The Oldest Paper in Wayne County Outside the City of Detroit.

During the months of May, June, July and August \$4,632,478 worth of defense savings stamps have been sold. \$2,532,721.75 were sold in the 25c denomination and \$2,099,756.15 in 10c stamps. This shows what times and quarters can do.

The Record Speaks

'Streets paved with gold.' Years ago in foreign countries that phrase was used to express the amazement and envy that life in America inspired throughout the world. The blessings we Americans accept so casually were as incredible as that!

Here in America we need to remember that today—our freedom has enabled us to have an economic system that has given us more of the comforts and conveniences of life than any other people has ever had. In spite of that, however, there are many among us who cry that that system has failed—that regimentation can solve our problems and give us the greatest efficiency that they say we lack.

Lack of efficiency? The fact that we have earned for ourselves the highest standard of living in the world is sufficient proof to refute that charge. Yet today we have additional proof—our record of industrial production in the present crisis. We have set ourselves an enormous emergency job and we are doing it in record time. Our arms are flowing from our factories in quantities that are impossible only a short time ago.

The army work effort says that the best in the world, up to now, is producing their 10 days' food as fast as we did it a year ago.

The R. A. P. has shown that our planes are unsurpassed in the world. Our ships are the most powerful in the world. Our tanks are the most powerful in the world. Our trucks are the most powerful in the world. Our automobiles are the most powerful in the world.

The world is looking to us for leadership. We are the only nation that can produce the goods and services that the world needs. We are the only nation that can produce the goods and services that the world needs.

And our high school graduates are the best in the world. Our college graduates are the best in the world. Our scientists are the best in the world. Our engineers are the best in the world.

Looking Ahead

The recent announcement that the federal government is training and training in industry, serves to highlight the importance of this program. Management is making it deal with the present labor shortage.

At last report 428,876 men, women and girls were enrolled in these classes, and while their training is aimed primarily at defense skills, it will undoubtedly help to prepare them for other industrial jobs when the present emergency is over.

Important as this training is, however, it is only part of the educational program that industry supports to help those interested in preparing themselves for an industrial career. Companies in every part of the country are spending approximately \$12,000,000 this year to maintain scholarships and vocational schools for such young people.

Facts like these indicate that even in the midst of doing the biggest production job ever undertaken anywhere, American industry is characteristically looking to the future and extending a helping hand to those who are seeking their place in our industrial world of tomorrow.

The week of October 5 to 11th has been proclaimed by Gov. Van Wageningen as Michigan Conservation Week.

'Read the Red'

'Read the red' is the advice the conservation department is giving most hunters inquiring about regulations for the shooting that starts October 1. Delay in the effective date of new laws is puzzling many of them.

The game law digest, issued with each hunting license, has regulations printed in red on one side and in black on the other. Until 30 days after the Legislature adjourns—a period that will cover most of the hunting season—the hunter must be guided by the rules printed in red.

These 'red regulations' do not allow the taking of doe deer for camp use, nor do they restrict the daily bag on cottontail to less than five.

For express charges and \$50 or less, communities may get a buffalo, doe or male deer—alive for 100% or killed and dressed for banquet meat from the federal Fish and Wildlife service which is now reducing herd numbers on western ranges.

The last time we stopped at the spring we felt that neglect and lack of attention was far too evident. The drain was plugged and water ran all over the stones and onto the pavement. Users were required to step thru the water and tread on wet-slippery stones to get to the spout. We hope that by this time the drain has been fixed, and that we have often wished that a twelve inch crock could be placed over the drain to a height of about twelve inches to receive the water and prevent the constant and messy splashing on clothes and shoes. The spring is no time to neglect.

The Northville Fair being over, life in our quaint old settlement is getting back to normal. Our dogs and cats are sticking their noses from out of their living places. The chickens are producing eggs again after a five day strike. The fish are coming back from Ford's Pond to the river to resume their playing in the sparkling water. We Bealtowners having experienced the fairs of other years, how to view the situation. Clarence Panuener, our Justice of the Peace called the people to gather, told them "it's no use." Wednesday morning he was seen going to the railroad track with his head on his back heading for his brother's cemetery to live as a refugee for the duration. Altho his daughter is a talented musician, George Metz is a talented musician.

John J. For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him, should not perish, but have everlasting life.

Oriental Cream

The cream to use before the evening dance. No rubbing or touching. A trial will convince you.

and Bealtown folks were treated to the sight of seeing cowboys and cowgirls and cowhands rope and hogtie steers on our main street. Bealtown, the last frontier. The dust from the race track completely hid Bealtown from view. We thought that Admiral Gil Claiborn's gunboat that patrols the boundary line here in the river was laying down a smoke screen. The Merry-go-round stopped playing at 1 a.m. and at 3 a.m. the chickens, geese, horses, cows, sheep and pigs became hungry for their breakfast and started singing the April Corvus with the accent on the arrival. Two hours sleep out of twenty-four is better than none at all for a Bealtowner.

It was a great air judging by the number of cars parked on our streets. Now the fair is over and as the sun settles below the western horizon, soft evening breezes carry the sweet aroma of the stockyards over Bealtown. We look at most of us were raised on nearby farms and the smell of it makes us homesick.

Yrs. sr., The Northville Fair was a howling success for Bealtown, and we have gone nuts.

Mrs. W. J. Hogan using her electric range

Electric Cooking SAVES TIME
THE WOMAN who cooks for a farm family has a big job, and an important one. She deserves the best equipment money can buy.

Mr. W. J. Hogan, Washtenaw County farmer, bought his wife an electric range about four years ago. Mrs. Hogan says that her range is so convenient to use that it makes her work much easier. It cooks and bakes perfectly. And the saving of time means a great deal in getting the day's work done.

Put an electric range in your kitchen. You'll find that electric cooking makes a considerable difference in time and steps saved. And the whole family will taste the difference, too.

ANNOUNCING THE NEW 1942 Pontiac Sixes and Eights*

Proud To Be Doing Our Part...
Pontiac is doing its part for National Defense by building a new type of rapid-fire cannon for the United States Navy. Two plants, covering 426,132 square feet of floor space, have been devoted to the manufacture of these cannons. Thousands of craftsmen have been trained for the highly technical machines. This means building fewer cars—but Pontiac places defense work ahead of everything else.

News from Walled Lake

By CHARLES E. HUTTON

The local Parent Teachers association at its first regular meeting of the year, last Thursday evening, voted to sponsor the Walled Lake Boy Scout troop for the coming year, and heard a talk by J. J. Parrish, scoutmaster, who outlined the troop's activities for the coming year.

During a discussion of other projects, it was decided to hold a dance sometime during October, to raise funds for the annual Christmas party.

The meeting was also a reception for the school faculty members who were presented by George Carpenter, principal. The staff numbers 27 teachers, six of whom are new this year.

Mrs. Lloyd Coe, who had been president for the past three years, was presented with a past president's pin. Mrs. Whitney Smith led in group singing. Mrs. Fred Schwartz was program chairman.

Sixty members of the Michigan Fur Breeders association were the guests of Floyd E. Baskin, local association member, 217 1/2 as the Civic Welfare club.

The Civic club served a luncheon during the afternoon. The members were taken on a tour of the city by silver fire trucks.

There were 50 men and women in attendance of the planning session, held by the city board of health, Monday night.

News from Walled Lake

mother, Mrs. Elza Nichols who has been visiting relatives there for the past month.

Mr. and Mrs. Ivan Beacrest have a baby daughter, Gloria Jean, born Thursday, Sept. 18 at the Sessions Hospital in Northville.

Mr. and Mrs. Billy Hanson spent the week end at Traverse City, visiting friends.

Mr. and Mrs. Luther Rix attended a house party over the week

The Walled Lake Study club was to hold its first meeting Thursday of this week, at the home of Mrs. Lawrence Cox, at Twin Beach. An informal program was planned, with the topic having to do with Hymnists from our Summer Experiences.

Activities of the W. S. C. S. of the Methodist church were resumed last Thursday with a meeting at the home of the president, Mrs. Ruth Brack. The 22 members present discussed plans for the winter. They also heard an informal talk by the Rev. Andrew Nelson.

The Methodist Choir will hold a rehearsal on Wednesday night, Sept. 24, and the church school will meet on Thursday, Sept. 25.

Electric Cooking SAVES TIME

THE WOMAN who cooks for a farm family has a big job, and an important one. She deserves the best equipment money can buy.

Mr. W. J. Hogan, Washtenaw County farmer, bought his wife an electric range about four years ago. Mrs. Hogan says that her range is so convenient to use that it makes her work much easier. It cooks and bakes perfectly. And the saving of time means a great deal in getting the day's work done.

Put an electric range in your kitchen. You'll find that electric cooking makes a considerable difference in time and steps saved. And the whole family will taste the difference, too.

See the new electric ranges displayed by your electrical dealer, hardware department store, or at any Detroit Edison office.

THE DETROIT EDISON COMPANY

5240 West Chicago Boulevard
Monday Evening, September 29, 1941 at Eight O'clock
The Public is Cordially Invited to Attend

Here comes "Old Faithful!"
With the things you've always liked—and 15 new ones too

ANNOUNCING THE NEW 1942 Pontiac Sixes AND Eights

are unchanged for 1942.

- Travel of the gearshift lever has been reduced 30%.
- Gas and oil economy has not been sacrificed.
- Front wheel brakes have been increased in size.

★ ONLY \$25 MORE FOR AN EIGHT IN ANY MODEL!

Proud To Be Doing Our Part
Pontiac is doing its part for National Defense by building a new type of rapid-fire cannon for the United States Navy. Two plants, covering 426,223 square feet of floor space, have been devoted to the manufacture of these cannon. Thousands of craftsmen have been trained for the highly technical machines. This means building fewer cars—but Pontiac places defense work ahead of everything else.

Two series of new Pontiacs include ten widely varied models—among them a streamlined Sedan

Coupe in the lower-priced series. New features are many. And in every instance, they represent actual improvement resulting from progress in design. We invite you to come in now to give these new Pontiacs your most thorough and critical inspection. You will find Pontiac today, more than ever, the First Car with the Low Price!

First Methodist Church Harry J. Lord, Pastor Sunday, September 22 10 a.m.—Church School. This will be Rally Day and Promotion into the new classes. Recognition will be given to those who have been faithful in attendance this past year. Parents are invited to come with their children. 11 a.m.—Worship. This will be the last Sunday the present pastor will preach. Beginning Oct. 1 his duties will be taken up at Court Street Methodist Church, 221st. It will be Rally day in the church as well as the church school. As far as possible we want every member present. Following the morning service the church is planning a fellowship hour in the church house. The members of the congregation are asked to bring food for a potluck dinner, bringing it to the kitchen as the come to church. A program has been arranged following the dinner. 6:30 p.m.—The Epworth League will meet in the Epworth League room. Some plans for the year will be made.

Christian Science Churches "Reahly" will be the subject of this lesson-sermon in all Christian Science churches throughout the world Sunday, Sept. 28. The Golden Text (Isaiah 65:17) is: Behold, I create new heavens and a new earth; and the former shall not be remembered, nor come into mind.

Henry B. McCowan of Grand Rapids, William E. C. McCowan of Mason, and John C. McCowan of Walled Lake, two daughters, Mrs. Belle Walter, postmistress of Novi, and Mrs. Alma Johnston of Novi, a foster sister, Mrs. Katherine Goodrich of Ann Arbor. She also leaves the following grandchildren: Mrs. Maude Fry of Grand Rapids, Frank and Kenneth McCowan of Lansing, Howard McCowan of Mason, William and Lois McCowan of Walled Lake, Miss Cecile Walter of Novi, Frederick and Nellie MacJohnson of Novi, and Jack Carvon of Hesperia on Long Island, N. Y., as well as nine great-grandchildren. Following services Thursday in Mason the body was taken to the New cemetery for burial beside her husband.

OBITUARY

Mrs. John C. McCowan

Funeral rites were held at 1:30 p.m. Thursday, Sept. 18, from the Bell Funeral home, Mason, for Mrs. John Cooper (Mc) McCowan, 33 years of age, whose death occurred Monday, Sept. 15 at the home of her son, William E. C. McCowan of Mason. She had made her home in Mason since summer since 1918, when her husband died. Mrs. McCowan had been ill only a little over a week and throughout the latter years of her life, had been in good health. She was born Feb. 22 1848, at St. Louis, Mo., the daughter of Bishop and Anna Anne, city Michigan. She was a member of the Epworth League and attended church where she met John Cooper McCowan, also a student there. They were married on their birthday anniversary in 1897. To them were born six children, two of whom, Maude and May, preceded her in death. Since the death of her husband she has lived, except for her summers in Mason, with her daughter, Mrs. Belle Walter of Novi. Surviving her are three sons,

Up Goes the Preference FOR BETTER-THAN-EVER MELLO-GLOSS BY Lowe Brothers

For years LOWE BROTHERS MELLO-GLOSS has been the first choice for semi-gloss beauty in thousands of homes, schools, and hospitals throughout the nation. Yet today's modern MELLO-GLOSS is better than ever—the product of tireless research and countless improvements by Lowe Brothers' famed technical laboratories. First of modern style and washable wall, MELLO-GLOSS brings, overnight, a fresh, satiny lustre to walls, ceilings and woodwork. And best of all, MELLO-GLOSS retains its smart beauty after repeated cleanings with ordinary soap and water, which quickly removes fingerprints, dirt or smudges. Ask us for your FREE copy of Lowe Brothers' "Color Keys to Smart Homes." This big full-color book contains the latest ideas on painting and valuable hints on painting your home.

THE ORANGE AND BLACK

Edited by the Journalism Class of Northville High School

EDITORIAL

The 1941 football season started off right for the Northville Squad with a victory over Walled Lake's team. The game was exciting and interesting to a rather small audience. The band members were doing their part and the students who were there appeared very enthusiastic, but we missed the rest of you. Regular outfits are going to be provided for the cheerleaders this year, and we think you will agree that they look better than ever. If you have any suggestions for years or anything that will make the game more interesting for you, let's hear about them. The team is rather small this year in number and in size, but you can be sure that from the largest to the smallest, every member will be in the game doing his best thing for us. This afternoon the boys meet Brighton at Cass Benton Park. Last year they played them in Brighton and came home victorious, and after the time showing they made last Friday we have every reason to believe they can do it again. So get into that old school spirit that you hear talked about so much and back our team up. Your cooperation and participation will be appreciated. We hope to see everyone of you at every game concerning the squad on to victory. They are working hard to bring honors to our school and it is up to all of us to support them.

Friendship

when an irreplaceable loss afflicts a family or an individual, the friendship of all with whom they come in contact is important. It is our wish to extend to this community the sincere friendship of a true friend at all times.

Junior-Senior Fair Profits Swell Trip Fund

Senior Booth Brings in \$460; Juniors Earn \$123.25. Bank books for the senior, and junior, classes of Northville high school showed a considerable increase in money, taken from their projects at the fair. The seniors are quite pleased over their profit, which was \$460.00. This of course makes their trip to Washington a little easier. The senior boys, taking tickets at the various concessions of the fair earned \$105.90. This will also go towards the trip to Washington. You probably noticed the junior girls selling gingerale at the Vendor Stands. They helped their class a lot by bringing in a profit of \$123.25. This was about the same as compared with last year. All in all, both classes are pleased about the profits, and the efforts that were put into making the projects go over.

Dr. and Mrs. Russell M. Atchison attended the Michigan State Medical Association sessions last Thursday and Friday at Grand Rapids.

Grade Notes

Miss Gertrude Witt's fifth graders are making projects in social studies. This is a combination of geography and history. They are studying about different explorers. They have started a Room Club where their main aim is to keep the room clean and orderly.

Russell Sheda's fifth and sixth graders have been studying papers in their art class. At the present time they are working on a paper show for the upper grades. The scores they are studying are "Allegory" and "King of the Court." Mr. Johnson brought in a picture and several other pictures for the class project in drama.

Miss Jeanne Harroun's fifth graders have been studying in their art class. They have been studying a picture of a man and a woman. They have been studying a picture of a man and a woman. They have been studying a picture of a man and a woman.

The boys in Miss Wheeler's shop are helping the town. They are making things that are useful. They are making things that are useful. They are making things that are useful.

Miss Moore's eighth and ninth graders are studying in their English class. They are studying in their English class. They are studying in their English class.

Miss Tonia Palmer's English class has organized a club called the "Bookworms." They are studying in their English class. They are studying in their English class.

By the way, if you happen to see a change in the hair do's of some of the ladies around the school, the inspiration probably came from Miss Grace Lowe's Home Making class. It seems to be part of their study.

If you had been at the football game Friday, you would have seen seniors selling candy. This profit will help earn more hours for Washington. You will see them at a stand every home game. It was arranged by Don Bernard that over a dozen boxes of candy were sold along with pretzels and potato chips. It seems that each one of these was a favorite.

Biology Club Names Officers for School Year

Laura Jean Litsenberger is President; Miss Gladys Ludwig Sponsors Group. The Biology Club had its first meeting in Miss Gladys Ludwig's room Tuesday. Laura Jean Litsenberger is president; Dorothy Trapp, secretary-treasurer; Lillian Schoenberger vice-president and Miss Ludwig sponsor. Discussion was held on plans for the club is open to those who have had one year of Biology or are taking it now. Due to the great number who want to join it, it has been voted on that each pupil write a paragraph on why he wants to join. The ones who write the best ones will become members. This also was organized for the first time last year. They hope to get more done this year.

Senior Sketches

Bob in Amherst—died in Amherst—died in Amherst—that is what they say about Aray Lowell and that seems to be the plan of one of our senior students, namely Ed Edythe. Edythe is very busy of her school work. She is very busy of her school work. She is very busy of her school work.

Miss Tonia Palmer's English class has organized a club called the "Bookworms." They are studying in their English class. They are studying in their English class.

By the way, if you happen to see a change in the hair do's of some of the ladies around the school, the inspiration probably came from Miss Grace Lowe's Home Making class. It seems to be part of their study.

It was arranged by Don Bernard that over a dozen boxes of candy were sold along with pretzels and potato chips. It seems that each one of these was a favorite.

more year, she belonged to the club known as S. P. Q. R. Now she is a member of the French Club. The junior Kings Daughters, to whom she has belonged four years, claims Edythe as president. This active life will turn to college next year. Soon she hopes to satisfy a yearning to travel in the East.

Kenneth Rathburn announces that he'll have the 1942 Chevrolet on display today. Paul Bernstein returned Friday from a visit with his parents in Chicago. He is going to State this fall to complete work on his masters degree. Mr. and Mrs. W. H. White returned Thursday from a two-week trip visiting relatives in New York State.

The Northville Reading Club will hold its first meeting of the fall. Don't forget to come in and get season at 2 p.m. Thursday, Oct. 2, your free glassware with every purchase of 8 gallons of gasoline in the Northville Branch of the Wayne County Library. Mrs. E. R. Wilmeyer will talk about Wisconsin, Main and Wing Streets, Northville.

A POWER-HOUSE ON WHEELS

115 Horsepower IN DODGE 1 1/2-TON TRUCKS
120 Horsepower IN 1 1/2-TON SPECIAL

NEW DODGE Job-Rated TRUCKS

More Power! More Stamina! More Pull!

Power is the big need today—power for speed... power for pull... power to haul all types of loads quickly, efficiently, dependably, safely, and at lowest cost. Dodge meets this demand for power with great new superpowered 1 1/2 ton Job-Rated trucks... the greatest pulling power Dodge has ever offered in trucks of this size.

And that's not all! They have transmissions, clutches and rear axles of matched ability, brakes, springs and frames of matched strength and stamina. That's what Dodge means by Job-Rated—trucks that are built to fit the job and stay on the job. See us... today!

They Make a Living from the Lakes

Several thousand Michigan families get their chief support from deep-water commercial fishing. The state's yearly catch is valued at nearly \$2,500,000. Whitefish are still the prime delicacy of the Great Lakes, and command top prices, but their number has declined steadily. Today lake trout and lake herring lead whitefish in total value. Yellow pike, yellow perch and chubs also are commercially important. Fish must be kept iced from the time they are brought in, and there can be no delay in getting them to market. Fish companies keep track of the demand by telephone, to avoid shipping to places already well supplied. You can enjoy a supper of fresh-caught fish, straight from the Lakes, by merely calling up the nearest market!
