### Gay Nineties Epidemic

Future historians may record Michigan's summer as an era of "gay nineties" masquerades, a psychological escape from headline-littered days.

### Reclaiming the Desert

In Newago county is a 1,600-acre phenomenon, known as Big Prairie desert. Here is its story:

### Back in 1852 a group of settlers

James Barton, Alexander DeZell, William Haron and Benjamin P. Olney, located on a tract of prairie land in four townships.

### Because it was a prairie, the land

was all under the plow the first year. The surface seemed to be a dark mass. It required little labor to put it under cultivation. Many fine farm buildings were erected.

### Let in the 30s sand began to

blow up the bluffs, river fences, underground billings. Farmers gradually vacated their lands.

### Today an estimated 1,999 acres

is a "black desert." Not a blade of grass can be seen.

### Only the farm of the late Judge

Barton was spared.

### Today the Mandate National Forest

Service is planting pine seedlings, mending snow fences to check the sand.

### Wild Life Notes

Art Moore and Ted Ingalls, both of Muskegon, passed their car near Oshtemo and started walking down a trail. A half-mile away they came suddenly upon two bear cubs, each one about 50 pounds in weight.

### Art and Ted then heard a growl

behind them that was the mother bear. Wholly unafraid, the men started running.

### "That is a good deer, and rabbit

country," related Art afterwards. "We caught up to and passed a dozen of the critters getting away from that bear."

### Mrs. William E. Mori, North Canton

O, went fishing for trout in Lake Superior off Munising. Her catch, a 35-pound, 2-ounce trout, 4 1/2 inches long.

### Pop Bottle Starts Fire

From Three Rivers comes this tale:

### Fire destroyed the straw stack of

Elmer Puffer near Corey Lake. The blaze is believed to have been started when intense heat rays of the sun focused through a pop bottle.

### Roller Skating Fad

"The roller skating fad, which flourished about 40 or more years ago, has struck the country again and is becoming a rage," notes Frank M. Weber, county editor at Atlanta, up in Monticminy county.

### Lewiston and Hillman have both

had skating rinks for some time, place for you to break your neck and now Atlanta will furnish a place for you to break your neck if you want to.

### Open air motion pictures is an

other small town craze. Lester M. Rogers, country publisher at Camden (Hillsdale county) reports:

### "It is estimated that 700 people

attended the street pictures Wednesday evening. There were seats for 500. Many bring their own chairs and others sit in their cars while many use the standing room."

### Girls Run Own Farm

The red-headed Williams sisters—Arline, Hazel and Edna—have run their own farm of 120 acres near Quincy since their father, Frank Williams died in 1930.

### Last year they raised 1,000 leghorn

chickens. They painted and repaired their farm buildings.

### Hazel teaches school in the winter.

## Expect Exhibitors To Reserve Space Early for Fair

### Demand for Premium Books Heavy; Entry Deadline in All Departments Is 1 p.m., Sept. 10

### Build Rodeo Stalls

Members of the Northville Wayne County Fair board of directors have had more requests for premium books for the 1941 exposition than they have had in any other year.

### According to Secretary Fred Lyle

this indicates that exhibit space will be spoken for early for the fair, Sept. 10-14.

### Judging Starts Thursday

In order that judging in all of the departments can go forward as scheduled, no entries will be received after 1 p.m. Wednesday, Sept. 10. Exhibitors are asked not to remove their entries until 9 p.m. Sunday, Sept. 14. This is a day later than in former years, because of the five-day fair.

### Judging in the various divisions

will start at noon the second day of the fair.

### Activity at Fair Grounds

The Northville fairgrounds, has been a scene of activity for some time making advance preparation for the fair. Because of the extensive building program which took place last year, it remains only to get the buildings for exhibit space thoroughly cleaned.

### The only building in progress

this year is the construction of the 12 stalls in front of the grandstand which will be used for the rodeo show, a new feature which will attract thousands of new visitors. This year there will be six pen formations of the rodeo, one each night at 8 o'clock and a matinee at 2:30 p.m. Sunday. It is likely that previous of the night's entertainment will be given for the benefit of grandstanders in the afternoon.

## 2000 Persons See David-Dawson Take Golf Tourney Title

### The fourth annual Meadowbrook

recreational tourney is over and with its passing the new champion comes into the picture. They are Long John David, a Purdue athlete and former Indiana state title, and Warren Dawson of Chicago.

### To take the title they defeated

Willie Turton of Meadowbrook and Art Doring of Chicago Aug. 1-7.

### More than 2000 persons were on

the greens Sunday afternoon to see the finals. It was the David-Dawson team Friday night. David and Dawson didn't think much of their chances of winning the tourney. They had qualified with a 71, then had to play off three holes against five other teams. It was Dawson's birdie that put an end to the play-off. This team eliminated Walter Burkens of Chicago and John Barnton, Turton and Doring topped Make Dietz and Harold Stewart in the semi-finals.

### The winners in the other flights

were:

### GOLD DIVISION—

Consolator  
Art Polyz-Eli Purdy def. Frank Connolly-Art, Thorner, 2 and 1.

### BLUE DIVISION—

Semi-Finals  
Ed McIntosh-Ronnie Williams def. K. Morine-R. Whitsett, 3 and 2.

### Ed Ervash-Jay Law def. J. McKnight-Warren Pease, 2 and 1.

### Ervash-Law def. McIntosh-Ronnie Williams, 4 and 3.

### Consolator R. McDonald-C. E. Wood def. Judge Murphy-D. Courtney, 5 and 4.

### RED DIVISION—

Semi-Finals  
Randal Ahearn-H. P. Davidson def. E. Briggs-Earl Reynolds, 3 and 2.

## Horse Show Grows from 4 Classes to 4-Day Program

### Harry B. Clark helped the Northville

Horse Show out its baby teeth 25 years ago on a four-class event had some 12 or 15 horses competing.

### This fall marking its twenty-fifth

birthday the show will sponsor 64 classes in a four-day program that will bring to the rug more than 150 horses. And Harry B. Clark said the show's popularity has grown its president with great impetus through all the years of its development.

### The show had its beginning way

back with the Northville Wayne County Fair. A number of heavy horses were around, and on a few occasions 150 or more horses were added and the number of classes increased.

### In the last year, the Horse Show

at Northville was held at the grandstand at the fairgrounds where a track marked off the ring. It was so muddy on some occasions that some of the horses had to be pulled out and driven to the fairgrounds in trucks.

## Bicycle Ordinance Passed by Village Commissioners

### Operators Are To Buy Licenses at Cost of 50 Cents a Year; Police Force Will Give Traffic Instructions

### 150 Cyclists Here

Members of the village council, upon the recommendation of Chief Police Richard Looney, passed a bicycle ordinance Monday, Aug. 4. As a safety measure, the ordinance is designed to protect the operators of such vehicles.

### It provides for the licensing of

bicycles at a cost of 50 cents and regulating their use. Provision is also made for punishing violators of the ordinance.

### Warnings Listed

It specifically warns against a person riding on the handlebars in front of the operator and points out that bicyclists are expected to observe all traffic signs and regulations. This means that they must stop at all stop signs.

### Each bicycle which appears on the

highway, street or sidewalk after dark must be equipped with a headlight as well as with a rear light. It is understood that there are some 150 bicycles in operation in Northville. (It is not the purpose of the ordinance to stigmatize any of these vehicles, but it is the purpose to make them safe for the children," commented Mayor Carl H. Bryan when the ordinance was under consideration by the council.)

### Reason for Ordinance

Since an ordinance would give the police department a chance to give an operator traffic instructions and an immediate report on the fact that his license can be revoked in the same manner that a person may lose his license, explained Chief Looney. No one has been arrested in Northville in the past few years for a bicycle accident just outside the village limits and he would like to see it made mandatory for all bicycles to be licensed.

### The matter of traffic on the

highway, street or sidewalk after dark would not be a problem on the village street except on the 3000 block.

### The police department pointed

out that the ordinance would not be placed upon a useful consideration and the ordinance would be a waste of money.

### Chief of Police Richard Looney

reported that he had a bicycle accident in the village limits. He stated that he had a bicycle accident in the village limits. He stated that he had a bicycle accident in the village limits.

## Salem Federated Church To Observe M. E. Centennial

### Methodist Unit of Church To Mark Its Birthday; Former Pastors Will Return To Take Part in Services

### Prepare History

Over Salem way the Federated church is making extensive plans to celebrate the hundredth birthday of the Methodist unit of this rural community church Sunday, Aug. 11.

### Back in 1840, the Methodist and

Baptist churches in Salem combined to form the Federated church. The Baptist church was founded first in that community and its centennial was observed in 1931.

### The day's events will get under

way at 10:00 a.m. with a service in the Federated church, which has been the home of the Latham congregation for the past 20 years.

### Meet in Old Church

That same afternoon another service will be held in the old Salem-Walker church on the Angle road at Torrey road. This church, which was on the Latham circuit, was furnished just as it was when it was regularly used for worship.

### The centennial will also bring

out the history of Christian activity by the Methodist group in Salem during the past 100 years. It is being prepared by Ed Quarkenhush and Mrs. Wirt Saffery of Detroit.

### Present here for the celebration

will be the Rev. Lorne Carter of Detroit, who is the last Methodist pastor to have led the Salem congregation. He is also a Methodist pastor in Salem, and will be accompanied by Rev. W. H. Hamilton, pastor of the Salem Federated church.

### Cameras Contest Open to Amateurs; Submit Prints by Aug. 23

### Amateur photographers of Northville and Wayne county have an opportunity to win cash awards of \$50, \$25 or \$10 in each of three divisions in the third annual snapshot contest sponsored by The Record in cooperation with 346 other newspapers of the Michigan Press Association.

### All amateur photographs of

Michigan, taken during the past year, are eligible for the contest. Each contestant is limited to four prints. Prints must not be smaller than 8 x 10 inches and must be mounted on a board not larger than 16 x 20 inches. These requirements being standard for exhibitions.

### Accompany each print (preferably on the back) with the name and address of the entrant, date and place where taken, make of camera and if possible the lens and other data used for the photograph, and class in which picture is to be entered—portrait, pictorial or animals.

### All prints must reach the State

Fair not later than Saturday, Aug. 23. Prize-winning prints become property of contest sponsors; every effort will be made to return other prints if sufficient postage is enclosed.

### Address entrant, Camera Contest, Michigan State Fair, Detroit.

I'd rather see a sermon than hear one any day. I'd rather one should walk with me than merely tell the way. The eye's a better pupil and more willing than the ear. Fine counsel is confusing, but example's always clear. And the best of all the preachers are the men who live their creeds.

Russia

The Soviet Union is 2 1/2 times the size of the United States, with 193,000,000 people divided into 175 racial groups. It is estimated that this one country contains 21 per cent of the world's coal, six and one-third billion tons of iron ore, and is second in the production of oil. In 1937 it produced more than 3 million tons of manganese which is an essential defense item. It has an inexhaustible supply of timber and has a potential .65 million electric horsepower. It is the world's largest wheat-producing country and seeded 102 million acres in 1937, compared with 53 million acres in the United States, 13 million in Australia, 27 million in Canada and 19 million in the Argentine. It has extensive deposits of bauxite from which aluminum is derived. In addition, it is rich in gold, silver, platinum, zinc and other metals. It is, in fact, a land of vast physical resources.

Inflation - What To Do?

Inflation has been something that has been coming most of the time during the last six years, and don't worry about its coming, it is here, and working into the heart of the country. And all despite continued assurances of 'inflation control, etc.' from the Bigwigs. But what Bigwigs say and do in war times are not supposed to coincide. Governments say one thing and do another, one guess is as good as another in the matter of what we can do about it. The government says put your money in defense bonds, but that is a dollar-for-dollar proposition and offers little in the way of helping the cheaper dollar. Others suggest investment in goods, but even so the elements of risk and knowledge when to realize on the result of the goods or property is always engaged with buying. Some suggest that investment in a home even at higher prices of goods is the best way to hold value and profit by the time prices are forthcoming.

The State Board of Education of Michigan says in a recent report that the cost of many commodities has risen as much as 100 per cent during the past year. Ask any housewife about it and you will get a story that will tell you that prices of foodstuffs are advancing rapidly and the dollar is all that the worst is yet to come.

It would seem therefore that efforts on the part of government to control prices are already met with failure. To deny that we are headed for inflation is to deny the fact that we are now in a higher price level and that prices are continuing to go up.

The question which now bothers many students of the situation is whether this rise in the cost of living will be followed by an increase in wages. If this happens we may know that we are on the vicious spiral headed upward and there is little Mr. Roosevelt can do about it.

National income from March to April increased 27.7 per cent as compared with the same month last year. For the first four months of this year national income totaled \$27,529,000,000 as against \$22,740,000,000 last year, an increase of 21 per cent.

AAA Name Calling

We frequently read the Congressional Record, which is the official publication of all that goes on in our national Senate and House of Representatives. In it we find some very interesting debates. We have just been reading a debate which took place in the House on Monday of last week, and were surprised to find that a New Dealer congressman characterized the farmers who happened to exceed their quota of wheat as "chiselers," rebels and law breakers, and justified his comments with the statement that

"the latest law in Italy requires farmers to turn in their entire crop to the government within fifteen days after harvest."

Without discussing the wisdom or benefit of the wheat marketing quota and its drastic penalty for over-accrue, we wish to call attention to the fact that American farmers are not living under Mussolini in Italy and will probably resent any suggestion that they be subjected to the same program as the Italian farmer.

Then comes along Harry Schooler, regional director of the AAA, who gets before a microphone and tells the world that

"It is significant to note that wherever there is a concentration of German ancestry, one finds this agitation to overthrow the work of the Department of Agriculture."

The only interpretation that can be placed upon Mr. Schooler's statement is that he is calling these farmers Nazi sympathizers and hinting that they are engaged in sabotage. Mr. Schooler should get out and meet these groups of farmers and learn that they are just as loyal Americans as himself. He had no right to abuse and insult them, and if the AAA is to succeed in its objectives it must be headed by men of sounder judgment and less temper than this South Dakota New Dealer. If the AAA program is right the American farmer can be shown but he cannot be driven

by and hustling as Sarasota is "out of season". Every year there are about 250 new residences built. But still there are many thousands of vacant lots. In fact we find both here and in Bradenton and St. Petersburg costly paved streets and curbing miles out from the civic center all overgrown with grass and weeds with no residences nearby. These are the melancholy relics of the mass hysteria which seized Florida about 16 years ago. If all our "improved" streets here in Sarasota were built up, we should have a population of 100,000 instead of a summer population of 10,000. When all the hotels and rooming houses are opened in December or January, we shall have a population of 20,000, at least for four months.

All but Bill! We have something that Northville can well be envious of and that is the cooling, tumbling surf of the great Gulf just west of us. These white sandy beaches beaten hard by the clean waves of the bracing sea water, are within easy reach of two or three miles. You can drive out in our bathing suits, plunge in and then whisk home to dress, all in an hour or two. This is a rare spot and builder of health. I wish you could come and plunge in.

Living expenses are not much lower than in Northville. Of course citrus fruits are much cheaper, but dairy products and meats are higher. Negro domestic help can be obtained for less than domestic help in Northville. It's one electricity entirely. Cooking, lighting, and power for refrigerator, fans, sweeper and radio are very reasonable. Our total bill for electricity for the month of July came to \$8.00. But gasoline costs much more than in Northville.

All Florida is agog over the new defense measures just as though Florida were the first point Hitler would attack after he has finished off Russia and England. Some 4000 or 5000 have been pouring into our army and aviation camps etc. more are coming. The nearest training camps to us will be Spring and Vicksburg. Then comes Tampa with its enormous MacDill field with many thousands and still further away Camp Blanton with a growing host. These camps impose their responsibility upon the territories adjacent and upon the cities which must respond to the U. S. O. Whether we believe or not in the social and business revival in the name of defense is a matter which thousands of young men to be expected to the army or navy camp without a job or a way to see a check book. TO HELP THE TANKS START ROLLING! The first tank from the U. S. Army Arsenal's production line "comes out fighting" ready to put teeth in American defense. ON THE out-kirts of Detroit, the Army Tank Arsenal, the Navy Arsenal and the Dodge Truck Addition—all new plants—are rushing production of fighting equipment. In January, Michigan Bell was asked to plan telephone service for those projected defense centers. That required, among other things, the construction of 4 miles of subway and 7 1/2 miles of large underground cable in conduit. Manufacture and delivery of the cable alone normally would not be expected in less than 4 months. But defense must not wait. Western Electric produced the cable and began delivery in 5 weeks! In spite of frozen ground, and with a great part of the cable laid under concrete streets, the job was ready for service in 14 weeks. Plans under way to date involve expenditures by this Company of \$11,000,000 to serve camps, arsenals, factories and others engaged directly in defense work. In addition, business and home telephone demands are growing at the fastest rate in history. To meet all those needs, the Company this year will expend more than \$26,000,000. The telephone has a little part in almost every National Defense effort. And a little part in every effort to add up to pretty big figures. Michigan Bell Telephone Company. DEFENSE COMES FIRST.

COOL YOUR HOUSE this easy and inexpensive way! When you leave your car standing in the broiling sun all day with the windows tightly shut, it DOES get hot inside... a regular 'bake-oven' temperature. But you can always cool it quickly by opening the windows and driving your car down the street. In just the same way, the attic of your house soaks up heat on hot days, the temperature often reaching 130 degrees or more. But you can't very well 'drive your house down the street' to cool it... However, you CAN do what really amounts to this. You can install an attic fan and BLOW AWAY the heat in the attic at a cost as low as \$50 and up (installation extra). Of course, an attic fan does more than just cool the attic. After sundown, when you open all your windows, it pulls in a flood of cool night air from out-of-doors, and circulates it through the house, making all rooms refreshingly comfortable. Depending on the outdoor temperature, you can often cool your house 7 to 14 degrees by this method. The large, powerful blades of the fan produce a complete change of air every one or two minutes, and the cost of operation is only about 1/2c an hour. Department stores, electrical dealers, and fan dealers will gladly give you full information about this low-cost method of house cooling. Stop in or telephone today. The Detroit Edison Company. (We do not sell or install this equipment.)

**Mrs. Harry Bucus**  
Death claimed Mrs. Harry Bucus  
at her home, 101 Grand Rapids  
avenue, at 10:30 a. m. on August 7.  
She was 77 years of age.

She was born the daughter of the  
late Franklin and Frana Meyer in  
Washtenaw county. She was the  
youngest of 10 children and attend-  
ed school at Warden.

Until 25 years ago, Mrs. Bucus  
lived in Northville, where she later  
years she lived in Grand Rapids.  
Surviving her in addition to her  
husband are three brothers: Per-  
cy and Charles Meyer of North-  
ville, John Meyer of Plymouth,  
six sisters: Emma Keller of North-  
ville, Carrie Heil, Hattie Gidding  
and Sarah Heimer of Plymouth,  
Mary Huber of Whitmore Lake, and  
Nellie Emery of Milan.

Funeral services were held Monday,  
Aug. 4 from the Keller home on  
Grand Rapids street with the Rev. Wil-  
liam Richards officiating. Burial  
was in Rural Hill cemetery.

**Mrs. William Erwin**

Mrs. William (Augusta) Erwin  
died July 31 at her home on Ten  
Mile road after six weeks illness.  
She was born Sept. 20, 1855, in  
Southfield township, the daughter  
of Angellie and Nelson Coleman.  
The sisters and two brothers pre-  
ceded her in death.

She was united in marriage to  
William Erwin Feb. 18, 1880. To this  
union were born three children, all  
of whom survive her. They are  
Martha McLaren Edna Hill and  
James Erwin. Seven grandchildren  
also survive her. They are: Marian  
Erwin of Ithaca, Neirne Erwin of  
Cleveland, O., Edain and Margaret  
Hill, M. W. Edward and Robert Er-  
win of Novi.

Her childhood home was on what  
is now known as Twelve Mile road in  
Farmington township. As a bride,

she came to live on the farm at  
the corner of Ten Mile and Novi  
roads. After living there 36 years,  
Mr. and Mrs. Erwin moved to Dun-  
lap street in Northville, where Mr.  
Erwin died four years later. Mrs.  
Erwin continued to live there un-  
til three years ago when she went  
to live in a home near her son on  
Ten Mile road.

**Deferment Goes  
to Rural Labor**

What Wayne county farmers can  
do to help assure themselves a la-  
bor supply adequate for the produc-  
tion of essential farm goods was  
outlined this week. The director of  
the Selective Service System has  
asked all local draft boards to give  
special consideration to deferment  
of men needed in agricultural pro-  
duction. In addition, the WPA is  
making special effort to supply de-  
mands for farm labor.

In case a man believed to be in-  
dispensable to the farm is drafted,  
here is what to do:  
(1) When the selective service  
questionnaire is received, ask de-  
ferment in Class 2, "occupational  
deferment; or, if there are depend-  
ents, Class 3, "dependency."  
(2) The employer or dependent  
should submit to the local draft  
board Form 42 or a letter properly  
witnessed and presenting the rea-  
sons for requesting deferment. The  
registrant should also present the  
facts and request for deferment by

letter if necessary. In addition to  
the statement in the questionnaire,  
(3) If the local board does not  
grant requested deferment, the case  
may be appealed to the board of  
appeals of the registrant, by the  
persons who signed Form 42, by a  
dependent, by the government ap-  
peal agent is attached to each lo-  
cal board, and he will assist in fil-  
ing appeals.

Tam Acres. Continued from front page. The Northville Hills stable has placed in the show. Dealers took more honors than any other participant in the show. With Cameo she took the three-gated pony class with Peter Piper. She was first in the junior horsemanship class; she was the ribbon winner in the junior five-gated class with Kalamazoo. Cadet this same horse and Delores were fourth in the five-gated stallion class or gelding (and/or) class. Mr. Blackett with Judy McChord, was first in the model three-gated class and fourth in the three-gated stake. With Love by All, the Blackett stable took third place in the ladies five-gated class, first in the five-gated performance (amateur) class, first in the five-gated stallion, mare or gelding (amateur) class, and second in the five-gated stake. Artist Vine another Blackett entry took first in the five-gated mare, stallion or gelding class and fourth in the five-gated stake. Mr. Macarger and Star Watch took the stake in the three-gated stake and the red ribbon in the three-gated class. Elmer Wedmark was fourth with Silver Wing in the model five-gated class. From the Northville Hills Stables Cures Record was fifth in the model three-gated class; Alice Whitrock was second in the ladies five-gated class and Jean Blume was fourth in the Ladies' winners.

Police Report. (Continued from front page) including factories, were found open by the nightwatchman. There have been 10 drunks arrested and five persons have been arrested for disorderly conduct. There was one breaking and entering case, with a \$5 property loss. The police department boasts, too, of a no-larceny month. However, there were 12 larceny cases this time, 6 brought in for malicious destruction of property; 2 for traffic violations; 2 truants from the Wayne County Training school; and 3 truants from the ord Republic. In all, the police department answered 158 calls in July.

An Improvement in Our Service. In a recent comment I set forth in detail the estimated cost of the International Rapids section of the St. Lawrence seaway and power project, made by the Joint Board of Engineers and presented in the current hearings before the Committee on Rivers and Harbors of the U. S. House of Representatives. The same comment gave the total estimated cost to the United States for the completion of the project, \$285,600,000 less \$93,375,000 to be realized from the sale of power to the State of New York.

Eng. Gen. Thomas M. Tobins, U. S. Army Engineers, a member of the Joint Board of Engineers, has presented a detail outline of the entire estimated cost of the St. Lawrence seaway and power project, including a statement of the amounts already expended on the seaway by the United States and Canada to the Committee on Rivers and Harbors. This information was given in testimony on Tuesday, July 8, at which time I requested General Robins at some length on various phases of this subject. Report of Hearings, Pages 966 to 969. According to General Robins, it

will cost \$429,474,515 to complete the project; \$149,777,485 has already been expended on it, making a total cost of \$579,252,000 when completed. Of the \$579,252,000 required to complete the project, the United States will pay \$285,600,515 and Canada will pay \$144,418,000. It will be immediately asked: "Why is the United States called upon to expend nearly twice as much as Canada for the completion of the project?" Here is the answer: Canada has already expended almost \$135,000,000 on the Welland Canal, a part of the waterway, while the United States has expended but \$17,105,485 on parts of the project. When the seaway is finally completed, according to figures given by General Robins, the United States will have expended \$302,162,000 and Canada \$277,090,909. However, almost one-third of the cost to the United States will be paid through the sale of power to the State of New York.

General Robins testified, in reply to one of my questions, that the United States will need to expend between \$8,000,000 and \$9,000,000 for harbor improvements in order to take full advantage of the seaway's possibilities. Opponents of the seaway have contended that as much as \$100,000,000 would have to be expended for this purpose. Because of General Robins' knowledge of rivers and harbor problems, his statement on this phase of the seaway project is entitled to the utmost weight.

In response to my inquiry as to how much employment would be provided by the project, General Robins stated that approximately 10,144 men would be afforded employment. Of this number 354 would be professional men; 2,562 would be skilled; 3,255 would be semiskilled; and 3,967 would be unskilled. This is a decided contrast to a statement which contended that the project would require 100,000 men per year for four years.

The detail to Gen. Robins' report to the Committee on Rivers and Harbors on the cost of the seaway project follows:

Great Lakes Section:  
New lock at Sault Ste. Marie, (U. S.) \$80,000,000, total \$69,990,000  
Connecting Channels (U. S.) \$95,000,000, total \$85,000,000  
Welland Canal (Can.) \$135,900,000, total \$133,850,000  
St. Lawrence River:  
Thousand Islands Lock (Can.) \$72,000,000, U. S. \$17,000,000, total \$1,238,000  
International Rapids Section:  
(a) Works for power and navigation, (Can.) \$44,700,000, total \$43,857,000  
(b) Works primarily for power, (Can.) \$7,950,000, (U. S.)

\$78,550,000, total \$116,500,000  
(c) Works for power and navigation, (Can.) \$22,414,000, (U. S.) \$100,210,000, total \$122,624,000

Canadian Section:  
St. Francis Lake Channel, (Can.) \$1,330,000, total \$1,330,000  
Soulages Reach, (Can.) \$25,785,000, total \$25,785,000  
Lachine Reach, (Can.) \$35,839,000, total \$35,839,000  
Total, (Can.) \$277,090,000, (U. S.) \$302,162,000, (together) \$579,252,000

Expenditures to date, (Can.) \$132,672,000, (U. S.) \$17,105,485, (together) \$149,777,485.  
Cost to complete, (Can.) \$144,418,000, (U. S.) \$285,606,515 (together) \$429,474,515

### News of West Point Park

By Mrs. Wm. H. Zwalhen  
Mr. and Mrs. Harold Stevin and daughters, Joan and Geraldine, arrived here Wednesday to spend the week end with their cousins, Mr. and Mrs. Edwin Johnson.  
Mrs. John Weigle and sister-in-law, Mrs. Margaret Kronin, who for two weeks has been her house guest, went into Detroit Sunday to attend the funeral of a cousin, Monday.  
While on her way to a summer school she has been attending, Mrs. Zaida Wolfe, who has been engaged as a teacher in the Stark school next term, collapsed from heat Thursday and had to be taken to her home.  
Norbert Schmidt returned home Sunday after a few days at Mt. Carmel hospital where he underwent a tonsil operation.  
Elizabeth Carter and family have moved into their new home on Hubbard avenue.  
William Barnum's class of boys of West Point Bible church, have chosen a name "The Junior Fishers of Men." They meet at 7 o'clock. So far their program has consisted of a fishing trip and swimming trip, the only requirement to join is that you belong to some Sunday School, ages from nine years up.  
Eugene Reaves and John H. Atlanta, Jr. were week end guests of Eugene's grandparents at Stanton.  
Mr. and Mrs. Otto Trapp and daughter, Dorothy, left Sunday morning for Arkansas, where they will visit relatives of Mrs. Trapp during Mr. Trapp's two-week vacation.  
Miss Dorothy L. Atlanta is continuing her dancing lessons with the Art Murray dancing school at the Stadler.  
Eugene Reaves and John H. Atlanta, Jr. are employed at the Continental Motor Car company.  
The Marygrove sanatorium at Northville work is coming along nicely. It is under the direction of Les Saifer and the Rev. Sifer, cook with Mary Andrea assisting at the piano. They go to the sanatorium from 10 to 11 a.m. Sunday and hold Sunday School there for the children. They have a class of 70. Bible stories are told by means of a flannelgraph board on which the figures under a Rev. Sifer's clever fingers almost talk. Some of these children have never before heard of Jesus.

Don't forget this is the Sunday for this month's building fund bottles to be in for the West Point Bible church. We have a thermometer now in the first degree, which means that \$25 has been reached and passed. All interested in collecting a penny jar please contact Anna Hechman.  
Mr. and Mrs. Chnton Ault and son, Wayne, together with a group of friends from Wayne, enjoyed a picnic supper in Cass Benton Park, Wednesday night.  
Harold McVicar is making extensive improvements to his cottage on Norfolk.  
Mr. and Mrs. Irwin Bollinger and two children are spending a week with relatives near West Branch. After a break-down due to heat prostration Mrs. Edward Grant of Farmington road, has returned home after spending several days in a hospital.  
Raymond Fuerns of Shady Side, received his draft questionnaire last week.  
Mrs. Viola Gilbert and sons, Lucian and Howard, in company with other friends, visited Selridge field Sunday.  
Mr. and Mrs. Austin Ault and daughters expect this week to move into their new home in the subdivision off Farmington road below Seven Mile.  
The next meeting of the Sunshine Sisters will be held in the Mission at 8 p. m. Thursday, Aug. 14. All women are cordially invited. It has been decided that this organization shall alternate the time of its meetings, holding one in the evening and the next in the afternoon. By this plan, visiting members may be able to interest themselves in the work of the Sunshine Sisters.  
Leroy W. Woughty, who for many weeks was confined to his bed, is now able to leave his home for short drives and visits.  
Charles Bonar and family have moved into one of the houses on the new property.  
Mrs. Peter Keller and two sons, Edward and Jack, of Frankfort, returned here last Thursday after a week's visit with Mrs. Elmer Hechman and her other children.  
Mrs. Margery Hechman returned home Sunday from a week's vacation with Mr. and Mrs. Albert Wollert and sons, George and Dick, of Detroit at Lake Assaippi or H. Island.

### News from Walled Lake

By CHARLES E. HUTTON  
Being around the post office a bit, one usually picks up a certain amount of information about the general situation as it seems to be from day to day.  
Roads  
For instance, there was more talk today about roads. The road situation around here it seems is fast becoming tense. You take the Walled Lake-Pontiac road, for instance. It is getting rougher than a cat's back. And you take the Union Lake road, south of Commerce road. Pains between Lakes and Middle Straits Lakes. Albert Richardson told somebody just the other day that there's more traffic on that road than goes through Highland. He said he'd proved it. He said so, so far nothing is done to improve it. So darned dusty you can't even see the lakes.  
But take the Walled Lake road again. Now when the county had it, it was in better shape than it is now, and it's supposed to be a state road now. Two of three years ago they started to fix it up. Put down a mixture of clay, gravel and calcium-chloride. That packed down and looked like it might do some good. They said that was the way they started to fix down blacktop. They let that first stuff stay a year and the next year they put on the tar. But they never did put on the tar.  
When it's wet, you slide all over the road and plaster your car like butter. Add this summer it's rougher than a cat's back, or I said that I guess. There's one hole in particular, says Don Smith, that you can't see. One car hit it and threw itself off the road—the wheel should have seen that one! Hit a tree or something, and looked as though it had been going 50 miles an hour. But no air, it was just crawling along.  
Green Lake road has just been back-topped. County did that.  
There's talking about doing something about it. Getting up a petition, or something something something. It's to be seen.  
Building  
There sure is a lot of building going on around here. I have looked over all the houses that are being built or being fixed up. Lots like somebody had some money, or they say you take me, though I'd like to fix up the place about the rest of the town for I don't make any more money than I do. If I could...

Asked how she likes farming, Arlene said: "I'd rather do it than anything else in the world!"

### Catch A Dog

Fishing on Six Mile lake near East Jordan, Mr. and Mrs. Berkert caught a three-pound bass on the first cast; a two-pound bass on the eleventh cast.

Suddenly the wind started, and a bad storm threatened. The Berkerts started for shore, a half mile away, leaving the plug troll behind the boat.

"Look at the beaver following us," exclaimed Mr. Berkert. Just then there was a "strike" on the line.

Scottie dog, "Wags," who had swum the half mile, had hooked the bass plug in his leg. "Wags" was promptly rescued.

### Waits 43 years

A. V. Brown, Spanish-American war veteran of Fenwick, encamped in Arkansas for a week before he received his honorable discharge.

Two weeks ago he found an envelope in his mailbox containing a check for \$340. "In full payment for services in the Spanish-American war," the check was signed by the Adjutant-General of Arkansas and was his wages for that week of service 43 years ago.

### Wicked Big City

Jack Kelly's big (see show) produced to be "Michigan's biggest and best stock company" invaded the tourist town of Charlevoix the other day. Offering competition with the Chicago smart set's summer playhouse, Kelly offered a special matinee on Saturday with

"Peck's Bad Boy." He closed Sunday evening with the big New York society comedy, "In the Wrong Bed."

### Furlough for Cherries

Because he was needed at home at Onkama near Bear Lake to help pick cherries, Ferris Herkelath was given a 10-day furlough from the United States army.

### Bicycles

(Continued from front page) bicycle riders, a bicycle as a vehicle can be ridden safely anywhere if the rider observes the simple rules of traffic," say the members of the police force.

"There are, perhaps, many things aside from the above that can be added to the individual's own ideas of safety, such as walking across a crowded street, slowing up at corners, riding close to the curb and just using common sense.

"Bicycle riding is one of the best known exercises to keep one in good condition. It brings into play all the important muscles that tend to create health. Most exercise done for the purpose of a task, but bicycling is also a lot of fun while being beneficial.

"The bicycle is the only thing manufactured that has all of three important essentials, fun, health and economy," points out the police force.

Miss Tisha Brassfield of Ann Arbor, a member of the Northville high school faculty, left Saturday for a 10-day visit in her home state of Kentucky. Among other places, she will visit in Winchester.

### Boy Scouts Go to East Tawas Camp, Saturday

Two Trucks Will Take Boys to Owen Site; Adults To Be in Camp

Northville's Boy Scouts leave early Saturday morning for East Tawas where they will camp for a week on the Owen property. Going from here with the boys will be Richard Loomis and Harper Britton. Orlov G. Owen, George Simmons and Robert Power will also be there during part of the week.

Having signed up for camp from N-1 are: Dave Schuler, R. Briggs, E. E. Engstrom, James Crawford, Douglas Watson, Douglas Sessor, Gerald Miller, John Klasmeyer and A. Ewald.

The list from N-6 includes: Bob Beasley, Keith Simmons, Blake Coise, Lloyd Grissom, Bill Lanning and Paul Polko.

From N-7 will be: Dave K.H. Perry, Graham, Clayton Graham, Tom Hancock, Bob McDeane, Fred Wick, John Ling and Lester Wick.

The Explorers group includes: Carter Church, Frank Paton, Louis Ebbell, Robert McCoskie and Harold Schaub.

These lists are incomplete, according to information received Wednesday night from Mr. Loomis, the camp director.

Transportation to the camp will be provided by Mr. Simmons and the Northville Laboratorians.

### Softball Playoff Starts Aug. 17

A playoff schedule has been announced for the softball teams to determine the 1941 Champs.

Starting at 10 a. m. Sunday, Aug. 17, at the Ford Field, two games will be played each Sunday until the winner is determined. A team has to lose two games to be disqualified.

The selection of the Allan and Locke Ford Sales organization are giving a trophy to the Championship team. The Grissom Sport shop will present a trophy to the runners-up.

Third and fourth place winners will be given an official ball and ball rule book. Orlov G. Owen is also giving a ball and bat to the team placing last in the league. R. J. Hammermeister is giving a catcher's glove to the team placing fifth in the league. These prizes will be displayed in the men's shop window. Other persons who want to donate prizes may take them to the men's shop.

Mrs. J. Wakeman Dickey has taken over the management of Baby's Value in Detroit. The local representative for this company in Northville is Miss Ruth Rousseauville of the Jack and Jill shop.

### Horse Show

(Continued from front page) as the show grew, stalls and bars were erected.

Dedicate New Ring Then, the late P. H. Grennan and the late William Mayoury provided the money for the present ring which had to be drained and filled before it could be used. This was dedicated in the fall of 1922 at show time, when the following were the committee members.

headed by Mr. Clark C. H. Newkirk, S. W. Cole, Mrs. William Rawie Brown, the late Mr. Grennan, Mrs. H. Whipple, C. P. Murphy, the late H. W. Nicholas, A. B. Holmes, Russell Walker, Sterling Eaton and Dr. H. H. Burkart.

Harry C. Robinson was the official race starter. Dr. E. B. Cavell was the veterinarian and Eustace Blake was ringmaster. Floyd A. Northrop had charge of the entries.

Junior Show Starts These major events began a Junior Show as there is today. Committee members give much credit for its inception to the late Mrs. P. H. Grennan. For 15 years, Mrs. Brown has been chairman of this division of the show and it was she who introduced the infant class. The Junior Show has grown to such proportions that one whole day is given over to it. This year it boasts 14 classes.

At first, not much money was given in prizes. This year, approximately \$1500 along with beautiful trophies will go to the class winners.

The Northville show has grown up, taking everything in conservative stride, making Northville the horse center of the Middle West.
