STATE CAPITOL, Lansing—One of the main results of the Governor-Wan Wagoner—state legislature dispute over the best way to remove the commissioner of agriculture from politics has been an increased recognition of the state board of agriculture, Michigan State College's governing body.

The board's official title originated in the day when the East Lansing institution was known as "Michigan Agriculture college."

Today, the board members are regents of an all-round state college whose 1940 freshman enrollment numbered 593 in liberal arts, 314 in home economics, 280 in engineering, 202 in agriculture and forestry, 41 in music, 68 in physical education, 1916 in applied sciences, and 99 in veterinary medicine.

Of the 1798 freshman total, 1451 reside in Michigan.

And, incidentally, this fact may surprise you: The 1940 freshman class led the University of Michigan freshman enrollment for the third successive year.

Thus the former "ag" school at the shadow of the state capitol has been growing up.

A "Roots" School

It was during the depression decade just closed that Michigan State experienced a remarkable surge in development.

Growing pains became acute.

From 3,608 students in 1930 to 6,882 in 1940 (including summer school), the growth was 97.3 percent. The undergraduate gain was even higher—111 per cent.

Legislative appropriations have lagged far behind, being \$2,225,284 in 1930 and only \$2,500,000 a decade later. Finding every dollar until it bled, the state board cut the annual student cost from \$366 to \$244. Salaries of professors and others on the teaching staff were gradually squeezed from \$3,458, average to \$2,781.

This predicament prompted the state board, of which William H. Berkley of Cassopolis is chairman, to appeal to the 1941 state legislature for \$450,000 additional maintenance and operation funds.

And since the last legislative ap-

propriation for classroom facilities was \$200,000 way back in 1932 nine years ago, the board is asking for a natural science classroom building at a cost of \$1,200,000. Four other structures, also badly needed, could be authorized later.

Because the legislature is tent on closing the college board the duty of selecting the state commissioner of agriculture, as well as solving the college's own urgent needs, the above review of information is pertinent to the moment.

School Reforms?

From Dr. Arthur Moehlman of the University of Michigan, national authority on education and editor of "The National Schools," comes this proposal, part of his Michigan education reform, presented at the fourth annual conference on education held at Lansing this month, as follows:

1. Eliminate politics from the office of state superintendent of public instruction by making him an appointee of the state board of education.

2. Elect board members on a non-partisan ballot for staggered terms.

3. Reorganize 6,500 local school districts into not more than 600.

Dr. Moehlman warned against the pitting of cities against rural areas, declaring "for generations professional politicians have fanned minor differences between rural and urban groups into strong conflicts."

Resistance to a consolidation of school districts even in the interest of economy, come from these sources, reminded Dr. Eugene B. Elliott, state superintendent:

1. Traditional point of view.

2. Individual and group selfishness.

3. Vested interests of the (21,000) board of school board members."

Sales Tax Row

Both retailers and consumers are interested in amendments proposed to the state sales tax to shift the taxing burden from merchant to buyer on sales under 17 cents.

Supported by the Michigan Retail Institute, Michigan State Pharmaceutical Association (drug stores) and the Detroit Board of Commerce, the amendments would introduce a complicated scheme known as prepaid tax cards.

Each consumer would have two "holes":

1. Pay sales tax by purchasing a prepaid card—\$1 worth of tax for 3 cents—from each merchant from whom a purchase is made. The merchant would punch the card like a meal ticket.

2. Pay sales tax by cash but on sales under 17 cents. A 10 cent load of bread would require one cent sales tax. Total price, 11 cents, or a sales tax of 10 per cent.

"Deck of Cards"

Critics of the prepaid tax card declare that the consumer would have to buy a card from every merchant, carrying a pocketful of cards, one for each store, like a deck of cards.

The shopper might forget to bring them along. Or another member of the family might have them.

The result, say critics, would be a consumer annoyance, a 10 per cent cash tax on small purchases, or the purchase of duplicating \$1 tax cards.

While consumer benefits technically would reduce taxes on 16

Rural-Urbanites Will Hear Talk by Ford Chemist

Dr. Edsel A. Ruddiman will tell Soy Bean Story at Rotary Dinner Tuesday, Mar. 4.

Mountaineers Sing

When the farmer friends of the Northville Rotary club are guests at a 6:30 p.m. dinner, Tuesday, Mar. 4, in the Presbyterian church, the annual Rural-Urban meeting they will hear a talk by Dr. Edsel A. Ruddiman, who is a research chemist for Henry Ford.

Winter Davis will sing for the Ford Mountaineers to sing for the guests. This group has been heard here at other club sessions and at horse show functions where they're received with commendation.

Dr. Ruddiman's subject will be Soy Beans—Their Industrial and Food Value in Relation to the Farmer. As the speaker has done a great deal of research work on the soy bean, he is eminently qualified to speak upon this subject as no one else in the nation. He's talked extensively to clubs and organizations in recent years.

Before coming to the Ford organization some 15 years ago, he's been a professor of pharmacy at Vanderbilt University.

He and Henry Ford were classmates in the Scotch settlement school, which is now a part of Greenfield Village. He was born in Dearborn township.

Through his extensive research work which is being done on the soy bean currently, it is becoming more and more of an agriculture and industrial factor.

Harry B. Clark and Howard Whipple are the committee members in charge of the Rural-Urban dinner, which is an annual event sponsored by the Rotary club.

Lutheran Father-Son Guests Hear Talk by Redford Pastor

One-hundred persons attended the father-son banquet held Sunday evening in St. Paul's Lutheran church hall. Rev. H. R. Wachler, pastor of the Covenant Lutheran church of Detroit, was the master of ceremonies.

Rev. E. Chapman, his first Sunday sermon during Lent is on the subject, "God's Grace."

In like manner, the Methodist have planned a series of four Wednesdays—friendship—fellowship gatherings in the church house.

Each is to be sponsored by a different organization of the church.

Members of the vestry board will have charge of the first one, Mar. 5 when an illustrated talk will be given on "The Church Treasury With the Books."

The Episcopate are having sessions at 7:30 p.m. each Wednesday in the parsonage, where discussions are led by the Rev. Dr. Howard Chapman.

Baseball Philosophy . . .

A conversation with a party who was on the train with the Philadelphia Athletics while en route to training camp reminds us of Connie Mack's two major principles that he hammers home to his men.

The first idea is this: You never know when the winning run is coming in. A lone run in the first inning may be the deciding factor in the game. When a man comes to bat at any point of the game he may make a hit that will win. Every man must, therefore, give his best each time he is at bat.

And here is the second idea: The fewer scores the other team gets the fewer we will have to get. Playing an air-tight defensive game makes it easier to win. Some real good constructive philosophy there.

Michigan's legislature has a new kind of lobby . . . the taxpayers. This year for the first time John Q. Citizen is demanding economy in Michigan governmental expenditures. "While the tangible results may not be known to most of us, and they may be slow, yet if the lobby can start people thinking it will do some good. We recall a legislator once telling me that in ten years in the legislature no person had ever asked him to cut appropriations but hundreds had asked for more money." We are more or less disgusted with the ideas of economy and thrift in state government, for every cent saved two are spent somewhere else and the net result is more, and more drain on the pocketbook, and harmless little taxes do the trick.

Averaging nearly four a minute, 951,558 persons visited the Ford Motor company's Rotunda building here during 1940, to exceed the 1939 figure by more than 246,000 and set an all-time record. The Rotunda, which houses a number of exhibits and a motion picture theatre, serves as a reception center for all guests. At various times during the year, car with license plates from all of the 48 states and from Canada, Mexico and Argentina were parked outside the Rotunda.

30 Years of Well Directed Advertising . . .

For nearly fifteen years we have engaged personal and business contacts with the Campbell-Ewald Company of Detroit. They do not know us personally, but through business contacts, letters, written and oral, and telephone calls, we feel that we do know the excellent personnel of that great organization, and we are happy to extend to them our congratulations on the thirtieth anniversary of the founding of the organization.

Thirty years of "advertising well directed" are being celebrated by the Campbell-Ewald Company during February, for it was in this month in 1911 that the company was incorporated at Lansing, Michigan.

This anniversary marks this advertising agency the oldest in Detroit, and one of the few agencies in the country to have retained its corporate identity and its directing head for so long a period.

During each of these years the company has had an average yearly billing of more than \$10,000,000, despite the fact that it did not reach an annual billing of a million dollars until many years after it was organized.

A large percentage of this money has been spent each year in newspapers, for Mr. H. T. Ewald, the president of the company, is a firm believer in this medium of advertising.

"Today, the newspaper, one of the oldest mediums of advertising, continues as a truly great and powerful force to sell goods," he states, "and will continue to be a spear-head of most advertising effort as long as it remains a free press."

"While each advertising campaign should have a tailor-made merchandising and advertising suit, the merchandisers of few commodities of general use can afford to ignore the tremendous cleavage power of newspapers, weekly as well as daily."

"I often think of newspaper advertising as an electric switch that actually turns on the light when and where the light is needed. This medium seems to me to be right behind the actual salesman and the actual sale."

Probably one of the greatest prides of Mr. Ewald is in the financial integrity of his organization during its entire corporate life. It has never missed a cash discount in the payment of publication and other bills—nor a payroll—for even during the State of Michigan and, later, the national bank holiday in 1933, the money for the payroll was rushed from New York City by airplane.

We are indeed, happy to be counted among the long time, and we hope deserving, clients of the Campbell-Ewald Company.

Electricity milks the cows for Charles Stade

CHEAPER THAN MILKING BY HAND

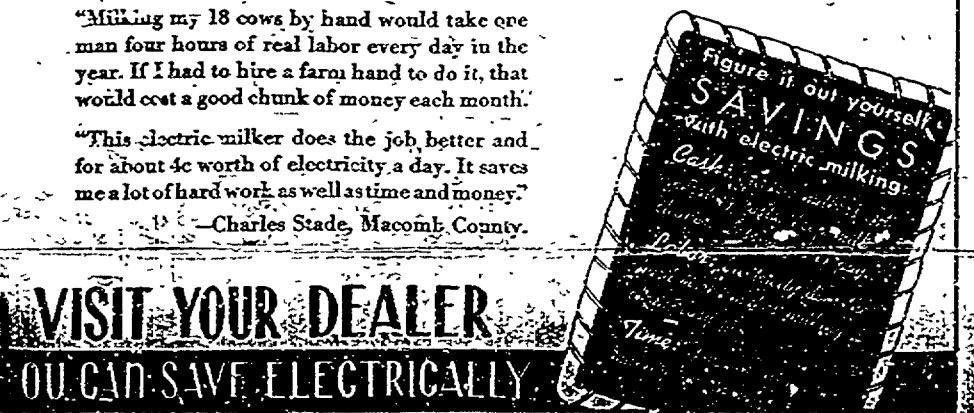

ELECTRIC MILKERS give the farmer extra hands when he needs them most. And farmers who have tried both ways will tell you every time that it's cheaper to milk cows electrically than by hand. Here is how Mr. Stade figures it:

"Milking my 18 cows by hand would take one man four hours of real labor every day in the year. If I had to hire a farm hand to do it, that would cost a good chunk of money each month."

"This electric milker does the job better and for about 4¢ worth of electricity a day. It saves me a lot of hard work as well as time and money."

LANSING

I am indeed glad to endorse the annual Easter Seal sale of the Michigan Society for Crippled Children, Inc., scheduled to take place March 21 to April 13, 1941. May I take this means, too, of commanding you and your associates on your untiring efforts to aid crippled boys and girls in overcoming their physical handicaps.

The student council has a number of different departments under the following headings: social, assembly, program, building and grounds, library, safety, lost and found and publicity.

The social department is sponsoring an intramural program. The assembly program department has sponsored several programs in the past few months and plans are being made for more during the second semester. The library system has been greatly improved. In the absence of a full-time librarian, various students from the different grades have taken over the duties during different periods of the day.

The safety department is working nicely. Boys were chosen for outside patrol duty, while girls were chosen for hall monitors. Our newly established lost and found department is a great boon to the school. The publicity department has charge of the editing of the

school news and the advertising of any events sponsored by the council.

The requirements to be a member of the student council are: that one must either be a student in the upper four grades or a member of the faculty. Mrs. Hills' room trimmed one of the shelves of the exhibition case in the center hall. They made a George Washington shelf.

The third and fourth grades had a spelling bee Friday afternoon. Le Roy Homes was the winner in the third grade and Tommy Mooney was winner in the fourth.

The beginners received their new reading books and cards and now each one has a brand new book to read from. They like their books. They made cupboards for them. They are all bringing their story.

CHEAPER THAN MILKING BY HAND

ELECTRIC MILKERS give the farmer extra hands when he needs them most. And farmers who have tried both

ways will tell you every time that it's cheaper to milk cows electrically than by hand. Here is how Mr. Stade figures it:

"Milking my 18 cows by hand would take one man four hours of real labor every day in the year. If I had to hire a farm hand to do it, that would cost a good chunk of money each month."

"This electric milker does the job better and for about 4¢ worth of electricity a day. It saves me a lot of hard work as well as time and money."

Schnute-Whitcomb Vows Are Pledged

Ella Mae Whitcomb, daughter of Mr. and Mrs. Harry Whitcomb of Detroit, became the bride of the Rev. Alvin F. Schnute, pastor of the Unity Lutheran church, Detroit, and son of Mr. and Mrs. Henry Schnute of Northville, in a simple ceremony held at 8 o'clock Friday evening, Feb. 22, in the Trinity Lutheran church of Wyandotte.

The couple pledged their words before the Rev. C. J. Krahne. Only immediate members of the two families witnessed the wedding. Mrs. C. J. Krahne sang "O, Perfect Love" before the ceremony, accompanied by the church organist, E. Haack.

For her wedding, the bride selected a street-length dress of powder blue crepe. She wore a shoulder corsage of white carnations. Mr. Arthur Schmitz was master of honor, wearing a spring print. Her corsage was also of carnations.

Robert Whitcomb, brother of the bride, also stood up with the couple.

Mrs. James Green Is

Wixom was stirred last Wednesday when it became known that the body of a small baby was found frozen to death and lying by the roadside at the corner of Tiptonville and Wixom roads. This is near the Witt farm and the discovery was made by Fred Courtelle, Witt's hired man, who saw the small bundle near the main road. The body was wrapped in a small towel and the Monday edition of a Detroit newspaper said he was thought to have been dead but a short time. Sheriff's officers were called and the coroner took the body.

We trust you will not overlook the address of our new location and the date of our opening, Saturday, March 1 and that you will be ready when your turn comes for the complimentary sitting-and photo we are giving as favors to all adult guests.

Novi News

By MRS. LUTHER RIX

Mrs. Mabel Granzow was very pleasantly surprised on her birthday, Feb. 15, while at the home of Mrs. Marie Seedorf, when several of her friends dropped in to help her celebrate. Several games of poker were played during the afternoon. Mrs. Granzow was presented with a beautifully painted firelace cord' table and several small gifts.

Mrs. Jessie Bowman and Mrs. Marie Seedorf were co-hostesses. Others present were: Mrs. Ethel Barrett, Mrs. Ida Hammond, Mrs. Carrie Foreman, Mrs. Irene Boring, Mrs. Anna Stilwell; Mrs. Blanche Moffitt, Mrs. Edna Mitchell, Mrs. Harry Haubach, Mrs. Mary Blecking, Mrs. Jessie Schmid, Mrs. Ruby Chappell, Mrs. Grace Fuller, Mrs. Zadie Riley, Mrs. Kay Meyers, Mrs. Lillian Trickey, Mrs. Manda Ballo, Mrs. Dawn Bailey and Mrs. J. Graham.

Mr. and Mrs. Robert Clemens spent the week end in Toledo as guests of Mrs. Clemens' parents to help them celebrate their fifty-second wedding anniversary.

Mr. and Mrs. Devere Mitchell were Sunday evening dinner guests at the home of Mr. and Mrs. Donald Gilster in Pontiac.

Mrs. John Schwartzman was called to Perry last Tuesday by the death of her father.

Mr. and Mrs. Gordon Schmitz of Highland Park were visitors at the Jordan-Maghill home Sunday evening.

Mrs. Mary Marshall, Mrs. Irene Jordan, Mrs. Ruby Grant and Mrs. Thelma Griege were Sunday visitors at Ford Custer. They report that about a thousand barbecues have been erected there since Christmas.

At the family banquet last Thursday evening at the Novi school, the Methodist women served dinner to about 430. A program honoring father and son followed with singing by the choir and the fifth and sixth grade boys. Margaret Mitchell recited a poem about fathers in general. Devere Mitchell gave the address in which he gave a toast to the sons. Jimmy Mitchell responded with a toast to the fathers. Mrs. P. S. Weaver of Detroit, accompanied by Mrs. Scott also of Detroit, sang two songs and Mrs. Scott gave two piano solos. Community singing closed the program.

Mr. and Mrs. Jack Wilobee, Mr. and Mrs. Charles Rutherford, Mr. and Mrs. David O'Leary were Sunday dinner guests at the home of Mr. and Mrs. Charles Rutherford.

EDITORIALS

(Our guest editorial is written this week by Paul Carter, principal of the grade school.)

ACKNOWLEDGMENTS
All too frequently many fine accomplishments go unheralded and unsung. Such is probably true of the life saving achievements of the many school safety patrols sponsored by the Automobile Club of Michigan. The club supplies the equipment: belts, arm bands, medals, badges, awards and other helpful materials. Each month, participating schools receive colorful safety posters and instructional aids. Teachers strive to impress upon the children the need to make love to a piece of lumber, cheese, thread, a needle with boxing gloves on, eat a banana and sing a song, and to draw one's ideal man or woman while blindfolded. It seems that Mr. Weeks doesn't like bananas or maybe he has slipped fingers; nevertheless he couldn't hang onto his bananas. Coach Tex Walker willingly shared his hat! It was unable to be broken down anymore. Each contestant was awarded a candy bar.

Name Committees for Senior Play
The committees for the senior play "The Valley of Ghosts" which is to be given April 3 and 4, have been reorganized.

In charge of the scenery committee will be Art Bruehner, Jack Holcomb, Frank Eaton, Stan Davis and Gene Reavis are also on the committee.

Jim Funder is chairman of the publicity committee. Acting him are Sid Judd, Edgla Peirson, Barbara Curtis and Barbara Spicer.

Betty Hobbs will be in charge of tickets and advertising. Imagine Baughman and Betty Verkes will also serve on that committee.

Names of usher will be given at later date.

Widowed parents, Mr. and Mrs. Horner Willabee in Ronco

The B Y P U were privileged to have as their speaker Sunday night Ross Keim, superintendent of the Oakland County Juvenile Home. His subject was on "Add to Delinquent Children" during 15 years as superintendent, only three or four cases came from that area. Last year, the juvenile cases in Michigan alone.

Roy Watson and Barbara Bullock, leaders of the B Y P U were the committee members who succeeded in getting Mr. Keim as their speaker.

Steve Hicks reports that he received a large basket of fruit from his brother, George Hicks, also wintering in Florida.

Mr. and Mrs. Charles Trickey and daughter, Loree, visited relatives at North Star last Sunday.

Mrs. Lillian Trickey entertained 11 Past Noble Grand women for luncheon last Thursday noon.

Mrs. Clifford Gilham, employed in the office of the Novi Equipment company, has returned to work after a week's illness.

Several men formerly employed at the Novi Equipment are now working at the Rouge plant in Dearborn.

Mrs. David O'Leary gave a birthday dinner for her mother, Mrs. Luther Rix, Monday evening. Only members of the family were present.

Mrs. Luther Rix was a luncheon guest at the home of Mrs. George Schwarz in Detroit, Wednesday.

Mrs. Norman Chatham has been ill with the flu for the past week.

Mr. and Mrs. Howard Dixon have arrived in Jeffersonville, Ind., where they are making their home. They report to relatives here that they enjoyed the trip there and are taking their new associations.

Among the places which they look forward to a visit by this small dark-haired senior are Hawaii, Paris and Holland. And since her ambition is learning to fly a plane — she had an airplane ride when she was eight — this was the highlight of her career may be she can expect to see her arrive by air. Her travels to date have been to and from school each morning.

Her hobby is (besides dancing, driving and bowling) soda-jerking. This could be the reason why her haircut is the soda fountain in a certain local drug store. Her likes are neat hair styles and looks of sport clothes. Her favorite studies are typing and history, but she doesn't like them enough to have stiff assignments on week ends. Her pet peeve is sister Mary, wearing her stockings.

She, of course you know I am speaking of Betty Lou Hollis, was born on Mar. 24, 1923 in Northville. She has lived here ever since that important event and at the present resides at 129 West Cady street.

Mr. and Mrs. Herbert Berendt arrived Friday from Chicago for a visit this week. Mr. Berendt has been ordered to an army base in Virginia for the next two and a half months. During this time, Mrs. Berendt will stay in the village.

Bob Vogtlin Represents Northville High School in Band Session

Bob Vogtlin was representative of Northville high school at the Detroit Band Clinic held at Wayne University, Thursday and Friday, Feb. 20 and 21. Members of the band practiced Thursday, and Friday morning preparing for a concert to be given in the Wayne University auditorium Friday evening. The members of the band were chosen from all the different schools in Detroit and Wayne county. The guest conductor was Glenn Cliff Baum of Northwestern University. At practice, when some section didn't play as he wanted, instead of stopping them he would just stuck out his tongue or hold his nose, then when they would play it right he would blow them a kiss.

To break the monotony of playing all classical music, he had them play a novelty tune at the concert entitled, "Three Blind mice" at the Nite Club Floor Show.

James A. Huff's sixth grade loaned their health booties. Miss Wildard by visiting the class, Feb. 21, Dr. E. G. Gurnell, Vice-president of the second grade Citizenship Club, and Miss Vera Wilson's room, directed the meeting this week in the absence of Suzanne Wilder, president. Minnie Harrison, Sister Elizur, Martha Chappell, Dolores Bell, Nancy Redmond, Mary Ann Karchinski all took part in the program. Mrs. Campbell was a visitor in our room this week. Suzanne Wilder brought several copies of her magazine, "Playmate," for us to enjoy.

Miss Ruth Pierce's third graders have finished their geography book. One group has finished the third grade reader.

Miss Pearl Hensch's third and fourth graders attended a play given by the other fourth grade, Friday afternoon. Two people who received perfect scores in Citizenship last week were Robert Houghtaling and Duane Snail. John Humphreys, Jack Schander, Donald Fullerton are new pupils.

Mrs. Margaret Carpenter's fourth graders have been studying food that is good for the body. They have a collection of rods on the bulletin board. Mrs. A. Russell Clarke and Mr. G. H. Stalter visited the room.

Mr. W. H. Johnston's fifth graders elected a class president. The new officers are: Bob Smith, vice-president; Jerome Hege, secretary; Fred M. Hart, treasurer; Gladys Larson, Chaplain; Emily Polino and Dorothy Johnson, State Service.
