-9497.

Extension Family Picnic

Wayne County Extension Families and their friends are invited to meet together for a basket picnic at Elling Park, Troy, on Wednesday, July 31, from 10:30 a. m. to 3:00 p. m.

Tables will be furnished with white paper and will be assembled north of the concession stand. From 10 to 12 there will be a soft ball game and horse shoe pitching for those who wish to take part.

Musical will be furnished by the Detroit W. P. A. Gypsy Orchestra, Michigan Music Project which is part of the Work Projects Administration and the Trenton High School Band.

Mr. John C. Ketchum, former U. S. Senator will be the speaker. Following the speaking part of the program there will be contests for men, women and children.

Orchards

Telegram from Ray Watson, Head of the Department of Entomology, Michigan State College states there is late stage of the first brood of Codling Moth severe enough to warrant immediate spraying.

Bert Cox of the Meadowbrook Country club, spent Monday afternoon at Grosse Ile.

Mrs. Fred T. Murphy will be guest speaker for the July meeting of the Council of Wayne County Women's Republican clubs, at Wayne, Friday, July 26. Hostess for the day, Mrs. Hazel Moran, until recently vice-president of the Council, will welcome the meeting to her home at Washington street near Chestnut, Wayne, Michigan. "Highlights of the Convention" will be the subject of Mrs. Moran's luncheon to be served at 12:30. Program chairman, Mrs. Elizabeth Sammond, has announced a string ensemble is to provide a musical program during the afternoon. Mrs. Edwin C. Borback, president, has called the board meeting of 12 o'clock.

Local News

Mr. and Mrs. L. B. Holmes of Monroe, were Monday callers in the village.

Charles A. Dolph was taken to Mt. Carmel hospital, Friday, for another operation.

Miss Mary Louise Boyden taught last week at the Hill Top Children's school, Plymouth.

Miss Ardis Crosby of the board of education office, is vacationing until Aug. 5. She is spending part of the time at her home in St. Johns.

Mrs. E. C. Wellwood and daughter, Barbara, returned Saturday to their home in Detroit, after visiting for two weeks at the home of Mrs. B. G. Filkins.

Frank and Louis Eaton returned Monday morning from a vacation in Miami, Fla., and New York. Their father, L. M. Eaton met them Saturday in New York.

Word was received this week from Mr. and Mrs. William Hensch who are traveling through the West and Mexico. They report that they are "having a grand time."

Miss Marjorie Nelson, of Plymouth, formerly of Northville, will teach next year in the home economics department in North Branch. She will be graduated this summer from the Michigan State college at East Lansing.

Mrs. Alfred P. Kelly and Mrs. Joseph Ruble of Oswego, Ore., were guests last week of Mrs. L. M. Eaton. All three spent the week end in Toledo, O. Mrs. Eaton returned Monday morning. Her guests have gone back to their home in Oregon.

Members of the Merry-Go-Round club were luncheon guests Wednesday of Mrs. Charles Filkins and Mrs. E. G. Filkins. The affair was held at the home of Mrs. Eberle Smith, Detroit, where Mrs. Smith and Mrs. E. C. Wellwood were hostesses on this occasion.

The Union Protestant church service will be held at 11 a. m. Sunday, July 28, in the Presbyterian church, with the Rev. Harry J. Lord of the Methodist church, preaching. The union services will be held for the next three consecutive Sundays in the Presbyterian church.

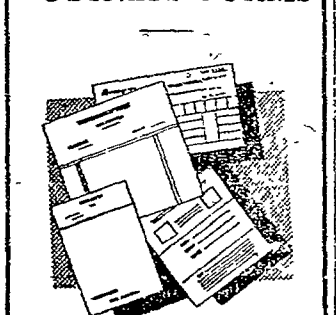

Residents of Northville and Wayne county may save 50 per cent in the cost of admission tickets to the 1940 Michigan State Fair through the purchase of half-price tickets right at home. The thrift offer by "The Nation's Greatest State Fair," which opens the first week in September at the state fairgrounds just north of Detroit, is in effect at the following places: Ford agencies, county agents, office 4-H clubs and the State Fair Office. Tickets are available only for a limited time.

Arthur Sessions attended the funeral Monday, July 22, held at Rochester, N. Y., for his aunt, Mrs. Mary D. York, formerly of Northville. She died Thursday, July 18, at the age of 76 years at the home of a niece, Mrs. Nina Webster of Stockton, N. Y. Rites were held from the home of Mrs. Howard Curry. Burial was made in the cemetery at Honey Lake Falls, N. Y. Mrs. Sessions, Curtis Emory and Miss Ruth Emory of Flint, also made the trip.

A committee on "Candidates and Issues" has been appointed by the Board of Directors of the Oakland Citizens League. This committee is to submit questionnaires to candidates who file nominating petitions for various offices that are to be voted on at the primary election. A report of the findings of the committee and of the reported qualifications of the various candidates is to be published and given wide distribution previous to September 10.

News from Walled Lake

By C. E. Hutton

When he stepped in front of a moving car against a traffic signal at North, at the intersection of Grand River and Novi roads at 10:30 Saturday night, Jacinto Espina, 45 years old, a Mexican section hand at Novi suffered serious injuries.

According to witnesses Espina stepped into the street as the signal changed against him and was struck by the car driven by David Andrew, 1804 E. Grand, Detroit. Andrew, traveling west on Grand River told police he was unable to stop his car before striking the man.

The Casterline ambulance of Northville was called, and the injured man rushed to Redford Receiving Hospital, where examination disclosed a fractured right leg, severe head cuts and possible internal injuries. Espina gave his home address as 3301 Michigan avenue, South Chicago.

Three persons were injured at 9:30 Saturday night when a car driven

by Art VeaVila, 20 years old, 20097 Ropelle, Detroit went out of control and crashed into a ditch on Grand River road, three miles west of Walled Lake. The three passengers with the driver were his brothers, James, 23, who suffered head cuts; Harriett Oldenhouse, 18, of Utica, who sustained a fractured ankle and Norma Zemlich, 18, of 11599 Hull street, Detroit, who received face lacerations. All three persons were treated by a Walled Lake physician.

Edward V. Mankies of Detroit, was fined \$3 and paid \$5 costs for operating a motor boat without a muffler, on Walled Lake, Wednesday, by Justice Arthur R. Green on a complaint issued by Deputy E. L. McQuern.

Four Detroit boys were fined here after they admitted causing a public disturbance, while swimming along the north shore of Walled Lake about 1 p. m. Monday.

The quartet pleaded guilty before Justice Arthur R. Green, Monday morning on a charge of disturbing the peace and using profane language while swimming. Each was fined \$5. The complaint was issued by Deputy E. L. McQuern. The youths involved are Clifford Hutton, 17, James VonEpper, 18, John Nannes, 17 and Robert Cyn, 21, all of Detroit.

General approval was given in the annual audit report of the Walled Lake Consolidated School district records by Briggs and Iserman, auditing firm of Ann Arbor, recently received by the Walled Lake school board.

Several commendatory points were indicated and suggestions made for further benefit to the district. Emphasis was placed on the excellence and completeness of all financial records. In the report it was stated: "A comparison of actual and budgeted expenditures is presented. The budget adopted for the present year was more in detail than that of the previous year. It is suggested that further progress be made in budgetary control of expenditures made." To wit: "Undoubtedly the board would be assisted in its financial operations by monthly statements presenting a comparison of the budget with expenditures for the fiscal year to date."

In line with this suggestion the administration has available for public inspection a comparative record of the 1939-1940 budget and actual receipts and expenditures, as follows:

RECEIPTS:
Primary money, actual, \$13,126.40; Budget, \$14,000.00; Primary Supplement, Fund and Equalization; Fund actual, \$41,850.05; Budget, \$43,800.00; Tuition, actual, \$5,905.53; Budget, \$5,700.00; District taxes, actual, \$38,731.63; \$3,256.00; Debt service, actual, Budget, \$5,000.00; Library, actual, \$7,643.72; Budget, \$8,000.00; Tuition per primary money, actual, \$757.40; Refunds, actual, \$2,014.34; Property sold, actual, \$1,640.81; Totals, actual, \$110,753.61; Budget, \$122,600.00.

Disbursements:
General control, \$5,785.62; Instruction, \$5,977.62; Aux. & Coordinate Act., \$10,548.66; Operation, \$10,948.66; Fixed Charges, \$1,979.47; Maintenance, \$413.97; Debt service, \$4,856.25; Capital outlay, \$4,915.91.

CONGRESSIONAL COMMENT

by

GEORGE A. DONDERO
Member of Congress, 17th Michigan District

National Defense Expenditures
In previous comments I have given statistics on the state of our national defense armament, showing the amount of military equipment on hand and on order, and on the strength of our Navy. When the President delivered his message to

Congress on the condition of our national defense and later, to his fireside talk, grouped the amount of armament on hand and on order and left the people in the dark as to just what was "on hand" and "on order." The people rightfully began to ask concerning the admin-

istration expenditures for national defense. With the huge peace-time expenditures for our Army and Navy fresh in their minds, the people naturally were shocked to learn that the money had not procured the extent of defense which they logically assumed would be purchased through expenditures.

I wish to devote this comment to a report on our national defense appropriations for the years 1933 to 1941, both years inclusive, and present an analysis of the resulting defense situation. The following figures show the expenditures for the Navy from 1933 through 1939 and the appropriations for 1940 and 1941:

1933	\$349,561,924
1934	297,029,280
1935	430,477,860
1936	529,031,665
1937	548,801,242

1938	\$58,836,234
1939	68,040,224
1940	72,289,024
1941	81,751,000

Expenditures for the Navy from 1933 through 1939 total \$3,402,541,089; the appropriations for 1940 and 1941 amount to \$1,574,140,092; a grand total of \$4,976,681,181.

According to Navy Department figures, as presented in the 1939 Statistical Abstract of the United States, we had 457 fighting ships in 1934; 436 in 1935; 416 in 1936; 424 in 1937; and 422 on January 1, 1939. This represents a decrease of 35 fighting ships during the above period.

The following figures show the expenditures for the Army from 1933 through 1939 and the appropriations for 1940 and 1941:

1933	\$268,417,428
1934	243,329,151

1935
 \$273,485,711 |

1936
 \$322,654,683 |

1937
 \$374,860,148 |

1938
 \$421,985,682 |

1939
 \$480,900,733 |

1940
 \$586,898,000 |

1941
 \$687,693,000 |

The foregoing figures add up to \$3,789,624,534 and this money has been expended on an Army consisting of 183,447 officers and men in the Regular Army, 197,188 in the National Guard, and 116,175 in the Reserve. In the past 16 years, 1925 to 1940, we have expended \$6,160,000,000 on our Army alone and of this vast sum but \$854,526,000 has been used for the purpose of procuring new equipment, such as aircraft, tanks, etc. In other words, only about 16% of our defense funds has been going into the strengthening of our national defense; the remainder has been expended for upkeep of the military

establishment and purposes other than the purchase of new fighting equipment. This ratio is reflected in the inventory of armament "on hand" as of May 1, 1940, given in a recent comment.

Our appropriations for national defense, Army and Navy, have exceeded one billion dollars annually every year since 1937 and our total expenditures and appropriations for national defense from 1933 to 1941, both inclusive, have amounted to \$8,766,305,715. This makes an average annual national defense expenditure of nearly one billion dollars.

In view of the state of our national defense and our one billion dollar annual average of appropriations for this purpose, it is apparent that our policies should be given a great deal of study and a program worked out which will give our Nation substantial results for its armament dollars.

—and its quiet, powerful blades are capable of producing a complete change of air in your house every few minutes. Prices vary from \$50 up (installation extra).

The principle on which it operates is simple. The attic fan draws the warm air in your rooms upward to the attic and discharges it out-of-doors. At the same time, a flood of cool night air is pulled in through the windows and gently circulated through the house—making the rooms delightfully comfortable and assuring long hours of restful sleep.

Department stores, electrical dealers, and fan dealers will gladly give you full information about this low-cost method of house cooling. Telephone today. The Detroit Edison Company. (We do not sell or install this equipment.)

To Entertain at Edgewater Next Week

Opening at Edgewater Amusement Park, West Seven Mile road, near Grand River and Telegraph, Monday, July 29, is a free attraction which should prove one of the most popular ever to show in the city. It is called the Aerial Solts, and it includes many features said to be offered by few, if any, other aerial acts of the kind in America.

MODERN TREND TO MORE WINDOWS PUTS STRESS ON QUALITY

Windows and More Windows is Trend in New Homes Today
No matter how you look at windows, you're going to see more and more of them in new homes. Light, airy rooms mean just one thing—more windows—and that is definitely the trend in home construction today.

And the more windows you have in your new home, the more you've got to watch quality construction in the windows you buy. Windows can add much to the enjoyment of your new home if they're good windows, and if they're poor ones, they'll add plenty of headaches.

Window "Pains" Gone
Rattling, sticking, leaking windows are a thing of the past with the complete factory fitted window units as manufactured today. Maybe that is why architects and contractors the country over are favoring more windows because, at last, the "pain" has been taken out of them.

New Features
Such features as inside double glazing, screens that are removed from the inside, condensation controls, and hinges that allow both sides of the glass to be washed from the inside are part of modern casement windows today. Similar improvements have been made in the popular double hung windows. Durable action weatherstripping, noiseless pulleys, and flat weights that allow for narrow modern lines are a few of the out-standing innovations.

A radial bay of casement windows so popular today.
An angle bay popular for breakfast rooms.
A multiple bank of double hung windows, often used at the end of the living room.

SESSIONS HOSPITAL
Mr. and Mrs. Lloyd Croft are the parents of son, born July 22.
Mrs. Leon Robinson of Farmington, will be released Friday. She has made satisfactory recovery from an appendectomy.
Barney Whipple will be released Friday.

LOCALS
Mrs. Florence Slentz of Novi, is cleaning in the Wolf store for a few days.
Blake Northrop entertained Saturday evening at a steak roast. His guests were Miss Jeannette Eldridge of Big Rapids, Kenneth Kerr, Miss Elsie Budnik of Detroit, Dr. Richard L. Kerr.
The University of Michigan Summer Session Band of more than 100 players, and the High School Glee Band of 186 players, will unite in presenting a concert at Ferry Field, Ann Arbor, at 7:30 p. m. July 27, under the direction of William D. Revelle of the faculty of the University School of Music, and Erik W. G. Leiden of New York, guest conductor.

Eight members of the Northville Branch of the National Women's Farm and Garden association, attended a lawn party Tuesday at the home of Mrs. Paul Barker of St. Clair Shores. The group included: Mrs. Roy Matheson, Mrs. William B. Walker, Jr. Mrs. M. L. Hoyrstadt, Mrs. Frank Zebornick, Mrs. William Hein, Mrs. Joseph Denton, Miss Pearl Denton and Mrs. E. A. Kohler.

Miss Mary Ellen Napp of Kalamazoo, Ind., left Saturday after a four-day visit as Peggy Walker's guest at Happy Acres, the country home of Mr. and Mrs. William B. Walker, Jr. Peggy's guests next week will be the Misses Nancy Coetzgen and Shirley Bartz of Detroit.

Brief funeral services were held Friday morning at the Castorine Funeral home for Charles Ely, 86, who died June 30, in California. His ashes were sent here for burial in the family lot at Ypsilanti with the rites being conducted by the Rev. William Richards. Mr. Ely was a brother of Supervisor Willard Ely of this place.

Act of '35 Creates Michigan Bar

LANSING—Let the word "lawyer" be mentioned to the average Michigan citizen a generation ago, and has mental reaction would probably form a picture along one or more of the following lines:

A "trouble specialist" who was summoned in an emergency, usually

when someone became entangled with the law.

A fee-minded expert with a costly vocabulary.

A professional man who meddled in everybody else's business, and never did anything about his own.

A man who drafted bills and helped to run legislatures.

A man who was hired by criminals to defeat justice.

These were yesterday's misconceived ideas about the attorney-at-law, the professional man at the bar—ideas which for years have plagued one of the most important and influential groups in American life.

Michigan State Bar

For the purpose of effectively raising the standards of the legal profession and of cooperating with the courts to improve the administration of justice, of the Michigan Supreme court

Headquarters office is located at Lansing in charge of Henry I. Woolfenden, Jr., executive secretary, with a branch office in Detroit.

Every lawyer in active practice in the state—approximately \$300 in all—must pay annual dues of \$5 to maintain his membership in the organization.

What has the State Bar done to meet the public's distorted notions? Its record of achievements is noteworthy.

Free Legal Aid

The State Bar of Michigan accepts reference of every request for legal aid from both the attorney general's office and the governor's office. In addition, it receives numerous requests for legal aid direct from indigent citizens.

Since its creation, every request for legal aid from any place in the state of Michigan has been carefully investigated and every meritorious request has been granted. This has been done without any cost to the indigent citizen requesting the legal aid, or without any cost to state or local welfare agencies.

The State Bar has been working with the state board of law examiners (which gives the examinations) to insure that applicants for admission to the bar are morally as well as mentally qualified to become lawyers. Character examinations have been given to every bar applicant from the city of Detroit for several years, and arrangements

are now being completed to have the State Bar of Michigan give thorough character examinations to every bar applicant from every part of the state.

Self-Discipline

The grievance committees of the State Bar are now vested with authority to hear complaints against lawyers and recommend discipline to the courts. Grievance committees have the power of subpoena and indirectly the power to punish for contempt. These powers enable them effectively to investigate charges of professional misconduct.

Since the State Bar was created, fifty persons have been removed from the roll of attorneys either by orders of disbarment or by resignation pursuant to grievance committee action.

The bar is now effectively "cleaning its own house."

Grievance committee work is all handled voluntarily by lawyers, without any compensation whatever, and the witness fees, stenographic fees, etc. are all paid out of State Bar funds.

State Government

The Supreme Court rules creating the State Bar of Michigan provide that the government, the Supreme court the legislature, or the judicial council may call upon the State Bar for assistance in any matter relating to Michigan courts, practice and procedure therein, or the administration of justice.

Every governor who has held office, since the organization was created has called upon the State Bar for assistance under this provision of the rules, and the State Bar has also received requests for assistance from the Supreme court, both houses of the legislature, and the Judicial Council. In every instance the State Bar was able to give the assistance requested, to the complete satisfaction of the governmental official or body who made the request.

The governing board of the State Bar of Michigan is a commission of twenty-one members. These commissioners are busy lawyers, at the peak of their professional careers, yet during the past year they contributed an aggregate of over one year's working time to the profession without one cent of compensation.

In addition to this governing board, over three hundred lawyers on twenty general committees and over one hundred fifty lawyers on seventeen grievance committees contributed time and service of inestimable value to the profession and to the cause of justice in this state, all without any compensation whatever.

This brief summary does not by any means include all of the work being done by the State Bar, but the examples mentioned indicate the potentialities of a self-governing professional organization.

Few professional groups, if any, have worked as vigorously and intelligently—and effectively—toward raising standards as has the State Bar of Michigan during the past five years.

Miss Sally Greer, Detroit, was a week end guest at the home of Mr. and Mrs. Orlow G. Owen.

Mrs. Joyce Morley is the assistant in Vernon M. Pugh's office. She replaces Miss Geraldine Trowbridge who is vacationing, and who later plans to work in Detroit. Her home is in Clarenceville.

Mrs. Joseph McCluskie has received word from her sister, Mrs. Fred Gilham (nee Chris Sutherland, formerly of Northville), who is in Scotland. She writes that she has had to seek refuge from bombings in the home of her parents, Mr. and Mrs. Robert Sutherland. The school and many homes there have been bombed, with raids occurring practically every night she informs Mrs. McCluskie.

Fun is where you find it!

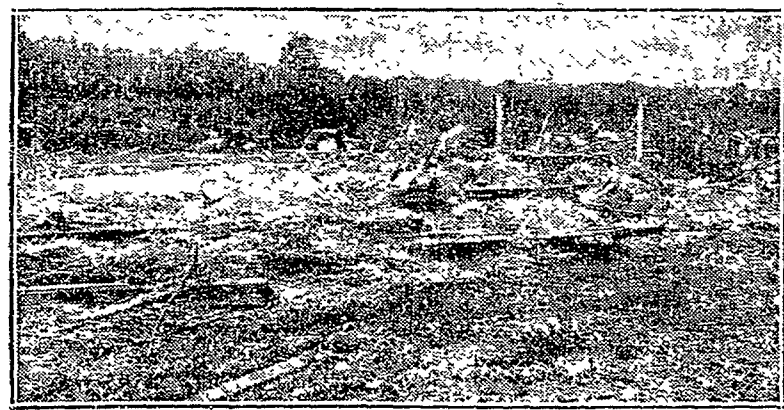

No one in Michigan need hunt far for vacation fun. This State is one of America's greatest natural playgrounds... with many excellent trout streams... beautiful forests... magnificent State Parks... and five thousand lakes in which to swim, fish and sail.

We residents of Michigan are extremely fortunate in having so many and such fine vacation facilities within our own borders. Being spared the time and expense of traveling to distant States, we have more time and more money to spend on vacation pleasures.

And while you are away, remember that you are as near home as the nearest telephone

THAT THE CRIPPLED MAY WALK

R. L. Drummond, District NYA Director, is shown above (left) presenting crutches built in the NYA craftshop in Grand Rapids to Mr. Thomas Smith of the Grand Rapids Rehabilitation League. One hundred of these adjustable crutches were made by youth gaining work experience on the NYA program. They will be issued to handicapped youth receiving league assistance. Almost all hospitals and public institutions in Grand Rapids are now receiving NYA assistance, and 36 hospitals throughout the state are receiving help through the NYA "nurse".

ence of E. A. Isaacson, manager, who is under observation at the Veterans' Hospital at Dearborn. Mr. Isaacson's home is in Plymouth, and he has been with the A & P Store there for 10 years.

Chief of Police Richard Loomis reports that police are still investigating the death of Guy Martin, who died two weeks ago from a skull fracture. The death was pronounced accidental by the coroner, but police feel that circumstances make it necessary to make a more thorough investigation.

At the Northville Lumber and Milling Company, preparations are going forward for the installation of a new mixing machine doubling the capacity of the plant. Larger carriers are also being installed to care for increased business. The new mixer is expected to arrive next week and will be installed and placed in operation at once.

HORSE SHOW

(Continued from Page 1) the thoroughbred hunters, middle and heavyweight hunters, Tennessee walking horses, five-gaited combination, junior fine harness division and the ladies' five-gaited horses, as part of a full afternoon's performance.

The stock qualifying class will be held Saturday morning, along with the amateur adult open jump and three-gaited classes, amateur road hacks and hunter classes. Final judging of the stock class will take place Saturday afternoon, at which time the championships of the show will be announced. Fifteen events are scheduled for the final afternoon of the show.

COLON (MPA)—Animals on Lynn Whitmore's farm had a field day recently. Two of his prized ewes gave birth to six lambs, two sets of triplets. In addition, a three-year-old Jersey cow presented Whitmore with twin calves, one a heifer and the other a bull.

WELL-POSTED CHICKEN READING (MPA)—A chicken that may be considered well-posted indeed was hatched recently at a local hatchery. Instead of the usual two legs, this chick had four. This is the second such fowl to be hatched in the 14 years that present owners have operated the hatchery.

Robert Hunter told the members of the Exchange club Wednesday about his hitchhiking experiences in his recent trip to Colorado via Yellowstone Park. Forty-eight hours hitchhiking from Detroit to Northville—not a bad speed record—and a total cash cost of \$16.00 and a pair of shoes, established somewhat of an economy record, also. Robert had a fine time, some interesting experiences. Foster B. Kusabek of Plymouth is the new manager of the Northville A & P Store during the ab-

Does Your Car Shimmy at certain speeds?
If so, you probably need accurate wheel balancing. It's a long story... we haven't space to tell it here... but wheels must be in static balance and in running balance, too.
We correct for both. Our service is inexpensive, and stops shimmy, tire gouging, and wheel tramp. If you're all worn out after a day behind the wheel, if your car "goes into a dance" at certain speeds, you'll find the answer in this service. Drive in today.
