Lansing Oct. 2.—Another first for Michigan: Michigan newspapers, 345 of them strong, published daily and weekly, have sponsored the first all-media state committee for effective dissemination of national defense information. The Office of Civilian Defense at Washington has declared that the Michigan press program to be a model for general adoption by state councils of defense.

This announcement came today from the Michigan Press Association, newspaper trade organization since 1875, which made public statements of congratulation received from the White House, Secretary of War Henry L. Stimson, Senator William S. Knobell, Senator Arthur H. Vandenberg and many others, including Michigan congressmen.

In July, the newspapers took the initiative in sponsoring a non-partisan advisory group for the newly formed Michigan Council of Defense. All media are represented on an equal basis—motion picture theaters, radio, outdoor advertising, graphic arts, and periodicals. In addition, are several advisory agencies representing industry and labor, governmental public relations and advertising.

President's Secretary
Stephen Early, secretary to President Franklin D. Roosevelt, wrote:

"I congratulate the Michigan Press Association on its patriotic determination to put the whole weight of its influence behind the campaign for national defense. Freedom among our cherished freedoms is freedom of the press. Without that guarantee our other freedoms would languish and disappear."

The example of the Michigan Press Association is one which I hope will be widely emulated."

Secretary of War Henry L. Stimson in commanding Michigan newspapers said:

The coordinated efforts of your member publications will do much to assure a full public understanding of the defense program. The importance of Michigan as an industrial center makes your project of special interest at the present time.

Patriotic Public Service

Lieutenant Colonel E. Ernest Deputy, chief of the planning of liaison branch of the war department, declared that the Michigan Newspapers' move was a patriotic public service of high order.

You may be interested to know that while there have been no other similar groups which have perfected the formal organization of your association, quite a number of state press associations have been directing combined efforts towards the same end. All this is in the finest tradition of the American press, and is of particular value in this emergency.

Likewise, Senator Arthur H. Vandenberg sent commendations for its labors in arrangements which have been made by Michigan journalists to coordinate its labors in behalf of effective national defense. This is a real public service, and I congratulate all of you upon this fine enterprise."

Secretary Knows Lauds

Secretary of Navy Frank Knox, who served as president of the state newspaper association in 1934 while publisher of the "Sault Ste. Marie Evening News," wrote:

"I get the same satisfaction out of hearing about the fine cooperation of the Michigan press in our defense program that anyone gets out of hearing about a good job done by the people back home with whom he has lived and worked. I know, from first-hand experience of the fine tradition which Michigan newspapers are carrying on today. And I know, too, that at no time has there been greater need for such cooperative action on the part of the press than there is today."

Another excerpt: "Democracy depends upon the wide dissemination of information about our national problems and free discussion of the best way to meet and master them."

Knudsen on Reporting

William S. Knudsen, director of the Office of Emergency Management, put emphasis on "sound, thorough and objective reporting" in congratulating Michigan newspapers for their non-partisan stand. He wrote:

"The public depends in large measure upon the press for its understanding of the defense effort. Sound, thorough and objective reporting is of increasing importance in these days of national and international emergency."

"If the people know the facts, they will, as always in a democratic country, arise promptly to the defense of their liberties."

I hope that the (newspapers) concerned non-partisan effort to perform a vital public service of keeping American citizens ever better informed of defense activities will serve as an example to its colleague elsewhere."

Michigan Congressman
Typical of statements received from Michigan representatives to Congress is this comment by Albert J. Engel, Muskegon congressman from the Michigan ninth district: "The press is on firm ground when it offers to cooperate in the defense."

Apprentice Plan Offered for 4th Year in Village

School System Has High School Boys and Girls Working in Various Types of Industry While Earning Money and Credits

Coordinator Hired

When Earl J. Schmid of Detroit signed a contract this week with the board of education, the fourth year of the apprentice program began with assurance that the work would not have to stop because of the resignation of E. V. Ellison coordinator from the Northville school system.

The plan was started here four years ago by Mr. Ellison and some 15 high school boys and girls are enrolled in this one department, being employed in all fields of industry and business in the village.

Because school had already started when Mr. Ellison asked to be released from his contract, he accepted a position at St. Clair Shore.

It was feared for a time that the program would have to be abandoned.

Conferences with the State Educator Department led to the interview with Mr. Schmid who left the Detroit public school system to come here.

Expect Larger Enrollment

With 15 enrolled in the department now, it is expected that the group will grow to 20 within a short time. Some are employed as grocery, furniture hardware, meat, dairy and delicatessen store clerks. Others work in manufacturing plants. Secretarial positions are held by some. The plan offers the student an opportunity to earn money while learning a trade and continuing the experience with theory given in classroom work.

Mr. Schmid has his masters from Wayne University and his Bachelor of Arts from the Catholic University of Washington D. C. The student following his graduation will be placed in New York Preparatory for Juvenile Delinquents.

He also taught in New York schools for four years, returning to Detroit in 1937, because of the illness of his father. He has traveled through 40 states and Canada. He plans to get his Ph. D. from New York University in the School of Retailing. Director of the New York Club Cross Branch, Detroit.

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 96 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

EDITORIAL

Many new teachers have been employed by the Northville Board of Education this year, and we feel that all of the student body and townpeople should know them several years and seems to be enjoyed by everyone.

Starting this week we are going to bring to you through the Orange and Black a brief sketch of the lives of these beginners. Many of them have led interesting lives and we hope that you will find this new feature everyone exciting experiences that of interest.

Grade Notes

Miss Frances Robinson's morning children in kindergarten are studying the farm. Each one brought fruits and vegetables and they made a store. They have learned poems and songs about the farm also. The afternoon class made a farm in the sand table. They are making scrapbooks which pay approximately \$35 down and the remainder when they receive their pictures. Probably the beauty operators wish the girls would have their pictures taken more often. The Crane Studio of Detroit will take the pictures.

Miss Margaret Carpenter's fourth grade is making individual card boxes showing homes and life of Indians. They are drawing pictures showing the differences between the woods Indians, plains Indians and desert Indians.

Miss Mary Jane Smith's fourth grade is bringing in things pertaining to science. They are also studying Indians and making Indian dolls.

Miss Pearl Hench's third grade pupils have been making a playhouse the size of three orange crates. There are different rooms to furnish the rooms. One committee is selected for each room of the house, as follows: building crew, Dickie Gunnell; living room Marjorie Garner, front bedroom Lynn Sackett; kitchen, Thelma Gallenbach; back bedroom, Marjorie; dining room, Nancy Baker; bathroom, Phyllis Starr; landscape, Pat Austin.

New committees were elected to different tasks around the room at the meeting Monday morning to see if we could help keep the Citizenship club.

Norman Frid is absent from school because of illness.

Mrs. Carolyn Pratt's sixth grade has just started a Citizenship club. Art class they have been learning five different kinds of primitive American. New officers have been elected for the Citizenship club.

Elmer Lanning and Ford are the planning a tour from the Protection and the City Club. Donald Kitchener and Grace Ross are also planning a tour on the home.

Around the School

If you see the seniors all dressed up in their Sunday go-to-meeting on Monday instead of Saturday, you will know that something special is coming off. Well, as you know the seniors will have their pictures taken next Monday and Tuesday. The seniors will have to pay approximately \$35 down and the remainder when they receive their pictures. Probably the beauty operators wish the girls would have their pictures taken more often.

The Crane Studio of Detroit will take the pictures.

Miss Marshall Herrick's fifth grade English classes have been spending a session in their book boxes showing homes and life of Indians. They are drawing pictures showing the differences between the woods Indians, plains Indians and desert Indians.

English Classes Organize Club

Officers Are Elected at Picnic Held in Cass Benton Park

Monday, Charles Fahne's second and fifth hour ninth grade English classes formed an English club. They elected for their officers:

Margaret Ely, president; Dick Birne, vice-president; Shirley Lake, secretary; and Dorothy Steininger, treasurer. They have not yet decided on a name.

They held a picnic in Cass Benton Park Thursday.

Mary Jane Burgess was chairman of the committee for the picnic, which included Gwen Howell, Dorothy Leiterowich, Tom Hancock,

Marjorie McKeeague and Perry Graham.

Senior Sketches

More often than not you hear her called "Big Bongie," but her name is Florence Bongiovanni. She resides at 302 Verke's usually, but, as younger brother, Tom, sisters have been undergoing chicken-pox, she has divided her time between friends' homes. Born Mar. 10, 1924, "Big Bongie" is now 17 years old. Her main likes are clothes and cosmetics; others are dogs and boys. She spends many extra time and gets sewing, but she usually is busy as she works in the dime store and in the Cloverdale Dairy.

The outstanding event of her life was the time she fell out of her crib as a baby, and landed on her head. "Big Bongie" has been in the Junior play and was member of the Latin Club. New-York has been the destination of her travels several times. Her ambition is to be somebody, and we all wish her luck and hope for her success.

Teacher Sketches

Richard "Dick" Soners, N. H. S. softball teacher, was reared in Spencer. After attending high school he went to Indiana to attend Taylor University, here he received his bachelor of arts. Then he went to Michigan State for his bachelors in education. He is not surprised for a master's degree at Michigan State.

"Mr. Soners has the time of his life in his first job as assistant football coach for the team. He is a natural leader and has won many awards for his work in this field."

He has traveled throughout Northern Michigan in the recent 1 states including Ohio, Wisconsin, and Lower Michigan.

LeConte, Charles Fury and Neville Walker, gave explanations on different ways in which the team worked. Five men, and off track teams were demonstrated in the motion on the gym floor by members of the first and second teams.

The practice will continue to be led by Al Healy and Paul Jones.

Miss Grace Lowe, Homemaking II and III class, have organized a Homemaking get-together for the purpose of a social get-together and to learn what other schools teach in their Homemaking departments.

The first meeting was held Sept. 24. The election results were: Norma Houghton, president; Diana Sutton, vice-president; Lois Sutton, treasurer; Jeanette Clark, secretary and Myrna Hubard, reporter.

Miss Lowe is the sponsor of the club. Intentions are to join up with the State Homemaking club, then possibly the National club.

This club is open to those girls who have taken Homemaking and who are now taking it.
