Lansing—Conflicting economic forces are now converging on non-metropolitan cities and towns of Michigan.

Their movement has been accelerated by the deterioration of the Russian military front and a consequent realization of American leaders of the gravity of the production job facing the United States.

Like armies in head-on conflict some of today's economic forces are positive, others are negative, in their ultimate effect.

An over-all picture of what is happening on Main Street today may be put together, jigsaw fashion, from the segments which are at hand. While the picture is not complete, the focus is clear enough to justify comment.

Shortage of Supplies

One negative economic force that threatens the life of small towns is the growing shortage of raw materials needed for manufacture of non-defense products.

This bottleneck is the inevitable result of an attempt by this country to accomplish in a few years what Hitler did in seven years.

What we have the capacity to do it is generally conceded; that we are falling down in attaining our maximum potentialities is also widely admitted.

The lack of supplies for factories now engaged in non-defense production was recently recognized by Governor Murray D. Van Wagoner, when he testified before a congressional committee in Detroit, as follows:

"Unless this present starvation now facing our small industries is relieved, Michigan and the nation face economic chaos within three months which will bring about an economic problem far worse than the depth of the last depression."

Priorities Muddle

Why this shortage of vitally-needed supplies? you ask.

In our present transition to an all-out defense basis shortages are taking place for several reasons:

1. Actual shortage of raw material. Not enough copper, steel, aluminum or other urgently needed metals to meet needs of both defense and non-defense industries. Consequently priorities favor defense and at the expense of non-defense.

2. Hoarding of materials induced by fear. C. E. Wilson, president of General Motors, recently declared before a Congressional committee that "people are getting steel who will never need it in mind for months."

3. Poor planning and maladjustments, in priority get-togethers.

The National Association of Purchasing Agents in its latest bulletin pointed out, Undoubtedly there are hoarded supplies on hand in many places and attempts will be made to smoke them out."

A steel trade review also revealed that "flag of victory claims is having the effect of causing undesirable duplicate storage off books and the existence of some large inventories is revealed."

Board of Small Industries

If small cities cannot obtain needed supplies with which to continue production schedules then the closer becomes a temporary and perhaps permanent shutdown with resultant unemployment of many workers or a transition over to production of defense goods.

Governor Van Wagoner believes that Michigan's industrial capacity has only been partially tapped by the government; that the state could produce 50 per cent more for defense if energies of small industries were utilized.

Threatened unemployment may be eased temporarily, he feels, by distributing work to all employees in hard-hit industries or a shorter work week basis, say 32 hours instead of 40, and so on, and also by assistance of unemployment compensation for 18 weeks at \$6 a week.

He also has pointed out that migration of workers into Michigan from other states will only accentuate the unemployment problem here.

What to Do

This pinching shortage of materials has inspired Washington to create another alphabetical clearing house, the Supplies Priorities and Allocations Board, known as SP&A, with Donald M. Nelson (former Sears executive) as executive director and Floyd Odum as angel No. 1 to whom small business must look for relief.

Odum intends to do something about the situation whereby 56 corporations, such as General Motors, Ford, Packard, Chrysler, and Hudson have received 75 per cent of defense contracts.

In getting its tremendous armament program under way quickly, it was logical for the government to go first to the big manufacturer. Thus the Ford Motor Company is not only completing a plant to make Pratt & Whitney motors, now nearly ready for production, but is building a gigantic new plant near Ypsilanti for making 75 bombers and 100 sub-assemblies each month.

Defense Director Is First Lecturer on Winter Series

William E. Stirton To Give Public Talk at 8 p.m., Friday, Oct. 24, in High School, Sponsored by Woman's Club

Series Announced

William E. Stirton, director of vocational education, National Defense, will give the first of a series of winter lectures sponsored by the Coordinating Council when he appears before a public audience at 8 p.m. Friday, Oct. 24, in the high school auditorium.

The council, made up of all the organized groups in Northville, as well as the churches, will be responsible for bringing to the school platform the other lecturers this season, each under the auspices of a specific group represented in the council.

Tonight's lecture is brought here by the members of the Northville Women's club. Mr. Stirton's topic will be "Education for National Defense."

Then, Nov. 7 and when will be the Rev. J. J. Hailfied's subject at 8 p.m. Tuesday, Nov. 11, when the Lloyd H. Green post will sponsor an armistice program in connection with the lecture series. This will be held in the Penman-Alen Auditorium.

The first lecture in the new year will be held Jan. 26, when Dr. Fritz Redl of Wayne University will speak at the initiation of the Moline's club. His subject will be "Medical Health of the Child."

The fourth lecture of the series is to be sponsored by the University of Michigan club, bringing Prof. James Pollock of the University here to talk on "Democracy in a World at War." Mr. Pollock has spoken here on several occasions and is favorite of Northville audiences. He is scheduled for Feb. 18.

Following him will be a lecturer to be announced sponsored by the Northville Branch of the Women's National Farm and Garden Club.

Prof. Norman Hinde of Aerlan Coll. Adrian will talk on "England at War," April 25. He comes at the invitation of the Teachers' club.

Plymouth Optometrist Named to State Board

Among the appointments announced this week by Governor Murray D. Van Wagoner was the appointment of Dr. John A. Ross, popular Plymouth optometrist to the State Board of Examiners in Optometry.

Dr. Ross succeeds Dr. F. J. Tomczyk of Detroit.

Dr. Ross is well known in and about Northville and has built up an enviable reputation in his chosen profession. His work in the Dowling Foundation, and other worthwhile activities has endeared him to many people in and about both Plymouth and Northville who will rejoice in his deserved recognition by Gov. Van Wagoner.

Novi Township Votes on Edison Franchise

Over in Novi township a special election has been called for Tuesday, Oct. 28, to vote on the Detroit Edison franchise.

The polls will be open in the Town Hall from 8 a.m. to 5 p.m.

Qualified voters will vote for or against confirming a grant of franchise to the Detroit Edison company for the purpose of the erection, construction, and maintenance of towers, poles, mains, wires, pipes, conduits, apparatus, etc., required for the transmission and distribution of electricity for public and private use.

Directory Is Ready for Farmington Twp.

George S. Cotter of Farmington is the compiler and publisher of a new 1941-42 directory of Farmington village and township.

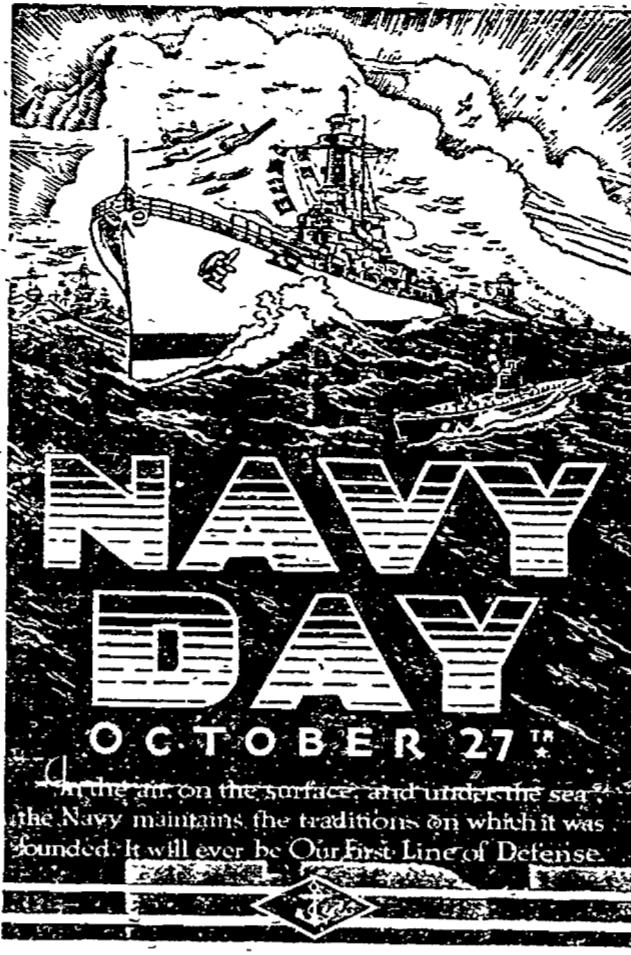

The directories are now off the press and ready for sale. In addition to the usual directory information published, Mr. Cotter has included a very valuable map of the township, as a supplement to the directory. Mr. Cotter lives at 22918 Maple, Farmington.

New Induction System To Be Used beginning with Non-member Quota

Of the 30 men sent in Monday, Oct. 20, to the army induction station from Beard, 61, 23 were sent immediately into army training.

The thirtieth man, Benny Andrew Zayis of Northville, will likely go within a few days, following his correction of teeth defects.

A new system of induction is to be used by the army. Twenty-seven men will be sent by the Board to the Detroit headquarters. Nov. 13, when the men will be given their second physical examination and then sent back to their homes. If they are acceptable by the army, they will be notified in plenty of time for them to arrange their business and personal affairs before going into service.

This means that the boys won't be quitting their jobs and selling their cars until after their second physical examination as has happened so many times, only to find that they have been rejected, explains Mr. Jolliffe.

• HAIL TO OUR NAVY

Along with other quality newspapers of Michigan The Northville Record has been selected by the United States Navy to carry its story and appeal to the people of this community. Young men of Northville will do well to consider the profession of National Defense.

Under present conditions the U. S. Navy has a real appeal to red blooded American youth. National defense as a profession offers a great deal... in fact more than nine out of ten of the professions. Especially is this true of the Navy—education, livelihood, travel, advancement, reasonable pay, and retirement renumerations that are unmatched.

The navy is going to be on the up and up for the next thirty years. If it isn't we are all out. Whims, and caprice of pacifist clowns does not reach the navy bringing starvation of appropriations, and sudden contraction or expansion. We are going to have the world's biggest navy—it will be the policeman of the world for all days that most of us will remember. What more honorable profession than the defense of our America! In War or Peace, as we see the next generation, the U. S. Navy offers something that no up and coming red blooded American youth can afford to ignore.

What a man does not what he feels, thinks, or believes is the universal yardstick of behavior.—Benjamin C. Loomis.

• FOR AMERICA I WILL

One of the recognized luncheon clubs of America has brought out a new pledge of loyalty to America, its constitution and its flag, which we think very appropriate for these columns during Navy week. Distribution of the pledge by the way, is a fine bit of patriotic work. This is the pledge:

For America I will:

I will be loyal to America and to American Institutions.

I will uphold its Constitution and its Government.

I will be proud of its traditions and its ideals.

I will defend its flag wherever it may fly.

I will conduct my business honestly and fairly.

I will respect the rights of other men.

I will be patriotic, courageous, optimistic.

And this is the agreement for making such a pledge.

"This is my country; Here I have received my education, and my training. Here I have built my home. Here I have reared my family. Here I have earned my livelihood. Here I have invested my money. Here I have made my friends. Here I—and thus I live—will live and work and play and die."

"Because this is my country I mean to stand by it. I mean to support it in thought, in word and in deed. I mean to give it the best that is in me. Its strength is my strength. Its prosperity is my prosperity. Its future is my future."

"My country and I are one. Our interests are inseparable. We will rise and fall together. That here, this is my pledge.

For America I will—"

That certainly applies to everyone of us.

Our "I will" should be strong and emphatic—Gailie Evening News.

• A BIRTHDAY TO REMEMBER

October 27, Theodore Roosevelt, the president of the United States, 1901-1909.

AMERICANISM... Theodore Roosevelt

"Americanism means things. It means equality of rights and, therefore, equality of duty and of obligation. It means service to our common country. It means loyalty to one flag, to our flag, the flag of all of us. It means on the part of each of us respect for the rights of the rest of us. It means that all of us guarantee the rights of each of us. It means free education... freedom of speech and thought and equality before the law for all men..."

Let's all celebrate Navy Day next week by helping some young man to see the opportunities that are his for the asking.

HOLDS AND SEALS FOR A Longer LASTING PAINT JOB

LOWE BROTHERS HIGH STANDARD PRIMER makes the complete painting job last longer because it holds and seals due to controlled penetration. It minimizes the danger of peeling, scaling and cracking. Being practically non-absorbent it affords "ooth" or "grip" for the following coat. It seals all surfaces and is ideal—

FOR BOTH NEW WORK AND REPAIRING

1. It "holds fast" and seals the old surface to be painted—both new work and repairing.
2. Controlled penetration defeats absorption and makes a perfect foundation for fresh coat.
3. Most of the oil in the second coat is absorbed by High Standard Primer.
4. There is no weakening of the oil film.
5. The danger of paint failure is minimized.

Washington MERRY-GO-ROUND

BY DREW PEARSON & ROBERT TAFTEN

Washington, D. C.

AN INSIDE STORY.

Word trickling back to the diplomatic corps from Germany indicates that Hitler is beginning to realize that the United States means business, and that he made a tragic mistake in not accepting the advice of his more conservative diplomats who warned him of this in the first place.

In fact, the inside story, which now can be told, is one of the most tragic of the war. Possibly if it had not been for overweening personal jealousies the war might even have been prevented.

What happened was that when Hans Dieckhoff, German ambassador to Washington, returned to Berlin in 1938, he brought back a strong report that the United States would enter the war eventually if Germany became the aggressor. He was ready to warn that Germany faced a repetition of 1917-18. But Foreign Minister Von Ribbentrop would not let him see Hitler.

Ribbentrop, probably the most

ambitious man around der Fuehrer and a great friend of Himmler, wanted to be the funnel for all ad-

vice going to Hitler. Also he was

feeding him his own kind of aggres-

sive advice, not the cooling cau-

tion of Ambassador Dieckhoff.

In the same cautious school with

the ambassador were Baron Von Neurath, recently ousted as gover-

nor of Czechoslovakia because of

his moderate views; Heinrich Schacht, governor of the Reichsbank, now in virtual retirement; and Capt. Fritz Wiedemann, Hitler's former commander and more re-

cently consul general at San Fran-

cisco. Even Field Marshal Goering was much more moderate than

Von Ribbentrop.

Czech Purish Delayed.

It was Captain Wiedemann, who

around May, 1938, chiefly persuaded

Hitler not to invade Czechoslovakia.

He was then Hitler's military aide

and attended a meeting of der

Fuehrer's inner advisers at which

general staff advised caution. Gen-

eral Hitler, exasperated, threw up

his arms and ordered them all out of the room. But Wiedemann stayed be-

hind, and finally persuaded his chie-

fs to delay the march into Czechoslo-

vakia at least until the fall of 1939—

which was done.

Later, it was Wiedemann who

maneuvered who persuaded Hitler to

receive Chamberlain and Daladier

at Munich. But by this time it was

too late for Ambassador Dieckhoff

to tell his story.

Ribbentrop never forgave Wiede-

mann for this. Also his own ambi-

tions would not permit his rivals to

Hitler. So, shortly thereafter, he

got Wiedemann banished to a disre-

ctable and relatively unimportant

German consulate in the U.S.A.

Later when Wiedemann was de-

ferred from this country, it is re-

corded that Ribbentrop once said

he transferred him as far as pos-

sible from Berlin. This time to New

York.

The Foreign Minister of Ger-

many no longer moderation.

ANYTHING CAN HAPPEN

Don't be surprised if a U. S. ship

disembarks a load of Nazi

enablers and turns them over to the

justice department to be tried in

charges of "piracy."

It is even possible that in the

"haul" may be an armed Nazi raid-

er or two that had been operating

down Brazil way.

Anything may happen these event-

ful days since the President enunci-

ated U. S. determination to main-

tain freedom of the seas. And

branded Nazi submarines and sur-

face raiders in American waters as

"pirates." Armed Nazi ships are

growing American waters and the

U. S. navy has its orders.

It can be revealed that neither

the justice nor war department

would be surprised if they had some

"pirate" seamen and "pirate" craft

to deal with soon. Both have been

quietly studying for a week the law

and precedents concerning such an

eventuality.

The war department enters the

picture because under the law all

war prisoners landed on U. S. soil

come under custody of the army.

However, the U. S. is not at war,

so there is doubt over the army's

jurisdiction.

No final decision has been

reached, but the consensus of the

legal experts is that any such

"pirates" should be turned over to

the justice department.

One suggested procedure is that

the Nazis be landed at a U. S. port

and then jailed by the justice de-

partment as aliens without pas-

sports. But most of the legal autho-

rities contend that the Nazis should

be dealt with squarely as buccaneers.

CAPITAL CRIME

In a direct membership election

the American Newspaper Guild has

overwhelmingly defeated the leftist

clique which for several years has

controlled the national offices of the

union. The entire group was cleaned

out and a militant anti-Red slate

elected.

Cordell Hull has a new car, a long

sleek limousine, but without either

radio or heater. Quoted at \$2,615

for the retail trade, the car cost the

government only \$1,800. Also gas

costs only eight cents a gallon.

The Rev. Dr. Howard R. Chap-

man is making satisfactory recov-

ery from major surgery to which

he submitted, Oct. 15, in the Uni-

versity hospital, Ann Arbor.

OBITUARIES

Mrs. W. O. (Kate) Allen

Funeral rites were held Monday, Oct. 13, for Mrs. William O. (Kate) Allen, who died Saturday, Oct. 11, at her home following a brief illness.

Last rites were held from her home, conducted by the Rev. Walter Nichol, pastor of the First Presbyterian Church, the pallbearers being persons who had managed her business affairs for many years: Julius Kaiser, Mania Blum, Harry Lush, John Won, Allen Bernach and Sam Strembeck. Burial was in the family mausoleum in Riverdale cemetery.

She is survived by a niece, Mrs. Claude (Sarah) Penman Burgess of Detroit; a grand niece, Mrs. Benjamin Stockwell of Detroit; a cousin, Miss Mary Conner of Plymouth.

With her passing, one of the strongest ties of the present day progressive city of Plymouth has been removed. Her father, E. J. Penman, had much to do with the early development of Plymouth.

Her gifts have been many. It is said that practically every church in Plymouth has received generous gifts from her. Too, the story is told of her giving gold wrist watches to all the men who served in the first World War from Plymouth.

Charles Elmer Mankin

Charles Elmer Mankin son of Alfred and Gertrude Mankin, was born in Fawn River (near Sturgis), June 20, 1889.

In this vicinity he spent most of his early life, later moving to Plymouth and Northville.

About 18 years ago he came to Salem upon the marriage to Mrs. Mary Hale. Together they operated the old Salem hotel, later opening the corner grocery store. He was also custodian of the school and Town Hall.

He died Wednesday, Oct. 8, after failing health for three years.

The survivors are: his wife, Mary; three daughters, Mrs. Pauline Clecker of Plymouth, Mrs. Gertrude Rankin of Brighton, and Evelyn of the home; two sons, Russell and Charles, Jr., of the home; and two stepchildren, Mrs. Donald Clement and Richard Hale; his mother, Mrs. Gertrude Mankin of Sturgis; two sisters, Mrs. Mabel Dutcher and Mrs. Eva Hayes; one brother, Harry of Brighton; funeral services were held in the Federated church, Saturday, Oct. 11.

Rev. Lucia Strotz and Rev. Cora M. Pennell, pastors of the two village churches officiated. The pallbearers were: Roy Speers, Myron Lyke, Ronald Lyke, Charles Ward, O. Hammond and Leon DuCharme. Interment was in Walker cemetery.

The School of Religion meets from 7:30 to 9:30 p.m., Monday. Dr. G. Enns of Plymouth, will start the first of three meetings presenting the world interest of the church.

The Rev. J. W. McCracken, director of Christian Education for the Presbyterians churches in the Detroit area, will have charge of the 8:15 o'clock fellowship period.

Saturday, Nov. 1, is "All Saints Day."

The women's organizations of the Presbyterian church are much pleased with the success of the annual Harvest Festival which they are, in a great measure to the generous contributions from interested friends. They wish especially to express their gratitude to the merchants of the town, to those who gave products from their fields and orchards, and to those members of this church, who as-

sisted so gladly in the work of helping.

18

Mrs. Margaret Eckhardt, now Mrs. Lloyd Walters, who has been in charge of the 4-H club work as County 4-H club agent since 1929, has resigned. Her resignation will be effective Oct. 31.

Meadowbrook Country Club Gives Banquet for Caddies; Special Prizes Are Awarded

Meadowbrook Country club held its annual caddy banquet Wednesday night, Oct. 22, at the club house, where club members, Board of directors and Pro Erne Shave made the evening an appreciative affair for the boys who worked at the club during the summer months.

The dinner was served by 12 young men members of the club. This was followed by the awarding of special prizes to the boys. Roy T. Morris, club president, named Noble Cunningham as the most deserving boy, giving him an appropriate gift. Andy Brodin also presented special "caddy" awards, one going to John Higgins of Northville.

Russell Shields, sponsor of the YMCA activities for the winter, talked to the 160 boys and club members, telling them of the club's plan to have 80 boys participate in "Y" recreational work this winter.

At this time Tommie Sheehan presented the trophy prizes to the winners.

Army Selectee Honored at Dinner Parties

A number of courtesies were tendered Stanley A. Taylor before he left Friday for Camp Custer, for army training.

Mr. and Mrs. Charles Taylor extended Sunday at a dinner which included Mr. and Mrs. Alvin Ernst and children, Delores, Kenneth and Kyle.

Another courtesy was a farewell party given at the home of Margaret Muir of Dearborn, where her fellow workers presented him with a camera and films. Beecher, Peck and Lois, employers gave him a large cake decorated with a soldier boy and gun, along with a replica of his office desk made of icing.

Other hosts have been Mr. and Mrs. Harry Ziese and daughter, Miss Orjean, entertaining at a turkey dinner.

Thursday, Mr. and Mrs. Alvin Ernst of Plymouth were dinner guests in his honor, entertaining him and his parents.

Word has been received this week from Stanley of his parents, he reports that he likes army life.

Fall Flowers Decorate Tables for Tuesday Dinner

A dinner was held Tuesday evening in the Methodist church house by Chapter 3, AFL of Maybury sancatorium, with a number of employees from Chapter 1, Herman Koenig, hospital present.

At the speaker's table were Albert A. Cobo, Detroit treasurer; Norman Naimark, Fred Kidman, president; Mrs. Fred Kidman, and Miss Bernice Smith, secretary-treasurer. Talks were given by Mr. Kidman, Mr. Naimark and Mr. Cobo, the latter reading on city government.

The dinner was prepared by the women of the local with Betty Contractors and O. Butler serving the coffee. Mrs. Samuel Gerstl arranged the table decorations using fall colors and flowers.

King-Nelson Engagement is Made Known

Mr. and Mrs. Eric Nelson of Plymouth, formerly of Northville, announced the engagement of their daughter, Marlene, to Gordon Stephen King of Glenridge, N.Y. No date for the wedding has been set.

Miss Nelson is teaching at North Branch, having been graduated from the Michigan State college last January, in the home economics department. Mr. King is also a graduate of State, having taken his work in forestry.

Mr. King is en route to Fabria Alta, where he has a position with the Firestone Rubber company.

Mrs. Marburger Is Luncheon Hostess, Wednesday

Mr. Harry G. Marburger was hostess Wednesday to the members of his bridge club.

Washington MERRY-GO-ROUND BREW PERSON ROBERT ALLEN

Washington, D. C.
GOOD NEIGHBOR CO-OPERATION

The United States is getting much better cooperation from some of our South American neighbors than has leaked out to the public.

When Portugal protested to the United States against Roosevelt's decree that limiting the seizure of the Azores be in friendly hands and that Brazil could not afford to see the islands taken by the Axis.

This message was sent which means that Brazil will co-operate with the United States if and when the time comes to occupy the Azores.

Argentina also has been more cooperative than ever despite the difficult efforts of our Rocky Mountain congressmen to prevent the importation of Argentine canned beef. Argentina's sentiment is overwhelmingly anti-Hitler and pro-Roosevelt. The Argentines are much stronger for Roosevelt than for the United States, and are their fingers crossed as to what may happen after Roosevelt leaves office.

Dakar and Robin Moor.

It is approximately one month, however, as White House advisers were agreed that the Azores were far more important than Dakar and the coast of West Africa. Dakar is the main supply point of the Afrika Korps.

Due to the invasion of Dakar, French leaders have been surprised as to what should do about it. To take Dakar from the French and to hold it against all comers would require more men than the 50,000 in the U.S. marine corps. It would require an expedition force from the regular army.

And while such troops are available, the bottom is to transport them across the ocean again. Once before, the U.S. has urged us to reinforce our own Atlantic fleet to assist our allies in Europe.

The situation of the South African is still very much in question.

CATHEDRAL OF AGRICULTURE

Paul H. Arp, City and County agricultural director of Nebraska, has made a definite trip to Nebraska to bring up a bill to the legislature making it a state.

The purpose of the trip was to get

what some agricultural friends

thought of the bill.

After luncheon the girls had their business meeting and decided to give Maxine Hess, who is moving to Walled Lake, a birthday and farewell party next week.

The meeting ended with the playing of games.

Mrs. Lois Hochiss of Seven Mile road last Monday.

Austin Ault was the victim of a slippery asphalt road Saturday morning. Accompanied by Mrs. Ault and their eldest daughter, Virginia, he was driving along the South Lyon road when the condition of the road caused his car to skid. He collided with a car driven by a young hunter from Detroit, and both cars were considerably damaged. At first it was feared Mrs. Ault had received a fractured leg, but x-rays showed only a bad sprain, which however will keep her off her feet for some time. Virginia Ault was much bruised and shaken up and Austin Ault was cut on the head with flying glass.

Mrs. Joe Ballman was treated to a "Happy Birthday" salute during the Social hour following the neighborhood song and gospel service in the Rev. Gordon Cameron's church Sunday night. At this place friendliness as well as spirituality is cultivated and a good laugh is always in order.

Miss Shirley Zwahlen, accompanied by Mr. and Mrs. Albert Grinwade of Farmington, were Sunday dinner guests of Miss Olive Grinwade at her apartment in Detroit.

Parker subdivision has a very good dog which for a long time has been a loyal Presbyterian. He is "Butch," a handsome pet belonging to the Fisher family on Mayfield avenue. Every since the Rev. Gordon Cameron came out from the Central Presbyterian church and began holding services in the neighborhood, Butch has faithfully attended every meeting. But recently while on sentinel duty in front of the little church a strange intruder appeared, from under the building, Butch growled and dutifully put the "little cat" to rout. Unfortunately, a fine group of Sunshine Sisters were also put to rout. For days every variety of deodorizer and disinfectant was used in and around the building, but only within the last week have worshippers at the little church been quite comfortable. Incidentally, Butch no longer appears on the scene. He is now a backsliding Methodist. Even immersion, Baptist fashion, do not change his new attitude.

Mr. and Mrs. J. R. McEwan of Detroit, were Sunday supper guests of Mr. and Mrs. Elmer Heichman. Mr. and Mrs. Albert Hall of Detroit, were Sunday dinner guests of Mr. and Mrs. William Sherman. Mr. and Mrs. Robert Berger and son, Robert, Jr., of Detroit, were Sunday afternoon guests of Mr. and Mrs. William Sherman.

ONE IN A MILLION

In most of Michigan's southern counties where corn is raised in abundance, hogs produce an important share of agricultural income. There are nearly a million pigs fattening on Michigan farms, and they will bring farmers upwards of \$10,000,000 this year.

In the telephone, the successful hog raiser has an efficient, modern helper. He uses it regularly to help turn surplus grain into profitable pork, ham, bacon and lard. He orders feed and keeps informed as to the trend of livestock prices by telephone. The same swift communication system directs the movement of pork products from packing house to meat market to home refrigerator. A two-minute call to the store will bring you fresh country sausage or crisp bacon for tomorrow's breakfast!

THE ORANGE AND BLACK

Edited by the Journalism Class of Northville High School

EDITORIAL

We haven't said much about assembly programs this year although they play a big part in keeping up the school's enthusiasm.

The committee in charge of the programs tries to suit the tastes of everyone by selecting a variety of types of assemblies—partly put on by the students themselves. All

the following Senior High students received A's and B's on their report cards for the first marking period. The Junior high list will appear next week.

The honor students from twelfth through the ninth grade are as follows:

Fifth grade: Edythe Amerman, Dorothy Congo, Janice Correll, Laura Litschberger, Shirley Musolf, Julia Politz, Leila Rossow, Dick Sampson, Robert Vogelin.

Eleventh grade: Betty Reward, Walter Sternier, Lloyd Wendl, Dorothy Trapp, Phyllis Knight. Joan nurse has completed checking the eyes of all junior high students.

Tenth grade: Eleanor Breitmeyer, Anna Flaherty, Suzanne Howell, Carol Reitzer, Catherine Rossow, Mary Lou Rebén, Tom Houghton, Mary McDonald, Carolyn Seilo.

Ninth grade: Jane Lanning, Edith Amerman, Jeanie Cooley, Hazel Kivell, Carol Holyrood, Joanne Kitchen, Dorothy Steininger, Mae Heintz, Beverly Hay.

The seventh grade has three new girls: Sheldon Williams of St. Ignace, Marjorie Boyd of Vanderbilts, and Betty Hoagdon of Plymouth, formerly of Northville. The eighth grade also has a newcomer, Collet Griffin of Ohio.

The "N-club" girls are proud to announce that the dance they gave last Friday was a success. Approximate credit goes to Miss Ruth Knapp's talk in Miss Hattie Marie Moore's home room on Tuesday. Miss Knapp, the school nurse, has completed checking the eyes of all junior high students.

Nancy Boyd is a newcomer to the sixth grade.

Mrs. Gertrude Witt's fifth grade had a Room Club meeting Monday morning presided over by Jean Freydl.

The fourth grade has been making plans for their halloween party which will be next Thursday. They will come in costumes.

The third graders had two visitors last week, Mary Ellen and Kathleen Miller from Stockdale and were the guest of Susanna Wilcox.

Mrs. Ruth Youmans' fifth graders are studying transportation and have made a road map.

Miss Alline Scott's second graders are planning on going on excursion to the woods to set up their winter garden.

Mrs. Jeanne Harrigan's first grade have a new student, David Bell. They have finished their pre-molars and have taken them to the dentist to be read to their parents.

Library Buys 8 New Volumes

Miss Disha Bratfield wishes to report eight new books in the school's library.

They are: Lincoln Library of Religious Information, Loon Feather, Next to Valour, Mystery at Penmarth, The Shoe Maker's Son, Lost World, Aviation From Shop to Sky, Nicholas Arnold, Toolmaker.

They are recommended stories and very interesting. Next week Miss Bratfield states the library will have some new magazines.

Crawford Suffers Arm Injury in Second Quarter.

Drouillard Subs for Him

Everyone knows by now the final outcome of last Wednesday's game but there are items of interest concerning it that deserve mention.

Our team met with good strong

assembly programs.

The game was off to a bad start when Farmington kicked the ball and Northville fumbled it with an opportunity there to recover it, making it first down for Farmington.

Some good plays were witnessed on Borges' all-time plowing through center and Beasley and Voglin making some extra fine tackles.

Crawford, on one 10-yard drive in the second quarter, made a hard tackle injuring his arm, and was replaced in the line-up by Drouillard. Ray Hartner intercepted a beautiful pass but very little gain was made.

Our real break came in the fourth quarter when Hartner received the ball again and ran 30 yards dodging beautifully to make the first scoring touchdown of the

DOES YOUR DAD BOWL?

We'll bet he is either a slick bowler of days gone by or one of the thousands of individuals extremely curious about the game. It will be a treat for both of you if you bring him along sometime. You'll enjoy it watching him get in trim again or learning it either way. And, there's no doubt but that he'll get a tremendous kick out of it. Lots of young folks bowl here regularly with their parents.

Navy Day October 27, 1941

Here you see a thrilling scene of American battleships in line. The day, our first line of defense, will help preserve the right "to traverse the high seas without hindrance," as pledged by President Roosevelt in collaboration with Prime Minister Churchill in their famous eight points. The pledge is not new for America. It is "the freedom of the seas" pledge given by Woodrow Wilson in 1917 and by President Madison in the War of 1812 and by President Adams in our undeclared naval war against France in 1798. "Proud as America has always been of its navy, it willingly scrapped many ships in a program for disarmament in the early twenties. But the world wasn't ready. For 18 years not a single warship of capital size was built by the U.S. Now America's navy is to be brought to greater strength than ever before. The battleship North Carolina was finished earlier this year. Others are on the

estimated at \$200 which was kept in an adjoining room. Flames spread so quickly that efforts of Walled Lake and Novi fire departments to save the building were futile.

Partially insured loss in building and equipment was estimated at \$350 by Ralph Shell and Willard Fowler of Holly who had recently leased the business to Mrs. Ellis after having operated it themselves the past four years. The building was owned by William Hunt and Bert Gee of Walled Lake.

(Continued from page one) addition there are free sports and entertainment - even to the latest Hollywood pictures. On top of this you get free travel and adventure in colorful places - things few civilians can afford.

When you consider the size of this country and the fact that the Navy will select only 15,000 applicants a month from many times that number throughout the United States, the question "Many are called and few are chosen" will apply to real young men interested.

Now men are a hard-to-keep lot. Candidates must be men of more than average intelligence and ambition of fine moral character and must have the written recommendation of at least two local contrapersons."

An NAV editor Mr. Considine just received from Washington a supply of free illustrated booklets for all men interested and in addition will welcome inquiries from any man who wishes to look into the new and greater opportunities the Navy now offers for training for future civilian careers as they serve their country now in its emergency.

When eight little boys went down to swim in the old swimming hole near Memphis they suddenly found themselves in deep water. The Mississippi had washed away a sand bar. Two of the rescuers were drowned. Harold Smith, 11, is shown here with "Poochie," a mongrel dog who saved the boy's life by dragging him out by the hair. The dog also saved "Buster" Jones, 9, in the same manner.

Some Pumpkins!

Pumpkins with faces! Don't you believe it?

Well, it's true. An agricultural wizard by the name of John Cz (and we do mean Cz) of Madison, Wis., is actually growing pumpkins that resemble anyone that Farmer Cz chooses to cultivate. Take a look!
