LANSING—Because of competition, two private feeds go before Michigan voters next Tuesday.

And, as usually the case, the innocent bystander who is most affected is the consumer — Mr. and Mrs. John Q. Public — who pay the bill.

The controversies involve two referendums — State Proposal No. 3, the 1939 bus bill and State Proposal No. 4, the 1939 dentists' amendment bill. Both state legislation, along with other measures, passed both acts only to have special groups circulate petitions for a referendum of the people.

And so, when you go to the polls on Tuesday, you will be confronted with huge special ballots of bedsheet proportions. The headings will mean little, if anything.

BUS COMPETITION

The bus act feed involves two transportation concerns — the Department of Street Railways in Detroit, a municipal utility, and the Eastern Michigan Motor Bus company, a private utility.

In 1939 the legislature enacted an amendment to the Motor Carrier Act. This change said that when Detroit seeks to operate its buses beyond a two-mile limit from the city's borders, and on state highways, it must come under the same regulations and pay the same taxes as do private transportation buses.

The Michigan Motor Bus Association, which seeks a "Yes" vote on the No. 3 proposal, wants competition to be put on the same basis for all.

The DSR of Detroit, which as a municipal utility urges a "no" vote, raises the cry of "monopoly" and "protective legislation."

Who is concerned about all this? Consumers in the Detroit suburban areas are affected directly. Consumers in up-state communities are affected indirectly in payment, or non-payment of gasoline taxes.

DENTAL COMPETITION

The second private feed, also involving the consumer, is between two groups of professionally trained and state licensed dentists.

One group, who term themselves, "ethical" dentists operate single offices and jointly; the non-partisan, Judiciary ballot. The Amendment and Referendum ballot, the Parkway

dentists, known as the *"advertisers"*, operate low-cost dental offices on the Wayne County Sunday, but

the official Wayne County plan presents the candidates of state nat-

ional parties: Republican, Demo-

cratic, Socialist Party, Socialists

about what they have to offer.

They do so by advertising. In De-

troit, these firms even support the Better Business Bureau.

The 1939 dental act contained

these provisions, specifically designed

to prevent such low-cost competi-

tion. We quote the law:

"No Prices"

No person or persons shall own

or manage . . . more than one

office for the practice of dentistry

in any location . . . and operate

under his own name, disapproval

with employed operators."

It shall be unlawful for any

dentist . . . to become a circuit judge

or cost, fee or terms of credit

probate judges, and circuit court

for professional service or for na-

lerals used in the practice of dentistry."

This Henry Ford mass production method in dentistry—with economies made possible largely through advertising prices to the consumer—has thrived in industrial centers where there are many low wage earners. Actually, only a comparative few dentists in the state are concerned by such competition. And likewise, only a few newspapers have ever received dental advertising of this kind.

The Detroit Bureau of Governmental Research, a group that enjoys a splendid reputation, made this analysis of the two competing claims:

The dentists who believe in the passage of this act claim that poor dental work is confined largely to the advertising dentists and by advertising them, of advertising, they

Heavy Township Vote Expected

Six Parties Appear on Can-
didate Ballot; Judges and
Proposals Listed on Four
Ballots

When the qualified voters of Northville, Novi and Salem go to the polls next Tuesday they will be handed four or five ballots upon which their decision will be recorded.

The candidate ballot, natural state and county, the non-partisan judiciary ballot, the Amendment and Referendum ballot, the Parkway

authorities ballot and the *"advertisers"* ballot.

Orville Lyke, township clerk, re-

gistration of voters of Novi town-

ship.

Tuesday Clerk Fred Lyke pro-

duces an extra heavy vote in North-

ville township, Nov. 5 since up until last week over 500 new reg-

istrations had been recorded, and

last Saturday approximately 100

more registrations were placed on

books.

Orville Novi township the re-

gistration has been moving along

rapidly, and they are still coming in according to Clerk Earl Banks.

Thursday, Oct. 26, over 125 re-

gistered, and Saturday many more.

The registration in Novi town-

ship now stands at about 95%.

An all time high election officials are urging everyone who can to make it a point to vote early and

make it stand in line.

The amendment and referen-

tial ballot lists two proposed constitu-

tional amendments and two referen-

dials on laws already passed by the

legislature, but whose effectiveness

has been stayed until the people might register their approval or disapproval.

The judicial or non-partisan bal-

lot lists the candidates for justice of

the peace court, circuit judge,

probate judge, and circuit court

for professional service or for na-

lerals used in the practice of dentistry.

The Parkway Playground propos-

al is to be voted on only in Wayne,

Macomb, Washtenaw, Livingston,

Oakland, and Macomb Counties.

This is another type proposal, this proposal, where yes approves the law on the books. The fifth ballot offered at the Wayne County polls asks for approval or disapproval of the following proposition: No. 6 — To authorize the board of super-

visors to levy a tax of one-fourth one mill each year for a period of

ten years, to create a sinking fund to be used for the purpose of pur-

chasing real estate for site for the

construction or repairing of public

buildings.

In the Stretch

In an atmosphere charged with political voltage the national election moves into the home stretch. Both parties seek the undecided voters. We are not one of those who hold the conviction that the election of either party spells ruin—Emancipation and the predictions are horse meat and the usual sounding boards of a presidential election. This year, however, there is injected into the campaign an issue that may spell defeat to our two-party system, and that is the long range repercussions of the Third Term issue.

The third term issue challenges one of the fundamental safeguards set up to safeguard and perpetuate liberty, free government, and democratic institutions through the years. The no third term ideal sought to prevent the drafting of a candidate and the exercise of the full power of millions of government check receivers who may hold a marginal vote at the end of a second term. No Third Term has been America's bulwark against personal, marginal group, administration, or one party domination.

Just now matters of promises or performances, monetary standards, relief unemployment, labor, farm policies with a yen for the treasury, court packing, and political usages of projects and alphabets that neither project or spell anything, face all matters of judgment and personal approbation. The campaign now involves issues of integrity in defense, honesty in spending, national unity, and the welding of class, mass and dollar to make America safe strong and unified in its post and performance.

Of late Wilkie has thrown a scare into the opposing

party's imaginary accomplishments, but the fact that the federal government is today pouring out \$900,000,000 each month in cash to 13,000,000 individuals. This situation, good or bad, raises the question: Can an administration undermine public morale and perpetuate themselves in office through government checks drawn on borrowed public funds?

Again personally we feel that the White House had sufficient information of defense needs many months ago. Funds we foolishly spent could then have been diverted to defense. And just why was the "Change" reserved for their election manipulations and not the re-election and anti-spendability.

With the Third Term issue in the forefront, we now await the call that ends all politics—election day Nov. 5. Let voters think and thinkers vote. Sit down in your self, ponder well and then vote. Forget your hunches and prejudices and let your reason rule. The work of the voter has to be done. Democrat or Republi-

cian can do a fine job of thinking and get his neighbor to do the same and vote those candidates we need have no fear of result. Conditions far exceed the destiny of our Nation. He is not part of and America shall forever march onward.

Amendments and Referenda—Discussion

In voting on the proposals on the Amendment and Referenda ballot, two principles may definitely be remembered. In the case of the amendments (proposals 1 and 2), a "No" keeps things as they are without change. Here the No vote is safest unless you feel very understand the proposal and desire to make a change. Proposals 3 and 4 are referenda. Here laws have been passed but their effectiveness has been stayed until you approve or disapprove. Yes—sustains the law as passed by the legislature. No, repudiates the legislative act.

Proposal 1—Amendment—pertains to school debt financing, and attempts to correct alleged inconveniences brought about by the 15 mill law. This proposal only gives permission—each district submits its immediate problem of debt finance to the qualified electors. The proposal lengthens debt payment periods from 5 to 15 years and voters so determine. Another change allows a majority vote to bind the district instead of the two-thirds vote now necessary.

Proposal No. 2—Amendment—Civil Service—We have heard of this before under Gov. Murphy when enacted by the legislature and nixed. This would make civil service mandatory. Those in favor think this the best way to insure the purpose of the law. Opponents point to the failure of the law or the desire of present office holders to keep in office even as did the Murphy democrats while GOPers out of office opposed. Civil Service like "apples" may be good or bad depending upon who and how it is placed in operation. Civil service is no better than those who enact the laws, set up the rules and make decisions.

Proposal No. 3—Referenda. This deals with the rights of the D. S. R. to operate buses outside the city limits. The D. S. R. wishes to operate buses outside Detroit on state highways on the same basis as in Detroit. The law being voted on requires the D. S. R. to comply with the same regulations outside of the city as now apply to other operating lines on the highways and subject to state law and the requirements of the Common Carrier Act and Utility Commission rulings. Buses entering Detroit now must comply with Detroit regulations at that end of the

LET'S BE "FRIENDS BUT NOT ALLIES"

behind the bill is easy to see, as the Detroit bureau points out. From the consumer's viewpoint, the anti-competition restriction "doesn't make sense."

Shutting Out Competition

If the State Proposal No. 4 was the only anti-competition bill to confront the consumer, perhaps there would be less reason for concern.

But such is not the case.

Stuart Perry, editor of the Adrian Daily Telegram which has never received a penny in dental advertising has called attention editorially to the point that the dentist act is designed to stifle competition and would establish a dangerous precedent for the consumer who always pays.

If it is wrong to advertise the truth about dental prices, then it is wrong to tell the truth about other prices. And where will it all end?

In 1931 the truth in advertising statute making it illegal for anyone to make an untrue, deceptive or misleading statement in any advertisement was introduced nationally. Michigan's statute is considered to be a model law of its kind.

Advertising of Prices

Invariably the question arises: Why is it necessary for any group to have a special law of its own forbidding price advertising of any kind when Michigan already has a statute fully protecting the interests of the consumer? The answer always brings up the legal delays, continuances, and politicks which are involved by a suit at law. There are the prosecutor, the judge and the jury and they all take time.

The legislature grand since NRA has been to circumvent the usual system of justice by establishing special state bureaus empowered to regulate competition as far as the legislature will permit them.

That the trend is distinctly anti-competition is shown by State Proposal No 4 provision to forbid more than one dental office with the mass-economy savings for 10, income groups.

The ban on truthful price advertising is the heart of the entire proposal and has been so conceded by the Michigan State Dental Association.

The public at large is not particularly concerned with a quarrel within the dental profession.

It is concerned with the protection of public health. No doubt much of the material of this act (P. A. 122) is in the interest of public health.

As to the allegation that advertising and the operation of more than one office is prima facie evidence of poor dental practices—to the laymen THAT DOESN'T MAKE SENSE. Possibly the answer is competent state regulation of all dentists—advertisers and non-advertisers alike.

As both dental groups must have professional training at a recognized dental college and must be licensed by the dentist's own state dental board, the competitive motive

is still there among the dentists.

Thirteen-year-old Frank W. Garvey, son of Mr. and Mrs. Claude Garvey of Benstein road, near Commerce Lake, is recovering from a bullet wound received Sunday afternoon. While he was in a field near his home, gathering together to feed two of his calves.

The bullet, thought to be from the gun of an unknown hunter, entered the boy's side, and he was taken to Pontiac General Hospital, where the shot was removed. His condition was not considered serious.

Ever Anderson of South Commerce road, is recovering from injuries received when his car crashed down an embankment on 16 Mile road, near Farmington, last Wednesday night. He was taken to a Pontiac hospital and treated for a broken collar bone.

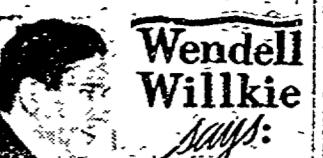

More young men of Walled Lake to enter National Guard units of the United States Army are: William Titus, who is now at Camp Blanding, Fla., a member of Michigan Company M, a machine gun company, and Alvin Michaels who has enlisted in the radio division of the 216th Coast Artillery Corps. He had not learned to which recruit camp he would be sent at this writing.

Walled Lake high school gridiron men, en route another notch in their major belt Friday afternoon won their second straight game against Holly, 28 to 0. Sami Helpard and Co. were caught in an end zone scoring, while the entire team played an excellent game. Walled Lake remains undefeated in its Southern conference.

'NO WAR' IS WILLKIE PLEDGE TO NATION

Richard A. Benjamin

Addressing an audience of his fellow townsmen at Rushville, Indiana, Wendell Willkie made the following unequivocal declaration:

"I shall never lead the United States into any European war."

"I believe completely that the United States should help Great Britain stave off war, but when I say 'stave off war,' I mean SHORT OFF WAR."

Commenting on the charge of Henry A. Wallace that the Republican Party is "the party of appeasement," Mr. Willkie said:

"Appeasement means working out compromises with dictators; if Mr. Wallace intended to apply that to the Republican Party, he was 100 percent wrong, because if I am elected President of the United States there will be no appeasement with any dictator."

"But, if Wallace meant to say the Republican Party is the party of peace, then he says the truth, because I shall never lead the United States into any European war."

OBITUARIES

Richard A. Benjamin

Funeral services were held last Thursday afternoon, Oct. 24, at the Schrader Funeral home in Plymouth for Richard A. Benjamin, a former resident of Salem, who died at his home at 4776 Burns Avenue, Detroit, Monday, Oct. 21. The Rev. Lucia M. Stroh officiated. Music was by J. F. Chapman who sang "Rock of Ages" and "Abide with Me." He was accompanied by Mrs. M. J. O'Connor at the organ. Interment was in the Denton cemetery.

Mr. Benjamin was 76 years old, Oct. 11, and had been in ill health about three weeks prior to his death. His wife, Clara, preceded him in death in December, 1939.

Mr. Benjamin, son of Richard and Catherine Benjamin, was born in Middleville, Perry County, Oct. 11, 1864, where he lived until his marriage to Rosa Belle Lyons, Feb. 6, 1883. The next year of his life were lived in Cherry Hill, where he managed a general store and in Denton. It was while in Denton that his first wife, Rosa Belle (mother of his children) died.

Later he bought a farm in Lyon, where he lived a short time. About 18 years ago, he bought a farm on Five Mile road near Worden, where he lived until his retirement 10 years ago, at which time he settled in Salem, where he spent all but the last four years of his life.

While in Salem, Mr. Benjamin and his wife, Clara, attended the Congregational church. He was also a member of the Masonic Lodge in Denton.

He leaves a son, Lytle of Detroit, a daughter, Euseine of Pefford, two sons, William and Harold of Salem, and six grandchildren.

Charles Renschler

Funeral services for Charles Renschler of West Salem, were held in the Parkway Funeral home in South Lyon, Saturday, Oct. 25.

Mr. Renschler died at his home Thursday morning, Oct. 24.

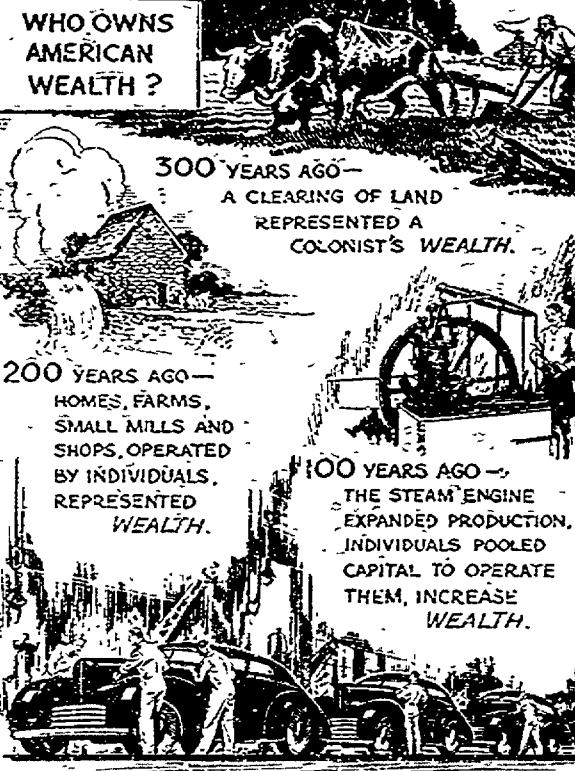

The Rev. Lucie M. Stroh of the Congregational church officiated at the service. Mrs. H. Scarfoss and Mrs. Rex Sharp sang "Beyond the Sunset" and "No Disappointment in Heaven."

Interment was at Worden cemetery. Pallbearers were: Charles Havershaw, William Burt, Roy Dixon, Myron Atchison, Roy Latchfield and Roy Warner.

The Rev. A. K. MacRae, pastor of the Novi Baptist church announces the marriage of Miss Jessie May Beagle and Edwin Chafford McCurdy, Saturday, Nov. 25, in the Novi Baptist church. Attending the couple were the bride's brother and sister-in-law, Mr. and Mrs. Edsel W. Beagle.

122 of the Public Acts of 1939 — comes up for ratification of the people of Michigan. This act already has been passed by the Legislature and signed by the Governor.

It will raise the standard of dental education and practice, thereby insuring a better health service for you. Being a public health measure, it is definitely for the protection of our citizens.

As a rule people take but little interest in proposals submitted for their vote by referendum. The decisions are made usually by minority groups and unfortunately they are frequently wrong.

We want the decision on Proposal No. 4 to be made by a smashing majority. A militant, affirmative vote is a progressive step for the public health and welfare.

This new law is of greater concern to you than to the dentists, because it will require every licensed member of the profession to maintain a high standard of competency, and will prevent unscrupulous advantage being taken of the believing public. A law that safeguards the dental health of children, women and men is good for

you. Therefore we urge you to vote "YES" on Proposal No. 4.

STATE DENTAL BILL

This is an important message to you, Mr. and Mrs. Consumer.

Michigan has a model statute governing the use of advertising.

It fully protects the consumer against misuse of advertising by false or misleading statements of any kind.

Newspapers are ready at all times to keep their advertising columns clean from such abuse. Merchants likewise do not wish to mislead the consumer with inaccurate statements which result only in ill will and loss of patronage.

The economic freedom of the consumer depends largely on his or her ability to get truthful information. Is there any justification for a scheme to rob you of this right to prohibit telling the truth?

State Proposal No. 4, the Dental Bill, would deny the consumer this important privilege. It would prohibit the telling of prices. It would encourage other groups to work for special legislation to restrict competition.

It would evade the American system of justice by court and jury. It would deny to both consumer and business man the freedom of truthful advertising.

Consumers, Guard your rights!

Defend the right to tell the truth, as judged by court and jury, and as safeguarded against abuse by the Michigan false advertising law.

This is the American way!

Boiton-Hein Marriage Vows Pledged Saturday Evening in Home Ceremony

Miss Margaret Isabel Hein, daughter of Mr. and Mrs. William F. Hein of 907 Base Line road, became the bride of Keene Bolton, son of Mr. and Mrs. J. H. Bolton, 1824 Riverview, Detroit, in a home ceremony held at 8 o'clock Saturday evening, Oct. 26.

The Rev. Thomas W. Smith, pastor of the Presbyterian church, heard the couple exchange their vows in the Hein home, witnessed by members of the two families and a few friends.

For her wedding, the bride selected a blue afternoon frock. With this she wore corsage of gardenias.

Miss Margaret Garden was bridesmaid, wearing a white afternoon dress and a corsage of yellow roses and white orchids.

Frances Huff was Mr. Bolton's best man.

The bride's mother wore blue lace and Mrs. Bolton was dressed in navy lace.

Following the ceremony, a reception was held for the bridal party and guests.

Mr. and Mrs. Bolton both graduates of the Northville high school, are making their home in Detroit, where Mr. Bolton is employed.

Statement To The People About Proposal Number 3

BY MANFERD BURLEIGH, CHAIRMAN LEGISLATIVE COMMITTEE, MICHIGAN MOTORBUS ASSOCIATION

In none of the literature circulated by the D. S. R. have I seen a statement, just what Proposal Number 3 is. D. S. R. officials have told what they claim the Proposal will do to them, what it will do to drivers, workers and to children and what it will do to roads and bridges. They have called it a bad bill and an attack on them. But I have failed to come across one written by D. S. R. officials which even attempts to tell the voters just what the amendment known as Proposal Number 3 provides.

Perhaps this is why the voters wouldn't understand the simple language of the law and perhaps they think they can confuse the people by the mass of misrepresentation they have been circulating about the effect of the law.

Well, the going is trust the voters and some of the permanent language of the act.

Treats All Alike

Proposal Number 3 is a referendum on an amendment to the Michigan Motor Carrier Act of 1933 putting all motor vehicles for hire operating on the public highways of this state, regardless of whom owns them, under the same law. It is not a constitutional amendment. Under the terms of this act as amended, a municipal motorbus transportation agency—and that's the D. S. R.—when operating its buses on the public highways of the state more than two miles beyond the corporate limits of Detroit would come under the same rules and regulations now imposed on private bus companies. And before it could operate on these highways it would first have to get a permit from the Public Service Commission to do so—after showing or public convenience and necessity for such out-of-Detroit operation.

Act Not Obscure

What is the Motor Carrier Act which the D. S. R. is fighting with such fire?

I am not and I write except from the title of the Act itself.

1. To promote safety upon and conserve the use of the public highways of the state.

2. To provide for the supervision, regulation and control of the use of such highways by all motor vehicles operated by carriers of passengers and property for hire upon or over such highways;

3. To preserve, foster and regulate transportation and permit the coordination of motor vehicle transportation facilities;

4. To provide for the supervision, regulation and control of the use of such highways by all motor vehicles for hire;

5. To insure adequate transportation service;

I AM SURE THAT NOW, KNOWING THE REAL FACTS ABOUT PROPOSAL NUMBER 3, YOU WILL NEXT TUESDAY

6. To fix, alter, regulate rates, fares and practices . . . ;
7. To prohibit unjust discrimination;

8. To provide for the levy and collection of certain privilege fees and taxes, etc.

Nothing complicated or obscure about that, is there?

Proposal Number 3 simply fails that the D. S. R. play according to state rules when, and only when, it seeks to operate its buses on the public highways of this state more than two miles beyond the city limits or into another municipality. It puts the D. S. R. operations on the Public Highways of the state outside Detroit under state regulation the same as any other carrier. That's all there is to Proposal Number 3.

Many Backing Act

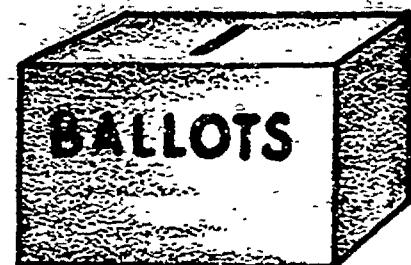

Although I represent the Michigan Motorbus Association, I am not speaking in its behalf alone. There are a great many other organizations beside the Motorbus Association interested in Proposal Number 3 because they consider that the campaign of the D. S. R. against the Proposal is an attack on the basic principle on which Michigan's great highway system was built—that those who use the highways should build and maintain them. The private car owner who pays his \$10 for a license plate every year and gives up 45 cents in taxes every time he buys 10 gallons of gas is interested in Proposal Number 3. So is the farmer, the workingman, the school teacher and all persons interested in transportation. The state-wide campaign is sponsored by the Highway Users Conference, which includes 40 or more organizations of the state interested in protecting Michigan highways. We are members of that conference as are several organizations of private car owners, including the Michigan State Grange which unanimously endorsed Proposal Number 3 last week. There are many other highway users represented, big and little.

How About Home Rule?

Without Proposal Number 3, the suburban communities of Detroit do not have Home Rule. Under the law as it stood until amended by the last Legislature, the D. S. R. had the right to start or stop service in any suburban territory it wished, whether the community wanted them or not. That's the statement for the D. S. R. has said this statement is untrue. But the best legal advice we have been able to get and the best legal advice the City of Royal Oak could get, including the corporation counsel, Mr. W. C. Hudson, is that the D. S. R. can run its buses into Royal Oak whether Royal Oak wants them or not. That's the legal advice the D. S. R. lawyers gave Royal Oak, too. And the Mayor of Detroit declared recently: "The D. S. R. should be allowed to go anywhere it pleases in the state—Lansing, Grand Rapids or elsewhere."

Proposal Number 3 is approved, suburban towns and villages will have a more effective voice in their own transportation problems. If they disagree with the D. S. R., they won't have to take or leave what the D. S. R. offers. They will have an appeal to the Public Service Commission and either side feels aggrieved by the action of the Commission then it can appeal to the Supreme Court as is provided in the Motor Carrier Act.

I don't like to be drawn into a discussion of issues which have nothing to do with the operation of this law, but I cannot overlook certain false statements being circulated by the D.

The Detroit Free Press Speaks Again

VAN WAGONER for Governor

The years directly ahead are more important than usual to the people of Michigan. By nature of its key industries and its strategic position, our state must bear the greatest part of the burden of defense-production. It is vital that the State Administration be one able to meet unprecedented conditions and render maximum co-operation with the Federal Government in the infinitely complex task of making our democracy strong.

A question that naturally follows is: Which of the two candidates for the state's most difficult job will be best able to stand up under the rigors of the next two strenuous years? Shall it be Gov. Dickinson or Murray D. Van Wagoner? In the opinion of the Free Press, the call should go to Van Wagoner.

In endorsing the Democratic candidate, we wish to be perfectly clear on a number of points.

Gov. Dickinson has served reasonably well. During the 20 months of his tenure since the death of Gov. Frank Fitzgerald, he has met and disposed of numerous state problems in a way that leaves no cause for major criticism. He has the affection of those with whom he has worked. His recent victory over the bosses of his own party drew merited applause. He has led a valiant crusade for a return to the homely, wholesome virtues which deserves high commendation.

However, one can have the kindest of feelings toward the Governor; and the deepest respect for his labors, and still question whether he should be returned to office. His chief disqualification is his age, but this, unfortunately, is one that cannot be overlooked. We doubt whether it is fair either to the Governor or to the people of Michigan to ask that he carry his great burden for another two years.

What, then, of Van Wagoner?

In the first place, he has done a good job as

Once again the Detroit Free Press has courageously accepted the challenge of the hour and recognized two of Michigan's outstanding leaders. This great newspaper suggests a split ticket — basically republican the Free Press today believes that Mr. Van Wagoner should receive your support. We pioneered that thought several weeks ago as you will recall.

With this recognition of two great leaders of Michigan's major parties, we wonder if recognition by this great daily of an outstanding leader in the field of human interest, of family and personal problems would not logically follow? Dr. George W. Crane, eminent psychologist, and problem doctor of Northwestern University, is another outstanding leader in his field whom we should very much like to enjoy in the columns of the Free Press. Thousands of people would find therein help and inspiration — and we are still hoping and waiting to be able to read Dr. Crane's contributions in the fascinating columns of the Detroit Free Press.

Problems of the home, the community and juvenile delinquency were discussed.

The speaker endorsed heartily the statement made on several occasions by Mr. Willkie, to the effect that the present form of the farm program would be continued until something better can be developed. He said, "I know of no one who advocates withholding from the farmer the grants he now has—soil conservation, parity payments, crop loans, and other benefits—until the prolonged emergency is past and the farmer no longer is at a disadvantage. I have many farmer friends who are gravely concerned over the defects which these benefits—together with all the New Deal's expenditures—are putting up to deferred payment. The farm population will pay its full share in meeting these bills. Furthermore, the administration of these vast paternalistic enterprises leaves much to be desired. The inevitable faults of bureaucracy—red tape, laziness, confusion and delay—plague these enterprises. They should be decentralized. Costs should be reduced."

SENATOR VANDENBERG

When You Vote for Vandenberg You Vote for Michigan

Senator Arthur H. Vandenberg is Michigan's champion in foreign relations, in finance, in commerce, he is one of the few successful, influential and important men Michigan ever sent to Washington. BUT he has never forgotten the people who sent him there. For thirteen years he has fought for Michigan's interests — from sugar beets to automobiles, from furniture to fruit. He's a staunch friend of farming, an aggressive spokesman for organized labor ... and an implacable foe of extravagance.

Vandenberg is the man who sponsored the famous "munitions investigation" that took big profits out of war.

He is the man who forced congressional reapportionment, gaining four seats for Michigan in the House of Representatives, and four votes in the Electoral College. He is the man who was chiefly responsible for last January's bill which stopped an increase of 50% in taxes on 40,000,000 workers.

He is called "the Father of Bank Deposit Insurance."

Wayne County AAA Farmers To Receive Materials for Soil

Under a provision of the 1941 AAA program, Wayne county farmers will be able to receive conservation materials in the form of lime and superphosphate in an amount not to exceed 70 per cent of their conservation payment. The lime and superphosphate, of

which much of Wayne county land is in need, will be obtained at very low prices, through the county agricultural conservation committee.

Fred C. Ernest, chairman of the Wayne county agricultural conservation committee, said this week: "This is one of the first conservation provisions that has been introduced to date under the national farm program." Many of us have waited for years to apply lime and superphosphate to our land, but could not afford to.

"Under this provision we can all afford the conservation materials our soil has so long needed. It should be a great thing for the county. It's a good business policy, too, turning back into the business some of the earnings for upkeep."

"I am sure that a majority of Wayne county farmers will avail themselves of this opportunity to build up sweet soil. A soil survey of the county has shown that 60 per cent of our land needs the application of these materials if we are to get good stands of legumes and other crops."

The county AAA office will be glad to assist all interested farmers in obtaining these materials."

Potatoes

Inquiries are being received concerning potatoes affected with late blight. When dug the tubers should be allowed to dry in the field and then placed in dry cool storage at a temperature of 40° F. or a little below. Subsequent development of rot will depend much upon the humidity and temperature maintained in storage.

THE PRICELESS INGREDIENT

Novi High School and Grade Notes

JEAN MUNRO, Reporter

The fourth annual hint supper was held Oct. 22, in the high school auditorium. It was sponsored by the Student Council.

The auditorium was decorated in red and yellow, with branches of colored leaves hanging on the walls. Leaves were spread on the tables and on the floor. The tables had stripes of red and yellow crepe paper down the center, and red canaries with apples as candle holders.

The guests were the board of education, the faculty, their wives and children, the Baptist minister, and the Methodist minister and his wife.

The supper began at 5:30 p.m. with a program following.

The supper consisted of a dinner course by Horace Sporkin, a tap dance by Phyllis Lake, a vocal solo by Jean Major, piano solo by Mrs. Parker, an accordion solo by Donal Shanahan, and a mock football game between the faculty and board of education.

Robert Gore acted as host, and the seventh and eighth grade girls were waitresses. Five of the modern contestants came in to help prepare the food.

One of the men with Bill LeClair as captain, proved to be the most popular. The losing side, with Harold Hall as captain, had to wash dishes.

Carl Brainer received a box of chocolates as a prize for running in the most game. He brought seven squirrels.

Fry Is Candidate for Treasurer

Theodore L. Fry, former state treasurer, again is the Democratic nominee for the office of State Treasurer. First elected in 1932, Mr. Fry faithfully served the people of the state of Michigan for 8 years through some of the most difficult periods of Michigan's history.

In an era when bond defaults

are common, Mr. Fry purchased \$2 million dollars of securities for the State Sinking Fund, none of which have defaulted.

Mr. Fry has the reputation of being a very capable and conservative businessman, and has always managed the office of state treasurer on that basis.

While in office Mr. Fry voted for all necessary financial assistance for the maintenance of the Public School System, and the prompt distribution of the Primary School Funds each year.

In the spring of 1939, Mr. Fry was appointed trustee of the Reo Motor Car Company and was subsequently appointed Vice-President of the company after its reorganization.

M. Fry has served you and the state of Michigan faithfully and deserves your vote and support at the November 5th election.

To Hold Harvest
Dance Tonight

There will be a Harvest Old Time Dance given tonight, Friday, Nov. 1. The people are to wear old clothes.

The advertising committee met Tuesday, Oct. 21, to discuss any new ways of advertising for the dance. The following people attended the meeting: Carol Carson, Muria Hubbard, Carter Church, Bud Baldwin, Maxine Lennon (chairman), Maxine Coe (president), and Miss Kathryn Gilmer (sponsor).

The large attractive sign for the assembly has been made by this committee.

EDITORIALS

As many of you know, Northville high school is a class C school, and you probably think, as many do, that it hasn't as high standards as a class A school. We think you should be enlightened on this account. The ratings are based on the number of students enrolled in the school and not the quality of brick it's built of or the cromum trim of the desks. Class A schools must have 800 or more students; Class B, between 325 and 799; and Class C, between 125 and 324.

It so happens that Northville has 321 students enrolled which misses the mark by three students. This gives us a slight advantage over the rest of the class C football and basketball teams because we are almost a class B school, and we play class C teams.

This year we are in the same league as Trenton, Milford, Van Dyke, Berkley and Redford Union.

So far we have lost all the league games, but we don't let it get us down because we're going to win the rest of them.

Mustangs Drop Third Game

Northville's Backfield Handicapped by Loss of Hartner and Junod

Van Dyke corralled the crippled Mustangs with a 28-6 score last Thursday. Together with a newly composed backfield and a weak line, the boys had a bad case of fumbleitis.

Van Dyke kicked off to Northville. The ball was taken back to the 20-yard line by Funkie. The ball was taken up to the 45-yard line by Northville. When it became Van Dyke's ball they got up to the 9-yard line but were stopped and held there by the Mustangs. Ross kicked up to the 45-yard line. After a fumble by Van Dyke the ball was taken by Northville. On a "sleeper" play, Funkie ran the ball for the first touchdown of the game, making the score 6-0. Northville tried a pass for extra point, but was unsuccessful.

In the second quarter, Van Dyke, taking the kick, marched down the field for a touchdown and made the point. This made the score 7-6.

The second half opened with Van Dyke receiving the kick-off. The running was tackled by Wiedmaier and Bongioranni on Van Dyke's 45-yard line. When Holcomb signalled for a first catch, Van Dyke was penalized 15 yards for tackling him. Several plays later, at Van Dyke's man-carried the ball over right tackle for their second touchdown. The try for a point was good, making the score 14-6. On the kick-off Funkie fumbled the ball and it was recovered by Van Dyke on the two-yard line. From here they went over for another touchdown. The conversion was good for 1 point, raising the score to 21-6. After two first downs by Holcomb and Funkie, McArthur began his passing attack. A perfect pass slipped from Lauges' hands, but McArthur's next pass to Holcomb was good for 15 yards. In the third quarter, Van Dyke raised the score once more by scoring around right end. The try for point was again successful and the game ended 28-6 in favor of Van Dyke.

Northville's line up was: L. E. Latore, L. T. Davis, L. G. Bonnard, C. T. Wiesner, R. G. Vos, R. T. Wiedmaier, R. E. Eaton, O. B. Ross, L. H. Holcomb, Captain R. H. Funkie, F. B. Fritz, Sub for Northville: Hunter, Lyke, McArthur, Odler, Naumann, Cristensen and Lester.

Floyd was our umpire; cross, terrier and Blue head-bleacherman (Ohi). He wants to visit all the national parks. That would make a nice honeymoon trip, A. P. of the wife agrees. The highlights of his career were his first airplane ride and the first time he kissed a girl. His favorite pastime is riding stables and his grandfather's farm.

His hobbies are hunting and trapping. He likes music and trap-door. His pets are dogs, horses, minks and red-rails. He hates fast tires and to be kept waiting.

He says he dislikes to be flattered or wondered and to be treated like a third grader in his classes.

Now "Guess Who." You're right. It is that blonde-haired, blue-eyed Allen "Romeo" Barnard.

The school lunchroom has been serving very appetizing meals to many students and teachers. Starting with an attendance of 54, the sum has risen to 125. A typical luncheon served here might be

Around the School

Miss Gladys Ludwig accompanied her biology students Wednesday on their first autumn field trip. They went to Bloom's Woods to find what plants and animals could be seen.

The grade school has purchased additional playground equipment in the form of Jungle Jim. This, as its name hints, is something to climb on. Through the courtesy of the Mothers' Club and the Board of Education, plus the money received from last year's Travelogue, the project was made possible.

An orchid goes to Bob Ross this week for his swell work in the Van Dyke game. You looked like a veteran in there, Bob. Shh! It was his first game in the backfield.

A meeting of the senior picture committee was held last Monday in E.C. McLeamy's room and they decided on the Crane Studio of Detroit.

The committee consisted of Chairman Carl Eby, Marilyn Clegg, Imogene Baughman, Gertrude Cattell Harvey, Ritchie and Arthur Breitmeier.

Contrary to previous reports Don Kimmel injured in the Army-Navy game in the first part of the football season, has returned to the Northville football team. Because of the other injuries the team has suffered in the backfield, his return to the squad ought to help out a great deal.

Leo Hollis is going to be a real salesman, for he has sold more magazines than any other Junior.

If any of you members of the stronger sex are becoming overwhelmed with smiles from the fairer ones, don't be alarmed. We have not taken laughing gas, the only thing affecting us is that we see a vision of the Senior Prom only three weeks in the offing.

Harold Dayton went on a hunting trip over the weekend.

Robert Ely visited Cranbrook Institute of Science Friday.

The parts for the junior play have been chosen. The rehearsals began Thursday after school.

Girls' Attention! Basketball season starts this week. Miss Gladys Ludwig gave out the information that all girls who played on the first or second teams last year are the only ones to report at present. For the other girls who wish to participate in basketball there will be the opportunity to play on intramural teams.

The school lunchroom has been serving very appetizing meals to many students and teachers. Starting with an attendance of 54, the sum has risen to 125. A typical luncheon served here might be

Spanish rice, whole wheat muffins, salad, fruit and milk.

Joe Felber spent the week end in Chicago.

Hospital Students Are Faring Well

From Sessions Hospital comes news of three N. H. S. students Max Coe, a member of the junior

class has been released following an appendectomy. Ray Hartner, also a junior, is now at home recovering from a leg injury. Bob Stoenoff is still in the hospital and would welcome any visitors. Ray and Bob are both members of the football squad.

Although they're through for this season, they're rooting for the N. H. S. and are both eagerly looking forward to next season.

FOR YOUR CHILDREN'S SAKE!

Vote

YES
on the
PARKWAY PLAYGROUND PROPOSAL
(STATE PROPOSAL NUMBER 5)

What the Parkway-Playground Proposal Means to You!

YOUR "YES" VOTE means the setting up of a joint Commission, or Authority, for the Metropolitan Counties of Wayne, Washtenaw, Oakland, Livingston and Macomb . . . representing you in the planning, developing and operating of adequate parks, playgrounds, bathing beaches, and of safe, fast, convenient express highways to take you to your destination without delay or danger due to traffic jams!

AN ANNUAL COST of less than 15 cents a person . . . the mere price of a nut sundae! . . . will get this vitally-needed program well under way throughout the five-county area!

YOUR "YES" VOTE means children of this crowded area will have an abundance of safe places to go and play! Actually, your "Yes" can save the lives of many children who otherwise are destined to meet sudden

tragedy on our motor-jammed streets and highways! (Seven years of park-way-playground progress in Greater New York has reduced traffic accidents to children 42 per cent! And juvenile delinquency 20 per cent!) Let's give our own children a chance for happiness! On Tuesday, let's all vote "Yes" on our own Parkway-Playground Proposal!

YOUR "YES" VOTE means manifold other benefits to be shared by every one of the three million people living in the five counties centering about Detroit! "Yes" means greater employment, for it takes men to build parkways, playgrounds, bathing beaches! "Yes" means millions more tourist dollars, because playgrounds attract visitors! "Yes" means a more gracious home environment! "Yes" means a healthier, happier, more prosperous people! For all our sakes . . . let's all be sure to vote "Yes"!

150 Guests Attend O. E. S. 49th Birthday Anniversary Party

Honoring past matrons, past patrons, charter and life members of Orient chapter, 27, O. E. S., the officers were hosts to 150 guests, members and visitors at a dinner Friday evening, Oct. 25, in the Masonic Temple.

The dining room was attractively decorated with oil lamps, shrubbery, berry branches and myrtle. Bowls of Christmas roses, a gift from Past Patron Dean Griswold,

were displayed on the tables. The huge birthday cake which was decorated with a star in color was made by Mrs. Clyde Schultz. A five-tiered ice cream birthday cake was made by Joseph Hammelsbach of Farmington.

The highlight of the evening's entertainment was the initiatory degrees exemplified by Mrs. Margaret Puschelberg, president of Past Matrons' club of Dearborn.

and her corps of officers: Mrs. Helen Roine, worthy president; Walter Metz, vice-president; Mrs. Dora Wittersheim, conductor; Mrs. Lois Brag, secretary; Mrs. Ione Arndt, treasurer; Mrs. Mary Hutchison, guard; Herbert Hamilton, sentinel; Mrs. Jessie Macomber, captain; Mrs. Ann Moore, candidate; Margaret Puschelberg, first patron; Bessie Black, second patron; Margaret Gourd, third patron; Anna Fukalek, fourth patron; Angie Johnson, fifth patron.

They used candle-light and colorful costumes as in the year 1867. Mrs. Jean Hicks and Charles F. Helmian, past grand poet laureate of the Grand chapter of Michigan, O. E. S., were honored visitors of Orient chapter.

Mr. Helmian responded with birthday felicitations in verse. Mrs. Geneva Helmian, worthy matron, Strathmore, rendered a solo, accompanied by Mrs. Eva Gray at the piano.

Mrs. H. A. Boyden, president of the Northville Past Matrons' club, Orient chapter, and her past matrons presented a beautiful white satin altar cloth, white Bible and four small Bibles to the chapter on the occasion of the forty-ninth birthday anniversary.

**Power
UNDER
MAN'S THUMB**

The full-throated roar of the airliner's motors as the graceful ship speeds through space is an excellent example of man's domination over power. Here in our prescription laboratory we have daily examples of power under man's thumb. Many drugs and chemicals have the power to destroy life but when controlled by the physician's prescription and compounded with micrometric accuracy by the pharmacist, they have the property of prolonging life.

Put your prescriptions in our experienced hands and be sure of the essential accuracy.

may solve them, and can, but if they don't we may face a change in government where a few men solve those problems for us.

As chairman of the Citizenship Committee of the Council, Mrs. L. M. Eaton presented the young voters present with certificates of registration and recognition. Those receiving certificates were: President Dorothy Price, Secretary-Treasurer Alice Banks, Scott Cole, Francis Huff, Lloyd Spender, Isabelle Tewksbury, Dorothy Miles, Kenneth Oalkins, Joyce Myers, Ted Williams, Hope Wixson, Phil Simpson, Carl Stephen, Mrs. Dayton Deal, Miss Betty Pandell, Charles Strautz, Fay Moody, Norma Rummel, Mrs. Ed Horton, John Stabenow, Robert Lyke, Elma Noren, Blake, Fred Hicks, Jr., Maurice Hagenester, Howard Bell, Alex Barbara Calkins, Jean Thompson, William Holdsworth, Hattie Marie Moore, Harold Blake, Elizabeth Brodie, Ralph Bogart and Lewellyn Kingsley.

The representatives of Northville organizations represented in the Coordinating Council were presented by Chairman Johnston, as were several county officials who attended the banquet. Among the county officials present were: Judge Ed Command, Register of Deeds, Harold Stoll, Ed Wilhams and John C. Coran of the auditor's department and Roger Zunn of the University high school, Ann Arbor.

no serial numbers 6620 or 6685.

Local Numbers Permanent

The local board numbers will then

become permanent and will determine the priority in which they are

to be called, instead of the national lottery-order number.

It was stressed that in the change, that serial
