11-Day Racing Meet To End Saturday when Northville's Twenty-Fourth Fair Closes; Attractive Card To Be Offered Fair-goers; Stubborn Filly Is Problem at Thursday's Meet

Expect New Mutuel Handle Peak

By George L. Zimmerman, II
Wednesday, Aug. 21—Continuing in conjunction with the Northville Wayne County Fair, the running races enter the final week of the current 11-day meeting at the Northville track. After a most successful opening, the officials are prepared to offer an attractive card to the thousands of fair-goers who will be drawn to "Little Saratoga" from 3 p. m. Wednesday to Saturday, Aug. 24.

Six thousand persons, the meeting's second capacity crowd, were on hand Saturday to witness the running of the Little Saratoga Purse, the feature race, which attracted the best two-year olds to run thus far at the local track. Phyllis B, a filly owned by Miss Lydia Kassner, easily won the race by three lengths over Princess Rhoda, a recent winner at Hamilton, O., and a five-length winner at Northville last Wednesday.

Biggest Payoff
Phyllis B, a stable mate of Raymond, crack contender for sprinting honors among the older horses, was making her initial start on a half mile track, and found no trouble negotiating the turns. Phil Kirkpatrick was atop the winner. The biggest payoff of the meeting followed the fifth race when Fair La June rewarded her backers \$34.40 for each mutuel ticket.

Saturday's mutuel handle was \$47,897 and officials are expecting this amount to be bettered this week due to the crowds which are drawn by the horse show and the local fair exhibition. Racing will begin at 3 o'clock instead of the Twilight Racing schedule which was in effect last week.

Get Thrill, Thursday
Racing fans Thursday were given a thrill which attracted statewide attention, and resulted in radio dramatization over the air. Central figure in this was a filly named Lady James, an entrant in the second race on that day. Demonstrating that Thoroughbred horses are sometimes more tickle than women, Lady James decided that a delay at the barrier would attract more attention than the winning of the race.

As the horses sprung from the gate Lady James thought it best to stay lady and perhaps await their return to the same spot, the half mile point of the six and one-half furlong race. The starting crew, anxious to move the large Bahr gate from the track before the horses would reach that point, could not move the stubborn filly from her stall.

Fans in the stands thought that the gate would not be moved before the horses reached that point and perhaps the horses would have to pull up.

Finally with a great deal of persuasion and effort, the filly was taken out of her stall and the huge gate was pulled off the track shortly before the rest of the field of horses came thundering down the back stretch. Devilish Cona was the winner of the race and set a new track record of 1:21 and 4-5 seconds for the six and one-half furlongs.

Fans Give Sighs
Fans breathed a sigh of relief after the race, but were given another thrill in the final race when Ballah and San Ardo ran a dead heat to win. With the closing of (Continued on back page)

Horse Show Boasts Largest Hunter Classes in History

Wednesday, Aug. 21—Most outstanding hunter-jumper entries in the history of the Northville Horse Show, featuring any number of classes with 18 and 20 contestants and bringing together horses of championship caliber in their respective divisions, all are pointing to a horse show that will rank with the best in the Middle West.

Junior's Open 4-Day Show
The show got under way this afternoon with the junior classes under the chairmanship of Mr. William Rawle Brown. These classes, too, had in most cases as many as 20 entries, making it a record show, not only from the point of entries, but in general excellence of quality and horsemanship.

There were 21 contestants in the junior horseman class, with the participants being between the ages of 13 and 19 years. Other features of the afternoon were the junior hacks, good hands class, all bringing equally large fields.

Legion Poll Shows Conscription Issue Favored by Voters

271 Votes Are Cast Saturday; 186 Want Immediate Compulsory Military Training for Boys

Cards Go to Senators
Voters, numbering 271, cast ballots in the voluntary poll Saturday, Aug. 18, conducted on the four corners by the Lloyd H. Green Post of the American Legion on the conscription issue, favoring it by a 186-85 count.

Voicing took place between the hours of 11 a. m. and 7 p. m., with the understanding that the results of the poll are to be given to the representatives and senators, the Michigan senator to receive the marked cards.

Question Is Bluntly Stated
The question was stated in this manner: "Do you favor or oppose compulsory military training? Yes. No."

The significant point to remember," says Chas. J. Smith, one of the persons assisting with the poll, "is that this question is bluntly stated. No doubt many persons would have voiced their approval, had a more streamlined question been asked, for instance, 'Do you favor compulsory military education?'"

Voting Was Voluntary
Continuing, Mr. Smith says, "Persons voting were from an average run of the voting public as they passed the corner. No one was told how he should mark his card, for that would have defeated the purpose of the poll."

According to Mr. Smith, many mothers checked the yes sign, commenting, "Certainly, I want my son trained if he must defend our country." It was noted from the poll that more women in Northville favored compulsory training than disapproved of it.

"Some men with good positions were of the opinion that it would not be fair to ask the boys to have a good job with a high salary for small pay in the army or navy, while many aliens and slackers stayed home," Mr. Smith further commented, "from remarks which were made by voters."

In an effort to get a cross-section of the public opinion in the village, the Legion asked cooperation from the qualified voters on the conscription question. This week, they are commending the public for the response made by the poll.

Eaton Headquarters Are in Log Cabin

The "Abe Lincoln" log cabin next to the Plymouth Mail office in Northville, is the newly erected "Eaton R. Eaton Club" headquarters from which the campaign in behalf of his candidacy for the republican nomination for lieutenant governor will be conducted by Plymouth citizens.

The building, constructed of log slabs over lumber sheathing and laid with cork roofing to make the building waterproof, was erected under the direction of Harry Lush, who was appointed chairman of the committee in charge of the headquarters building two weeks ago. The assisting committee includes William Pettigill, Stanley T. Corbett, Matt Powell and Frank Rambo.

Pamphlets and campaign literature may be obtained at the headquarters, according to Fred Schradler, chairman of the Elton R. Eaton club, who invites everyone to call and inspect the new building.

"Our work is progressing satisfactorily, and the various committees are coordinating in their work," said Mr. Schradler.

Political Rally Comes on Fair Heels, Aug. 24

Coming right on the heels of the Northville Wayne County Fair which gives every promise of being the biggest in years, a political rally is to be staged at 6:30 p. m. Saturday, Aug. 24, at the home of Mrs. Jean Cole, where she and her son, Scott, will be hosts to a large number of the republican candidates and party leaders in this section of the county.

Supporting the rally will be figures long prominent in republican circles, as well as a large number of young voters and members of the Young Republicans' club. A buffet supper is to be served to the guests.

Praises Fair

Nelson C. Schradler

As the annual Northville Fair gets under way this week, Mr. Schradler, president of the fair, said that the board of directors was expecting the biggest exposition in the 24 years of the history of the enterprise. "The committees and directors have worked hard to make the venture a success, planning on a large scale the running races which have already brought thousands of persons to the fair grounds. The support of the village has done much to boost this," he affirmed.

Register Aliens at Post Office

Fingerprinting Begins Tuesday, Aug. 27, Continues to Thursday, Dec. 26

The Northville post office and its staff will work with the National Defense program by registering all aliens in Northville and the immediate vicinity, beginning Tuesday, Aug. 27 when the Alien Registration Act of 1940 goes into effect.

This registration, coupled with fingerprinting, will continue to Dec. 26, at which time the Federal Government expects to have more than three and a half million aliens registered during the four-month period.

It is understood through local postal authorities that "alien" refers to persons living in the United States who have not taken out their naturalization papers or filed their intention of becoming American citizens.

Aliens who are 14 years of age or older are to be registered and fingerprinted. Those under 14 years of age must be registered by their parents or guardians. Persons with first citizenship papers must register. Registration is free. Any aged or infirm alien unable to go to the post office, should get in touch with that office so that a postal employee may be sent to do the fingerprinting and registering at that person's home.

Although this action on the part of the government is merely to register the number of aliens in the country and to put them on file, as it has been done to all American citizens the Alien Act provides a fine of \$1,000 and imprisonment of six months for failure to register, for refusal to be fingerprinted, or for making registration statements that are known to be false.

Community Picnic Planned by Rotary

Under the chairmanship of Harry Clark the rural-urban committee of the Northville Rotary club is planning a community picnic at Cass Benton park next Tuesday evening for the members and guests of the club.

A picnic dinner, sports and a general good time is planned and members of the club are being contacted and plans made for a large group. Those interested should get in touch with Mr. Clark and make arrangements for their guest list.

A brilliant array of trophies are to be donated this week at the Northville Horse Show in the senior division.

The trophies are to come from the following individuals and companies: Mr. and Mrs. John J. Heitche, Mr. and Mrs. Harry Nobels, Mr. and Mrs. George H. Harrison, Mr. Nelson C. Schradler, Nelson C. (Continued on back page)

Exposition To Continue thru Saturday, Aug. 24; Exhibits Are in Place

Judging Will Be Done in All Departments Thursday; Sup't George Smith of Plymouth, Heads Educational Department; Midway, Races and Stage Show Attract Fair-goers

Fireworks To Climax Night Programs

Wednesday, Aug. 21—With the gates swinging open today for the record-breaking first day attendance in its history, the twenty-fourth Northville Wayne County Fair is off to a start which promises a four-day educational and entertainment exposition that will be continued through Saturday evening, Aug. 24, Thursday being set aside as Plymouth Day.

Drawing thousands of fair-goers to the gates today were the running races which are a continuation of the 11-day meet that's been a fair-ground attraction since Aug. 10.

Racing fans were dividing their time today between the track itself and the exhibit buildings which are filled to capacity, despite the fact that more room is available than has ever before.

Stress on Education
Heading the educational department this year is Sup't George Smith of the Plymouth school system.

In all departments, agricultural, home arts, women's and home economics divisions have entries which have filled all available space in their respective departments.

This is true, too, of the livestock section, where quality stock from farms well known in this section of Michigan are represented. Judging in all departments will start tomorrow morning.

Entertainment for All
On the midway, there's everything that's exciting and colorful to make a country fair complete. With the grandstands witnessing the races in the day time, beginning daily at 3 p. m., the thousands who will fill the grandstands at night will see a stage show with more than 50 performers in the east. The stage show will change programs Friday night, giving the same show Wednesday and Thursday. Friday night's stage (Continued on back page)

Foot Race Winners
In the foot race events which were held at the playground after the parade, the winners in the girls' division were: Ruth Sumons, 25-yard dash; Laura Mae Wick, potato race; Cleo Mae Gleason, 50-yard dash; June Bailey, soft ball throw.

Successful competitors in the boys' division were: Tom McCampbell, 25-yard dash and potato race; Danny Behen, 50-yard dash; Snow, softball throw; Bill Light, 75-yard dash; Frank Hunter, hop skip and jump.

In the tiny tots' penny scramble game, Mary Ann Harrison and McCampbell were the winners. In this same game for the 9 year-olds and over, Mary Walters and Snow, tied. The payoff went to Mary.

Although Mr. Meier has completed his work with the recreation program for the season, handicraft and games will continue to be supervised at the playground by the assistant director, Miss Gertrude McGowan.

Musical Ring Rides Are New Feature at Hills Stable

Five villagers were among the 22 persons who participated in the musical rides at the Northville Hills Stable Tuesday evening. An activity which has come to be a two-weekly feature at the stables, taking place each Tuesday and Thursday evenings.

The out-door ring can accommodate 30 persons for the musical drills which are conducted by Miss Marcy of Detroit. Flood lights give light to the ring.

Among the Northville riders were Edith Blake, Kendall Willis, Gwen Jones, Mrs. Elmer Wiedrick and Mrs. James Ragsdale. The others participating were all Detroiters.

The stable is managed by Frank Ragsdale.

Group members themselves presented voting information to guide the 21-ers when they go to the polls this fall. "Why Vote" was the topic handled by Robert Angove, president of the newly organized club. Scott Cole gave the qualifications of voters; Miss Dorothy Price told how to register, and Miss Ida Altman gave ballot-marking instructions.

Musical numbers were rendered on the program by the trio composed of the Misses Dorothy, Lucille and Virginia Price.

The club is sponsoring a picnic at 6 p. m. Monday, Aug. 26, with the group scheduled to meet at the Legion Hall. The picnic is open to all young persons in this vicinity who will be eligible to vote for the first time this fall. Each is to bring his own lunch. Beverages will be served.

The township clerk, Fred Lyke, will attend the picnic to register the qualified voters.

Among the persons attending the Monday meeting were: Thyrza Lester, Robert Angove, Dorothy Niles, Alice Banks, Dorothy Price, Scott Cole, James Harper, Ida Altman, Lucille and Virginia Price.

Add New Equipment to Fire Department; Warn All Motorists

Northville's fire department is to have additional equipment following an order which was authorized Monday evening at the regular meeting of the village commission in the Village Hall.

Two gas masks have been ordered, along with 300 feet of hose. When the fire truck was making its way to the fairgrounds Friday afternoon to extinguish flames which were damaging a Chevrolet coupe, a motorist cut in front of the truck. From the fire department, came a warning today to all motorists, reminding them that the fire truck has the right of way at all times.

Champ Buffaloed

For downright political strategy Wendell Willkie has even the champ worried. Probably one of the most striking examples of that case is noted in President Roosevelt's almost complete silence on the matter of the compulsory training bill . . . just waiting . . . to see that Mr. Willkie would say in his acceptance speech given last Saturday . . . and what Willkie said took foreign policy out of controversy. Mr. Willkie's utterance makes the compulsory military training bill. It is too bad that this vital issue comes so close to election that marginal groups of congressmen and senators stand bickering for votes while Hitler wages the blitzkrieg on America's front line defense. Personally we feel that Michigan's Vandenberg and possibly our own Mr. Dondero are off on the wrong foot. However, if election requirements come first, the issue may be stalled off until the next Congress meets . . . but should it be so?

This is fair week. Always bigger and better than ever, the Northville Fair is the envy of all outstate fairs and their officials. In healthy financial condition, with a well bred and loyal following of local boosters, and a large population to draw from at the gate Northville Fair has an honorable career, and a bright future. Keep it up boys. It means a lot of work, but the Fair is one of the greatest assets of which the Village may boast.

Check Your Registration

September 10th will be primary election day throughout the State of Michigan. Voters will pick party candidates for state and county offices, and select delegates to county conventions.

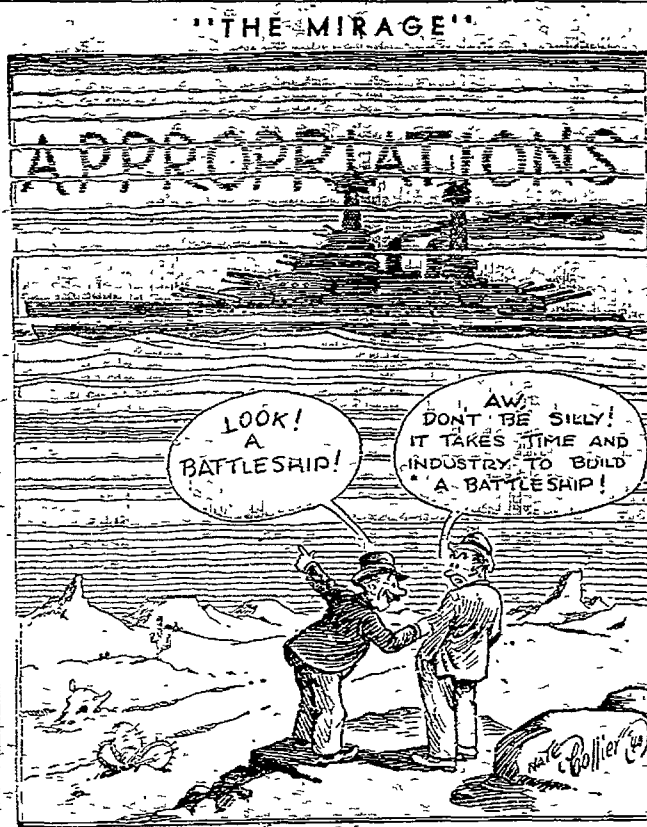

Often people cast aside the primaries as not being of much importance. The primaries offer each voter his first opportunity to say his say in the government.

Wayne county voters this year will wrestle with one of the most crowded ballots they have had at any election. There are enough candidates for all offices to justify a close study of the men who are asking for votes in the primary.

It should be noted that the party voting for convention delegates also takes place at the primary. Here is an opportunity, but golden opportunity for the average voter to put in his two cents worth on the control of his party. Parties are constantly charged with boss-control, yet we wonder how many voters take a real interest in their opportunity to vote for the party's delegates to conventions.

At the immediate time the main interest in the primary election revolves around the question of registration. There are a few more days left before the registration deadline. Now is the time to check, and, if necessary, to re-register.

The importance of the matter is just as great as the importance of the continuance of our present form of democratic government, because so long as a high percentage of potential voters take the time and care to cast their ballots properly it will be difficult to manage any major governmental reforms calculated to change our basic democracy.

Harvesting Affects Quality of Barley

Adjustment of the combine or threshing to avoid an excessive amount of skinned and broken kernels in harvesting barley is suggested by A. A. Johnson, of the Michigan State College farm crops department.

A machine which does a good job when the grain is somewhat tough in the afternoon to avoid skinned the kernels as the grain becomes progressively dry, Johnson explains.

This year, a survey is being conducted in barley-growing areas by members of the farm crops department to promote the growing of premium barleys of good maturing grade. Last year much maturing barley was discounted because it contained more than 14 per cent moisture, revealed more than 5 per cent skinned and broken kernels, or sometimes had more than one type of barley so far, the Saginaw Valley and Thumb District are having the driest barley harvest in many years, however, it still is possible for growers to thresh barley at high moisture level because of starting too early in the morning after a heavy dew, by continuing work until too late at night, or by resuming work too soon after a rain.

If a combine is used, windrowing the barley at late-binder harvest time, allowing the grain to cure in swath and threshing it with a pick-up attachment on the combine, are suggested by Johnson.

Black Aster Beetles

These black beetles of the blister beetle (Spanish fly) group feed only on the flowers and can be controlled better by careful and frequent hand picking than other methods, according to C. B. Dibble, Extension Specialist in Insect Control from Michigan State College. Wear gloves or keep hands away from eyes or other tender skin until washed thoroughly in two waters with lots of soap. It is simple to brush beetles into small pan or can of kerosene on water.

If all the boys and girls who were members of the 4-H Clubs in 1939 were to be united in one of the all-John-hands game, and form a circle it would have a diameter of about 500 miles. There were 1,381,595 members enrolled last year and such a circle would pass through Detroit, Indianapolis, Knoxville and Washington, D. C. A motorist driving 40 miles an hour and 10 hours a day would need nearly four days to view the whole line.

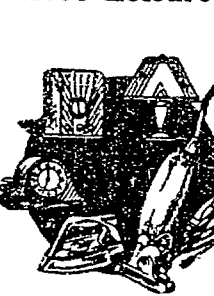

In general the states with the largest numbers of farm boys and girls, have the largest enrollments. In 1939, however, Alabama—which is fourth on the list of States arranged by the number of rural children—was the leader in 4-H enrollment with 1,009,558 members, taking the lead from Texas, North Carolina and Georgia.

Fertilization of the 'orchard' instead of the 'trees' would do much toward maintaining good orchard sites through succeeding generations of trees, says Grover F. Brown, agronomist in the northeast region of the Soil Conservation Service. Nitrogen has been the chief plant food used in orchards with the result that cover crops often lack lime, phosphorus and potash. Tests show, says Brown, that although trees in northeastern orchards may not respond to phosphorus and potash, the cover crops frequently do need these two elements.

HAY FEVER SUFFERERS

enjoy cool, filtered air for a few cents a night!

Hay fever is more uncomfortable than dangerous, say physicians—but that is small consolation to the victim who must undergo the torment of streaming eyes and running nose, of raw nostrils, sneezing days and sleepless nights. "If I could only get a good night's rest," means the sufferer, "I could stand the next day!" But tossing and turning in a hot bedroom leaves little chance for sleep... and morning finds the patient tired and worn, irritable and with nerves on edge, facing the ordeal of another day.

Fortunately, a large measure of relief is now available for those who cannot flee north with the advent of the hay-fever season. Thanks to a compact window unit you can install in your bedroom for cooling, dehumidifying and filtering the air, pollen and dust are removed in such quantities as to afford almost complete relief to many sufferers from hay fever and asthma. Also adaptable to a small office, this window unit does a complete job of air conditioning in one room—and it sells at prices around \$130 and up. Any air conditioning dealer will be glad to tell you about it—and to install one in your home or office today. Telephone him without delay. W. G. Comb Seeks Office of County Prosecutor

Mr. Comb

William G. Comb, assistant state attorney general, and former chief assistant United States District attorney, a candidate for the office of the Wayne County Prosecuting Attorney on the Republican ticket in an interview stated, "It is the duty of the Prosecuting Attorney to prosecute all persons guilty of the commission of crimes within the citizens. The office of the Prosecuting Attorney has the right and privilege of all citizens. The office of the Prosecuting Attorney should at all times be above reproach and its integrity unquestioned. Public confidence in this important office must be restored."

Mr. Comb was born at Sault Ste. Marie, and came to Detroit in 1916 a year after graduation from High School.

During the World War, he served on the transport U. S. S. Huron, making eight round trips to France, before he was honorably discharged in August, 1919.

Mr. Comb studied law at the Detroit College of Law, receiving his degree in 1920. He was appointed an Assistant United States Attorney in April 1926, remaining in that office for 10 years. In 1931 he was elevated to Chief Assistant United States Attorney.

Mr. Comb was appointed as assistant by Thomas Read, State Attorney General in February, 1939, and was assigned to the Detroit office, and when the present Prosecutor was suspended, Mr. Comb was appointed to manage the office of the Prosecuting Attorney pending the final disposition of the matter.
