BUY UNITED STATES DEFENSE SAVINGS BONDS AND STAMPS \$1.50 PER YEAR IN ADVANCE

Lansing—Michigan's much-ballyhooed bi-partisan government has gone plumb into a dizzy tail-spin. And if you, as the celebratory "man of the street", are getting a wee bit confused as to what it is all about, have hope and take cheer. Maybe it isn't yourself but the times which seem out of kilter—what Wendell L. Willkie is arguing the United States to establish an American military outpost in Scotland or Ireland and with President Franklin D. Roosevelt moving American troops into the European war zone via Iceland, all for national defense.

Branch Banking Veto The underlying cause of the Republican rebellion is the governor's veto of the famed Senate bill No. 1, known as the branch banking act which would forbid chain systems of banks throughout Michigan.

Sees Building Need

Russell H. Abernethy

Superintendent of Northville schools sees that the rapid expansion of defense industries in this area may cause overcrowded school conditions. Several districts have approached us to find out how many extra pupils we might receive from their schools almost reached capacity in the high school, in fact we need more classrooms now. With any sudden growth of the community, we would be seriously overcrowded. A building program may be necessary, affirms Mr. Abernethy.

Food Chain Adopts 5-Day Week Policy for All Divisions

John A. Hartford, president of the Great Atlantic and Pacific Tea Company today announced the adoption of the five-day work week for retail store employees as the company's policy. The five-day, 48-hour week first in the history of the retail food business, was introduced on an experimental basis in a few stores in a few eastern states two months ago, Hartford said, and will now be extended throughout the entire A & P organization "as far and as fast" as possible. "Frankly, however, we must recognize," Hartford said, "that in a few states and some cities the introduction of this shorter work week may be delayed or even prevented by state and local labor regulations and local agreements."

Grand Opening of Rose Home Bakery Saturday, July 19

Following an unprecedented growth and popular acceptance of the products of the Rose Bakery, it has been found necessary to expand the facilities and establish a downtown quarters. Saturday July 19 marks the grand opening of the Rose Home Bakery at 152 North Center street near the Farmington market. During the past two weeks, Mr. Rose has been busy transferring his equipment from the home location to the downtown shop and redecorating and remodeling the new shop. At Saturday's grand opening, a wide variety of bakery products will be offered to the public. Mr. Rose stresses that breads which are baked in a clean, sanitary and attractive in the new quarters. Two attractive specialties in the line of delicious baked goods are being offered for the opening date, and a pretty flower is waiting for every woman customer on the opening day. Better check up on those opening day specials and the prices advertised in this issue of The Record.

Walled Lake Plans Moonlight Festival

By Charles E. Hutton The fourth annual "Moonlight Festival" sponsored by the Walled Lake Civic League club will take place the evening of August 8, on the lawn of the J. J. Taylor residence. It was announced Monday by Mrs. Carl Sals, general chairman of the event. The festival, which in past years has developed into a major entertainment highlight of the community's summer season will include an even wider variety of attractions this year. "We plan several innovations for this year's program," stated Mrs. Sals. "Of added interest should be our arrangements for serving full course supper, available to the public from 6:30 to 8:30 o'clock. Prices will be moderate and should add to the convenience of the people. There will be a popularity contest this year, open to anyone in the community. We will continue the annual bathing beauty contest, so popular in past seasons. There will be a variety of other attractions.

Dr. Maleske Sells Centerline Practice

Dr. A. J. Maleske, who bought Dr. brief's dental practice less than a year ago, has sold his practice near Centerline to Dr. David A. Epstein. The sale of this practice makes it possible for Dr. Maleske to be in his Northville office six days a week, rather than dividing his time between the two offices as he has done all winter. Dr. Maleske leaves today for a two-week vacation in Northern Michigan. He will return Aug. 4.

SOME CITIZENS SPEAK UP

The president of a leading university has just announced the formation of a citizens' committee, nationwide in representation, to work for the reduction of non-essential spending of the Federal, state, and local governments in the non-defense field.

At a time when Congress, in spite of the urging of Secretary Morgenthau to save a billion dollars in non-defense spending, has hiked appropriations in that category still higher for the coming fiscal year, the forming of a national citizens' group is good news.

It is too early yet to determine whether the new committee can achieve these aims. But its creation is important because it affords the proof that there are citizens in this country who realize that the spending situation is serious, and that the time for action is now.

For twelve years our federal government has been piling up annual deficits that now total \$13,609,000,000. That amount represents the amount spent by our federal government over and above the receipts of that same period.

LET'S ALL AWAKE

It's time labor woke up to the fact that it, too, must bear its share of the burden and that we do not propose that labor shall be the profitor from war and defense work—any more than we propose that capital shall become the profitor.

The recent broadcast of the Pope suggested many thoughts to those who may have questioned the conduct of the times. To those who have often asked why a just God could allow such slaughter and privation, the message of His Holiness gave answer and a better understanding of God's purpose.

Ten nations were taking three quarters of the earth's population and confiding in a road of four continents and a part of the fifth largest territory. Nations and cities that have been crucibles of civilization, the birthplace of our world.

There is a great need for a new kind of road, one that will be a well graded cement road, one that will be a well graded cement road, one that will be a well graded cement road.

When the world is so full of people, it is a good idea to have a road that will be a well graded cement road, one that will be a well graded cement road.

We hope that one of the roads that will be a well graded cement road, one that will be a well graded cement road, one that will be a well graded cement road.

The old fashioned Fourth of July celebration sponsored by the cooperative effort and finances of the community struck a most responsive chord and an echo of approval. The day was ideal. The conduct of the program and events was commendable and the local response most encouraging.

We still are bewildered by the action of the recent Methodist Conference in sending resolutions of sympathy to two of its members who refused to register for the draft. The church today has a big enough challenge to do its part in the realm of religious faith without encouraging disobedience to the law of the land that gives the church the right to live, move and have its being in that nation.

## News of West Point Park

By Mrs. Wm. H. Zwahlen

Mr. and Mrs. William P. Lovett and two granddaughters, Marilyn and Susanne Truist of Detroit, were guests Wednesday evening of Mrs. William H. Zwahlen and Miss Shirley.

Miss A. M. Jewel of Minneapolis, Minn., arrived here Saturday for a month's visit at the home of Mr. and Mrs. Earl Redding.

LeRoy, Wiloughby, who has been confined to his bed all summer, was reported "not so well" this week.

Marion Bolyard was again on the sick list this past week.

Clara and Audrey Roberts of Mayfield avenue, were grieved to learn of their grandmother's death in Ontario this past week.

Alfred Schultz was in bed several days this past week.

Mrs. Austin Ault and daughters, Virginia, Phyllis and Helen Ruth, are arriving home this week after a two-week visit with relatives in Pennsylvania.

Mrs. Anne Tremble and her son from Maryland, arrived early in the week to spend a vacation with her sister, Mrs. Ed Baker, of Hubbard avenue.

Mrs. Rice Smith of Hubbard avenue, was hostess to the Hubbard avenue Bunco club Tuesday night.

The Tuesday night service at the Rev. Gordon Cameron's mission was exceptionally fine this last week. These Tuesday night services are primarily for young people but all ages are welcome. From now on whenever the weather permits they will be held on the grounds in front of the building.

Under the auspices of the Sunshine Sisters a potluck supper, followed by a lively song service under the direction of the Rev. Gordon Cameron was held in the mission Thursday evening. This affair had been scheduled to be held on the grounds surrounding the mission, but extreme dampness made it necessary to sit indoors.

The building fund for the new Westpoint Bible church is coming

along just fine. It is hoped that building can start in September.

The Glee club girls are practicing very hard and before long they hope to be able to announce the date of their first broadcast. This group is still open for new members. It is under the leadership of Miss Evangeline Farnum.

Suzanne Meyer and Anita Barnum from the Westpoint Bible church left for Lakeside camp Sunday. They will stay for 16 days, getting both pleasure and Bible instruction.

Introducing her sister, Mrs. Anne Tremble from Maryland, Mrs. Ed Baker entertained a few neighbors in her home Thursday.

The next meeting of the Sunshine Sisters will be held at 2 p.m. Wednesday, July 23. Any woman or girl in the community is cordially invited.

"Happy birthday" was sung for Grandma Ault at the Rev. Gordon Cameron's Bible School Sunday afternoon. Mrs. J. W. Ault was 75 years old July 11.

Leslie Bolyard and family are spending a few days with relatives in West Virginia.

Stanley Campan of Los Angeles, Calif., arrived here Monday by plane to join his wife and daughter, for a week's visit with his sister-in-law, Mrs. Martin Addis and family.

Mrs. Clara Finger, her daughter, Mrs. Joseph Shuman, her son and daughter-in-law, Mr. and Mrs. Gilbert Finger of Detroit, were guests Sunday evening of Mrs. Viola Gilbert.

Rubin Jung's of Calicut a senior at Houghton Mining Engineering college, now stationed at Fort Custer, was the week end guest of his uncle and family, Mr. and Mrs. John Adams.

Robert Zazy, second lieutenant at Selma, Ala., visited his parents, Mr. and Mrs. George Katz, new owners of the Westpoint Greenhouses, before he left Sunday for California.

## Windstorm Company Makes Fine Record

The July meeting of the directors of the Windstorm Insurance Co. of this city was held at their offices last week. They were pleased to learn that the company had paid since the November 11 storm, 30,474 adjusted losses, amounting to \$1,190,755.20 and still had a cash balance of \$368,368.81. Over \$1,000,000 of that loss was due to the November storm. Judging by past experience, the large cash balance will be more than sufficient to meet all demands until the new assessment of 15 cents on the \$100 shall be collected. The only unpaid claims are for a small number of recent losses which have not yet been adjusted.

The 30,474 claims are more in number than the total for the first 37 years of the company's history. Every one was paid as soon as the loss was adjusted. For a company to do that and still have a cash balance of over \$368,000 is very creditable. Every policy holder must be pleased with, and proud of, that record. It proved that the officers and directors have wisely managed the company's business.

The directors unanimously voted last week to let the usual 15 cent

assessment next fall on the nearly \$460,000,000 insurance carried by the company. They are confident that this assessment and the large cash balance will more than provide for losses during the following year. It will be good news to the company's 125,000 patrons that the assessment rate will not be increased. The officers and directors, with more than sixty years of company history to guide them, are confident that the assessment will be ample.

The winter was one of the most every four Windstorm Co. members who under the leadership of the late D. W. Rogers, former the Windstorm Insurance Co. He is told that the records now show that he is the only survivor of the group who

launched that company. He was never more pleased with, nor more proud of, its record than he is right now. It is a wonderful record for the company to pay over 30,000 claims, which called for nearly \$1,200,000 and still have a cash balance of over \$368,000.

The November 11 storm was the most severe and widespread in Michigan's history. It brought a windstorm loss to practically one of every four Windstorm Co. members who under the leadership of the late D. W. Rogers, former the Windstorm Insurance Co. He is told that the records now show that he is the only survivor of the group who

# NOW A 5-DAY WEEK FOR A&P EMPLOYEES THROUGHOUT THE NATION

Stores Will Be Open Six Days A Week As Usual But No Employee Will Work More Than Five Days

Two months ago this company tried the experiment in a few eastern states of a five-day work week for our retail store employes. Now we are able to announce that we have adopted the five-day week as our national policy.

- This, we believe, constitutes the first five-day week and the shortest general working hours of any major retail food establishment.
- This shorter work week will be in effect before Labor Day in A&P food stores in thousands of communities throughout the country. It will be extended as far and as fast as possible. Frankly, however, we must recognize that in a few states and a number of cities the introduction of this policy may be delayed or even prevented by state or local labor regulations or local agreements.
- A&P food store employes affected by this policy will work only five days a week although stores will be open six days a week as usual. Their weekly salaries will not be reduced by their shorter work week. Our policy is to continually improve working conditions and salaries as evidenced by the fact that during the past year alone we have been able to make actual wage increases and to pay added compensation to our employes in an amount totaling more than \$4,500,000.
- Many people are utterly astounded at the new low prices for quality foods in A&P Super Markets. They are getting so much more and better food for the same money that they wonder how we can do it. Frankly, it is simply because A&P Super Markets represent a new, more efficient, more economical way of distributing food to the public.
- This new, shorter week is still further evidence that the tremendous savings you can now make in buying groceries, meats and fresh fruits and vegetables in the great, new A&P Super Markets are made possible by savings through efficiency and that no part of these savings comes out of the wages of our employes.

For many years it has been a source of pride to us that we have been able generally to maintain the highest average wage scale and the shortest general working hours in a field where long hours have been traditional. Since we first cut the work week eight hours in 1916, there has been a long record of further reduction in hours, increases in wages and vacation schedules.

Because our new low prices have resulted in increased patronage, we have been able to further reduce our operating expenses and increase our efficiency and still further improve the working conditions of our employes.

At the same time thousands of families will testify that they buy their foods today at lower average prices in A&P Super Markets than in any group of stores in the highly competitive retail food field. Today, when you spend a dollar in one of our stores, more of that dollar actually purchases food and less of it goes to cover distribution costs and profits than ever before in the history of the food business.

There is no conflict between low prices and good working conditions. We have achieved both by constantly improving methods of bringing food from producer to consumer, cutting out waste and unnecessary handling operations along the distribution route.

The new A&P Super Markets have made possible savings so astounding that we would not have believed them possible five years ago. This year we are paying the highest wages for the shortest work week in the history of the food business and yet our customers throughout the country will save more than \$50,000,000 on the food they buy as compared to the lowest prices we could charge on the basis of our own operating expense only five years ago.

We are more than ever conscious in these unusual times, of an obligation to make every possible contribution to the American standard of living. We know that we are making it possible for the average family to buy more good food for the same money, or to buy the same quantity of food for less money.

We are happy to tell you that you can enjoy these savings with the knowledge that the people who serve you in our retail stores are sharing more than ever before in these good things. This means a better standard of living for you and for those who serve you.

This plan will necessitate slight adjustments in store hours which will be announced locally. We respectfully fully ask our customers for their cooperation and assistance in making this new schedule a success.

ORCHARD SUPPLIES Largest Stock of Insecticides in Southeastern Michigan Orchard Brand Sherwin-Williams Bushel Baskets 95c a doz. NOVI FRUIT SALES Phone 465 Novi, Mich. CHERRY PIE FOR THE NATION Shipped all over the United States, Michigan cherries are used in the luscious pies that have become a favorite American dish. Year after year, Michigan holds number one place in the production of cherries, far out in front of any other state. In 1933, Michigan's 2,755,000 cherry trees yielded more than 36,650 tons of fruit, and the average value of the crop over the past 15 years has been close to \$2,000,000. Without the aid of modern transportation and telephone communication, Michigan orchardists could never have developed cherry growing to its present degree of efficiency. Constant care is needed in cultivating the orchards, spraying the trees, guarding against flocks of birds that try to steal the fruit. And when the cherries ripen, an army of pickers must be ready to gather them during the few days when they are at their best. The telephone is vital in keeping the crimson tide of fruit moving to packing-house, cannery and home. MICHIGAN BELL TELEPHONE COMPANY

The trend of small town law-abiding citizens in their effort to retain for their backs state tax collection agents.

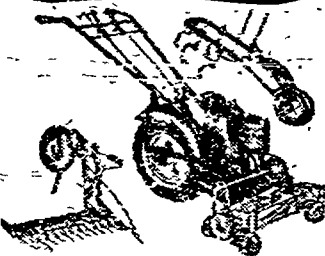

He has been a candidate for election in competition with the incumbent, Dr. D. DeKorson, but he was managed to keep in the good graces of the administration in person. However, McPherson's term will expire in September and he will not be re-appointed.

Whether the 90-day tests put on the governor's hands in appointing McPherson's successor and McPherson this is likely to continue to draw his state checks each month and to remain at Lansing as the unofficial spokesman of rural interests.

What Delay May Mean  
Whether public reaction will be favorable or unfavorable to the legislative middle was a topic of discussion among Republican elective officials, several of whom were apprehensive that the voters will not take well to it.

ides not to curtail matching old-age pensions until Public Act No. 126 takes effect 90 days after final appointment, - the recess could cost the state approximately \$5,000,000 in federal aid.  
The state revenue department cannot be established until January.  
The anti-sabotage law will not go into effect until January.  
Milk prices also cannot be fixed by the new milk marketing act; farmers may be deprived of these benefits for another 90 days.  
On the other hand, Republican legislators point out the international situation is rapidly becoming critical, that there has been much press comment on the possibility of a special session to consider financial matters, and that, all in all, the legislature should not adjourn during such an emergency.

### Helen Winter and James Hochkins Pledge Marriage Vows Friday in Church Rites

The Northville Baptist church was the setting at 8 o'clock Friday evening, July 11, for the nuptial rites which united in marriage Helen Winter, daughter of Mr. and Mrs. C. C. Winter, and James Hochkins, son of Mr. and Mrs. John Hochkins.

Baskets of peach glass, roses and blue delphiniums flanked the altar, where candles gave light for the exchange of vows. The floral arrangements were designed by Clarence Gregg of Pontiac, a friend of the Winters.

Proceeding the exchange of vows, Miss Catherine Dugan sang "I Love You Truly" and "On Promise Me." Mrs. Barton of Concord presided at the organ. Officiating at the rites were the Rev. Dr. Howard K. Chapman, pastor of the Baptist church, and the Rev. Harry J. Lord, minister of the Methodist church. Two hundred guests were present.

Given in marriage by Dr. Chapman, the bride wore a gown of white tulle and marquisette, styled with a train and tulle veil. The bride's bouquet was of white delphinium and carnations, centered with an orchid.

Mrs. Kenneth Rector of Royal Oak, was her sister-in-law. Her junior bridesmaids were Misses Edna Miller and Vera Miller. They wore frocks of peach and blue marquisette, trimmed with a train and tulle veil. The bridesmaids' bouquets contrasted with their dresses, were carried by the attendants.

John Hochkins, Jr., was his brother's best man. Ushers were Kenneth Rector of Royal Oak, and Al Couture of Detroit.

Mrs. Winter was dressed in navy blue and white for her daughter's wedding. Mrs. Hochkins wore light blue and white. Their corsages were of blue delphiniums and peach roses.

Following the ceremony, a reception for the bridal party and 225 guests was held in the garden at the Winter home.

After a week's motor trip, Mrs. Winter will make their home in the village. Both are graduates of the Northville high school. Mr. Hochkins graduated in 1937, and Mrs. Hochkins in 1939. Mr. Hochkins is employed by the Cadillac Motor company in Detroit.

### Miss Sperkowski Weds L. D. Riley in Walled Lake

Dorothy Sperkowski, daughter of Mr. and Mrs. J. Sperkowski of Novi, became the bride of L. D. Riley, son of Mr. and Mrs. Claude Riley of Northville. Their nuptial rites were held for them at 2 o'clock Saturday afternoon, July 12, in the rectory of the Rev. Fr. Martin, C. P., of the Catholic church in Walled Lake.

Before the ceremony, Mrs. Edward Riley sang "Ave Maria." Baskets of summer flowers decorated the rectory.

The bride was given in marriage by Leonard Sperkowski. She wore a white chiffon dress accented with a tulle train and tulle veil. Her bouquet was made of roses and carnations.

Mrs. Catherine Sperkowski of Northville was the bride's only attendant. She wore a frock of blue tulle.

Stephen Sperkowski, brother of the bride, was Mr. Riley's best man. Mrs. Sperkowski selected a navy ensemble with white accessories for her daughter's wedding. Mr. Riley was also dressed in navy. Both wore rose corsages.

Following the ceremony, a reception for 45 guests was held at the Riley home in Northville. Mr. and Mrs. Riley were motoring through Northern Michigan. They will make their home at 430 Veritas avenue.

Lawn Luncheon Held at Zebornick Home  
Mrs. F. G. Zebornick opened her home Monday afternoon to 22 members and 5 guests of the Northville Branch of the Woman's National Farm and Garden association.

A cooperative luncheon was served on the lawn, with Mrs. Mark Brock and Mrs. Frederick Hoffman sharing hostess duties.

Following the luncheon a business meeting and social hour were held.

Club members have been invited to join the St. Clair Shores branch at a luncheon July 23. Tickets will sell for 50 cents. Personal warnings and suggestions are to contact either Mrs. Roy S. Matheson or Mrs. John Decker by Saturday, July 19.

### If Swimm' Holes Could Talk They Might Say:

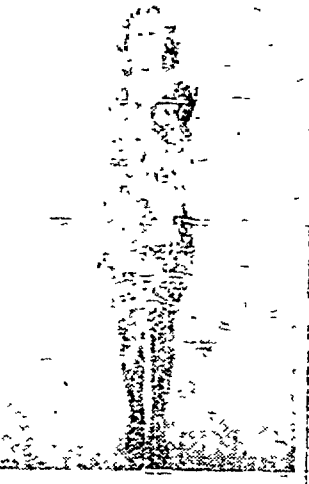

It's best, says a parade, chat with swimm' hole suits styles changing each year. From the percale 'lantern' of the 1930s, we've watched women's suits grow smaller and sneller and the designs and fabrics prettier and prettier.

Back in '30, the days! Young ladies sure had fun dabbling in the water. Swimm' holes, Oh, some of them tried it, but of course their percale suits were a bit cumbersome; they weighed 75 pounds when wet and then, too, their frill bathing hats weren't at all waterproof!

It was 1910, or thereabouts that women donned real knit swim suits. And what pace setters those models were—gone were the sleeves, the high necklines, and the skirts actually ended above the knees.

—Jaxton Photos  
"Now you're talkin'", one swimmin' hole said, watching 1941 swim suit versions marching toward the water's edge. "Yep, believe you've got something there!"

### Cool as a TRUCKLOAD OF ICE

...this inexpensive "package unit" air conditioner!

Here's modern magic as amazing as Aladdin's lamp—an attractive, compact cabinet, only 37 inches high—containing the cooling equivalent of FIFTEEN HUNDRED POUNDS OF ICE PER DAY. Yet there is not one pound of ice in the cabinet!

Snap a switch. Quietly and efficiently, a flow of cool, clean, filtered air is circulated to every part of the room. Windows can be kept closed. Street noises are shut out. Dust, dirt, and pollen are removed. Seething heat and humidity are replaced by cool, clean, bracing air—as crisp and invigorating as a breeze from a mountain top.

On the hottest summer days, one of these "package unit" air conditioners will furnish a haven of cool comfort in your home or office. Attractive walnut-grained cabinets are styled to harmonize with the finest furnishings. Installation can be made quickly and easily, without alterations or office changes. Completely self-contained, the unit requires no drains, no pipes, no plumbing. It can be placed anywhere. When you move you can take it with you. Prices start at about \$125 for a unit for a small bedroom or office.

Any air conditioning dealer will give you full information about these low-cost room coolers. Telephone today. The Detroit Edison Company. (We do not sell or install this equipment.)

Changes Planned

(Continued from front page) time art teacher was urged and it was advised that Leslie G. Lee be released from his duties in the bookstore and study hall so that he could give more time to the music program.

Good Eating for Staff The staff was given an excellent rating in terms of training, professional growth and attitude, interest and enthusiasm. The library was rated poor in room facilities, but average or better in adequacy of the staff, the yearly budget for books and magazines and in the quality of reading and reference books provided. It was pointed out that there were gaps in certain fields, plans are in the making to fill these in.

Cuts Criticized Supervision was criticized as being inadequate and the solution is to be found in releasing the principal and superintendent from other duties so that they can devote more time to this phase of the work.

The administration of the school received a very high rating. The committee said that the finances were completely accounted for and that the school board and superintendent maintained high ethical standards in the direction and operation of the educational system.

Start Remedies In planning for next year, the board and faculty are adopting the cooperation between departments. This plan is already under way in a program under the leadership of Prin. G. V. Harrison. Too, it was suggested that a course in agriculture be taught at will be taught if enough students want to attend the offerings in industrial arts and home making be expanded. A full

suggestions of the committee as rapidly as possible. For example, geography and history are being combined to provide a better integrated course in social science. Health and science are to be more closely related in a well justified program and a nurse, who is qualified to teach in the classroom, is being employed. She will be expected to teach Reg. Cross nursing and first aid.

Guide for Students Speaking of the vocational guidance program, Mr. Amerman said that it had never received the attention it should. Under the responsibility of S. V. Ellison we have made a substantial start toward improving this service. He has placed many young people in positions where they are best fitted to make good," asserted Mr. Amerman.

Commenting about advancements that have been made in the grade school, Mr. Amerman spoke of the better system of reports to parents that have been used under Principal D. Carter's leadership.

Catalog Grade Library Since moving into the new building, many new library books, supplementary readers and other teaching aids have been acquired, but no one has had the time to catalog them. This year, through the WPA grant, cataloging has been done. The work was assisted by Mrs. B. E. Larson and Mrs. Carl H. Bryan. A reading and activity room has been equipped so that students can find supplementary material that they need.

He told, too, of the educational projects that have been carried on in the grade. Some were fund-raising enterprises with money being used to buy pictures for classrooms and corridors.

Mr. and Mrs. Edward Ritz of New York are visiting their parents, Mr. and Mrs. Claude Ritz.

America at Work

I hear America singing, the varied carols I hear, Of the mechanic, each one singing as he should be hilted and stout, The carpenter singing his as he measures his plank or beam, The mason singing his as he makes bricks for work or leavers of work, The boatman singing what belongs to him in his boat, the deckhand singing on the steamboat deck, The shoemaker singing as he sits on his bench, the hatter singing as he stands, The wood-cutter's song, the ploughboy on his way in the morning, or at noon, intermission or at sundown, The delicious singing of the mother, or of the young wife at work, or of the girl sewing or washing, . . . . .

SO SANG WALT WHITMAN. He sang of America and of a tradition of honest toil that is as American as The Star Spangled Banner. He called his song "I Hear America Singing." Because in this country the workers are in every walk of life, even among the richest. No idle rich can win American respect. It is to the industrious, in whatever position, that America pays traditional honor.

No caste system hinders American youth from the pursuit of burning ambition to fight his way to the top; no aristocracy clutters the pages of American history; no dictator's iron heel drags labor to the level of slavery.

To Americans, labor is all important, all-inclusive. All income groups take pride in the knowledge that their work, their job of earning a living is what makes democracy click—is the solid backbone of a great people.

As the nation once more pays tribute to this great force which is labor, the words of Walt Whitman's poem, written over eighty years ago, sound what could well be a theme-song of "The America way"—1941 style.

Moonlight Festival

Flying Field

(Continued from front page)

130,000 miles of flying, there have been no accidents of any kind. The airplanes have not so much as suffered minor damage. It is reported that the closest approach to trouble came when one of the students, named with his dinner while taking oral instruction in spins.

A heavier airplane, a Frank Trainer, owned by Darrell Johnson of Walled Lake, is now based at the field and is being used by students who wish experience in the larger airplane.

Miss Carolyn Pratt, Detroit, was a Northville visitor Wednesday. She is one of the new teachers in the Northville school system.
