\$1.50 PER YEAR IN ADVANCE

Lansing — Enemy bedfellows together in the latest anti-tax movement at Lansing are state and county highway departments. It is an unusual situation.

As a few sheriff's eyes the state police, so some county road commissioners have watched the state highway department at Lansing with envy and occasional antagonism. Like the Hatfield-McCoy feud in old Kentucky, the highway battle has been of long standing. Field marshals have been Louis Weber, better known as "Doc" Weber, for the county commissions, and the state highway commissioner — Governor Van Wagoner until recently and now state G. Donald Kennedy.

Because many upstate road commissions are Republican and the state highway department has been Democratic in personnel, the contest has taken on a political aspect at times—invariably on election days. That makes the present contest the more newsworthy to record.

Poor Motorist
Taxed by state and federal governments for years, motorists were recently given another defense levy of \$5 per year added to their state and local license and gasoline and oil taxes.

However, automobile sales are being curtailed by the federal government, all in the name of national defense. The excess tax has been doubled on new car sales. Automobile dealers aren't altogether happy about the whole thing.

Then came a dashing hero to the rescue, the Michigan Automobile Dealer's Association which proposes immediate relief to dealers and the motorist in the form of a \$14,000,000 slash in revenue to state and county highway departments. This saving would be effected by reduction of motor vehicle license fees for automobiles and trucks.

Extravagance
In the role of crusader as Frank Herrick, manager of the auto dealers' association, he has put the issue crisply in the following sentence:

"It is a command from the voters to reduce curtailment of government expenses."

Nelson D. Bratt, business manager of the Michigan Dealer's News, a division and son of Auditor General Vernon J. Brown, approved the tax cut plan editorially with this comment: "Michigan had roads before we got the right to provide \$65,000,000 a year to the state highway department. Michigan can still have an excellent road system if the expenditure is reduced to \$9,000,000 where it was much \$14. Only the people will be reduced."

Webber Sees Danger
Webber, executive director of the Michigan Association of State Commissioners and Engineers, thinks otherwise. The tax reduction proposal, affecting both state and county highway departments, was in Webber's opinion, an ill-advised plan that spells disaster for county road systems.

In Webber's view, the villain in the plot is Herrick, his fellow association executive.

Webber's argument goes something like this: County road systems spent \$12,000,000 a year less than they did in the 1920s, while the state highway department has about \$6,000,000 less, despite the fact that traffic has increased. Furthermore there are still \$15,000,000 of covert road bonds outstanding among the counties, and it will take at least six more years to retire them.

Add to this the prospect of a decline in gasoline tax revenue and automobile license revenue because of the defense curtailment of automobile production, and the license fee reduction would spell ruin for road-makers and road-keepers he insists.

And so when the auto dealers kill went before the state legislature, which reconvened last Thursday at Lansing, it met united opposition from both state and county highway forces.

Defense Neds

That the tax plan will be opposed by the state highway department under the leadership of Commissioner Kennedy is an obvious understatement of fact. It will be fought vigorously on a basis of constituting a threat to national defense as well as a blow to the tourist and farm industries of the state.

Keynoting the 1941-42 needs were addresses delivered recently by Governor Van Wagoner and Commissioner Kennedy before the American Association of State Highway Officials meeting in Detroit. "In addition to building highways serving our new defense industries," Kennedy is quoted in "The State Democrat," publication of the Democratic state central committee, "highway officials are now confronted with the gigantic task of coping with the tremendous rise in traffic brought about by the steadily growing industrial activity."

And there you have it: Good roads are vital to good defense; anything that threatens to weaken good roads will also weaken our defense. Such will be the answer. The flag will be waved again, and taxpayers will be exhorted to save the country.

Should the legislature decline to do anything about it, then the auto dealers contemplate the circulation of petitions for a referendum in 1942. You may have a chance to

Board 61 Needs 18 Men To Fill October Call

Four Are Slated To Go From
Northville; Industry Asks
for Deferral of Workers

To Leave Oct. 20

Thirty men were placed on the tentative list for army training to go from Board 61 in the Oct. 20 call.

Deferments Increase

This is 18 men short of the 48 man quota, but industry demands for deferments have cut so heavily into the group of potential army material that board officials cannot meet the request from headquarters. The board is suffering, too, from the withdrawal of the 28-year-olds and the older men.

Northville Listed
In the group of 30 slated to go, four are Northville boys. They are: Benny Andrew Zayil, Virgil Dale Brooks, Jack Earl Trickas and John Wooton.

Others scheduled to go are:

**AFL Swings to CIO
and Novi Equipment
Plant Opens Again**

Operations at the Novi Equipment company resumed Monday following a week's shutdown brought about by CIO and AFL labor differences.

The strike, called by the CIO faction, was halted after employees belonging to the AFL swing over into their camp, letting more than 200 persons go back to work.

Young was to have taken place Thursday night, Oct. 15, to name the labor leaders for the workers under the CIO banner.

Before the plant closed Oct. 6, the company had tried to operate, but picketing skirmishes which lasted for three days made it difficult for the AFL minority to get in and out of the plant.

And so when the auto dealers kill went before the state legislature, which reconvened last Thursday at Lansing, it met united opposition from both state and county highway forces.

O.E.S. To Observe 50th Anniversary Friday, Oct. 24

Charter and Life Members,
Past Matrons and Past
Patrons Are To Be Honored
in Masonic Temple

Committees Named

Fifty years of chapter activity is to be marked in a celebration Friday, Oct. 24, when the Orient chapter, No. O. E. S. observes its golden anniversary.

The occasion will present the chapter's history in review honoring the life and charter members, the past matrons and past patrons. Invitations will be sent under way at 4 p.m. that day in the Masonic Temple. This will be followed by a dinner at 6:30 p.m. with the evening's program starting at 7:30 o'clock.

Committees Are Named

Mrs. E. M. Bogart, worthy matron, and Charles Freydl, worthy person, will have their committees at work making preparations for the observance. They will be masters of ceremonies that night. Making up the reception committee will be the past matrons and patrons as well as the chapter officers.

Mrs. Roy W. Covell will have charge of the dinner. Heading the dinner room committee are Mrs. Merrill S. Sweet and Mrs. James Green. Mrs. Norma Nielsen, Mrs. Jeannette Malmberg and Mrs. R. H. Bailey will do the decorations of the temple. Tickets will be the responsibility of Mrs. Ralph L. Hasell. All reservations are to be made to Mr. Archie Kerr or Mrs. Dorothy Cook and Mrs. F. C. Moore, five chairs of the program.

Five Charter Members

Five charter members to be honored at the anniversary are: Mr. L. A. Baldwin, Mrs. W. G. Young, Mrs. F. P. Simmons, Mrs. W. H. Clark and Bert C. Stark. The full list of life members includes Mr. L. A. Baldwin, Mrs. W. G. Young, Mrs. F. P. Simmons, Mrs. W. H. Clark and Bert C. Stark.

Perhaps they will make us all better understand the democracy and races in our community, and to all Americans.

On Friday of the No. O. E. S. festival there is a question of questions concerning Central and South America. The questions will be personally answered by our columnists.

James Lawrence Carrick from Burning Home After Other Family Members Are Safe

By Charles E. Hutton

Burns suffered in a house fire partially destroyed his home Thursday, Oct. 14, last week, proved fatal to James Lawrence, 29, of 4701 Josephine drive, Walled Lake, Saturday night at St. Joseph Mercy Hospital.

Lawrence was rescued from the burning by his wife, Dorothy, who took him to the hospital. He laid out his body into the house to help extinguish the fire, after having removed other members of his family. He was overcome by smoke and severely burned before he could be reached.

Lawrence was employed by the Chrysler corporation, and had lived in the vicinity of Pontiac most of his life. He was born in Arcadia.

Surviving are his widow, Dorothy; an infant daughter, Shirley Ann; his parents, Mr. and Mrs. James R. Lawrence; three sisters, Mrs. John Soderberg, Mrs. Herbert Sanberg, Mrs. John Kocky; two brothers, Putney R. and Wesley J. Lawrence; a half-sister, Mrs. Bea Stevens; and a half-brother, Clayton G. Stevens.

Mr. Lawrence was introduced to Mrs. Helen Shaw.

In Peaceful Novi

The peaceful and quiet loving people of Novi have witnessed during the past ten days the growing pains of industrial activity. They have seen things that heretofore they have only read about and glanced at in the headlines of the metropolitan papers. Gas pipe, roofing nails, broken bottles, assault of persons, loss of ten days pay, and all in the name of jurisdictional control of a plant employing 225 people.

People in and about Novi have really seen things—they have evidence of conditions of industrial strife that 20 years ago would have been thought exceptional; but we are sorry to say today are the common thing. Law and order, property protection, individual rights, right to work, to barrack the highway and a thousand other things seemingly basic to American freedom and rights and protection have gone with the whirl of the New Deal and New Day.

Strong armed squads control; peaceful citizens dare not oppose, and the state police are scared to come into the picture until they have orders from the big shot at Lansing. We laugh when we see the big policeman soak a poor farmer \$4.00 for a tail light that just burned out, and then keep out of sight and wait for "ironcoming orders" to enforce law and order in and about a small industrial plant. What a shame that laborites are so controlled by strong arm squads, that the law and order group must silently endure. Thirty union pickets with gas pipe and tacks and bottles are apparently the law, and if not—pay your own hospital bills.

Yes, and our good friend Postmaster Van Atta calls our attention to the fact that the impulse dropped a figure out of the Defense Bond sales in Northville. So as our defense we take the offensive and give the right figure which should have been \$31,212.50 Over a thousand dollars per capita of the village—not so bad for us poor folks. If every community did as well per capita, think what the sales would be—120 million people did as well per capita, think what the sales would be—120 million people too big for us to comprehend—maybe it is bigger than the national debt, but we wonder...

We have heard over and again the words of Julian Gilbert Holland's immortal poem, but today we feel that it is particularly apposite.

"God give us men"

The time demands strong minds, great ideals,
Gritty faith and willing hands;
Men whom the lust of office do not kill,
Men whom the spoils of office cannot buy,
Men who possess opinions and a will,
Men who have honor,
Men who will not lie; Men who can stand before
a demagogue and dam his true heroic nature
without winking;
Tall men, sun-crowned, who live above the fog,
public duty and in private thinking.

• 7235 Handicapped Children

The 1940 school census report showed a total of 72,53 children in the age group from birth to 21 years of age who are physically handicapped. Of these 5065 were classified as crippled, 1182 as deaf; 794 as blind; and 193 were not classified. Of this number, 1347 crippled, 173 deaf, and 152 blind were reported as not attending any school.

Surely this condition challenges the imagination and the appeal of the Easter Seal Sale, as sponsored by the Michigan Society for Crippled Children.

News from Walled Lake

By CHARLES E. HUTTON

Mr. and Mrs. William A. Mercer narrowly escaped injury Sunday morning when their airplane, piloted by Mercer, failed in a take-off attempt from its landing field just outside the village, and crashed into a fence.

While the field is improvised for plane use and relatively small, Mercer had experienced no difficulty

theretofore, in its use. He explained that the crash was probably the result of his misjudgment of the distance traveled while picking up speed. A broken propeller was the only damage sustained by the plane.

Wellington E. Coe was the victim of an automobile accident Saturday, when the car he was driving was side-struck by one driven by

L. K. Dahl of Detroit. The crash occurred on the Dixie highway, at Pontiac. Coe was uninjured, according to reports.

Mr. and Mrs. Fred German announce the marriage of their daughter, Grace, to Walter Siera of Detroit. The marriage took place Aug. 27. The couple are graduates of Michigan State Normal College where Mrs. Siera starred in football. Mrs. Siera was a Walled Lake high school graduate.

Dr. O. R. MacKenzie underwent an operation at St. Joseph Mercy hospital last week.

A Halloween dinner, scheduled for Oct. 29, will be given by the Civic Welfare club at Stone Crest. Ticket sales are limited to 100.

Walled Lake may eventually become a fact again, as well as a name, enough people continue to build breakwaters. The latest to construct a sea wall is Harry Vreeland. It will be an extension of the wall built 10 years ago by the Carnes and Huttons. With the Vreeland section completed, there will be about 300 feet of breakwater at the waterline of the property affected.

Lloyd H. Green Post Auxiliary Plans Halloween Party for First Social Event

The calendar year for the Lloyd H. Green Post Legion Auxiliary got under way Tuesday evening with the newly elected president, Mrs. S. James Green, presiding at her first meeting in the Legion Hall.

At this time, plans were made for a halloween party for the Legion and Auxiliary, Tuesday, Oct. 28. It will be a costume affair or just as the individual members like. Mrs. C. O. Hammon of Salem is chairman of the evening, with Mrs. Francis Wilkinson co-chairman. The Auxiliary is planning its programs differently this year by setting aside the second meeting of each month for a social gathering. The group meets the second and fourth Tuesdays.

A district luncheon of importance is on the fall calendar. It's to be a courtesy for the state president and her secretary, Nov. 5. Mrs. W. H. Johnson, seventeen district president, will attend and she'll handle any reservations for other Auxiliary members who want to go.

The U.S. mission to Moscow was held in 1934. Major General was a member of the war department on behalf of Hitler's government. In 1937 he came to America to the report that Nazi tanks and trucks were of poor quality and that many of them had broken down on the roads to Vienna. This information report was immediately picked up by the British press, but could not be in the eyes of a U.S. military attaché. Today, Hitler's tanks and armored cars are still in modern warfare.

Mrs. Roosevelt's job

A friend of Mrs. Roosevelt came to see her at the White House to talk about the First Lady's new job in the Office of Civilian Defense. She was much impressed at Mrs. Roosevelt's grasp of the problems, but a little disturbed at the boldness of some of her plans.

So thinking of Director LaGuardia, the friend remonstrated: "If you introduce such bold ideas, what will the mayor say?"

The First Lady smiled. "My dear," she said, "I don't think the mayor will say 'No' to me."

NOTE—Mrs. Roosevelt cannot spend full time at her desk in the OCD and during her absences, the job will be held down by her good friend Mrs. Henry Morgenthau, wife of the secretary of the treasury.

MEERRY-GO-ROUND

Washington, D. C.

DELAYS TO RUSSIA

There were two basic reasons for the slowness of the U.S. mission to Moscow in sitting down at the conference table with Joe Stalin. One was the technical difficulty of the flight across Germany. The other was China.

The flight from London to Moscow is not the easiest thing in the world, since about a thousand miles is across enemy territory. The British bombers which make the flight use as much of the night as possible over German territory and also go up to tremendous altitudes.

The U.S. mission to Moscow also had to fly in sections—three different planes, flown on different days, with the time of departure kept a dark secret. And the last section was delayed in London.

The Chinese delay of the mission to Moscow occurred before Averell Harriman left Washington, when it was proposed that China, nearest friendly neighbor to Russia, should sit in with Harriman, Stalin and the others.

But the state department objected—and for a highly unexpected reason. Appearance-minded diplomats inside the state department claimed that a Chinese mission to Moscow would offend Japan. The United States was trying to woo Japan away from the Axis, they argued, and so nothing must be done to rub the Japanese for the wrong way.

In the end Japan reaffirmed its partnership in the Axis, but only after the U.S. mission to Moscow already had started, also after Nazi victories in Russia seemed on the up-grade once again. So the appearance policy of the state department got nowhere.

NOTE—Key to Japanese policy of friendship with the United States of allegiance to Germany always was the barometer of Nazi military success. If Hitler is winning Japan will stick by him, and if the U.S.A. looks stronger, it is vice versa.

THE ORANGE AND BLACK

Edited by the Journalism Class of Northville High School

EDITORIAL

So far this year, as you all know, the weights taper on down to 115 pounds.

A lot of credit goes to Neville Walker, Gordon LeCronier and Charles Pink. With these three coaches working together they surely turned out a good, hard-working team. The players have learned how to overcome the handicap of weight to bring home 3 victories in a row, a record that we have only one such player, Myron Utley who tips the scales at 220 pounds. From 220 pounds member what he has taught us.

Around the School

In last week's writeup of the Bedford Union and Northville football game Ray Hartner was given credit for the extra point which rightfully belonged to Jim LaRue. So sorry, Jim.

The Mustangs will meet the Van Dyke team on our football field at 3:30 p.m., Thursday, Oct. 23. Let's all get out to see it.

On Tuesday and Wednesday of this week Neville Walker substituted for Mrs. Ida B. Cook in Junior High while she was in Grand Rapids.

Friday, Nov. 21, has at last been chosen as the date for the Senior Prom. The Orchestra Committee had its first meeting Tuesday morning. The Committee consists of Bob Vogtlin, chairman, Mary Hollis, George White, Phyllis Jones and Yvonne Taylor.

The first official Hi-Y meeting of the year was held Tuesday Oct. 14. It was held in Room 25 in the high school. New officers were elected for the coming year. A good turn out of boys was reported by G. V. Harrison.

Tuesday, Oct. 14, the Northville Teachers' club met in the Grace School Library for their regular second-Tuesday-of-the-month meeting. Ursie Lee was in charge of the program, a musical.

Inasmuch as Tuesday mornings at 8:15 are the days and hours for regular Student Council meetings, "Smitty" Schultz has resigned from his duties as alderman. His working hours at the Men's Shop prevents his attendance at the meetings. The Senior Gym room has elected Ray Hartner to be his successor.

For the past week if you were in the assembly you saw the girls studying history. It seems that Donald LeCronier, U.S. History teacher, gave a special lecture covering material they had studied since the beginning of school.

The students received their report cards today and you should have seen their faces. Some were smiling and others weren't quite so happy. But the results resolved to make for their next marking period.

The Homemaking H.I.C. held tea for members of the Club Tuesday morning during first hour.

The junior class held a meeting Friday morning, October 10, and appointed three committees. On the play committee are Jean McCollough, Gloria Curtis, Lois Sutton, Eleanor Kirschner and Dorothy Orr as chairman. On the hour committee are Wallace Reid, Kar Stevens, Irving Baker, Norman Hickock and Bill Johnston as chairman. Henry Lester, Lois Church, Dorothy Trapp, Delores Mix and Lois Lloyd were appointed to find the ones who are to sell magazines. The junior class set the date of their play to be Dec. 11 and 12.

Miss Ruth Knapp, the school nurse, has placed a bulletin board in the lower hall. This very fine board was made by Don Kreger and George White in advanced shop. The board last week displayed a series of articles on colds and how to avoid colds. This week the articles are on the care of the eyes. Every week new articles will appear.

Five girls from the journalism class went to Detroit, Friday, Oct. 10, after school to visit the Service Engraving Company. The group included: Mary Hollis, Phyllis Hubbard, Marcella Pink, Alice Smith, Gladys Clark and Mrs. Marshall Herrick. Their purpose was to look over school annuals to get ideas on how to make a bigger and better Palladium this year. As usual the journalism class will assume an important part in making the Palladium.

Another 1942 Contest

Another lively scrap that is looming for the 1942 campaign is the challenge delivered by Michigan Young Republicans in a recent state convention, calling for united support of President Roosevelt's foreign policy and an end to isolationism.

The "Stay out of war" policies of many Michigan congressmen may be put to a popular test in 1942 when many of them will run for re-election.

Michigan's parade of events includes varied and brilliant fireworks in 1942.

of the largest events of the Trials.

With John Wallace, Miss Trueblood both on Truemor farm horses,
won the pals or numbers event
crossing over the entries from Boston
farm.

William Frank and Joe Bridge
made up the winning team in the
three hunters, with Dr. Armer, Fred
Jr., and Ruth Armer placing second.

The final event of the trials, the
handy hunters, was won by Fred
Armer Jr. on Sweet Ester. Mr.
Bridge's Ginny Canuck was second
with Betty Mary Herzog's Playboy
third.

"More milk, more eggs, more pork" is the food-for-defense appeal
being made to American farmers by the U. S. Department of Agriculture. Farmers are responding unifiedly, the Department says, and
are turning huge quantities of feed from the AAA Ever-Normal
Grazery into energy-giving foods. Milk production is highest on
record; egg production is higher than in any year except 1930; extra
numbers of brood sows are being held over for fall farrowing. Never-
theless, the Department declares, even additional increases in these
products must be made to supply the growing home demand and the
emergency needs of Great Britain.
