

**GENERAL
HUGH S.
JOHNSON
Says:**

Washington, D. C.

DEFENSE PRIORITIES

There is about to issue in Washington an executive order regrading something very close, in form at least, to the War Industries board of 1918.

While it will not disturb the recent quadrature of Stimson for the army, Knox for the navy, Knudsen for industry and Hullman for organized labor; Knudsen will be the actual working member and the show will center around him. Like the 1918 organization, there will be departments for priorities, commanding and price control. Some of the latter will not be the central organization. Neither were they all there in World War I.

The price-fixing commission was then a separate organization, housed with the War Industries board, the chairman of which was a member.

The commanding section was composed of officials of the various purchasing departments and while its orders had all to be signed by the chairman of the big board, its organization was separate.

Of these three key commissions, only the priorities commission was an integral part of the big board. In practice it made no difference. They all worked in perfect harmony.

This is the general pattern of the new proposal with Mr. Steffens probably at the head of the priorities division, Mr. Sidney Hillman conducting labor relations and Leon Henderson presiding over prices. If this happens, priorities and price control will both be outside the production office of the four-man control and in the advisory commission.

If there is a disagreement between these two, the army and navy secretary will have the deciding votes. This is unfortunate. These gentlemen want ever-increasing production and are bound to be impatient with delay. The most obvious delays will be labor strikes and disputes. If the army and navy side with industry (Mr. Knudsen) the welkin will ring with complaints not only from labor but from every radical element in Washington, none of which like this arrangement anyway, and all of whom think business men should not be in it.

So the armed services will come in for a fair of critics—reactionary, Tory brass hats, martinet, dictatorial and even Nazis or Fascists.

This is too bad. Neither the army nor the navy should be put in a position of having to decide who's right. Some wholly impartial agency should do that and this organization does not provide such a tribunal.

The split in the ranks of organized labor makes Mr. Hullman's position a difficult one.

A NEW ORDER

Early in this new year, there is a lot of talk about bringing a new order. This new order seems to be some kind of regimented society—socialism.

In England, Mr. Winston Churchill tells his people, there will be something new—that more people will have more privileges. Far be it from this column to depreciate the prime minister.

We might not agree with Churchill but we must admit that, whether it is his American blood or the British blood of one of the greatest of soldiers, the Duke of Marlborough, Mr. Churchill is a force in the world.

This is not intended to be a critique of war strategy. It is a criticism of economic strategy. Do we have to remake our world in some sort of regimented pattern of human effort? The idea on which America was built was half Thomas Jefferson and half Adam Smith.

Their greatest works came out in the same year—1776. We don't hear so much about Mr. Smith. We hear a lot about Mr. Jefferson. Both said the same thing in different ways. They said that if we release the energies of millions of people to invent their own fortune and future in their own way the human race will progress much faster than if we try to tell people from some central font of knowledge and goodness how to be prosperous, free and happy.

It is doubtless true that in our more crowded communities, more regulation is necessary. But there is still no man sufficiently smart to be smart enough for all men. There has been no man since Jesus good enough for all men. What we need is to put our trust in the mass of us. After all, what went before democracy was effort regimented by some king or tyrant. There is nothing new in these new ideas. The question is simply whether regimented effort is better than free effort. What we have done in this country by free effort speaks for our system.

Baptists To Attend Wayne Association Meet at Walled Lake

Northville Baptists will send at least 12 delegates to the Wayne Baptist Association meeting which will commence at 10 a.m., Wednesday, Jan. 22, in the Walled Lake Baptist church, where the Rev. William Pitley and his congregation will host to some 30 churches.

There will be morning, afternoon and evening sessions, during which the speakers will be: the Rev. Dr. Ezra Roth of Mt. Morris, president of the Michigan Baptist Convention; the Rev. Ralph T. Anderson, executive secretary of the Michigan Baptist Convention; the Rev. W. F. Huzard, director of Christian education; Miss Mary Beth Fulton of New York; and the Rev. William Petrol of Montana, for 25 years a missionary among the Crow Indians.

Guest churches to be represented at this all-day session will be those of Northville, Howell, Holly, Pontiac, Ann Arbor, Ypsilanti, Plymouth, Novi, Walled Lake, Farmville and Highland, as well as the federated churches of Brighton, Dexter and Saline.

Mr. Pitley is moderator of the

Walled Lake Federated Church.

The American formula of democracy—leaving every man not only free but dependent on nothing but his own efforts—is what our fathers thought would produce a maximum result for all people.

"Short sleeves to shirt sleeves in three generations," means nothing more. Whether men are dependent on what their fathers have saved or whether they are dependent on a

succession of fathers—whether it means on the rest of us—the result is the same. They simply are not any good.

Harley Bolet of Novi was proud

High School's Two Basketball Teams Take Home Games

Girls' Defeat Flat Rock; Boys Win from Redford Union; Girls' Second Squad Also Takes Game

Walker Aids Varsity

Northville's boys' and girls' basketball teams chalked up wins for the high school last Thursday and Friday on the home court, where the girls defeated Flat Rock, 25-20, and the boys trounced Redford Union, 35-25.

The girls won both their games, the second team setting the pace for the first team in a 7 p.m. Thursday game that took a 9-5 score over Flat Rock.

This was the second home game of the season for the girls. In the first quarter, the Northville Mustangs led Flat Rock with accurate ball handling and shooting. The Mustang guards—Captain Maxine Coe, Marilyn Cavell and Lynne Taylor—returned the ball to their forwards who were missing most of the side shots, but were making up for them under the basket. The guards slowed up a little in the second quarter.

Mustangs Rally

During the third quarter the Mustang forwards—Ruth Pammenter and Jane Ely—started a scoring rally, making Northville look like a renewed team. Carrie Carlson was replaced by Ruth Pammenter in the fourth quarter after a slight accident. Flat Rock with fine and accurate passing, broke through the weak Mustang defense to score 11 points almost tying them.

Following is the summary:

Northville	G	F	T
Pammenter	5	3	15
Ely	2	1	5
Hubbard	1	1	3
Jones		9	2
Dixon	0	0	0
Carlson	0	0	0
	10	8	25

Score at the half, Northville, 10, Flat Rock, 4.

Refugee Grade Pupils 10-11-11-11.

Second Team Wins

Northville's second team displayed its second game of the season trouncing Flat Rock in the first quarter, both teams showing very little action but were pressing the ball around quite a lot. The Mustang forwards were off a little in their shooting and couldn't find the basket. In the third and fourth quarters the Mustangs showed aggressive ball, and the game ended in their favor, 9-5.

Sunney Mussell led the Northville attack with six points, with Clark scoring three.

Visitors Defeat Second Team

In Friday's basketball game with the Redford Union Panthers, the boys' first team won, but the second team dropped the encounter to the visitors, 20-17.

Coach Nevil Walker recognized the style used by the Panthers in the second team's game and in a short pep talk explained the strategy to the varsity. It took the Mustangs the first quarter to get started, only making 7 points to the Panthers' 5, but in the second

The Oldest Paper in Wayne County Outside the City of Detroit

The Michigan State Police report that Michigan has experienced no bank robberies in 1940, in fact since September 1939. Pretty good record and we hope it continues. And let's give credit for this record where it belongs . . . Michigan State Police — more power to them.

• Bean Week . . .

Now we are told that Jan. 16 to 22, 1941, is to be National Bean Week. Thus another week joins the calendar of national weeks devoted to promotion of product, theme, or cause. We are supposed to be bean conscious, and thus increase the sale of beans, particularly the beans grown in Michigan. The lowly bean which we always considered capable of speaking for itself has been suffering a slump in grace and favor at court, and so National Bean Week. If we recall correctly we ate up all the beans in the world during the World War — and can it be that the boys in khaki haven't "bean" faring so well since the draft. C. C. Cs and beans were the first line defense in 1917. How come?

Federal Home Loan Bank credit outstanding to the member savings and loan associations in Indiana and Michigan totalled \$11,778,711 as of Dec. 31, 1940, as compared with \$10,941,151 the same date a year ago. The 225 savings and loan association members of the Indianapolis Bank loaned approximately \$88,000,000 to Indiana and Michigan home owners during 1940. Total loans outstanding by these associations to Indiana and Michigan families amounts to more than \$223,000,000.

• Is There Something Here . . .

Wouldn't it be a swell thing to bring together all of the newcomers, those who have moved into our areas in the past year or two, and provide a big public reception for them? So many, oh, too many, have taken no interest in the community in which they reside. Hundreds of them have never become acquainted with the local butcher, the baker and the professional man who depends on acquaintanceship for the success of their business. Many of the newcomers fail to become acquainted with their neighborhood because no one seems to take a personal interest in them. They do not attend the churches because they feel that they are unwanted strangers. No one seems to extend their hand in fellowship. The business and professional men are lamentably distant to strangers. What every community needs is a rekindling of the warm-hearted friendship for the newcomer, which was so evident in the nineties.—John Pope in Grandville Star.

• Maybe . . .

We cannot help but admire the way the new governor Murray D. Van Wagoner envisions good things and better for Michigan. His aims are high and should be, but through years of hearing new governors tell their aims we have become somewhat calloused and unbelieving. Economy and other things have all been largely his service, while actions have added personal, and new taxes to fatten the state budget, or bulk up deficits for someone else to inherit and the people to pay. But it just doesn't happen. With Mr. Van Wagoner's vision of economy, a lessening of personnel, and set that over against the proposals for larger and greater service and larger and more state institutions as proposed we fail to see how the twain can meet, except in more taxes or deficits. Perhaps the greater sales tax income of the defense prosperity may allow some of this to occur but while the sales tax is very elastic and stretches with dollars and cents increase in business, yet it can contract as much and as rapidly to leave things pretty much hanging in the air. We are all going to pay and pay during the years to come in increased taxes of every form to cover defense costs, and most of us will gladly do that. But to see relief and reduced burdens in state taxation just doesn't seem to be in the cards for us. But we hope . . . and so do you. Maybe Michigan's bi-partisan administration can do it.

* * * * *

State aid now being distributed in Michigan amounts to \$1,204,117.33. Wayne county's share is \$1,222,120.00.

* * * * *

Maybe we had better begin to salt something for the rainy days that may be on the way after the war, etc. A sudden arrival of peace would surely have some repercussions. Many businessmen are pondering how to meet that day . . . what's your plan or idea?

Half the misery in the world comes of want of courage to speak and to bear the truth plainly, and in a spirit of love.—Harriet Beecher Stowe.

Another market for Michigan apples was opened this week when word was received from California that Michigan apples may be shipped into that state if they are fumigated.

In the past Michigan apples have been quarantined by California because of the presence of Oriental Fruit Moth in this state.

In order to ship Michigan apples into California, they must first be fumigated with Menthol Bromide. And although apples have never been treated like this before, the Department of Agriculture will be glad to set up fumigation facilities if fruit growers decide to invade this new market.

OBITUARIES

Mrs. Mitchell Goodale

Eighty-five-year old Mrs. Mitchell (Julia Arminda) Goodale died Monday, Jan. 13, at the home of her daughter, Mrs. John Miller of Plymouth. Death followed an illness of long duration.

Mrs. Goodale was born Julia Arminda Dougherty, Dec. 11, 1855, at Byron, the daughter of Hannah and James Dougherty.

In 1878, she was united in marriage to Michael Goodale of Gaines. Mr. Goodale preceded her in death in 1917.

To this union three children were born: Charlotte (Mrs. Miller) of Plymouth, Jay and Vernon of Northville.

Mrs. Goodale had lived in the vicinity of Northville and Plymouth for the past 40 years. She had few interests outside her home and children. In addition to her three children who survive her, she leaves five grandchildren and 10 great grandchildren.

Last rites were held at 2 p.m. Wednesday, Jan. 15, from the Miller residence in Plymouth. Burial was in Riverside cemetery, Plymouth. Her body lay in state before the funeral at the Castine Funeral Home, Northville. The Rev. Stanford S. Closson, pastor of the Plymouth Methodist church officiated.

Claude W. Campbell

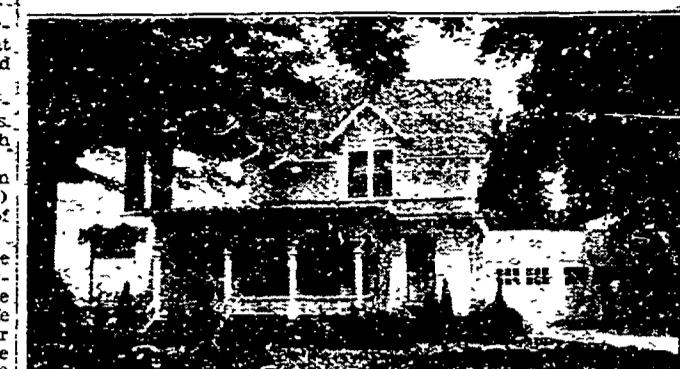

Death claimed the 60-year-old father of Wells and Del Campbell of Northville, Sunday, Jan. 12, when a heart ailment was fatal to Claude W. Campbell at his home in Detroit.

A resident of Northville for 12 years, having moved back to Detroit, his birthplace, in 1924, Mr. Campbell was well known in the village. During recent years he had visited his sons here. He was the son of the late John and Mary Campbell of Detroit.

With the exception of the years spent in Northville, Mr. Campbell had lived throughout his span of life in Detroit. He was formerly an employee of the Ford Motor company. He was a veteran of the

Spanish American War and was a member of the Duffield Camp No. 1; and two sisters, Maude and Fred, William, Oliver and Walter, all of Detroit. He was also affiliated with the Oddfellows' club. Last rites for him were held from the Becker Funeral parlor, Detroit, at 2 p.m. on Wednesday, Jan. 15. Burial was in the Roseland Park cemetery.

Surviving him are his two sons Wednesday, Jan. 15. Burial was in the Roseland Park cemetery.

led vice-president; Mrs. Hazel Thompson, secretary; and Mrs. L. M. Philip, treasurer.

Walled Lake Future Farmers of America are effecting a cooperative hog project, with the purchase recently of a registered Chester White gilt. The plan is to gradually improve the quality of swine among stock project members. Edward Bender, Jr., was chosen to house the pig. He will become its owner after two gilts have been selected from the first litter. The additional gilts will be given to other FFA members.

The Ira Carnes plan to leave for St. Petersburg, Fla., next week, while the M. G. Posts are arranging to leave for Miami the first week in February. Mrs. John Hough left last Thursday for Miami.

Three well known residents of this community succumbed to illness during the past week. Norman H. Wood, 61 year old, died Monday at St. Joseph Mercy Hospital Pontiac, following an illness of more than a year. Funeral service was held Thursday. He had lived for several years at his residence at Twin Beach and was employed by the Ford Motor company. His birthplace was Charlotte. He was a member of the Walled Lake Methodist church and the Modern Woodmen. His survivors are his widow, Gertrude; two daughters, Mrs. Norma Rowley of Twin Beach, and Miss Excellence Wood of Detroit; and a brother, Herman of Charlotte.

Funeral service for Miss Sadie Bucking, 88 years old, was held Monday afternoon at the Walled Lake Methodist church. She died Friday, after an illness of more than three years. Born in 1852 in Wayne county, in 1882 she remained there with her parents throughout her childhood. They moved to Commerce township in 1873, where she continued to live throughout the remainder of her lifetime. Miss Bucking was well known in this area having taught school near 50 years in thus and surrounding districts. She was a member of the Walled Lake Methodist church and the W. C. T. U. She is survived by two sisters, Mrs. Bertha Scarce of Milford, and Mrs. Renca Low of Commerce, and a brother, Fred of Commerce.

Masonic funeral rites were held Monday afternoon at the Sparks funeral home Pontiac for James Watkins, 13, who died Saturday morning at his home on Walled Lake road. He was well known in this community as a farmer, having lived in Oakland county for the past 35 years. He was born in England. He was a member of the Walled Lake Masonic Lodge. He leaves his widow, Lena May, Watkins, and son, James Alfred, of Durand. Burial of Miss Elizabeth of Walled Lake, Burleson at North Farmington

Books on Hot Lands Listed for Armchair Would-Be Travelers

Persons who can't go south at this time of the year, may want to read about the Hot Lands in some of these volumes which may be borrowed from the branches of the Wayne County Library:

No. Countries by Waugh & Skerrett of life in and of people in Puerto Rico, Spain, Ceylon and the New Hebrides.

From Caribbean Guatemala, El Salvador, British Honduras by Haas — tells of the land, people, archaeological treasures and bird life.

Road My Body Goes to Guadalupe The book tells of the Polynesian and the South Sea Islands. Hurricane by Nordoff and Hall — in this novel is depicted vividly the life and character of the Polynesians on one of the small islands of the Pacific.

South Seas by R. A. Bernatzik — his bright, clear pictures show thelanders in the natural, unposed moments of work and play — the glow of sunlight on the dark bodies of girls dancing, men hauling in the mainmast of a Polynesian canoe, the pose of divers in mid-air, the smiles of children caught unaware — these and other vivid impressions form a lovely complement to the text.

Barbados, Isles of June by Bell — This gives a history of the Barbados, with a description of their tropical beauty and color.

These Are the Virgin Islands by Cochran Jaya-Pagans by Pender Let's Go to the West Indies by Seaton.

Caribee Cruise by Vanderhook Ports of the Sun by Early This is a guidebook to the Caribbean ports and islands, which includes history, geography and legends.

Sky Roaming above Two Continents by Franck — An aerial course with many landings in the Cuban area.

The first meeting of the Dairy School Series will be held at the Wayne High School, Jan. 9 at 7:45 p.m. J. G. Hays, Extension Dairyman Michigan State college will be present to discuss feeding problems. All dairymen and those interested in dairying are invited to attend. Dates for other dairy meetings: Jan. 16, Jan. 23, Feb. 13, Feb. 27, and Mar. 6.

Anyone wishing a good Holstein sire should see the County Agent for a reference list.

Farmer's Week is Feb. 3-7.

Michigan dairymen can go to school this winter for six phases of bettering the profits from their dairy herds. A schedule calls for 168 sessions in various counties in the next three months.

In Wayne county, the schedule listed includes the dates of Jan. 9, 16, 23, Feb. 13, 20, Mar. 6. Any dairymen interested are invited whether the session is within their county or in some adjacent county according to A. C. Baltzer, Michigan State college extension dairyman.

Speakers at the various scheduled meetings will include Mr. Baltzer, J. G. Hays, E. C. Scheidemel and J. O. Johnson of the Dairy extension staff; Dr. B. J. Killham, extension specialist in animal pathology; and C. N. Harrison, grass and pasture specialist on the college staff. In some counties A. J. Bell of agricultural engineering is on the schedule.

The six phases include the following:

1. Low cost buildings and equipment presented by Mr. Bell.

2. Healthy animals, discussed by Dr. Killham.

3. Production of homegrown roughages for winter feeding and adequate summer pastures by Harrison.

4. Care in the selection and use of "built-in" production sites or sons of proved sires.

5. Value of record keeping.

6. Quality care of the product and the better living possible with some families by increased use of dairy products on the farm family table.

F.D.R. RESISTS PRESSURE TO SEND NAVY VESSELS WITH SUPPLIES

The most important question discussed in after-administration circles before the President made his recent defense speech was that of using American warships to convey supplies across the Atlantic to Irish or British waters. This question probably was in the President's mind also when he wrote the speech.

The problem has been debated among some of Roosevelt's close advisers ever since British emissaries brought word that while England could withstand airplane bombardment it could not withstand the continued sinking of its merchant vessels. The British also made it clear that more over-age U. S. destroyers would not do the trick, because the royal navy was running short of trained crews.

So far, the President has shied away from any such drastic step as using American naval vessels to guard supply ships across the Atlantic. Some of his advisers have leaned toward the idea, but Roosevelt has argued against it. He maintains, first, that it would be violation of the Neutrality act and could not be done without an act of congress; second, that an American naval vessel were sunk it would mean war.

Some of Roosevelt's advisers contend that the last thing Hitler wants is to bring the United States into the war; that the effect on the German people (who remember how the United States tipped the scales in the last war) would be devastating. However, the President hasn't ruled out the idea yet. Though he is watching carefully the effect of his speech on public opinion.

Note—One of the British emissaries who put American ships into the sea bluntly told Roosevelt was the Duke of Windsor. However, the President replied that he had given a firm pledge to the American people not to take them into war and he did not intend to be another Woodrow Wilson.

PANAMA CANAL TROUBLE

Although the Roosevelt Good Neighbor program has been about 90 per cent successful in Latin America, there is one contrary spot which is causing many a Navy official genuine worry. That spot is the most strategic of all countries below the Rio Grande—Panama.

Panama is now governed by a president who has all the earmarks of leaning toward the Axis and who is holding back on the granting of important concessions in landing fields, anti-aircraft and searchlight stations on Panamanian territory to the U. S.

The president, Arnaldo Arias, served for six years as Panamanian minister in continental Europe, and now gets Italian and German consuls in Panama while ignoring the British and Americans.

He has also chosen as his secretary a near-albino named Antonio Isaza, who served as consul in Hamburg and whose fair hair and blue eyes have caused him to be a great rooter for the Nazi theory of supremacy of the Aryan race. Isaza seems firmly convinced that Hitler is sure to dominate the world and has had great influence with his chief in the presidential palace.

It is important to remember that in order to defend the Panama canal, army operations outside the actual Canal Zone, or territory of the Panama Republic, are necessary. This was provided for by the first treaty, negotiated by Secretary of War William Howard Taft, and gave the U. S. army the right to use Panamanian soil during emergencies.

However, the Panamanian government under President Arnaldo Arias is now talking about ceding U. S. forces from the vital U. S. army air field at Rio Hato, which is on Panamanian soil, and is holding back on granting various emergency airports and anti-aircraft gun emplacements.

"So pronounced are the Nazi feelings of the president that his brother, Harmodio Arias, most influential newspaper publisher in Panama, has quarreled with him. Harmodio Arias gave Panama four years of excellent government as president from 1932 to 1936 and is one of the chief boosters of Panama-American co-operation. His opposition, however, has brought threats that his paper, the Panama-American, would be closed by the government.

Meanwhile, the state department, worried over the situation, soon will shake up its embassy staff in Panama, put one of its skilled trouble-shooters on the job.

AIR CORPS FICTION

Few people know that in his private life the man who stands at the head of the expanding Army Air Corps is an author of books for boys. Maj. Gen. Harold H. ("Hap") Arnold, chief of the air corps, has written six books that read like the Rover Boys and bear such titles as "Bill Bruce and the Pioneer Aviators," "Bill Bruce Becomes an Ace," and "Bill Bruce on Border Patrol." The father of three boys, General Arnold used to write aviation stories for them as a fireside hobby.

Conservation Heads Announce Acreage Rate Payments for '41

Notification of the rates of payment and the national acreage goals for the 1941 Agricultural Conservation Program have just been received here. Fred C. Ernest, Chairman of the Wayne County Agricultural Conservation Committee, reported this week.

The goal for all soil-depleting crops is unchanged from the 270,000,000 to 285,000,000 acres established for 1940.

Under the Agricultural Conservation Program, Mr. Ernest stated, participating farmers may earn payments for seeding within the farm's soil-depleting acreage allotments, and for carrying out approved soil building practices.

The 1941 rates of payment, which are based on the normal yield of the 1941 acreage allotment, are as follows: Corn (commercial area), 9 cents a bushel; Wheat, 8 cents a bushel; Potatoes (commercial), 23 cents a bushel; Vegetables (commercial), \$1.30 per acre; General Soil-Depleting Crops, \$1.19 per acre.

The total 1941 sugar beet acreage allotments, on which conditional payments are to be made to producers, have been established at 865,000 acres. This compares with an approximate acreage of 980,000 acres planted in each of the three years 1938 and 1940, and with an average of 833,000 planted acres in the period 1922-37.

It has also been announced that the 1941 commercial corn area will consist of 623 counties in 15 states, with the 1941 corn allotment set at 37,000,000 acres. This allotment compares with a 1940 allotment of 26,500,000 acres for 590 counties.

Wayne county is included in the commercial corn area. Mr. Ernest stated.

LEGAL NOTICES

To the Highway Commissioners of the Township of Redford, Wayne County, Michigan:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held Friday, December 20, 1940, decide and determine that the certain sections of road described in the minutes of said Board, herein before taken over as County roads, shall be absolutely abandoned and removed, and the highway rights, if any, reserved, and the right of public access to the same discontinued.

Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne held at 3:00 P.M. on Friday, December 20, 1940, are attached hereto and made a part of this notice, and are as follows:

"Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne held at 3:00 P.M. on Friday, December 20, 1940, are attached hereto and made a part of this notice, and are as follows:

"WHEREAS, an order was signed by the Honorable Clyde L. Webster, Circuit Judge, and entered in the Circuit Court for the County of Wayne in Circuit Court Case #225, on the 15th day of December, A. D. 1940, vacating said Gerfield (formerly Grand) Avenue, adjacent to Lots 255 to 273 inclusive, Brady Avenue, adjacent to Lots 238 to 254 inclusive, and the alley lying in the rear of Lots 141 to 152 inclusive, of the John Smith Estate, being a subdivision of the northwest 1/4 of Section 17, Township 11, Range 2, in the Mile Heights Subdivision of Lot 6 and the east 1/4 of Lot 5 of the John Smith Estate, being a subdivision of the northwest 1/4 of Section 17, Township 11, Range

L.G. Lee Conducts Band Concert

66 Members Participate in Program Held in Gym; Attendance Good

The Northville high school and community senior band gave a very stirring concert in the school gym on Monday night, Jan. 13. It was one of the most outstanding programs given in a number of years if one were to judge by the applause and attention given by the audience.

The band was directed by Leslie G. Lee. Also present was the junior band whose members are to fill the seniors' places when they leave the band. They played three selections: "Lotus Flower" by Evans; "Nobody Knows the Trouble I've Seen" by Roberts; "On Shanty Road" by Thomas. The junior band personnel is as follows: oboe, Pauline Rogers; flute, Frances Wooten; piccolo, Mary Wooten; clarinets, Hazel Cowell, Marilyn Goza, Irene Toma, Ann Davis and Peggy Behan; saxophones, Arlene Toussaint and John Stern; French horns, Norma Hazlett and William Girard; trombones, Shirley Ely and David Bell; basses, Bill Lanning and Teddy Baldwin; drums, Jean Cooley and Helen Toma; cornets, Dorothy Leavenworth, Dick Green, Joyce Talmedge, David Willis, Lin Wood Snod, Lewis Dier and Arthur Gutz.

The senior band personnel is as follows: clarinets, Harold Martens, Louis Eaton, Bob Boyden, Bob Vogtlin, Louis Babbitt, Dorothy Jane Conger, Rosena Nalley, Delphine Nalley, Mary Eileen Babbitt, Joanne Kitchen, and Florence McCluske; flutes, S. Wooten, Lorraine Lopham, Mary Louise Behan and Edith Amerman; saxophones, Douglas McCluske, Ray Raniszewski, Dick Larkin, Don Barnard and Bob Ross; French horns, Jane Ann Lanning and James Murray; cornets, Allen Gotro, Robert McCluske; Jack Taggart, Tom Houghton, David Amerman, Dorothy Leavenworth and Dick Green; baritones, Norma Gotro, and James Odgers; trombones, Mary Ann Murray, Ruth Penmeyer, Dorothy Steininger, John Caccio, and Alice Barnard; basses, Bob Rembowski, Sprague Lester, and Chandler Parker; drums, Shirley MacLean, and Wallace Held.

EDITORIALS

Last Tuesday in Mrs. William Chiaro's kindergarten was toy day. Each child brought his Christmas toys to school. Wednesday they brought all the books they received. Tuesday, Billy Bailey brought his birthday cake and celebrated his birthday. During vacation Paul Wagner, Arlene Gabo and Walter Newton all had birthdays. Nancy Ann Dewsby had her birthday, Jan. 7. The children are enjoying the blocks the manual arts department made them.

Miss Beulah Miller's first grade pupils wrote letters to Mary Lois Litsenberger and Donald MacLean who both underwent operations.

The first graders in Miss Jarvis' room are studying about Eskimos and are reading "The Eskimo Twins." Gay Duerson and Roger Wagner have not returned from their vacation. Gay is in Virginia, and Roger is in Cincinnati. They celebrated Tommy Moisimer's birthday Friday.

The following people had perfect arithmetic papers in Miss Ruth Pierce's third grade: Faye Austin, Dick Robinson, Beverly Brice, Dorothy Briggs, and Donna Jean Schutte.

Miss Pearl Hensch's third and fourth graders have been decorating their room with snowmen.

Corrine Clark is reading "Black Beauty" to the fourth graders in Miss Margaret Carpenter's room. They are carrying on an experiment to find out how the horses irrigate. They are studying the life of Benjamin Franklin.

In Mrs. K. H. Babbitt's fifth grade, Helen Greenhoe is absent due to illness in the family. Marie Seallos was 10 years old Jan. 8.

Mickey Nagy spent his Christmas vacation in Louisiana. The following people have been neither absent nor tardy since the beginning of school: George Locke, Irving Shoebridge, Katherine Perrin and Marie Seallos.

The following Citizenship club officers have been elected in Miss Ruth Cassidy's fifth grade: President June Richardson; vice-president, Grace Beauchamp; secretary, Betty Sutton; treasurer, Joanne Gillner; host, Walter Boyd; program committee, Barbara Wood, Charles White; books, Dorothy Edmundson; hall monitor, Shirley Maloney; room monitor, Lucy Bogavanci; pencil sharpener, Marcus Spurting; plants, Dorothy Robbins; black board, Harriet Lester.

On Jan. 9, Frank Estou and Gene Reaves, officers of the Hi-Y club, made out the program for the second semester Hi-Y meetings.

Monday, Jan. 12, the seniors held a class meeting in the senior assembly. They discussed their Washington trip, which is set for April 21.

Marilyn Cavell attended the Michigan Annual Shoe Fair at the Statler Hotel in Detroit, Sunday, Jan. 12.

The girls basketball team played their third home game Thursday against Melvindale. Here's hoping they kept their perfect record by winning this game.

The choir of N.H.S. will give its winter concert Jan. 30. For many this will be the last one in which they will take part, meaning the seniors, of course.

All the students of English 11 wrote out 10 questions and had members of the class answer them. They are doing this as review for senior year.

Here we are back with a dash or a fash! Well, maybe Winchell did inspire us somewhat.

"Fash" sounds as though we had just returned from an autopsy, but "honest injun" it's the vogue. Your wardrobe should contain at least one article in the new hue — poison green — it's being worn instead of your teeth.

Having witnessed a spectacular event of the social world, "The Hen Rock," we find lounging p's of corduroy and figured silk very popular.

You simply must accent your shell-pink ears with gold or silver clip ear rings. These come in leaves, animals and plain bands.

You can prospect in the dollar store for them. This fad has taken our city competitors by storm, and we can't let them surpass us.

A laurel wreath to Jim Large for introducing open front knit-sweaters to us.

The Professor Copenhagen quiz program proved a cause of much merriment for one half hour. Murra Hubbard, Miss Upbuilt; George Hunter, Mr. French; Mary Hollis, Miss Marshall; and Thresa Spiguel, Jane Arden, were the persons on the receiving end of the questions given by the Professor.

Carroll Carlson and Leo Hollis were the announcers. As a sample, this is one of the questions fired at the contestants: What did Casey do when he was up to bat in the ninth inning with the bases loaded?

The answer was given by Mr. French from Popocatapulco, Mex. "Casey struck out."

And we hope we will again have an opportunity to write up another program for the "Scrub Me Mama" Toothpaste company.

"Scrub Me Mama" toothpaste was the sponsor of an original broadcast at Studio N. H. S. in the Northville High Broadcasting station last Wednesday, Jan. 8. "Scrub Me Mama" toothpaste has the taste of peanut butter and is excellent for your teeth.

Let's Fireball!

THERE'S a new word spreading through the vocabularies of car owners who have made firsthand acquaintances with this slick new 1941 Buick.

It's a word we first picked out as an apt description of a new and better engine — but it is rapidly coming to mean a completely new and excitingly pleasurable manner of motorcar travel!

All over the country, "to fireball" now means to enjoy both ease and dispatch in your travel by car — with a very special new manner of thrift.

Not the ordinary, scrimpy, self-denying sort of thrift, but thrift with all the thrills left in!

Now, just why that happens is easy to understand.

*Optional equipment on the Buick Special.

Reinforced by Compound Carburetion* — this FIREBALL eight develops nearly 17% more horsepower on exactly the same fuel rationing.

With all that power on gas, we can use a more economical gear ratio as our standard high gear — a ratio that ups miles per gallon by giving more revolutions of the wheels for every revolution of the engine.

Then, in addition, we have in Compound Carburetion a fuel supply system that adjusts itself according to the driving conditions you meet.

Thus your engine is always getting the ut-

most benefit out of the least amount of gasoline that will give the performance you want.

And that spells economy.

So much economy that a man who drives 15,000 miles a year gets as much as 2,000 miles' extra driving on the same amount of fuel.

And that, Buick buyers will tell you, is something very much worth looking into through a free demonstration such as any Buick dealer will gladly give.
